Mrs. Escobar Dies; Funeral Held At Truscott Sunday

Funeral services were held at 3 p.m. Sunday for Mrs. Martina Escobar, long-time Knox County resident, who died in the home of her daughter, Mrs. Elodia Cassillas of O'Brien, at 6 p.m. Feb. 24.

Mrs. Escobar was born in Matehualo, Mexico, January 30, 1864, and came here in 1896. She has resided in and around Knox County since 1923. Her husband Felipe, preceded her in death in 1950.

Junior High Starts District Play Monday, March 6

The District Junior High basketball tournament will begin here next Monday, Tuesday, and Thursday afternoons and evenings. Trophies go to the first, second, and consolation winners in both divisions. Play will start in the grade school gym with hopes of playing finale in the new gymnasium.

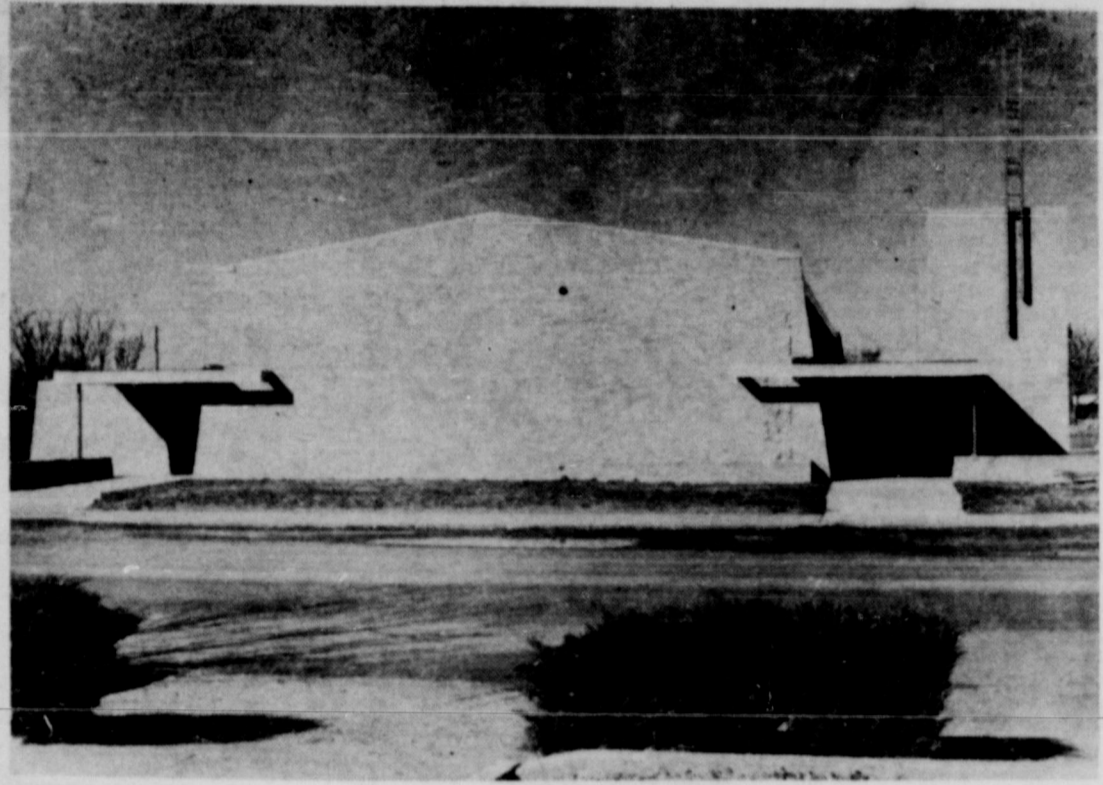

GIRLS DIVISION—Goree vs. Gilliland, Monday at 4 p.m. and Benjamin vs. Knox City at 7 p.m. Megargel drew a bye and the winner will play them Tuesday at 4 p.m. Playoff will be held Thursday at 7 p.m. to select the district champ.

BOYS DIVISION—Same as girls with the time an hour later. Goree vs. Gilliland at 5 p.m. Benjamin vs. Knox City at 8 p.m. Megargel to play the winner at 5 p.m. Tuesday and the final game at 8 p.m. Thursday.

Farm Bureau To Meet March 6

Knox County's Farm Bureau will have a regular meeting on Monday, March 6 in the American Legion Hall in Knox City. Homer Martin, president, said everyone was welcome and urged to attend this meeting.

Martin, who resides in Gilliland, attended the Texas Farm Bureau President's Conference in Austin March 23 and 24. While in Austin he visited Rep. Carl Wheatley.

FIRST BAPTIST CHURCH — Services were held Sunday for the first time in the brand new 126x52 foot building. The new church has a seating capacity of 560 and features eight classrooms and an assembly room. Dedication and homecoming ceremonies are planned for the near future. Contractor for the building was Carroll Goldmith, of Abilene.

Baptists Construct Their Third Church Here In 57 Years; The Best By Far, Too!

Members of the First Baptist Church of Knox City had services in their newly constructed Church Sunday.

The First Baptist Church was organized in 1904 in the Reeder School House. The school was located where the Knox City Cemetery now stands. The Rev. Eiland and Rev. Dulaney organized the church. Mrs. R. W. Warren of Weslaco, Tex., and A. J. Jarmon of Littlefield are surviving charter members.

In 1906 a Baptist Church was built in Knox City, members of all denominations helped to construct the church which was located on the grounds of the High School which was built in 1924.

Some of the early pastors were Revs. W. C. Garrett, Jeff Davis, E. B. Speck, E. E. Dawson, J. L. Birdsong, C. A. Powell, C. E. Dick, and the Rev. Woodie Smith who was pastor when the brick church was built in 1924.

Other pastors have been Revs. J. W. English, C. B. Stovall, W. D. Green, H. E. East, J. S. Tierce, T. A. Keenan, J. H. Stout, N. E. McGuire, Ray Harthcock, E. V. Becker, Billy Frazier, R. L. Dod-

Legion To Issue Awards Again This Year

Knox City's American Legion will award their annual American Legion School Awards to four boys and four girls who best represent outstanding qualities of character and ability, which if cultivated, result in better citizenship.

The winning boys must have outstanding courage, leadership, honor, scholarship and service.

The winning girls are distinguished for courage, companionship, character, service and scholarship.

Every student, from first grade to senior, is eligible, and the school faculty selects the recipients.

Paul Fitzgerald said the certificate, plaque, and lapel pin were on display at the schools. The awards are made at the end of the school year.

WEEK'S PRAYER

My lovely Father in Heaven, Jesus the Light of the world. He that followeth you shall not walk in darkness, but shall have the light of life. May all the people of the world be born again as Nickademus. He was a fine man but he needed a personal Savior. Grant all eternal life. In Christ Name. Amen.

Three File For Trustee Posts

Supt. of Schools E. A. Youngblood said three candidates have filed for two vacancies on the school board. They are incumbents John Crownover and Clyde Voss, whose terms expire this year.

Both have been on the board for five years.

Other candidate for the post is Mrs. Gerald Averitt.

Wednesday, March 1, is filing deadline. Saturday, April 1, is voting time.

City Council Calls Election April 4

At a called meeting Wednesday afternoon, Knox City's Aldermen and Mayor met to proclaim Tuesday, April 4 as election day for aldermen and mayor.

The council also voted unanimously for John Robin to serve as election judge.

Voters will vote for two aldermen and a mayor at the election.

CEMETERY IS CLEAN

City Secretary Wesley Garrison told the Herald the City had finished a three-weeks clean-up at the Knox City Cemetery. "It looks better than it ever has," the secretary said, "and we want everyone to have a look at it now," he concluded.

Attendance; The Most Important Law Concerning Our Public School System

Next week is Public School Week in the State of Texas, and in order to familiarize ourselves with Public Schools it might be well to review some of the laws concerning Public Schools.

Every child in the State who is seven years and not more than 16 years of age shall be required to attend the public schools in the district in which he lives, or in some other district to which it may be transferred as provided by law, for a period of not less than 120 days annually.

The period of compulsory school attendance at each school shall begin at the opening of the school term unless otherwise authorized by the district school trustees, and that no child shall be required to attend school longer than the maximum term of the public school in the district where the child lives.

Naturally, there are a few exemptions to this law, such as any child in attendance upon a private or parochial school which shall include in its course a study of good citizenship, and shall make the English language the basis of instruction in all subjects. The other exemption is any child whose bodily or mental condition is such as to render attendance inadvisable, and who holds definite certificate specifying this condition and covering the period of absence.

Although public schools are operated and governed under the rules set forth by a 511 page book of laws, one of the most important laws, for this area, anyway, is the one concerning attendance.

Public Schools are awarded units for the number of students attending the school for the full 120 days of instruction and in that way it is determined how many teachers the state will pay.

In Knox City, for example, the school is designated in the Public School Law Bulletin as a "school district having from 445 pupils to 487 pupils inclusive, in average daily attendance," and the school here in Knox City is allowed 19 classroom teacher units.

If a large number of students fail to attend school on any particular day, this will make a deep cut in the average daily attendance record. During the recent snow storm, Knox City's schools were dismissed one day, the following day of the storm, in order to keep the "daily attendance" record from being ruined. This is in keeping with a practice practiced with practically every public school. On that particular day, only 60 per cent of the students were in attendance the previous day.

Since school was dismissed, the end of school will be postponed one more day to take care of the one day school was dismissed.

Sometimes schools are bordering the line where a student or we can make the difference as to whether the state will furnish **See ATTENDANCE, Back Page**

CARS REGISTERED

The Tax Office in Benjamin should have a rush of business in March. According to the records, there have only been 265 passenger cars registered so far this year, 53 commercial trucks, 57 farm trucks, and 9 trailers. Registrations usually are approximately 3,000 in this county.

SPRING HAT DISPLAY?—Possibly, for we forgot to ask. Anyway, Weatherman Horace Finley and manager of Knox City Dept. Store can maybe change it to suit his fancy. Mrs. Dorcas Walker, clerk, is putting up new hats and dresses for display. Horace has been manager of the store since 1953.

Love is the theme of a Christian life. The kind of love Jesus had for the lost which includes every human being. The standard of Christ's love is "That ye love one another, as I have loved you." He commands that we have this love that cost Him His life. If you have it as He hath loved you then you have lost yourself unto Him and live in His love each day with a new life. If you have accepted this love as He commanded you to love, sincerely, without dissimulation, you abhor that which is evil and cleave to that which is good.

Your love is abounding toward all men without offense. It is fervent, purifying your soul, causing you to obey the truth through the spirit. You are crucified with Christ, laying down your life for your friends.

Letter To Editor

Corsicana, Texas
Feb. 22, 1961

Dear Editor:

I had the pleasure of reading the last two copies of the "Knox County Herald," and enjoyed it very much.

The article on Jack Smith was rather interesting. He is still Elvis to me. I happened to live with the Smith's the year I finished high school in 1921. Uncle George, as most people knew, was really my uncle. Although, I did not know very many names in the paper, it seems that your town is still a nice place to live and is still growing.

I still visit with one of my classmates, Mary Bohanan and again I enjoy the paper.

Yours truly,

Clead (Wilson) Wright

MISS SUE MOORHOUSE AND GLEN DUNKLE MARRIED IN BENJAMIN

Miss Sue Moorhouse of Dallas, daughter of Mrs. J. B. Moorhouse of Benjamin, and the late Mr. Moorhouse, and Glen Braden Dunkle, son of Mr. and Mrs. R. O. Dunkle, Graham, were united in marriage in the First Christian Church in Benjamin, Saturday at 3 p.m.

Officiating for the nuptials was Rev. Karel Desgrange of Benjamin. Vocalist was Mrs. Desgrange. The church was decorated with an arch formed of emerald and jade woodwardia fern, flanked by palms of the same foliage and floor candelabra holding white tapers.

The bride was given in marriage by her uncle, J. C. Moorhouse. She wore a gown of pale ivory silk featuring a tightly molded bodice fashioned with a portrait cuff collar and three-quarter sleeves, touched with Alencon lace and accented with side and back fullness, swept to a wide court train. Her veil of imported candellight silk illusion extended in tiers to waist length from a calot of lace, traced with seed pearls. She carried a white prayer book topped with red roses.

Mrs. Don Threat of Amarillo was matron of honor. Bridesmaids were Mrs. Daniel Allen of Amarillo and Mrs. Joe White of Santa Rosa, N. M., cousins of the bride. Her attendants wore gowns of berry velvet. The scoop necklines were accented by long fitted sleeves and wide bands complemented by full cocktail length skirt moulded to the bodice. They wore matching velvet

bandeaux. Mack Cole of Shreveport, La., attended the groom as best man. Ushers were R. L. McGannon, Houston, and Joe L. Benson of Lubbock.

The reception was held in the home of the bride's mother. The bride's table and reception rooms were decorated with red roses.

The bride is a graduate of Stephens College, Columbus, Mo., and of Texas Technological College, Lubbock, where she was a member of the Delta Delta Sorority.

The groom is a graduate of Texas A&M College. He was an officer of the U.S. Army in Korea and is presently employed as field representative for the National Highway Users Conference.

HEAR FIVE LECTURES ON

'PURE RELIGION'

March 6-10

EACH EVENING AT 7:30

Monday Evening—

W. R. Smith

"IMMATURITY AND PURE RELIGION"

The Vice-President of A. C. C. is well known and loved by hundreds throughout West Texas. His lesson centers upon the development in Christian graces as the only way that we can mature spiritually. Immaturity and lack of growth portray a person who is dead.

Tuesday Evening—

Paul Rotenberry

"THE UNDIVIDED LIFE"

As an Assistant Professor of Bible and Biblical languages at A. C. C. he is working towards his Ph.D. degree in religion. He is well known for his practical scholarship and his knowledge of Hebrew and Greek. The life of the Christian, as he will show, is one that means serving Christ only and having no other gods.

Wednesday Evening

Joe Marshall

"OUR OBLIGATIONS TO THE CHURCH"

An Assistant Professor of Education at A. C. C. and golf coach will show man's need of allegiance to the church for which Christ gave his life. The Church today is the closest fellowship that anyone can enjoy and the only institution in which we can see the will of God working.

Thursday Evening

Paul Faulkner

"DEDICATION TO PURE RELIGION"

He has established himself early in life as a fine Christian man in the fields of sports, as Dean of Men at A. C. C., and as an eloquent speaker. His ability to inspire us to greater heights of dedication will not be measured by our opinions, but rather by our increased dedication after having listened to his presentation from God's word.

Friday Evening

John C. Stevens

"THE INDIVIDUAL PURE RELIGION"

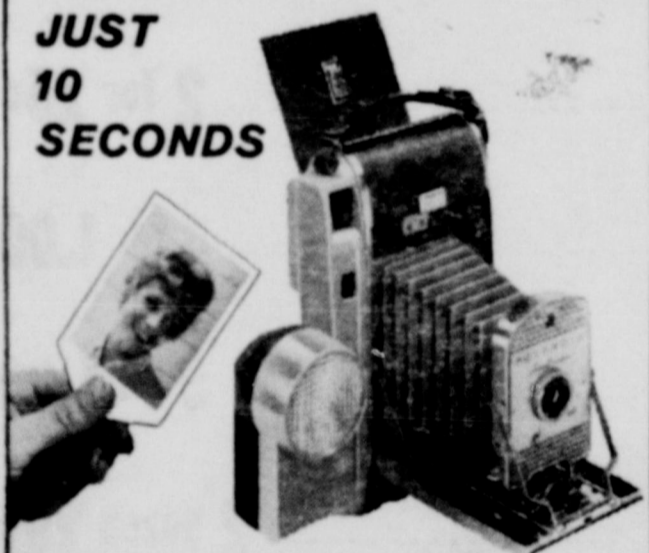

The Assistant President of A. C. C. is the holder of a degree and the undying many hundreds of students have thoroughly enjoyed his classes. His subject is to all who feel a need for a true faith in these days of unrest. YOU are that he would like to

That's right, the famous Polaroid Land Camera now makes a finished picture in just 10 seconds—not 60 seconds as before. And what pictures they are! Crisp, sparkling prints with incredibly sharp detail, the best Polaroid Land pictures ever.

This is the now-famous 3000 speed film, too, the kind that lets you take indoor pictures without flashbulbs. This film is so sensitive you can make good pictures by the light of a single lamp. The new Polaroid wink-light (not a flashgun) erases shadows. It winks 1000 times before you change its small bulb and battery.

Cotton Acreage 'Release' Date Must Be In Before April 14, ASC Warns Farmers

Farmers who do not plan to plant all or part of their cotton allotments in 1961 can protect their cotton acreage history by releasing the allotment to the ASC County Committee. Such acreage must be released before the deadline, which is April 14, 1961.

A farmer who plans to plant at least 75 per cent of his cotton allotment this year need take no action to release any acreage in order to preserve the allotment base for his farm. But a farmer who fails to plant at least 75 per cent of his 1961 allotment will find his cotton allotment will be reduced in 1962 if he fails to release the unused part of his 1961 allotment to the ASC County Committee.

By releasing the unused part of the cotton allotment to the county committee, the individual farmer's 1961 planting his-

tory will be preserved and also the planting history of the county and States. The released allotment will be apportioned by the County Committee for use by other farmers within the county.

Here are the requirements which cotton farmers must meet in 1961 in order fully to protect their future farm allotments:

The farmer must (1) plant at least 75 per cent of the 1961 allotment, or (2) release at least 75 per cent of the 1961 allotment to the ASC County Committee by April 14, 1961, deadline, or (3) plant and release a total acreage which is equal to at least 75 per cent of the 1961 cotton allotment, and (4) actually plant some cotton in 1961 if the entire allotment was released in both 1959 and 1960.

(Acreage in the Conservation Reserve program at the regular rate) under this program provided may be regarded as "planting.")

Additional Funds For Farm Housing Is Announced

An additional \$50 million has been made available to the Farmers Home Administration for farm loans, Mr. Wilburn A. Satterwhite, the agency's county supervisor announced Monday. He said the new loan funds assure adequate supply of this type of credit for eligible farm families during the balance of the fiscal year. Loans made so far this year plus those being processed had practically exhausted the funds previously available.

Farm housing loans are made throughout the rural areas of the United States. The loans provide farm families with an opportunity to acquire an adequate house and efficient service buildings.

Applications for farm housing loans may be made at the local office of the Farmers Home Administration, located at 115 W. McLain St., Seymour, Texas, Mr. Satterwhite said.

Satterwhite also said he could be contacted any Tuesday, from 10 a.m. to 12 Noon at the ASC office in Knox City. The loans bear 4 per cent interest and are repayable over periods up to

33 years. The major demand in Baylor, Knox and Throckmorton Counties is for loans to construct and modernize farm houses and most of the funds are used for new construction. Improvements financed with the loans include the installation of central heating, and pressure water supply systems, the addition of bathrooms and modernization of kitchens. Many local farmers also use the loans to adjust their service buildings to the changing requirements of agriculture. To be eligible a farmer must own a farm that will annually produce for sale or house use at least \$400.00 worth of commodities based on 1944 prices and be of sufficient value to adequately secure the loan. In addition, he must lack the resources needed to obtain credit elsewhere and have sufficient income to pay farm operating and family living expenses and meet payments when due on his debts. The Knox County Committee is composed of Bruce E. Smith, Murval H. Jackson and Lloyd W. Waldrip who will review all applications and certify as to eligibility.

Brucellosis--

(Continued From Page One)

30 months of age consigned to a premise in any county in which Type II brucellosis work is being conducted or has been completed will have to comply with the following:

1. Cattle originating in a modified certified brucellosis county or certified brucellosis county or certified brucellosis herds and accompanied by a health certificate, when kept separate and apart from other cattle in clean pens used for that purpose ONLY, can move without further tests.

2. Cattle from other than modified certified counties accompanied by official health certificate showing negative to brucellosis test within 30 days, kept separate and apart from other cattle in clean pens used for that purpose ONLY, can be moved directly to owners premises, under quarantine, retested in not less than 30 nor more than 60 days, and, if negative, released.

3. Cattle that do not comply with paragraphs 1 and 2 must be negative to a brucellosis test before leaving the livestock market. They can then be moved to owners premises, under quarantine, retested at his expense in not less than 30 nor more than 60 days, and, if negative, released. It is expected that in the near future Baylor, Haskell, King Fisher and Stephens counties will also come under this ruling.

As can be seen by the above law, unless Knox County petitions for the testing, it will be extremely difficult for local producers to dispose of their cattle. To petition, and get the state to come in and make tests, there must be 75 percent of the cattle raisers and 51 per cent of the cattle registered off the tax rolls. At present there are 61 signatures and 2,000 cattle registered.

There are 342 cattle producers in Knox County with over 7,000 head of cattle on the tax rolls. Actual cattle population is estimated at 10,000. Part of the discrepancy is due to cattle in transit, feeding, etc.

The state will test free of charge up to 50 head or 20 per cent, whichever is the most.

Jack Idol of Benjamin is the chairman of the Knox County committee and told the Herald Saturday there were a number of petitions being circulated in the county for signatures.

Idol and County Agent Jack Moore said the petition was being circulated to get a "vote" on the issue. Most men contacted thought they would have to get the county tested in order to guarantee self preservation in the cattle business.

a teacher or the community has to foot the entire bill of securing their own teacher or teachers, as the case may be.

Supt. Youngblood told a Herald reporter the High School here can accommodate 85 more students without any additions being made to the existing high school, and that although some classes in the elementary school buildings are crowded, the school still has ample space to accommodate more students and there are enough bonds to build two new additions. (This was voted in last year when Knox City voted a bond election for the new gym with approximately \$50,000 to take care of additions to existing buildings.)

As for teachers Knox City is on the borderline as we have an ADA (average daily attendance) for first semester of this school term of 449, which leaves a margin of five. If we lost five pupils, we would lose a teacher. Knox City has 23 teachers—two of which are furnished out of local funds. The State supplies 19 and one superintendent. Two vocational teachers come above regular classroom assignment.

Everything has an ending. I have not completely realized yet that basketball is over. There will not be any more sweaty workouts or freezing dressing rooms. No more selecting captains or new uniforms—no more added stripes on a letter. No more long, late road trips, stopping for hamburgers (invariably "cut the onions" would be ignored, and they would appear covered with tiny, chopped onions!) Thirty-two actual minutes of free shots and hustle and benchwarming, preceded by prayer and taped ankles and climaxed with a trophy or opponents' cheering—good or bad, it is all gone!

Thank you for backing us so well; I think we usually did our best. Mainly we regret that we disappointed such a fine coach. If you feel that we could have done better, do not blame anyone but us. How disgusting it is to foul off by standing on a girl's foot!

March 3, marks the birthday of Alexander Graham Bell. He became a Scot in 1847, and after becoming interested in sound, he invented a communication system for deaf-mutes. In 1876 his father-in-law promoted Bell's invention, which after many changes became a telephone. The telephone is a great asset to modern society. It announces sudden guests, reminds you of a club meeting, stands ready to report a fire or accident, and always helps you out of the shower. Laurels to Mr. Bell—without his phone we would have to depend on the back-yard fence "tell-a-woman" system, slowing gossip a little, but "enlarging" its interest all the time!
