## ROUND UPS

By "The Wrangler"

Texas' southern-most city, Brownsville, that is tucked away in the "toe" of Texas, today is an ocean port seventeen miles from the sea. The city could not go to the sea, so the sea was brought to Brownsville by a Public Works Administration project for which the Brownsville Navigation District gave security. The new water transportation will reduce prices to ultimate consumer and stimulate the demand for Texas products. A channel 17 miles long was dug to Fort Bend on the Gulf of Mexico and is 26 feet deep. Jetties were built on the harbor and a turning basin at the new port city. The \$5,000,000 will result in a stimulus for foreign commerce with Central American nations.

Bruce Barton, contemporary writer and press agent for the R-publicity party, did not let fame remove him from his homely habits and customs. The G. P. publicity man's experience runs from work on a railroad construction gang to newspaper interviews and copy-writing and even with his present political position, he takes a nap each day after lunch. He uses the same typewriter he started his writing with 25 years ago. He is a conversationalist, smokes 5 cent cigars, and goes horseback riding each morning.

How did Walter Winchell get his start at writing and snooping for dirt on people? The columnist and radio man was a vaudeville actor out of work and got a job on a theatrical weekly taking pictures at five dollars a day. He dropped the camera and broke it on his third day out. His editor told him to write a few Broadway snapshots. He received five dollars a week. The written snapshots made a hit. He now earns a hundred thousand dollars a year just because he broke a camera when he was broke himself.

Six selections have been held to determine which of two men, E. Hall or E. L. Stratton, will occupy the county commissioner's seat from precinct two of Loving county. Each decision rendered by the trial court had been reversed by the appellate court. In the meantime, Loving county, Texas' newest county, is without a commissioner from that precinct.

Funeral services were held Tuesday for William Emmett Roberts, the "last frontiersman", who died at the home of his daughter in the Nugent community, in Jones county. Sixty-three years ago Roberts pitched his tent on the clear fork of the Brazos, the first white man to establish a home in the vast territory between old Fort Griffin in Shackelford county and the colonies of New Mexico.

An ice-man, a plumber, and a traveling salesman were the judges of the beauties of the University of Iowa recently.

The Townsend old-age pension plan caravan that left Los Angeles two weeks ago with three truck loads of petitions, reached Washington D. C. early this week. The group claimed to have petitions containing 10,581,000 signatures of people who believe that the Townsend plan should be enacted into law.

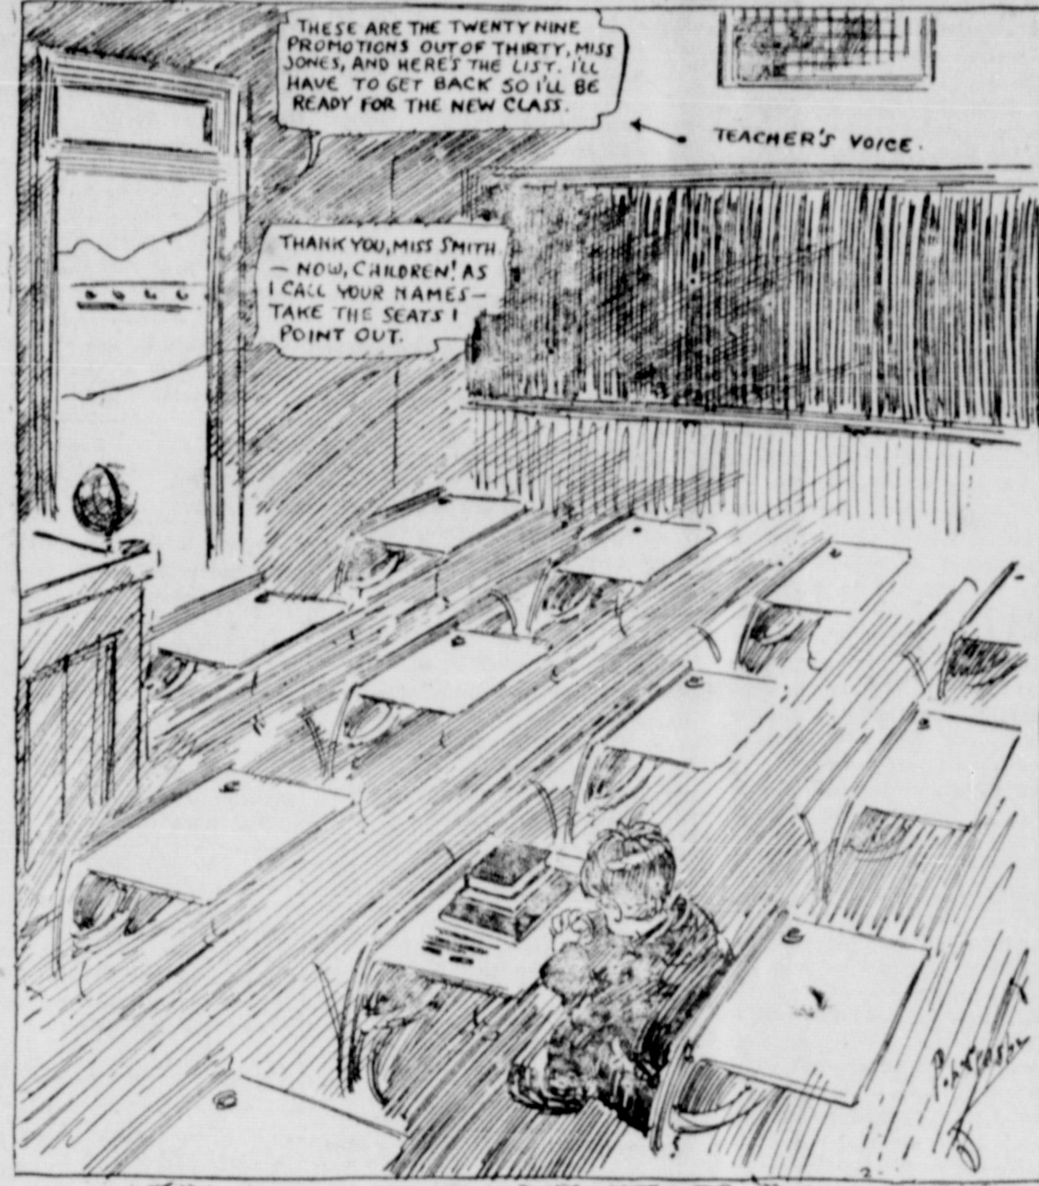

Scatterings: A college freshman wrote on an examination: "Rural life is found mostly in the country." The average motorist of Ohio pays \$72.25 a year for gasoline.—Herbert Hoover told reporters this week: "I am not a candidate. I am interested in the platform."—Walt Disney, Mickey Mouse creator, has one deep dark secret; he never reveals the identity of the "voices" behind his animated cartoon characters.

The Cowhand says that family loyalty is where a relative sits through a series of school programs and amateur theatricals and still remains a fond relative.

According to report from David S. Castle, architect for the new school building, work orders will be given next week and work will actually begin before the middle of next month. Superintendent King says much enthusiasm over the report, stating that with operations beginning at that time will mean that the building will be ready for use next September.

### Mother Denton Dies Today

Mrs. W. P. (Mother) Denton died suddenly Thursday morning. Funeral services are being arranged for nine o'clock Friday morning to be conducted from the First Baptist church by Reverend C. B. Stovall. Burial will be made in the Dryden Cemetery near Gould Oklahoma.

Mrs. Denton was born in the state of Georgia, August 28, 1854. She was married in Georgia but came to Texas in 1893. She was converted in early womanhood and joined the Baptist church. At the age of 18 years she married Mr. Denton. Eleven children were born, ten of whom survive, nine boys and one girl. They are J. J., Dr. E. B. and N. T. Denton all of Knox City; H. J., T. J. and T. P. Denton, and Mrs. T. S. Spillers all of Oklahoma City; J. V. Denton of Good Oklahoma, G. D. Denton of Levelland, Texas and W. B. Denton of Littlefield, Texas. Mother Denton is also survived by nearly one hundred grand children and a large number of great grand children.

Mother Denton was in good health but for the past few days had felt poorly. Her death was a shock to both relatives and friends.

### AL-Around Boy For K C High

Lloyd Huhtzman, son of Mr. and Mrs. E. L. Huhtzman, was voted the best "all around high school boy" by the student body and received the silver loving cup at the graduating exercise Tuesday night. Lloyd's name was engraved on the cup which will remain the property of the school.

Lloyd is an unusual boy. He took an active part in all athletic events and ranked first in leadership for all occasions. As president of the senior class he presided at all meetings and programs and cheered his classmates with a song. He is the type of boy who can fill his own place at all times and makes a grand "pinch hitter" for the fellow who falls down. His fine personality and ready smile not only win him quick friendships but also lasting friendships.

Mr. and Mrs. D. R. Smith and grand daughter of Ball'anker spent Wednesday night of last week here with Mother Shaver. Mr. and Mrs. Smith have spent the past five months in Arkansas and interesting points in Texas. They were in route home last week.

## HONOR STUDENTS AWARDED CERTIFICATES

Pupils of the primary and elementary grades making an average of 90 or more were presented certificates of honor at the 7th grade graduation exercise in the Baptist church Monday night. Those receiving certificates are as follows:

First Grade  
Henry L. White Jr., Hubert Earl Wiley, Don Whitten, Ken Frizzell, Burt Allen, Marrie Ingraham, Alice Caroline King, Billy Jean Keath, Teddy Richards, Guadalupe Flores, Zell Flores.

Second Grade  
Joe Murray Clonts, Jimmie Craft, Sam Thomas Edwards, Otice Green, Charles James Reese.

Third Grade  
Louise Daniel, Fannie Marie King, Thelma Joe Halrston.

Fourth Grade  
Mickie Sweeney, J. D. Rowell, Juneva Malouf, Roy Gene Gore, Tom Paul Frizzell, W. C. Nance, Norma Janice Coats, Delmar Cadwell.

Fifth Grade  
Billy Joe Ball, Charles Lee Dodgen, Charlen Keenan, Jack Varnell, Tommie Jane Teaff.

Sixth Grade  
Derrell Tipps, Henry Jean Jones, Billy Dean Davis, Marjorie Propps, Doris Elaine Coats.

Seventh Grade  
Paul Hoge, De Alve Hammons, Ernestine Teaff.

Children not absent nor tardy during the year also received certificates. Those were Aline Cadwell, 4; Billy Bruckerr, 5; Clem Ball Jr, 6; and Annie Mae Rice 7.

Billy Joe Ball and Harold Dalton, both in the fifth grade, were tardy only one time and were not absent.

## Pioneers To Take Part In Parade

It was made known this week that one feature of the 50th birthday celebration of Knox County on June 3rd would be a parade in which pioneers of the county are expected to take part. Among this number will be Mr. and Mrs. Lath Lee, Pappy and Mammy Smith, Mr. and Mrs. W. H. Benedict and many others from Knox City. These people will doubtless rig up the old "surry" or buggy or even wagon and dress as they did 50 years ago and join the interesting parade. Those who will take part in the parade are asked to register with Mrs. C. C. Hoge at the earliest possible date.

Other features of the parade will be various floats and displays sponsored by business men over the county. Each merchant is invited to sponsor a unit for the parade, featuring whatever he wishes. It is also requested that each merchant register his parade intentions with the parade chairman, Mrs. C. C. Hoge.

## All Around Girl For KCHS

In addition to being valedictorian of the graduating class Yvonne Jamison was voted the "all-around high school girl" and was presented the silver loving cup, on which her name was engraved, at the graduating exercise Tuesday night in the Baptist church.

As valedictorian, Yvonne had a four year high school average of A-minus. It is also interesting to know that she was valedictorian of the

seventh grade, having even a higher average than that of the past four years.

Yvonne received the vote from her class mates as "all around high school girl" because of her varied interests. She is an accomplished pianist, an accordionist and good drummer. She is well trained in acrobatics and dancing and is a volley ball, basket ball and tennis star.

Yvonne also won the "all around girl" title last summer at Camp Rudose in New Mexico. Because of having received that honor last summer she is invited to the camp again this summer as half time Junior Counselor of dancing. Yvonne is an interesting girl. She is refined in every way and a bit reserved in both speech and manner. She is an attractive girl, has a pleasing personality, and delights in learning something new. It is reasonable to believe, and her teachers of the past four years predict, that she will make an unusually high mark in what ever direction she turns. She plans a college career; however she is yet undecided which college she will attend next winter.

Yvonne is the daughter of Mr. and Mrs. O. L. Jamison. She has attended the Knox City school from the first grade through high school.

## 58 YEAR OLD CHAIR TO BE ON EXHIBIT AT COUNTY CELEBRATION JUNE 3

Doubtless the oldest piece of furniture in constant use to be exhibited at the 50th birthday party of Knox County will be three chairs owned by Mr. and Mrs. J. H. McLain of this city. These chairs are 58 years old and have not yet been cast aside. They are good and are used daily by the McLains or relatives and friends who call to see them.

In the year 1876 Mr. and Mrs. McLain were married. Five years later, 1881, Mr. McLain bought three rawhide bottom chairs from John Anderson. Mr. Anderson was deaf and dumb and made chairs for a living. At the time of the purchase, Mr. and Mrs. McLain lived at Parsly, 15 miles southwest of Corsicana. Twenty five years later they moved to Knox County and brought the rawhide bottom chairs. For thirty years the chairs have been in use in Knox county.

Although the bottoms in the chairs have been replaced many times during the years, the frame work has remained good, each round still intact. They have played their part in assisting the McLains in rearing seven children, they have been used by the fourteen grandchildren and have been seen and used by one of the four great grand children.

### Branding Iron and Hammer Fifty Years Old

Mr. McLain also possesses a branding iron and a hammer used for horse shoeing that he has had 50 years. The branding iron is the Ladder, or enclosed H. There are three rounds for the ladder, representing Faith, Hope and Charity. The iron was used to brand horses.

The 50 year old hammer is still prized as one of the useful possessions of Mr. and Mrs. McLain. It is kept in a certain place all the time and either 'ay or night the two are able to find it. It was originally used for shoeing horses but is now the hammer for all jobs.

Mr. and Mrs. McLain have graciously consented to place their chairs, branding iron and hammer all in the Museum for the county celebration next month. Mrs. D. J. Brookerson of Benjamin is chairman of the Museum and will doubtless find many other relics in Knox City for the exhibit.

This column of the Herald next week will carry a story of a very old and dear clock that is owned by a Knox City family. Don't miss reading about this clock because it will make seeing it much more interesting.

The Grace School concluded the years work on Thursday night of this week. Mrs. Myrtle Browning teacher, will be in Knox City next week. She and Mrs. Russell Boyd are spending this week in Denton with Miss Constance Browning who is receiving a degree from CIA.

## Rainfall Comparisons

	1935	1936
January	none	.95
February	.75	.12
March	.50	.12
April	5.75	1.39
May (to 20)	3.64	5.61
Total	8.94	6.22

Rainfall for 1936 (up to May 20) is 2.72 inches less than that received for the same period in 1935, the total for 1935 was 8.94 while for 1936 it was 6.22.

Considering the way in which the moisture fell for 1936 the reason is probably as good as that of last year. During 1935 there were eleven days with precipitation of more than .01 inch, while during 1936 there were 15 days with precipitation amounting to more than .01 inch. High winds and dust storms prevailed during the first part of 1935 and during 1936 these storms have not been so bad.

As is seen in the comparison, the month of May totaled the same rainfall for both years. This is a coincidence and an interesting one.

If the coming month, June, totals the amount of rain fall that the same month in 1935 totaled, the weather man will have a bring on the rain. Last year June brought 8.12 inches rain.

## BIT OF PHILOSOPHY

Dean E. V. White  
 Texas State College for Women (CIA)

The world laughs at him who takes himself too seriously. Experience teaches little to him who does nothing. He is old-fashioned who would trade tomorrow for yesterday. Go too fast, and you may stop a long time. Don't be so noisy that others can hear you being quiet. Run from your creditors and your credit will fly from you. You are a nuisance when you dump your troubles in front of another. Some people aim high and shoot low. Worrying about the worries of others makes one a spiritual bankrupt. Most people eat flattery, then lick the dish. Don't spend all your time getting ready to do what you don't. Fast living is quick death. Better a good follower than a poor leader. Don't tear your shirt in condemning what others wear. It is a wise man who refuses to worry over another's wisdom. Edgar Smith is ill this week.

## 14 GRADUATES GET DIPLOMAS

Fourteen boys and girls, members of the graduating class, received their diplomas at the graduating exercise Tuesday night in the Baptist church. Dr. Walter H. Adams delivered the commencement address, the theme of which was Building a Life. Dr. Adams spoke in a brisk and interesting manner, making clear that the pattern from which all should build their lives is the life of Christ. He made interesting comparisons with minor yet outstanding patterns of manhood. A feature of the exercise was the presentation in certificate form, the letter "K" for honors received by students during the year. Space does not permit the listing of these honors in the Herald this week, however, they will be given next week. Mrs. H. M. Jones, retiring president of the Parent-Teacher Association, presented two medals, one each to the boy and girl in high school making the highest average. Elena Payne White won the girls medal by a margin of only .3 point over Mary Francis Reeder. This is the second consecutive year that Elena Payne has won this also only being her second year in high school. Doll Hammons received the boys medal for highest average. This is the third consecutive year Doll has won this honor. He finished third year high school this year. Yvonne Jamison was valedictorian of the graduating class and Mary Leone Hoge was Salutatorian.

Mr. and Mrs. O. D. Reid and Mrs. Curtis Coats spent Wednesday in Haskell attending the Mature-Abston trial.

Mrs. L. L. Davis entertained the Tuesday afternoon club last week. Her sister Mrs. Myrtle Tankersly of an Angelo was numbered among the guests. A most delicious refreshment plate was served at the conclusion of the games.

Miss Lucille Harris of Munday spent several days here last week with her sister Mrs. Lynn Waldrip.

## UNION GROVE SCHOOL CLOSES MAY 29

Union Grove school will close May 29, and the annual programs will be given May 28, and 29. A community talent play "Sweetwater Trail" will be given Thursday night. The cast of characters includes: Urie Lea ..... Colonel Randolph; Helen Atterbury ..... Colonel's daughter; Florence Pannell ..... Mrs. Sheldor; Alton Fitzgerald ..... One of the Royals; Cyle Carver ..... Ranch Owner; B. F. Cornett ..... Ranch Foreman; Daisy Pannell ..... Indian from the Reservation; James Dutton ..... Captain O'Rourke; Alice Wilson ..... Bridesmaids; Alice McBrayer ..... Canuck Cook; Estell McBrayer ..... Sergeant McColium; George Hodges ..... Sergeant McColium; Tommie Griffith ..... Pomona. The Howell Brothers will favor the audience with music, and Lloyd Waldrip will furnish the comedy between acts. This should prove to be a most entertaining program, and the public is cordially welcome. On Friday night the primary pupils will be presented in an Operetta "Over the Garden Wall," grammar pupils will give "Adoption of Bob," and "Pambo;" and the Seventh Grade commencement will be held. The combined rhythm bands of Knox City, Sunset, and Union Grove under the direction of Miss Myrtle Partidge, will delight you with their music. Again, you are invited to come.

## AT THE METHODIST CHURCH

Church School, 9:45 A. M. Preaching, 11 A. M. and 8 P. M. Woman's Missionary Society, Monday 3:00 P. M. The attendance at Church School last Sunday was better than the past few Sundays. Now, that the public school is out, and many will be leaving for the summer, it is going to behoove each one of us to put forth our best effort to keep the interest in the church up to what it should be. Let each person, begin, next Sunday, to be in his place, on time, every Sunday. Keep in mind the Revival meeting which is to begin June 5. Remember: next Sunday in the "Fourth Sunday". This is the day when we make a special offering for our Mission Work. "God loves a cheerful giver." At the Methodist Church, Sunday morning, on time. B. J. Osborn, Pastor

## NEW CITIZENS

New citizens reported by local physicians this week include a baby girl in the J. E. Tucker home in Rochester, girl in the Cecil D. McMinn home in Benjamin, boy in the Delandy home of Rochester, boy in the O. S. Mangol boy in the R. S. Davis and boy in the Ben Westbrook homes, all of Knox City. A girl arrived in the home of R. W. Cowan in Rochester the fourth of April.

## SENIORS GRADUATE AFTER ROUND OF PLEASURE

The fourteen members of the Senior class of Knox City high school found themselves "graduated" Tuesday night after all has been said and one and they each held a high school certificate. But the graduation climaxed a week of pleasures as well as a four year grind with math, English, history et cetera, et cetera.

The first big thrill of graduation was felt by the class on Wednesday of last week when they gave their Class Day program. The study hall was packed with teachers and underclassmen and the seniors had charge. The hour was dominated by the spirits of magic and each guest found himself removed "ten years hence" and faced the members of the memorial graduating class of 1936. The future of the class, read by Mary Leone Hoge was amusing if not exact in its entirety. The fugician, Leroy Sibley, also succeeded in producing Yvonne Jamison (from an empty box) after which she gave a clever dance. Odie Roper read the class poem and, all in all, the Senior Day program was fine.

### Amateur Night at Haskell

Thursday night several of the Senior girls went to Haskell for the Amateur program sponsored by Haskell merchants. Claudia Sue Moreley, Junior in KCHS, was registered to enter the contest. Upon arriving in Haskell the Knox City girls found several vacancies in the program and being prevailed upon to substitute numbers for the sponsors, kindly obliged Haskell by entering the Contest. Claudia Sue won second place and Marlynn Edwards won third. Marlynn sang, and was wholly unprepared to do so. Claudia Sue was prepared and was well deserving of first place, which out of justice to their home town, was awarded to a Haskell person. Both girls received cash awards. The finals of the Amateur contest will be held in Haskell on Thursday night of this week. Both Claudia Sue and Marlynn are scheduled to enter the finals.

### Around The World Tour

Friday night, May 14th the Senior Class enjoyed "Around the World Tour". The crowd boarded the "Good Ship Lolly Pop" at the L. L. Davis home. Little Helen Ruth Marr sang the Lolly Pop song but the senior class ate the Lolly Pops.

The first stop was Spain and the home of Mr. and Mrs. Chad Wilson was sufficiently arranged and decorated to be a good representation of the country. Claudia Sue Moseley and Marion Clonts did the Tango and the crowd ate.

Japan was ruled over by the efficient hand of Mrs. A. E. Propps and her assistants tripped about in Kimonos and served hot tea and lemon wafers.

Iceland was located in the Frizzell Drug Store with Mrs. Roy Baker, sponsor of the class, as hostess. Ices were served.

Returning to America the class found Mrs. J. A. Wilson and Mrs. C. C. Hoge, typical American Mothers, awaiting the arrival of "the children". Games were played and cats of chicken salad, wafers, olives, and iced tea were served. The crowd then

### Baccalaureate and Dinner

Sunday, May 17th, the Baccalaureate sermon was delivered by Dr. Spillers from Wichita Falls. The service was given in the Methodist church.

At 12:30 o'clock the graduating class was entertained at dinner in the O. L. Jamison home. Mr. and Mrs. Jamison being assisted by Mrs. Angle and Mr. Roy Baker. Mr. Jamison and Mr. Baker were selected at the beginning of the year as "class fathers" and they proved worthy of their position.

The chicken dinner was climaxed with coconut cream pie and the seniors were "fed up" one time.

### Go To Leuders

Monday the class with several Mothers went to Leuders for the day. Having arrived before lunch the class dispersed to various points of interest, some swimming, some boating, and others scouting. At noon every one lent a hand to cooking and bacon and eggs were served in a variety of styles along with beans, onions, pickles, bread, butter, jam, iced tea lemonade and cake.

Tuesday night May 19th the class graduated.

Special this week, Lime and Pineapple sherbet pint 15 cents.

### FRIDAY NIGHT WAS PARTY NIGHT

Friday night, May 14th was school party night in Knox City. While the senior class was engaged in going around the world, the Junior class enjoyed a swimming party and picnic at Rule. The Freshmen class was given a formal lawn party at the home of Mr. and Mrs. G. D. McCarty and the Seventh Grade had their annual Banquet. The latter was given at the Teague Cafe and the 42 Seventh grade graduates made an interesting picture to the passers by.

Monday night, May 18th the Sophomore class tried to have a swimming party at Rule but were rained out. However the Sophs are not a type to be "outdone". The yalmuly gathered in the basement of the Methodist church and engaged themselves in having a good time. Chaperones included Casey Jones, Mrs. W. E. Benedict, Mrs. W. V. Favor, Mrs. H. L. White, Mrs. S. M. Clonts and Mr. D. L. Dodgen.

Miss Cherrie, first grade teacher of the Knox City school, left Wednesday for Commerce. She will spend the summer in college.

Mr. and Mrs. J. C. Campbell were in Knox City Sunday for the Baccalaureate sermon of the graduating class. Mrs. Campbell's brother, Edward Coker, is numbered among those graduating this year.

### CHILDRENS' DAY AT CHRISTIAN CHURCH

Sunday, June 7 is announced this week as Childrens' Day at the First Christian church. There will be a special Childrens' Day program. Children not attending Sunday School at the Christian Church now are invited to join this group.

Later, date to be announced soon, the children of the First Christian church will present a play, "Ever Hour".

It is well to keep in mind the purpose of the Childrens' Day program which will be given the first Sunday in June. The day is set aside for children, for their honor; a day on which childhood will be exalted.

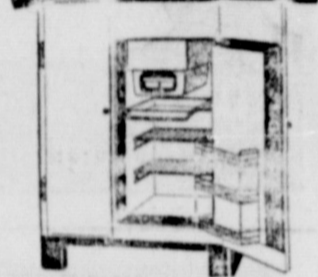

Harold W. Welch and Miss Ethel Smith were married Saturday night at the Methodist parsonage, Reverend B. J. Osborn performing the ceremony.

Mr. Reginald Aikernon Humphrey of Wichita Falls was the guest of Miss Wynell Edwards Saturday.

**SEVENTH GRADE GRADUATION**

Monday night, May 18th the Seventh Grade Graduation exercise was held in the Baptist church. Despite the inclement weather a large crowd gathered at the church. Paul Edward Benedict, president of the class, presided and proved most efficient. Dore they Gore introduced the entire class and Margaret Dutton gave a piano solo. Both the salutatorian and valedictorian, Delva Hammons and Paul Hoge, gave short addresses. Mr. O. B. King, speaker for the evening, emphasized the fact that Texas needs Texans and just such Texans as those graduating for the seventh grade, young, enthusiastic, thirsting for knowledge and a determination to go forward.

Although Mr. King gave an interesting brief of Texas for those who seek the bigger and better he proved himself the absent minded professor. He forgot the diplomas, but graciously apologized when reminded of the oversight. The 42 seventh graders will be Freshmen in KCHS next September.

Exhibits of any and all kinds or of any nature, are wanted for the 3rd of June in celebrating Knox county's 50th birthday. Please bring or send to Miss Burchard's office, Home Demonstration Agent, by June 1st anything you have to exhibit. Don't say: "Yes, I have some things"—and then forget to bring them in. Act now.

**PENSION QUESTIONS ANSWERED**

This is the second of a series of questions that the people of Texas are asking. Orville S. Carpenter, state pension director, answers them frankly and to the point.

Q—How many people are there in Texas past the age of 65 years?  
 A—Over 300,000  
 Q—Definitely, if Texas gave each one of these \$20 a month, would the Federal Government pay half of it?  
 A—No.

Q—If each of the 300,000 received assistance, where would the money come from to pay the bill?  
 A—It would come only from the taxpayers of Texas.

Q—Could we pay everyone past 65 years of age \$30 per month if we desired and were willing to do so without the millions that the Federal Government will contribute?  
 A—No we could not because the Old Age Assistance Amendment to the Texas Constitution provides for payments not to exceed \$15 per month per person.

Q—Then \$15 per month would be all that we could pay if we gave everyone past 65 years of age assistance without the help of the Federal Government?  
 A—Yes.

**WHAT ABOUT COLLEGE?**

School is out and a number of young people will go into the business of making money. Too many will stop their scholastic training at the end of high school days without realizing the tremendous advantage that will come to them by pursuing their way through college.

The Herald does not recommend a college course for every boy and girl. There was a time when people thought this was a good idea, but undoubtedly, there are some boys and girls who will not take advantage that can be obtained. These might as well go to work, whether they are the sons or daughters of rich or poor parents.

At the same time, let us urge all students who will complete their high school courses this summer, to give serious thought to the possibility of attending college. The right institution, and he right personal application will make a difference in life.

**FOR YOUR HEALTH MORE VEGETABLES**

"Now that we're having plenty of vegetables in the garden," said Mrs. Frank Hill Home Food Supply demonstrator of the Goree H. D. C. at the Club's regular meeting Tuesday, May 19th, in Mrs. Mae Tynes, home, "let's take the advice of the Home Agent: vegetables give us vitamins to keep us in general good health. They give us bulk to prevent constipation; they make children grow strong."

**How To Reduce Varicose Veins**

Rub Gently Upward Toward the Heart as Blood in Veins Flows That Way

Many people have become despondent because they have been led to believe that there is no remedy that will reduce swollen veins and bunches. If you will get a two-ounce original bottle of Moore's Emerald Oil (full strength) at any first-class drug store and apply it night and morning as directed you should quickly notice an improvement. Continue to apply Emerald Oil until the veins and bunches are reduced.

Moore's Emerald Oil is a harmless, yet most powerful penetrator and two ounces last a very long time. Indeed, so powerful is Emerald Oil that old chronic sores and ulcers are often entirely healed. It has brought much comfort to worried people all over the country.
