

The Knoxville County Herald

VOLUME 40

KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, MARCH 22, 1945

NUMBER 24

WASHINGTON LETTER

By Congressman Ed Gossett

Washington, D. C., March 16—Of the many complicated bills now being studied by Congressional Committees one of the most difficult is before the House Committee on Banking and Currency. It proposes American adherence to the Bretton Woods convention setting up an international bank designed to help stabilize international currency.

Testifying before the Committee this week Secretary Morgenthau was questioned by Congresswoman Jessie Sumner of Illinois. Addressing the Secretary, she began, "You are more of a diplomat than I am." Mr. Morgenthau replied, "I won't agree with that," to which Chairman Spence of Kentucky added, "Mr. Secretary, that proves you are a diplomat."

Figures placed in the Congressional Record this week on national milk production show Wisconsin to lead all states of the union by a large margin, with 14 billion pounds. The second state is Minnesota with over 8 billion pounds. Next leading states in order are New York, Iowa, and Michigan. Texas' 1944 production was nearly four and a half billion pounds.

Washington has proclaimed a recent news photo of raising the flag on Iwo Jima as unquestionably the picture of the year. Senator O'Mahoney of Wyoming proposes to use this picture on a postage stamp. Representative Hendricks of Florida has introduced a resolution to create a Marine memorial in the City of Washington by copying in bronze and stone an exact replica of this photograph. It is an actual picture of four Marines hoisting Old Glory to a flagpole on a pile of two rocks. Most of the many statues in Washington are cold and lifeless, and some are ridiculous in their attempt to depict historical events. The proposed memorial would outrank all statuary in grandeur and exact portrayal of outstanding heroism.

Lieut. General Walter Kreuger, who has been recommended for promotion to four-star rank was born in Germany. He is considered one of the ablest of the American army and is typical of many fine officers of German blood now serving this country.

On the subject of officers, at last count Texas had 64 generals on active duty. Figures show Texas A & M to have more ex-students in the officer personnel of the American army than West Point.

Within the City of Washington there are 6,697 acres of parks owned and supervised by the National Park Service of the Department of Interior.

A history-conscious friend, discussing the Americans' capture of the Ludendorff bridge at Remagen this week reminded me that the loss of bridges has often played important roles in wars. He contends the failure of Lee's ragged and starving soldiers to destroy a bridge across the Appomattox River in 1865 hastened the fall of the Confederacy. Deaf Smith did a better job at San Jacinto. His destruction of a bridge enabled Houston decisively to defeat the army of Santa Anna. Maybe the Lord was looking after the Americans at Remagen as He did the Israelites of old in the crossing of the Red Sea.

At a luncheon of the Texas delegation this week Senator Tom Connally of Texas, Chairman of the Senate Foreign Relations Committee, gave us an off-the-record report on the just completed Pan-American Conference in Mexico City. An agreement was entered into there which will be known in history as the Act of Chapultepec. In effect, the 20 American republics in attendance simply adopted the Monroe Doctrine as their own.

The incendiary bombs now being used on Japan are vast improvements over the fire bombs heretofore used. They scatter over a wide area a sort of gasoline jelly which burns for a long period of time and is almost impossible to extinguish.

On Thursday Captain Walter Jenkins of Wichita Falls paid me a visit in my office. He is serving with our army in Italy, and had flown across the Atlantic, having left Italy on Wednesday. He has come home for a short leave before returning to his post of duty. Not quite 18 years ago the world was amazed at Lindbergh's non-stop flight from New York to Paris. It is interesting to speculate what may take place in aviation in the next 18 years.

County AAA Group Seeking Approval of U. S. Crop Insurance

Applications from at least 50 farms in the county will be required to make Federal Crop Insurance available to Knox County growers, according to Emmett Partridge, chairman of the County AAA Committee.

"If the interest of sound program administration," Mr. Partridge said, Congress has required that crop insurance be limited to those counties in which a minimum of participation is obtained.

"I am confident," he added, "that Knox County cotton growers will more than meet this requirement. After all, crop insurance is the only protection available to our farmers against the many production risks over which they have no control."

Under the crop insurance program, growers may insure their cotton crops, and cottonseed if desired, up to 75 percent of their average yields, or up to 50 percent if less protection is desired. Applications can be made in the county AAA office, or may be filed with local authorized agents. Application must be made prior to planting the crop, but in no case later than April 25. All cotton producers—whether sharecroppers, tenant or owners, may apply for crop insurance on their interest in the crop.

According to Mr. Partridge, the federal insurance program is written on a commodity rather than cash basis. Coverage, premiums and indemnities are all calculated in terms of pounds of cotton. Transactions, however, may be simplified by translating the commodity amounts into cash equivalents.

The payment of indemnities on crop losses will vary with the growing season under the new cotton insurance program. For instance, if loss occurs after it is too late to reseed to cotton, but prior to the first cultivation, the indemnity will be 40 percent of the maximum coverage. The land, of course, may be put to another use by the farmer. If loss occurs between the first cultivation and the end of harvest, the indemnity will be 75 percent of the maximum coverage. Under this adjustment method, the Corporation deducts for harvesting costs which are not incurred. Protection will be for the full 100 percent of the maximum coverage between harvest and delivery to the gin.

Indemnities are paid by means of certificates, Mr. Partridge said, which may be translated into their cash equivalents, or may be used as collateral for government-sponsored commodity loans.

David Clarke Weds In California Rites

Mr. and Mrs. William C. Johnson of Seattle, Wash., announce the marriage of their daughter, Betty, to RM2C Charles David Clarke, son of Mrs. Press Clarke of Hobbs, New Mexico. The marriage took place on Saturday, February 3, at 2:30 p. m., at the Trinity Parish Church in Oakland, Cal., with Rev. Karl Markgraf officiating.

The bride was attired in a brown suit with fuchsia blouse and brown accessories. She wore white orchids. Mrs. Johnson accompanied her daughter south for the wedding and was her attendant.

The groom is a graduate of the Knox City schools and has been in the Navy for the past three years. Best man was RM R. J. Buckhull.

A reception for immediate relatives was held at the home of an aunt and uncle of the bride, Mr. and Mrs. Monte Sabrero in Richmond.

After a short wedding trip the bridegroom returned to his ship in the Pacific area where he has been for the past three years.

Family Reunion

A family reunion was held in the home of Mr. and Mrs. Dave Cummings Sunday, March 18th, with all of T. D. Cummings children and grandchildren and two of his step-sisters, present.

Others present for the day were Mrs. C. F. Ricker of Seattle, Wash., Mr. and Mrs. Harbin Cummings, B. T. and Lou Dell of Newcastle, Mrs. Betty Dozier of Slaton, Tommie Lee Dozier of Lubbock, Mr. and Mrs. Louis Donohue and children of Southland, Mrs. Gladys Henson, C. A. and Tommie Jean of Abilene, Mrs. Eunice Newberry, Royce and Horace of Rochester, Mr. and Mrs. Bert McFerrin of Benjamin, Mr. and Mrs. M. L. Lewis and Miss Louise Lewis, John and Bill Cummings of Knox City, and Mrs. Joe Humphries of Electra.

\$1.00 Washing and \$1.00 Lubrication at Russell Service Station.

Wilburn P. Dennis

Wilburn P. Dennis, Tipton, Okla. will conduct a series of Bible sermons in the Knox City Church of Christ, beginning Friday night, March 30, and extending through April 8.

Services will be held twice daily on week days and Sundays, at 10:30 a. m. and 8:30 p. m. The public is cordially invited to attend.

Haskell Man Buys Knox City Homesite

Roy Tankersley has bought a plot of land from S. L. Favor, just south of the Favor residence, and expects to build his permanent home and reside here.

Mr. Tankersley is not a stranger in this community. He has lived near Knox City most of his life and owns fine farming land in the Cliff community. He has always been a progressive farmer and a good citizen. We welcome the Tankersley family back home.

Junior Play Night To Feature Games And Prize Cake Walk

The Junior Class of Knox City High School is sponsoring a Play Night Friday, March 23, in the gym building. Charging a 10c admission, there will be wide variety of games such as dominoes, checkers, chess, darts, monopoly, etc.

The main attraction will be bingo games and a cake walk. There will be a large number of bingo prizes donated by the merchants of Knox City. The cake walk promises to be the highlight of the evening. There has been some 30 delicious, homemade cakes promised and it will be a lucky person indeed who takes one home.

The purpose of the Play Night is to raise funds for the annual Junior-Senior banquet. A similar affair was presented last year and was very successful.

Remember—Friday, March 23, at 8:00 p. m. The 10c admission entitles you to play any of the games except bingo, which will be 5c, and the cake walk, which will be only 10c.

Cemetery Work Calls For Additional Funds

Time is here when our cemetery has to have work done to keep it in respectable condition. Labor cost are about double this year over former years, consequently the contributions to carry on this work will have to be larger.

At present, Bill Wagner is at work and will be employed regularly during the spring and summer.

You may leave your contributions at the bank for the Cemetery Fund, or with B. C. Anderson, at the Post Office. This will eliminate the cemetery committee calling on you. The appearance of a cemetery is largely representative of the citizenship of the community. Let us keep the premises of our dead in a respectable condition.

Book Club Meets

The Knox City Book Club met on March 14, in the home of Mrs. Lloyd Hamilton. "Canal Town," by Samuel Hopkins Adams, was reviewed by Miss Mazelle Parsons.

It was decided that all except a few of the newest books belonging to the club would be given to Ross Griffith's new library, which will soon open to the public. The club feels that there is a definite need for a public library in the community and is glad to have a part in putting their current books into circulation.

Miss Odell Thompson, Mrs. Joe Cusimano, Matthew Henry and Patsy Robinson spent Tuesday in Seymour.

Club Boys Introducing New Kind Sorghums For Local Farmers

Forty-three Knox County 4-H Club boys for the third successive year are introducing into the county another improved variety of grain sorghums, according to R. O. Dunkle, County Agent.

The new variety for 1945 will be that one known as Chinch Bug Resistant Milo (7088), which was developed by the Chillicothe Experiment Station, by J. R. Quinby, superintendent.

Each club boy wanting the seed will receive it at the next regular club meeting, which will be held on their regular club meeting dates of March 19, 20, and 21, in nine different clubs.

The chinch bug resistant milo is a cross between Texas Milo and Hegari. Mr. Quinby explains that the crossing of the two varieties of grain sorghum has increased the yields five bushels per acre and that this chinch bug resistant variety is repulsive to the chinch bugs, and in seven year field tests it has never been attacked by the chinch bug. No losses have occurred on account of this troublesome insect.

This variety of milo is not particularly designed for combine harvesting, but Frank Cerveny of Rhineland community, states that he has had good success in harvesting it by combining. Mr. Quinby states that that an enormous labor cost can be paid with the increased yields of the new variety over that of combine varieties such as Martin, Plainsman and Caprock.

Another interesting feature in the growth of this chinch bug variety is that it is equally well adapted to early and late plantings. But much better stands have been obtained in the early plantings when the seed is treated with ceresan dust, which kills all fungus diseases of the soil that will injure seed germination.

44 Club boys throughout Knox County are selecting planting dates for their new varieties of grain sorghums, beginning April 15, thru May 5, for early planting, and beginning June 15, thru July 1, for late planting.

The reason for skipping the month of May is on account of the grain sorghum reaching a critical stage of development during the dry periods of the last fifteen days in July and the first fifteen days in August.

Cpl. Rudolph Tallant In Iwo Jima Battles

March 9, 1945

Dear Folks:

I will write you a few lines to let you know I am still doing just fine. I am still on Iwo Jima and think the world of this sandbag foxhole, although I would hate to live a lifetime here.

As we have not had any mail in a month, I do not know of what is happening back there, but I am anxious to hear.

Well, excuse this paper and writing and tell everyone hello and that the Japs have not got me by any means. Your son,

Cpl. Rudolph Tallant

February 28, 1945

Dear Folks:

I will write you a few lines to let you know I am o. k. and doing fine. I am on Iwo Jima Island. I guess you have heard all about things over here. Our outfit landed the assault troops. My tractor hit the beach approximately 17 minutes after H hour. For myself, I made things fine except one close call about the third night. Two Jap 75 artillery shells hit 14 inches above me and my crewman's back. The other fellow got excited and cracked up and I am still roaming the beach.

Tell everyone hello and I will write again soon. Your son,

Rudolph Tallant

DRAFT BOARD RECLASSIFIES KNOX COUNTY SELECTEES

Registrants reclassified by the Local County Board at their regular meeting, Tuesday, March 20:

- 1-A—Aubrey Hediger.
- 1-C(Disc)—Fred Wiley, Robert L. Moorman.
- 2-A(F)—Roy Tomlinson, Denny W. Davis, Jr., Jack Hickman.
- 2-B—Bobby Roberson.
- 2-C—John Alexander.
- 2-C(F)—Frank Driver, Raymond Draper.
- 3-D—Francis Tidwell.

SINGING NEXT SUNDAY AT ANCIL WALDRIPS

Mr. and Mrs. Ancil Waldrip will be hosts to the regular singing bee at their home south of Knox City next Sunday.

Everyone invited to come out and enjoy the good songs.

A Brighter Future

A chance to learn the three R's, despite a crippled little body, is being given Dolores Ann Ridens, 6, Dallas, and other thousands of Texas' handicapped children, through funds raised by the annual Easter Seal sale of the Texas Society for Crippled Children. Dolores stands behind an Easter Seal poster which appeals for funds to carry on the medical and educational aid made possible by the sale of the seals.

Study Club To Sell Easter Flowers Here

Mrs. G. T. Hardberger was hostess for the Knox City Study Club, Saturday afternoon, March 17. The club president, Mrs. E. F. Branton, called the club to order. Mrs. T. A. Keenan brought the invocation.

The club secretary, Mrs. C. C. Hope, called the roll. Many interesting events were given in the various roll calls. Mrs. E. E. Teaff was welcomed as a new member of the Study Club.

Guests of the club were Mrs. T. R. Odell and Mrs. Fred Stockdale of Haskell, Mrs. Horace Finley of Knox City, and Miss Mary Leone Hoyle, who is spending the holidays at home.

Mrs. Finley reviewed the book, "Crescent Carnival," by Francis Parkinson Keyes. Mrs. Finley gave her review very clearly. She stressed the characters portrayed for three generations, and she gave interesting descriptions of the scenes and customs connected with the Mardi Gras of New Orleans.

During the business session, a roster of interesting things were discussed. The club is sponsoring the Camp Fire organization in Knox City. Mrs. T. R. Odell and Mrs. Fred Stockdale, a Camp Fire executive, were here Saturday in the interest of the local Camp Fire group. Mrs. Stockdale commended the work that has been done in organizing the local Camp Fire girls and gave suggestions for further progress of the organization.

Members of the Study Club voted to sponsor the United National Clothing Collection drive for the collection of used clothing in and near Knox City. They decided to ask the Camp Fire girls to help collect the clothing. The articles of clothing will be taken to the surgical dressing room in the old school building where they will be packed and sent to the needy and liberated countries of the world. The Study Club asks every organization and every individual to join in the collection of clothing by sending or bringing the articles to the surgical dressing room at the school building. This clothing drive will begin April 1, and last through April 30. The goal is 150,000,000 pounds of clothing.

Attention was called to the article in last month's Federated News entitled "A Little Child Shall Lead Them," written by the State Chairman of Motherscraft, Mrs. B. E. (Continued on Page Two)

BIRTHDAY PARTY

Friends of little Roma Jan Spikes helped her celebrate her sixth birthday Tuesday afternoon at the home of her parents, Mr. and Mrs. Jack Spikes.

After enjoying games in the City Park, the guests returned for refreshments of pink punch and individual cakes.

Those present for the afternoon were: Belinda Coates, Barbara Joyce Egenbacher, Carolyn Kay Smith, Julie Frizzell, Carol Ann Armstrong, Zana Ann Hamm, Annetta Webb, Max Bradley, Joe Lynn Cash, David Neil Perdue, Barney B. Arnold, S. E. Park, David Smith, Charles Granville Clarke, and the honoree, Roma Jan Spikes.

Major A. B. Robertson Completes 50th Trip Over Enemy Targets

15th AAF in Italy—Major Arthur E. Robertson, 31, husband of Mrs. Dorothy Shaver Robertson of Knox City, Texas, has joined the exclusive Half-A-Hundred Club by flying his 50th combat mission as pilot of a 15th Air Force Liberator.

Major Robertson parents, Rev. and Mrs. A. B. Robertson, resides in Lexington, Kentucky.

As squadron operations officer, in a group that is pushing towards 200 combat missions, Robertson started his combat career last May when he bombed the railroad yards at Parma in northern Italy. "But after that, things really branched out and grew rough," said Robertson. "Throughout the summer months we bombed Ploesti, Bucharest, Budapest and other mainline industrial and oil targets in eastern Europe. Mission-for-mission, I'd say that Ploesti had the most of the biggest concerning guns. We were always hit hard over that target and we certainly took our losses but we did a lot of softening up before the Russians moved in."

Robertson's crew played a major role in knocking out gun emplacements in southern France prior to the invasion in August and after that they turned their attentions on Munich, Elmhämmen, Friedrichshafen, Wiener Neustadt, Vienna, and other front page targets throughout Germany and Austria. The devastation caused in bombing the Floridorf refineries at Vienna brought the Distinguished Unit Citation to Robertson's group.

Aside from the Air Medal clusters, Distinguished Unit Citation and theater ribbon, Robertson is the Distinguished Flying Cross, landing his badly shattered Liberator after hauling out his crew following a bad time over Piombino north Italy. The plane's wings were rotting from gas from great holes and one engine was on another feathered.

"It was my plane, 'The Three-nered Kid,'" said Robertson. "Hell or high tide, I wanted to fly it. The plane flew a lot of miles after that."

Robertson graduated from Spectator College, DeLaware, and enlisted as an aviator in the Army March of 1941. Prior to coming to sea, he served on anti-aircraft patrol for nearly two years.

LIONS HEAR DOYLE THOMAS EXPLAIN INSURANCE PLAN

Doyle Thomas, County A.C.A. of man explained the proposed crop insurance plan to the Knox Lions Club today noon. Under the plan, farmers can now insure cotton crops up to 75 percent average yield for a nominal amount. It is hoped that the required contributions will be raised in the future to assure the plan.

Lion Cansey reported the results of the magician show as follows: Gross receipts, \$28.75; Lion's share, \$5 and \$4.50. Prince Zogi, \$104.62. (Continued on Page Two)

FAMILY REUNION

A family reunion at the Montandon home Sunday, the following members of the family: Ensign Junior Montandon, law the Southwest Pacific, Montandon of Lubbock, Montandon, Mrs. C. W. McC E. N. Montandon and family day, G. W. Montandon of Knox City.

CAMPFIRE GIRL

The Campfire Girls of Knox City for a special meeting that the Stockdale of Haskell, as to be grade room at school be operated also organized the members living this time. This group seven, eight and nine the bus in the regular meeting, a route Wednesday afternoon, all accommodations with nine new church-goers, ing this week.

LOCALS

Ensign and Mrs. F. L. Montandon, Jr., are here visiting his parents, Mr. and Mrs. F. L. Montandon. They will spend part of his 30-day leave with his wife's parents in Lubbock.

Mrs. J. D. Smith and Betty Jean of the Big 4 ranch at Truscott spent Sunday with her parents, Mr. and Mrs. W. H. Tallant.

Mr. and Mrs. George Hardberger spent Thursday and Friday in Lamesa where Mr. Hardberger helped build a new barn on their farm near there.

Mr. and Mrs. E. M. Rogers of Houston and Mrs. C. L. Bailey of Wichita Falls were called here due to the illness of Mrs. Z. T. Rogers, mother of Mr. Rogers and Mrs. Bailey. Wednesday Mrs. Rogers was reported much improved. Miss Gladys Buckholt of Wichita Falls is here nursing Mrs. Rogers.

Mrs. N. E. King, Miss Anna Leo King, Mrs. J. V. Robinson and little Patsy Robinson spent Monday in Muskell shopping.

Study Club

(Continued from Page One)

Campbell of Knox City. The Knox City Study Club is grateful for Mrs. Campbell's work.

The club voted to sponsor a sale of Easter lilies and other pot plants in addition to the cut flowers, corsages, etc., which they have been selling through Howell Nursery at Munday. The flowers will be displayed in the window of the Clonts Hardware store in Knox City on Friday and Saturday before Easter Sunday. The finance committee, Mrs. Otis Cash, Mrs. C. C. Hoge and Mrs. S. M. Clonts are taking orders for the flowers. Watch the paper for further announcement concerning the display and sale of Easter flowers.

The District convention of the Texas Federated Clubs will be held in Fort Worth April 11. The Knox City club voted to send its president, Mrs. E. F. Branton, as a delegate to the convention.

Mrs. T. S. Edwards was authorized to write letters to our senators and representatives concerning proposed health laws that should be passed in the State of Texas.

Mrs. E. Q. Warren gave an interesting discussion of current songs, and played "The Surrey With the Fringe on Top," from the play Oklahoma, by Oscar Hammerstein.

The next club meeting will be on Saturday, March 21, with Mrs. T. E. Holcomb.

Mr. and Mrs. M. H. Wood and Frank Barnard were in San Angelo several days while Gerald Barnard underwent an appendectomy.

Mrs. Otto Lawson and Mrs. Hugh Webb spent the weekend in Vernon with Mrs. Lawson's parents, Mr. and Mrs. T. J. Jones.

B. B. Cochran recently lost six head of cattle when they ate poison from a discarded can that had been on Carl Cochran's place for five or more years.

Mrs. Joe Reeder is in Mineola with Mr. and Mrs. F. A. Adams. \$1.00 Washing and \$1.00 Lubrication at Russell Service Station.

Mr. and Mrs. Hubert Carlisle of O'Brien had two of their sons home with them this past week. Ensign Tom Carlisle of the Merchant Marines left Monday for Los Angeles, and Sgt. Douglas Carlisle of the Clovis Army Air Field left Sunday to return to his base.

E. L. Park received a message from the War Department Sunday that his son, Pvt. Leo Park, was wounded in action March 2 in Germany. Later this week he received a letter from his son, that he had been wounded in right elbow and left arm.

Mrs. C. A. Reed was an Abilene shopper Tuesday.

Mrs. Mack Sellers, Miss Zena Bolla, Mrs. Charles Smith and Mrs. Dock Sellers were Abilene shoppers Saturday.

Mrs. Elmo Stephens spent Thursday in Abilene shopping.

Visit our rental library, Ross' News Stand.

Dub Page, PO3C in the Submarine division of the Navy is here on leave with his parents, Mr. and Mrs. Bob Gage.

\$1.00 Washing and \$1.00 Lubrication at Russell Service Station.

Mrs. E. E. Teaff received a call from her son, George Thomasson, that he had earned his wings in the Navy and is now Ensign George Thomasson.

Lt. Joe Cusimano
Member Hospital Unit

Less than a year ago the doctors of the 132nd Evacuation hospital were performing duties in civilian medical installations. Today they are meeting the difficulties of operation in the field and are matching the records of most veteran hospitals in the United States Seventh Army.

Activated in Texas in March, 1944, the 132nd arrived in France on November 6, and first went into operation on December 9, supporting combat units of Lieut. Gen. Jacob L. Dever's 6th army group. The 400-bed hospital quickly expanded its capacity to 600 beds and worked long hours on a variety of difficult surgical and medical cases. During one four-hour period, 28 patients were on the operating tables.

"We receive patients directly from front-line division clearing stations," explained Lieut. Col. Geo. W. McCoy, hospital commander. "We perform operations and castings and generally improve the condition of the wounded soldier. When he is fit for evacuation, we send him to larger hospitals in the rear by train or ambulance."

Among the list of the hospital staff is the name of First Lieutenant Joe Cusimano, husband of the former Sue Thompson, daughter of Mr. and Mrs. H. M. Thompson of Knox City.

H. C. Correy and Mrs. Correy.

\$1.00 Washing and \$1.00 Lubrication at Russell Service Station.

Mr. and Mrs. Russell Boyd

spend this weekend in Calmar, Texas, with Mrs. Boyd's mother.

THE KENNEL
Published By Students of
KNOX CITY HIGH SCHOOL

Sophomore News
The Sophs are planning to have a
party Saturday nite. We can't decide
whether to have a party or picnic;
I suppose the weather will decide
for us!
Most of the Sophs are going to
attend the Play Night sponsored by
the Juniors. We're hoping to have
lots of fun.
The two leading Sophomore volley-
ball teams are: Carole's team and
Tommy's team. ***

Junior News
The Juniors are giving a Play
Night this coming Friday. We hope
to have young and old there. We
have games such as Bingo, card
games of all kinds (nearly), cake
walk, etc. We will be looking for
you.
The Junior I volleyball team won
first place in our high school volley-
ball tournament. This tournament
has been going on for a few weeks
now, and we are very proud of our
Juniors. ***

Senior News
Some of the Seniors thought they
might like to make bookkeepers, but
after the last two weeks, most of
them have decided differently. Notes
Payable and Notes Receivable can't
seem to be understood by any of us.
It isn't Mrs. Cape's fault though.
Say, Juniors, When are you going

The Juniors are giving their Play
Night this Friday night. Everyone
come, so they will have enough mon-
ey to give us a good banquet. But
seriously, Juniors, we wish you the
success with your Play Night that
we had last year. ***

Sport News
The inter-class volleyball games are
about to end. The top team is Vel-
ma's. Next to her team is Tommie
Gene's. There is a tie for third place
between Willie Marie's and Carol's.
These teams will play to see which
class has the best team. ***

The Doghouse
The classroom is no place to show
your affections toward your girl,
John Ed.
Monte, why were you crying in
typing class the other day??
Mildred, what was in that note
that you wrote Sue the other day
that you and Joe quarreled about??
Rudolph, did you see many cattle
at the Stock Show, or did you go to
look at them??
Willie Marie, you had better cut
down on your vitamins or you might
tear your typewriter completely up.
Betty, what's been making you late
for school lately? Do you have to
help with the farm work? ?
Say, Bob, I thought you hadn't
been seeing another girl lately, or did
what the magician pull out of your
jacket have anything to do with it?
Holecomb, what is your secret for
getting so many important positions? *

tidings: His heart is fixed trusting
of the Father.

In the 22nd Chapter of Luke from
the 39th to the 46th verse, we read
of the agony of Christ in the Gar-
den, and how those chosen disciples,
instead of staying awake, had fallen
asleep even while Jesus prayed for
them.

Beloved, today we are spiritually
asleep and we will stay that way
until we have Christ transplanted in
our hearts that he may awaken us
to the glorious hope of eternal life
with him. He will put a song within
our hearts, he will make us rejoice
in newness of life, he will put such
happiness in our lives that all the
new Easter clothes could never do,
if we but accept him as our Saviour.
Remember, he died to save you.
