KC 'Hounds Win Over The Chillicothe Eagles 57-12

The Knox City Greyhounds put it all together Friday night for a convincing 57-12 victory over the Chillicothe Eagles.

KC quarterback Mike Newton returned the opening kickoff 90 yards only to have it called back on a clipping penalty. Nevertheless, tailback Allan Orr made several good runs to set the stage for Greyhound scoring on the third yard line and Newton followed through with a pass to end Rogers Lankford for the first touchdown. Newton's kick for PAT failed but went on to kick a 25 yard field goal early in the first quarter when the 'Hounds stalled on the 15 yard line.

Later in the same quarter, Newton passed 45 yards to Lankford, the PAT failed and the score was 15-0.

In the second quarter, Allan Orr ran one yard for another Greyhound TD and Ivan Logsdon kicked the 'point after.' Late in the second period another Greyhound drive stalled and Logsdon kicked a 35 yard field goal to make the score 25-0 at half time.

The home team plunged back in the third quarter, its best show in the game, and Newton scored on a 35 yard run, over right tackle, picking up several key blocks on the way. Orr scored again on a 2-yard run and Newton passed 32 yards to wingback Tommy Guy Waldrip for the third touchdown in that stanza. Logsdon kicked two extra points to tally 45 points.

Early in the fourth quarter Chillicothe scored on a 2-yard run, the try for extra point failed, and the score stood 45-6. Newton scampered 90 yards down the sidelines on a kick-off return, the PAT failed, and the score board read 51-6 when Horacio Mendoza ran over from the three yard line to chalk up six more points for the Greyhounds.

With seconds left in the game the Chillicothe team scored on a five yard pass, the PAT attempt failed and the final score was 57-12.

Statistics for the game are as follows:

First downs - KC 29, Chillicothe 10.

Yards rushing - KC 323, Chillicothe 82.

Yards passing - KC 175, Chillicothe 32.

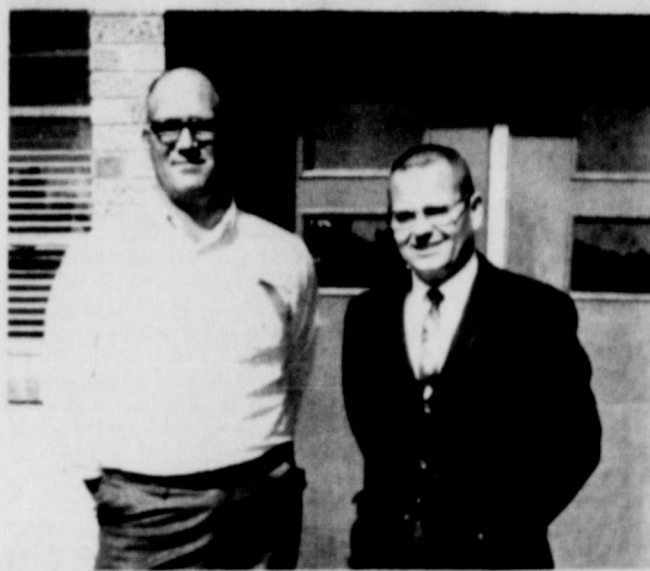

Passes completed - KC 11-19, Chillicothe 3-13.

Fumbles lost - KC 1, Chillicothe 3.

Penalties - KC 5-23, Chillicothe 3-15.

Punts - KC 1-32, Chillicothe 4-37, 2.

The 'Hounds will travel to Holliday Friday night to battle the Eagles on their home field at 7:30. Fans are urged to go along and support the team.

STUDENT TEACHER Tony H. Shawver, left, shown above with Knox City High School Principal Ward M. Cooksey.

Texas Tech Student Teacher Placed In Knox City Schools

Knox City High School has again been chosen for the placement of a student teacher, this time in the vocational ag department, according to local school officials.

Tony H. Shawver, who is presently working on his teaching certificate at Texas Tech, began his student teaching duties here last week and will be working under the capable guidance of local ag teacher Leon Burkhart for seven weeks.

Shawver was born in Megargel and finished high school there in 1953. He received a B. S. degree in agriculture from Texas Tech in June, 1958, and then served two years with the U. S. Army. He was stationed at Fort Carson, Colorado and spent one year in Iceland. After his separation from service, Shawver was a ranch manager for four years near Megargel and then farmed for three years there before accepting a junior high teaching position and coaching job in the Megargel Schools in 1967-68. He was with the Munday Schools during 1968-69.

The student teacher is married and has two children, ages 9 and 7.

KC Is Mentioned In Cross Country News

C. E. Williams noticed an item of interest in his Cross Country News, a monthly aviation paper, and passed it on.

Thus follows the news item in its entirety:

"E. M. Anderson Jr., Medina, president of the All Texas Air Tour, called the '69 event a real success with planes from over the USA joining in the week long flight, which started at Temple and made 34 stops before winding up in Kerrville on October 18 for a celebration banquet, complete with prizes.

"One of the stopovers was at the new Knox City airport, a 'first' for the Air Tour and a first for Knox City, which opened the new airport last year. There were 45 planes at Knox City which turned out in mass to greet the pilot-visitors, with the high school band and bus loads of children and local aviation minded folk as official greeters."

Since 'our town' was the only stop mentioned, citizens, who had a part in the event which took place on Thursday morning, October 16, should feel justly proud of their efforts.

QB Club's Choice In Nocona Game

According to President Arche Lieb, the Quarterback Club's choice for "Greyhound of the Week" in the KC-Nocona game was wingback Tommy Guy Waldrip.

Lieb said the 130 pound senior was chosen for his outstanding defense game and the four passes he was able to capture.

The son of Mr. and Mrs. O. Thomas Waldrip, Tommy Guy is in his fourth year of football. Lieb asked that fans be reminded that even though the game is out-of-town again this Friday, the Greyhounds need their continued support.

Gov. Smith Announces Revitalizing Program

Governor Preston Smith recently announced the establishment of "Texas Communities Tomorrow," a program to revitalize small communities in Texas.

The program is designed to assist the community in achieving its own goal, objective, or project, beginning at the local level.

It will require the cooperation of every department, board, commission, and agency in the state government, as well as that of private citizens.

The purpose of the program is not the duplicate or replace programs of state, local, or private agencies, but to supplement and coordinate the various efforts in the small community development.

The Division of State-Local Relations will be the information center and will assist, guide, recommend, and help to train the leaders in small communities. The basic missions of the Division of State-Local Relations will be to familiarize the small towns of Texas with State and Federal programs - to assure that the small community needs are recognized and reflected in executive policies and decision - to provide assistance in locating financial and technical know-how - to inform the communities of available assistance through correspondence, newsletters, conferences, and meetings - to develop a team of small town specialists to work with communities and - to carry out this program through liaison and coordination with other agencies. The Division, however, cannot carry on this program alone.

The Governor pointed out that his office could do the planning but people on the local level must be the doers and stated "In essence, our program is offered to establish a central source through which small communities may obtain information and assistance. Why your full cooperation we can make the small town of Texas a dynamic community."

Band Contests To Be Nov. 12

Band Director Wes Hays was notified last Wednesday morning by contest officials that the University Interscholastic League marching band and twirling contests for Region II (south zone) scheduled for Wednesday, November 5, had been re-scheduled for Wednesday, November 12. The contest was postponed due to the rainy weather experienced in all of this area for the past several weeks, making marching practice practically impossible.

According to word from the contest chairman, Charles Traylor, time schedules will remain the same with the Knox City High School band performance at 11:18 a. m., and twirlers Kathi Kent, Becky Swain, and Gwen Angle slated for solo tryouts at 9:54 a. m., 10:00, and 10:06, respectively, with the ensemble routines at 10:12 a. m.

For readers who might not have noticed in last week's Herald, the marching contest will be held at Rose Park Stadium at South 8th and Barrow.

Class A rating will be announced at 3:00 p. m.

It is hoped that a large number of persons will accompany the band to Abilene for this year's contest.

Home Economist Available For Group Demonstrations

The services of a trained home economist are now available to customers, schools, church organizations and civic groups in the field of homemaking by West Utilities Company's home economist, Mary Williams of Stamford.

work as a trainee in the postal department on August 20.

At that time the post office was located on North Central Avenue directly east of the West Texas Utilities Building and the late Benton C. Anderson was the postmaster. All during the World War II years, the post office employees included the Postmaster and Mrs. Anderson, Clerk Ann (Wall) Collier, and Mary Alice in the absence of Clerk Jeff Graham and Rural Carrier Chad Wilson who were serving their military duty.

Mrs. Thompson told this reporter that her original intentions included only temporary work, just until her husband had fulfilled his military obligation. However, after the local office was elevated from third class to second class classification on July 1, 1945, and she attained permanent classification along with step and salary more enticing and she could never seem to find a stopping place. Clerk Ann soon moved away and Graham returned to resume the position of Regular Clerk. In 1947 Mr. Anderson transferred to Rural Carrier and Graham was made

The purpose of the tour is to acquaint the educators with the academy and its functions. They plan to return to Abilene Friday morning.

Farm Wage Law Effective Feb. 1

Farmers are reminded that Texas' first minimum wage law will become effective on February 1, 1970. James I. Mallett, Extension farm management specialist, says the new law will cover those employees not covered by the federal minimum wage law but does not supersede the federal statute. The agricultural section of the Texas law is designed to keep pace with future federal wage standards with the provision that the state minimum wage will not be less than 20 cents below the federal level.

Postmaster, and to quote Mary Alice, "The years slipped by, as they have the habit of doing." And then came retirement time on Friday, October 31, 1969. When asked about her future plans the ex-postal clerk said that she was first going to try to learn to relax more, spend more time with her mother who is in the Brazos Valley Care Home, pick up knitting again, enjoy her piano and organ, spend more time in preparation for the Sunday School Class which she teaches at the First Baptist Church here and perhaps be 'just plain lazy' occasionally.

In musing over the past 25 years, Mrs. Thompson's personal statement concerning her postal work was that the work is unique in that it is a public service rather than a profit making business, therefore its workers are obligated to be helpful, courteous, considerate, and to serve without regard to selfish motives - a high standard to live by.

MEDICARE

Beisner stated. A person approaching his 65th birthday should apply for Medicare three months before the month of his 65th birthday. He has until three months after his 65th birthday to enroll but there will be a delay in making Medicare effective. Anyone who has passed this seven-month period must wait until the next general enrollment period in January, February, or March of the following year.

Anyone needing a Medicare card, assistance in filing a claim for Medicare benefits, or help on any other social security matter should see Mr. Beisner and the City Hall, Knox City, Texas on November 6, 1969 between the hours of 10:00 a. m. and Noon.

Food Prices And Farm Efficiency

Food prices would be considerably higher than they are now except for the productivity and efficiency of the American farmer, reported J. Phil Campbell, Under Secretary of Agriculture, when he spoke at a national conference of newspaper food editors.

"As a matter of fact, the farmer's efficiency has probably done more for the consumer than it has for him. He's had to run that fast just to stay in place," said Mr. Campbell.

Local farmers and consumers would be interested in the facts cited, said A. J. Navratil, Chairman of the County Agricultural Stabilization and Conservation (ASC) Committee.

Noting that food prices have gone up, Mr. Campbell pointed out that the increase has trailed the rise in the cost of living rather than leading it.

The farmer is caught in the squeeze between high production costs and low returns for farm products. The Agriculture Under Secretary said, "Far too many people in our towns and cities think that the American farmer is a ward of the government. That just isn't so. The farmer is in the free enterprise, capitalistic system. No single producer of industrial goods has as many competitors as the farmer has.

"The farmer isn't getting rich. Farm family incomes are still only about 75 percent of non-farm family incomes, and many farm people have to do some off-farm work to bring their earnings that high."

He also commented that while food prices have gone up consumers actually will spend a smaller percentage of their disposable income on food at home. Disposable income is projected to rise 6 to 7 percent this year, while food prices go up perhaps 4.5 percent.

Last year Americans spent only 16.8 percent of their disposable income for food and the percentage will be even lower this year. They will spend less on food proportionate to their income than they have ever spent, and less than any other people have ever spent anywhere in the history of the world.

The Cook's Corner

- PERFECT PRUNE CAKE**
- 2 cups sugar
 - 1 cup oil
 - 3 beaten eggs
 - 1 cup buttermilk
 - 1 cup unsweetened cooked prunes, cut-up
 - 2 cups flour
 - 1 tsp. soda
 - 1 tsp. salt
 - 1 tsp. cinnamon
 - 1 tsp. ground cloves
 - 1 tsp. nutmeg
 - 1 tsp. vanilla
 - 1 cup broken pecans

Mix sugar and oil together, add beaten eggs and mix well. Blend in buttermilk and cut-up prunes. Sift together flour, soda, salt, cinnamon, ground cloves and nutmeg and stir into above mixture. Add vanilla and pecans. Bake in a greased and floured tube or bundt pan for 55-60 minutes at 325 F.

It is best to cook prunes the day before baking the cake so that the prunes can sit in refrigerator in their juice overnight. Mrs. Ed Cothran's State Fair best-of-show prize cake.

STAFF SERGEANT MAJOR Loyce B. Dennington receives Meritorious Service Medal from Lt. Gen. Harry H. Critz.

Sgt. Maj. Dennington Retires At Fourth Army After 26 Years

Staff Sgt. Maj. Loyce B. Dennington, formerly of O'Brien retired after more than 26 years in the Army Wednesday, Oct. 29 in a ceremony at Fourth U. S. Army headquarters, Fort Sam Houston in San Antonio.

For this meritorious service as operations sergeant major in the U. S. Army Fourth Recruiting District since May 1967 he received the Meritorious Service Medal from Lt. Gen. Harry H. Critz, Fourth Army commanding general.

Sergeant Major Dennington has been in the Army since he was inducted in April 1943. He served with the 32nd Infantry Division in New Guinea, Philippine Islands and Japan in World War II, and after the armistice he became the first inductee to enter the Regular Army from Japan after this practice was authorized.

Since then his overseas service includes Europe 1951-54, during which he was chief clerk of engineer supplies for the Augsburg (Germany) Military Post and then logistics non-commissioned officer in the Ordnance section for the Military Assistance Advisory Group in The Netherlands. He was senior career counselor for the Eighth U. S. Army in Korea in 1966-67.

Sergeant Major Dennington has been in recruiting duties since 1956, serving from January 1964 to April 1966 in the same job as the one for which he was decorated in the retirement ceremony. He holds three awards of the Army Commendation Medal. He was graduated in 1942 from O'Brien High School. His parents, Mr. and Mrs. J. L. Dennington, live there still. His wife, Katie, is the daughter of Mr. and Mrs. L. A. Buckner, Route 1, Lorena, Tex.

Sergeant Major and Mrs. Dennington have three children, Spec. 4 Ronald L., en route to Vietnam; Brenda 17 and Keith 14. They will make their home at Rt. 3, Box 369, Kleberg. He will manage a camper sales business in Dallas.

Rainy Season Halts Area USDA Cotton Classing

It rained last week over the Abilene territory, and again harvesting came to a complete standstill. This season will be the latest getting started that I can remember says B. B. Manly, Jr., Officer in Charge of the U. S. D. A. Cotton Classing Office, Abilene. If the weather ever does clear up we should really get busy as much of the cotton crop in our southern and western counties is ready to strip.

We processed 3,000 samples last week compared to 44,000 for this same week last year. This gives us a seasons total of 23,000 samples classed compared to 110,000 for a seasons total a year ago.

Grades were down somewhat last week with only 23 per cent in the white category compared to 37 per cent for the previous week. The light spotted category carried 73 per cent compared to 56 per cent for the previous week. Three per cent were in the spotted category. Bark bales jumped to 9 per cent and below grades were still 1 per cent.

Staple was about the same with 26, 1 per cent; 28, 11 per cent; 29, 45 per cent; 30, 32 per cent; 31, 6 per cent; 32, 3 per cent; 33, 1 per cent; and 36, 1 per cent. Micronaire readings rose a little with 5.0-5.2 at 14 per cent compared to 7 per cent for the previous week. Four per cent were 5.3 and above, and 82 per cent were 3.5-4.9 compared to 92 per cent for the previous week.

The Consumer and Marketing Service, Abilene, reports a little activity in the Cotton Market last week. Prices for some qualities were: 4248-17, 90¢; 4229-18 30¢; 4230-18, 95¢; 5229-16 85¢; 5230-17, 35¢; 4329-16, 85¢; 4330-17, 30¢. In general cotton sold for 300 points above the government loan last week.

also the old 1040 form. The new form is a one page basic form to which schedules can be added to cover any tax situation. IRS say that 77 million returns will be filed for this year - 1969. An estimated 31 million will use only one page. Another 22 million returns will consist of the new one-page form and one additional attachment. Thus, about 75% of all the 1969 income tax returns will require only one or two pages. IRS assures taxpayers who formerly filed the little card form 1040A that the new form will not complicate filing nor require additional information of them.

The new form simply provides a different place for the information that should actually be easier to use. The good tax folks feel that the new form will help 1040A filers take advantage of all the deductions available to them, especially those who overpaid their income taxes because they were not aware of, or could not take advantage of, the various tax benefits available to them. Internal Revenue gave the problem long and thorough study before they changed the tax form. Let's all hope it will make the job easier and save us a few bucks.

IN LUBBOCK

HALLOWEEN CARNIVAL BIG SUCCESS

The annual Halloween Carnival held Friday night in the school gym was enjoyed by a large number of people. There were booths for all ages, cake walk, bingo, spook house, chances sold for a turkey and a free box of groceries and many more things to catch your eye, highlighted, as always,

by the coronation of the high school king and queen.

Mrs. M. D. McGaughey won the turkey given away by the Freshman Class and Tom Brooke Hudson won the box of groceries given away by the fifth and sixth grades.

The program followed the carnival with each class in school presenting a skit. These varied from square dancing to the B. H. S. version of the popular TV series, Laugh-In. There were also singing, a marching routine, and a womanless wedding.

Following the skits, the royalty was introduced. Miss Mary Tom Barker, Mistress of Ceremonies, crowned two princes and princesses. They were first grade representatives, Kathy Hobertz and Billy Robinson and eighth grade representatives, Mary and Bobby Brannen. Last year's queen, Miss Sara Golden, now of Lubbock, then crowned the 1969 High School King and Queen. They were the Junior candidates, Miss Judie Ryder, daughter of Mr. and Mrs. Bill Ryder and Don Roberts, son of Mr. and Mrs. Kenneth Roberts. First runner-up was the Senior class candidates, Laney Patterson and Bud Clower.

The people of Benjamin wish to thank all of you who helped to make this carnival the success it was. Especially do we thank the merchants of Knox City who donated items for the various booths so that our carnival expense was not so great. THANKS AGAIN!

A lot of news has taken place here in Hawaii during the past few weeks, and most of it concerns the below twenty-five age group. During the summer, negotiations were completed to bring the "American tribal rock musical, "Hair," to a theater here in Hawaii. Auditions were held, directors named, a theater was chosen and everything was just hunky-dory. Though it was no surprise to me, the majority of those trying out for parts in "Hair" were flower children who didn't even seem to know how to bathe themselves, much less act! (Of course, as I understand it, in this "play" the most a person has to do is to stand around in his or her birthday suit and act his normal part - that of a fool!) A full cast of 18 was finally picked.

Now, it turns out that the theater in which the musical had been slated to play was about 200 seats shy of the desired capacity. Therefore, "Hair" is without a home, for the time being. Opening performance is scheduled for November. Choice seats are going fast.

Last Saturday night police were assaulted and their cars damaged by a crowd of hip rock music fans who attempted to storm their way into the Honolulu International Center, where the rock bands Steppenwolf, Blue Cheer, and The Buffalo Springfield were flipping out. The crowd, some of which were under the influence of drugs, were angered by the high cost of tickets, which ranged in price from \$3.50 to \$5.50. Honolulu Mayor Frank Fasi stated that this sort of thing wouldn't "happen again."

The high schools began their 1969 football campaign on September 12, with the Punahou Buff 'n' Blues and the Iolani Red Raiders expected to be tops in the Interscholastic League of Hawaii (ILH), while the Waipahu Marauders and the Kailua Surfriders are slated to be tops in the Oahu Interscholastic Association (OIA). The ILH is the urban league of schools, made up of high schools within the most populated areas - namely around Honolulu - while the OIA is the league of rural schools on the island of Oahu.

Apparently, only one or more mainland teams - one from Medford, Oregon, and one from California, - can afford to send their teams over, so the competition is waged primarily among Oahu teams. The state finals bring in the championship teams from the other islands. Each interscholastic league has its own playoffs, such as do classes 4A, 3A, 2A, and 1A there in Texas.

There are some pretty fierce rivalries in Isle football, and the response of the fans is terrific. Some of these Hawaiian players are top notch, but wouldn't compare, of course, with some hands that the Lone Star State puts out. One ex-high schooler, for example, named Wedemeyer, played offensive halfback for Michigan State in 1968.

This year the University of Hawaii "Rainbows" will be out to try to better their 1968 record of seven wins and three defeats. The season began on the 20th of September when they were tied by the New Mexico Highlanders 16-16. They defeated a team from Central

Washington 38-6 last Saturday night. The "Rainbows" will play a mostly small college schedule, consisting of teams like Linfield of Oregon and Puget Sound of Washington. However, they do play some pretty-good-sized schools, such as Santa Clara and Santa Barbara from California. People at the Manoa Valley campus of UH are still buzzing over the past college exploits of Dallas Cowboys' second year man, Larry Cole, a former tackle for the Hawaii Rainbows.

The Army tested nerve gas during 1966 and 1967 over on Hawaii, but evaded the issue until U. S. Representative Patsy Mink coaxed a confession out of the pentagon last week. Local newspapers have really been having a field day with the item, reminding all Islanders that thousands of sheep were killed when the gas was tested in Utah a while back. The Army apologized, saying it wouldn't happen again. The State might even them from the leased property anyway.

For now, that's pau. Aloha ..

I went through a lot of books last summer; here they are and my opinions of them.

The Wine and The Music by Barrett, about a Catholic priest who loves, marries and is tormented by his divided loyalties.

A Case of Need, Hudson pseudonym, a doctor searches for the clue that tells why a young patient died. Fair.

A Place Called Saturday, Mary Astor; a good book about a raped woman who refuses abortion, the way it affects her husband and their marriage. Good writing with a buildup of suspense, but when the end came the balloon didn't pop, the air just escaped.

The Graduate, Charles Webb; just like the movie, a needed message for adults, but if all the words were boiled down they wouldn't fill a thimble.

Consider the Season, Reuben Merliss; another doctor story and so help me, I can't remember what this one was about. Call Carol Godsey, it's her book.

Topaz by Uris; spies, government spies and I-spy spies. Good grief! the government is one big incomprehensible and irrevocable mess.

No marriage in Heaven, Grace Fletcher; a young woman marries a preacher, a calm book.

good ideas it left me; if charge accounts and credit cards were only known as debt accounts and debt cards how much less people would use them; and a great obsolete sentence "We will have to do without."

The Godfather by Puzo: This is one of those raw, gory, sexy, books full of good dialogue and action - couldn't put it down. I never realized that the Mafia was so far reaching and powerful, and according to this, more active than ever.

The Klansman by William Bradford Huie; a "normal" Southern novel; again, you will be surprised and ashamed because things like this do happen in this world. Many horrible things are done by well-meaning white Christians.

The Fixer by Bernard Malamud won the Pulitzer Prize and the National Book Award. It's about a Jew wrongly accused of murder and his days in prison. Every page I kept expecting the action to begin and the wonder of the book to become obvious. I was disappointed.

The Horsemen by Kessel about an Arab horseman, his horse and servant and their long trip outwitting death.

S. J. Wilson's To Find A Man is about a young man asked to find an abortionist for a childhood friend, sonaturally everyone assumes he is the father. Good humorous writing but a shallow plot.

Twelve Angels From Hell by Wilkerson is about a preacher in New York City who helps teens find their way back from drugs.

In the Spring 1967 Reader's Digest Condensed Books I read one summer in between by Melissa Mather about a Negro college girl from the South who a summer as part time help for a Northern white family and comes to change her views of white people in general; Dibs - In Search of Self by Axline about a small boy locked within himself; his parents had given up on him as emotionally disturbed when really he was exceptionally bright when allowed to express himself; and Sally by E. V. Cunningham, a well written, medium-light suspense-romance.

Just finished The Learning Tree by Gordon Parks; very good, a young Negro boy grows up, made into a movie of the same name.

Search for the Girl with the Blue Eyes by Jess Stern made me, and I wonder if everyone, wonder about the possibility of reincarnation.

I'm half way through with Edgar Cayce by Stern, but that one will probably take a whole

column. Talk about possibilities off

And have borrowed a book on the strength of its title alone. Due to Lack of Interest Tomorrow Has Been Canceled. Maybe it's a sentimental attachment - it reminded me of a lot of people I know.

Which concludes what I did last summer in my spare time. Also went through stacks of magazines, circulars and on desperate days, grocery ads, which we won't go into. The former varied and the last two were lousy. Anyway, good reading, everybody.

A large number of common household stains do not require special treatment except for a fifteen minute cool-water-soak period before garments are put in the washer, says Doris Myers, Extension specialist at Texas A&M. For fabrics which can be bleached, the addition of chlorine bleach to hot sudsy water will remove many common stains.

It's possible to breed a steer for more and bigger steaks, according to U. S. Department of Agriculture scientists. But, they say, there is little hope for breeding steers with more sirloin steak and other desirable cuts and less steat beef and less desirable cuts.

how can Lone Star Gas help you get rid of wrinkles?

We know all wrinkles are not due to aging. Some are due to drying. And dryers. Some dryers affect clothes the way sun affects skin. They not only dry out moisture, they bake in wrinkles. Even in permanent press. But gas dryers are more sensitive to your family's clothing. And more sympathetic to your work load. Most new gas dryers have a special cool-down cycle that turns off the heat before your clothes become overheated. That means your clothes have fewer wrinkles. And you have less ironing. You also have less expensive utility bills. Because gas dries for about a penny a load. See your gas appliance dealer or Lone Star Gas Company. Find out how to take it a little easier. And avoid wrinkles.

Streams In Desert Places

BY OZELLE STEPHENS

"I will both lay me down in peace, and sleep: for thou Lord, only makest me dwell in safety." Ps. 4:8
These are precious words and rewarding promises to all who put their trust in God, instead of people or worldly things. Is this not what the people who are not satisfied, seeking? Only those who go to the holy word of God can know that He is a rewarder of them who diligently seek Him. David's life was in danger and his heart was broken when he spoke these words. He had been deceived by his own sons and his people. He found peace and safety in the Lord and laid down to sleep in sweet calmful rest. Only the Lord can give such wonderful love and protection.

Beta Chi Chapter Meets In Haskell For Salad Luncheon

Members of the Beta Chi Chapter of the Delta Kappa Gamma enjoyed a salad luncheon Saturday in the Community Room of the Haskell National Bank, hosted by Weinert and Haskell members.
Mrs. Iva Palmer of Haskell showed slides and told the group of her travels in Japan, India, and other places of interest in the Orient. As she talked, Mrs. Erma Liles, also of Haskell, played appropriate piano selections for the foreign descriptions.
Theme of the Saturday meeting was "The Orient - The Twin Shall Meet."
Mrs. Arlie May Burkett, also of Haskell, described the educational progress being made in these countries.
Vice president Mrs. Lillian Logan of Knox City presided in the absence of the president, Mrs. Virginia Casey, also of Knox City.
Those attending from Knox City included Mmes. Frankie Baker, Sammie Carpenter, Sue Cash, Mary Jo Lankford, Hazel Long, Esther Weaver, Bonnie Crone, and Logan.
The next meeting will be in Knox City on December 6 when "Christmas Around the World" will be the program with Mrs. Mary Jo Lankford as leader. Participating on the program will be Mrs. Mary Martin and Mrs. Erma Liles, both of Haskell, Mrs. Virginia Casey and Mrs. Dottie Lowrey, both of Knox City.

Letter To The Editor

Knox County Herald
Knox City, Texas 79529
Dear Billie Bess
Will you please check with the circulation department and see why I did not receive my paper for last week. It usually comes on Saturday.
I did receive a notice that my subscription would expire and I sent my check immediately.
As you know, I just can't keep up with all you good people in Knox County unless I receive the "Scandal Sheet" from down there.
I am so glad you finally got a report for Benjamin news as my mother just couldn't write me about everyone, so, really missed it when you didn't have a reporter.
Hope you can send me that issue I missed and will be looking forward to the paper every week for another year.
Sincerely,
Julia Propps

Party Friday For Eighth Graders

Miss Sandy Barker hosted a Hallow'en Masquerade Party for her eighth grade class at the Tip Top Cafe last Friday night, October 31.
Twenty-two students enjoyed games and Cokes. Prizes were presented to Debbie Bishop and Randy Pack for the best dressed spooks. Judges were Mrs. Eddie Barker and Mrs. John Grindstaff Jr.

Blood Program Directors To Meet Thursday

The annual conference of directors of the Red River Red Cross Blood Program will be held in Wichita Falls Thursday from 10 a.m. to 2 p.m. at Uncle John's Pancake House, 3064 Seymour Highway.
Jack Hulsey from Jacksboro, chairman of the board of directors representing each of the 22 counties in the program are urged to attend and vote on important action to be considered. Anyone interested in the blood program is invited to attend.
George Clevenger, administrator of the regional blood center, said some of the 22 member counties are behind in meeting their blood and financial needs. He said the board will be asked to review these shortages because they create a hardship on the other counties.
The directors will inspect the new blood center building study measure for increasing blood donations, and develop plans for 1970.
Counties in the regional blood program in Texas are Archer, Wichita, Wilbarger, Hardeman, Childress, Cottle, King, Foard, Baylor, Knox, Throckmorton, Clay, Young, Jack and part of Montague County.
Oklahoma member counties are Harmon, Jackson, Tillman, Jefferson, Cotton, Garvin and Murray.

Mrs. Bigham Reports An Eventful Trip

Mrs. Mary Bigham returned recently from a trip to Gold-waithe where she enjoyed an extended visit with her nephew and niece, Dr. and Mrs. T. C. Graves.
While visiting in the Graves home, Mrs. Bigham attended a number of interesting area events. Among them was the dedication ceremony of the Douglas McArthur Academy of Freedom in Brownwood built on the old Daniel Baker Campus which presently belongs to Howard Payne College. She also attended an organ recital at Howard Payne presented by the nationally known organist, Christine Gentry.
Mrs. Bigham heard noted news commentator Paul Harvey speak when she attended a dinner in conjunction with the Academy dedication held at Brownwood Coliseum.
Another highlight of her visit was the colorful rose parade in Tyler and the festival rose show in the Garden Center Building with 6 million cut rose blooms on display. She concluded her eventful vacation with a luncheon for the Federated Music Club held in Waco, 88888

Senior Class News

By LINDA MARTINEZ
 Congratulations to the Greyhounds for their terrific performance in Friday night's game. Also, congratulations to the Freshmen for having received the "Spirit Stick" last week.

This past week the Seniors have been reading in class William Shakespeare's "Macbeth". As outside work, each student must read and report on another one of Shakespeare's plays. All in all, the reports so far have been very interesting.

Junior Class News

By GWEN ANGLE
 Wowee! Did we beat Chilli-cothe? You better believe it! That was really a good game. (It wasn't exciting but the score was great!) The Hounds play Holliday, there, Friday night. It should be a good close game so ya'll come help the Hounds win.

This week the Junior mothers meet with the Senior mothers to start planning the annual Thanksgiving Supper. Make plans now to attend.
 Basketball season is here for the Houndettes and we have already had one scrimmage. We played Weinert, Saturday morning. Monday, after school, we play O'Brien here. Junior girls playing are Betsy Ross (triple captain), Alice Martinez (triple captain), Mary Beth Anderson, Emmy Jones, Glenna Gideon, and Gwen Angle.

Sophomore News

By CAROL SPECK
 Congratulations, Hounds! We really ran over those Eagles. Next Friday we will play Holliday at Holliday. Let's go get em!
 The Houndettes will scrimmage O'Brien Monday after school. This will be our second scrimmage of the season. Come out and support the Houndettes.

Sports News

By JILL THOMPSON
 The Greyhounds showed their skill at football this past week. The "B" Team beat the Munday Mogul "B" Team 6 to 0. Leslie Fitzgerald made the touchdown. The long trip to Chilli-cothe must have really pepped up the "A" Team Greyhounds. It's not often a high school football team defeats another 57 to 12. "Hounds, we're really proud of you, and we know that if you set your heart to it, you can BEAT HOLLIDAY. The Greyhounds play Holliday there, Friday night at 7:30. For some of the Greyhounds, this is their last out of town game, so please come out and give them the support they deserve.

Lou Ann McGaughey started off her Senior year in basketball by scoring Knox City's first eight points. Lou Ann is a tri-captain and is the only Senior on the team that has lettered three years.
 The Houndettes played Weinert here November 1. After four quarters of play the score was Weinert 34 and Knox City 23. Two more quarters were played (so all the girls could play) and the score was Weinert 50 and Knox City 41. Lou Ann was high with 18 points. The Houndettes played O'Brien here last Monday. Details will be given in next week's paper.

Returning lettermen are Lou Ann McGaughey, Teresa White, Brenda Vassar, Alice Martinez, Betsy Ross, Gwen Angle, Carol Speck, Connie Gentry, and Kathi Kent.
 Those receiving suits for the

first time this year were Mary Beth Anderson, Karen Helms, Debbie Burt, Patricia Lewis, and Jan Guinn.

Even though the Houndettes are not in tip top shape yet, they are looking forward to winning many games.

FHA News

By ALICE MARTINEZ
 The FHA girls had a good turn out on their money-making project last Wednesday night. Jill Thompson was chairman of this project.
 Pepper and vanilla was sold door to door. The FHA wishes to express their thanks to all those who bought these items.
 Anyone wishing to purchase any black pepper and vanilla may contact any FHA members.

KATHY VERHALEN, far right and Gayle Campbell, third from right, are serving as co-editors of the Annual Staff this year. Other members include, from left, first row, Kathi Kent, Connie Gentry, Gwen Angle, Betsy Ross, Becky Swain, Gayle, Linda Martinez, and Kathy. Second row, left, Brent Railsback, Tommy Guy Waldrip, Kenny Lawson, Charlie Lieb, Mike Newton, Rogers Lankford, Leslie Fitzgerald, and David McGaughey. Mrs. Dottie Lowrey, sponsor, was not available for picture.

Staff Begins Work On Greyhound Annuals

The 1969-70 Greyhound Annual Staff was completed several weeks ago with the addition of three freshman members.
 Co-editors Gayle Campbell and Kathy Verhalen are being assisted in this year's work by assistant co-editors Betsy Ross and Rogers Lankford.
 Mike Newton serves the staff as business manager, Kenny Lawson is photographer, and Linda Martinez as official typist. Tommy Guy Waldrip heads the annual sales, and Gwen Angle is head of the ad sales. Sophomore salesman are Kathi Kent, Connie Gentry, Brent Railsback, and Charlie Lieb.

Seventh Grade News

By STACY ANGLE
 The Knox City Greypups defeated the Munday Braves 20 to 8 last Thursday night. This week the Greypups will play the Paducah Lizards here.
 Monday afternoon the Junior High girls will play the O'Brien girls in a scrimmage.
 This year the Greypups from the Seventh Grade have been Wade Arledge, Gary Carver, David Butler, Doak Graham, Joe Huff, Randy Lewis, Danny Lewis, Mirro Dever, Johnny Bradford, Bruce Railsback, Cliff Ray, Joey Swain, Mike Logston, Ray Hernandez, Mike Hickman, Robert Taylor, and Harvey Reynolds, manager.
 The cheerleaders and majorettes this year from the Seventh Grade have been cheerleaders Debbie Reese and Gayle Tankersley and majorettes Kary Kent and Stacy Angle.

Greyhound Kennel Staff Now Complete

Three more members were added to the Greyhound Kennel Staff last week, rounding out a complete staff who makes it possible for the Herald to present news from every section of the junior high and high school departments. However, the news certainly is not limited to these sections and the Herald and readers alike would welcome any news from first grade through twelfth, even though class reporters are not chosen in the lower grades.
 Kathy Verhalen, daughter of Mr. and Mrs. Matt Verhalen and a senior honor student, was chosen as Kennel editor this year. In addition to the responsibilities of this job, Kathy maintains an A-average in her studies, serves as co-editor of the Annual Staff, is secretary-treasurer of the senior class, first vice president of the Future Teachers of America, third vice president of Future Homemakers of America, secretary-treasurer of the National Beta Club, and is serving her third year as cheerleader.
 Miss Verhalen was chosen "Miss Firelighter" in her junior year, Best Actress in District, UIL during her sophomore year, was rated among the top ten per cent in the nation on an achievement test her sophomore year, and won second place in UIL poetry her junior year.

Assisting Miss Verhalen is co-editor Lou Ann McGaughey, senior student and daughter of Mr. and Mrs. Allen McGaughey, and Kennel sponsors Mrs. Ottis Cash and Ward M. Cooksey. Other staffers include senior reporter Linda Martinez, junior reporter and band reporter Gwen Angle, sophomore reporter Carol Speck, freshman reporter Lanny Cypert, freshman homemaker reporter Belva Penman, freshman Greenhand reporter Greg Clonts, sports reporters Jill Thompson, Ricky Reid, FHA reporter Alice Martinez, FTA reporter Mary Beth Anderson, Beta Club reporter Kenny Lawson, Science reporter Brenda Vassar, Choir reporter Brent Railsback, FFA reporter Tommy Waldrip, eighth grade reporter Denise Grindstaff, seventh grade reporter Stacy Angle, and junior high band reporter David N. McGaughey.

 Our FTA meeting for the month of November will be held on Tuesday night instead of regularly scheduled Monday night on account of the TSTA meeting in Benjamin.
 At this meeting which is to be held Tuesday, November 4th, the speeches for Mr. and Miss FTA will be given. Judges for these speeches will be Mr. John McGaughey, Mrs. Casey, and Mr. Baker.
 Also the FTA candy sale should begin soon, probably the latter part of this week.
 The District IX meeting will be held November fifteenth at Hersh High School in Wichita Falls, Texas. At this time the Mr. and Miss FTA of our Chapter will represent Knox City. Guest speaker at the meeting will be Mr. Lee Hicks.

Band News

By GWEN ANGLE
 Oh, will miracles ever cease? Our contest has been postponed until next Wednesday, November 12. That gives us another week to work and polish. We'll be ready to do our best.
 Last week we finally got to have our clinic. We nearly froze to death but at that time it was then or never. Mr. George, the clinician, showed us some things, and I do believe that we look sharper now.

All the band members surely were proud of the Hounds Friday night. Way to go! We didn't get to march because the field at Chillicothe wasn't marked off right.
 Hope to see all of you at the game at Holliday, Friday night.

Pep Club News

By KATHY VERHALEN
 "Way to go, Hounds!" Last Friday our boys played an excellent game against the Chillicothe Eagles. The scoreboard lit up a 57 to 12 score in favor of the K. C. Greyhounds. Each of the Hounds did his share of the work and each was responsible for the victory.
 A short pep rally was given in honor of our team that afternoon. Sacks of Halloween candy were handed out to the

boys as they came into the gym while the crowd chanted "Trick the Eagles! Treat the Hounds!"
 A short skit was presented by Lou Ann McGaughey, Phillip Newton, and Connie Gentry. Two couples (Vonnie Brooks and Victor Gonzales, Kathy Verhalen and Mike Newton) gave two more short skits.
 Next week the pep club will go to Holliday to back our Hounds. Join us as we observe another HOUND VICTORY!

Freshman Homemaking News

The Homemaking 1 girls have divided into four different groups and begun working in their kitchens. This week has mostly been "clean-up week" as everyone has been washing cooking utensils and inserting new shelf paper.
 The pepper and vanilla sale the FHA girls gave last Wednesday was quite a success. We would like to thank everyone very much who helped us out.

Eighth Grade News

By DENISE GRINDSTAFF
 Last Monday night the Grey-pups met the Munday Braves at the Munday stadium. The Greypups played an exceptionally good game. The final score was 20 to 8 our favor. We play our last game Monday, November 3 with Paducah, here. The Junior High "B" game will be at 5:30 and the "A" game will follow.
 The Pupettes will play O'Brien November 3rd after school. The next scrimmage with O'Brien will be November 11th. The Pupettes received their suits last Thursday at basketball period.

The story of P. K. Wrigley and

THE LOCOMOTIVE

One day P. K. Wrigley was riding on a train with a friend and the conversation turned to the chewing gum business. The friend, who had an eye for saving a penny, suggested now that

Wrigley chewing gum was so well known and had such a large distribution that it might be wise to dispense with the advertising, save that expense and make that much additional profit.

"I could ask the conductor of this train the same question," replied the financial genius, "This train is now going 60 miles per hour, so why not disconnect the engine? Advertising in merchandising is what a locomotive is to a train. It is the power which keeps it going."

Coaches' Comments

By COACH HIBBITTS
I believe Friday night's game against Chillicothe had to be our best effort of the year. Every play of our game was clicking. It was one of those games where hardly anything could go wrong. This sometimes causes a problem in itself in trying to hold the score down but I would rather have this problem than one of trying to figure out how to score.

Our line completely dominated Chillicothe's. The backs found huge holes to run through and they ran well. Our passing game was excellent with our receivers making several out-

standing catches. The defense was even more outstanding. The Eagles were limited to only one first down in the first half.
The Greyhound defense this whole year has been outstanding. We have given up a total of 74 points through 8 games which averages 9.2 points per game. The most points scored on the Knox City team to date is 17 points by Rule and 16 points by Munday. We are proud of this fact and believe in the future if we can generate a little more offense like we did against Chillicothe, we can win the big ones.

The fact that we are most proud of is the team's pride. We realize that we are out of it but the last thing we are going to do is quit. We have the rest of this year and 33 boys on the squad for next year and that's a lot to play for.

Let's all go to Holliday and support the Greyhounds and show them we haven't quit either.

B Team Wins Over Munday

The Knox City Greyhound "B" Team defeated Munday's "B" Team 6-0 last Thursday night when they met in contest on the Munday home field.
Neither team managed a score in the first quarter but during the second quarter, KC's Leslie Fitzgerald ran 30 yards for a Greyhound score. The conversion was had, neither team scored the second half, and the game ended on a 6-0 note.

The "B" team game scheduled with Munday at Greyhound Stadium tonight (Thursday) was cancelled by Munday due to team injuries and sickness. Coach Charles Hibbitts informed the Herald Tuesday morning that another game had been matched with Anson and would be played there tonight at 7:00 o'clock.

Understanding Your Parents

College Station - The generation gap works two ways: misunderstood children and misunderstood parents.

"Understanding Your Parents", a new fact sheet from the Texas Agricultural Extension Service, explores parents - what youth expect of parents, how they can help parents.

A first step is to accept parents as they are. This does not mean liking and admiring everything about them.

Mothers Can Get Helpful Guide To New TV Show

What's on the curriculum for Junior's television lesson today?

Mothers and teachers of preschool children who will be watching television's new entertainment and education series, "Sesame Street," will be able to find out in advance with the help of a special monthly Guide.

The series begins Nov. 10 on the more than 170 public television stations from coast to coast.

In addition to information on the main educational elements of each day's program, the "Parent/Teacher Guide to Sesame Street" will offer suggestions about followup activities that might be conducted with the child viewers to help reinforce what they learned on the day's program.

Six issues of the Guide are scheduled, each containing detailed information on the program.

Recognize that being a parent is a hard job.

Parents have many material and emotional responsibilities. Financial support, protection, love and affection and proper social and intellectual development are a few.

They have additional responsibilities in school and community affairs.

Appreciate that some adults are better equipped than others for parenthood. A very few have ever had formal education in family living or the care and raising of children.

They learn after they are married and have children.

Some parents worry; others do not. Some find it easy to have trust and faith; others do not. Some are easy going and never get upset; others do.

scriptions of 24 upcoming shows. The Guide also does double duty because it folds out into a full-color wall poster dealing with some subject covered in the show. The poster subjects range from the letters of the alphabet to numbers to geometric shapes to logic games.

The first issue is being offered free as a sample to parents and teachers who send their name and address to Parent's Guide, Box 9140, St. Paul, Minn. 55177. The subscription rate for the series of individual copies mailed in advance each month is \$2.

A supply of copies is also being made available through many public television stations for use by Head Start groups and day care centers and special "Sesame Street" viewing groups.

"Sesame Street" is designed to prepare three, four, and five-year-old children with information and skills that will be helpful to them when they begin their formal education.

News From SS Office

Is retirement a graduation or a commencement? It may be both for many people. It might be said that those who retire at age 65 graduate from active work to retirement, commencing a completely new life, according to Mrs. Helen Rigdon, social security branch manager.

"For many, of course, this will not be considered a graduation. For many who have worked hard all the time since their early years, it may seem more like an expulsion. For some - even some who have talked about all the good things they would do when they reached retirement age - it will mean that all those days of leisure ahead are dreaded, even as they first commence."

If you are 65 and going to apply for your social security benefits (and Medicare benefits), you will find that you can receive your social security retirement and still work part-

TREAT LOUSY CATTLE NOW

Lice that are on your cattle now are the ones that start the winter infestation. Since lice don't fly and they don't spend any time on the ground or in the brush, treatment of lousy cattle now will kill all of the lice that are on your cattle and the cattle will stay free of lice this winter unless they come in contact with a lousy animal.

Don't wait until your cattle are rubbing the fences down before you treat for lice. Treat cattle by a thorough spraying or a good dipping now before the weather gets bad and their hair gets long. If treatment for

lice is put off until cattle are noticeably infested, the cattle have been weakened and the lice are more difficult to control.

Insecticides and application rates recommended for lice control on cattle are listed in the "Texas Guide for Controlling External Parasites of Livestock and Poultry," which is available in your local county agricultural agent's office.

Before buying insecticides for spraying or dipping cattle, read the label on the insecticide container completely. Pay particular attention to warnings and restrictions listed on the label, check on waiting periods especially if some treated cattle may be going to slaughter.

time. You can earn up to \$1680 a year in wages and self-employment income and still get all of your retirement checks. You will also learn that even if you earn more wages than \$1680, you will often be due some retirement checks. This combination of some work and some social security checks frequently may work better for you than wither complete retirement or full-time work.

It may be, on the other hand, that you will be one of the many who look forward to full retirement - to travel - to give some of their time to service organizations - to use some of their talents which they have not found time to use while working full-time.

Whatever your choice, to retire or not to retire, Mrs. Rigdon urges that you contact the Social Security representative and discuss your situation during the 3 months before the month of your 65th birthday. "Inaction is one way of saying 'No' to Medicare coverage, and may also cost you some income dollars."

Celery root is a knobby root in season from October through April. When buying, select firm, clean roots, suggests Mrs. Gwendolyn Clyatt, Extension consumer marketing specialist. Serve it cooked or raw with hot melted butter and lemon juice.

RAT AND MICE CONTROL
It's that time of the year again when rats and mice move into better quarters for the winter. These pests, not only eat and spoil grain but also carry diseases and in general play havoc around the farm.

Just 50 rats can eat enough grain annually to feed a dairy cow. One rat can eat about two-thirds as much mash as a hen but the big loss comes from the waste and contamination they cause.

Property is damaged or destroyed by their gnawing, burrowing and nesting. Grain bins, paper cartons and wood containers are damaged and their contents spilled and contaminated.

Rats can also start fires by gnawing electric wire insulation and electrical appliances may be damaged by short-circuiting open switches. They use inflammable materials in their nests and their burrows can weaken foundations.

All told, some 35 known rat-borne diseases are a threat to humans and animals. A good cleanup job will eliminate their favorite living quarters but baits or other materials may be needed to bring them under control. Several materials are available at most farm supply stores.

It is a wise practice to closely study the label on any material used, and to follow closely the manufacturer's labeled instructions for safe use.
