

## Run Club Carnival Begin Monday

A number of booths, to be set up and operated by Lions Club members, will include penny pitch, bingo, nickel pitch, kat rack, milk bottle, dart throw, and air rifles. Lions Club members invite and urge everyone to come and have supper at their concession stand. Hot dogs, coffee, Cokes and candy will be available. Also, enjoy rides and booths, and support the Lions in their fund-raising project which benefits the entire community.

## O'Brien Baptists Schedule Revival

The First Baptist Church of O'Brien has scheduled a revival beginning Thursday, September 25 and continuing through Sunday, September 28. Services will be at 7:30 nightly.

Dr. David Ray of Hardin-Simmons, former pastor of the First Baptist Church of Lubbock, will bring the messages each evening.

Music directors will be David and Judy Brown of Lamar St. Baptist Church in Sweetwater.

Dr. Ray and his wife, Joann, have three children, Mike, 21, Janet, 17 and Kelle, 15. He received his education at Wylie High School of Abilene, Hardin-Simmons University, Southwestern Baptist Theological Seminary in Fort Worth, and is at present, completing Dissertation for his Doctor of Theology Degree.

He has served several churches including Cresson Baptist Church in Cresson, Trinity and Haltom Road Baptist Churches in Fort Worth, and First Baptist Church in Lubbock.

Past honors include his being named to Outstanding Young Men of America; Honorary Doctor of Divinity Degree, Hardin-Simmons University; Board of Trustees, Wayland Baptist College, Plainview; Board of Development, Hardin-Simmons; Board of Directors, United Fund, Lubbock; Board of Directors, Family Service Association, Lubbock; and Lubbock Downtown Rotary Club.

Some of his special preaching assignments have been Glorieta Baptist Assembly, Falls Creek Baptist Assembly, Falls Creek, Oklahoma, Piasano Baptist Encampment, Alpine, Texas Baptist Evangelism Conference, Oregon Baptist Evangelism Conference and fifty revivals in ten states and Jamaica.

David and Judy are music majors at Hardin-Simmons. He is currently serving as music director at Lamar Street Baptist Church in Sweetwater. David plays trumpet and sings, while Judy accompanies him at the piano.

According to the Rev. Bob Cameron, pastor, everyone is cordially invited to attend.

## Masterson Elected To Angus Assn.

Bill Masterson, Guthrie, Texas, has been elected to membership in the American Angus Association at St. Joseph, Missouri, according to Lloyd D. Miller, executive secretary.

There were 214 memberships issued to breeders of registered Aberdeen-Angus in the United States during the past month.

SPECIAL GUESTS AT THE PLANT MATERIALS CENTER'S annual Fall Review are pictured here with their hosts, from left to right, Lynn Pace, local Texas Parks and Wildlife employee at the Center, David Lorenz, local PMC manager, Dee Palmer, Bob Lippert, Arnold Davis, Mike McCrary, local PMC assistant manager, T.V. Jamieson, and Robert M. Ahring.

## Plant Center Hosts Fall Review

Range conservationists, agronomists, and biologists from Texas and Oklahoma gathered at the Plants Material Center northwest of Knox City Tuesday and Wednesday of this week for the annual fall review.

Purpose of the review is to observe the plants being grown at the Center and to evaluate them for use in the two states. Holding the conference at the Center helps the men working in the field to keep informed on Center production. It also helps them have a voice in what is produced at the Center to meet their most immediate

needs. According to David Lorenz, local PMC manager, it helps him to determine which plants to try to get into production for field evaluation. With the number of large assemblies of plants, it would be impossible to put all of them in production, Lorenz said. Each man lists the plants being evaluated and gives the needed plant a priority for use in his particu-

lar location. The group also made a tour of the field seed increase plantings at the Center to determine what would be available for distribution to the two states in 1976.

On Wednesday, the technical committee assembled at the Center for its annual meeting to give guidance in the Plant Materials Center operations.

Special guests for the event included former resident Arnold Davis of Fort Worth, regional PM specialist for the southern region; T.V. Jamieson, regional agronomist who works with Davis, also of Fort Worth; Robert Lippert, PM specialist for Kansas, Nebraska, and Oklahoma; Robert M. Ahring, research agronomist of Stillwater, Oklahoma; and Dee Palmer, PM specialist for Texas of Temple.

## AREA OIL NEWS

AVOCA--Tri-Star Petroleum will drill No. 1-303 Stenholm as a proposed 3,600-foot wildcat in Jones County.

Location is three miles northeast of Avoca on a 160-acre lease. It spots 1,300 feet from the south and 1,200 feet from the east line of Section 188, BBB&C Survey.

Staked as a wildcat five miles southwest of Stamford was WES-TEX Drilling Co., Abilene, No. 1 Woodson.

The planned 2,700 foot venture is on a 160-acre lease. It spots 330 feet from the south and 2,390 feet from the west lines of Section 18, D&DAL Survey.

Another wildcat location was staked three miles north of Abilene in south-central Jones County. It is Schkade Brothers Drilling Co. of Abilene No. 2 Billy Vinson, located on a 288 acre lease.

Drill site is 990 feet from the south and 7,303 feet from the west lines of F. Sieberman Survey 13.

John H. Chalmers of Abilene No. 1 Frank Vassik, Section 20, D&DAL Survey, regular field project drilled six miles south of Stamford, was plugged at 3,500 feet.

HASKELL--A wildcat deepening project 1 1/2 miles north of Rochester was plugged at 5,861 feet. It was Bridwell Oil Co. No. 1 Leon Burson, Section 228, Block 45, H&TC Survey, A-994.

This project was plugged in 1957 at 5,115 feet as Lone Star Producing Co. No. 1 Leon Burson.

## Fun Golf Tourney Set Here October 5

The Knox County Club is sponsoring a Fun Golf Tourney Sunday, October 5, with a shotgun start at 1:30 p.m.

Anyone may enter the Louisiana Draw type tourney, and scoring will be based from par. Entrants may play with partners of their choice.

A two-man partnership will be 70 par, a man and woman 75 par, and two women 80 par. In case of ties, there will be a sudden death playoff.

## Hounds Travel To Quanah Friday

# KC Blanks Archer City

The Knox City Greyhounds and Archer City Wildcats saw a scoreless first quarter in Archer City Friday night. Scoring began with 9:18 left in the second quarter when Charlie Flye raced from the Archer City 34 yard line for a touchdown. The extra point attempt failed.

Punt exchanges filled the remainder of the second quarter until Mark Howell intercepted a Wildcat pass and returned it to the Archer City 41. The Greyhounds were

unable to make paydirt of this, having time for only two plays, but made an excellent effort, ending the half on Archer City's seven yard line.

The Hounds lost one fumble on their first possession of the second half, but really came alive on their second possession. On their second play from scrimmage, Flye moved in from the KC 23 for another six points. Again, the extra points failed.

The Hounds turned their next possession into another TD when quarterback Jimmy Don Moore found Robert Watson with 7:06 left in the game. Moore then hit Ricky Bishop for the two extra points.

Donny Skiles stopped the Wildcat march on their third play after the kick when he intercepted a pass and set the Hounds up from their own 45. The ball was exchanged two times more in the game when the Wildcats intercepted a Greyhound pass and Jimmy Lynn recovered a Wildcat fumble on the KC four yard line. The Hounds held on to the ball for two more plays, ending the game 20-0.

The Hounds had five penalties in the game, two of which

were extremely costly, bringing back touchdowns for the Hounds. The first was in the second quarter on a pass from Moore to Howell. The other was a run by Flye from the KC 45 in the fourth quarter.

The Greyhounds had an excellent rushing game with a total of 282 yards. Flye led the KC rushing with 206 on 16 carries, followed by Jerry Stamps with 76 on 14 carries.

Moore completed five of 11 passes for 96 yards and one TD.

The win brought the Hound's season record up to 3-0, and Archer City fell to a 1-2 record.

Friday night the Hounds will play Quanah there beginning at 8:00 o'clock. The Indians lost their first game to Crowell 7-13, won their second tilt over Aspermont 45-0, and battered to a 14-14 deadlock Friday night against Clarendon.

## Knox Citizens Take Haskell Fair Awards

Knox City women brought home two Best of Show ribbons from the Haskell County Fair last weekend.

Sequoyah Reynolds took the Best of Show ribbons in the antique division with a tiny sewing machine, over 100 years old, which had belonged to her great-grandparents. The sewing machine had come to Evening Shade, Arkansas, from St. Louis, Missouri, by mule train.

Melanie Whitley won the Best of Show award in the Professional Art category with her oil painting "Crockery and Rockery." This was

the second straight year she won the Best of Show in professional painting.

Other winners from Knox City include professional painter, Dean Johnston, first place in portraits with "Nude," Melanie Whitley, second "Black Man," and Mary Hope Carr, third "Orphan."

Still life awards were first place, Kay Stewart "To the Patio," second place, Sue Clayton "Arches," and third to Loree Clarke "Grapes."

Dean Johnston won third in Landscapes with "The Meadow."

In Amateur Art, C.H. Underwood won a red ribbon in Landscapes with "Sunrise" and third place in Animals with a pen and ink drawing, "Good Blood."

Elaine Lewis won first in crocheted afghans and second in children's afghans with Raggedy Ann and Andy.

Jim Dillon took first place in macrame with an original hanging basket.

In the Youth Division, Sarah McGaughey won a blue ribbon on her macrame hanging basket and three blue ribbons on her paintings, a still life of violets and two landscapes.

Rick Tankersley won three blue ribbons, one for a pen and ink portrait and two for acrylic abstracts.

Chad Whitley won a blue ribbon for his pencil drawing of a bronco and another blue on a Viking ship model.

## Local Nurse Accepts Greenbelt Position

Mrs. Mary LaFlower, who has been employed as a nurse by the Knox County Hospital since July 1974, has accepted the position as Director of the Greenbelt Vocational School of Nurses in Crowell.

Mrs. LaFlower took over her new duties on September 8; however, she and her family will continue to live here.

Mrs. LaFlower is the mother of three children, Randy, who is in the U.S. Navy stationed in Memphis, Tennessee, Louise, a senior student at Knox City High School, and Mary Ann, a freshman at KCHS.

The LaFlowers reside at 906 South Fifth and are members of the First United Methodist Church.

## Area Teams Rank In Schoolboy Polls

Coach Jimmy Rogers' Knox City Greyhounds jumped from seventh into fourth place in last week's Associated Press schoolboy football top ten poll.

Knox City moved up three notches after defeating Rule 14-0 September 12, a collision between two top ten teams.

Rule's loss to Knox City caused their drop to seventh place in the class B poll after being ranked third in the state the previous week.

In Class A, Memphis fell from fourth to ninth after losing to Childress 28-20. Grape land was a unanimous choice by sportswriters for the second consecutive week for the elite number one spot.

Following powerful Grape land in second place in the Class A poll is Seagraves, with De Leon taking third, followed by the Greyhounds in fourth. Rounding out the top five teams is Brazos Consolidated, sixth is Riviera, seventh is Brookshire-Royal, Groveton is eighth, Memphis is in the ninth place slot, and Schulenburg slipped in under the wire in the tenth place position.

Another team of interest in the Class AAA poll is Uvalde which is ranked eighth in the state. Former residents and Knox City graduate Jim Bateman and Brack Shaver help make up the coaching staff at Uvalde.

## Cattle Sale To Benefit Rehab Center

The West Texas Rehabilitation Center in Abilene is in the red by \$17,455, but the annual Cattleman's Round-Up for Crippled Children is ready to ride to the rescue.

Directors were informed about the financial status of the Rehab Center Wednesday. The prospect is good, board president Frank Myers said, unless the Round-Up is not successful.

Charlie Morris, 1975 Cattleman's Round-Up chairman, announced that the first scheduled sale of the Round-Up would take place September 29 at the Ranchers and Farmers Livestock Auction in Abilene.

## KC Juniors To Sponsor Workday

Knox City High School's junior class will sponsor a class workday Saturday, September 27, beginning at 8:30 a.m. with a bake sale in front of Jones Pharmacy and the post office.

Also, cars will be washed at Roddy's Car Wash for \$3.00.

For other chores including house cleaning, etc., juniors ask that readers call 658-3703 and 658-3448 as noted by their ad elsewhere in this edition of the News.

**STREAMS IN DESERT PLACES** by Ozelle Stephens

"Thinkest thou that I cannot now pray to my Father, and He shall presently give me more than twelve legions of angels?" Matthew 26:53. Someone has said that twelve legions of angels would be 60,000, but according to the many references to angels throughout the Bible, there are many, many more thousands.

Angels are messengers of God. A race of spiritual beings of a nature exalted far above that of man, although infinitely removed from that of God, whose office is "to do His service, and by His appointment to succor and defend men on earth." He is, as some have said, a heavenly messenger, a spirit who conveys God's will to man, a guardian spirit, a lovable person, a dear. He is also one who is annointed with the power of God, nothing is too hard for him. He is filled with the love of God that reaches out to all humans. There are angels for all kinds of work on earth, and every person has a guardian angel and you can rest assured you are never left alone to meet the evil forces. Only believe, and you shall have everlasting life in the presence of the heavenly angels where there is joy forever.

I wish I could have stayed for this fight. I were over to Amy Joe's house the other day. And not two, but all the sisters were in one good fight. Old Verna Dean can always start but can never win. She takes out after sister Adena. And had to call Mama, well mama got that stop. Do you no what she done next, you guess it. She started with Rena, and old Rena gave her a haymaker. About this time Mama feet were hurting, baby were crying so poor Mama throw up both hands and went crazy I guess. I had to leave, but when you want to see a good fight just go to Amy Joe's house.

**SERVICES OF THE CHURCH OF GOD IN CHRIST**

The Abilene District Convocation was held at the Rule Church all of last week.

We were blessed in the convocation. Monday night was home coming night. Elder Menion Cox preached from Ezekiel 37, and Hebrews 10:25.

Tuesday night was the

night for the District and the YPWW.

Elder George Blue, president of the YPWW preached from Exodus 11:6-8. Mother Joseph of the Vernon District taught a great lesson also that night from 1 Peter 3 and Proverbs 31 a very helpful lesson.

Wednesday night was for the Sunday School and Bishop's night. The theme for the Sunday School was "Taking a Stand for God", from Ephesians 6:13, 14.

Elder Johnson of Pasadena, Calif. preached a great message from Malachi 4 and Revelation 22:11.

Thursday night was for the Evangelist Board and Mother Brooks night.

Elder Williams preached from Isaiah 51:10 "The Right Kind of Spirit". Elder Brooks also preached a great message from Phillipians 2:5 "Let This Mind Be In You Which Was Also In Christ Jesus".

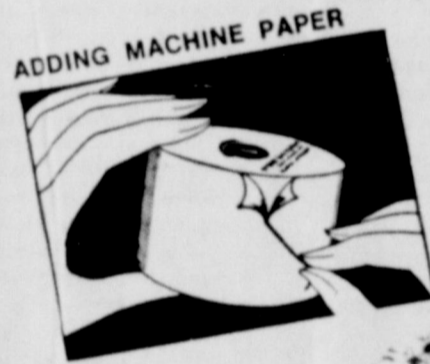

Friday Night was Women's Night. Chaplain Cox rendered a good program and the Women did a good job talking on the theme "They Don't Know Who We Are". District Missionary Hickman brought the message from Psalms 39.

Saturday Night the Sunshine Band and Purity Class did an excellent job under the supervision of Missionary Wilson and Missionary Lawery. Sat. night was also Supt. Bennett's Night.

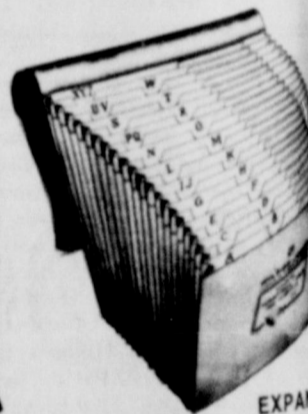

Supt. Bennett preached the official Message from Psalms 131:1-2, Numbers 12:1 down a few verses, and 1 Samuel 18:11, 15 "Meddle Not With Things too High for You".

Mother Brooks was present on her night and gave out very helpful instructions. Visitors in the Convocation included Elder Johnson of Pasadena, Calif. Supt. Shawers and other members of the Brownwood District and Mother Joseph of the Vernon District, and others.

tomorrow, okay? Also the Bullies will play Rule again. I guess we will have to beat them again. The game will be there at 8:00.

Also, Tuesday of this week, the Freshmen were initiated. Thank God we didn't have to go through it again. It was fun seeing them perform.

Monday, a man came and gave an assembly program on ESP. I guess it was good even though I hadn't seen it yet because I'm writing this news before we see him.

Well, Greyhound fans, it's time again for a report of last Friday's night game. The Hounds just aren't going to let anyone score on them. It was another victory: Knox City 20, Archer City 0.

The pep club was there and in great spirits. They were also in their uniforms, if anyone noticed the red tops, white turtlenecks, and blue jeans all sitting in a bundle yelling at the tops of their lungs and probably jumping in your way at times.

Next week, the Hounds meet with Quanah at Quanah. Everyone come. We need your help for the Hounds to gain another victory. Game-time is 8:00. See you there!

**Nation Observing Highway Week**

**TRANSPORTATION AMERICA'S LIFELINES!**

This theme underscores the crucial part that transportation plays in the everyday life-style that most Americans take for granted.

As highway and transportation officials across the nation observe Highway and Transportation Week, September 21-27, they face the challenge of how to cope with changing transportation demands in the face of gnawing inflation.

The Texas Department of Highways and Public Transportation, formerly the Texas Highway Department, has been delegated an added responsibility—namely, that of public transportation. This new role underscores the change that has taken place since the arrival of the automobile on the American scene.

"Our present transportation system developed during a period of cheap and plentiful energy," said Lewis White, district engineer of the Texas Highways and Public Transportation Department in Childress. "In this situation, the goal of providing the best possible highway system was well defined."

Transportation is in a period of great change and new goals are being established. Highways and public transportation are only a part of the overall change.

Mr. and Mrs. Dick Howard of Brawley, California, spent last weekend with relatives here including Mr. and Mrs. Bud Thompson, Mrs. Jessie Teague, Mrs. LaVerne Thompson and Ray, and Mr. and Mrs. Guy Robinson.

**IN AUSTIN**

Mr. and Mrs. Sipe Griffith and Mr. and Mrs. Frank Griffith of Olney spent several days last week in Austin visiting Don L. Griffith who was in the hospital after suffering a heart attack.

**FROM AZLE**

Visiting in the home of Mr. and Mrs. Roy Reynolds over the weekend was Mrs. Reynolds' sister-in-law, Mrs. L.B. Fulbright of Azle.

**Parental encouragement**

and acceptance help a child learn he is a special person. Mrs. Ilene Miller, family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says,

assistant district engineer.

"We in the Department feel that it is imperative that the Highway Trust Fund be continued to insure a predictable flow of funds. Without this no orderly planning can be achieved."

Presently, in Texas, most public transportation is in the form of buses.

"Buses provide the flexibility needed in routing public transportation," said Wall. "Our urban areas are spread out, and the bus operating on the streets and highway systems best suits this need for flexibility."

The Department is also receiving applications for grants to provide transportation for the elderly and handicapped. This program must be sponsored at the local level by non-profit organizations.

In addition, the Highway and Public Transportation Commission has approved, and the Department is processing, applications from cities operating public transportation systems for new capital improvements and equipment.

The Department is working with some of the larger cities for provision of "park-and-ride" facilities. "Park-and-ride" involves parking in a lot located at the edge of the city, with a subsequent change to public transportation.

Transportation - America's lifeline! "This is a challenge that must be met," White concluded, "and it will take the best efforts of all of us."

To provide the best overall system, all forms of transportation will be considered.

"There is no easy answer," White said, "no 'cure-all,' as has been suggested by some. Solutions to the problems will be varied to meet local conditions."

In this period of rising costs the Department has been caught in a financial crunch. Inflation, in the form of higher construction costs, has drastically reduced highway construction, emphasizing the need for added revenue.

"New Federal legislation in the form of a new Highway Bill is needed to provide funding and help chart the course of future transportation," stated White.

The Federal Highway Act of 1973 will expire in 1976, and the Highway Trust Fund will cease to exist at that time—barring new legislation by Congress in the interim.

The Highway Trust Fund was originally created by Congress to allow highway users to partially pay for the interstate system and other approved highway systems," said George Wall, District 25

# O'Brien Happenings

CHARLENE BROTHERS

After the ballgame Friday night, I hope the guy from Abilene will see that O'Brien is determined that they are going to win all their games this year and stop predicting that some team is going to beat them by two points. They won over Highland 32-19, after Highland had been picked to win by two points. It looked like during the first half that the prediction might be correct, but after a half-time talk with the coach the boys came back and really played football. At the half they were tied 19-19.

John Alsidis scored on a 23-yard run in the first quarter and also he made a 36-yard run for a touchdown in the fourth quarter. Highland scored all of its points in the second quarter.

Four different O'Brien players scored during the game, and boys, I'm sorry to say I did not catch all of your names, I was too busy seeing that you made the touchdowns. Anyway, you all played a very good game. Keep up the good work and we will go on to win district, bi-district, and who knows, maybe state.

### FAIR WINNERS

There were several girls entered in different divisions at the Haskell Fair the past week. Some of the winners were Baked Foods: Olga Rojas, Rosa Rocha, Dorothy Jackson, Martha Watson and Rebecca Rojas; Hobbies and Crafts: Angelia Reid; and the FHA Exhibit won a blue ribbon.

To the best of my knowledge this is the first year in several years that a girl from O'Brien has not won the Best of Show in the baked foods division. All the girls mentioned above won a blue ribbon on her entry.

### HERE AND THERE

Mr. and Mrs. Jerry Hodges and family of Jean visited during the weekend with their parents, Mr. and Mrs. Buster Hodges and Mr. and Mrs.

E.E. Underwood and Anne. Gail Rowan of Lubbock visited during the weekend with her parents, Mr. and Mrs. Ivan Rowan.

Mr. and Mrs. Jerry Rowan of Henrietta visited Saturday with his parents, Mr. and Mrs. Milton Rowan.

Ernest O'Neal is visiting with his daughter and family, Mr. and Mrs. Dewayne Johnson and Jeannie of Lubbock. Also he will visit with his granddaughter and family, Mr. and Mrs. Bobby Ivey and Cody.

Mr. and Mrs. James Manning and Cody visited in Hamlin Sunday with Mr. and Mrs. John Orval Holland and Prentiss and Mr. and Mrs. Butch Holland and Jacob.

Mrs. L.A. Covey, Ava and John Morgan and Mrs. Nola Covey were in Midland Friday and Saturday helping Trudy Covey move. Trudy is a student at Midland Jr. College.

David Ellis of Salt Lake City, Utah has been visiting with his parents, Mr. and Mrs. Grady Ellis for the past several days. While David was here they all visited in Ozonawith Mr. and Mrs. Pleas Childress III, Martin and Julie. They also visited in Plainview with Mr. and Mrs. Grady Murray and family. David returned to Utah last Monday where he is employed.

There were several that attended the Haskell County Fair last week. Also several attended the tractor pull they had Saturday night. Some of the ones attending were Mr. and Mrs. Coy Hewitt and girls, Mr. and Mrs. L.A. Covey and family, J.O. and Craig Brothers, Mr. and Mrs. James Manning, Mr. and Mrs. Don Brothers, and Mr. and Mrs. Rayland Hayes. I'm sure some more may have gone, but I did not get your names. The proceeds from the tractor pull went to West Texas Rehabilitation Center in Abilene which does wonderful work.

# Lt. Col. Tom Edwards Now Chief of Enlisted Personnel

Lieutenant Colonel Tom R. Edwards, Medical Service Corps, Regular US Army, son of the late Dr. and Mrs. T.S. Edwards of Knox City, Texas, was recently transferred from the Manpower Management Branch, Headquarters United States Army Health Services Command to the Military Personnel Division where he became Chief of Enlisted Personnel Management. His office is responsible for the guidance and career development of over 17,000 Army enlisted men and women in the medical, dental, veterinary, and allied ancillary health care fields.

The Headquarters of the United States Army Health Services Command is located on historic Fort Sam Houston in San Antonio, Texas, and is commanded by Major General Spurgeon Neel, M.D. The Headquarters controls the operation of all US Army health care facilities in the Continental United States, Alaska, Canal Zone and Hawaii, and employs over 50,000 military and civilian health care professionals. The facilities range in size from large hospitals such as Walter Reed Army Medical Center in Washington, DC and Tripler Army Medical Center in Hawaii where the Apollo-Soyuz astronauts were treated, to small clinics such as the one at Yuma Army Depot, Arizona and the Safeguard Antiballistic Missile Site in North Dakota. The United States Army Health Services Command also operates medical and dental laboratories, optometric fabrication facilities, veterinary food inspection and animal care units and the Academy of Health Sciences, US Army to name but a few.

Lieutenant Colonel Edwards attended Knox City Elementary, Junior and Senior High Schools and received his Diploma from Staunton Military Academy, Virginia. He received his Bachelor of Business Administration Degree and ROTC Commission in the Medical Service Corps in 1957 from

the University of Texas at Austin, and his Master of Business Administration Degree in 1966 from the University of Texas at Austin where he was elected to Sigma Iota Epsilon National Business Administration Honor Fraternity and Phi Kappa Phi National Honorary Scholastic Fraternity.

Lieutenant Colonel Edwards' assignments after entering active duty in late 1957 include those of Ambulance Company Commander, 25th Medical Battalion 25th Infantry Division, Hawaii, Medical Personnel Procurement Officer, Fifth Army Surgeon's Office, Chicago, Illinois, Assistant Chief of Career Planning for the Medical Service Corps, Office of The Surgeon General, Washington, DC, Medical advisor to the Surgeon general of the Republic of Vietnam for the US Military Assistance Command Surgeon, Vietnam, and Chief of the Personnel Division, Darnall Army Hospital, Fort Hood, Texas. His decorations include the Republic of Vietnam Cross of Gallantry with Palm, National Defense Service Medal, Vietnam Service Medal, Republic of Vietnam Campaign Ribbon, the Army Commendation Medal with Oak Leaf Cluster, the Joint Service Commendation Medal, the Meritorious Service Medal and the Bronze Star. Civilian Organizations of which he is a member include the Texas Hospital Association, Texas Society for Hospital Personnel Administration, Association of the US Army and the MBA Association of the University of Texas.

Lieutenant Colonel Edwards resides on Fort Sam Houston with his wife Jo Katherine, also a graduate of the University of Texas, Austin, and their three children, Thomas Sidney II (14), Katy Lu (13) and Michael (10). They are members of St. Paul's Episcopal Church in San Antonio.

### Services Held

#### For Mrs. Franks

Funeral services for Mrs. Bessie S. Franks, former Haskell County resident, were held at 2:00 p.m. Monday in the Chapel of the First Baptist Church of Knox City with Virgil Kirkland of the Jehovah's Witness Church in Haskell, officiating.

Burial was in the O'Brien Cemetery under the direction of Smith Funeral Home. Mrs. Franks, 92, died Wednesday, September 17, at 1:15 a.m. in a Mountain View, California hospital, after being admitted on the previous Sunday. She had been visiting in Mountain View with a daughter, Mrs. Ruby Cowdrey.

She was born June 1, 1883 in Georgetown, and married Marshall C. Franks December 24, 1905 in Jim Ned, Taylor County, Texas. The couple farmed northeast of Rochester from 1913 until they retired. Mr. Franks died December 21, 1963 in Haskell. She was a member of the Jehovah's Witness Church in Haskell.

Survivors include two sons, Perry of Geneva, Nebraska and Victor of Vancouver, Canada; four daughters, Mrs. Tyler Bridges and Mrs. Billie J. Bailey, both of Plainview, Mrs. Beatrice Cantrell of Madera, California, and Mrs. Cowdrey of Mountain View, California; one brother, Otto Shaw of Longview; one sister, Mrs. W.E. Bailey of Abilene; 16 grandchildren and 29 great-grandchildren.

### FROM OHIO

Mrs. Robert A. McMurray of London, Ohio, is spending this week with her parents, Mr. and Mrs. C.C. Hoge.

Mrs. McMurray was met at the Dallas-Fort Worth airport Friday night by her niece and her husband, Mr. and Mrs. Cliff Marquart of Dallas who drove her to Seymour where they visited in the home of Mr. and Mrs. Paul Hoge. Her parents met her there and returned her to Knox City with them.

Expected to join the family here the latter part of this week is another daughter, Mrs. Dan Steakley of Temple.

# Farabee Is Concerned Over Crime Increase

Senator Ray Farabee expressed concern about the rising crime rate in Texas and particularly recent statistics indicating the highest percentage increase has occurred in rural areas.

The Texas Department of Public Safety released figures for the first six months of this year showing major crime in Texas rose 17.4 per cent with rural areas showing 24.7 per cent increase and urban areas up 16.7 per cent.

"Rural areas with over 50 rural population per square mile posted the largest crime rate increase, up almost 51%," D.P.S. Director Colonel Wilson E. Speir said.

"Although 90.5% of all crime is committed in cities over 50,000, we cannot afford to ignore the problem of increasing disregard for the law in small cities and rural areas," Farabee said.

Farabee noted that the extension service of Texas A&M University will be locating a branch school within the 30th Senatorial District to assist in training law enforcement officers in Northwest and West Texas. Special emphasis will be given to training policemen and sheriff personnel in smaller cities and rural areas. In addition, the State Senator has proposed legislation which will provide greater supervision

for persons accused of crime prior to trial and convicted persons on parole or probation.

"There was one major criminal offense in Texas every minute," Speir said. "On an average, there was one murder every five hours, one rape every two and one-half hours, a robbery every half hour, one burglary every two and one-half minutes, an aggravated assault every twenty five and one-half minutes, one theft every one and three-fourths minutes, and an auto theft each eleven minutes."

### IN GALVESTON

Mr. and Mrs. Charles Smith of Munday and Mr. and Mrs. Claudale Barnard of O'Brien spent last week in San Antonio and Galveston.

Watch for food sales—but beware of items that are simply "featured" in a store but aren't really special sale items. Just because a row of items has been labeled with a big red price sticker doesn't necessarily mean the item is a sale bargain, Sally Springer, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

## Bullies Take Number Two

**By COACH LOWREY**

The fired up KC Bullies took their second win in two games last Thursday with an 18-0 victory over Windthorst. Just as in the Bullies' first game it was their stingy defense and a well balanced run-pass offense that did the trick.

Scoring in the Windthorst game were quarterback David Anderson on a four yard run, halfback Mike Howell on a five yard run, and an Anderson to Philip Rhodes pass for six yards. The Bullies failed on all three of their point after tries.

Guard Raul Espinosa and center Junior Gonzales did a good job on the offensive line while on defense, linebackers Jimmy Rushing and Eddie Martinez gave the Trojans trouble all night.

This week the Bullies enter a rematch with Rule on their home field. The Bullies defeated Rule 10-0 in their

earlier game and Rule will be out to average that loss I'm sure. So if you enjoy football and especially a team that plays with lots of enthusiasm, hustle, and desire come see the Bullies at Rule tonight.

### ATTEND DANCE

Mr. and Mrs. Melvin A. Lowrey, Mr. and Mrs. Z. I. Smith, and Mr. and Mrs. Billy Gene Johnston attended the Gary Shoemaker square dance Monday night in Lubbock.

Several Knox City couples will begin taking an "excellerator" course Thursday night in Abilene.

Joining the group in Lubbock Monday night were Mr. and Mrs. C. G. Clarke.

## New Jobs Opening In Comptroller's Dept.

AUSTIN—Comptroller Bob Bullock has announced a statewide effort to recruit blacks and Spanish surnamed Americans for new jobs opening this fall in the Comptroller's Department.

"Obviously, I can't hire everyone who walks in the door—and I wouldn't want to—but we can be fair to all the people of this state in making selections for every job we do fill," Bullock said.

He said that about 300 new jobs will come open in the department because of increased personnel authorized by the Legislature. The new jobs will be scattered throughout the Comptroller's 45 field offices across the state.

"I intend to make the Comptroller's Department the best agency in state government, and to do that I need alert, energetic people

who share this goal," Bullock said. "I need qualified people and bright people who have the potential for training."

Bullock has called the department's previous record in recruiting blacks, browns and women "a shame and discredit to state government."

More than 200 of the new positions are for tax compliance officers and auditors, job families requiring training, experience or aptitude for the broad fields of bookkeeping, loan office credit collection, accounting and numbers. The remainder of the jobs range from file clerk to certified public accountant.

Bullock said that interested applicants should apply to any of his field offices in Abilene, Amarillo, Arlington, Austin, Beaumont, Bryan, Corpus Christi, Dallas, Donna, El Paso, Fort Worth, Galveston, Houston, Longview, Lubbock, Nacogdoches, Odessa, San Angelo, Sherman, Tyler, Victoria, Waco and Wichita Falls.

"These offices are listed in the phone book. All anyone has to do is go by and ask for an application. They'll get a fair shake," Bullock said.

He said applications and further job information are available by mail by writing Personnel Department, Comptroller of Public Accounts, Austin, Texas 78774.

Bullock said the appeal for minority recruits is being published statewide in both English and Spanish and that he is asking all Texas radio stations to carry the message as a public service. Additional recruiting programs are being beamed at colleges and minority organizations and churches.

"It is not enough just to be fair when someone applies. To be totally fair, you have to make sure that everybody gets the opportunity to apply in the first place," Bullock said.

He described the Comptroller's Department as "the hardest working agency in government—but the best working agency" and pointed to the department's personnel improvements over the past eight months "a professional training program, "the best grievance policy in any state agency," fair competition for advancement within the agency, close relationship between field offices and the headquarters, and a "spirit of helping Texas by doing an important job to perfection."

## Study Club Observes 50th Year

By MRS. C.C. HOGE  
Members of the Knox City Study Club celebrated their 50th year as a club on Thursday, September 18, with a Golden Anniversary Tea in the Community Center from 3 to 5 p.m.

Guests registered at the door and were greeted by the president, Mrs. J.C. McGee. Two of the charter members were present, Mrs. Ben Farmer and Mrs. E.Q. Warren. The club was organized in 1924 and Federated in 1925. The first president was Mrs. O.L. Jamison and there were 20 charter members.

Mrs. McGee presided for the tea. She welcomed the guests who were registered from Abilene, Anson, Seymour, Weinert, Haskell, Benjamin, Clyde, Paducah, Qu-

nah, Goree, and Knox City. Mrs. John Berry of Clyde, Mesquite District president, gave the address. She spoke of projects in the District.

Vocal music was provided by Mrs. Ross Griffith of Knox City accompanied by Mrs. Ernie Wilson at the piano.

Mrs. C.C. Hoge gave a history of the club, commenting on the ways and means of raising money to build the club house.

A Memorial Service was conducted by Mrs. McGee, to honor the club's two Gold Star

Mothers, Mrs. E.R. Carpenter and the late Mrs. N.F. Mullins.

At the social hour, sixty members and guests were served refreshments of anniversary cake, punch, and assorted nuts from a lace-covered table centered with gold candles.

Year Books and Certificates of Honor were on display.

The Metric System. Mention these three words and you get reactions that range from groans and moans to enthusiastic acceptance.

It is a fact that by 1980 the United States is expected to be using the metric system more than our present system. So, why not start now to learn the basics about metrics.

The metric system is much simpler than the present system because it is based on units of ten and does away completely with fractions. Our money is based on this system as is our electrical and time measurement. So we have been using the metric system for a number of years, if not all of our lives.

Of course change does not come easy, so we'll have to work a little to learn the four--that's right, just four--basic terms and what they measure.

These terms are gram, which measures weight; meter, length; liter, volume; and degree Celsius, temperature.

Then there are multiples and submultiples of ten which tell us that an object is more

or less than the base unit (which is always one).

During the next several years, we will be seeing the metric system more and more. Packages are now being labeled in the present system and in the metric system. Measuring cups have the dual system on them as do some highway distance signs.

So, by using the dual system to ease into the metric system, we can learn about it gradually. For example, if a recipe calls for one cup of sugar, use the standard side of the measuring cup. If it calls for 250 ml., use the metric side.

You won't have to buy a new range to convert to the metric system either. New dial readings will be available to place over the Fahrenheit

### TEXAS TOPS IN FARMLAND OWNERS

Texas boasts more farmland owners than any other state in the nation, says an economist for the Texas Agricultural Extension Service. Texas has 267,000 of the 3.3 million farmland owners in the United States. The next leading states are Iowa and Illinois. Texas also leads in the number of nonfarm land owners, or landlords who lease their land to others, with 87,500. Individual Texas land holdings by both farmers and non-farmers average 584 acres compared to 320 acres for the national average.

## OLD KITCHEN, NEW LOOK

By Joy Miller

If you're dissatisfied with your kitchen, you can make it more functional, more attractive and more livable — without spending a small fortune.

Is it dark and drab? The two easiest ways to handle that situation are with new paint and new lighting. Use semi-gloss enamel rather than a flat paint for the cabinets and woodwork — it's much easier to keep clean. For lighting you may well need nothing more than to replace the bulb fixture with a fluorescent illumination. This creates a softer, more even light with much less glare, if any.

Are the cabinets outdated and tacky? Probably just the doors give that appearance, so it's not necessary to replace the entire cabinets, which could be costly. If the doors have lip overhangs, cut them down to fit flush in the cabinet frames and change the hardware to metal or ceramic.

What about the floor? Is it covered with old linoleum

that's stained and beginning to curl and crack? Replace it with a no-wax floor. You'll find them available in dozens of colors and patterns from Armstrong, the people known for resilient flooring.

Are the work surfaces in your kitchen covered with knife cuts, scratchy and hard to clean? Build or buy a chopping block counter top, and do all your cutting, dicing and pounding on that. A laminated surface on the rest of your counters will last for years without looking old and worn.

It's not hard to cook up a kitchen that can be as satisfying to cook in as is the food you cook in it.

PACK A WIG

daring evening dress if you forget about how important hair styling is to the total fashion look.

Here's where a wig comes in to give vacation freedom from hair care. Wigs by Veniclon are fashioned in an Italian fiber that holds its curl, won't frizz or droop—so it's a practical traveling companion. This man-made fiber can be teased and sprayed just like real hair.

To pack, simply slip the wig into a small plastic bag. And for easy cleaning, soak the wig in cold water and mild soap. It dries quickly and bounces back into shape.

With just one wig, you can achieve many styles. Sweep it forward to frame the face with bangs and ringlets. Brush it back, away from the face, for a more dramatic and elegant look.

When vacation is over, you can "wig" it to work or at home, for carefree hair beauty for all seasons.

Do you spend hours packing for a trip, but end up doing it all wrong? You do, if you overlook your hair. There's no point selecting the perfect travel outfit, the barest bikini and the most

**Greyhounds Become Pokes' Twin**

An article of interest to Greyhound fans appeared in Tuesday morning's Abilene Reporter News. The story was by Bill Roberts, assistant sports editor, and we are reprinting it in its entirety.

"They kind of remind me of the way the Dallas Cowboys played yesterday (Sunday)."

That's the way coach Jimmy Rogers describes his Knox City Greyhounds have been playing in their first three games.

It's not that they're that professional, but, as Rogers says, "Our attitude is our long suit more than our ability. We play as a team and not as individuals and this is something that's really impressed the coaches. We don't have any bickering or bellyaching and they're unselfish. They don't care who scores as long as it gets done."

But, comparing the Greyhounds to the Dallas Cowboys?

"I thought that's kind of the way Dallas played. They don't have the ability any more so they've just got to play on enthusiasm and that's kind of the way we've been. We've just got to scratch for everything we get."

Rogers did point out improvement of several individuals as being keys to the Greyhounds' success in wins of 12-0 over Rochester, 14-0 over Rule and 20-0 over Archer City.

"We're improving. We've been real impressed with our defense. We've played three games and haven't given up a touchdown. That's probably the biggest improvement."

"Offensively, we're showing some signs of improvement there but what's holding us back there is that we've got some key people injured. Jimmy Lynn, one of our starting tackles, has missed two weeks of workouts and finally got to play in the Archer City game. Charlie Flye twisted his knee and he's just beginning to show signs of his old form. He scored three times against Archer City and one of them was called back."

Flye looked impressive in Knox City's win over Archer City, scoring on runs of 40, 70

and 75 yards. "He had 206 total yards by himself on the ground and we had total pass and run of 365 yards."

"This Bateman kid, Al, one of our other flankers, has had a series of injuries and he's beginning to get back himself. They're not serious injuries, but they're the kind where you have to sit out during the week if you're going to play Friday night."

The Greyhounds are getting ready for what may be their toughest foe yet—the Quannah Indians.

Quannah is 1-1-1 for the season, having lost to Crowell 13-7 in its opener, then downing Aspermont 45-0 before tying Clarendon 14-14.

"They've probably played a little tougher schedule than we have. They're probably the toughest team we'll play in pre-season play. They lost to Crowell, but they really whipped Crowell in the second half."

Robert Lee doesn't have the same problem to deal with—winning just hasn't been their strong suit in the last couple of years.

The Steers broke a 14-game losing streak last Friday night as they nipped the Roscoe Ploaboy's 28-22 with a touchdown in the closing moments of the game by George Abalos.

Coach Jerry English points to injuries and the smallness of the Steers as the two biggest problems they've had to contend with this season.

Injuries included Polly Abalos, one of two Abalos brothers who play for the Steers.

"George Abalos had been playing quarterback so I

Funeral services for John W. Hickson, 100, will be held Thursday (today) at 10:00 a.m. in the Foursquare Gospel Church with the Rev. Floyd Bailey officiating. Burial will be in the Knox City Cemetery with Smith Funeral Home in charge of arrangements.

Mr. Hickson, a former Knox County resident, died Tuesday at 5:15 a.m. in the Wood Convalescent Center in Iowa Park. Born April 15, 1875, in Chattanooga, Tennessee, he moved to Celeste, Texas with his parents in 1905 and married Joana Scarborough the same year. They moved to Benjamin in 1935 where they owned and operated the Texaco Service Station. In 1945, they moved to Knox City where they lived until Mrs. Hickson died in June 1955. At that time, Mr. Hickson left Knox City to live with his children. He had been in the convalescent center since 1971 and was a member of the Assembly of God Church.

Survivors include three sons, Norris of Quinlin, Howard of Grand Prairie, and Jim of Tyler; two daughters, Mrs. Roy Sells of Sweetwater and Mrs. Wuma Cape of Wichita Falls; 57 grandchildren; 100 great-grandchildren; 45 great-great-grandchildren; and three great-great-grandchildren. Grandsons will serve as pallbearers.
