## Knox County Hospital Is In Forty-Fifth Year Of Service

The Board of Directors, the Administrator and the entire Staff of Knox County Hospital all join together to wish you and yours a Happy and Prosperous and Healthy New Year. Nineteen-seventy-one will be the 45th year of service to this community and surrounding areas of the Knox County Hospital. Forty-five years of dedication and comfort to the ill and the injured. Comfort in time of need, in illness, in injury, in child birth and in death.

In these instances your hospital has always strived throughout the entirety of its history to secure and to keep the best trained people available in their respective professions. It will be our purpose in the years to come to provide these same services as we have in the past.

The year nineteen-seventy saw many changes in your hospital, changes that were of necessity, changes to modernize to keep up with fast growing progress in health care and health fields. Some of the changes we have had to make to stay in compliance with the rules and regulations of the Social Security Administration in regard to Medicare, but we most acknowledge that these changes that we have made and that we are constantly making to stay within these regulations are to the advantage of all the patients that we have, in their safety and in their treatment and their fast recovery.

As you all know, costs have risen some since our hospital started in 1926, for instance one of the oldest books we could find as far as bookkeeping was concerned was dated in August 1928, as far as we can determine the total deposits made for that month amounted to \$1,596. In August 1970 our total deposits were \$19,000, a slight difference to be sure. We suspect however that \$1,596 in 1928 was just as hard to come by as \$19,000 in 1970.

The hospital has tried in the recent past to keep its costs and its prices for its services to the bare minimum, but still to provide the absolute maximum care for

of your family and friends. We wish we could tell you that costs in the future will stay as they are but we must be realistic and say that we know they will not, but we can assure you of this, our costs will remain at the absolute minimum but our services will continue as in the past, that is to remain at the maximum level obtainable.

Whatever may lie in the future for your hospital and for medical care in Knox County and the surrounding area, we solicit your personal support and your understanding in the operation and management of Knox County Hospital. Again, from all of us - HAPPY NEW YEAR.

Members of the Women's Society of Christian Service and/or the Wesleyan Service Guild of First United Methodist Church, of Knox City, participated this week in one of the most important annual observances of United Methodist women throughout the United States.

More than 1.5 million women in 38,000 societies and guilds in all 50 states will join in the observance.

The Call, inspired by the needs and the opportunities to be made possible by self-denial gifts, is sponsored by The United Women's Division of Missions, Methodist Board of Missions. The Women's Division, one of the four major units of the Board of Missions, is the national body through which all local women's societies and guilds function.

### Tax Man Sam Sez:

There has been some confusion on what IRS is going to do for taxpayers on figuring their tax returns this year. IRS will not take your shoe box full of records (?) and put it down on your Form 1040 for you - however, you can have IRS's computer figure your tax return by simply following the instructions with your Form 1040.

"Your Federal Income Tax" says: "If your income on line 18, Form 1040 is \$20,000 or less, and consists only of wages or salaries and tips, dividends, interest, pensions and annuities and you choose the standard deduction instead of itemizing your deductions, you may have IRS compute your tax for you. If you want IRS to do this, fill in lines 1 through 18 and 24, 26, 27 and 28, if applicable. If you are entitled to a retirement income credit, attach Schedule R and enter 'RIC' on line 22 of Form 1040."

If you meet the requirements and you figure that the computer can 'out figure' you, just mail it to the Austin Service Center and the computer will do the rest.

## Coaches' Comments

By COACH LOWREY  
 This week marks the beginning of district play and for all purposes our season begins this week. For the remainder of the season our varsity team will play away on Tuesdays and at home on Fridays.

Beginning with our district ballgames, awards will be presented by the coaching staff for certain achievements in the games. Each week mention will be made of the players receiving stars for their performance. Unlike awards in football which can be worn on the helmets, it is difficult for a basketball

player to display his award. So each varsity player has a blue basketball cut-out on his school locker and also on the board outside our dressing room. After each game stars will be placed in their basketball. Stars will be awarded on the following basis: A player scoring in double figures, anyone who gathers in ten rebounds or more, a player who has five assists (an assist is a pass made to a player who scores), any player who is able to play the entire game without turning the ball over, and finally, any player who is able to draw a charging foul on his opponent. I believe this provides just a little something extra in terms of incentive for the players. It also, I feel, covers most areas of the game both offensively and defensively. After a few ballgames, it takes only a glance at those basketballs to tell who is getting the job done.

### Streams In Desert Places

BY OZELLE STEPHENS

"If any man will come after me, let him deny himself, take up his cross, and follow me." Matt. 16:24.

We are prone to think of ourselves when we see others suffer, I wish I didn't feel things so, I wish I didn't feel so moved when I hear about unhappiness or pain. I wish I didn't react so to the sad things I hear about, to quarrels between two people, things that burden my heart, I wish I weren't so sensitive. While I was thinking along this line I realized this works both ways. If I am not inwardly moved by others' misfortunes, I would be inwardly unmoved by the power of God which is seeking to help others in need. I must be sensitive to the needs of others, to be a channel

through which God's love and good can flow. I must be willing to suffer, give myself for others in order to help them. There is a great reward in doing this. It is an inflowing of love, joy, peace and life. It reminds me of the love of God, who gave His only son to die for me. For the New Year let our prayer be "Dear Father, help me to deny myself, take up my cross daily, and follow thee." \*\*\*\*\*
