## Complete Offset Printing Plant Installed In Munday

Mr. and Mrs. T. P. Herring started their business career in August, 1963 when they purchased the Rochester Reporter. Two years later, August 1, 1965, the Munday Times was bought. In April, 1967 the Rule Review was added, and August, 1967 the Knox County Herald was also purchased.

The newspaper field for as long as we can remember is different from any other business that exists. For example, for 50 to 75 years the method of printing did not change. All papers were printed letterpress in each town that was large enough to support a family. Changing times have changed many businesses before it came to the newspaper's time for a drastic change.

Since World War II our country as a whole has made a complete change and America is still the leader of all nations in progress. Progress must be made in all nations and businesses if prosperity is maintained.

Although the Herrings' business career started in 1963, their newspaper experience began many years prior. In fact, Mr. Herring began at age eleven and Mrs. Herring in 1960.

Herring is a native of Rochester, an' Mrs. Herring a native of Knox City. She is the former Norma Whitten, daughter of Pete Whitten and the late Mrs. Nancy Whitten.

The Herrings were married in June 1948 and leaving Rochester in early 1950, have lived in various parts of Texas until they returned to Rochester in 1963. Herring worked with small and large daily newspapers during that time. He was foreman for the Dyess Air Force Base paper for two years and the Western Observer at Anson for four years.

In July 1966 mechanical difficulties and the shortage of qualified trained help forced a change in the printing methods for the Herrings. We recall the evening "ole Betsy" (the printing press) collapsed in several pieces and the offset plant at Quanah was our only "close to home" hope. At that time only four or five such plants were in operation in Texas.

Plans began to be made at that time for a central printing plant in this area. After two years of hard work and planning we now have such a plant in Munday. The Mayes building formerly occupied by Hogsett Chevrolet Co. has been purchased and remodeled to fit the needs of a central offset printing plant.

The four publications belonging to the Herrings were printed in the new facility Wednesday, May 1. This past week in addition to these four, two other publishers have entered into an agreement for their papers to be

printed here. They are the Hamlin Herald of Hamlin and the Western Observer at Anson.

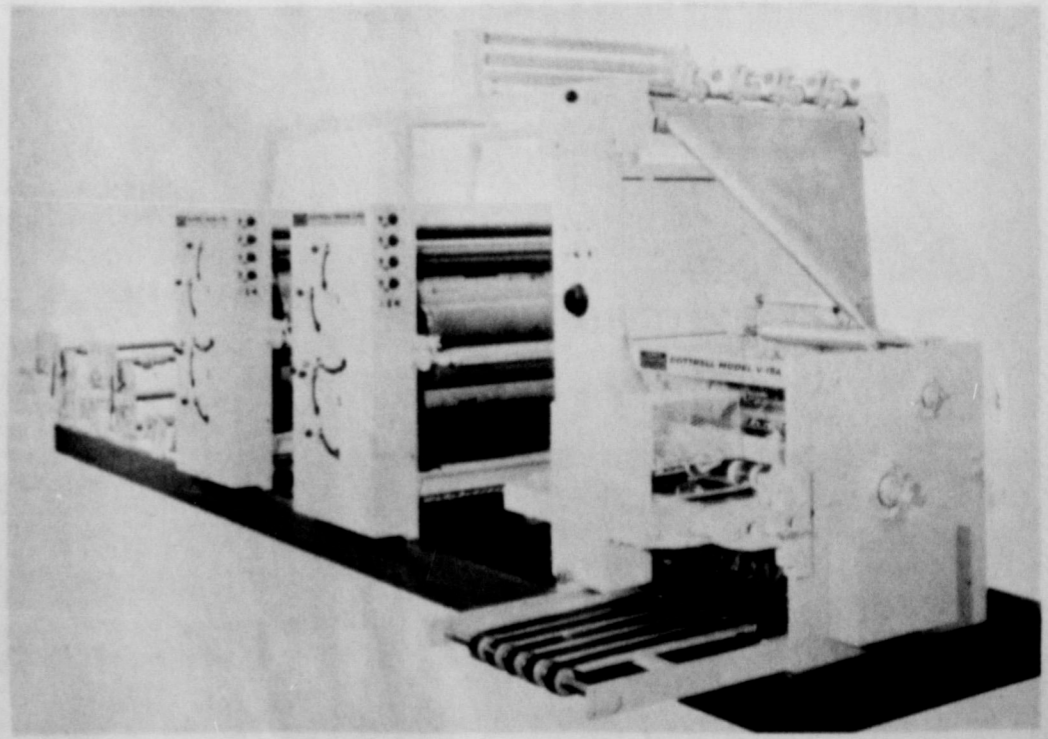

Plants of this calibre are almost price prohibitive for a publisher with only one publication. In this case, where one publisher has four publications to justify the investment, he not only can do a better job of serving his customers, but has the equipment and manpower to print several newspapers.

This plant consists of a camera and all the developing equipment of negatives, plate making equipment, and press for printing. The press can handle eight complete pages printed and folded, ready for mailing at a rate of 15,000 per hour.

The pictures are clearer and all printing more legible. Many aspects are now available for a better newspaper and it is the publisher's aim to always give the best possible in every way to each paper printed in this plant.

There are eight full-time employees and seven part-time employees connected with the Herring Publishing Company, all striving to serve the best people in the world, its customers.

Open House for the central offset plant is being planned for June 28 during Munday's Vegetable Festival.

FT. POLK, LA. (AHTNC) - Army Private Billy J. Acosta, 22, son of Mr. and Mrs. Jessie C. Acosta, Knox City, Texas, completed nine weeks of advanced infantry training May 3 at Ft. Polk, La. His last week of training was spent in guerrilla warfare exercises.

Billy arrived in Knox City Saturday, May 4 for a 20 day leave. He will report to California for overseas assignment leaving Knox City on May 20.

He is a 1965 graduate of Knox City High School.

Tommy Edward Woodward was born in Knox City in the Knox County Hospital on February 2, 1950. His parents are Mr. and Mrs. C. E. Woodward of Keyes, Oklahoma. He is the oldest child in his family. He has two brothers and one sister.

He is a Senior this year in Knox City High School. He has attended Knox City schools all of his life, except for six months during his Junior year, in which he attended Lake Worth High School in Fort Worth.

Activities in high school include: FFA - four years, FTA - four years, and Choir - one year. He was Runner-up for Class Favorite his Sophomore year. ## Farmers Union Board Seeks Action On Agri.

The Board of Directors of Texas Farmers Union, meeting in regular session at San Antonio last week, asked members of Congress from Texas and USDA officials to take action on several important matters affecting Texas agriculture.

The governing unit of the statewide general farm organization, representing 110 organized county units in Texas, asked members of the Texas congressional delegation to bring about the extension of the 1965 Farm Act as a "priority matter, which should be acted upon without delay."

Texas congressmen and senators were asked to carefully study some of the amendments of the 1965 Act which have been proposed by various groups and USDA to determine whether or not they are in "the long-time best interest of family farmers, and will increase net producer income."

The Farmers Union Board urged members of Congress to support the Mondale Bargaining Bill and to speak out publicly for the proposal to give farmers and ranchers legal authority to negotiate price. The resolution emphasized the need to adopt Title I of the bill which is "essential for bargaining authority."

Turning to recommendations directed at USDA, the farm organization leaders asked Secretary Freeman to "assure an orderly marketing of cotton stocks remaining in CCC hands and an improved bargaining position for farmers by announcing an extension of the cotton loan program after July 1."

USDA was also asked to "comply with the recommendations of the Amarillo hearing by announcing a mandatory diversion program with payments and an additional voluntary diversion program with payments to assure a substantial reduction in wheat acreage for 1969."

## Cancer Society Survey Brings 66,864 Replies

The American Cancer Society announced today it had received 66,864 replies to the Cancer Education Survey recently conducted in conjunction with its annual residential crusade.

Dr. Robert D. Howell, Medical Chairman, of the Knox County Unit of the Society, said the survey card consists of 6 questions for women and 5 for men. The questions concern specific health practices that, when observed, could substantially reduce the number of cancer deaths in the country.

Dr. Howell said, "Last year a similar survey revealed that many people are having proctoscopic examinations, a diagnostic test to determine the presence of cancer of the colon and rectum."

He continued that more women are having the Pap test and are practicing breast self examination. Still another part of the 1967 survey, devoted to questions about cigarette smoking, showed that 58% of the men and 71% of the women do not smoke, and of those who once smoked, more men than women stopped smoking.

Dr. Howell explained that the cards are now being returned to offices in each of the fifteen areas and five largest cities of Texas. The American Cancer Society will announce the results of this year's survey as soon as the questions are tabulated. A study of the results will be made to determine the degree of change in people's health habits, and new education programs will be initiated to inform the public of what should be done to protect themselves against cancer.

Dr. Howell urged everyone who has received a survey card to complete it and return it as soon as possible. Contributions to the American Cancer Society may also be mailed to the same address as on the survey envelope.

IN MARTINEZ HOME

Rita Martinez and Sylvia Flores, both of Fort Worth spent the weekend here with their parents, Mr. and Mrs. Dan Martinez and Mr. and Mrs. Joe E. Flores.

More school children will die of cancer than from any other disease, says the American Cancer Society.

### Band News

BY PAM WALDRIP

The band students accompanied by Mr. Arnett, Mr. and Mrs. Buddy Angle and Stacy, Mrs. Sammy B. White, Mrs. John Egenbacher, Mrs. Kenneth Lawson and Mr. and Mrs. Charlie Clarke left Friday morning, May 3, for Corpus Christi. We stopped for a mid-morning snack in Abilene. Then something very drastic happened - the bus became lost, or at least that is what we thought. But everything turned out fine. The bus driver took a different route than the ones who followed in cars, and it just so happened that we all met in Brady for lunch. We arrived in Corpus Christi about 5:30 p.m. Friday afternoon. We stayed in the Gulf Way Inn, which was a very nice place under the management of two wonderful people. Many of the teenagers enjoyed a swim after we unpacked and got settled. We had a very good meal that night, and we tried to get to bed early because we performed on Saturday morning.

Only three Class "A" bands performed Saturday morning in the auditorium. We were the second band to play. Afterwards, we gathered to hear Ralls band perform. Knox City Band received a II rating. Ralls band was recognized as the outstanding band in Class "A".

We had some free shopping time before lunch, so many of us enjoyed going to town and looking in a few of the stores for souvenirs to take home. After lunch, we could hardly wait to go to Padre Island where we enjoyed the sun, the waves, and the salt water.

We returned to our rooms and the girls had trouble rolling and drying wet hair in time for the events of the evening. But somehow, we got ready and ate. Then we were taken to the boat docks and boarded a boat for a ride that night.

After returning to our motel Saturday night, some of the students and parents walked over to a bowling alley for a game. We welcomed Sunday morning because that was the time we started home. Having a speedy bus driver helped us to arrive home about 5:30 p.m. Sunday afternoon.

We had a wonderful trip and we owe many parents, teachers, and band boosters thanks for making our trip worthwhile and interesting. Mr. Arnett deserves so much credit for his wonderful work and time he has given in the years he has been here. Thank You!

The twirlers for the 1968-69 football season were named last month. They will be Sue Egenbacher, senior; Cindy Huntsman, sophomore; Kathi Kent, freshman, and Gwen Angle, sophomore.

The majorettes plan to attend the Texas Tech twirling school sometime in July. Here they will learn some new dance and marching routines and fundamental twirling steps. After attending this school they will

some of the student's houses. Then Saturday morning everyone is going on a hayride out to the Campbell's farm.

A committee will provide refreshments and entertainment for the group.

### Junior News

BY ANNE HOGE

Last Thursday, May 9, the Juniors went to Lubbock on their "Junior Sneak Day." We all want to thank Mary Reese and her family for the good breakfast they gave us that morning at 4:30 a.m. The bus left from Mary's house at 5:00 a.m. and we got to Lubbock about 8:00. We went by Texas Tech, but we didn't get out since classes were starting. We stopped to get a snack and then went shopping for about an hour. We ate lunch at the Koko Korner at different restaurants. That afternoon we went to the show, bowled, and shopped some more. About 5:30 we left Lubbock. We ate supper at Dickens and got home about 9:45. We would like to thank our sponsors, Mr. and Mrs. Burkhart, Mrs. Hise, and Mrs. Beason for going with us on our little trip. We had a wonderful time even though it rained all day.

Tomorrow night, May 17, the Jr.-Sr. banquet will be held at the school cafeteria. After the banquet, the prom will take place in the Ford House.

"Confess your faults one to another, and pray one for another, that ye may be healed (Spiritual healing) - - -" (Jas. 5:16)  
We find happiness and contentment comes from a total commitment of ourselves unto the Lord and an involvement with others. When we empty our minds of self and pray for others we are relieved of the problems on our hearts. We find joy and peace not by seeking it, but by being committed to the cause of Christ and helping others. We can have Mary's experience in our lives everyday that she had when she knelt before Him and cried, "Rabboni." He called her name. His promise, "Lo, I am with you always," is ours. We have only to meet the Lord daily in the garden of prayer and allow our hearts and minds to hear His voice. Then we can say with the psalmist, "The joy we share as we tarry there, none other has ever heard."

# fatso

Armstrong has a new cool tire—a wide track made with belts of fiber glass. It may look fat but it's as tough as nails, can give you over 40,000 miles of safe driving.

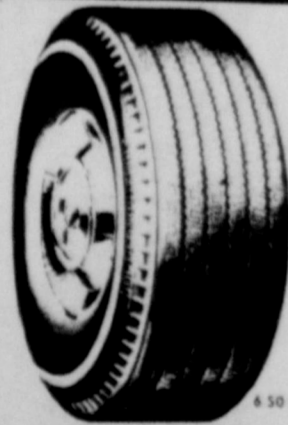

Now Armstrong introduces Fatso, a wide track made with belts of fiber glass. A wide track that lasts a long, long time.

Fatso is really built. Underneath his thick rubber hide, and above his nylon cords, he's got two belts of fiber glass that help keep the tread firm and tough.

Fatso resists heat at high speeds. He virtually eliminates blowouts. And he can give you over 40,000 miles of safe driving.

Fatso: A tough cookie available at your Armstrong dealer.

### Mrs. Lea Presents Closing Program For KC Study Club

Mrs. Ulric Lea presented the program for a Friendship Luncheon Saturday at the Woman's Club. The luncheon was the final meeting of the Knox City Study Club for the current club year. Mrs. Abe Watson and Mrs. H. L. White served as hostesses for the occasion.

Tables in the club were decorated with amaryllis in small bamboo glass holders brought home from Hawaii by Mrs. Lea. An arrangement of vanda orchids ad'ed to the Hawaiian theme. A lei of the orchids was worn by Mrs. Lea, who was dressed in a typical Hawaiian mu-mu of polished cotton in shades of multi-color postels.

After the invocation by Mrs. Claud E. Reed, program leader, Mrs. Lea showed slides of her travels to the Hawaiian Islands. She and her husband left the States the week after Christmas last year and spent six weeks touring Hawaii. She had articles on exhibit that her husband had made from black coral, white coral, and beautiful beads, made from seeds of various trees. She displayed wood n objects of monkey pod, koa, teakwood, rosewood, kullii, and coffeebean cane with olive crystals. According to Mrs. Lea, olive is the diamond of Hawaii. Awood pulp

lei was on display, as well as an arrangement of anthurium flowers of monkey pod. The base of the arrangement was of koa wood. The anthurium flower is leaf-shaped with along pistol in the center of each leaf. (During the time Mr. and Mrs. Lea were in Hawaii, a cutflower arrangement of the anthurium flowers was shipped to Knox City and placed in the sanctuary of the First Methodist Church.) According to Mrs. Lea, the most common of the anthurium flowers is the dark red shade. However, she said that they are available in all colors.

Following the program, Mrs. Louise Kemeltz installed incoming officers who will serve for two year terms. These included Mrs. J. C. McGee, president; Mrs. Phil Dudney, first vice president; Mrs. Claud E. Reed, second vice president; Mrs. H. L. White, secretary-treasurer; Mrs. George Davis, corresponding secretary; Mrs. E. Hob Smith, parliamentarian; Mrs. E. R. Carpenter, Federation counselor; Mrs. J. M. Averitt, Club House custodian; and Mrs. C. C. Hoge, reporter.

New members present for the luncheon included Mrs. A. P. Denton, Mrs. C. W. Stephens, and Mrs. Sam Floyd. Mrs. Kem-

letz, Mrs. Joe Clonts, and Mrs. Anzel Waldrip were guests.

Special mention was made of Mr. Kruger of Wichita Falls who spoke and showed pictures of his recent trip to Israel; Miss Katharyn Duff of the Abilene Reporter News; Dr. Paul Southern of ACC in Abilene; and several

others.

Mrs. McGee assumed the leadership with words of appreciation of the members, the zeal to gain more members, and finally, to promote the purpose of the club which is "The banding together of women for self-improvement and better understanding of ourselves, and the problems of the day confronting us, special work, and civic improvement."

### Pat Boone Show To Entertain At Fair

The Panhandle South Plains Fair Association's Board of Directors designated the Lubbock Christian College Associates as the organization to handle the advanced ticket sales for the Pat Boone Show at the 1968 Lubbock Fair.

This group of dedicated women have developed a "Go-Getter" reputation over the years and the Fair Board feels they will live up to that reputation.

The combination of Pat Boone, the Baja Marimba Band, The Jimmy Dorsey Orchestra and Master of Ceremonies, Don Rice insure top level family entertainment at each performance.

Last month, the LCC Associates turned the keys of the beautiful and functional, new home economics building over to Lubbock Christian College with no strings attached. This group of dynamic females made a dream come true—they built a building in place of an air castle and LCC received an instant building, painlessly and at no cost!

### 1968 4-H Sears Pig Program Distributes Six In Knox County

By Herman H. Collier  
Five Registered Duroc gilt pigs and one registered Duroc boar have been placed in the Knox County 4-H 1968 Sears pig program.

Receiving gilt pigs were Leslie Fitzgerald and Billy Baker of Knox City, Lowry Wilson, Jr. of Munday, and Billie Myers and Ray Herring of Rhineland, Glenn Herring of Rhineland received the boar pig.

Four of these gilts were distributed at Stewart's Animal Hospital in Munday on Tuesday, May 7 from litters from last year's program. The 4-H boys bringing in these pigs to go to new owners were Bobby Phil Denton of Knox City, Randy Reed of Gilliland, Larry Smith of Munday, and Deryl Brugge-man of Rhineland. The 5th litter from last year's program was produced by Glenn Herring's gilt of Rhineland. Even though the number of good pigs raised were greater in this litter than the others, they were almost all boar pigs, and there was not a satisfactory gilt for replacement. As Glenn's brother Ray was to receive a gilt these boys and their father decided to put up enough money to go out and buy a replacement gilt for Ray. The boar and replacement gilt were purchased from the Charles Graff Farm at Vernon.

The five 4-H boys receiving the gilts will meet September 7 or 14 to show their gilts for the County Champion. The first place gilt and the County boar

will then be shown at the Sears Store Area 4-H Swine Show at Wichita Falls Saturday, September 21.

Each of the five boys receiving gilts will be expected to return a choice gilt pig in the spring of 1969 to be distributed to other 4-H members.

### Tuesday Luncheon Scene Of Garden Club Installation

The Knox City Garden Club met Tuesday for a luncheon at the Woman's Club, marking the last meeting of the club for the Club Year.

The long T-shaped table was covered in white and centered with a miniature May pole surrounded by Colonial Dolls dressed in various colors of crepe paper.

Arrangements of red and white spring flowers were used at vantage points throughout the club room. The abstract arrangement was made by Mrs. Guy Robinson using the State of Texas as her subject, the state map, flower, bird and flag.

Mrs. J. C. McGee installed the following officers: Mrs. Arthur Crownover, president; Mrs. Ernie Wilson, 1st vice president; Mrs. B. F. Cornett, 2nd vice president; Mrs. Guy Robinson, 3rd vice president; Mrs. H. E. Wall, secretary-treasurer; Mrs. J. M. Averitt, parliamentarian, Mrs. C. C. Hoge, reporter.

As the officers marched around the tall May pole they were handed a larger flower of different colors to emphasize the duties of their office.

Visitors present were Mrs. Jim Rea; Mrs. Martin Smith,

Mrs. Sam Floyd, Mrs. D. Wolliston, Mrs. E. W. Harrison, and Mrs. Leo Wild of Hous-

ton.  
The president appointed a committee to work with the city on the eradication of "Blind Corners" in Knox City. This includes Mrs. J. C. McGee, chairman, Mrs. Claud Reed, and Mrs. John Crownover.
