## PLAY A BIG SUCCESS

**HANDSOME SOME**

The most complete success story of cooperative interpretation stated by the Parent Association last Wednesday the play "A Poor Married Man" was a great success from every point.

Every ticket made for that night. The house was full. The play was taken with many in the bleachers, in the back of the stage and people standing up on the sides of the stage around the room. The attendance was perfect. The sale of tickets amounted to most one hundred dollars. The exact figures can be found in the Parent-Teacher-Association report.

Understanding feature of such a play was the eucharistic. Mr. Press Clarke, as chairman of the play committee, showed his ability in selecting types of characters portrayed. The hit of the play was Mrs. Henry Jones, made most sentimental, pretty comical. The character portrayed by Mrs. Morgan were the expression of a typical college professor and had been more excellent than his dislike for lobster.

The handsome darkfaced character portrayed by Lloyd Waldrip, suitable from beginning to end, revealed talent in impersonating his comical character, the play and his "well I'll be dog" finished two hours of real fun for those in attendance. Other characters were likewise fitted to their parts. Al Lee, the country doctor, portrayed by Mr. Lee, made a terrible mistake in the selection of a wife, he finished the job of her work. The character revealed well directed.

### GREYHOUNDS SCORE 28 RULÉ 9

Thursday afternoon one of the largest crowds ever to attend a football game here saw the Greyhounds score 28 to Rule's no score. The game was played at home and brought an overpowering victory for the Greyhounds.

Thursday morning Mr. Cloud announced that the number of boys out for football this year, 14 of them would letter, if they pass the mid-term examinations. They are as follows: Buck Reid, Parks, J. B. Ferguson, Tom Ferguson, Rex, Jack Wilson and English. Linemen are W. R. Stephens, Ansel Stephens, Me Bush, Kelly, Mayor, Flemming D. White and D. White.

### TWO NEW BABIES

Mr. and Mrs. J. I. Hester of route one in Knox City have a new baby boy.

A baby boy has also come to the home of Mr. and Mrs. J. C. McGuire on route one.

ed rehearsals, which of course, was the result of Mrs. Watkins diligent, untiring efforts.

Knox City is the best town in Texas for cooperation. This play revealed that fact. The play was staged by the P-T-A, a public organization and for the benefit of the school. The public attended that play, giving the public organization one hundred per cent cooperation.

To say it was a success is too mild. It was a grand and glorious success.

Music was furnished during the evening by the Truscott band. The boys came over in a free will offering and their music added greatly to the success of the play. Following the play, the mothers of the P-T-A served refreshments to the band boys.

The Knox City Chorus Club, of which Mrs. E. Q. Warren is director, gave two between act numbers. Both were fine.

## Pupils Make High Grades In school

As will be remembered, the Herald promised last week to give this week the names of the boys and girls who made the highest grades in their class. Upon officially visiting the school, we find that the leading students in the respective rooms are making high grades. Some times the boy leads in the grades and some times the girl. It seems to be a fifty fifty proposition. Following are the leading pupils in the first seven grades:

First Grade:  
Paul Hogg, whose average is 94.  
John Houghton, 88.1  
Second Grade:  
Glen Henderson, 94.  
Hattie Pharis Clark, about 94.  
Third Grade:  
Berrie Whitest, about 93.  
Bessie Davis Densford, also about 94.  
Fourth Grade:  
Chandler Sue Messier, about 90.  
Dollie Hammons, 88.  
Fifth Grade:  
Lola Jean Propps, 94.  
Harvey Moore, 93.  
Sixth Grade:  
Verna Daniels and Marvin Goodson.  
Seventh Grade:  
Dorothy Deering, 91 and fraction.  
Herbert Finley, 89.  
Mrs. Cook, the seventh grade instructor, states there are six pupils in the high school are not received yet. Tuesday morning the final averages were not known. If the names fail to appear in the Herald this week, look for them next week.

Mr. and Mrs. Mike Perry were dinner guests of Mr. and Mrs. W. N. Densford one night last week. Mr. and Mrs. Perry moved to McLeak.

SEE YOU AT CHURCH SUNDAY

## Make this Simple Test! and Decide for Yourself Which is the BEST FEED for Your Hens

ALK—like some poultry feeds—is cheap. Confronted by the confusing claims of many feed manufacturers (all claiming "the best") you are apt to conclude that all feeds are alike—or else that their makers have but scant regard for the truth.

Why not decide for yourself—uninfluenced by personality or arguments?

When you buy feed, you want to get your money's worth; you want egg-making materials—not alfalfa meal and other high-fiber "fillers" which are condemned by the leading agricultural colleges and experiment stations.

Here's How You Can See How Much FEED You Get!

USE any glass receptacles (two fruit jars will do). Place in one, 1/2 lb. of RED CHAIN Orange-Vitamine Egg Mash; in the other, 1/2 lb. of any other commercial egg mash. Then add 2 lbs. of water to each, stir thoroughly and allow to settle.

(The drawings of the "settled" were made from actual photographs of a set of RED CHAIN and another well-known egg mash.)

THE difference is astounding! In both jars the real feed settles to the bottom and the waste matter rises to top. In the RED CHAIN jar only a few black specks (charcoal) float, but in the other you'll find a thick ring of alfalfa stems and other fibrous waste matter!

We Sell RED CHAIN Because It's SUPERIOR Feed
