## KC's First Jamboree Begins Saturday At 8

Knox City's first Country-Western Jamboree will begin Saturday night, September 13, at 8:00 o'clock in the City Park and from all indications, a good crowd is expected.

Musicians and singers from Truscott, Benjamin, Rochester, Aspermont, Lubbock, and possibly Vernon will be on hand to present a fast-moving program that promises to be entertaining.

Plans call for the following entertainers: Tommy Kent, who will also help to emcee the show, Brian Williams, Pauline Myers, Ray Etheredge, Junior Hester, Paul Bullion, R.C. Daniel, Don Caldwell, and The Angle Sisters.

Brian Williams will assist Tommy Kent with the sound system, and Don Caldwell of Lubbock will help Kent emcee the show.

A concession stand will be open in the Kennel.

The event is being sponsored by the Knox City Chamber of Commerce and officials are hoping that it will be a regular monthly affair.

Plan now to attend. There will be no admission charge and in the event of rain, the show will be moved to the American Legion Hall.

CLEARING THE SITE FOR KNOX CITY'S new Dairy Queen began last week as dozer operator J.C. Eaton, pictured above, maneuvers the big cat.

## Youth Found Guilty By Jury

The first felony conviction by jury in a number of years was handed out by a jury in Judge R.J. Balch's 50th Judicial Court in Benjamin Tuesday of last week when Jimmy Rogers, 20, was found guilty of the delivery of marijuana and received two years in the state penitentiary. Judge Balch will sentence Rogers next Tuesday, September 16.

Rogers was arrested last March along with nine other persons, including a minor, when raids by a dozen law enforcement officers were made in Knox City and Goree. The minor will be tried later in County Court, according to Knox County Sheriff H.C. Stone.

The trial of Sammy Valdez, 19, on Thursday of last week, ended in a hung jury and will be re-tried, according to Sheriff Stone. He was also charged with the delivery of marijuana.

Peter Rocha, 19, was found guilty Monday of this week of delivery of marijuana and assessed a seven-year probation sentence and \$2500 fine. His sentence will be handed down by Judge Balch on September 22.

Stone said that in previous years, unless a person plead guilty, after bond was made, that was usually the end of it, but District Attorney W.H. (Bill) Heatly tells him, "We're going to try some cases, and were going to prosecute."

Sheriff Stone said more indictments would be forthcoming when the Grand Jury meets next Tuesday, September 16.

A jury panel will be September 22 for a civil case, Stone said. Other trials are also set for October 6 and again on November 17.

The 50th Judicial District is composed of Cottle, King, Knox, and Baylor counties. One hundred and seventy-five persons were summoned for jury duty last week and Monday, Stone said.

## Work Toward Heatly Edition Is Underway

The Knox County News has been invited to join four other newspapers in State Representative W.S. (Bill) Heatly's district in publishing a special tabloid edition on the occasion of a special appreciation barbecue to be held in Paducah for him on October 11.

A 24-page tabloid section as a salute to Mr. Heatly will be inserted in the Paducah Post, Munday Courier, Foard County News, Quanah Tribune-Chief, and Knox County News. Each paper has been requested to sell four tabloid pages of local congratulatory ads. There are 17 newspapers in Mr. Heatly's district.

Contributions are also being made toward a bronze bust of Mr. Heatly, and locally, Barney Arnold and David Counts are soliciting these funds. According to Counts, everyone has been most generous.

## Knox City Chosen For Dairy Queen Site

Work began last week in clearing the ground for the erection of a new Dairy Queen here.

The building site is located on East Main directly across the street from Hamm's Texaco and B&C Chemical.

Bill Waddell of Anson, who has Dairy Queens in Cross Plains, Anson, and Hamlin, is now building new ones in Knox City and Rotan.

Mr. Waddell, accompanied by his general manager Joe Morrow, also of Anson, was in Knox City Monday of this week and reported that forms are now being set and construction is expected to take from 90 to 120 days, depending on the weather. Contractor is Sprayberry Construction Co. of Anson.

The new business will be patterned after other new Dairy Queens, Mr. Waddell explained. A canopy will accommodate four cars while the parking area will take care of approximately 50 cars. There will be a drive-up window service for call-in orders and a walk-up window for customers who prefer to remain in their cars. A large dining room will accommodate about 60 persons, he said.

Plans are for the business to be open seven days a week from 10 a.m. until 10 p.m. except on Friday and Saturday nights when the closing time will be midnight.

Mr. Waddell said that local employees would be used in the operation of the Dairy Queen.

## Active Committee For TACT

and 100 per cent of last week's tax revenue to be used for the purchase of a large 30th Street building for a community center. The committee is holding a public hearing on the matter at 8:00 o'clock on Friday, September 12, at the City Hall.

The group is hoping for a statewide organization with legislative influence in Austin. It is felt \$100,000 may be needed to set up the operation which would provide a two-way pipeline to Austin. Baker said that he believes there is enough interest among school districts to finance the amount.

The group also wants to include in its membership other taxing entities such as cities and counties and individuals and companies interested in taxation.

One endorsement came from the Texas Small Schools Association. That group's president, Jimmy Bickley of Robert E. Lee school district, and his statewide group would support and coordinate with the new association.

## Band Boosters Slate Annual Calendar Sale

The Knox City Band Boosters held their first meeting of the new year Monday night with the president, Mrs. Faye Graham in charge.

Mrs. Guinn stated that the calendar sales is the only fund raising project of the year, and the proceeds will go toward the purchase of new uniforms and instruments for the band students.

For the first time the band's picture on the calendar will be in color, Mrs. Guinn said.

Mrs. Pat Elston, secretary-treasurer, announced that the annual membership drive would begin in the near future. As in the past years, members of the various bands will vie for the honor of obtaining the most members for Band Boosters. The winning band will be treated to a party at the end of the drive.

Other business discussed included the band's turn at the concession stand on October 3 and the crowning of the band sweetheart and beau on either October 17 or 31.

The next meeting of the Band Boosters will be October 6.

## PUBLIC NOTICE SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS (S.J.R. NO. 11) SPECIAL ELECTION NOVEMBER 4, 1975

### PROPOSITION NO. 1 ON THE BALLOT

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

### PROPOSITION NO. 2 ON THE BALLOT

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions prior to the convening of the legislature in regular sessions.

Article IV, The Executive, is amended to:

Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation so the governor-elect may organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and

requirements, for the administration of elections, and for the protection of the electoral process. The general election for state and county officers is to be held in even-numbered years on a date prescribed by law.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

### PROPOSITION NO. 4 ON THE BALLOT

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the benefit of The University of Texas and Texas A&M Systems. A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on \$100 valuation is continued as the source of revenue for the Fund. The ten cent higher education tax may be changed by law within the ten cent maximum. The legislature may allocate by law a portion of the Higher Education Fund to certain state vocational and technical institutes. The article provides that the public education system must furnish each individual an equal educational opportunity, but a school district may provide local enrichment of educational programs exceeding the level provided by the state consistent with general law. Authority to issue Permanent University Bonds is continued but the bonds may not exceed 30% of the Permanent University Fund.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the EDUCATION PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976, except Article VII, Section 9, which becomes effective January 1, 1979.

### PROPOSITION NO. 5 ON THE BALLOT

Revising the finance provisions of the Texas Constitution. Article VIII, Finance, is amended to:

Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the ten cent tax provided for in Article VII and a

tax of two cents on the \$100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are continued. The present deduction of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The \$3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate \$3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, nonprofit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to con-

### PROPOSITION NO. 6 ON THE BALLOT

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to:

Provide that the counties of the state are those that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

# Coaches' Comments

By COACH JIMMY ROGERS

The Knox City Greyhounds won their first game of the season last Friday night beating the Rochester Steers 12 to 0. Although the Greyhounds were not real impressive, the game still goes in the win column. The score was close but the Hounds held a wide margin in the statistics. Still we did not play up to par and must improve if we are going to be a contender for the District Championship. It seems that we had problems both mentally and physically throughout the game as we saw assignments missed and

continuous leg cramps. We believe both problems will be corrected for the Rule game.

Rule has an excellent football team and is rated third in the State polls. This contest

should be evenly matched and should provide many thrills for the fans.

Let me say I much appreciate the support the people in K.C. give the Greyhounds. Our Booster Club, filmers, chain gang, gate keepers and many others who give their time and money to help these young men. The coaches realize without this kind of support there would be no program at K.C. like we have. Thanks again and let's continue to support these young men as we challenge the Rule Bobcats this Friday night.

## Rochester Downs KC Greypups

By COACH TOMMY SLOAN

The Knox City Junior High Greypups went to Rochester last Thursday night to play Rochester eighth grade. Rochester won the game 26-0. Knox City played good defense, but the offense was not able to move the ball on the Rochester defense. The Greypups hope to improve this week when they meet Rule's eighth grade at 6:30. This will be the home opener for the Greypups. Come and give them your support.

## STREAMS IN DESERT PLACES

by Ozelle Stephens

"For He shall give His angels charge over thee, to keep thee in all thy ways" (Psalms 91:11)

Through the Old Testament we find where angels were servants of God to protect and guide His people. In Genesis 48:15-16 when Isaac blessed Joseph's sons, Manasseh and Ephraim just before he died; he prayed God to let the angels who had redeemed him from all evils to go with and bless the lads. Isaac knew the heavenly beings. Angels had protected him through his life and he wanted these same angels to guard his grandsons. That is our privilege too. I'm wondering how many of us have failed to pray the prayer of faith that God wants to answer.

W know He is waiting, for in Exodus 23:20-23, He promised the people who would obey His commands, obey His

voice, and do all that He speaks. "I will send my angels before thee, to keep thee in the way, and to bring thee into the place which I have prepared." Yes, He has a place for you and He has a work for you to do. When you obey, you have every protection and daily blessing to enjoy. He never fails, for He shall give His angels charge over thee, and they have all power over all evil.

# O'Brien Happenings

CHARLENE BROTHERS

Well, I made it through the wedding, and suppose I am still in one piece. I think all the going here and there is over also, this is what was wearing me out. My last son says he is not going through all the makings of a big wedding, he will just go to the justice of the peace, and get it over with. I'm sure some girl will change his mind when the time comes. Of course, if he remains as he is now, his mind is going to take some doing to change. The girls at the news office were debating as to when I would get my news in, and they were right, it did not get in on Monday, as I had to go to Wichita Falls to return the tax used in the wedding. So I'm late again.

O'Brien won the game with Hermleigh last Friday night, 46-23. Hermleigh was picked to win by two points, so maybe this start will continue with O'Brien and they will win the district. They have some pretty good football players. Give them one more year for this year's freshmen to get some practice and I believe they will have another state winner. I did not get to go to the game so I do not know who made the points or anything. I will have some more information about this week's game with Trent. We will be going to Trent Friday

night. See you there.  
**HERE AND THERE**

## Albus-Brothers Vows Are Repeated Saturday

Miss Cindy Albus and Don Brothers of O'Brien exchanged wedding vows Saturday afternoon, September 6, at 4:00 o'clock in St. Joseph Catholic Church in Rhineland. The Rev. Bartholomew Landwermeyer performed the double ring ceremony before an altar flanked with arrangements of green, blue, yellow, and pink mums.

Parents of the couple are Mr. and Mrs. James Albus and Mr. and Mrs. J.O. Brothers of O'Brien.

Organist was Mrs. Leo Fetsch who accompanied vocalists Mr. and Mrs. Marvin Zeissel and Mr. and Mrs. Alvin Michalik, all of Rhineland.

Given in marriage by her father, the bride wore a formal gown of mira mist with the yoke and long, cuffed sleeves designed of Chantilly lace. Her headpiece of illusion was accented with matching lace, and she carried a bouquet of white carnations with miniature mixed carnations.

Jeanette Herring of Rhineland was maid of honor and wore a gown of green eyelet lace. Bridesmaids were Cynthia Lancaster of Springtown and Brenda Albus, the bride's sister. They wore matching gowns of ice blue and yellow eyelet, respectively. Rhonda Albus, cousin of the bride, served as flower girl and was dressed in pink.

Best man was Jerry Brothers of Springtown, brother of the bridegroom, while Jimmy Ray Albus, the bride's brother, and Craig Brothers, brother of the bridegroom, were groomsmen. Gary Harlan of Goree and Rayland Haves were ushers.

Ring carrier was the bridegroom's nephew, Jeremy Brothers of Springtown.

The reception was hosted in the Knights of Columbus Hall in Rhineland by the bride's parents. Assisting with the reception were Mrs. Evelyn Herring and Mrs. Cheryl Crawford, both of Munday, and Miss Denise Lancaster of Springtown.

The bride is a spring graduate of Knox City High School while the bridegroom is a 1974 graduate of Carney Schools in O'Brien.

The couple will live near Knox City where he will farm.

The rehearsal dinner was hosted by the bridegroom's parents, at Roddy's City Cafe in Knox City.

### FOOTBALL

Three area teams played Friday and one Thursday. Crowell beat Quanah 13 to 7; Munday lost to Seymour 0 to 6; Knox City beat Rochester 12 to 0; Benjamin won over Trent 36 to 6.

### CORRECTION

In last week's news I said that visiting the C.C. Myers and the Jamisons were Mr. and Mrs. Leonard Myers and Mr. and Mrs. Ricky Patterson and son. It should have been Mr. and Mrs. Leonard Myers and son. Since the Pattersons have only been married about a month, you can see that questions arose. I'm very sorry for the confusion and I hope nothing like it happens again.

### Beta Chi Chapter Holds Meeting

Those attending from Knox City were Mmes. Sammie Carpenter, Sudia Cash, Gretchen Colehour, Dottie Lowrey, Mary Beth Smith, and Eva Warren, and from Truscott, Mrs. Virginia Casey.

**Reddy's helpful tips for your Home Laundry**

- ★ Avoid wasting hot water while laundering. Use the cold and warm water setting as much as possible to cut down on the energy needed to heat water.
- ★ Use the water level control on your washer. You should use less hot water for small loads.
- ★ Follow detergent instructions carefully. Over-sudsing makes your washing machine motor work harder than it needs to.
- ★ Clean the lint filter on your washer and dryer after each load to keep your machine running efficiently.
