

Tennyson To Speak Here Saturday

State Representative Charles H. Tennyson of Wichita Falls who is a candidate for State Senator of the 23rd senatorial district of which Knox county is a part will speak in Knox City Saturday night at 8:30. It is anticipated a large crowd will be out to hear Mr. Tennyson discuss the issues of this campaign.

Mr. Tennyson is serving his third term in the House of Representatives from Wichita county having been elected in 1932 over a field of five opponents. He was re-elected in 1934 without an opponent and was re-elected in 1936 over one opponent by a margin of over 3 to 1. He has made an outstanding record as a member of the lower house. He is now chairman of the important committee on education, and is teacher in the senior high school. He has been born and reared on a small Texas farm he understands and has always supported measures in the interest of the farmer and the stockman.

Mr. Tennyson will have loud speaker equipment and everyone is cordially invited to hear him speak.

MRS. E. Q. WARREN HONORS PUPILS

Honoring her music pupils and some of the high school orchestra and their friends, Mrs. E. Q. Warren treated the group Tuesday evening in Hacken. Be to a theatre party and swim sides the most gracious hostess Mildred Dutton, Harold Jones, Margaret Dutton, Nella Shaffer, Clem Ball, Paul Hoge, L. N. Bridges, Marjorie Cropps, Doyle Graham, Henry Jean Jones, Billy Dean Darr, Doris E. Clonts, Virginia Parkhill, E. G. Parkhill, Dickie Collins, Myra Jean Haddock, Anitta Wampler, Lura Benn Ward, Jean Ann Smith, Zora Bolin and Gerald Averitt enjoyed the occasion.

UNION GROVE SCHOOL CLOSES SUCCESSFUL YEAR

Union Grove School closed a very successful term, Friday, May 27.

On Thursday night the young people of the community presented "Deacon Dubbs" to a large audience. The Howell Brothers entertained at the play before and between acts.

Friday was an enjoyable day of picnicking and ball games.

"Tom Sawyer" and "Lemonade Stand" were given by the pupils Friday night. Seventh grade diplomas were presented to Clifford Cornett, Harrell Stephens, Juanita White and Mozelle Wilson. Awards for the highest average in each grade were made: first grade Melvis Don Darr, and Rosa Nell Lane; second grade, Billie Jo Green; third grade, J. W. Moon; fourth grade, Olene Wilson; fifth grade, Wynell McGee; sixth grade, Frances McGee and the seventh grade, Harrell Stephens.

Perfect attendance certificates were awarded Frances McGee and Harrell Stephens. Reading certificates were given Juanita White, Wynell McGee, and Harrell Stephens.

During the past year much improvement was made in the interior of the buildings as well as teaching procedure. Under the beneficial guidance of the school board composed of W. H. Cornett, Tom Osborne, and R. K. McEaver, and the work of Mrs. E. F. Branton and Mrs. Ulrie Lea the school scored 983 points out of 1000 points for standardization of a rural school.

J. LYNDAL HUGHES
County Superintendent who is seeking a second term.

NATIONAL COTTON WEEK OBSERVED

This is "NATIONAL COTTON WEEK," and consumption of cotton goods will probably increase quite a bit. Certainly increased consumption of cotton is what we badly need. Representative George Moffett's idea of establishing a cotton research laboratory to find new uses for cotton should have been adopted when he first proposed it in 1931, because enough new uses for cotton would have kept more acres in cotton, and keeping more acres in cotton would likely mean there would now be fewer acres in wheat and probably the price of both would be better, and there would be more employment for everybody, and more money jingling in people's pockets.

Moffett's tireless work for seven years on this matter strongly recommends him for State Senator.

SMITH MOVES BUSINESS

T. J. Smith, local jeweler is moving his business from the Knox City Shoe Shop building on main street to the small building next door to Cecil Coats Cafe. He will have a much nicer place and can't display the articles he has for sale. He invites his friends and customers to call and see him at his new location.

MISS COGSWELL GRADUATES FROM T. C. U.

Rev. and Mrs. C. E. Cogswell attended the commencement exercises of the Texas Christian University in Fort Worth Monday evening, May 30. Their daughter, Miss Mary Florence, was a member of the graduating class with the degree in home economics with high honors being conferred on her. Rev. Cogswell gave the commencement benediction. Ronald Wheeler of Fort Worth accompanied them home and will spend a few days in the Cogswell home.

Henry Jean Jones left Wednesday to spend until Sunday with relatives in Snyder.

Mrs. J. M. Bradberry accompanied Jack Wetzel to Fort Worth Tuesday. Mr. Wetzel will spend the summer with relatives there and attend school. Mrs. Bradberry will remain for an extended visit with her parents in the city.

J. Lyndal Hughes, county school superintendent was a business visitor in Knox City Wednesday and called at the Herald office.

THE BEAN BALL

KNOX CITY SCOUTS TAKE CARE OF CITY PARK

A joint meeting of Troops 101 and 102 of the Knox City Boy Scouts was held at the Methodist church on Tuesday evening, May 31. After the group had enjoyed several interesting games their indoor meeting was started with the pledge to the flag. After the roll call and dues collection a patrol meet of both troops was called for the leaders of both troops to meet Thursday at eight at the Methodist church to plan a hike for the June 7 meeting. The June meeting will be joint campfire service.

A patrol contest on questions of tenderfoot rank was won by the Fox Patrol. The instructions for the evening were in regard to flag codes to commemorate Memorial Day.

In the business session it was brought before the troops the matter of assuming the care of the City Park. It was unanimously voted that the Knox City Boy Scouts volunteer their services to the Christian Women's Association for the purpose of caring for and aiding in the improvement of the Knox City City Park. One of the patrols started work on the park on Wednesday morning and alternate periods will be given to each patrol to clean it up and burn all the trash. In the association's work in the park the scouts will back it in whatever manner it will be deemed possible.

HERALD SMALL THIS WEEK

There are several reasons why the Herald is not eight pages all home print as has been the custom each week. The shop has been busy doing job work for which we are thankful and the editor has been out of town several days this week on business. We hope to have it back regular size next week.

Mr. and Mrs. Delmar Dodgen and family left Tuesday for Denton where Mr. Dodgen will be enrolled in a 12 weeks course for band directors. Mr. Charles Shumaker whose home is there left Wednesday and Miss Pauline Benton plans to leave Saturday for Denton. All three will be enrolled at North Texas State Teachers College.

Mr. and Mrs. Harry Garrison and family had Misses Louise and Connie Beaty of Munday as their guests Sunday.

Mrs. W. L. Garner left Sunday for Austin and other points in South Texas for a visit with friends.

GEORGE MOFFETT SPOKE HERE SATURDAY P. M.

"Cotton" George Moffett, representative from this district, who is a candidate for State Senator addressed the voters of Knox City on the streets Saturday afternoon and made an interesting talk. George is too well known in this section for the Herald to comment on his qualifications as he has represented the people in the lower house for eight years. He expects to make an active campaign over the district and may not be able to return to Knox City again before the primary election as he has nine counties in his district.

YVONNE JAMISON TO BE HOME FROM SCHOOL SOON

Yvonne Jamison who has recently finished at Gulf Park College, Gulfport, Mississippi is expected home in a few days. Besides her diploma from the Junior College, Yvonne received one in Speech and one in Dancing, having majored in the former and been an assistant teacher in the latter. She is spending a few days in Bryan with Margaret Cazell, attending the Commencement Exercises at A. and M. College, and will visit in Dallas before coming home.

TO DENTON FOR SPECIAL COURSES

Paul Hoge and L. N. Bridges will leave the first of the week for Denton to enroll in special study courses in Texas State College for Women. Paul will take his work as the result of a scholarship offered in extemporaneous speaking, while L. N. will take his work under a scholarship for declamation. The boys will be gone for six weeks.

Doyle Hammons and Clyde Graham left Sunday for Bryan where the boys are planning enrolling in Texas A and M College.

Mr. R. C. Hamner returned Tuesday after spending two weeks in San Angelo and Benjamin with relatives and friends.

Mrs. J. J. Justiss and son, Ralph, and Miss Juanita Morvan, of Haskell, stopped in Knox City a while Wednesday for a short visit with friends here. The group was enroute to College Station to attend the commencement exercises at A. and M. where Mrs. Justiss' son Herbert Finley is a member of the 1938 graduating class.

Haskell County Has Another Producer

Potential Production May Be More, Based On Head Flows

Haskell county's second producer in the Pardue pool south of Haskell, the Forest development corporation's No. 2 Pardue has been rated at 1,000 barrels of oil daily, following running of a three-hour railroad commission gauge on the well Saturday afternoon. Allowable production was tentatively set at 100 barrels per day.

Opened briefly for running tubing, the well made several large flows by head and on one put 30 barrels of oil into tanks in 15 minutes—a rate of 120 barrels per hour. It had previously flowed 450 barrels in two hours, 45 minutes, after a one-day shut-in had built up pressure.

This was an increase over the original gauges taken while the well was being drilled into pay at 2,805-16 feet, heads of 45 and 47 barrels on hour flows.

The new producer, quarter mile north extension for the Pardue pool—only flush production in Haskell county was drilled with rotary and completed with company spudder.

It is 2,100 feet from the north and 550 feet from the west lines of the M. Collum survey No. four and 880 feet north of Forest - McMillen's No. 1 pool opener.

No announcement has been made for definite locations in the area, but several tests are understood to be planned for the next two or three weeks.

The new pool has found production from Adam's Branch lime, the only spot in this part of the district it has shown commercially. Prospects are good for deeper pays to be found in the same area from the lower Canyon lime, Palo Pinto, which produces in the Avoca field 12 miles to the southeast.

Water trouble continued bothersome in the Fain-McGaha Oil Corporation and P. S. Kendrick No. 1 T. G. Hendrick, southeastern Haskell county wildcat, as it prepared to plug back two feet of sand showing water below an oil section at 2,682-84 feet. It is bottomed at 2,686 feet, with six-inch casing set at 2,667 feet.

The showing is in pure sand below Adams Branch lime, and has yielded about two to three barrels of light green oil per hour. Location of the test is in J. A. Matthews abstract 858 of Indianola railway survey No. 104, about eight miles east of the Pardue pool.

—Haskell Free Press.

MR. W. SNODY FOR STATE REPRESENTATIVE

The Herald is authorized to announce B. W. Snody of Benjamin as a candidate for State Representative, composing of the counties of Hardeman, King, Foard and Knox.

Next week Mr. Snody will come out with a statement to the voters of the district telling them how he stands on all important questions. Watch for his announcement.

Mr. and Mrs. Sam Hallmark and family of Plainview spent Sunday with Mr. Hallmark's parents, Mr. and Mrs. Arthur Hallmark. The small girls remained for an extended visit with their grandparents while their parents returned.

THE C. W. A. VOTES TO SPONSOR CAMPFIRE GIRLS

In its meeting on Monday May 30, the Christian Women's Association voted and approved the sponsorship of one of the units in Knox City. A committee was chosen whose duties were to hold an inquiry into the possibilities of each and was instructed to go to work on the proposition immediately. It has been some time since Knox City has had any group of this kind so the association should be thanked for taking this forward attitude.

The opening devotional of responsive readings was led by Mrs. C. C. Hoge with Mrs. A. B. Reese giving the invocation. After the minutes were read and approved the old business was completed, most important of which is the obtaining of a sewing room for Knox City. Mrs. Hoge and Mrs. Reese reported good progress on this project.

It was voted and carried that the association would sponsor a lawn contest with first, second and third prizes to be awarded. This will be a beautification project for residence owners as well as the churches with each being represented in a different class or division. The committee chosen to plan it was Mrs. Sam Clonts and Mrs. T. P. Frizzell, Sr.

The treasurer reported that the association had enough money on hand for the purpose of the construction of a series of tables in the city park. It was reported efforts would be made to get the Boy Scouts to aid in this work. Later the association learned that the boy scouts not only volunteered to do this but to take over the care of the park.

Several financial plans were discussed to care for the contests planned. The most logical will be a program composed of the young adults with further announcements to be made later.

Appropriate musical selections were given by Miss Mary Leone Hoge.

JIM KINDALL HERE WEDNESDAY VISITING

Jim Kindell of Munday was here Wednesday visiting with the voters. He is a candidate for Representative to succeed George Moffett. When W. B. Snody entered the race yesterday this increased the number to three which will almost force a run-off in the August election.

CHRISTIAN CHURCHES

Morning services at 9:45 to be followed by Bible School at Knox City. Services at 8:15 in the evening. These services are to be attended by the Boy Scouts and the sermon will be addressed especially to them and to young people of our community. Our town is making rapid progress in the matter of scouting and we are happy to give our encouragement and support to this good work. We urge all adults interested in the young people of our community to attend this evening program and the parents of the scouts are especially invited to worship with us.

At the Benjamin church we will have Bible School at 9:45 with the worship to follow at 11:15. There will be no evening worship but the Christian Endeavor will meet in the weekly meeting.

"AIR MONOPOLY" FIGHT TIGHTENS

Fighting for protection of the radio "air way" as the last resource of the American people not completely dominated by trust control, George Henry Payne, Member of the Federal Communications Commission, in his request, infers that there is a wood pile with a dusty inhabitant which should be shown up in order to protect public rights.

Charges have been laid from time to time against the growing domination of the radio field by chains. The Commission, according to Commissioner Payne, is beset with lawyer practitioners and lobbyists working to get frequencies allotted and then they are sold to monopoly interests. The skirts of the Commission are not to be considered clean. While no definite charges are laid against any fellow commissioner, the needed clean up can only come through an impartial and thorough investigation.

On the heels of this charge by Commissioner Payne, Representative W. D. McFarlane of Texas lays the charge before the House Rules Committee that two former United States Senators, while still in office, interfered with the Department of Justice in prosecuting anti-trust suits against the Radio Monopoly. While hearings are still being held before the Rules Committee on the resolution to invest the Radio trust. It is the estimate of numerous members of the House that this is one of the greatest fights of the Congressional session. One of the most active and powerful lobbies, much of it under cover, is fighting against the investigation. If it is voted by the House, Representative McFarlane will be given the major credit for defeating this lobby.

McFarlane will likely be on the Committee to investigate, very likely as the prosecutor, if the interests controlling the far flung radio monopoly do not muster enough support to defeat a real investigation.

To the lay mind Radio is all engrossing but there are far reaching ramifications involving financing, brokerage, advertising telephone, equipment manufacturing, patents, and broadcasting talent, even reaching to sound motion pictures and television.

Television has been produced in England since December 1935 and in other parts of Europe since 1936. The communications monopoly have withheld Television from the American public, it is believed because of its interference with sound motion pictures, which the same monopoly controls.

The investigation promises to be one of the biggest, if not the biggest, study in to interlocking directorates, investments and ruthless use of power ever conducted by the government. This is based upon the amount of money involved, the practices followed and the "public interest" to be protected.

Widely separated as to states, different in personality, thoroughly dissimilar in appearance, trained on different schools, yet George Henry Payne of New York on the Federal Communications Commission and W. D. McFarlane, Representative in Congress from Texas are expected to be the nemesis of the Radio trust. They are similar in two outstanding characteristics. Each is a fighter without any trace of compromise on policy or issues and each is noted for personal integrity and unquestioned honesty. The "Monopoly" crowd are expecting no quarter in this impending fight.

A suggested new-use-for cotton by W. G. Hayden, Big Spring, Texas, editor: Cotton fabric such as used in road construction should prove ideal for roofs on flat top homes and business buildings. Combined with asphalt, it should make a weather-tight, durable and economical roofing material, and create a new volume market for cotton, he says.

Evidence of the value to merchants of stimulating the auto-tourist trade is seen in statistics showing that, on the average, 26 percent of each tourists dollar goes to the retail merchants.

In 1937 the state of Texas collected \$18,245,000 in taxes, production taxes only—exclusive of ad valorem taxes by local units, on natural resources, a sum greater than was collected by all the other 47 states combined in such taxes \$17,443,000, for 1936, latest year for which complete figures from other states are available.

New Jersey, Nebraska and Massachusetts are among states which have recently set up official industrial commissions to merchandise their advantages of resources, markets, tax policies and labor supply to industry, reports the All-South Development Council.

Dean Frank C. Whitmore of Pennsylvania State college says the South will be the "chemical frontier" of the nation during the next 25 years, citing the region's ability to supply, in proximity to each other, such basic chemical materials as sugar, petroleum, sulphur, natural gas, cellulose starch and vegetable oils.

Manufacture of citrus meal as a livestock feed, from formerly waste fruit peels by dehydration process is a growing by-product industry of Texas' lower Rio Grande Valley's citrus industry.

Residents of many Texas rural areas not served by gas or electric lines now enjoy the convenience of gas ranges, lights and heaters through "canned" butane gas, which is delivered in liquid form but expands forms its own pressure and is piped into the various gas appliances in the form of dry natural gas.

Texas cities are in the forefront in number and scope of air-conditioning installations in stores. In the nation, more than 700 department stores now have conditioned air as an aid to maintaining sales regardless of outside weather.

An editorial in "East Texas," regarding the case of Manchester, N. H., offers food for thought locally, as well in other communities. When the Amoskeag textile plant failed in Manchester, and threw 16,000 people out of work, business men raised five million dollars, bought the huge plant, subdivided it into factory sites, secured a score of new industries, put six thousand people back to work and saved the town. This is a great example of community co-operation and achievement. We are not urging a big money raising drive for Somerville, but we are urging that local business men and others patronize the Santa Fe when possible. This is the least that we can do to keep the wheels of our local payroll turning. — Somerville Tribune.

There are folks in every nation who ought to be forced to live a while under a dictator. They have no appreciation of liberty and no respect for democracy. A few months under the gentle care of a dictator, and they would be glad to return to the American standard of liberty.

We have been reading a lot in the dailies about a third party. We don't see where a third party could get anywhere as they would have no platform. Everything that has ever been thought of has been tried by President Roosevelt and the New Dealers.

It is being predicted that within the next 10 years all transport trucks will be powered with Diesel engines, which operate at a fraction of the fuel cost of the present type of motors.

Honest Harold Ickes is winning the admiration of everyone in his stand against letting helium gas be shipped to Germany. Germany says that this will not be used for war purposes. We wonder just who believes her?

Along Route One

With Walter Hyde

This rural carrier was born July 4th 1875 at Granville, S. C. At the age of 7 we moved to Northern Alabama in Marshall County. There were three boys in the family. My father lived on 80 acres of land on Brindle Lee Mountain and we lived in the woods in a little one room log cabin. When I was 14 my father was killed by the explosion of a stationary engine. As I was the oldest one of the 3 I had to take his place and I had a pretty hard time. On the first of January, 1894, I left Alabama for West Texas. I arrived in Abilene with 55c. Paid 50c for a bed and only had 5c left for lunch and was 25 miles from my destination. We came on over to Jones County near Anson where we farmed for several years. On the night of May 29th 1901 we were blown away by a cyclone on the Clear Fork River near Nugent. The storm destroyed our home and all its contents. In the year of 1901 in the month of September we came to Cliff in Haskell County and there I helped to gin the first bale of cotton at Cliff in October 1906. We took the Civil Service Examination for a rural carrier out of Knox City and on December 17th of the same year we made our first trip. The route was then 23 miles in length. We have had several extensions until it is now 43 miles. December 17th this year we will have completed 32 years.

So many people want to know when we will retire. As we understand the postal laws and regulations a carrier with 30 years service and at the age of 63 may retire or he may continue until he is 65 and then he must retire. We are not so sure yet as to what we will do. If our health remains good and we continue to please our patrons, we may continue on for a while. Would dislike very much to separate from John Chad and George John Wilson for John is one of the very best post masters in the State and there is no better assistant to be found anywhere than Chad. We have been standing side by side by George F. Stubbs for 30 years and never has there been a serious thought between us. George will complete 30 years Service September 1st. So many people want to know just how long that we have been carrying the mail and when we are going to retire is why we have made this little statement and in conclusion I want to say that there is not a carrier in the United States that has a more loyal set of patrons than has this carrier.

Sale Hutchinson was down at the post office popping off about the weather. Sale says we will have plenty of rain up to September 10th. It is hard to tell which is the greater weather prognosticator Sale or Roy Baker.

Mrs. J. M. Ashcroft is spending several days visiting with friends and relatives at Weatherford. Jimmie is taking his meals on cold storage.

G. W. Hammons of Route 1 was in town the first of the week. He informs us that with

the assistance of Mr. G. W. Rucker he is about to discover a gold mine just a few hundred yards west of his residence. This will no doubt create much interest in that immediate set. Lee Smith is building a large swimming lake on his goat ranch in the eastern part of the City. Lee says he believes that when completed it will be the finest Swimming pool west of Wichita Falls.

MITCHELL NEWS

Mrs. J. W. Carver and her daughter Inez, accompanied by Misses Flora Helen and Joe Nell Carver, spent the weekend in San Saba.

Mr. and Mrs. Lesley Duncan visited in the home of his brother George of Rochester Sunday. Mr. and Mrs. Roy Carver spent Sunday with Mrs. Carver's mother near Cliff.

I GIVE YOU TEXAS

By Boyce House

Speaking of best sellers, "Gone with the Wind" was'n even a ripple, as far as sales were concerned, compared to the classic, Slow Train through Arkansas.

Remember the sign in the dining room of the Mena hotel: "To keep our guests from carrying fruit away from the table there will be no fruit on the table?"

And the man who wanted to commit suicide, so he lay down on the track three miles ahead of the train, but starved to death before it got there?

And the old woman who wanted to be told "when we get to Paragould" and the conductor forgot, so he backed the train seven miles to the town and she thanked him sweetly and said, "My son told me to be sure to take a dose of my medicine when we got to Paragould?"

When Ralph Yarborough was just a little fellow back on Kickapoo Creek, his father was justice of the peace. Since then the boy has served four years as assistant attorney general, is district judge and would like to become attorney general. While campaigning in Gilmer recently, Judge Yarborough learned of an incident of which he had never heard when a citizen told him:

"I remember being a witness in a case before your father. The jury couldn't agree so he announced—as there were numerous witnesses present and some had come from a considerable distance—the case would be tried over again right then and there before another jury.

"One of the lawyers objected but Squire Yarborough challenged him to point out anything in the law books that would keep a case from being tried twice in the same day and he couldn't, so it was tried again and a verdict was reached. If you've got as much common sense as your dad, you ought to make a good attorney

general."

Seen in Austin hotel lobbies: Senator J. Manley Head of Stephenville, back from Hollywood where he appeared in the movies.

Judge Joe Burkett of San Antonio, who was the youngest district judge in Texas during the Ranger oil rush.

Curtis Hill, former assistant attorney general, now living in Dallas, with a new fund of stories with an amusing drawl.

And there's Tom Cooper, Lindale editor, another famous story-teller. Now all we need is Hick Halcomb, or do we?

Pat Moreland, member of the State Unemployment Commission, who was introduced by an enthusiastic "introducer" in an East Texas oil city during the campaign, two years ago, as "My lifelong friend, whose name is a household word, Mr. ah—Mr.," then leaning over but in a voice that the microphone carried to all present, he asked, "What in the thunder did you say your name was?"

NOTICE TO ALL SCOUTS AND LOCAL CHURCHES

In a recent meeting of the city's scout troops the boys and leaders voted it a practice to set aside one Sunday a month for attendance in a body for all scouts in both troops of one church's Sunday evening services.

The first meeting of this kind will be held at the Cartesian Church. The troops and their leaders are requested to meet on Sunday June 6, at 7:30 at the Methodist Church. Everyone will then all go to the church to attend there in a body.

Plans will be made at a meeting sometime this month for the purpose of selecting the manner of rotation to follow for the following months.

Dr and Mrs. J. L. Adams and daughter, Sarah Ann and Miss Bobbie Rae Pars, all of Crosbyton, spent Sunday with Mr. and Mrs. Odie Karr and family.

REUNION AT LEUDERS OF HODGE'S FAMILY SUNDAY

The Hodge's families met Sunday at Leuders for their annual reunion. The fifth Sunday in May has been set aside for this annual affair. The first reunion was held three years ago at Seymour park. In 1937 it was held at Lubbock Park.

There were 86 attended the reunion this year. Every one arrived about 9 o'clock, and after saying hello, the young folks enjoyed a good game of play ground ball. They returned to the cabin about 11:30 a'clock to see the basket dinner spread for a big feast. After lunch everyone got his bathing suit and went to the river for a swim. All that couldn't swim waded. The elder folks returned to the cabin for an afternoon of chatting.

The Hodges were fortunate to have with them all their sister's and brother's except two; Hugh Hodges who died in the latter part of March 1932, and Mrs. J. L. Huddleston of Snyder, who was unable to attend this year because of her daughter graduating.

Those that attended were: Mr. and Mrs. W. H. Hodges, and family; Mr. and Mrs. O. E. Hubbard and family; Mr. and Mrs. J. W. Malone and family; Mr. and Mrs. Carl Hubbard and family; all of Knox City.

Mr. and Mrs. George Hodges and daughter; Mr. and Mrs. J. P. Hodges and son; Mr. and Mrs. Sam Hodges and daughter; Mr. and Mrs. Buster Hodges and family; Mr. and Mrs. Willis Pack and family; all of O'Brien.

Mrs. J. M. Jackson and family; Mrs. J. T. Murdock and children; Mr. and Mrs. Cecil Oliver and family; all of Goree.

Mr. and Mrs. S. M. Matlock and family; Mr. and Mrs. Bill Hodges and family; Mr. and Mrs. O. C. Webb and family; all of Lamesa.

Mr. and Mrs. J. S. Hodges and family of Alton; Mr. and Mrs. Henry Malone and son and Mr. and Mrs. Joe Malone and son of Dallas; Mr. Wyne Howell of Brownfield; Mr. and Mrs. Buster Jackson of Red Springs; Mr. and Mrs. T. F. Stanfield and son of Crosbyton.

The Hodges were happy to have beside their immediate family the following:

Mr. and Mrs. Zack Williams and Inaleen; Mr. Carl Cochran and Mr. George Holland of Knox City and Mr. Glenn Starfield of Rochester.

WHERE DO FRECKLES GO

WHEN OTHINE IS USED?

It's Amazing to Many

For nearly 30 years Othine has been "chasing freckles" and lightening sun-tanned skin. Where do the freckles and tan go? They mildly flake away with the nightly use of this dainty cream. Satisfy yourself, as thousands do each year. The use of one jar must please you... or your money will be refunded. Your local druggist has Othine... or he will gladly get it for you.

Cakes--Pastries

It is too warm to bake and too much added work for the busy home maker, especially when you can have these oven fresh, wholesome and delicious cakes, pastries and baked goods at such economical low prices.

Good-Eats Bakery

Odie Karr, Prop.

POLITICAL

PROBAK JUNIOR BLADES

4 BLADES ONLY **10¢**

ENGINES WILL BE WORN LESS THIS SUMMER

But you want to know exactly why. You're leery of general statements that won't save you one

piston ring or one quart of oil.

So you want what the doctors call a *specific*.

And that's what you get from your change to OIL-PLATING.

Only patented Conoco Germ Processed oil from Your Mileage Merchant's station can give your engine

OIL-PLATING.

Other oils can't. No matter how they're refined they cannot surpass

the correct refining of Germ Processed oil. But refining only

takes things out, while Germ Processing *adds in* the patented man-

made substance that forces oil to "join up" with the working parts, keeping them OIL-PLATED. All the while Germ Processed oil is used, you have permanent OIL-PLATING. Like all plating, OIL-PLATING keeps wear away and it never drains down nor waits for the oil pump! Before other oils could even begin to circulate, OIL-PLATING will lubricate! Hence no "dry starts" with your engine OIL-PLATED. And platings don't fly off at Summer speeds, or frizzle away in the heat. So the heat indicator stays on the safe side, and the gauge-stick says "Still full of Conoco Germ Processed oil!" Have your Mileage Merchant OIL-PLATE Your Engine. Continental Oil Co.

O Henry Draws His Salary

During installation of a new bookkeeping system at the general land office, Commr. William H. (Bill) McDonald, shown here, discovered an old payroll sheet bearing the signature of William S. Porter (O Henry) who worked in the land office from 1887 to 1891. Part of the sheet, with Porter's signature, is also shown. One of O Henry's stories, "Bexar Scrip 2692" was based on his experiences in the land office.

STATEWIDE HIGHWAY CONFERENCE TO BE AT FORT WORTH JUNE 15

Austin, Texas, June 1—Officials of the Governor's Traffic Safety Committee busily engaged in shaping final preparations for the statewide highway safety conference at Ft. Worth June 15, were enthusiastically revising their attendance esti-

mates rapidly upward this week as each incoming mail brought information of additional delegations planning the trip to the north Texas City.

"Present indications point conclusively to the fact that this meeting called for the purpose of mapping a far flung attack on the grim hitch hiker of the highways, will prove to be the largest assembly of safety

advocates ever held in the Southwest, George Clark secretary said today after checking over the rapidly growing list of cities, towns and communities naming delegations to the conference.

"A comprehensive and definitely defined program with specific objectives appropriately and concisely outlined, highlighted by tried and proven methods, will be placed before the convention" Carl Rutland, pointed out.

While a majority of the time of the delegates will necessarily be devoted to consideration of the greatest problem confronting this state today, including talks by some of the nations foremost leaders in traffic safety work, there will be other features of the program as well, including one of the largest safety parades ever held in this state scheduled for high noon. Five hundred motorcycle officers will compose one unit alone of the parade. Numerous bands representing every section of the state will take part. Governor George Earle of Pennsylvania has received an invitation from Governor James V. Allred to address the conference as its principal speaker. Several other outstanding safety leaders are also on the program.

MISS JERENE COONER HONORED AT PINK TEA

The home of Mrs. E. S. Lee, Spur, Texas was the setting for a gracious affair, Saturday, May 28th, when she announced the betrothal of her sister, Jerene Cooner, Knox City, Texas to Mr. Mansell Bragg of Rochester, Texas.

The guests were received by the hostess, Miss Cooner, her sister Mrs. Bruce Browning of Plainview, Mrs. Jerone Smith, Mrs. Bill Richey and Mrs. J. W. Martin of Haskell, Texas. Others in the house party were Mesdames P. J. Carson, W. B. Lee, W. R. Weaver, O. C. Arthur, O. L. Kelly and E. D. Engleman. Mrs. Engleman presided at a lovely bride's book decorated with orange blossoms.

The sixty guests that called during the tea hour were served Erwin punch, pink heart-shaped sandwiches, olives, and cookies from a lace covered table centered with a crystal punch bowl which was embedded in fern and roses. Pink and green candles, set in crystal holders lighted the table. Miniature brides and grooms were plate favors and tiny hand painted cards contained this message from the "love-bird."

"On a lovely July day very soon, Jerene and Mansell will honeymoon"

The program for the hour consisted of:

1. Piano music by Grace Foster and Mrs. Carl Patton.
2. A solo by Peggy Stevens
3. Wedding songs "Recapitulating that Old Gang of Mine"

Who Could Resist?

Miss Myrtle Reinhardt is the perfect hostess as Miss Gertrude Finn accepts her hospitality at ready-to-serve food conference of Independent Grocers Alliance in Chicago. The IGA executives were told American housewives buy \$2,000,000,000 annually in prepared foods, saving liberations from kitchens toll of gross variety of foods which go sweet from shelf to table.
