

Brazos River Bridge Assured

Through the efforts of O. L. Jamison, T. P. Frizzell and other business men of Knox City, who have for the past two years been working on the Highway Department to get the big bridge built over the Brazos river between here and Benjamin has at last brought results, and we are publishing below a letter from Julian Montgomery State Highway Engineer of Fort Worth to County Judge E. L. Covey.

THE STATE OF TEXAS
STATE HIGHWAY DEPARTMENT
AUSTIN

January 28, 1938

Brazos River Bridge,
Highway No. 16,
Knox County,
Hon. E. L. Covey,
County Judge,
Benjamin, Texas.

Dear Sir:

This is to advise that the following action was taken by the State Highway Commission on January 25th, regarding bridge and approaches over the Salt Fork of the Brazos River on Highway No. 16:

"The State Highway Engineer is directed to prepare plans for the construction of a bridge and approaches over the Salt Fork of the Brazos on Highway No. 16 and to advertise this project for bids upon their completion. It is hereby ordered that an appropriation of \$150,000, or so much thereof as may be necessary, be appropriated for this construction at such time as the contract cost becomes known." Minute No. 14595

Yours very truly

Julian Montgomery,
State Highway Engineer.
By: T. H. Webb, Assistant
State Highway Engineer

This is good news to the people of this section of the state and those who are connected with the project say that the bridge will be almost like the one recently built at Seymour. It is said that the contract will probably be let at the next meeting of the Highway department, if this is correct actual work should begin within the next ninety days.

More than fifty men will be employed on the project and it will probably require six months to complete the structure. If the people of Knox City will get busy and make arrangements to care for the workers it will mean that several thousand dollars will be spent here each month.

GEORGE MOFFETT
HERE WEDNESDAY

Representative George Moffett of Chillicothe was here a short time Wednesday afternoon to make his announcement in the Herald for State Senator from this district. This editor has known Mr. Moffett for the past twenty years and was in Austin during the entire session of the legislature and we can truthfully say that he was considered one of the big men of that august body. George has many friends here who will be glad to know that he has decided to enter the race for State Senator.

BUSINESS HOUSES TO CLOSE

We have been requested to announce that all grocery stores will close promptly each afternoon at 6:30 o'clock except Saturday nights beginning today, February 3rd.

COTTON CLUB WINNERS

In 4-H Cotton Club Contest held in Knox County last year prizes recently awarded were as follows:
Pershing Busbice 1st, Knox City, \$50.00; Carl Cochran, 2nd, Knox City \$20.00; Leslie Phillips, 3rd, Munday, \$10.00; Raymond Phillips, 4th, Munday, \$5.00; Artist McGregor, 5th, Benjamin, \$5.00; Jimmie Craft, 6th, Knox City, \$5.00; Eugene McGregor, 7th, Benjamin, \$5.00.

Mr. and Mrs. Doug Horton and sons of Abernathy, Texas visited friends and relatives here over the weekend.

HITCHCOCK OUT FOR TREASURER

Press Hitchcock has tossed his hat into the ring as a candidate for County Treasurer. He informed the editor just before we go to press that he was in the race to a finish and his announcement will appear in the next issue of the Herald.

FIRE TRAP SCHOOLS

Again the North American continent has been the scene of a ghastly school fire—a small college in Montreal, in which the death list was more than a score. The hundred-odd pupils and students who were saved owe their lives to miraculously good fortune.

As many authorities have pointed out, the condition in thousands of American schools, presents a constant hazard to their occupants. And this is true not only of old wooden buildings which were erected before masonry was known of fire-resistive construction. Many a relatively new school, though handsome and massive in appearance, is honeycombed with unnecessary hazards. Inadequate stairways, doors that open inward, poorly situated fire escapes—these are but a few of the dangers that can be found in schools built at great cost in recent years, as well as in the ramshackle buildings of yesterday.

The school boards which have jurisdiction over these dangerous buildings didn't consciously approve hazardous design and construction. They simply didn't know any better. But here is a case where ignorance is no excuse—where, indeed, it is in the nature of a crime. No school should be built until qualified experts have examined and approved the blueprints. And every existing school—no matter how safe it may seem to the layman should be inspected by experts in order to unearth and correct possible dangers.

Thousands of children have died in school fires that would not have occurred had the buildings been properly constructed. Every parent should demand fire-safe schools.

Knox County Hospital News

Patients in the Hospital February 3, 1938:

Baby Jeanette Draper, O'Brien, Texas; Hubert Durst, Rochester; Mrs. H. G. Higginbotham, Munday; C. M. Brown, Knox City; Leonard DeLay, Kingfisher, Oklahoma; Baby Tommie Lou Parr, Lubbock; J. R. Gaisies, Munday; Doyle Jones, Munday; Mrs. Fred Warren and baby, Hobbs, N. Mexico; Mrs. S. J. Chenoweth, Floydada; C. W. Winchester, Munday; Mrs. Hobb Smith and baby, Rochester; Mrs. Van Earl Sams and baby, Benjamin; Alice Phillips (Col.) Munday.

Patients discharged from the Hospital since January 7, 1938:

Mrs. W. E. Seay and baby, Knox City; Mrs. N. A. Glover and baby, Rule; Lura Hughes, Gilliland; Mrs. Frank Daws, Throckmorton; Kenneta Tanner, Rochester; J. S. Abernathy, O'Brien; Mrs. W. M. Histon, Rochester; Mrs. Leroy Lowrey and baby, Rochester.

Births:

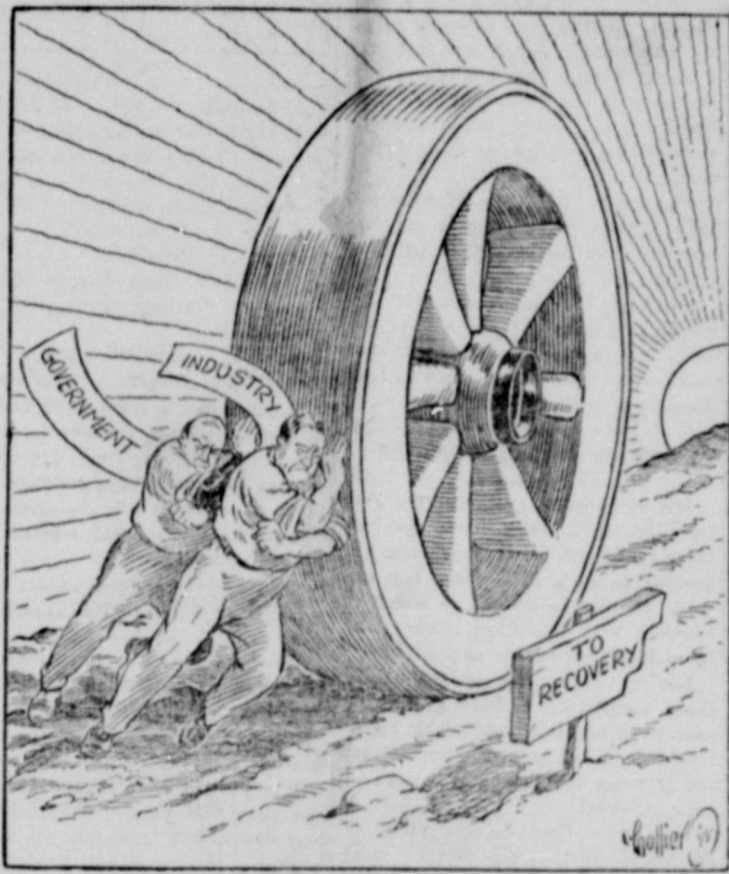

Mr. and Mrs. Leroy Lowrey are the parents of a new daughter who was born Jan. 27.
Forrest Sandra was born to Mr. and Mrs. Van Earl Sams of Benjamin January 25.

A baby girl was born to Mr. and Mrs. Hob Smith of Rochester, February 1.

Mr. and Mrs. Fred Warren are the proud parents of a baby girl who was born February 3, 1938.

Mrs. T. R. Colbert of Stamford has been doing special duty at the

ALL TOGETHER, NOW!

STATE UNIVERSITY NEWS

Austin, Texas, Feb. 1—Volume of world demand for cotton has not responded to the relatively very low prices of cotton since 1931 as much as it should, partly because of political interference, Dr. A. B. Cox, director of the University of Texas Bureau of Business Research and an internationally known cotton economist, has pointed out. Some countries of Europe, especially Germany, Italy and Spain, consumed about one million bales less cotton in 1936-37 than in 1928-29, largely because of their inability to establish satisfactory foreign trade relations, Dr. Cox explained.

"The indicated supplies of cotton in the United States on January 1, 1938, were, and a previous all-time high of 17,090,000 on this date, 1932," he said. "The buying power price in January, 1932, was 9.64 cents, and it is now 10.67 cents.

"Stocks of cotton in the United States increased 5,654,000 bales from January 1 last year. This big increase in stocks of cotton in the United States is supplemented by an increase of 566,000 bales of United States cotton in European ports and afloat to Europe.

"Price calculations based on average changes in index prices resulting from average changes in supplies over the past seven years indicate a New Orleans price ranging from about 7.75 to 8.30 cents."

Austin, Texas, Feb. 1—Nineteen failures occurred in Texas in December, compared with fifteen in November and eleven in December, 1937, increases of 26.7 per cent and 72.7 per cent respectively, the University

Knox County Hospital this week. Her patient was Mrs. Van Earl Sams of Benjamin. She returned to her home a few days ago.

Miss Oetha Simmons who has been employed at the Knox County Hospital for the past several months left Sunday for Dallas, where she will enroll in the School of Nursing at the Parkland Hospital. She was accompanied there by Miss Leta Turner, who returned Monday.

The Nurses' Home has been completed and the nurses are now residing there. The home is one of which Knox County can well be proud. It is situated directly east of the Hospital. The interior and the exterior are not only well constructed but very attractive in appearance also.

CHILICOTHE SOLON IN SENATORIAL RACE

GEORGE MOFFETT

George Moffett of Chillicothe, now a Representative in the Legislature from Hardeman, Ford, Knox and King Counties, has authorized his announcement as a candidate for State Senator, from the 23rd Senatorial district, composed of nine counties in Northwest Texas, of which this county is one.

Mr. Moffett is no stranger to the people of this county, as he has represented us nearly eight years in the House of Representatives at Austin, and during that time has achieved a position of leadership in legislative matters. He is a veteran member of the committee on agriculture and has served several years on the committee on live-stock raising, both of which are important to our county.

At the present time he is also chairman of the committee on conservation and reclamation, which appointment came as a recognition of his efforts to secure passage of bills designed to conserve the soil and other natural resources of our state. Another measure which he has championed for a long time, is the establishment of a research laboratory to study new uses for cotton with a view of finding new markets for the state's principal farm commodity. The Moffett Bill on this subject was passed at the last session of the legislature but was vetoed by the Governor on grounds of economy.

That this measure was sound in purpose, is indicated by the inclusion in the new 1938 Farm Bill, in the U. S. Congress, of a provision for the establishment of a cotton research laboratory, somewhere in the Southern States.

The so-called Moffett amendment to the State constitution was voted upon and adopted by the people in 1936. This constitutional amendment definitely limits the number of representatives which may be elected to the legislature from any one county. Mr. Moffett declares that this amendment protects the small towns and rural sections of the State from having the legislature controlled by a few large cities.

Mr. Moffett is forty-two years old, a farmer, a World War Veteran, and a native of Hardeman County, where his parents settled nearly 50 years ago. He has spent most of his life operating a good farm, but has had some three or four years retail business experience. Mr. Moffett made the following statement: "First I want to sincerely thank the people of this county for their loyalty in electing me to the House of Representatives for a good many years.

"I do not have a lot of glittering promises to make in entering this race for the State Senate, for my observation has been that frequently those who promise the most, actually do the least. I have learned in the nearly eight years that I have been in the House, that it takes a lot of hard, and often times tedious work to get a bill of any consequence through the legislature. Experience certainly counts heavily in a legis-

Mrs. Warren Buried At Merkel

MERKEL WOMN, 92, SUCCUMBS

Mrs. J. B. Warren, Taylor County, Past 33 Years

Merkel, Feb. 1—A year-long illness this evening claimed the life of Mrs. J. B. Warren, 92, resident of Taylor county for 33 years. She died at her home at 6:30 with all of her seven children present. They had been called to her bedside Sunday when her condition became critical.

The funeral is scheduled at 3 p. m. tomorrow at Grace Methodist church the rites to be conducted by the Rev. R. A. Walker. Burial will be in Ross Hill cemetery by the grave of her husband, who died October 2, 1914.

Born Margaret Ann Miller, in Tennessee, August 10, 1845, next to the youngest of twelve children. Mrs. Warren outlived all of her brothers and sisters; and all brothers-in-law and sister-in-law except one, Mrs. W. J. Miller of El Paso.

Mrs. Warren's family came to Texas in 1853, locating at what is now Coryell. There on September 15, 1861 she married John B. Warren just six weeks before he was called to active duty in the Confederate army. When he returned from the war he and his wife continued to live at Coryell, and there all of their children were born.

They came to Taylor county in 1905 to a farm north of Merkel which was owned by Mrs. Warren to the time of her death.

Mrs. Warren had been a Presbyterian more than 75 years, having entered that church before her marriage.

Her children and four sons, Tom of Waco, W. B. Anson, and E. Q. and H. M. of Knox City; three daughters, Mrs. J. Frank Campbell and Misses Johnnie and Irene Warren of Merkel. Nine grandchildren and five great grandchildren also survive.—Ablene Morning Reporter.

Denny Davis Announces

Denny W. Davis authorized The Knox County Herald to place his name in the political column as a candidate for Tax Assessor-Collector of Knox County. A more extended announcement of Mr. Davis' candidacy for this office will appear in the next issue of The Herald.

Mr. and Mrs. Hob Smith of Rochester announce the arrival of a daughter, February 1, at the Knox County Hospital. The baby is a grand child of Mr. and Mrs. J. W. Smith of Knox City.

lative body.

"If elected to the Senate, I expect to be on the job and I believe that my past experience in the legislature my experience as a farmer and a stockman, and my business experience qualify me to properly serve you in the State Senate.

"I will issue a platform statement at a later date. I expect to make a vigorous campaign and to visit every part of the nine counties in the Senatorial district, and will try to see all of the voters, but I realize that this is a huge task in such a large district; however, I want you to know that I will appreciate your vote and support in this race."

O. L. PATTERSON (Re-election)

SOROSIS CLUB

The Sorosis Club of Benjamin were hostess Tuesday afternoon for a lovely shower honoring Mrs. Clyde Goodrich, a recent bride.

The hostesses were: Mesdames. Oran Hiver, Earl Sams, Rip Collins, J. C. Coffey and Misses: Janis Patterson, Iva Dell McCandless, Ila Jackson, Dorothy Rickert.

Musical selections were given by Mrs. Glenn T. Burnett, Little Joandis Burnett sang and little Bryson Laird read.

A valentine theme was used. The gifts were presented by Jean and Joan Galloway as Jean read a "Recipe for a Valentine."

Refreshments of chicken-salad sandwiches, pimento cheese sandwiches, tea, sand tarts and candy hearts were served from a lace covered table. Mrs. J. C. Coffey presided at the table.

About fifty-five guests registered in the bride's book.

Among those attending were Mesdames J. W. Smith, J. H. Atterbur, T. H. Burnett, and B. F. Cornett of Knoxville.

Miss JoNell Robbins, daughter of Mr. and Mrs. T. E. Robbins of Knoxville, recently received the honor of being chosen class favorite of the Senior class of Hardin-Simmons University.

Mr. and Mrs. A. B. Reese spent the week-end in Canyon. They were accompanied home by Miss Mayo Reese who has been a student at W. T. S. T. C. the past semester. Miss Reese will receive her degree with the June Class.

THE EAGLES ECHO

Published by the Sunset High School

SUNSET PAPER STAFF CHANGE NAME OF SCHOOL PAPER

Tuesday morning the staff of the Sunset School Paper met to straighten up some business they had and. A member of the staff raised the question of changing or giving the Sunset School Paper a name. "The Eagles' Echo" was suggested by one of the members of the staff and agreed upon this name. From now on the name of the Sunset Paper will be "The Eagles Echo" instead of Sunset School News. This is also the name of the school annual.

KEEPING TAB ON THE EAGLES

By Buddy Bumpas

Eagles in Stale Condition

The Eagles entered the invitational tournament at Weinert last weekend and their first game was with Benjamin, Thursday night. Sunset played a slow game the first half, but they picked up enough the last half to take the game by ten or fifteen points. They played their next game Friday night with Goree as their opponent. This was another slow first half for the Eagles although Fuller Shannon made some nice shots. The Eagles played a better game in the remaining part of the time, and Strickland made 11 points in the last half. The game ended with the scores standing 47 to 33 in the Eagles favor.

The next Sunset victory was against O'Brien. Although the Eagle played an unusually bum game, they won easily. Sunset played Weinert in the finals Saturday night. The first quarter looked as if Sunset was going to play a game like they did in the good old days, because they had a twelve point lead on Weinert. But they started slowing down in the second quarter and almost quit entirely during the last half. The game ended with the Eagles trailing by one point the scores were 27 and 28. This was the second upset out of 21 gone in January for the Eagles.

Two members of the Eagles squad were placed on the all-tournament team. Herbert Partridge received every coach's vote, and Orvie Strickland the other Sunset man, received a large majority. This is the second week in succession that the two boys have been placed on the all-tournament team, and their schoolmates are really proud of them.

The Eagles have their eyes set on a second county championship this year. The county meet is to be held in the Monday gym February 11 and 12.

SUNSET GIRLS ENTER SECOND TOURNAMENT

Undeafeted in First Game, But Defeated in Last Game

The girls forfeited their first tournament game to the O'Brien girls on Thursday night, because they were having mid-term examinations.

The Sunset girls went to O'Brien Friday night and met the Knox City girls. After having mid-term examinations all week, the girls had not practiced any. They started off as if they were not awake, but by the last of the first quarter, everyone had waked up and began to play ball. At the half, the girls led the Knox City girls by a few points. In the third quarter, they scored several scores and the final score was 21-19 in favor of Sunset. This game placed the girls in the final game for consolation.

Saturday night the girls went to O'Brien again to play Weinert. Bernice and Rachel Strickland, two first string players, had to leave to go to their new home in Graham, therefore the substitutes were Juanita Hunter and Dorothy Gammill. Dorothy and Rachel had been exchanging places in the past games, but Dorothy was a first string player Saturday night. Juanita Hunter did a swell job of guarding the tall Dunnam girl from Weinert, and the team really appreciated her. The girls let Weinert run away with them the first quarter, but the second quarter they had the coach watching the score board. In the latter part of the third quarter the girls got Weinert scared and came within four points of the 3. The girls still felt that they had a chance to defeat Weinert, until Nettie Griffith, a first string forward, got knocked out. The guards got rattled and fell down on their feet, therefore Weinert scored three field goals and a free shot. The final score was 31-20 in favor of Weinert. Coach Spraggins was well pleased with the work of the new players on her team, and she states that she

feels that the entire team played the best game that they have played this season.

GIRLS BASKETBALL TEAM LOSES TWO PLAYERS

It was hard for the Sunset basketball girls to say goodbye to two of the main string players, Friday night. The girls were Bernice and Rachel Strickland who left for their new home at Graham Saturday morning. They played with the team in their last game Friday night against Knox City. Bernice has played with the team two years and this is Rachel's first. Both have shown themselves good sports and good ball players. Bernice was selected as an all tournament guard and received a medal during her freshman year. Not only do the basketball girls miss Bernice and Rachel, but the whole high school, especially their class mates.

They were the type of students, too, that teachers regret to give up, because they made good in their school work.

We hope that they have not said goodbye to mean real good-bye, because we expect them to come back to visit us. We shall be glad to have them back with us any time.

POWER TO THE JUNIORS

Mid-term exams are over! The Junior Class as a whole made good on their examinations, but each one has decided to do a little more out side work on all his lessons in order to compete with the other classes, and to make Final exams easier.

Louise Gray, one of the Junior Class members, has been ill for the past week and has been unable to attend school. It has been reported that she is some better and will soon be back in school.

The Junior Class is very proud of themselves in that one of their class mates, Nettie Griffith, was selected as the most representative girl in high schools. Nettie takes part in most all activities that are carried on. She is now an active member in basketball, volleyball and debating. She is Vice-president of the Home Economics Club, reporter for the Junior Class, and is Social and Activity reporter for the "Eagles Echo."

It seems that the Juniors, have a great deal to be proud of this week we are especially proud of E. G. Parkhill who is one of the two boys in high school who has an average of 90 or above. Keep the good work going, E. G. and do not let the Junior Class down.

MORE PICTURES FOR THE SCHOOL ANNUAL

Most Popular Boy and Girl and Most Representative Boy and Girl are Selected by Students of Sunset HI

Monday afternoon the Sunset High School assembled to elect the most representative boy and girl for the annual. Everyone wrote two girls names and two boys names on a slip of paper and dropped them into a box. When the votes were counted, it was found Nell Nix and Fuller Shannon had been selected as the most popular girl and boy; Nettie Griffith and Herbert Partridge had been selected as the most representative girl and boy since there are awards to be given at the close of school to the best all-around girl and boy. This voting Monday will have nothing to do with that selection. These best all-around students will be voted upon at the close of school and awarded medals at commencement.

Just think how nice it will be to see all these pictures in our annual. Why not buy one now? March 1 is the last date to make your deposit. The price is \$1.50.

SUNSET SENIORS ON PARADE

Inez Vernon Since Inez Vernon is finishing at mid-term, she is to be the first one of which we will tell a few of the high points in her life.

Inez was born at Rule, Texas April 25, 1919. Her parents are Mr. and Mrs. G. W. Vernon. Inez attended grammar school at New Cook Grammar School near Rule, Texas. She attended high school at O'Brien, Texas while she was a freshman and sophomore. In 1936, Inez moved into the Sunset Community. She started in school at mid-term and was classified as a junior. She finished her high school work at Sunset at mid-term this year. Although Inez is finishing at mid-term the seniors are expect-

Knox City SHOE SHOP

ARTHUR THOMAS, Mgr.

ing her back next spring to graduate with them. During the four years she has been in high school, she has made an A average. Inez plans to attend Business College at Tyler.

A few of her favorites:
Sport: Volleyball
Song: Sail Aong Silvery Moon
Hobby: Collecting pictures
Color: Blue
Musical instrument, Piano.
The seniors regret to lose Inez because she was a good pupil in class work and she was dependable, courteous worker always. There are sixteen seniors left, seven boys and nine girls. More information will be given later concerning these other sixteen folk.
—Frances Gray.

SUNSET VOLLEYBALL GIRLS

The Sunset girls have started the volleyball work. Because of the fact that they just started, it is hard to tell which girl will be on the team. The girls intend to continue basketball until the county meet is over, but they will play volleyball and basketball both from now on. Here's hoping that Sunset will produce another winning team, and thus keep up the good record of the school.

SUNSET SCHOOL GETS FULL TIME LIBRARIAN

Last Friday morning Miss Mary Etta Jones of Munday, Texas began her work at Sunset as a full time high school librarian. Mary Etta is going to receive additional library training from Mrs. Bertie Allen of Knoxville City who is supervising library projects in both Knox and Haskell counties.

The Sunset School is very glad to have a full time librarian.

FRESHMEN NEWS

The freshmen are through with exams, but are not so happy as they might be, because they came to school Monday and found that their smartest student, Rachel Strickland had moved away. Rachel, was valedictorian of the seventh grade last year and was making the highest grade in the eighth grade so far this year. Rachel is now a student in the Graham High School.

We also have a new student, Ruby Ingram of El Dorado, Oklahoma.

DOROTHY GARRETT BECOMES MEMBER OF PAPER STAFF

Members of the staff were asked to elect a grade school reporter to take the place of Inez Vernon who graduated at mid-term. The staff decided upon Dorothy Garrett since she is interested in newspaper and journalistic work, and too, they feel that she can be depended upon. They feel that Dorothy Garrett will keep up the good work by Inez.

ARLEDGE STOCK FARM ADDS TO HERD

SHOW HERD IN MAKING

OWNERS FAVOR USE OF HOME GROWN FEEDS

BOTH BROTHERS FORMER COLLEGE STUDENTS

Knox City, January 29—A show herd is in the making at the Arledge Stock farm north of here.

It was started when Roy and Henry Arledge, selected a few old cows strong in Prince Rupert breeding, from their father's herd, and given a big boost when a select group of animals were bought in the famous Hazlett dispersal sale of Hereford cattle at Eldorado, Kan. last summer.

Heading the herd of cattle is the show bull, Hazford Tone 123rd, by Hazford Tone 76th, champion bull that sold at auction for \$6,800 for one of the highest prices in years. A young bull was bought at the 1936 American Royal show at Kansas City, Mo. Another herd bull that is being used now is Ambrose Domino 3rd, by Ambrose Domino, by Prince Domino Mixer, Ken Caryl ranch show bull of considerable fame.

Arledge Brothers, both former students at Harden-Simmons university, operate an ice house here, one at Rochester and at Stamford, where Roy lives. But since 1934 they have been active in handling the 1,200-acre stock farm which they bought at that time, Henry moved to the ranch and personally sees after it and the cattle.

NO COTTON

Since going into the business the boys have been greater boosters of home-grown feeds and have done wonderful work along that line. Their cattle receive that kind of a ration and do well on it. This is shown by their winnings at the Fort Worth Fat Stock Show in 1936 the prize for carload lot of steers with the highest dressing percent.

They do not plant any cotton at the 700 acre farm, but use the acreage for production of small grains and grain sorghums. However, none of these feeds are sold commercially and will be consumed at the ranch where a string of bulls is on feed at all times.

Under the present plan, the females will be retained and the bulls, other than herd bull prospects, will be sold. This year the boys have been enjoying an exceptionally good calf crop as the percentage has reached the 114 mark. Fourteen cows have dropped 16 calves. One of the females bought in the Hazlett dispersal, Ozah Tone 2nd was one of the two cows that dropped twins. Six of the Hazlett-bred twins was Hazford Tone 76th.

STORE FEED

Through the blending of blood lines of the Hazlett cattle with that of the Arledge-bred cattle carrying similar breeding of the former group thick-fleshed animals of the show type are expected to be produced.

Cattle now grazing the grassy slopes that bend to the Brazos river on the south and the Wichita river on the north are as fat as show animals because of the splendid forage available. There is one pasture that has not been grazed in a year, but the boys are saving that for a dry year. During the summer, cattle are allowed to run on sudan grass fields and in the winter, they graze wheat fields.

During the four year period as owners of the ranch, Arledge Brothers have harvested an average of 20 bushels of wheat to the acre. Other small grains have produced in similar proportions. They are strong believers in ensilage and have about 400 tons of that feed stored in trench silos. It is their plan to get 1,000 tons of the feed ahead so when drouths come along they can keep their cattle.

NO FIRE LOSSES IN THE MONTH OF JANUARY

There were no fire losses within the city limits of Knox City during the month of January, according to the records kept by the fire department secretary, Henry White.

Only one alarm was answered during the month, that of a small house in the north west part of town. The house was occupied by a negro family.

The records also show there was no loss during the same period last year.

Mrs. Margaret Sweeney and son, Miekie of Lubbock spent Monday and Tuesday here with friends.

Miss Bernice Swift spent Saturday in Abilene.

Weekly News Letter From Lubbock Texas Tech College

Lubbock, Texas, January 27—The old and new West clasp hands on the Texas Technological campus Feb 22, Arbor Day, when horseback overseers will supervise the planting of 5,000 trees and shrubs, beginning the greatest beautification program probably ever attempted in West Texas.

The plan to make the Tech campus and Lubbock an oasis of the Plains country has been brewing for many years, but lack of funds has prolonged the program, said O. B. Howell, professor of the plant industry department and director of beautification at Tech. Trees and shrubs are to be selected from the college nursery where careful planting has produced over one million plants, 50,000 of which are from one to four years old and are ready for transplanting.

Five hundred and fifty persons, including students and faculty will take part in the Arbor Day fiesta for which a half holiday will be given. Sars of the Old West rides again as coffee and doughnuts will be served to workers from an old stage coach stationed by a campfire on the campus.

President Bradford Knapp, W. T. Gaston, college business manager, Senator G. H. Nelson, Howell; Ray L. Chappelle, head of the vocational agriculture department; Chas. A. Guy, editor of the Lubbock Avalanche-Journal and J. H. Grimsley, superintendent of building and grounds, aboard college horses are to supervise the program planned in five units. Expedition of the work will be furthered by deans who are to act as straw bosses. Blueprint instructions as to what kind of trees to plant and where to plant it will be distributed. A bulletin will be furnished every worker. It will give exact instructions as to planting a tree, said Howell.

Most popular kinds of trees to be planted are: Russian olive, Chinese elm, American elm, Russian mulberry, green ash, red bud, Carolina poplar, Lombardy poplar, Arizona cypress, Siberian pea tree, honey locust, Spanish locust and alantus. Included in the shrubs are: mugho pine, desert willow, spiraea, vitex and pivet. "Most people are blind when planting a tree," said Howell in explaining the process. "There is quite a bit of science in landscaping as well as planting. The hole should be dug large enough to hold the roots and feet, carefully clipping all dead, injured and old roots the tree should be placed in the center so as to give the roots room to breathe. Cultivation of the ground around the tree will aid in retaining the moisture, if carefully looked after the trees will begin to show beauty within two or three years."

"One of the main purposes," he continued, "in planting the trees is to get people of this and other states interested in development of our college. Beautification of the campus is the proper place to start. Students will learn how to plant shrubs, they will see how much better it will make a place look, and perhaps they can be an influence in their own homes in planning beautification."

In order to show they are looking to the future, Texas Tech officials have planned to make this Arbor Day a tradition. Not yet far removed from the Jack rabbit ridden days as far as landscaping goes, the campus will be a thing of ideal beauty when seniors, if '38 return for home-coming in 1945, say ardent tree supporters. Returning grads will circle the campus drive shaded by gorgeous trees, rich in October brown and bid farewell to the fast-fading West around Texas Tech, because officials loudly declare this is only the beginning.

Lubbock, Texas, January 27—Bob Dickason of Wink, sophomore arts and science student at Texas Technological College and second chair clarinet player in the Matador band, boasts that he can hold a sustained note indefinitely, and that he can play difficult musical passages without stopping to get a breath.

Accomplishment of the feat, Bob says, came after four years of diligent practice. He gathers air in his mouth and throat, then closes his throat, forcing the air into the instrument at the same time he draws in more air through his nose. He repeats the process indefinitely.

Dickason, member of a musical family who began his musical career in 1930, has played in every kind of band from a dance orchestra to a circus band. He has collected more than 11 medals playing solos and ensembles with the clarinet, saxophone and oboe. He aspires to conduct a concert orchestra in New York, Chicago or Los Angeles.

Lubbock, Texas, Jan. 27—Sidney B. Hall, state superintendent of public instruction in Virginia, will be one of the principal speakers at a conference on articulation to be held at Texas Technological College Mar. 31, April 1 and 2. The meeting here is the culmination of the four-year program in Texas of the curriculum revision movement.

The proposed reorganization of the Texas public school system will be discussed. The system now has seven elementary and four high school grades, or in cities, five elementary grades, three junior high school grades and three high school grades into either eight elementary grades and four high school grades, or six, three three or six-six, a total of 12 grades, instead of 11. Most public schools in the North and East, Dr. A. W. Evans of the Tech faculty says, have 12 grades.

DO YOU KNOW?

Nose rubbing is more widely used by mankind as a greeting than handshaking and kissing combined.

We Would Like You To Know

We'll stick to handshaking, and we're always glad to shake hands with a satisfied customer in a servicing or repair job well done. Satisfactory service makes friends . . . and that's the only kind of service we offer.

KNOX CITY, TEXAS

Lubbock, Texas, Jan. 29—Plans for establishing supervised correspondence groups in convenient centers, providing opportunity for high school students unable to attend college to continue their education, has been completed by the Texas Technological extension committee and approved by the college administration council.

Enrollment in each extension class must be not fewer than ten and not more than fifteen students. Those working full-time will be restricted to two subjects. Correspondence credit will be granted on the work, which will be freshman courses in English, foreign languages, government, history, or mathematics. Each class will have 18 meetings. Cost of a course will be \$15 per student.

Dean J. M. Gordon of the division of arts and sciences is chairman of the extension committee, and J. V. McDonald, director of extension, is secretary.

Lubbock, Texas, Jan. 31—Texas

DAVIS POULTRY FARM Rule, Texas

Tech's Matador band has made recordings of ten selections, which will be used in direction of high school bands and probably as contest numbers, according to Director, D. O. Wiley.

Compositions recorded are: "Sivonic Rhapsody", Friedman; "West by East", Gibson; "Colorado March", G. E. Holmes; "Beatrice and Benedict", Overture, Beralioz; "Bridal Song," from Rural Wedding Symphony Gold mark; "Maid of Austuria," Overture, Secchi; "Witch of Endor," Hildret; "Waltz," Brahms; "Lohengrin," Introduction to Act III, Wagner; and "Wedding Day at Troldhaugen," Grieg.

COTTON REPORT

Census report shows that there were 40,057 bales of cotton ginned in Knox County, Texas from the crop if 1937 prior to Jan. 16, 1938 as compared with 15,698 bales to the same date crop of 1936—Hoyle H. Sullivan, Special Agent.

BUSINESS MEN OF WISCONSIN VISIT IN KNOX CITY FRIDAY

William Verhalen and Geo. Bosch of Hales Corners, Wis., Route 2; Alfred Andrews, North Cape, Wis., R 1 and Olaf Haganson of Burlington, Wisconsin visited with Mr. Verhalen's brother Mat Verhalen, prominent farmer of Knox county, Friday. They were on their way to Florida and will visit in Houston, New Orleans and other points.

While here Mr. Verhalen visited the Knox County Herald office and renewed his subscription to the paper. He stated that the winter had been mild in Wisconsin this year and that crops were good.

Rev. and Mrs. J. W. English of Truscott spent Saturday with their daughter, Mrs. H. W. Finley and Mr. Finley.

Otto Lawson and Casey Jones spent Sunday in Vernon and Wichita Falls.

A LOOK INTO THE FUTURE

It is 4 o'clock. The telephone is ringing; some one is pounding in the door; Junior is crying; the front room is a wreck; my head is bursting.

This is a picture of ten years hence. Who would think that we, who are now gay, carefree students in K. C. H. S. would ever live to see the day that Time would stagger thus far.

Take advantage of the present opportunities. The friends you make in your high school days will be the guiding light of your later life. Do you not think that sharing tears, laughter, disappointments, and successes with a friend is the most wonderful feeling you could possibly possess?

There is here, as in every high school or any place where any group of people work together, an animosity among the students. We think that these small, petty quarrels and dislikes do not matter, but in reality it is these "insignificant" things that form the mental character of our life.

Hubbard says, "Life writes its history upon the face." If this is so perhaps the thing for us to do is to start today wearing a smile instead of a frown. It is a known fact that it takes twice as many facial muscles to frown than it does to smile. Is this not encouraging to you? Start today by making this resolution—"I will earnestly and whole heartedly do my best toward making my enemies my friends," and when you succeed let me be the first to say, "more power to you."—Dorothy Shaver.

KCH

SOPH SLANTS

The Sophomore Class, the best class in school, so they think is really glad the exams are over. They have all settled down to work to make better grades and have more fun, if possible.

Just as a reminder, I would like to know if anyone noticed how interested Odell was in the games Thursday and why was Paul Ed so happy.

We want to know why Geneva Mills was so enthusiastic about spending the week-end in Munday.

Lastly, but more important, they all seem to be more interested in their school work as well as taking part in extra curricular activities. They are represented on the basketball teams, tennis, volleyball. They are planning big things for the Inter-scholastic League Meet.

KCH

JUNIOR ROOM MOTHERS

At the beginning of school the Junior Class selected room mothers and divided them into groups with one mother acting as chairman of the group. The groups are as follows:

- First Six Weeks**
 Mrs. W. A. Reeder, Chairman
 Mrs. J. O. Warren
 Mrs. Coates
- Second Six Weeks**
 Mrs. Henry Backfield, Chairman
 Mrs. John Darr
 Mrs. L. Graham
- Third Six Weeks**
 Mrs. B. M. Farmer, Chairman
 Mrs. S. Hutchinson
 Mrs. H. M. Thompson
- Fourth Six Weeks**
 Mrs. A. P. Walker, Chairman
 Mrs. G. D. McCarty
 Mrs. R. R. Stapp
- Fifth Six Weeks**
 Mrs. H. L. Huntman, Chairman
 Mrs. Gaither
 Mrs. Apple.

SENIOR DOINGS

This week the Seniors are trying their luck as sales people. Curtis magazines are being sold for an interesting project the seniors have in mind. In addition to selling the Curtis magazines, other popular magazines are being offered. The money to be used for a very interesting and beneficial project, and we would appreciate the support of all of our community to help us make this project as worthwhile and helpful to all concerned as it is possible to do. I would like to say that I hope to

all. So in closing let me say, "May you all have happy hunting and to all a Good Night."

KCH

KNOX CITY GIRLS TAKE DEFEAT

Last Thursday night the basketball girls played in the O'Brien Invitational Tournament. The girls played at eight-thirty. They played Rule and at the end of the game the scores were 50-21 in the favor of Rule.

The Girls started thinking about consolation after losing this game. They had to play Sunset on Friday before they could enter consolation; they played at nine o'clock Friday night and the scores marked another defeat, being 31-10 in Sunset's favor.

KCH

KNOX CITY GIRLS TO HOLD SECOND ANNUAL TOURNAMENT

The Knox City Basketball girls are holding their second annual Invitational Tournament next week-end. Starting on February 3rd. and lasting through the 5th.

There will be three trophies awarded. Nine teams will attend the tournament and we are sure there will be a hard struggle for the trophies.

The referee for the tournament will be Buddy Angle. The proceeds will be used for buying athletic sweaters for the basketball teams.

We want to urge fans of all the teams to come. Everyone feels sure that the Tournament is going to be a great success and we expect to see a good representation of the various towns represented.

P. T. A. PRESENTS ASSEMBLY PROGRAM

Monday the P. T. A. presented one of the best assembly programs of the year. The ladies of the P. T. A. impersonated the faculty in such a hilarious manner that the program was a laugh from start to finish.

The faculty was impersonated as follows, Bobby Bradberry, Mr. Weizel; Mrs. Caussey, Mr. Dodgin; Mrs. Grady Benedict, Mr. Shumaker; Mrs. Earl Benedict, Miss Cherry; Mrs. Merr. W. Whitte; Mrs. T. P. Frirsell Jr., Mrs. Carpenter; Mary Lou Gaham, Miss Hicks; Mrs. Whitte, Mrs. Averitt; Mrs. Henry White, Miss Benton; Mrs. Mullins, Mrs. Baker; Mrs. Dodgin, Mrs. Warren; Mrs. Hoge, Miss Crenshaw; Mrs. L. L. Davis, Miss Swift; Mr. May, Miss Reid; Mrs. W. E. Clonts, Miss Rice.

The program consisted of songs, instrumental numbers, and announcements by "Mr. Dodgin" and "Mr. Whitte." The entire program was so original and different that it will remain in our minds for a long while.

Mrs. Warren and the Glee Club will have charge of the next Assembly and we are looking forward to the usual good program presented under the leadership of Mrs. Warren.

KCH

SENIOR PERSONALITIES

Roy Lee Mills was born February 16, 1921 at Montague, Texas. He started to school at the age of six at Hood, Texas. He entered High School at the age of thirteen at Rhineland, Texas. He moved to Knox City, January 6, 1938.

He is 5 ft. 10 inches tall, weighs 149 lbs., has brown eyes and brown hair. His favorite song is "Glory of Love," and his favorite color is blue. He likes to sing, swim, and above all play tennis.

Roy Lee is a Senior this year, and new to Knox City. Roy here's hoping you have an enjoyable year in K. C. H. S.

STAR BLADES
 FOR GEM AND EVER-READY RAZORS

"Smeed" to Deems Taylor, or From Cub to Composer

By Daniel I. McNamara

DEEMS TAYLOR, A.S.C.A.P., radio commentator on important musical programs, erstwhile journalist, music critic, raconteur and student, is becoming more and more identified with American Grand opera.

From "The King's Henchman" and "Peter Ibbetson" produced by the Metropolitan Opera Company, he has turned to the colorful atmosphere of the Basque Provinces for material for his third grand opera composition. During long visits in then peaceful Spain, Taylor several years ago became fascinated with the elusive charm and intangible traditions of the mysterious Basques. His resultant work, "Ramuntcho," based on a Pierre Loti story, is now completed.

With interest in the fanciful tales of the Basques enhanced by the Spanish conflict, the premiere of the new Taylor creation has aroused keen anticipation among music lovers.

Taylor's first grand opera, "The King's Henchman," was produced in the Metropolitan in 1927, his second, "Peter Ibbetson," in 1931. He has more than 100 compositions to his credit: grand operas, symphonies, cantatas, chamber music, and songs. He has translated more than 150 songs from German, Spanish, French and Italian.

Deems Taylor is a native of New York City, born December 22, 1885, a graduate of New York University in 1906. Two years later, while doing newspaper work and contributing to P.F.A.'s columns under the pen name of "Smeed," he began a three year course of study in harmony and counterpoint under Oscar Coon. His subsequent mastery of composition, orchestration and allied subjects is largely the result of research and self-instruction. Effective

Although he has a New York apartment, he spends most of the year in a restored farmhouse, nearly 200 years old, in the hills of Fair-Field County, 10 miles from Long Island Sound. Weather permitting, he might have been found here working at a home-made desk beneath an ancient apple tree, fashioning his operatic dreams of old Spain. (Music Features & Photo Syndicate)

IN THE SHADOW OF THE CAPITOL

By Boyce House

Hotel lobbies are always interesting and the hotel lobbies of Austin are probably the most interesting in the state. Just watch long enough and you'll see nearly everyone whose name gets into Texas papers.

One of the most distinguished looking figures any time he's in the lobby is Tom King, state auditor. He's six feet, three; weighs around 240 pounds; has classic features and hair that's beginning to gray. A bachelor, he's nearing 40; was born in Tennessee, has a delightful Southern drawl and a sense of humor so refreshing that one wonders how he has preserved the quality, dealing, as he does, with cold statistics.

Equally tall and perhaps equally striking in appearance is W. W. (Bill) Sterling, former adjutant general and famous Ranger. He's slender, wiry, handsome; wears boots and a big white hat in combination with a business suit.

Just about as towering (you have to be tall to stand out in a crowded hotel lobby) is Congressman Lyndon Johnson. The young lawmaker, serving his first term, came back recently to make a speech in favor of improved housing conditions for Austin's less fortunate.

Most beautiful building (not, however, the most massive or magnificent) in the capital city is the Public Library. White and Grecian, it crowns a hill overlooking the deep, grass-covered bowl of Wooldridge Park, where the political rallies are held.

Behind the library are two little courtyards with wrought-iron benches and walls of mosaic from warm water fountains in basins, truly poetic spots.

Just west of Wooldridge Park is a mansion with white columns and broad porches in the "before the war" tradition. A Fort Worthian (remembering last summer's Casa Mariana) expects to see Harriet Hector come floating into view and hear Everett Marshall sing "Gone with the Dawn" at any moment.

"Fine," the noted magazine comments that the lieutenant-governorship is a political graveyard. Come to think of it, no lieutenant-governor of Texas seems to ever have been successful when he attempted to go higher except of course, the one who became governor when the chief executive was impeached, though many have tried for promotion. Ralph Yarborough of Austin, candidate for attorney general, is a student of history and it's a good guess that he chuckles when he recalls that his most talked-of opponent is the present lieutenant-governor.

"Political-governor"—?

They tell this one on Mark McGee, genial Fort Worth attorney and former adjutant general.

An attorney was boasting to him: "I guess that I and the firm of Blank, Blank and Blank," naming the biggest law firm in the state, "had more business last year than any other two groups of lawyers in Texas."

"Fine," Mark is reported to have said. "I had a good year financially myself; I expect that Guy Waggoner and I have more money in the bank than any other two men in the state."

CHRISTIAN WOMENS ASSOCIATION MET MONDAY

The Christian Womens Association of Knox City met Monday afternoon at the Baptist Church.

The program was opened with a song followed by a prayer led by Mrs. W. D. Green. An interesting and inspiring devotional was given by Mrs. A. E. Reese. "How to Beautify Our City," was the subject of a short talk made by Mrs. C. C. Hoge. Rev. U. S. Sherrill spoke briefly on "Summer Vacation Bible School." Anita Wampler and Billy Davis were presented in a violin duet accompanied by Margaret Dutton at the piano.

Following the program a business session was held with Mrs. S. M. Clonts presiding. The following officers were elected for the new associational year: President, Mrs. A. B. Reese; Vice-President, Mrs. T. F. Frizzell Sr.; Secretary, Mrs. C. C. Hoge; Treasurer, Mrs. M. A. Marr; and Superintendent of Publicity, Mrs. W. L. Garner. The chairman of the various committees were appointed as follows: Mrs. S. M. Clonts, Park Committee; Mr. C. C. Hoge, Sick Committee and Finance Committee. Mrs. M. A. Marr.

Those who attended the meeting were: Mesdames T. P. Frizzell Sr., S. L. Favor, Cecil Lewis, C. M. Apple Joe Averitt, J. T. May, A. B. Reese, C. C. Hoge, E. O. Jamison, W. D. Green, S. E. Youngblood, W. L. Garner, O. J. Hamm and S. M. Clonts.

DO YOU REMEMBER?

From the files of the Knox City Journal, Feb. 2, 1923.

Miss Bess Keny and Miss Olive Armstrong are out of school on the account of sickness.

Mr. and Mrs. L. C. Moorhouse, Mr. and Mrs. W. C. Horbert and Wayne Dolan at the McFadden Ranch were over Friday night to see Tom Mix at the Texas Theatre.

J. R. Jones, our County Supt., lost control of his car in the mud on the Munday road Tues evening and ran into a Oakland car from Wichita Falls. Neither car was damaged very much as both cars were trying to stop and were not going very fast. There were no injuries.

The Ford Psalm

The Ford is my auto, I shall not desert another, it maketh me to be known under it by the road side, it loadeth me to much trouble, it draweth upon my purse.

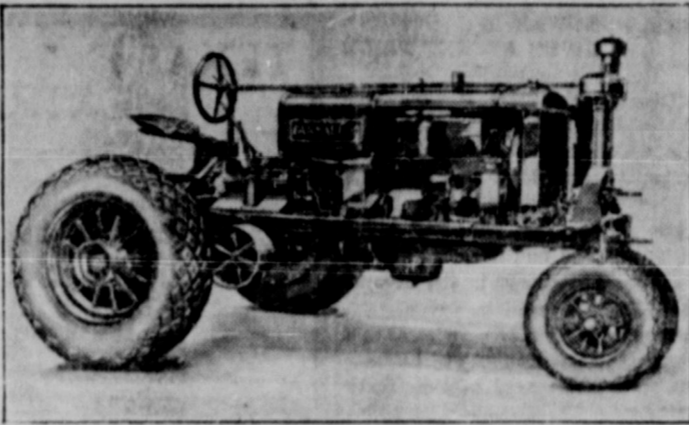

It is in the path of death for it maketh me. Yea though I understand not the word perfectly I fear much evil for the radius rod or the axle might break.

It has a blowout in the presence of the engine, I anoint the tires with vasoline, the radiator boils over. Surely this will not follow me all the days of my life, or I will dwell in the bug house for ever.

Moral equip your Ford with one of the new cuckoo clocks.

When the thing reaches a speed of twenty miles an hour, the bird will come out and sing, "Nearer My God to Thee."—Rochester News.

John Elbert Smith, who is attending T. W. C., Ft. Worth, spent the mid-term holidays with his grandparents. Mr. and Mrs. J. W. Smith.

Weekly News Letter From Lubbock Texas Tech College

TEXAS TECH NEWS

Lubbock, Texas, January 29—International doll show and display of old silver are feature collections at West Texas Museum, situated on Texas Technological College campus. Dolls from more than 40 countries illustrating costumes worn from the Eleventh century to the present time are included in the showing. A Spanish Sinbad, used by Tony Sarg for 16 years, an American doll purchased at the Philadelphia Centennial in 1876, a Moroccan ruff, an Egyptian queen, Dominican and St. Vincent nuns, mingle with dolls from Aasia, Algeria, Italy, Russia, France, and the Balkans. The exhibit is a part of the museum association's annual program.

Spoons dating back to 1700, square ended Welles spoon made in 1804, a pressure teapot, silver tankard, grape sheers, wishbone sugar tongs, and Queen Victoria coronation spoon are among the pieces of silver on display.

Lubbock, Texas, January 29—Mrs. William Dingus, assistant professor of foreign languages at Texas Technological College, is in charge of a luncheon program on the Far Eastern situation, at the state conference on Cause and Cure of War, meeting in Fort Worth Feb. 25-26.

Some of the organizations to be represented at the conference are the American Association of University Women, National Federation of Business and Professional Women's Club, Council of Jewish Women, Council of Women for Home Mission, Young Women's Christian Association, Women's Trade League, National League of Women Voters and Women's Christian Temperance Union.

Lubbock, Texas, January 31—The fact that a large number of steam boilers have been condemned in Texas under the new boiler law passed by the last legislature will come up for special consideration at the welding conference to be held at Texas Technological College Feb. 4-5. Must high pressure boilers now, according to H. F. Godeke, head of the Tech mechanical engineering department are welded.

P. E. Nichols, Texas commissioner of labor, will attend the meet here or send a representative, J. W. Haller, metallurgist and development engineer of the Babcock and Wilcox Company of Barberton, Ohio, who has been actively engaged in the devel-

opment and control of welding in that organization and for three years was in charge of welding control of operations of the Boulder Dam project, will also attend.

A metal spraying machine, something new in the industry, will be demonstrated by the Linde Air Products Co. An example of its use is the spraying of rough and dented surfaces on automobiles which have been in wrecks. This company has also consigned a large high pressure acetylene generator to the college. It will be demonstrated during the conference and later used for class work for engineering students.

**THE ESSENTIALS
OF U. S. DEMOCRACY**

A short time ago, a number of Senators, principally members of the majority party, conferred with a view to creating a definite program for promoting recovery. Their conclusions, embraced in ten proposals, were presented to the Senate by Josiah Bailey of North Carolina. A digest of these ten virtually important points follows:

1. The capital gains tax and the undistributed profits should be thoroughly revised at once, so as to encourage the normal flow of savings into productive enterprise.

2. A start should be made toward balancing the Federal budget, in order that public credit may be preserved and fears which deter investment, ended.

3. The constitutional guarantees of the right of the worker and of the owner of property to its possession, must be preserved and enforced.

4. Government should stay out of fields which belong in the realm of private industry—and if the government does propose to compete in any field, due notice should be given so that private investment may avoid it.

5. The competitive system must be vate or government monopoly and business' right to a reasonable profit must be guaranteed.

6. Private credit must be preserved—and that means, that the national collateral on which all credits depends must be preserved.

7. There must be assurance that taxes will not be further increased and that they will be reduced at the earliest possible time.

8. States' rights, home rule and local self-government must be vigorously maintained unless proven definitely inadequate.

9. The needy must be aided under a system which is non-political and non-partisan.

10. Lastly, the nation should rely in the future, as in the past upon the American system of private initiative and enterprise.

This program needs no comment. It is a real prosperity program. It is based upon the principles that have made America great. If Congress will adopt it, it will make a magnificent contribution not only to recovery but to the maintenance of U. S. democracy.

J. M. Edwards of Seymour was a business visitor here Tuesday.

Judge and Mr. E. L. Covey of Benjamin were Knox City visitors Tuesday.

C. H. Keck and Joe Smith were visitors in Rochester Monday.

**GERALD E. MANN ANNOUNCES
FOR ATTORNEY GENERAL**

GERALD E. MANN

DENTON, Tex.—Speedy double-

trouble for both the competitors mere freak combination and that will annual Millrose Games in Madison Square Garden Feb. 5, this medley relay team from the North Texas State Teachers College at Denton is unique in sports history.

It is the first time in all track records that two sets of twins have ever run together on one team, says their coach, Choe Sportsman, who is sending his two sets of "identicals" to compete on the boards against Manhattan, Indiana, and Ohio State.

They are left to right, Delmar Brown, who will run the 440; Archer Elmer, who paces the 220; Wayne Rideout, the half, and Blaine Rideout, his twin, who finishes with the mile.

Gotham sports scribes who know individual records of these four doubles are already admitting they are no and dared fans attending the 31st give other medley entries real competition.

Twice in timed try-outs at Denton the Eagle quartet has cracked seconds off the record of 7:29.6 set by New York University for the medley in 1922, but the twins were running out on door, and experts are predicting that Manhattan's Jasper quartet, used to running on the indoor boards in the tobacco-filled air of the Garden, will have an advantage in experience.

Just to complicate matters, Sportsman has announced at the last minute that he will take along a fifth "identical" twin, Co-captain Alvin Chrisman, who with the Browns and Wayne Rideout will compete in the mile relay.

Fortunately for the dizzy fans who will watch the twins run Feb. 5, Alvin's twin brother Alton won't be there, isn't an athlete, and is safely at home in Baird, Texas.

**BRIDAL SHOWER IS
GIVEN RECENT BRIDE**

Misses Hazel Cyfert, Rowena Hutchinson, Helen Brooks and Barbara Snelson were co-hostesses at a bridal shower honoring Mrs. Irel Ferguson on Thursday afternoon in the W. Cyfert home. The Valentine motif was emphasized and a red and white color theme was used in the decorations for the entertaining rooms.

At the conclusion of a series of miscellaneous games, a delicious refreshment plate was served to some forty guests.

Miss Daisy Lane Pannell of Odesa visited friends here Thursday.

Oliver King of Rochester spent Thurs. with his parents Mr. and Mrs. J. W. King.

Mr. and Mrs. B. M. Farmer spent Tuesday in Lubbock, Amherst and Littlefield.

E. Q. and H. M. Warren were called to Merkel late Saturday because of the serious illness of their mother.

Panny Farmer of Abilene spent the week-end with his parents, Mr. and Mrs. B. M. Farmer.

Mr. and Mrs. Odie Karr and sons spent Sunday in Crosbyton.

Mr. and Mrs. Roy Smith and daughter, Jean Anne, visited in Munday and Goree Friday.

Mrs. E. R. Weaver and daughter of Rule, visited in the W. F. Wauldrup home Saturday.
