Win Again

Temi Baker sank 46 points in a win over Aspermont 72-38 for the Houndettes Tuesday night. Kary Kent also put in 17 for the winners and Pittcock 17 for the losers. The Houndettes, who are tied with Paducah in the first half of play, now stand a good chance of winning the second half since Crowell defeated Paducah 72-68 Tuesday night. The Houndettes will have to win the next three games to win the crown, Coach Larry Ledbetter explained.

The Munday girls lost to Haskell Tuesday night 43-34. In Friday night's action the Hounds defeated Munday 81-57 opening the second half

of league play. Jimmy Don Moore led the

scoring with 20 points, followed by Robert Taylor and Don Swearnger with 14 each. In the girls' game Munday

edged by the Houndettes 48-47. Temi Baker led the scoring with 18 and Kary Kent put in 12. Friday night (tomorrow) the

Hounds and Houndettes travel to Crowell with games beginning at 5:00 o'clock. Tuesday night next week they will travel to Haskell.

First Sunday Singing Set At Foursquare

The First Sunday Singing will be held at the Foursquare Gospel Church Sunday, February 2, from 2 until 4:00 p.m. Held monthly, the First Sunday Singing is a time to ajoy good gospel singing and fellowship.

Everyone is invited to attend Sanday. ""in next week's News.

Mexican Supper Set

The Pan American Student Forum will sponsor its annual Mexican Supper Saturday evening, February 1, in the School Cafeteria.

Serving hours will be from 5:00 until 7:00 o'clock and the menu will consist of enchiladas, tacos, Spanish rice, refried beans, salad, dessert. and coffee or tea.

The PASF will provide live entertainment for your dining pleasure.

Mrs. Ray Escobar is the sponsor and Mrs. Celso Gonzales is co-sponsor.

The reasonable prices are listed in a display ad elsewhere in this week's News.

The supper will help finance the PASF delega tes' trip to the state convention in San Antonio later this year.

W.C. Glenn

To Be Honored

Will C. Glenn, Justice of Peace for Knox County's Precinct 1, will be honored with a community-wide birthday party Sunday, February 9. Mr. Glenn, whose birthday is actually February 6, will be 97 years old.

All of Mr. Glenn's many friends in Benjamin and throughout the area are invited to the party which will be held at the Benjamin Community Center between 2 and 4 p.m. Sunday. The party will be hosted by the women of Benjamin United Methodist Church of which he is a member.

A detailed story will appear

Band Boosters To

The Band Boosters will hold their regular meeting Monday night, February 3, at 7:30 o'clock in the Band Hall. Mrs. Leta Mangis, president, stated that there is important business to take care of and urges all members to be present.

Blood Pressure Clinic Slated Here Monday

The American Heart Association will be sponsoring a Blood Pressure Clinic Monday, February 3, in the morning only from 9 until 12 noon, according to a spokesman.

The clinic is open to the public at no charge and will be held in the foyer of the Citizens State Bank.

Nearly 23 million Americans are afflicted by high blood pressure -- a disease that can cripple or kill at any time. Only half of these victims are aware that they have the disease and only one in five is doing anything about

Sunshine Sisters To Sing Tonight

Residents are reminded of the gospel song concert featuring the Sunshine Sisters of Hollywood, California tonight (Thursday) beginning at 7:30 o'clock at the Foursquare Church.

Their story is best told by their testimony son, "Jesus Use Me" and their hearts' desire is that many persons will come to know Jesus as their personal Saviour through their ministry in

was a Wold War II veteran.

Survivors are his wife; four brothers, Fritz, Ralph, and Claire, all of Nampa, and Leo of Visalila, California; and three sisters, Mrs. Marie Mitchell and Mrs. Kitty Huff, both of Boise, Idaho, and Mrs. Mildred Blackstock of Melba, Idaho.

\$ 8 / 11

High blood pressure is an illness that cuts across age, race, life-style, and sex. In fact. HBP's incidence in women is increasing at an alarming rate. Left unchecked, the disease can lead to some of the big killers, including strokes, heart failure, and kidney trouble.

The myth that HBP affects persons only under stress is absolutely untrue. No particular person is automatically going to have the disease. The calm, cool, and collected individual could easily be a victim.

There's only one reliable way to determine whether you are suffering from high blood pressure, and that is to have your blood pressure checked regularly. HBP is simple to detect and it CAN be controlled.

Remember to stop by the bank next Monday morning.

Men's Community Breakfast To Be Sat.

The men of the First Christian Church will host the Men's Community Breakfast scheduled for Saturday morning. February 1, beginning at 7:00 o'clock.

All men and boys of the community are invited to attend this breakfast, and to participate in a time of fellowship and sharing.

the NorCenTex Girl Scout Council, and in times past, have paid their share of the council expenses through fund drives and through United Fund contributions. However, this year, they decided on the pancake supper as a way to raise funds for their share of the council expenses

Both the Girl Scout and Boy Scout organizations are divided into councils which provide local troops with training for leaders, answers to many questions and problems. inter-troop activities, supplies and many other services.

The council leadership is made up of an elected board and officers which are chosen by representatives from the communities throughout the council area. This board, in turn, hires several employees to provide the services of the council to the individual troops and their leaders.

Former KC Resident Reported Improving

Word was received here this week that former resident A.J.Keathley of Odessa, who recently underwent open heart surgery in Houston, is improving steadily.

Mrs. Keathely wrote friends that he should be able to return to his job within two weeks and after six weeks will be able to return to an active life.

Mr. Keathley, plant superintendent for Cities Service, was transferred from the Stonewall plant west of town to Odessa a number of years ago

Seburn Stephens Dies In Dublin

Wylie Seburn Stephens, 96, retired Dublin stock farmer and father of former O'Brien resident Elmo Stephens, died at 3 a.m. Saturday in Doggett Nursing Home in Dublin. Services were held at 2 p.m. Sunday in Harrell Memorial Funeral Home Chapel. The Rev. Charles Schur-

brough, pastor of the Church of God, and the Rev. Wembell Parr, pastor of Cottonwood Baptist Church, officiated. Burial was in Baggett Cemetery, south of Dublin.

Born Jan. 27, 1878, in Queen City, Mr. Stephens married Dessie Stephens on July 25, 1897. They moved to Dublin in 1914. Mr. Stephens was a member of the Second Baptist Church.

His wife and two children preceded him death. Survivors include

daughters, Mrs. Ola Graham of Grapevine, Mrs Virginia Yougdhal, Mrs. Zora Bell Lowrey, and Mrs. Valeria Flanagan, all of Dallas; three sons, Claude T. and S.W., Johnston and Jeanine of both of Dublin, and Elmo of Lubbock visited with their Plainview; 13 grandchildren; 28 great-grandchildren; six O'Neal and Mrs. Serena great-great-grandchildren; a sister, Mrs. Dora Steele of Levelland; and a brother E.B. (Boss) of California.

situation is worse." **How To Invite** thought, "Well, my son's A Depression been to college. He reads the papers and he listens to the

(Editor's Note: No one anywhere realizes more than a lot of persons in this area (including this writer) just what a depression is and how it affects the country. We've tightened our belts before and feel that we can again if it becomes necessary, but oh, how we hope that it doesn't! The following appeared in one of Glenn Shelton's columns in the Wichita Falls Record News last month, and because attitude plays such an important part in our lives, we wanted to pass this on to our readers.)

A man lived by the side of th road and sold hot dogs. He was hard of hearing so he had no radio. He had trouble with his eyes, so he read no newspapers. But he sold good hot dogs.

He put up signs in the highway telling how good they were. He stood by the side of the road and cried, "Buy a hot dog, mister." And people bought

He increased his meat and bun orders. He bought a bigger stove to take care of his trade. He got his son home from college to help him. But then something happened

His son said, "Father, haven't you been listening to the radio? There's a depression on. The European situation is terrible. The domestic radio, and he ought to know." So the father cut down on his meat and bun orders, took down his advertising signs. and no longer bothered to stand out on the highway to sell hot dogs. And his hot dog sales fell

that the license requirement

was repealed as of Dec. 31.

1974

Offutt stated that lack of program funds, however, prevented some producers from participating in conservation work. Dry weather also hampered grass plantings but generally it was a very productive year for conservation.

During 1974 nine producers signed Great Plains Conservation Program contracts and 166 producers received assistance under the Rural Environmental Assistance Program. Principal conservation practices being constructed were grassed waterways, parallel terraces, diversions, farm ponds, irrigation pipelines, brush control, and range seeding. These established practices are already paying dividends in controlling wind and water erosion and reducing pollution in our lakes and streams.

Some of the producers preparing GPCP contracts in 1974 were Leon Speer of Truscott, Gene Shackelford of Munday, Juanita Burnett of Knox City, and John Cox of Benjamin

Arche Lieb, district conservationist for the U.S. Soil Conservation Service at Knox City, reported a total of 1448 services provided to land users during the year.

These services included design and layout of pollution abatement practices under fundin g programs, assistance in preparing conservation plans and revisions PGCP contracts, management of crop residues, cropping systems, rangeland management, range seeding, and irrigation water management.

resource data was supplied to blems.

Lieb said 363 producers applied one or more conservation practices during the year. Over 100 miles of parallel terraces were constructed and 12 farm ponds were completed. Sixteen acres of grassed waterways were established and 6000 acres of brush were controlled. Minimum tillage was applied on 2,756 acres and wildlife management was applied on 10.357 acres. An additional 12,275 acres were reported as having adequate conservation

day, January 28, when the barrows are hauled. Mr. John Lee Nelson from Munday assisted by hauling the barrows, Collier stated.

Name Omitted

School officials have advised the News office that the name of Melissa Gideon was unintentionally omitted from the honor roll list submitted to the News last week.

Melissa, daughter of Mr. and Mrs. C.H.Gideon, is a home-bound student in the eighth grade. Georgia Perkins, the home-bound teacher, instructs her each day.

Students On

Deans List Two Knox City graduates were among the McMurry students who were listed on the fall semester honor rolls. Diane Clonts, daughter of Mr.

Coaches' Comments

by Coach Larry Ledbetter

The Paducah game last week was a hard fought game and one in which we had to win in order to share the first round crown. Our girls came through with a 79-66 victory. I was proud the way the girls came back in the game after trailing at a point by 17 points. Temi Baker and Kary Kent each had a hot night in scoring with 51 and 19 points respectively.

The game with Munday Friday was a lot less exciting that the Paducah game. It was the poorest game we've had in about our last eight games. Turnovers and a poor shooting percent were the major factors in our 47-48 loss. However, we did have one defensive standout in Jewel Culberson. Munday's leading scorer, Judy Bufkin, hit 19 points the first half of the ballgame and Culberson held her to nine points the second half while grabbing down seven rebounds.

The Tuesday game against Aspermont was the type of game we need before playing Crowell Friday night. It was a high scoring game for us (72 points) and a good defensive game. Temi Baker hit 46 points and Kary Kent 17 with good defensive performances from Jane Arledge and Mandy Lankford.

We play Crowell Friday night and I expect a real hard game. We squeaked by them 61-45 our first meeting, but Friday we will be playing at Crowell which will make a much more difficult game. Now, every game is a must win type situation so this is just one more on the list.

8888

by Coach Jerry Lowrey

The Greyhounds got off to another good start in the second half of district play with two victories thus far. The first was an easy 81-57 victory over Munday and the second was another heartstopping 73-69 victory over the Aspermont Hornets. The Aspermont game was a pressure-filled game all the way through with the Greyhounds managing to pull ahead at the end of each time period. As in our first game with the Hornets, fouls played an important role in the game

-

CITIZENS

of the contest. Two of the same ones that fouled out during our first game, Johnson and English.

January 30, 1975 KNOX COUNTY NEWS PAGE FIVE

In asking yourself why this happened, I believe there is a definite answer. The fact that we run an inside oriented offense was the reason. That is, we try to get the ball inside which is where Johnson. English, and Dodson play, and when the ball goes inside. they have no choice but to contest the man with the ball. When this happens, there are going to be fouls and general-

ly late in the game the other team's inside people get into foul trouble or foul out. On the other hand, I feel Aspermont's offense was one working more for the outside shot which doesn't draw as

many fouls as the inside attack. This is, I feel, what playing percentage basketball is all about. Of course, a coach should try to develop his offense to compliment the type of players he has also. If he has boys

that are tough inside, he should take the ball inside. If he has the good outside shooting, then he should work for those good outside shots. If he has both good outside and inside people, you are double tough and hard to beat.

I feel that our team deserves a lot of credit. The game with Aspermont was a tough one that could have gone either way. I feel the Greyhounds had just a little more poise and experience and that was the difference. I also felt along with our team

Wallace Moorhouse Insurance

through. Most of the students sit almost directly behind our bench and were giving us plenty of support. By that I mean positive support. When we did something bad or made a mistake, they were still there yelling encouragement as well as when we did something good or everything was going our way.

This is the mark of a true fan and team supporter. Not a fan who sees only the bad and takes the good for granted. One who is with you and encouraging you through good and bad.

Our society today is aireauy hung-up on negativism. Almost everything we hear and read about is all the bad things these days and not enough emphasis is placed on the good things that are happening. Don't be a fan who sees only the bad and takes the good for granted. Make your cheers and support positive. No one feels worse than the player or coach on the court or field that makes a mistake.

If you think the pressure is off, you're wrong. The Hounds have another tough game with Crowell coming up Friday night at Crowell. Crowell is also undefeated in the second half play and have all the marbles at stake in this game

PRODUCTION

lost her home in Benjamin to fire Saturday, January 18, has purchased the Alvin Alexander home in Benjamin and with the help of her three daughters who arrived that night from their homes in Carson City, Nevada, and Albuquerque and Ruidoso, New Mexico, will be settled soon.

According to a report from the family, Mrs. Russell had just returned home from the post office that fateful morning and had sat down in the living room to read her mail. Suddenly, an explosion occurred in the room west of where she was sitting, and the force blew her east across her living room. Mrs. Russell said she came down on her hands and knees and that the carpet and all the drapes were burning and the walls had begun to fall in. However, she managed to get up and run outside and with the exception of breathing some smoke was in excellent condition when she was examined here

by Dr. R.G.Howell. The house, which was located two blocks west of the court house, was a total loss and only a few things were salvaged.

New officers for 1975 and 1976 were elected and included president, Mrs. Kenneth Roberts; first vice-president, Mrs. J.C. Moorhouse; second vice-president. Mrs. Lee Snailum; recording secretary and reporter, Mrs. Leola Isbell; and corresponding secretary, Mrs. Jimmie Pierce

The following resolution was adopted by majority vote of the club members:

'Be it resolved that: The Benjamin Sorosis Club wishes to explain that the club building will hereafter be called the Community Center. and will be under the direction of a board of directors, and that

The Sorosis Club wishes to express its best wishes for the Community Center, and that The Sorosis Club wishes to assure the community that its interest will be for the success of the Community Center."

On January 10, the Board of Directors for the Community Center met and elected the following officers: president, "Dutch" (Carl) Benson; vice-president, Julia Propps; and secretary and treasurer, Mrs. J.C. Moorhouse.

Rister Receives

Knox County Farmers Take Part In Survey

A comprehensive survey to determine costs of producing wheat, corn, and other feed grains, cotton, soybeans, milk and selected commodities will include information from Knox County farmers.

Charles E. Caudill, statistician in charge of the Texas Crop and Livestock Reporting Service, said the national data collecting effort will get underway in late January. Knox County producers and those in other parts of the country will be personally contacted for information about their 1974 costs of production. Costs of labor, power and equipment, fertilizer and chemicals, storage, drying,

be determined. All responses will be confidential and only State, regional, and national summaries will be issued. The survey will be con-

and other similar outlays will

ducted annually to identify production practices and establish current national average costs of producing farm commodities. The information will be of major usefulness in identifying and updating budgets for crop and livestock enterprises. The survey results will also provide production costs which may be used as determinants of target price or price support levels.

Promotions Announced By **Olney Savings**

Olney Savings Association has announced seven promotions according to D.D.Mc-Clatchy, president.

Dan R. Winingham and Howard F.Myers Jr. were named vice-president and vice-president / Bridgeport branch manager, respective-

Winingham's new responsibilities include management of the newly opened Nocona branch office. Plus, he will be in charge of servicing loan and savings account customers in Nocona, Bowie, and Montague.

Winingham has served as loan officer/appraiser, and assistant vice-president with the association. He has been with Olney Savings since April, 1972

Meyers came to Olney Savings in July, 1973, to manage the then new branch in Bridgeport. In April, 1974. he was named assistant vicepresident.

New assistant vice-presidents are Mrs. Bodie Schmidt and Mrs. Lavelle Davis. Mrs. Schmidt will head savings services and Mrs. Davis will handle loan servicing.

Mrs. Schmidt served in the accounting department and as teller for nine years. She also served over three years as assistant secretary/savings services.

Mrs. Davis started with Olney Savings as secretary to the president. And since 1962 she has held positions as teller, bookkeeper, and mortgage loan servicing clerk. Other employee promotions include Wavne Davis, former controller to controller/data process manager. Mrs. Sue Jones, head teller, to accounting manager/head teller, and Mrs. Carmen Bullock, former executive secretary to administrative assistant.

President McClatchy said, 'An organization is no more than its people. We are indeed fortunate to have such fine people of high caliber among us."

MRS. PROPPS RETURNED

Mrs. A.E.Propps returned recently from Denver, Colorado, where she spent the holidays with her daughter, Mariorie Berkeley.

She also visited with the Duttons and the Joiners in Lubbock.

PLANT TREES, SHRUBS PROPERLY

If you're planning on adding trees or shrubs to your home landscape this winter, make sure you plant them correctly. The first step in planing bare-root or balledand-burlapped plants is to dig a hole large enough for the plant.

For a bare-root plant, the hole should be large enough to allow the root system to spread out. The plant should be planted as deep as its original soil line. This is usually about two to three inches above the uppermost roots. For a balled-andburlapped plant, the hole should be about one-and-ahalf times the diameter of the ball. Plant it so that the top of the soil ball is at the surface of the soil.

The next step is to fill the hole with a good soil mixture such as peat moss and topsoil. Then water the plant thor-

SALT HAZARDOUS FOR MELTING ICE

Using salt to melt ice on sidewalk, streets and driveways can injure nearby trees. shrubs, and lawn grass. Salt may drain into the ground when ice melts and damage the root systems of nearby grass and shrubs. Salt in the root systems of trees can cause partian or complete burning of leaves and may result in the loss of valuable trees and shrubs. Patches of dead grass may also result. These affects may not show up until early summer.

You may use ammonium nitrate fertilizer instead of salt to melt ice. Ammonium nitrate not only melts ice, but fertilizes shrubs and plants in the lawn. Any commercial fertilizer that is high in nitrogen and potassium can be used. Care must be taken to use only enough fertilizer to melt the ice as a high concentration of fertilizer in the soil can also damage plants. Sand can also be used to melt ice on sidewalks and driveways. It provides good traction for cars and pedestrians and is no more damaging to floors and rugs than salt.
