VOLUME 40

KNOX CITY, KNOX COUNTY, TENN., THURSDAY, AUG. 30, 1945

NUMBER 47

M. L. Hester Gets First '45 Bale Cotton

M. L. Hester pulled the first bale of 1945 cotton to the Knox City Gin today and shortly after noon, the bale was just another bale of cotton on this year's crop. Mr. Hester lives southeast of Knox City. His bale weighed 487 pounds and brought 21½¢ on the market. E. R. Carpenter, manager of the Knox City Gin, said that a cash premium for the bale was being raised.

Honors for the first bale of the 1945 cotton crop in Knox County goes to W. P. Peacock, who ginned a bale Monday, August 27, at the O'Brien Co-Operative Gin. Mr. Peacock's bale weighed 412 pounds and brought 20¢ on the regular market.

Premium money being raised for being the first across the line was nearing \$100.00 at noon today.

The advent of cool, rainy days will likely retire the premature opening of cotton for a few days. Hot weather in the past week has caused lots of the crop to start opening before fully developed.

'Back To School' Is National Theme

Teen age boys and girls who have had wartime or summer jobs are urged to go back to school by leading officials of the Department of Agriculture.

M. L. Wilson, director of extension work, says: "In preparation for the world of tomorrow, no boy or girl can afford to sacrifice the educational opportunities that completion of his or her high school education offers. World War II has proved that it is relatively easy to acquire practical training for a specific job. But to enjoy greatest happiness, and in order to take an intelligent and active part as a citizen in a free democracy, every boy and girl should consider the completion of a high school education as the minimum educational goal."

New Ration Stamps Good Sept. 1st

Five more red stamps in War Ration Book Four will be good for the purchase of rationed fats, meats, fish and dairy products on September 1, OPA announced.

The new stamps are L1, M1, N1, P1, and Q1. They are being validated for the usual four months' period, in this instance, September 1 through December 31.

Sugar stamp 38 in the War Ration Book Four also will be good September 1, and will remain valid for purchase of five pounds of sugar through December 31.

KNOX CITY AND GOREE PLAYING OFF FINALS

Goree being winner in the first half of softball league play and Knox City winning the second half, the two teams are now engaged in playing of the championship.

The two teams played the first two games of the finals Monday and Wednesday nights at Munday, with Goree winning Monday night, 4 to 3, and Knox City taking Wednesday night's game with a score of 7 to 0.

The final game will be played at Munday one night next week.

Mr. and Mrs. Otto Lawson and Mrs. Hugh Webb visited friends in Lubbock Sunday.

Geo. Zachary Buys Brad's Grocery

Mr. George Zachary of Stamford has purchased the Bradberry Grocery, 5 Market. He and his wife plan to move to Knox City and take charge of their business Monday, September 3rd.

Mr. Zachary has been employed by Waples-Platter Grocery Co. of Abilene for many years. He is well experienced in every phase of the grocery business.

We extend to Mr. and Mrs. Zachary a welcome to our city and wish them good luck in their new business.

Draft Boards To Stay On Job Until Induction Finished

Commenting upon the continued induction of men for the armed forces and the consequent resignation of some Texas local boards, Gen. J. Watt Page, state Selective Service director, said recently that "as a matter of fact the number of local boards who have asked that their resignations be accepted is so small as to be almost negligible—only four out of 351 boards."

"Naturally," Gen. Page said, "they are all tired after five years of arduous service. As board members they have done one of the most patriotic jobs in the annals of our country. In addition to being non-compensated, they have lost money and friends of long standing, and have been subjected to all manner of abuse—these men without decorations."

"They can never be fully repaid for their contribution to the winning of World War II. Their only remuneration is contained within their hearts and souls in the knowledge that they have served fearlessly, tirelessly, and honestly for their country. No man can do more. But their service is not yet completed, even though the shooting war is over."

"Millions of our boys are overseas and have been there and in combat for several years. Certainly, they should now be allowed to come home to their families. For example, I haven't seen my boy for over three years. Now, 'my boy' is simply representative of hundreds and hundreds of thousands of other fathers and mothers and wives with men long in the service. The government is strenuously trying to return these men. In fact, right here in Texas the official reports of discharges which we are receiving at Selective Service headquarters now total close to 1,000 notices per day. The Army, the Navy, the Marine Corps and the Coast Guard cannot keep this up unless, of course, we can send able-bodied men overseas to replace those who should now be sent home."

"Surely, in this democratic nation of ours, it is expected that every man shall participate in its wars. A great many of our young men in the 18 through 25 group have been deferred for several years for one reason or another. These young men have been on good salaries. They have been able to sleep in good beds and have good food. They have had almost complete security with little or no jeopardy of life or limb. Why should not these men now take up the gun and stand guard for a while?"

"That is why we must for the present continue to issue calls for the induction of men. The calls are small—about 50,000 a month for the nation—but, as President Truman has pointed out, they are still necessary. That is why most of the local boards are standing by their guns and not resigning. The boys 'over there' didn't lay down their guns until it was all over."

The Knox County Board, composed of J. V. Jones, Jack Idol and Hap Pendleton, with J. A. Wilson as chief clerk, will stay on as long as the demand requires.

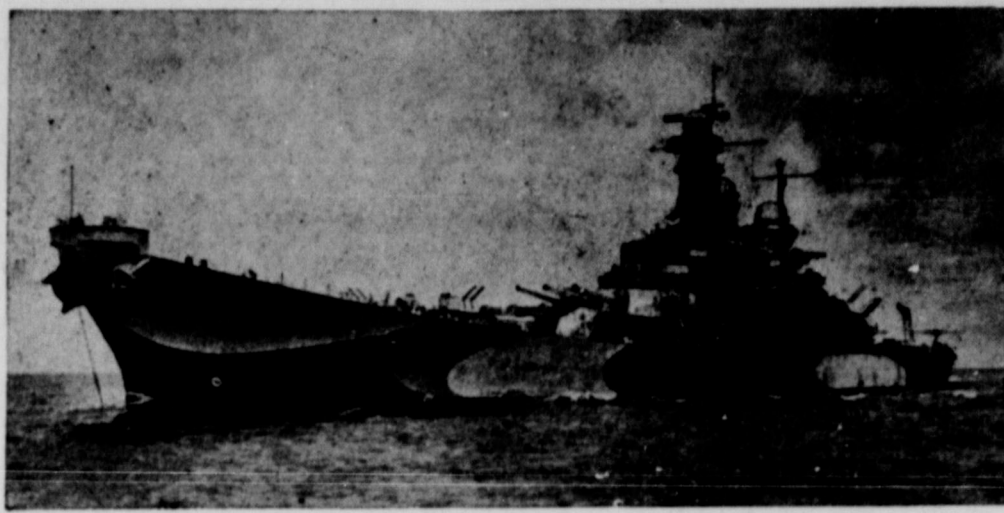

SANDERS-SMITH

Mary June Sanders and Freeman Hall Smith of Knox City, were united in marriage at the Baptist Parsonage on August 29. Rev. John H. Stout officiating.

Smith is a son of Mrs. Mollie Hubbard of Knox City, and is on leave from the Navy. Mrs. Smith is formerly of Pittsburgh, Texas.

Peggy Lee and Betty Jo Rhodes of Dallas are here visiting their grandmother, Mrs. A. J. Gore and aunt, Mrs. Leroy Melton in Benjamin.

Surrender Terms Will Be Signed On This U. S. Battleship

The United States Navy's great 45,000 ton battleship, the USS Missouri, will end her World War II career in a blaze of glory, August 31, 1945, in Tokyo Bay, when she serves as the scene of the historic unconditional surrender of Japan to the United Nations. Proudly bearing the name of the home state of President Harry S. Truman, the fighting USS Missouri has been named by General of the Army, Douglas MacArthur, Supreme Allied Commander, as the locale of the formal ending of the war in the Pacific. Fleet Admiral Chester W. Nimitz, Commander-in-Chief of the United States Pacific Fleet and Pacific Ocean Areas, will sign for the United States, General MacArthur, for the Allied forces which fought in the Pacific. The USS Missouri was launched Jan. 29, 1944. Construction was ordered June 12, 1940. Her keel was laid on Jan. 6, 1941.

Barbecue and Field Day At O'Brien Sept. 7 Will Be Community Affair

Instructions Given For Storing Grain

A large number of Knox County farmers are interested in storing grain and are asking for information as to methods of fumigation, if the grain becomes infested with weevils, according to R. O. Dunkle, County Agent.

Bins used for storing grain should be thoroughly cleaned of grain and dust to reduce infestation before storing the new crop. Pyrethrum sprays sold under trade names are good for the purpose.

The sides and floors of the bin should be made as nearly tight as possible, and the grain should not be higher than six inches below the side walls. If it is heaped up it will be harder to fumigate the grain effectively, particularly if fumigation should become necessary.

Since carbon-disulphide is a war material and not easy to obtain, a new fumigant equally as effective, known as Ethylene dichloride-carbon tetrachloride mixture is cheap and non-inflammable, and does not harm germination. This fumigant is applied at the rate of six gallons per 1000 bushels, or five gallons per 1000 cubic feet. This material is applied with a watering can or sprayer on the surface of the grain, and this mixture does not taint the grain, which remains safe for both human and livestock consumption.

CAUTION—If signs of dizziness occur, the operator should get in fresh air immediately.

Sgt. Robt. Langley On Softball Team

With the 106th Inf. Div.—Softball, with all the thrills and the spills of sports-loving competition continues near Karlsruhe, Germany today with even more zest than is applied in the small town leagues in the States.

The army sports program is going full swing. Every company has a team it is proud of. Rivalry is plentiful, and transportation is sufficient.

Among the men now participating during off duty hours is T-Sgt. Robert Langley, Route 2, Knox City, Texas.

Visiting in the Jesse Foshee home over the weekend were Nell and Dorothy Hodges of Conroe, Alie Mae and Helen James of Munday, Mr. and Mrs. W. G. Pierce and Sammie, Mrs. P. H. Pierce and children of Benjamin, Mr. and Mrs. Willie Burleson and sons, and Mrs. Lee Wright of Munday.

Floyd V. Bailey, Jr., SIC, and his sister, Bertha Mae, visited the J. C. Saunders family over the weekend. They are the son and daughter of Rev. and Mrs. Floyd Bailey, former pastors of the Foursquare Church here, but now in Amarillo. Floyd, Jr. is home on a 30-day leave after 30 months overseas duty.

Cpl. Walter Meinzer Enjoys Stay in GI French Rest Camp

With the XV Corps of Third Army—Corporal Walter E. Meinzer, member of a tank battalion which took part in the Allies' victorious Western Front drive, was a recent visitor at the XV Corps rest center.

Cpl. Meinzer's home is in Benjamin, Texas.

The XV Corps has a wonderful setup here for the boys," said the corporal, "and I want them to know that we appreciate it."

The Rest Center, at Nancy, France, is operated by Maj. Gen. Walter M. Robertson's veteran XV Corps which engaged in spectacular military operations from Normandy across France, Germany and into Austria. During their sojourn here the troops are treated as guests and are given unusual liberties which make their carefree stay a holiday devoted to comfort and pleasure. Among the conveniences that are free for the asking are movies, gymnasium, swimming pool, library, barber shop, parcel wrapping service, watch repair, minor clothing alterations, Red Cross Club, and tasty meals prepared by French chefs and served by pretty French waitresses. There is no bugle call, anyone can sleep as late or as often as he wishes. Rules are extremely few and the men are able to enjoy civilian activities amid surroundings of welcoming cordiality.

Marine Corps Asks For Enlistments

Although the war has officially ended, the United States Marine Corps is currently accepting voluntary enlistments of 17-year-old youths, according to an announcement today by Captain Robert E. Rain, Jr., officer in charge of the Marine Recruiting and Induction office in Dallas.

Captain Rain said the ranks of the Corps have been depleted to a large extent by the Marines' extensive campaigning from the War's first D-Day in the Pacific, Guadalcanal, to Okinawa, only 350 miles from the Jap homeland. "To insure what we have won, we must maintain a strong Marine Corps," Captain Rain said. He pointed out the many advantages offered youths by the Marine Corps. Clean living, traveling and an opportunity to continue their education at no expense are among the advantages offered the youths.

Qualifications necessary for enlistment are that the youths must not have reached their 18th birthday, are physically fit, can pass the Navy intelligence examination and have permission of their parents or legal guardian. The youths may enlist in the "regular" Marine Corps for four years.

Bobbie Nance spent Saturday night with Bessie Aileen Hester, then Bessie Aileen spent Sunday and Monday with Bobbie and visited at the Sunset school with her.

Pvt. Wallace E. Swearingen is visiting his parents, Mr. and Mrs. A. W. Swearingen and family, on a 12-day furlough from Camp Hood, Texas. Wallace will report back for duty at Camp Maxey, Texas, on Sept. 4th.

SUNDAY SINGING AT FOURSQUARE CHURCH

The regular Sunday afternoon Singing Bee will be held at the Knox City Foursquare Church. Everyone invited and urged to come as an election of officers for the organization will be held at this time.

Mrs. A. E. Hopson has been visiting in Crowell recently.

OPA Office To Reduce Hours

Effective August 27th, all OPA employees in this district will work only 40 hours per week, according to an announcement by J. H. Kullgren, district director.

Mrs. Myrtle Propps, chief clerk of the Knox County OPA office, said her office would be open Monday through Friday each week, with the exception of next week when the office will be closed for Labor Day, Monday, September 3rd.

The public is requested to help observe the above work hours and lighten the load caused by reduced personnel and shorter hours.

School Bells To Ring Monday

Supt. T. E. Holcomb announced today that the Knox City schools would begin the 1945-46 term at 9:00 a. m., Monday, September 3.

Classes will be arranged and books issued during the week. The formal opening will be one week later at which time the first assembly will be held and teachers introduced.

Teachers for the coming year and their assignments are as follows:

1st Grade, Miss Evelyn Hollis; 2nd Grade and grade school principal, Miss Ruth Rice; 3rd Grade, Mrs. Claydene Steakley; 4th Grade, Mrs. T. E. Holcomb; 5th Grade, Mrs. Louise Finley; 6th Grade, Mrs. Jack Spikes; 7th and 8th Grades, Mrs. Mildred Joyner. High school teachers will be T. E. Holcomb, Carroll Graves, Mrs. Charles B. Cape, Mrs. Juanita Knight, and Mrs. E. R. Carpenter.

FARM NEWS

Wheat producers can plan their 1946 crops with the knowledge that acreage allotments and wheat marketing quotas will not be in effect for the marketing year which begins July 1, 1946. The AAA Act of 1938 requires that the Secretary of Agriculture make public announcements each year of data concerning the supply and consumption requirements for wheat. This year as in the recent years, the national emergency makes unnecessary the establishment of marketing quotas.

Acreage allotments are dispensed with "in order to encourage the production of a sufficient supply of food to maintain normal domestic consumption, taking into consideration current trends in consumption and exports and the qualities of substitutes at fair prices and otherwise to effectuate the declared policy of the act."

M. L. Cottingham of Gilliland was a AAA visitor last week.

D. W. Looney Construction Co. has recently constructed an earthen dam of 7,091 net yards for Mr. Cottingham and according to Mr. Cottingham, "he'll never lack for stock water and is definitely well pleased with the dam."

Applications for beef production payments for sales of eligible beef during the period of May 19, 1945 through June 30, 1945, should be filed not later than August 31, 1945, in order to be eligible, according to Emmett Partridge, chairman of Knox County AAA Committee. After June 30, 1945, applications for beef production payments should be filed within 60 days of the date of sale in order to be eligible.

Joseph Decker and Louis Streight of the Rheinland community were business visitors of the AAA on Monday.

Good pastures conserve soil and water, reduce livestock production costs, and when operated in rotation with cultivated crops result in larger crop yields. Pasture establishment and improvement practices become especially important in meeting present food and fiber needs. Assistance in carrying out such practices is available to farmers under the conservation program of AAA.

Onie Welch of Gilliland was in the office Saturday and placed an order for 375 pounds of Austrian Winter Peas.

More than 90 percent of the farmland of the United States (Continued on last page)

Cotton Men Debate New Picking Wage

Twenty-four farmers representing ten communities of Knox County attended the educational meeting at the county courthouse in Benjamin on Tuesday, August 29th, in regard to the stabilization and regulations pertaining to price control and ceilings on cotton picking. The wage stabilization and price control program was explained by County Agent, T. O. Dunkle. Emmett Partridge acted as chairman.

Knox County is joining six other counties in regard to the placing of a price ceiling on cotton picking or pulling in this area.

It was the unanimous opinion of all farmers attending the meeting that a fair ceiling price should be placed on cotton picking. Considerable discussion resulted as each farmer expressed himself in regard to the stabilization and price ceiling control of harvesting the cotton crop.

A committee of four members were elected to represent Knox County at the Wage Board hearing, which will be held at Vernon on September 5th. The four members elected were G. C. Cottingham, Gilliland; Clyde Nelson, Munday; Pete Bencher, Goree; and Clay Richardson, Knox City. Mr. Cottingham was selected as spokesman for the group.

In order that the committee may have definite information relative to desires of the cotton farmers in Knox county, petitions are being circulated and each cotton farmer should sign the petition as favoring or as opposing a cotton picking ceiling. The farmers in the Munday community can sign the petition in Mr. C. R. Elliott's office. Other communities have representatives working and it will be no trouble to find a person circulating a petition.

The petitions are very important in order that the committee accurately represent Knox County farmers as to whether or not they are opposed or favor a ceiling on cotton picking.

All petitions must be signed not later than Monday, September 3rd, so that they may be presented as evidence to the State Board at the Vernon meeting.

Study Club Has Picnic

Members of the Knox City Study Club and their families enjoyed a picnic at Bruce Campbell's lake Friday evening. Following the picnic supper several members enjoyed swimming in the lake. Later games of 42 and 54 were enjoyed at the Campbell home. Mr. and Mrs. Campbell, assisted by Mr. and Mrs. Bruce Campbell, Jr. served watermelon to the guests.

Those present for the evening were Mr. and Mrs. E. F. Branton, Mr. and Mrs. L. N. Bridges, Mr. and Mrs. Otis Cash and Joe Lynn, Dr. and Mrs. T. S. Edwards, Wynelle and Tommy, Dr. and Mrs. T. P. Frazell Jr., Ken and Julie, Mr. and Mrs. T. P. Frazell, Sr., and William Roy Staker, Mr. and Mrs. L. W. Gramham, Rev. and Mrs. Lloyd Hamblin, Mr. G. T. Hardberger, Mr. and Mrs. C. C. Hoge, Mrs. Bedford Smith, Carolyn Kay and David, Mrs. Dan Steakley, Mrs. Horace Finley and Carol Lynn, Mr. and Mrs. C. A. Richardson, Sue and Tommy, Mr. and Mrs. Bruce Campbell, Mr. and Mrs. Bruce Campbell, Jr.

Mrs. Henry Roberson and Mr. and Mrs. Son Weaver and baby of Roberson are here visiting Mrs. Roberson's mother, and Mr. Weaver's grandmother, Mrs. E. Y. Nance and other relatives.

Mr. and Mrs. Horace Stamps of Fieldton visited the daughter, Mr. and Mrs. Roy Fey and family over the weekend.

Mr. and Mrs. Mike Howell and Mrs. Vera Patterson and baby made a business trip to Shallowater Saturday.

Rev. and Mrs. John Stout and children spent four days last week visiting in Roswell, Hudson, Albuquerque and Santa Fe, returning by Goodnight to spend one night with his parents there.

PASTE THIS IN YOUR HAT
 Writing in Newsweek, Ralph Robey states a few facts that every private citizen should paste in his hat, and this goes double for every public official having authority to spend tax dollars. Almost every day some new plan is proposed for spending a hundred million, 500 million, or a billion tax dollars of the people's money. Mr. Robey suggests that we stop and think where all this money is coming from—certainly

not from the men in the legislative bodies who propose spending it. He points to 12 years of depression after 1929 and asks the question, "Are those the years in which we accumulated the great riches we now propose to deal out so lavishly? For the nation as a whole those were years when we had to draw down, not increase our backlog of wealth. "We have produced an incredible amount of goods. But it has been, or is in the process of being largely destroyed. A nation does not become wealthy by destroying wealth. Wherein, then, do we get the idea that we are now so rich that we no longer need to think a second time about spending a few billions here and there? The answer really is quite simple. It is to be found in the fact that we have not paid for the war as we went along."
 In other words, we are in debt up to our eyes.
 The billions of dollars of bonds and deposits and paper money was

Veteran's Benefits

QUESTIONS AND ANSWERS
 I. H. Shelton, Contact Representative, Veterans Administration, 306-7 Federal Building, Wichita, Falls, Texas

Q. May the wife, widow or other dependent of a veteran be granted hospital treatment in a veterans hospital by reason of the relationship of such a person to the veteran?
 A. No. Admission to a veterans hospital, based on the service of the armed forces, may be granted only to the person who served.
 Q. Is it possible to have the Veterans Administration pay for an emergency operation outside a veterans facility if the cause is not service connected?
 A. No provisions are made for the payment of out-patient treatment by surgery for non-service disability for male veterans. Female veterans may receive such care if approved prior to treatment.
 Q. Is a veteran with only peacetime service entitled to hospitalization?
 A. A peacetime veteran must have been honorably discharged from service by reason of disability incurred in line of duty or he must be in receipt of pension for disability incurred during his peacetime enlistment in order to be eligible for hospitalization.
 Q. May a veteran receive treatment for a service connected disability without reporting to a hospital?
 A. Yes, if he is entitled, by applying to the Chief of Out-Patient, Veterans Administration, Waco, Texas. There is no form to be filled out.
 Q. Do veterans who have been officers have preference in securing admission to a V. A. hospital?
 A. Rank is not considered in admitting veterans to these hospitals.
 Q. Are veterans having disabilities due to misconduct entitled to hospital treatment or domiciliary care for such disability?
 A. Hospitalization or domiciliary care is not denied because of misconduct origin of the disability, and if an emergency exists, admission without delay may be accomplished.
 Q. Is a veteran in need of hospitalization always sent to the V. A. hospital nearest his home?
 A. He is always sent to the nearest hospital where a bed is available. In Texas the V. A. has four hospitals.
 Q. Will a veteran who is discharged to a V. A. hospital lose his right to his old position home if he is in the hospital and is not able to apply for it within the prescribed 90 days?
 A. The law provides protection for the veteran who entered a hospital immediately when discharged and who is hospitalized for no more than one year. In such cases a veteran has 90 days after he gets out of the hospital to apply for his old job.
 now have for the most part represent goods which no longer exist. If they are worth anything in the future, said Mr. Robey, it will be only because they are validated by new production. That's what the politicians and the people must remember, when they talk about spending more billions for peacetime public projects which are not absolutely necessary. We are coming out of this war a much poorer nation and we can afford much less today than we could ten years ago. Government should offer every possible encouragement to individuals and industry to produce and save and create new wealth, and out its own expenses to the bone.

be made by telephone or telegram. If by telephone, it is advisable that the attending physician make the call, furnishing sufficient information from the veterans discharge so that eligibility is apparent. Transportation under such circumstances will not be paid by the V. A. unless prior authority has been granted by the person contacted.
 Q. What determines a veterans entitlement to medical treatment?
 A. Need of hospital treatment must be shown before a veteran may be admitted to a Veterans Administration hospital.
 Q. Who is eligible for out-patient treatment?
 A. Any veteran who is not dishonorably discharged from his last period of war service, for service connected disability, or any veteran honorably discharged in line of duty or in receipt of pension for a service connected disability is entitled to out-patient treatment provided that the disability for which treatment is desired has been adjudicated as service connected or the official records show that such disability was the cause of discharge from active service.
 Q. How does a veteran go about securing admission to a V. A. hospital?
 A. It is necessary for the veteran to execute V. A. Form P-10 in making application for admission to a V. A. hospital. On this form the applicant must make a sworn statement as to age, residence, military service, prior hospitalization etc. The form also includes a medical certificate showing the findings and diagnosis of a recent examination over the signature of the examining physician.

Locals

Lella Ann and Delores Glenn Matthews of Childress are here visiting their aunt, Miss Lee Vance and other relatives.

Mr. and Mrs. Robert Darr and children spent the weekend in town visiting his parents, Mr. and Mrs. Jim Darr.

Mr. and Mrs. C. H. Moss spent the weekend in Amarillo with her parents, Mr. and Mrs. A. L. O'Ferrall. Jane returned home with them after several weeks visit there with her grandparents.

Mrs. Lanier and daughter, Osienne, of Fort Worth, are guests of the A. E. Hopkins.

Mr. and Mrs. J. D. Hill of Hobbs, New Mexico, spent the weekend here with his parents, Mr. and Mrs. L. A. Wampler.

Mr. and Mrs. Geo. Moore of Beattie were here the first of the week visiting their daughter, Mr. and Mrs. Tom Orsborn and Tom Edd.

See our selection of handtooled leather billfolds, coin purses, cigarette cases and belts. Ross' News Stand.

T. E. Holcomb, Carrol Graves, Walter Thomas, Salem Hutchinson, Sam Lusk and Bill Lankford spent Monday night and Tuesday fishing at Possum Kingdom dam.

Mr. and Mrs. LaRoy Stubbs and baby spent the past week in Big Spring visiting his sister, Mrs. E. H. Wilson and Mr. Wilson.

Mr. and Mrs. A. B. Gallia are spending this week in Pampa with their son, J. W. Gallia and Mrs. Gallia. The Herman Egenbachers plan to go to Pampa this weekend for them.

Mr. and Mrs. Tommy Mayes of Lompop, Calif., are here visiting her mother, Mrs. A. J. Anderson, John Anderson, and the E. Shavers.

W. C. Elliott, Misses Clifford and Balache returned Saturday afternoon after a 10-day visit with the following: Mr. and Mrs. Chester Elliott of Lubbock, Mrs. E. P. Wright and family of Hale Center, Howard Elliott and family of Muleshoe, Mrs. G. H. Harris and family of Pampa, John Elliott and family of Childress, and visited Mr. Elliott's nephew, W. C. Elliott, Jr., and family of Levelland.

Visit our Lending Library. Lots of new and old editions. Ross' News Stand.

W. C. Elliott and Clifford Elliott left Tuesday for Wichita Falls to visit his daughter, Mrs. Wilma Horton and family.

Mrs. R. W. Warren of Weslaco and Mrs. Herschel Lytle of Cisco spent Thursday and Friday of last week with Mr. and Mrs. G. T. Hardberger.

Mrs. R. E. Speck of Lamesa and Mrs. J. B. Davenport of Tahoka spent the latter part of last week here with their brother, G. T. Hardberger and Mrs. Hardberger.

Mrs. Mary Sanders and son, Paul, have returned home after spending the summer months in Pittsburg, Texas, with her parents, Mr. and Mrs. H. C. Jones.

Mr. and Mrs. Henry Ashford of Quanah visited her sisters, Mrs. Sam Ferguson and Mrs. Nellie Anderson last week.

Mr. and Mrs. E. R. Carpenter spent the weekend visiting the Dinwiddies.

Sgt. John Moulder of the Laredo Army Air Field is here on a 10-day furlough with his parents, Mr. and Mrs. D. B. Moulder.

Mr. and Mrs. John Borchardt and girls of Crowell were in Knox City Monday.

Visit our Lending Library. Lots of new and old editions. Ross' News Stand.

Sgt. Alvin Roberts arrived Tuesday for a 30-day furlough with his mother, Mrs. John Roberts. He has just returned from 27 months overseas in ETO.

Mr. and Mrs. J. C. McGee, Mildred and Wynelle, and Norma Janice Coats spent Sunday in Wichita Falls visiting Frances McGee.

Needmore-Hutto

Mr. and Mrs. C. J. Reynolds of Comanche visited Mrs. Reynolds aunt, Mrs. J. W. Carver and other relatives over the weekend. Mrs. Paul Lawrence and daughter left Sunday for San Diego, Calif.

Mr. and Mrs. Clyde Williams and Clyde Jr., G. F. Williams and Janoma spent the weekend near Lawn, visiting Clyde and Janoma's grandmother, Mrs. C. P. Corral and other relatives, including an uncle, Jack Corral, who had recently been discharged after 28 months of overseas service.

Mrs. Valene Collier of Rochester spent Friday night with her sister, Mrs. Cyle Carver.

Mrs. J. T. Orsborn spent Sunday with Mrs. G. W. Carter.

Janett Draper spent Saturday night with Barbara Ann Carver.

Mr. and Mrs. Alfred Porter will leave Friday for near Detroit, where he will enter some kind of trade school.

George Oliver received word Saturday that his brother, Clyde Oliver of Imperial, Calif., had passed away. All who knew Mr. Oliver were shocked and grieved to hear of his passing away, and deepest sympathy goes out to Mrs. Oliver and children.

CAMP FIRE GIRLS

Today we appointed officers for Camp Fire Girls. The officers are Zana Ann Hamm, Julie Prizzell and Wilma Lee Woodward. We splatter painted and were then dismissed.

HEALTH LETTER

Diabetes, a disease for which modern medicine can do so much, took a toll of several hundred lives in Texas during the past year, according to Dr. Geo. W. Cox, State Health Officer.

"While the communicable diseases such as typhoid fever, malaria, diphtheria, and smallpox are causing a decreasing number of deaths each year in this country, diabetes is now taking an appalling number of human lives, especially in the middle aged class," Dr. Cox said.

"Until recent years diabetes was not treated as a major health problem but it became accepted as such in direct ratio to the development of medical laboratory procedures, which made the disease more easily diagnosed."

Dr. Cox said that diabetes is

generally recognized as a class disease. It seems to attack the white-collar class of indoor men and women much more frequently than it does the outdoor person whose work is more vigorous and calls for more exercise. Whatever the actual cause of the disease may be, vocational and economical conditions are factors, since it seems a fact that those who do not indulge in luxurious living and whose occupations call for manual labor are not frequently effected. Dr. Cox said that simple living, wholesome diets, sufficient exercise and sleep are factors in the prevention of diabetes, and an annual physical examination is important to determine whether or not the disease is present in the middle-aged group.

A lot of today's wolves are old goats.

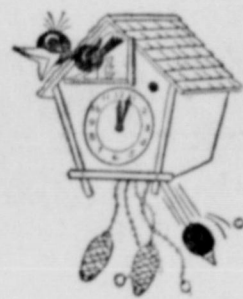

Thanks, Folks

We wish to thank each and everyone of our customers for the very nice business you have given us during the past eighteen months.

We sincerely hope you continue to make this store your grocery headquarters. Mr. Zachary will extend every courtesy to you and will appreciate your business.

Again, thanks for your patronage.

BRAD and BOBBIE

Don't Put It Off Too Long

Right now, when you need it most, is the time to have those tires properly repaired the "OK" way. Don't put it off until the trouble catches you unprepared. We will be glad to give you an estimate of the cost and can guarantee you quick service.

AAA News

(Continued from front page)

needs soil conservation treatment to protect it from soil erosion, maintain fertility, and put it to its most efficient uses, the USDA reports.

Earl Burges of Gilliland has also placed an order with the AAA for 300 pounds of Austrian Winter Peas.

The AAA in cooperation with Porter & White of Knox City issued 35,000 pounds of Austrian Winter Peas and 100 pounds of Fairy Vetch to farmers in Knox, King, Cottle and Foard Counties, Monday, August 27.

There were so many farmers requesting peas that it was necessary to place an additional order for 25,000 pounds. The shipment will arrive the first of next week and any farmer who would like to secure some of the seed should contact the AAA office. The amount of peas issued to

farmers in each county are as follows: Cottle, 4900 lbs; Foard, 1500 lbs; King, 9400 lbs; Knox, 19,500 lbs.

The Federal Crop Insurance Corporation has announced the closing date for submitting applications to cover the winter wheat crop in Texas to be the earlier of (1) the date of beginning of seeding of the wheat crop, or (2) September 1, 1945. The previously announced closing date was August 31, 1945.

Doctors are so busy nowadays that lots of people get well before the date of the appointment arrives.

Next time misfortune strikes, remember that the dog who lost his tail has one consolation. He does not fear of tin cans.

Remember that the amount of liquor seen in the dry states there must be a lot of snakes thereabouts.

The Family Altar

By Rev. Violet Myers
Co-Pastor Foursquare Church

In just a few more days the children will be starting back to school. Some will be going eagerly, and others reluctantly. Some will be going with the determination to learn all they can while others will just do enough to get them through, and again many will fall by the wayside, and not go any further than learning to write their own name.

How like the Christian that is. Many want all that God has for them and accept his teachings eagerly, and strive to do their best for Christ, looking for the glorious hope of a great promotion on the resurrection morning, while others are satisfied with a pretense, attending church just when they felt like it, and making a show of great piety when others are around, but will not go deep into the things of God, while others get a little taste of the goodness of God and would like to go on but they stop and count the cost and figure it is too great a price to pay.

In II Timothy 2:15, we read the words, "Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." Truly, dear friends, it is the student that applies himself to his studies that will graduate with high honors, so with the Christian it is the one who gives his all to God and feeds his soul daily on God's word that will be well nourished and equipped to face the world. And on that promotion day they will hear the words, "Well done, thy good and faithful servant."

When the children of Israel were wandering in the desert they got hungry for bread and God sent them Manna from Heaven daily, not just once a week or once a month, but it was a daily supply, and they had only to gather enough each day to meet that day's requirements. If they did not go out and gather the manna daily, that day they went hungry, and if they gathered enough for more than one day it was spoiled for the next day.

Dear friends, can we not learn a great lesson for our souls that they must be fed daily. The scripture you learned a month ago will not suffice for today and the lesson you learn next Sunday will not be enough to carry you through the week, but we must search the scriptures daily and feed our souls daily.

Truly, if we fed our bodies as seldom as we feed our souls, we would gradually weaken and die. We may wonder why it is that people who have had a definite experience with God may go on for a little while and then fall. It is because they neglect to feed on the word of God, and their souls become weak and they die.

Proper Care Will Prolong Life Men's Wearing Apparel

"Right now a man's civilian suit is one of the most precious garments in the home," Lucile King, County Home Demonstration Agent says. If your husband or son is not wearing it because he's in uniform, you will see to mending it and putting it away safely.

But if your menfolk are still wearing civilian clothes, you and they together will make their suits last as long as possible—get every possible day's wear out of them. You can help by cleaning, pressing and mending the suit—but the men can do much to save repairs and keep their suits looking well.

Here are some tips from Miss King on how men can help save their suits: Any suit lasts longer if it gets brushed often. Brush a suit with the grain of the cloth, inside as well as out, and around pockets and inside of the cuffs, if the trousers have cuffs.

Let the suit hang in the open air while before it goes into the closet, especially if the closet isn't ventilated. From time to time give the suit a good out-door airing on a bright, breezy day.

Don't spoil the press by throwing the suit over a chair; put it on a hanger as soon as you take it off—preferably on one of those wooden hangers with broad shoulders made especially for men.

As for cleaning and pressing, you save the suit by having it cleaned before it gets too dirty. It saves money as well as the suit.

Remember that keys carried every day in the hip pockets rub against chairs and wear holes through pockets and pants. Overloading stretches and strains pants, often tears corners. Pens and pencils in a coat or vest pocket will strain or jab holes in the fabric unless they have clips on them.

See that the belt is not too wide or thick to fit easily thru belt loops. When too wide the belt rubs the loops and makes them fuzzy.

Help your men folk get the most wear out of their suits by helping them follow these simple rules.

The only thing harder than paying bills is collecting them.

Never marry a woman who looks good in black!

Well may your hearts believe the truths I tell: 'Tis virtue makes the bliss, where'er we dwell.—Collins.

Dear friends, study God's word daily and learn the great teachings of Jesus because he truly loves you.

Rev. Violet Myers and the Family Altar.

Agriculture In the News

W. J. DRYDEN

New Potato Facts.

A scab and blight resistant potato, early producing, good cooking quality and meeting market requirements — is the promise of new varieties being developed for the 32 potato breeding states.

A starch is now being produced from domestic potatoes, equal in quality to the Holland and Germany imported starch.

Plastics are being manufactured from potato pulp, by-product of starch manufacturing.

German chemists have produced a rice-like food, mainly made of potatoes and whey.

Larger potatoes, of higher vitamin content, can be produced by seed potatoes being treated in gas-tight chambers.

Potatoes are being used to manufacture paper and alcohol in addition to furnishing feed.

Swine Pox Shows Rapid Increase

A substantial increase in swine pox has been reported. Swine raisers should recognize the fact that there are two types of pox virus, says a report of the American Veterinary Medical Association.

One type, swine pox virus, does not cause many death losses but does undermine the hog's health. The other type, cow pox virus, causes a severe disturbance and a number of deaths.

The important step in all cases is to eliminate lice from the animals and the premises, because lice are the actual carriers of this disease. Where there are no lice, there is no swine pox. If lice is present the hogs should be treated with an oil and sulphur solution and quarters thoroughly cleaned and disinfected regularly.
