Former Resident Weds in El Paso

Miss Ada Ann Stephens and John Larry McGowan were married at 8:00 p. m. last Thursday in the First Baptist Church, El Paso, with Dr. W. Herschel Ford officiating at the double ring ceremony.

Parents of the couple are Mr. and Mrs. James J. Stephens of Lubbock, former Knox City residents, and Mr. and Mrs. John L. McGowan of Buffalo, Mo. The bride is a granddaughter of Mr. and Mrs. C. W. Garrison of Knox City.

The wedding was performed before an altar backed with fan-shaped bouquets of white gladioli interspersed with fern and candelabra. White satin bows marked the bridal aisle.

Traditional wedding music was played by Miss Viola Fletcher, who also accompanied Lt. Robert Coleman Cash of Shreveport, La., as he sang "My Own Love" and "The Lord's Prayer."

The former Miss Stephens, given in marriage by her father wore a gown of nylon net and lace fashioned with a lace bodice, long sleeves and featuring Sabrina neckline embroidered with iridescent sequins and seed pearls. Her bouffant skirt was centered in front and back with lace panels and the sides were narrow tiers of pleated nylon. The back panel fell into a chapel train.

She wore a fingertip veil of French illusion attached to a tiara of iridescent sequins and seed pearls and carried a cascade bouquet of white fungi mums.

Mrs. Jerry Cunningham of Hillsboro attended as matron of honor. Bridesmaids were Misses Jimmie Lu Stephens of Lub-

bock, sister of the bride, Paula Shaw of Lubbock and Sandra Nail.

Attendants were attired identically in pink silk organdy waltz-length dresses fashioned with crushed organdy cummerbunds and bouffant skirts over pink taffeta. Pink satin trimmed the necklines and three-quarter length sleeves. Their picture hats were of pink horsehair braid with wine velvet bows on the crown falling into back streamers. They carried cascade bouquets of wine-colored carnations.

Miss Anna Kay Stephens of Lubbock, cousin of the bride, and Leslie Longe lighted the candles.

Keith McGowan of Buffalo, Mo., served his brother as best man. Groomsmen were Bill Bowles of Ft. Bliss, Richard Sponaugle of San Francisco, and Jerry McMath. Guests were seated by Charles Polston, Bob Matthews of Tallahassee, Fla., and Richard Styles of New Deal. Junior ushers were Pat McGowan, brother of the bridegroom, Sam Anderson and Tommy Barnes.

A reception was held immediately following the ceremony in Fellowship Hall. The serving table was covered with white net over pink satin cloth and centered with an arrangement of pink rosebuds, daisies and ferns, a tiered wedding cake and crystal appointments.

The couple will be at home at 1000 E. Rio Grande, Apt. 4, El Paso, after a wedding trip to Santa Fe, N. M. For traveling, Mrs. McGowan chose a black linen coat-type chemise with black velvet and organdy hat and black patent accessories. She wore a white orchid corsage.

The bride, a graduate of Amarillo Junior College and Texas Tech, is youth director at the First Baptist Church, El Paso. Her husband, who attended the University of Missouri, is serving in the U. S. Army.

Farm and Ranch Notes

By Roy England, County Agent

A new systemic insecticide for prevention of cattle grubs, screw worms and horn flies is being tested by the League Ranch at Benjamin. This insecticide, called Bayer 21/199, is applied to cattle in a spray solution following the heel-fly season. It is expected to prevent the grubs from hatching within the animal's body, as well as preventing screw worm infestations and protecting against the annoyance of hornflies.

Forty-nine cows and forty-one calves were treated at a cost of 84 cents per head. An untreated control group will be checked this fall and compared to the treated group to determine the effectiveness of this drug.

The County Agent's office is closed this week of July 6 thru 12.

Bobbie Lou Dodd of Dallas visited relatives and friends here during the week end.

Streams In Desert Places

By Ozelle Stephens

The law of forgiveness found in Matthew 18:21-22 teaches man that there is a way to forgive and to be forgiven, and until he finds it he will have in his heart the seed of distress.

The forgiving heart is one that is free of any resentment and remorse to any one, and is obeying God's law of love. It is filled with the power of faith and the sweet freedom of the holy spirit.

Human forgiveness rest upon the results from the divine forgiveness. "And be ye kind to one to another, tender hearted, forgiving one another even as God for Christ's sake hath forgiven you" (Eph. 4:32). "For if ye forgive men their trespasses, your heavenly Father will also forgive you" (Matt. 6:14).

TO SHIP OVERSEAS

Pfc. Wesley Melvin, who spent a 30-day leave with his parents, Mr. and Mrs. Jack Melvin, left Thursday for Fort Lewis, Wash., where he will prepare for overseas duty in Japan and Korea. Wesley is a 1956 graduate of Knox City High School. He entered the Army June 19, 1957. For the past six months he has been stationed at Camp Irwin, Calif., with the 72nd Tank Battalion.

Alvin Roberts of Tulia spent the week end in Knox City. His family returned home with him after spending two weeks with Mrs. Annie Belle Roberts, Mr. and Mrs. C. W. Stephens and other relatives.

CARD OF THANKS

We wish to thank you from the depth of our hearts for all the things you did for Irma during her long illness—the prayers, the visits, the cheerful messages, both oral and written, the words of consolation, the food brought in, and the many, many other ways you helped her and all the members of the families involved.

Then we thank you for the donations to the cancer fund in Irma's name or just donations to it. May it help to save others. Thank you for the beautiful floral offering which was so deeply appreciated.

You have been so good to us. May God's richest blessings come to you for the wonderful treatment you have shown us.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, Texas — Mid-way through the so-called "recession year" of 1958, Texas economic

forecasters are turning their eyes upward again.

Statistical reports show steady improvement in overall business activity since the bleak lows of February and March. If the hoped-for pick-up in oil demand develops during the later half, analysts say, "1958 may be a good year after all."

Some of the bases for the current atmosphere of cautious optimism are these:

BANK DEPOSITS: Folks have lots of money in the banks; in most areas, more than last year. Response to the Texas Banking

Commission's mid-year call for condition of banks showed that most have higher deposits than last summer and some are at new record highs. Dallas County bank deposits increased by \$333,000,000; Harris County (Houston) by more than \$267,000,000 over a year ago. Towns with all-time high deposits were Amarillo, Corpus Christi, Tyler, Midland, Denton and Port Arthur.

RETAIL SALES: Despite sags here and there Texas retail sales are expected to run some 7 per cent ahead of '57, says the University of Texas Bureau of Business Research. Because of low months early in the year, sales volume for the first five months of '58 were 1 per cent below the same period for '57. But a late spring upsurge put May, 1958, sales ahead of those for May, 1957. Apparently Texans are concentrating on essentials. Compared to last year, farm implement sales were up 27 per cent, food up 11 per cent, autos down 8 per cent.

BUSINESS INDEX: BBR's latest report shows the 1958 level of general business activity 4 per cent below May 1957. But May, 1957, was a dizzidzy pinnacle, the highest point ever reached by the Texas business index. Since the low in March the index has made encouraging progress, pulling up by 8 points. Fall will bring the tip-off, says BBR, as to whether recovery momentum is sufficient for a rise to a new crest.

EMPLOYMENT: Although thousands more were out of work than a year ago, Texas Employment Commission's most recent over-all survey showed a substantial shortening of the jobless lines. Like the general business index, employment seemed to be making a steady recovery from the early spring "trough." Number of unemployed dropped 4,200 during May, TEC reported, and non-farm employment rose to almost three million. Insured unemployment in Texas was only 4.1 per cent of the working force compared with the national average of 7.2 per cent.

COMPANY CHALLENGED: A king-size clash is in prospect July 15 between the State Insurance Department and National Bankers Life Insurance Company of Dallas. Commissioner William A. Harrison has ordered the company to prove fitness of its management or lose its license. National Bankers, regarded as one of the largest and most prosperous companies in the Southwest, claims more than \$19,000,000 in assets. Some \$5,000,000 of these are discounted by the Department as unsound or unsuitable for an insurance company. Specifically questioned by the state are a number of mortgage loans made by the company to other firms in which the company's officers or directors have an interest. Company President Lester F. Hall said the firm's financial

JULY 20-26 DESIGNATED AS FARM SAFETY WEEK

COLLEGE STATION. — "The health, prosperity, and well-being of our rural families are vital to the strength of the Nation and accidents suffered by rural families result in thousands of deaths and injuries each year, and constitute a serious social and economic problem," said President Eisenhower in his proclamation announcing National Farm Safety Week for 1958.

In setting the week of July 20 as Farm Safety Week, the President also said, "Experience has shown that these accidents can be reduced through educational programs directed toward safety precautions in the homes, in the fields, and on the highways of the Nation. I, therefore, call upon the people of the Nation to observe Farm Safety Week and urge all farm families and all persons allied with agriculture to join in a continuing campaign to prevent needless accidents."

The Texas Farm and Ranch Safety Council has pledged their support to this campaign and join the President in requesting all persons and organizations interested in the welfare of farm people to participate in National Farm Safety Week activities. In the United States last year, almost 13,000 farm people lost their lives in accidents and more than a million suffered injuries. The Texas Farm and Ranch Safety Council suggests that a little checking be done in every neighborhood for the purpose of finding and eliminating accident hazards.

"How many persons do you know who have suffered crippling injuries and how many neighbors are gone forever because of an accident?" "Only by finding the cause

Gov. Price Daniel: "We will still have the biggest navy." Sec'y of State Zollicoffer: "I'm glad another state will bear the brunt of the gags about being the largest state."

Atty. Gen. Will Wilson: "suggest they nail down their offshore lands before they enter the union." SEMI-WESTWARD HO! — Redesignated Texas-tan uniforms have brought a new look to the Texas Highway Patrol. Semi-western in style, the uniforms sport black trim, black shoes, wide-brimmed grey hats with western crease.

Only 380 patrolmen and other division members of the Department of Public Safety are outfitted at present. New uniforms for the rest of the force will have to wait for another appropriation from the Legislature.

TAXPAYERS GET WARY — Slump in federal income tax collections in Texas the past several months has been noted by Internal Revenue officials. Cause has been attributed to recession-minded taxpayers lowering their estimates of income for the year. South Texas Collector Bob Phinney thinks, however, most will wind up making just as much money as last year.

Last year Texans paid a record-breaking \$2,600,000,000 in federal income taxes, about \$128,000,000 more than in the year previous. SCHOOL COST CLIMB SEEN — Texas counties expect cost of education to climb \$70,000,000 annually in the next five years. This was revealed in reports of 251 counties to the Hale-Aikin Survey Committee on Public Education. Most of the increase would go for expansions necessary to keep up with increasing enrollment.

Counties differed as to how the money should be raised. Twenty-five per cent favored higher local taxes or increased valuation. Forty-four per cent wanted additional money from the state. Nine counties favored federal aid. Thirty-five recommended a sales or income levy.

and then making sure the same mistake isn't made by someone else, can we cut the farm and home toll accidents," say the Councilmen. "Safety," they point out, "works for you when you work for safety." Don't tempt fate in '58 but put safety to work on your farm. It will save you time and money, and could save your life or a member of your family. Safety is that im-
