

# THE KNOX COUNTY HERALD

KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, AUGUST 14, 1924

NUMBER 45

## Recall First Prairie Wedding

TEXAS CENTENNIAL NEWS

Mrs. T. A. Edwards of this city has been appointed by Senator Owsen as one of a committee of six from Knox county forming the county advisory board making preparations for the Texas Centennial to be celebrated in 1936. Other members of the Knox county board are Mrs. Frank Patterson, Charley Morehouse and Charles Hisee, all of Benjamin, Mrs. Shelly Lee of Munday and Mr. C. C. Brewster of Truscott.

The first meeting of the Knox county board was held in Benjamin on Saturday, August 11 at which time plans were laid for getting the facts of the Centennial celebration before the people. It is to be emphasized that this Centennial celebration will not increase the taxes of the people one penny. Although a city will be dedicated (about September) in which exhibits will be concentrated, the Centennial celebration will be state wide with every village, hamlet and broad spot in the road will be in on the matter. Old timers of the county are asked to cooperate with the advisory board in furnishing information concerning important historical facts of the county. Should any point within the county rate historical importance, that point will be designated by a marker (furnished by the government) giving facts and dates of the event or events. Of course such information will have to be gained through old settlers.

Lets all think, talk and write Texas Centennial!

### TILLINGHAST NEW CITY TENNIS CHAMP

Another City Tennis tournament was held here last week in which George Tillinghast proved himself city champ in singles for the men. George defeated Henry White. In doubles Henry and George defeated Joe Withrow and Jack Wilson.

The lady members of the local club are scheduled to play their portion of the tournament this week.

### Seymour Girl Held in Shooting Case

Miss Ruby Britton of Seymour is being held in jail today for the death of Horace Nichols, First National bank employee also of Seymour. Mr. Nichols was shot by his lady companion Wednesday night. He has a family.

Miss Britton is of the family who own the Britton department store in Seymour.

The only pair of gloves that the entire town possessed was the fleecy lined, fur pair Uncle Trav brought them but made it convenient that the young bride did not see them at all. They with the neck tie were discarded almost immediately after the extended service following the wedding ceremony. In keeping with the style Mr. House also wore his boots and high Stetson hat. His boots were the dominating part of his rigging having been given to him as a wedding present. They were handsome, hand made boots.

The young bride wore a beautiful, delicate green silk dress finished with white velvet and ruchin. The style was a becoming bust with large puff sleeves. The skirt of course was long. Her trousseau was purchased in Dallas and hand made by a Haskell seamstress, quite fashionable at that date.

### Still Residents of County

It is interesting to know that during these 44 years Mr. and Mrs. House have been constant residents of this county with the exception of only 6 years which they spent in Oklahoma. They are both in good health and are now residing in Benjamin where Uncle Trav is soon to begin his fifth consecutive term as county treasurer. They are a happy couple and for whom the past years have mellowed both their spirit and earthly temples. If you wish an hour of mirthful reminiscences or an intelligent, optimistic view of the present and future, drive to the little cottage occupied by Mr. and Mrs. House in Benjamin Texas.

## Sanitation Program Accomplishing Good Results in Knox Area

### Christian Church Concludes Revival

The annual revival meeting of the First Christian Church of this city was concluded Sunday night with the baptismal service. Nine additions were made to the church, six of whom were baptised and 3 members were accepted by letter. Two boys were immersed in baptism by Brother Bedford Smith for the Methodist church.

The membership of the church with a number of guests from other Christian Churches of the county enjoyed a fellowship meeting and feast Sunday evening about six o'clock, on the church house lawn. This fellowship meeting was most enjoyable to all present.

Brother Darby, evangelist, has made the Word of God plain in his sermons, at the same time promoting the spirit of purification and brotherhood, which preaching has touched not only the membership of the Christian church but also those of other churches who have attended the services. Knox City was fortunate to secure the services of a man whose understanding and explanation of the scripture was so pronounced.

Instead of going from here to Gore, as originally planned, Brother Darby was called back to Benjamin where he began Monday night a second series of Revival services in the Benjamin church.

### FOUR YEAR OLD HURT IN FALL

Master Paul Green, four year old son of Mr. and Mrs. C. A. Green, is suffering with an injured arm which he received when he fell from a tree Monday of this week.

Paul succeeded in getting into the tree by getting upon a large box. After having attained his height in the tree he fell on the top of his right arm striking a nail which tore a gash of some two inches from the elbow down the fore arm. He received treatment and a tube was placed in his arm. He expects to get the place sewed up today, Thursday.

Mr. and Mrs. Green and children spent the weekend with relatives in Bowie. They had just returned home when Paul happened to his accident. The family lives in the J. W. Howell place here in the city.

During the past week a most worthy program of health and sanitation has been started in and around Knox City. This highly beneficial program is being conducted with Hellet Leber through the courtesy of the County Commissioners court, County Health Administrator and the local Medical Profession.

One of the main items being stressed at this time is the construction of Sanitary Pit-Type Toilets. These consist of a Pit approximately four feet square and five feet in depth. This covered over with a concrete slab and, of course, the building is placed over the slab. In this manner all refuse matter is completely sealed off and eliminated fly-breeding and a most unsanitary condition. As everyone knows flies largely breed in open-back toilets and carry Typhoid and other disease bearing germs direct to the dinner table.

This program is coming to the individuals and property owners labor free, their only cost being the actual cost of the material used and has been worked down to a minimum a very small item and within reach of every one. Very often the old house can be utilized without additional cost.

This is a County-Wide Project and is being supervised by Mr. Frank Hester of Knox City. Everyone is urged to give their hearty support to this program and take advantage of this opportunity to help make Knox County one of the healthiest Counties in the State. All of those desiring a Toilet will please get in touch with Mr. Frank Hester or leave their orders at the City Hall or either of the Lumber Yards.

A new unit has just been completed at the Atkade Ins Company and is now open for inspection.

Mr. and Mrs. C. C. Hampton of Commerce were weekend guests of her sister Mr. and Mrs. Jim Stevenson.

Miss Doris Jones of Vernon is visiting her sister Mrs. Otis Lawson.

\$4,400.00 IN COTTON CHECKS RECEIVED MONDAY

Knox County farmers received something over \$4,400.00 in rental cotton checks on Monday of this week. This is a small amount for the county's first season but a continuation of such distribution will eventually get all the checks in. Just the amount of this total received by the Knox City was not known today, Thursday.

## Haskell County Pioneer Man Found Dead

Funeral Services Being Held for T. G. Carney

The body of T. G. Carney age 71 years is being held in-state at his home in Haskell county awaiting funeral services to be held at the home this afternoon following which burial will be made in the Haskell cemetery. A short service will also be held at the cemetery.

Mr. Carney has been a resident of Haskell county for 46 years, having lived in his present home for the past 27 consecutive years. He and Mrs. Carney arrived on the Haskell prairie when only cattle roamed the plains and settlers were very scattering. After having lived here 19 years and having heard from every available source that plants and trees would not grow here, he made his selection for a home and began the tedious, but timely to him, task of making a beauty spot and a home in West Texas. Mr. Carney's place is now, in all seasons, one of the beauty spots in Haskell and adjoining counties. Trees have grown under his management to equal in size and beauty only those grown in far more favorable soil and climate.

Living plants and shrubs was only a side line with Mr. Carney however, as he through the years was a rancher, merchant, an extensive land owner and leader in civic enterprise and development for both Haskell and Knox counties. He was a member of the Methodist church and since early manhood has taken an active part in religious work. He with Mrs. Carney were the only remaining charter members of the Methodist church of O'Brien.

Although Mr. Carney has been in poor health for the past four years his death Tuesday was a shock to his family and friends. Tuesday evening about dark he went to feed his chickens. He failed to return as soon as he should and Mrs. Carney went in search of him. She with others found Mr. Carney about an hour later in his feed house. He had suffered a heart attack and died in the feed house.

T. G. Carney was born in Jackson Louisiana in 1853. At the age of 12 or 13 years he with his family came to Texas in 1865 he married Miss Lizzie Hunter in Coleman county. Three children were the fruits of this marriage, Maude, Richard and G. G. Carney, all of whom survive. In addition to the wife and three children, Mr. Carney is survived by eight grand children, two great grand children, one brother and five sisters. These with other relatives and many friends from Haskell and all the adjoining counties are expected to be in attendance at the service this afternoon honoring the last appearance of his earthly body. Services are being held at three o'clock by Reverend Whitley and Alvin from Haskell.

Mr. and Mrs. J. W. Green spent the first of the week with their daughter Mr. and Mrs. D. W. Cox in Fisher county.

### Boy Shoots Self With Play Gun

Having improvised a gun by passing 28 pistol shells in a small pipe and taping the cap with a hammer, Sam Ed Carpenter Monday was the victim of his own shooting when one shell back fired.

Sam Ed was hit about one half inch below one eye a piece of the shell having to be removed from his cheek by a physician. Although the boy was not seriously injured he escaped only by the favor of an inch the loss of the sight of one eye.

Sam Ed is the son of Mr. and Mrs. E. H. Carpenter of this city also the grand son of Mr. and Mrs. S. L. Favor of this city. He is 8 or 9 years old. He found his 28 pistol shells at the home of his grand parents, they belonging to Mr. Favor.

Mr. and Mrs. J. W. Green spent the first of the week with their daughter Mr. and Mrs. D. W. Cox in Fisher county.

## HOSPITAL NOTES

Patients in the hospital this week include J. M. Thompson of Haskell, Mrs. J. E. Dyches of Rochester, Dale McAfee of Munday, Mrs. T. W. Barber and infant daughter of Sun Bel, R. J. Walling of Sun Bel, Otis Lindner of Hertford, J. M. Woodson of Haskell, Algie Sams of Benjamin, Mrs. Greenwade of Rochester and Lize Wallace (retired) of Truscott.

Mrs. E. E. Lewis and infant son of Rule were dismissed today Thursday. Mrs. Sid Wabwood and twin sons of Munday were dismissed today also. Dolph Eiland of Munday was in last week for medical service. Mrs. C. R. Barnard of Knox City was in Wednesday for X-ray and Earline Hillman of Vernon received medical advice here last week. Mrs. D. C. Fritz of Abilene was dismissed Monday and Mrs. E. C. Milford of Knox City was dismissed Saturday.

### SECRET MARRIAGE REVEALED

The secret marriage of Miss Marie Dunlap of O'Brien and Mr. Ray Yarbrough of this city on March 4 of this year was revealed to friends here Saturday, August 11th. Miss Dunlap and Mr. Yarbrough were married Sunday evening, March 4, 1924 in Rochester Texas. Brother Preston Florence pronouncing the ceremony.

Death came to Mr. Carney about eight p. m. Tuesday, August 14, 1924. His absence here will be keenly felt by all who knew him.

Active pall bearers will be S. N. Reed, Hugh Gaunt, Erno Stephens, H. M. Warren, Ben Charles Chapman and Ike Pearson. Flower girls will be Misses Beatrice and Pauline Stephens, Benita Elmore, Dorothy Mae Brown, Mable Watts, Pauline Orntstead and Edna Gothard.

We understand that little Mohobol is thriving in his new home with Mr. and Mrs. Vance Jones. Mohobol is quite individual even in his infancy of two months. His small body is unusually white which fact makes his dark eyes rather noticeable. And he has a way of turning his saucy little head in such a way as to best reveal the clever expressions of his eyes, one black and one white. Although he has been rather a good baby, he has caused both Vance and Mrs. Jones terquidity in their sleeping hours. But considering he is yet only a few weeks old, he has done a lot long and has a noticeable tail of some three quarters of an inch long. We think that Mohobol is rather a nice pup. He is a rat terror.

Mrs. Gless Hill is in Dallas where she is temporarily employed.

### OUR CITIES "IN BONDAGE"

It is not only in international finance that debt acts as a crushing weight. Local governments, when you stop to think about it, are crippled by debt just as badly—if not a little more so.

The finances of a typical middle western city were studied recently, and it was discovered that 54 cents out of every dollar were being used for debt services. Only 46 cents were left for government operations, and

any attempted economy measures would have to leave the greater part of the city's expenditures completely untouched.

Few cities operate on a pay-as-you-go basis. The bond issue, in many cases, is an essential part of city finance operations; but that it has been used far too often is beyond argument. A city that is deeply in debt is hamstrung in any effort to reduce expenses.

Mr. and Mrs. Eckenbacher of Bowie spent Tuesday night with friends here.

Mrs. C. A. Allen and two children Bert and Bryan are spending this week with her brother Audry Denton on the farm west of the river.

Miss Verdie Denton has accepted a position in the office of the county school superintendent for a period of nine months. Miss Denton was elected to this position by the county school board.

The Charley Keenan family and the Clyde Smith family moved last week to a cottage in the north section of the city, located east of the Holland home.

Mrs. Scott Dalton, Miss Velma Kirkland and Mrs. Ike Simmons spent Thursday afternoon of last week with friends in Haskell. They were guests at a social.

### APPRECIATION

One of the most appreciative statements heard recently in Knox City concerning a local institution was that this week made by Guy Milford.

Mr. Milford's wife has been in the hospital, having undergone a major operation, and Guy has had it "nip and tuck" during the time. However, according to Mr. Milford, Knox City is populated with the finest, most generous people in the world and Knox City possesses the finest hospital with a staff of Drs. nurses and management that is excelled by none. Mr. Milford states that a person never knows just how many friends he has until he or his family become ill then he finds that ever so many people are anxious to show their friendship in acts of kindness, all of which he gratefully appreciates.

### 'RINTER'S ERROR ENLIVEN'S TOPIC FOR CLERGYMAN

St. Petersburg, Fla.—A printer's error might have caused the newspaper much embarrassment if Rev. James A. McClure had not been the one who sees the funny side of things.

As pastor of the First Presbyterian church, he sent to the paper the announcement that his sermon topic the following Sunday would be "The Secret of Power."

The typesetter hit the wrong letter, the proof reader failed to catch it—and so it was chronicled that Rev. Mr. McClure would preach about "The Secret of POKER."

"Oh, that's all right," laughed the clergyman. "Perhaps I'll have the church overflowing."

### A VOTE OF TRUST

Saturday a week ago the people of Young county and the 13th Congressional District put their stamp of approval on Congressman W. D. McFarlane's record in Washington by supporting him for re-election and assuring him of their intentions of giving him a second term.

The vote polled for Congressman McFarlane are those of friendship, trust, and optimism. They represent the faith of thousands of West and North Texas voters in their representative's sound judgement and loyalty. Congressman McFarlane worked earnestly and deservingly for the people of the 13th District, and cooperated with the New Deal to see that the depressed throughout the United States were given relief.

The counties of this area need a continuation of that good work. Their vote in the July primary is to be taken as an expression of gratitude for his representation in Washington during the crucial years just passed. The lead given Mr. McFarlane is also an indication of the peoples choice in allowing him to stand side by side with New Dealers for a second term.

The many loyal supporters will go to the polls again on August 25 to cast their vote for their leader. The primary vote massed in his favor is indicative of his popularity, and it is expected that those and many more will elect to support him one week from Saturday.

—Graham Leader

### FARMERS ADVISED NOT TO SACRIFICE COTTON OPTIONS

The County agent's office in Benjamin was notified Thursday by the gram to advise farmers holding certificates on cotton in the pool on which they had secured a ten cent loan, not to sell the certificates. The price of cotton has recently advanced above ten cents and farmers having certificates will be able to receive a nice check for their cotton in the pool. In many sections, it is reported, farmers have sold their pool certificates at a very low price and those who have done this have lost all interest in them.

The telegram reads as follows: "Cotton pool now developing whereby holders of participation trust certificates will be able to tender them to pool managers who would purchase certificate and pay them market value. Suggest that you advise holders of certificates not to sacrifice them as they are worth current market price of cotton less ten cents per pound and small carrying charge. You will be advised immediately of details of plans of tendering certificates and receiving payments."

Oscar Johnson.

Manager Cotton Producers Pool  
 Washington, D. C.

Firestone and Dunlop Tires and tubes at Ashcroft's.

A revival meeting will begin Sunday in the Gillespie church. Brother Balch of Seymour will do the preaching, the evening services being held on the outside. Everyone is invited to attend.

Mrs. John A. Wilson and son Jack are in New Mexico this week having made the trip to bring Florence home. She has been visiting in New Mexico several weeks.

Mrs. H. M. Warren and children are visiting in Abilene this week.

### Barnett & Barnett Chiropractors Knox City, Texas

### Stomach Gas

One dose of ADLERIKA quickly relieves gas bloating, cleans out BOTH upper and lower bowels, allows you to eat and sleep good. Quick, thorough action yet gentle and entirely safe.

Orient Drug Store

# this Great New MOTOR OIL...

## ... Climaxes Continental's 59 Years of Leadership!

Continental Oil Company's half-century of quality leadership reaches a climax in *New and Improved Conoco Germ Processed Motor Oil!* It is the result of over two years of research and experiment and 963,000 miles of road tests.

This great new oil has these advantages:

1. Two to four times greater film strength than any straight mineral oil.
2. Penetrates and combines with metal surfaces—the "Hidden Quart that never drains away."
3. Stability under all conditions; will not thin out.
4. Prevents carbon and sludge troubles.

Here's proof that it gives you *greater motor protection and lower oil consumption:* Tested at Indianapolis Speedway against five other nationally known oils in identical cars, five quarts of New and Improved Conoco Germ Processed Motor Oil carried its car 4,729 miles—3,015.8 miles farther than the first oil to fail, 1,410.2 miles farther than the best of the five other oils!

18,000 Conoco Stations in 40 states have this great new motor oil for you in refinery-sealed cans and in bulk. Fill with New and Improved

Conoco Germ Processed Motor Oil and know your motor has the finest protection you can give it!

## Knox County Herald Gets The Business Message Into The Homes of Buyers

The functions of advertising are to search out buyers and inform them of new merchandise styles, explain values and tell where and at what prices they may be had. Getting these business messages delivered in an efficient and inexpensive manner, as is consistent with good taste, and through a medium that insures attention and acceptance, is a merchandising problem that was solved years ago by the establishment of good, reliable and dependable newspapers. The Knox County Herald is a good newspaper. It will get your sales message, Mr. Merchant and Business Man, into the homes of Knox City buyers. Every week, throughout the year. Advertising display space in the Knox County Herald is the most economical method of spreading your merchandising offerings before an attentive audience who are the home newspaper readers of the Knox County Herald.

### Complete Advertising Service

The Knox County Herald is equipped to supply a complete advertising service to Knox City business and merchant advertisers. This includes fine merchandise illustrations, attention-compelling layouts and merchandise-moving copy.

**THE GOON CLUB**

Thursday of last week the Goon Club of this city met at the home of Mrs. C. H. Keck from which point they with their guests went to Seven Springs, near Rule, for a swim and picnic supper. After the exercise of the swim the crowd found that fried chicken, sandwiches, potato chips, Olives, pickles, fruit salad, water-melon and iced tea was most appealing. Those who enjoyed the occasion were Misses Faye Boyles, Faye McAuley, Lucille Williams, AHA HARRIS, Georgia Mae Stubbs, Minnie Spillers, Arnel Lykes, and Mary McAuley, with Jeff Graham, Nabal Finch McFinn, Ted Rowder, Carroll Denton, R. V. Berlin, Donald Withrow, Mrs. C. L. Dowling, Mr. and Mrs. C. H. Keck and Mrs. E. P. Wilson. Following the feast a number of games were engaged in and the party disbanded with the singing of the Goon Club theme song, "The Old Spinning Wheel."

Miss Lucille Williams entertained the members of the Goon Club Friday night with an initiation party at the home of her sister Mrs. M. D. Mott.

**Union Grove News**

The revival meeting conducted by Brother Billberry was closed Sunday night. The services throughout the meeting were fine.

Mrs. J. J. Horton and Mrs. Ella Stevens and children of Knox City spent the week with Mr. and Mrs. Douglas Horton.

Mr. and Mrs. Lankford and family spent Sunday in the R. E. McBrayer home.

Misses Opal and Mildred Reeves and Anna Ida Oliver of O'Brien and Misses Faye and Marie McGreger, Edna Anderson, Beale Bevel, Anice and Flo McBrayer, Wilma Hight, Daisy Pennell and Edith Wilson enjoyed a chamber party Saturday night in the home of Mrs. Clyde Wilson in O'Brien.

Mrs. Royal Lee and children returned to their home in San Antonio Friday after visiting relatives in this community.

Miss Ruth Tankersley spent Saturday night with Tommie Griffith.

Mr. and Mrs. R. H. White spent Sunday with Mr. and Mrs. Bob Jones.

**SHAYER BROTHERS BUILDING COTTON HOUSE IN WEINERT**

The Shayer brothers of this city and Rochester began work this week on the erection of a cotton house in Weinert. The house is an accommodation to the newly installed electric tin of the Shayer boys in Weinert.

The boys report that Monday one hand who was working on the house was almost over come with heat and was very ill for a short time; however he is doing well now. He was a Weinert man.

**MEETING AT CHURCH OF CHRIST WELL UNDERWAY**

The meeting for which conducted by the local Church of Christ is well underway showing a rapid increase in both church and the interest demonstrated. Brother T. M. Gentry of Anson City who is conducting the service has expressed himself as being well pleased with the revival progress that is being made with such consecutive service. Four responses were made Sunday and these are expected to be merely a forerunner of the results to follow as the meeting progresses.

Night services are being held in the open air on the south side of the building, with all services beginning promptly at 8:15. The day services begin at 10:00 each morning. These morning discourses are expected to be some of the best to be delivered within the confines of the entire meeting, with such characters as Job and Jacob used as the main theme while various other subjects such as "Marriage and Divorce" are to be discussed as well. Growth of these services are expected to increase in even greater proportion than those of the evening services.

Everyone invite your friends and neighbors to be present at each of these series of meetings and most of all don't fail to be there each and every time yourself. Brother Gentry is a splendid preacher and if you will allow him to do so, he can and will give you much excellent food for thought at each service.

**Your Health**

Austin, Texas Aug. 15, The schools throughout Texas will soon be opening for another term and the Texas State Department of Health urges the parents of school children to see that they are protected against disease in so far as possible. Vaccination against typhoid, diphtheria, and smallpox should be done at once.

School children are exposed to much infection that where a definite preventive is known, parents should take advantage of it. These vaccinations may save many days out of school, doctor fees, and maybe life itself. More than six hundred children die each year in Texas from diphtheria.

The child should be taken to his family physician at this time for a physical examination to determine if he has any remedial effects. A child with subnormal eyesight or hearing cannot be expected to do as well in his studies as one that has normal sight and hearing. A dentist should be consulted in regard to the teeth. Any defect found and corrected before school opens will mean much to the child and will have its effect on his school work as well as his physical well being.

Some physical defects of children, such as underweight or malnourishment, show no appreciable present effect. If such a condition is not corrected it may result seriously in later years. No hard and fast rules as to child's weight at a certain age are available, but parents should see whether or not the child shows some gain each month.

### Smith Chapel News

A two weeks revival meeting started at Smith Chapel church Sunday, August 12, services being conducted by Brother J. L. Pender of Houston. The week services are being conducted by Mr. John Cook of this community. Everyone is invited to attend the services.

Mrs. E. A. Hampton, who has been ill for the past two weeks, is able to be out again.

Mr. Deane is also mentioned among the sick this week.

Mr. and Mrs. John White visited at the home of Mr. and Mrs. E. P. Lowrey Sunday.

Mr. and Mrs. Hae Cunningham have arrived again in this community. Mr. Cunningham is to be a teacher in the (11th) school again this year. His son Harold Tom enrolled as a student in the Six Set school Monday.

Miss Nina Newberry, Elma Powell, Frances and T. W. Baxter visited the Six Set school this week. The three were members of "22-24".

Miss Lucille Williams had an her guests over the weekend. Messrs. Thiede and Irene Wood of Sherman.

Mrs. Cook, who returned to West after the burial of Mr. Craft, arrived again in Knox City Tuesday.

Have your old car repaired. It will look like new and save you much money. Have a special man in charge at the Knox City Motor Co.

Mr. and Mrs. Jerry Eady and children returned home Tuesday from a trip to Elberta where they visited her parents.

A. J. Wilson is in Knox City. He says that the weather is steadily cooler there which fact is an aid to him in his physical illness.

Mr. and Mrs. Langston of Austin Texas spent the past weekend with relatives here and in Rochester, the Silver Valley.

Mr. and Mrs. Homer Lutz and Mrs. H. G. Lutz of Abilene spent Friday of last week with Mother Weaver and other relatives.

### WANT SLEEP ON LEFT SIDE—AFFECTIONS BEAST

Stomach GAS prevents sleep. On right side try Liferite. One dose drives out poisons and relieves gas pressing in heart so you sleep soundly at night.

### WOODS, FRIENDS WEST TEXAS

When the small river-bed bill—a measure vital to the interest of West Texas landowners and home-owners—was up for consideration in its remote one of its staunchest supporters and most eloquent advocates was Walter Woods of Houston, while one of its bitterest opponents was Joe Moore of Greenville.

Today Senator Woods and Senator Moore find themselves in the ring off for lieutenant governor of Texas, with Woods 100,000 votes ahead of his nearest rival, Nettles, but a miracle would enable Senator Moore to overcome a lead like that, and the wonder is that for him to do would be to refuse to enter the race.

Senator Woods is not a sectional candidate; a carrier probably 60 percent of the counties of the state receiving a substantial vote in West Texas as well as in other sections. But West Texas should remember that Walter Woods has long been their friend, as truly in the matter of the river-bed bill, but in many another instance in a time of crisis West Texas found Woods on its side, Moore against it.

Walter Woods is a well educated, able and dependable Texas. He should be given an overwhelming majority on August 22. His home people of Harris county give him a two-thirds majority over all his opponents in both first primary.

—Allison Reynolds News

### CRIMINAL TRAIL

We take this notice to express our sincere thanks and appreciation for the many favors shown us by friends during the illness and death of our son and grand son, especially Mrs. Frank M. and Mrs. Edward M. and Mrs. Hester M. and Mrs. E. G. Warren. Mr. and Mrs. G. L. Kautz. Mr. and Mrs. G. A. Vance and family.

### FOUR

Small ring with four legs, German at Herald office, but for this and positive here.

Mrs. Klara Morgan and Miss Beatrice Boney spent the weekend in Truro with Mrs. Morgan's mother Mrs. Laura Jones.

We have a complete stock of H. A. and Cunningham radio tubes. We also check your tubes from Ashcroft Chevrolet.

Mr. and Mrs. J. E. Wilcox, Mrs. Joe Wilcox, Grandmother and Leon Wilcox spent Sunday with Mr. and Mrs. Levey Car at Medicine Oklahoma. Young Master Car returned home with his grand parents for a visit of a week or so.

Jack Bullock and Kenneth Edwards left the city Monday for Denver Colorado. Jack is making the trip representing the Knox City Motor Co. in the sale of National Trees in this district and Kenneth is doubtless seeing that Jack makes the trip O. K. Upon their departure the two had to flee when they would return, however, all home became the only place left to go to.

## Onion Seed May Become Texas Crop

Paying (Cash) Island \$100,000 Yearly For Supplies That Could Be Raised Here

### HIGHEST QUALITY

Get 100 to 400 Pounds Per Acre—Worth Up to \$1 Per Pound

A new \$100,000 farm industry on the basis of sales in Texas alone, may develop in North Texas within a few years as the result of experiments in onion seed production at the Iowa Park station of Texas Agricultural Experiment Station, Groesbeck, in the Farmerville section. Groesbeck has produced some onion seed in recent years, but considerable expansion in the industry seems probable as a result of tests made at the station. Tests have shown about 20,000 acres of onions annually.

Although the leading Bermuda onion grows, Texas has depended on the Canary Islands for its seed, importing approximately 100,000 pounds annually with a peak of 200,000 pounds in 1928. Current seed prices range from \$1 to \$2 a pound. Supplies of seed for import from the Canary Islands have varied greatly and often are uncertain, so that a domestic supply would be of wide benefit in addition to profits that might be made by growers.

### Large Gross Returns

A series of tests was started at the Iowa Park station in the Wichita Experiment Station in 1929 and the first trial on a small scale resulted in a seed of excellent germination quality, according to L. E. Brooks, horticulturist. The seed was tested both in the Wichita Valley and the Winter Garden section of North Texas and produced healthy plants that were raised favorably with the best of imported seed.

One of the test plots was increased last year to determine possibilities of commercial production, with a yield averaging around 40 pounds of red-skinned seed per acre, or a gross value of some \$400 to \$1,200 per acre on the basis of current prices. The 1933 yield was only 227 pounds per acre, due to a severe hailstorm in May which destroyed 22 per cent of all seed stems and did partial damage to those remaining. Estimated yield, without the damage, would have been 280 to 275 pounds, making an average of 225 pounds per acre for the two seasons.

### Quality Excellent

Co-operators among other Texas stations, as well as individual growers, are unanimous in their reports that Texas grown seed is equal in the best in germination percentage and vigor of the plants produced, Mr. Brooks said.

Cost of producing onion seed depends largely on the price of onions. Since mature bulbs are used for planting stock for a seed crop, one hundred pounds of commercial number 2 onions are required to plant 10 acres of ground for seed production. Bulbs were put out in October and made a crop the following spring, maturing around July 1. The dry weather conditions of the Wichita Valley region during the maturing period proved very favorable. Number of winter frost-kills is slight if the bulbs are covered three inches or more. The 1932 crop withstood very low temperatures in February without any ice and had some to be the greatest harvest.

Production of onion seed in the Farmerville section of North Texas this year is estimated at about 12,000 pounds, with an estimated average yield of 100 pounds per acre where there is no irrigation. Quality of the seed is as good as that grown at the station, according to this report.

### TWO HUNDRED POUNDS BEING RAISED FARMER PRICE OF HAMBURGER

Hurped, Kan., Aug. 12.—Two million-pound pigs sold at the Wichita Live Stock Exchange brought their owner the price of one 50 hamburger.

A. T. Crawford, who had just lost his farm through foreclosure of a mortgage, got \$10 for the two porkers, inspected charges cost him 20, making 20c selling 20—total \$10. He received a check for \$10, which he banked and kept the stock and went without the hamburger.

Ask us about the Gator Value \$100. We pay the bill if you know it. Gator Value \$100. Ashcroft Chevrolet.

Fresh supply of Ever Ready B. batteries at the Ashcroft Chevrolet. Mr. and Mrs. D. D. Halston and daughter spent Tuesday night in Paducah.

J. M. Ashcroft spent Tuesday in Groesbeck and Bonarton.

Mrs. N. P. Mullins and her sister Mrs. Paul visiting here from Austin, days the first of the year Angelo.

Mrs. H. M. Latta and two children of San Antonio are here visiting with her brother Russell Boyd.

# VOTE FOR Mrs. E. F. Branton for County Superintendent

Qualified by both education and experience to render efficient service.

Thirteen years teaching experience in Knox county, twelve of which have been in the rural schools.

Holds A. B. degree from Texas Technological College.

Four years ago Mrs. Branton was defeated for this office by only one vote on final tabulation.

Her life has been devoted to school work in the rural districts, and by experience she is well qualified to raise the standards of the rural schools of the county.

Her experience is practical and not theoretical. Her qualifications are unquestionable. Her interest in the rural schools of Knox county is founded on years of actual experience in the school room and in school management, including the financial affairs of the district.

Since the duties of the County Superintendent pertain more exclusively to the supervision of rural schools, why not elect one with rural school experience, both in teaching and school management?

No one will appreciate your vote more than will Mrs. Branton, and no one will strive more diligently to merit your confidence and render faithful and efficient service than will she.

(Political advertisement paid for by friends of Mrs. E. F. Branton)

ICE ! PURE—DEPENDABLE—ECONOMICIAL—HEALTHFUL !

Great solid blocks of ice which maintain an even temperature in a good ice refrigerator—pure ice that is frozen only from triple-filtered water—ice, the cost of which is so reasonable, that it is economy to use it—ice service which can be depended upon day in and out—the ice you should order if you are now numbered amongst the hundreds of satisfied customers.
