MISSIONARY BUTTERFIELD TO PREACH HERE SUNDAY

We want to urge every person who can to attend church somewhere next Sunday. Many are the burdens of the church and many are the trials of the christian life, but the joy and peace is much greater than all of the burdens and trials. Are you tired on Sunday? Come to church and forget everything but the worship of God and see if it does not rest you, both in body and mind, and to lift your soul closer to God. Try it.

Brother A. E. Butterfield, who was a Missionary to the Indians for nine years, will preach for us next Sunday at 11 a. m. Come and hear him. He is a good preacher and a great man.

Be at Sunday School at 10 a. m. Stay for the preaching service. Others attend church, why not you? Others ought to do so, what about your obligation to your community, your family, your church, and your God? Is it less than the other persons? Suppose everyone had done as some have done. Our churches of this town would all be closed. Come to our services if you can. You are welcome.

Don't forget to be there promptly at 10 o'clock for the Bible study.

NEW EDITOR IN CHARGE THIS WEEK

This issue of the Knox County Herald is the first under the new ownership and management. Having purchased the paper from H. B. Sweeney, Sam E. Smith of Lamesa is the new editor and owner. He will have associated with him, his wife, who will assist him in publishing the paper.

For several years Mr. Smith has been associated with his father and brother in the publishing of The Lamesa Reporter, which is owned by his father. He has spent his life thus far in the newspaper business and is well known in his newspaper fraternity. He announces a progressive policy for the paper, championing the causes of Knox City and her territory.

After making a survey of newspapers and towns in Texas, this city and newspaper was selected by the new editor as a place to cast his lot.

The new manager says there will be but few changes in the policy of the publication. It will continue to strive for the causes of schools, churches and civic organizations of Knox City and Knox county. It will continue to present the news in a pleasing and accurate manner. It will ever strive to keep its circulation to a complete coverage of the territory and make a newspaper that will be interesting enough to merit the splendid circulation that it now has.

Mr. and Mrs. Smith have an apartment in the home of Mr. and Mrs. J. W. Smith in the southeast part of town.

Mr. and Mrs. Sweeney have not announced their plans for the future as yet, but will probably have an announcement to make soon. They have owned the Herald for about three years and have many friends in this city and county.

NEAR TRAGEDIES OCCUR TO CHILDREN HERE THIS WEEK

During the past week the children of two Knox City families bordered upon tragedies to themselves.

The three McGee girls were spending the evening in the pastor's study at the Methodist church last Wednesday evening while their parents were guests at the supper given by Rev. and Mrs. Sharp. During his course of time the little girls found the gas hose interesting and managed to cut off the gas, later turning it on again without lighting the fire. Later in the evening C. C. Hoke, detecting the need of fresh air in the basement dining room, went to open a window and found the McGee children entering into a state of sleep and the open door. He assisted Mr. and Mrs. McVee in getting the children out into fresh air and a wake.

Edwards Children Take Aspirin

Missed by their mother, the two small children of Mrs. R. C. Edwards were found one day last week, one asleep from an overdose of aspirin and the other sick and vomiting from the same cause. The children had made their way into the room of one of the nurses and had found the box of aspirin. They believed the white tablets to be candy and ate them all.

Immediately Mrs. Edwards administered first aid to the children which warded off any serious illness.

Misses Hazel Jones and Mildred Dutton and Edmond Smith, all of Simmons University in Abilene, spent the Thanksgiving holidays here with their parents.

THE NEW HERALD

Friends of Knox county (we hope we may call you that), we present this week The Knox County Herald under new ownership and management. How do you like it? We hope we can make it such a publication that it will hold a warm place in your hearts, ever reliable and dependable for the news of this territory.

We believe a newspaper can be a town's greatest asset, or, it may be a detriment to the town in which it is published. It is our earnest desire to make it a paper for Knox City and county that will bring new life to the civic organizations of the community and new inspiration to the business enterprises that call this place home.

It is considered a privilege by us to be a citizen of Knox City. This city is more prosperous than many others, the crops are more plentiful than in some other places.

A newspaper is like a town itself. It cannot be made a success by one individual. It must have the concerted efforts of many—the more that co-operate in its publication, the more benefit all receive from it. Upon the reader interest of the paper depends the circulation, upon the circulation depends the effectiveness of it as an advertising medium and upon the amount of advertising patronage it receives depends the quality of the publication. So, when you, as a subscriber, give the paper an "hon. of news" are helping yourself by helping to make a better newspaper for you to read. When you subscribe for the paper you are helping the effectiveness of its advertising thereby increasing its revenue so that the publisher can send you a better newspaper each issue. And last, but not least, in the assistance you give both the newspaper and yourself when you, as an advertiser, place an ad in the paper. Upon this depends the very existence of the publication. When you thus increase the revenue of the concern, you make a better newspaper possible, thereby a greater reading interest and circulation and help your message to reach more people.

So, we earnestly solicit your cooperation in getting the news, paying your subscription and patronizing our advertising columns. Being new comers here makes it hard for us to get the news right at the start, therefore we want you to help us to make this paper one that will be an asset to all of this territory. We want to meet the people of Knox City and the farmers of this territory and invite you to come visit us in our office.

CALL AGAIN, GENTLEMEN?

The editor was pleased to have Mr. Kennedy of The Munday Times and Mr. Covey of the Gorey Advocate call on us Monday afternoon. We are always glad to have fellow-sufferers in the newspaper fraternity visit us, and especially were we glad to meet these two men. Call again, gentlemen.

A TEXAS TOWN THAT VANISHED

In the golden days of the cattle industry, when barbed wire fences were unknown, Senterfitt was one of the liveliest towns in Central Texas. It was a wide-open, active town whose saloons never closed, day or night except for funerals. Today few of the younger generation ever heard of the younger generation ever heard of the map.

For miles and miles around this now forgotten town the cattle ranges stretched away in grassy monotony, and under the boiling sun a man could ride all day without meeting a living soul. But in the town all was different. Here was the cowboy in all his glory. Scores of good horses stood tied to the hitching racks at the side of the Main street. Bronzed cowpunchers with blazing spurs and broad-brimmed hats swung along. Occasionally a pistol shot rang out.

Such was Senterfitt in the early seventies and until up in the eighties and such was the spirit of its inhabitants. Senterfitt did not live long, but it lived its life and died before the glory of those eventful days came to a close.

Today Senterfitt is nothing but a fading memory. The long row of

buildings of saloons and stores the ravages of the elements. Only with great difficulty can one trace through the tangled grass and underbrush the line of what was once the principal streets. In its palmy days a town of several hundred, it is now as deserted as the villages of which the great Goldsmith wrote.

Along in the early seventies Lampasas county's northern boundary line extended to the limit of Mills county's northern boundary line of today. In fact, both counties were then one. But the northern portion of the county objected. In order to prevent a division in the county, Rube Senterfitt, one of the first settlers of the section, who owned a large ranch near the center of the

district, had a townsite surveyed out of his ranch on Salt Creek. Soon the town was in the making and not long afterwards several hundred people had taken up their residence in the new town.

In the eighties, when the Santa Fe constructed its line, Lometa was established, and Senterfitt ceased to survive. Most of the inhabitants moving to Lometa.

Mrs. H. M. Jones and little daughter, Martha Jane, and Mr. and Mrs. Spikes are in Dallas this week with Mr. and Mrs. Dawson who are in the hospital the result of a car accident last week.

G. T. Hardberger made a trip to Lamesa Monday.

A Study....

...in Contrasts

The above scene is a graphic representation of the homes of two housewives—just before guests arrive for the evening meal. The woman at the left has been working in a hot kitchen all afternoon... nothing has gone off well... she is nervous, tired, irritable... and looks it. But the modern house-manager at the right is cool, fresh, lovely and unharmed. She has been away from home all afternoon, yet is ready to take a delicious, savory and attractive meal from her oven. Her meal will be an unqualified success... the success of the other housewife's dinner-party is extremely doubtful.

The difference is that the modern house-manager, at the right, has an Electric Range... The other housewife still cooks by old-fashioned methods!

You, too, should profit by the many advantages and superiorities of modern Electric Cookery. With one of the new General Electric Hotpoint Ranges in your kitchen you'll save money, work, time and food. You'll serve better, more healthful and more attractive meals. You'll be happy, cheerful and energetic. Take advantage of special prices and terms... TODAY! See one of our salesmen NOW. He will be glad to tell you the interesting and valuable story of Electric Cookery. There's no obligation, of course.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and costs only a small amount to your total bill?

Reconstruction

The most futile attitude that man can assume is that of surrender, no matter what the situation or condition may be... Regardless of losses, disappointments and seeming disasters... the job ahead is one of reconstruction. Individually and collectively we must start to build anew... and that means to dig in... This institution stands pledged to that end.

GIRLS BASKET BALL TEAM

The girls' basket ball team played their first game of this season last Tuesday with O'Brien. The score was 13 and 12 in our favor. The school is certainly proud of their team, and wishes them further success.

Mr. Cloud is coaching the team. Faye Hyde is the chosen captain. Mr. Cunningham, coach of O'Brien team, complimented Knox City by his remark that the team is almost one hundred per cent better than ever before. We hope so, because Knox City has had in the past some certainly victorious teams.

We're betting on the girls and hoping they carry away big honors in their games with Seymour and Sunset within the next few days.

Watch for Dec. 16—
 The third grade has three new pupils to begin school Monday. They are Alvin Roberts, Wilma Lee and Erma Dell Jeffry.

The senior class retires the loss of Clevis Lea who moved to Tullia, Texas.

Panny Farmer was absent from school for several days.

The senior class as well as the student body were surprised last week when it was announced that Stella Bradley had become the wife of J. B. Ferguson. We all wish them many happy days of married life.

The school had the first fire drill Tuesday morning during the third period. Both buildings were vacated in only a few seconds.

Jeff Graham is back in school this week after a week's absence due to illness.

Jocile Russell is back in school this week.

Quite a few students are "C" sick this week due to report cards having been issued last week.

The seniors are expecting their rings about the tenth of December. Who said there was not a Santa Claus?

Several football boys and coach Dean saw Munday defeat Rochester on the Munday gridiron Friday to the tune of 20-0.

The early part of the week found almost all the football boys recuperated from injuries, sickness and other causes of absences. Those that returned to be in the Knox City-Munday tilt are Donald Withrow, M. J. Lowry, H. C. Armstrong and Roger Hammock.

Ken Edwads had the misfortune Tuesday of rehurting his ankle that was broken in the football game with Rochester.

We Have No Alibi
 To the team that stands
 And never gives up hope
 But fights until the end
 Still victory is their hope
 Who defeated holds its head high
 Takes defeat like a man
 And manly, it gives no alibi
 Takes it defeat as best it can
 Our chance will come again
 And play we will our best
 For until we win a victory
 To us there is no rest.
 So bring your team next year
 We'll show you what we mean
 We'll win from every rival's throat
 A hardy, well earned cheer.

PEP RALLY

The high school and Junior high assembled in the study hall Wednesday afternoon, Nov. 23, for a pep rally before the big game with Munday Thanksgiving day.

Coach Dean had charge of the program as follows:

Speech from Ex-students, Elizabeth Deaver, Alvin Hamm, Lynn Wallrip, Chad Wilson, Mrs. Ray Thompson (Hallie Darr).

Speech from basket ball captain, Faye Myde.

Yells and school song given by Pep Squad.

Football players of former years speak, Charles McBeath, Lynn Wallrip, Chad Wilson.

Yells from Pep Squad.

Speech from Captain Panny Farmer.

Talks concerning the game from each football boy.

The rally was very peppy. Everyone who spoke expressed his enthusiasm about the game, the ability of the school and the team.

Every bit of the enthusiasm and pep that was expressed at the pep rally was put into the game and even though we were beaten in score we won in fairness and clean sportsmanship. —Editor-in-Chief.

Watch for Dec. 16—

Thursday, Nov. 24, the Knox City Greyhounds were defeated by the hard fighting Munday Moguls 7 to 0.

In the first quarter the Greyhounds held the Moguls to a standstill and on their offense they gained quite a bit of ground. In both the first and second quarters the game was played in the Mogul territory.

In the second half however, the Moguls who were in better condition than the Greyhounds, began to make gains through the center of the line. During the third quarter the Moguls had the ball on about the Greyhounds' 30 yard line and Acocik passed to one of his men, Hyde hit the ball trying to knock it down and he knocked it into the hands of West, another Mogul, who went across the goal line for a touchdown.

The Moguls on a fake play plunged across for the extra point. The game ended with the Greyhounds fighting, the Moguls trying to keep them out of their territory.

The Moguls by beating the Greyhounds won the Brazos Valley Conference, winning four games and losing none. The trophy for the winner was a large silver football. The Moguls also took the football with which the game was played, as a trophy.

The coaches and superintendents of the high schools in the conference will meet and pick an all conference team.

Watch for Dec. 16—

PEPSQUAD

During the first few moments after the Knox City high pep squad arrived at the gridiron the on-lookers thought something had caught fire. When the game started, however, everyone realized that fire could not possibly make as much noise as was coming from the direction of the red skirts which were worn by the pep squad. Not once during the game did urgent shouts of courage for the Greyhounds cease.

Studying the interval between the sixteen girls, all dressed in red corduroy skirts and blue sweaters marched out on the gridiron and formed the famous K. C. high "K."

The girls, after having finished their formation, formed a circle in the center of the field and gave an attractive yell. The pep squad then returned to the sideline where they supported their fighting team until the game ended.

the game ended.

Because of the illness of the leader, Jocile, an assistant, Wynell Edwards, was elected. Wynell fulfilled every qualification of a leader.

Everyone be sure and come to the very first game of next season because the pep squad is going to do everything in its power to make next season a more successful one than the present season.

WHAT WOULD HAPPEN IF?

Mr. Dean didn't drop some chalk in Geometry class. Jocile Russell wasn't late to school every morning. Reba Warton skipped a period in coming to the library. Beulah Dearing made below 90 on an exam.

Herbert Finley, Burris Teaff and Panny Farmer could not be heard when walking down the study hall. Miss Park told the "Gang" to stop talking. Lenora English talked as much as Mary Howell. Frances Evans weighed 98 lbs. The Green Creed did not say "thank you" every other word. Mr. Jay gave anyone permission. Helen Glover did not have a date every night. Addie Short (with her constant flow of words) could persuade — to talk. Donald Withrow could get a date on Sunday night. The Gang (Rowena Wall, Wynell Edwards, Jonell Robbins, Mary Lou Graham) all wore red dress to school the same day.

WHAT IS A NEWSPAPER

"The newspaper has become the public market place. Newspaper advertising creates the trade upon which the foundation of the community is laid. This is a social service known the new and better things of the highest order, for it makes known the new and better things of life, creates new desires, inspires people to work harder that they may be fulfilled, thus leading to a standard of living that is not equalled outside of America.

"Into this development came the newspaper. Producers, manufacturers, retailers—everyone with anything to sell—turned to the newspapers as the medium through which to reach a larger market.

"Newspaper advertising has become the voice of business. Through the newspaper the seller can tell his story to the millions—when, where and as frequently as he wishes at a minimum cost. No other medium of advertising has ever taken its place.

"This is not only a service to the manufacturer and retailer, but a service to the consumer—who learns through newspaper advertising when and where to buy and what to pay."

The demands made by a community upon its publisher are equal to or greater than those made upon men in public office. His aid is sought upon every conceivable project. He must spend at least half of his time outside of his own place of business, and must make everybody's business his business. No one ever asks a newspaper man if he has time to use it liberally in the interest of his town.

He is supposed to contribute to every project, assist in every activity, promote every cause and work for every public interest—but if he asks for more, the cry is raised: "Oh, yes, sure the newspaper wants to make money."

A newspaper is looked upon by many as a sort of a divine agency that God will care for it as he does for the lilies and the sparrows. Well, being neither, we can't say—but our experience has been that God helps him who helps himself.—Standard, Fairfax, Minn.

It's Always Fair Weather

Fifty and Fit

A MAN is as old—or as young—as his organs.
 At fifty, you can be in your prime.

Why go along with "fairly good health" when you might be enjoying vigor you haven't felt for years?

There's a simple little thing anyone can do to keep the vital organs stimulated, and feel fit all the time. People don't realize how sluggish they've grown until they've tried it. The stimulant that will stir your system to new life is Dr. Caldwell's syrup pepsin. It will make a most amazing difference in many ways.

This famous doctor's prescription is a delicious syrup made with fresh herbs, active enzymes, and pure pepsin. It starts its good work with the first spoonful. That's all you need to drive away the dullness and headache of a bilious spell, and rid the system of that slow poison that saps your strength. It's better than a tonic for tired bowels, and unlike habit-forming laxatives you can take it freely or give it to any child. And it isn't expensive.

Get some syrup pepsin today, and take a little tonight. Don't wait until you're sick to give your system this wonderful help. You can avoid those spells of biliousness or constipation. A spoonful every now and then is better than constant worry about the condition of your bowels, or fear of auto-intoxication as you grow older. Dr. Caldwell's syrup pepsin protects the system. All druggists keep this preparation.
