CAUTION

School officials are asking the News office to remind all drivers to be especially careful as they drive near the school grounds since another year of school is almost ready to begin.

Many traffic signs have been changed near the school to make it easier for those persons driving children to and from school, but in many places the stop signs are now in different places and some are exactly opposite of what drivers have been accustomed.

Children who are walking, as well as some motorists, are still not used to the new signs, so everyone is reminded to please drive carefully!

Harris-Burton Vows Repeated August 7

An archway with blue and white carnations and greenery flanked by seven branched candelabra on either side formed the nuptial setting for the August 7 wedding of Miss Brenda Gail Harris and the Donal' Wayne Burton of Abilene in the Foursquare Church. The Rev. Alex Penns performed the double ring ceremony.

Parents of the bride are Mr. and Mrs. Leo Harris and Mr. and Mrs. Willie B. Burton Sr. of Abilene are the bridegroom's parents.

Given in marriage by her father, the bride wore a white Empire gown of peau de soie featuring a floral design. Made by Brenda's classmate, Lydia Balaceire of New Orleans, Louisiana, the gown featured a square neckline with sheer overlay and long fitted sleeves. A jeweled cap of seed pearls held her waist length veil and lace flowers and pearls were used as accents on the veil. She carried a bouquet of yellow daisies, blue carnations, and baby's breath.

Your Social Security

Now that we are in the summer months of vacation, students receiving Social Security benefits based on school attendance should remember that it is very important to contact their Social Security representatives if they have a change of plans for the approaching school year. Some changes may affect entitlement to student benefits.

One of the requirements to receive these benefits is that an individual be enrolled as a full-time student in an approved educational institution and carrying a subject load which is considered full-time for day students under the institutions standards and practices. Less than full-time attendance according to the institutions criteria for full-time attendance in any particular month does not entitle a student to social security benefits for that month even though he may complete all required work for the school year at a later date. Entitlement to payments is based on full-time attendance for a specific month and not on the total number of hours earned over a prescribed course of

study. Normally students enroll for fewer subjects during summer school classes but a student still will be able to receive his social security benefit check if he is considered a full-time student by the school. Also, remember that a student may be entitled to benefit checks through the summer months even though he does not attend summer school providing he was a full-time student in the spring semester and he plans to resume full-time study in the fall semester. To receive benefits under these conditions a student must have an intent to return to school, and the period of non-attendance cannot exceed four calendar months.

To avoid possible overpayment, it is extremely important that student beneficiaries notify Social Security Representatives immediately if they decide during these summer months not to return to school for the fall semester. A change of plans to attend a different school also requires reporting. Many students assume that as long as they are a full-time student in an

accredited school that it makes no difference which school they attend because they would be eligible for benefits by attendance at either school. This is true, but after the semester begins social security verifies student attendance with the local

registrar of the school that the student said that he would attend. If the student is reported as not in attendance or less than a full-time student then his benefit checks are suspended. Of course the benefit checks will be reinstated after the student inquires about the non-receipt of his check and after social security verifies that he is in fact a full-time student in a different school.

Failure to report immediately a change of school attendance can at best cause an interruption of benefit checks at the time or shortly after school registration and this is the time when the checks generally are needed the most.

Another reminder to student beneficiaries receiving benefits on their parents records is that marriage terminates social security student benefits on this record even though the individual continues in school on a full-time basis.

In summary, to receive the correct payment amount student beneficiaries who marry, change schools, drop out of school or reduce their scholastic studies to less than full-time attendance should check with social security representatives as soon as possible.

The Vernon Social Security is located at 1701 Cumberland. The phone number is 817-552-9346.

Patterson Descendants Reduced Lunches Offered In Benjamin

Descendants of J.W. Patterson gathered Sunday, August 8, in the Seymour City Park for a Bicentennial reunion with approximately 78 persons in attendance.

Among those attending were Ruth Patterson Kenner of Crowell, the only living child of the late J.W. Patterson; Dora Patterson, Vera, widow of the late Henry A. Patterson; Veta Patterson, Benjamin, widow of the late O.L. Patterson; Mr. and Mrs. O.L. (LaMoyné) Patterson and Kynn of Benjamin; Mr. and Mrs. O.L. (Lynn) Patterson; Danneva and Lynn Boy of Amarillo; Mr. and Mrs. Fred Cash, Kim and Timmy of Grandfield, Oklahoma; Mrs. Annette Patterson Hester of O'Brien; Mr. and Mrs. Terry Hester, Tony and Traci of Graham; Mrs. Al Tremble and Alan of Wichita Falls; Mrs. Randy Walker of Seymour; Mr. and Mrs. Alton Patterson, Lisa, Ronald, and Mike and Mr. and Mrs. Ricky Patterson, all of Wichita Falls; Mr. and Mrs. John Jameson of Gilliland; Mr. and Mrs. Robert G. Nix, Kathy and Tim of Murday; Mr. and Mrs. Loran Patterson of Vera; Christy Patterson Kee, Gidget and Heidi of Vera; Mr. and Mrs. Dickie Patterson, Tina Joe, Dickie Jr., and Lance of Seymour; Joe and Leota Cardwell of Mississippi State, Mississippi; Mr. and Mrs. Darrell D. Patterson Jr. and Tony of Garland; Mr. and Mrs. Richard Garrett and Shawn of Plano; Mr. and Mrs. Rex Patterson of Benjamin; Horace Glenn Patterson of Vera; Mr. and Mrs. Cecil Daniel, Carla Warner and Derrick Daniel of Abilene; Cora Gillentine, Lois, Dorothy, Linda and Beulah Golden of Benjamin; Mr. and Mrs. James Golden, Kathy, Tammy, and Kegena of Benjamin; Gladys Cartwright and W.T. and JoEttie Cartwright, all of Benjamin; Jewell Stark and

Mr. and Mrs. Bonnie Duke, all of Fort Worth and Mrs. Ruth Horne of Corpus Christi.

According to information submitted by Mrs. O.L. Patterson Jr., John Wesley Patterson came to the newly organized county of Knox in 1897 and homesteaded land six miles east of Benjamin, east of the 'narrows'. Patterson and his two oldest sons, Bailey and Henry and son-in-law, Albert Lawrence, built a home on the Patterson land and a home on land homesteaded by Albert, on the east joining the Patterson land.

J.W. and his wife, Elizabeth Dees Patterson with their children, John Bailey, Henry Alexander, Lena Mae, Albert Venmore, Joseph Carl, Orel Lee and Ruth along with their older daughter, Cornelia and her husband, Albert Lawrence arrived in Knox County in 1898. Two older daughters, Adah Jane and Laura Ann were married and had settled elsewhere.

Soon after the families arrived in Knox County, Mr. and Mrs. Albert Lawrence were blessed by the arrival of daughter, Cora Estelle on August 4, 1898. Two years later, October 15, 1900, the Patterson family welcomed little James Kenneth. Seven months later on May 22, 1901 tragedy struck. John Wesley was kicked in the stomach by a horse and was critically injured. He died a few hours later at the age of 57. He was buried in the Benjamin cemetery.

Elizabeth with the help of the older children and neighbors kept the family on the farm in the home built by her husband. She raised chickens and sold eggs, grew vegetables to sell and for her own home use. The older boys hired out building fences, clearing land, farming and ranching for neighbors.

The baby Kenneth died of the croup on March 26, 1903. Three years later, the seventeen year old son, Albert, dove into a tank, broke his neck and died June 10, 1906. Both boys were buried beside their father in the Benjamin cemetery.

Elizabeth was interested in her children's education and at times she moved into Vera during school months so they could attend. Friends were good to help by keeping the children near the school. The younger children later attended the Benjamin school.

She married a Mr. Brownlee and continued living on the place. In December 18, 1914 she was on her way to Benjamin, driving her buggy, when she suffered a stroke. The horse not being guided turned into a friend's house. When she did not get out to open the gate the friends checked and found her unable to speak. She passed away a short while later at the age of 54 years, 11 months and nine days. She was laid to rest beside her husband and two sons in the Benjamin cemetery.

Four of her children continued to live in Knox County and raised their families. Henry lived in Vera while Nelia, Carl and Orel lived at Benjamin.

The Benjamin School serves nutritious meals every school day. Lunch may be bought for the following price: Grades K-6 45 cents, Grades 7 - 12 50 cents, Teachers and School employees 75 cents, other adults \$2.00.

Children from families whose income is at or below levels shown on the attached scale are eligible for free or reduced-price meals. If the children are eligible for free meals they are also eligible for free extra milk. The reduced price for lunch is 20 cents. "If your income is greater than those shown, but you have unusually high medical bills, shelter costs in excess of 30 percent of your income, special education expenses due to the mental or physical condition of a child, or disaster or casualty losses, your children may still be eligible," Supt. Kenneth Roberts explained.

The school children of parents or guardians who become unemployed are eligible for free or reduced-price meals and free milk during the period of unemployment, provided that the loss of income causes the family income during the period of

Hazel Long and Louise Kemletz returned recently from a most interesting tour of the mid-United States and Canada. The tour agency being Travelling Texans of Dallas with whom they have made ten tours.

Highlights of the tour included seeing "Texas" in the Palo Duro Canyon, Mount Rushmore and the Black Hills Passion Play and also, the Bad Lands of the Dakotas.

Six overnight stops were scheduled in Manitoba and Ontario, Canada and several boat cruises were made on Lake Superior and a scenic train ride to Agawa Canyon from Saulte Ste. Marie, Ontario.

A boat took them through the Soo Locks that connects Lake Superior and Lake Huron. The women also had the experience of staying at

the Grand Hotel on Mackinac Island, Michigan, which is the largest summer resort hotel in the world. Transportation to and from the island is by ferry and there are only three motorized vehicles there and these belong to the doctor, the police and the firemen. All other transportation is horse drawn or by bicycle. There are 2600 registered bicycles on the island and other points of interest were Green Bay and Madison, Wisconsin, where they visited the Wisconsin Dells.

In Springfield, Illinois, they visited the only home Abe Lincoln ever owned, the church where he worshipped, and the Lincoln Tomb and Memorial. After touring Springfield, they went on to St. Louis, Missouri and then to the Forewell Dinner Party which was held at Fountainhead Lodge on Lake Eufula near Chicotah, Oklahoma.

DISPLAYING HIS BUMPER CROP of tomatoes is Lloyd Waldrip who experimented this year by putting a roll of fence wire around each plant in order that the plants could climb up through the middle of the roll. This prevents the tomatoes from falling to the ground and they can be easily gathered in this manner. These were planted April 22, looks as if he has a winner in the process.

WHO SAID KNOX COUNTY COULDN'T produce large pumpkins! Lloyd Waldrip's sons-in-law planted these for him on Easter Sunday afternoon while Lloyd was home recuperating from surgery. The pumpkins are 'giant' size and the above weighed 45 pounds.

Lions Club News

At Wednesday's meeting the Lions were feeling enthusiastic and brought six visitors. Two new members were proposed and "backed in" just as every other Knox City Lion has done. Lion Joe Clonts sponsored Buster Lowrey and Lion David Lorenz sponsored Ted Bolzle. Lowrey is a well known farmer in this area and also known for his excellent square dance calling. Bolzle, a new resident, is assistant manager for the Knox City Plant Material Center.

Lion Alton Fitzgerald reported that Lion Jesse Gilpin is receiving treatment and convalescing in Fort Worth. For his friends who would like to send a card, his address is 5817 Boca Raton, Apt. L 204, Fort Worth, Texas 76112.

The taitwister missed a golden opportunity to collect a fine by being absent when Lion John McGaughey passed out advertising about the crusade.

Lion James Patterson introduced the program speaker Dr. A.B. Lightfoot. Dr. Lightfoot amused the Lions with a demonstration of Magic illusion and was assisted by sweetheart Jan Lowrey and Lion David Counts and his "magic" tie. The tie is an illusion that was "cut short". Rev. Lightfoot spoke of his life as a boy growing up in Santa Anna, Texas, where a very important fact was revealed to him. It was "you can do anything if you keep a grip on the Lord's hand." he closed his talk by reciting "When I met the master, face to face."

Employment Handbook In Use At TEC Offices

The Texas Employment Commission has obtained for all its offices the new OCCUPATIONAL OUTLOOK HANDBOOK, 1976 - 77 EDITION, which projects employment information through 1985.

"The handbook is available for reference use at all local TEC offices as one of our many services to the public," said TEC Chairman Harold K. Dudley.

"Several years ago," Dudley continued, "when TEC began a study on manpower in relation to career direction, we found that labor market projections were among the most basic needs of nearly all institutions and businesses: What manpower would be needed in five years? In 10

years?" "Both TEC and the Bureau of Labor Statistics have the capability to make statistical projections which give a basis for future planning," the TEC chairman said, "and the data produced have proven to be an immense aid in many fields."

THE OCCUPATIONAL OUTLOOK HANDBOOK gives projections on a nationwide basis, Dudley said, for more than 850 occupations within 35 major industries. For each occupation, there is a description of the duties, places of employment, training and other qualifications needed, earnings, working conditions, employment outlook, and sources of additional information.

IDEAS FOR MOM

Traveling with children needn't be a tiring trip if a mother knows how to handle the situation. Here are some helpful hints on making a family excursion an exercise in fun.

1. Make sure you take along clothes made of easy-care fabrics. Don't outfit children in light-colored clothes or fancy ensembles they'll have to worry about keeping clean. Remember, it's the children's vacation too!

2. Take along an assortment of favorite games and toys to give the tots something to do in the car. Many games come with pieces that stick to the board so they don't slide around while the car moves.

3. Be sure you have a first aid kit in your luggage. It should include aspirin, adhesive bandages, sunburn lotion, stomach upset medicine, an antibiotic ointment for cuts and any medicines taken regularly by doctor's prescription.

4. Let kids enjoy their on-the-road meals by taking them to their favorite restaurants. Stop in at a fast-food restaurant like BURGER KING, which provides tasty meals with plenty of protein. These familiar restaurants always make you feel welcome.

Many of them have dining room hostesses to help with bibs and high chairs for small children, and balloons, free gifts and crowns for all youngsters. You can find out the location of the 1600 BURGER KING restaurants in 47 states and abroad by writing for a free directory to Kathy Guca, Burger King Corporation, P.O. Box 520783, Biscayne Annex, Miami, Florida 33152.

5. Don't be disappointed if younger children don't share your rapture about the local history of the place you're visiting. On the other hand, tell older children about mountains, cities, rivers and monuments they will pass.

Follow these hints and traveling with children could turn out to be a first-class excursion!
