

\$36,400.00 Paid By Local Gin

There was many happy faces in Knox City Tuesday morning when Barney Arnold, Manager of the Cotton Growers Co-operative Gin Co. announced that each man that ginned cotton at this gin would receive a bonus of four dollars per bale. There were 9100 bales ginned and the bonus paid out in checks amounted to \$36,400.00. This being distributed among about two hundred and eighty members of the Knox City trade territory. We are informed that two of our farmers drew over fourteen hundred dollars each.

With this amount ready cash in circulation in Knox City at this time this year will no doubt make business increase in all lines. This gin has made a record run this season and there are only a few gins in the entire United States that has ginned more cotton. Up until about sixty days ago this gin lead the entire world in amount ginned but this was passed by a number of gins on the South Plains.

The stockholders are all proud of this gin and it is worth untold value to Knox City and surrounding country. Enough money was reserved from the dividend to make all the necessary repairs and pay the taxes.

HURT IN WRECK

Charley Downing was injured seriously Monday afternoon late when the car in which he was driving figured in a head on collision near Guthrie, Mr. and Mrs. Downing were returning to their home from Guthrie when their car was hit by one driven by a Mr. Couch of Vera. Charges were filed Monday night against Mr. Couch by sheriff Humphries of Knox County. Mrs. Downing escaped with minor cuts and bruises.

Munday Men Charged With Murder

Seymour, Texas, Feb. 8.—D. Mulligan and T. B. Broach Jr., both of Munday, were charged with murder before Judge I. O. Newton of the 50th district court in Seymour Tuesday afternoon following the accident of Sunday afternoon in which Jimmie Louie Duckett seven weeks old child of Mr. and Mrs. S. L. Duckett of Graham, was fatally injured.

Mulligan was held in the Baylor hospital under a \$5,000 bond, and Broach was released Tuesday afternoon on a \$1,000 bond.

Previously charges of driving while intoxicated had been filed but the more serious charges were made in the district court Tuesday. The pair were placed under arrest by Deputy Sheriff Roy Stevens Sunday night at the Baylor hospital where they had been carried following the head on crash.

Mulligan received a multiple fracture of his right leg and serious head injuries. Broach escaped with minor lacerations and bruises. The parents of the child, Mr. and Mrs. Duckett, received a number of cuts about the head and face, but none were considered serious.

The preliminary examining trial will be held when Mulligan is able to appear in court.

The accident occurred three miles east of Seymour about 5:30 o'clock Sunday afternoon. Another car, driven by Burrell Mills of Megargel, crashed into the two cars initially involved. Neither Mills nor his wife who was riding with him were seriously injured.

Tat Taliaferro investigator for the state department of public safety investigated the crash. The charges were filed following his investigation.

THE "HOLDING COMPANY"

ONE KILLED, TWO INJURED NEAR SEYMOUR SUNDAY

Seymour, Texas, Feb. 6.—A head on crash of two automobiles near here late this afternoon brought instant death to a seven weeks old baby and injuries to four persons.

The child's parents, and Mr. and Mrs. S. L. Duckett of Graham, were painfully hurt and suffered a number of cuts and bruises about the head. Considered most serious hurt however was D. Mulligan of Munday who sustained multiple fractures on one leg and head and internal injuries.

T. B. Broach Jr., also of Munday who escaped with a dislocated shoulder.

The injured were carried to the Baylor county hospital here.

Immediately following the accident, Burrell Mills of Megargel, was unable to bring his car to a stop fast enough to avoid crashing into the wreckage. Neither Mills nor his wife who was in the car were hurt.

Pat Taliaferro of Abilene, investigator for the department of public safety, with members of the Baylor sheriff's department investigated the accident and indicated that charges in the case may be filed this week.

Bob Burton For Treasurer

The Knox County Herald is authorized this week to formally announce R. V. (Bob) Burton of the Sunset community as a candidate for the office of County Treasurer. Knox County, subject to the action of the Democratic primary July 23rd.

Mr. Burton has been a resident of Knox County for the past thirty-one years. He has been engaged in farming and has never asked for a public office before. He consented to make the race after many friends from all parts of the county solicited him to get into the race.

Mr. Burton states that if elected he will try to give the people of the county the best service possible and will always be found working for the best interests of the county.

Mr. Burton will try to see each and every voter of the county between now and July 3rd, but he asks that you take this as a special request for your support.

Hitchcock For Co. Treasurer

PRESS HITCHCOCK

The Herald has been authorized to announce Press Hitchcock of Knox City as a candidate for the office of action of the Democratic primary election.

Mr. Hitchcock is too well known to the people of this section of the county for the Herald to say much in his behalf, as he has resided in this county for eighteen years. He is a young man and is well qualified for this important office. He has always been a leader in church and civic affairs of this town and county and will make an aggressive campaign and present his qualifications to the voters, should he fail to see each voter he asks that you investigate his character and qualifications before you vote for your next County Treasurer.

CHRISTIAN CHURCH

We are happy to be located in Knox City and are anxious to become acquainted with the people of the community. Our order of services for next Sunday is as follows:

Worship services at 9:45, followed by Bible School. Worship services in the evening at 7:00 o'clock. Worship at Benjamin Church at 11:15, Sunday morning. We cordially invite all who are not in services elsewhere to attend these services.—C. E. Cogswell, Pastor.

UNEMPLOYMENT DATA FOR KNOX COUNTY

Knox County has 214 persons totally unemployed and who want to work, 75 employed in Federal emergency projects and 452 who are partly employed and desire more work, according to the census on total and partial unemployment recently made public in Washington. In the entire State there are 451,769 men and women who are entirely or partially unemployed or are working on WPA, NYA, CCC or other emergency work. Figures for the Nation show 5,821,035 totally unemployed and desiring work, 2,001,877 emergency workers and 3,209,211 part time workers who need additional employment, making a grand total of more than 11 million men and women in the army of unemployed and partly employed.

Legislative proposals to control hours and wages by the Federal Government are now pending in Washington and are advocated by their sponsors as a remedy for unemployment. However, many labor leaders fear that the application of Federal administrative law to wage rates, hours of work, and working conditions would have the opposite effect and prevent normal, peaceful negotiations between labor and employer. This threatened deprivation of freedom led the American Federation of Labor to oppose basic provisions in the proposed Fair Labor Standards Bill in the last session of Congress and brought forth the following declaration from a high Federation official in an address, delivered in Philadelphia last December: "Labor is unalterably opposed to any Department attempting to control or direct the relations of labor and industry from a Washington office." Such opposition is well founded for the power to fix a minimum wage either carries with it or will lead to the authority to fix maximum wages and the graduation of wages between the minimum and maximum.

Employers of labor in a recent meeting in New Orleans declared that the passage of any such legislation would result in serious economic disturbances, create more unemployment and would in effect place both labor and industry under bureaucratic control. This conference also pointed out that every similar effort to control wages and hours by law in foreign countries signally failed except under complete dictatorship and with a total loss of freedom of action by labor and lower living standards.

Farm groups oppose Federal Control of hours and wages on the ground that the inevitable increase in production costs would result in a lower price the farmer receives for his raw materials and an increased price for the finished products he purchases. Southern Congressmen led the fight which blocked passage of this measure... Rev. J. Earnest Stack, Editor of the Christian American, Houston, Texas.

CHARGES RAILROAD COMMISSION WITH PLAYING POLITICS

Charges that the Texas Railroad Commission is playing politics with the gas industry were made by L. B. Denning, president of the Lone Star Gas Company, in replying to the commissioner's offer to fix rates in incorporated cities and towns.

"The commission's statement," said Mr. Denning, "is misleading and deceptive and apparently issued for political reasons."

"This is a political year and the Railroad Commission is starting early to use the gas industry for its own political ends, since the gas industry is the only public utility in Texas under State regulation."

"We deny that the Railroad Commission has the authority to exercise any original jurisdiction in incorporated cities and towns. Original jurisdiction over gas rates is vested in the cities and towns by statute. The commission can only exercise appellate jurisdiction in such cases. This

proposition has been definitely settled both by statute and judicial decisions in Texas. The procedure suggested by the commission will result only in extravagant litigation and useless waste of the funds of both the taxpayers of the State and the gas consumers.

"The commission's investigations into the rates of the companies comprising Lone Star Gas System have in many instances resulted in increased rates. In some instances the increases were put into effect pursuant to court orders, and in others by the commission itself."

"In all cases where the commission has attempted to reduce the company's rates, extended litigation has resulted. Only three cases have been tried to date. In one, the Federal Court held for the company. In the other two juries in the district court at Austin found the orders of the commission unjust and unreasonable."

MONTANDON - HACKFIELD Car Recovered

In a ceremony performed Saturday evening in Stamford, Miss. Mary Lee Hackfield became the bride of Eugene (Doc) Montandon. The impressive ceremony was read by Rev. John M. Rice, pastor of the Church of Christ.

Mrs. Montandon is the daughter of Mr. and Mrs. Henry Hackfield. She has lived in and near Knox City for many years. Mr. Montandon is the local agent for the Conoco Company and has resided here for several years.

Mr. and Mrs. Ansel Waldrip will move next week to the Milo Thompson house formerly occupied by Mr. and Mrs. Andrew Dutton.

WOOD—For Sale, good cord wood on Hamilton ranch, west of Knox City 4tp. in 2-10, out 3-3.

Munday, Feb. 8.—The automobile stolen from J. B. King, Munday gin employe, Friday night by two hijackers who slugged King and took a watch and a small sum of money was found abandoned in the Abbott pasture seven miles north of Haskell this afternoon.

George Herren, owner of the tract reported finding the car while riding the pasture. The fence had been cut and the car driven several hundred yards into the brush from the roadway.

Local officers brought the automobile in.

Rev. and Mrs. Cogswell moved last week from Nocona here. Rev. Cogswell is the new pastor of the Christian churches here and in Benjamin.

PANAY FILM FOR HOME MOVIES!

Norman Alley's Exclusive Pictures Printed for 8 & 16 mm Projectors

The largest single order ever placed for 8 and 16 mm movie film will carry Norman Alley's uncensored story of the bombing and sinking of the U.S. gunboat Panay to home movie owners all over America, according to exclusive contracts just signed by Castle Films with Universal newsreels.

Intense public interest in the "closed" incident has Castle laboratories working 24 hours daily to print 12,000,000 feet of the controversial film to be distributed through more than twelve thousand department stores and camera shops. The motion pictures show the actual bombing and sinking of the Panay... the crew's return of Japanese fire... the abandonment of ship... closeups of confusion and wounded... all the details of the attack upon which

Norman Alley

film gives people of the world an opportunity to have an exact record of a dangerous international incident which they can study in their clubs, in their schools, churches and homes, and decide for themselves on whose shoulders rests the responsibility.

Eugene Castle

"In the past, the public has had to depend on long delayed and carefully phrased diplomatic statements for knowledge of incidents of this kind. This film strikes another body blow at secret diplomacy which is by far the greatest single reason for international misunderstanding and world unrest."

Salt Water Plunge Kept Clean in Easy Home Way Known to Millions

VACUUM clean the ocean? Why not? The electrical vacuum cleaner which daily demonstrates its good qualities to many millions of American housewives is used in more ways than to keep dust out of carpets, rugs, upholstery and draperies and off the window ledges and all flat exposed surfaces in homes throughout the country. In California, for example, at Long Beach the floor and walls of a salt water plunge are vacuum cleaned every day. Using an appli-

ance with the same principle that serves American women, a diver in nine feet of water pushes the cleaner over the tiles, three hours a day and six days a week. Before the vacuum cleaner was put into use six years ago, it was necessary to drain the pool before the surface could be scrubbed. Now it gets a daily cleaning just as do millions of homes and, similarly, with far less cost and labor than by the old method.

JACK OF ALL TRADES

MORTON BOWE

Sculptor, printer, wood carver, cabinet maker and photographer are some of the hobbies and avocations of Morton Bowe, popular radio tenor, who is starred as soloist on Columbia's new Sunday edition of the "Heinz Magazine of the Air" hear from 5:00 to 5:30 p. m. EST. While Morton's success was reached in a roundabout way it is evident that he did no mooning around while getting there. Starting as a choir boy, the singer realized his ambition to be a church soloist at the age of twelve. But his saddest moment came during the world war when his voice

changed and he was unable to sing for some time. It was then that Bowe turned to the printing trade as a linotype operator on a Boston newspaper, and finally with the return of his voice worked his way through the New England Conservatory of Music. During this time he also served as a wood carver and apprenticed sculptor. Later Bowe joined a Broadway quartet and toured for two years with vaudeville units and stage plays. Since entering the radio field seven years ago he has risen to popularity as one of radio's foremost soloists.

W. M. S. MEETING

"W. M. S. Fifty Years Ago" was the topic for study Monday afternoon for members of the W. M. U. of the Baptist Church meeting in the home of Mrs. A. J. Malouf. Mrs. J. G. Dutton was at the piano for the opening hymn.

Mrs. W. D. Green directed the program with members giving discussions as follows: Mrs. Birdie Allen, the devotional; Mrs. E. O. Jamison, "Just 50 Years Ago"; Mrs. Gene Clonts, "Heart of Gold"; Mrs. Horace Finley, "Homeland Today"; Mrs. John May, "Home Mission In The Homeland"; Mrs. O. W. Caussey, "Evangelistic Work and Rural Evangelism"; Mrs. Vance Jones, "Reaping With Joy."

Prayers were offered by Mrs. E. O. Jamison and Mrs. Birdie Allen.

After a business session, in which the very attractive yearbooks were presented, a short social hour was enjoyed by seventeen members.

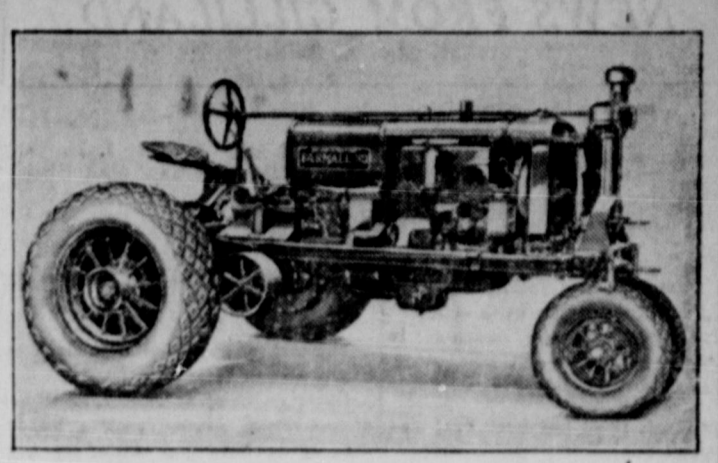

Mrs. Malouf was assisted in entertaining by Mesdames Allen, Green and B. L. Kay.

Miss Ona Galloway had as her guests Sunday, Miss Ila Jackson of Benjamin, Barney Barnard of Haskell, and Charlie Griffith of Austin.

IN THE SHADOW OF THE CAPITOL

By Boyce House

The old and the ultra-modern in sharp contrast;

Outer doors of an Austin bank are of ponderous bronze with a panorama of cowboys and cattle. By day, these, heavy doors, with their everlasting tribute to the romantic past stand ajar, with ordinary looking doors just beyond. As a patron approaches the threshold, ghosts seem to open the inner doors and to close them behind him. It is done by electricity, of course.

Across the street stands the old, three-story stone building in one corner O. Henry worked as a bank teller more than 40 years ago. A drug store now occupies the location. Customers consume a triple-deck sandwich or a strawberry mated milk on the spot where the life of the great short-story writer dipped into tragedy (flight to Central America and a term in prison resulted) and from the shadows of tragedy, his life never fully emerged.

Shakespeare once said, "What's in a name?" But he never ran for office in Texas. A name that is distinctive, easily remembered and friendly sounding is worth a lot when one is trying to make an impression on million voters in an empire nearly thousand miles across. Ralph Yarbrough used a middle initial "W" but since deciding to enter the race for Attorney General, he has dropped the initial. When one remembers that Yarbrough is ranked as one of the best speakers in Texas and that the "W" stands for "Webster" it can be seen that he made a real sacrifice.

The man had a three-days' stubble and he shivered in the wind that whistled around the corner of the Driskill Hotel late on a February night. He appealed to a passerby for a dime and, when the coin was given, he added, in a brave effort at pride: "My cousin's picture hangs on the wall in there," motioning toward the lobby where the painted likeness of states men are displayed. "I could get appointed to a job in Washington but I'd rather make a living automatically." And, come to think of it, who wouldn't?

THE EAGLES ECHO SUNSET GIRLS LOSE GAME WITH KNOX CITY

The Sunset girls did not make a very good showing in the Knox City Tournament, Thursday night they played Bomarton. They had only one substitute, Dorothy Gammill fouled off. This put in the only substitute, Lucy Thompson. A few minutes after the third quarter Nell Nix fouled off. This left only five players Bomarton was about forty points ahead, so the Bomarton coach permitted Nell to finish the game. The game ended with the scores of 52 to 9 in favor of Bomarton. The team felt just without the presence of La Verne Bumpas. She was absent because of illness. Nellie Louise Prather, Juanita Hunter, and Lucy Thompson played in this game. They have been substitutes all the season.

Friday night the girls were due to play Knox City. They felt that they would win this game, as Knox City has not beaten them this year. When the team learned that Lovola Cheek and LaVerne were ill, their hopes fell a little. With these two absent there were only six girls to play. Loma Rae Clarke, Nettie Griffith and Nell Nix played as forward and Dorothy Gammill, Nellie Louise Prather and Juanita Hunter guarded. A few seconds after the third quarter the fourth foul was called on Nell Nix. This left only five players on the court, but Knox City were only three points ahead. About four minutes before the game was over, Nellie Louise Prather fouled off. This stopped the game. The girls who have played as subs all year proved that they will develop into real players ready to take the girls places who finish this year. The game ends with the scores 15 to 10 in K. C.'s favor. This game put the Sunset Girls out of the tournament.

The girls practiced Volleyball some last week, but are waiting for basket ball again this week for the county meet that is to be held the 11th and 12th of February. After this tournament, Volleyball will again be taken up.

K. C. HOSTESS AT BASKET BALL TOURNAMENT. WIN ONE, LOSE TWO GAMES

Thursday night, February 3rd marked the beginning of a hard fought basket ball tournament that lasted until Saturday night February fifth. Knox City played hostess to several different schools including Weinert, O'Brien, Mattson, Midway, Rule and Bomarton.

Three very attractive cups were presented to the three teams who were most outstanding at the close of the tournament. A large crowd witnessed the final games Saturday night between Knox City and Mattson for consolation and Weinert vs. O'Brien for championship. They were two hard fought games with O'Brien as champion, Weinert as runners-up and Mattson as winners of consolation.

Although, the Greyhounds led Mattson a fast stepping chase they lost. The girls team hope to have these schools back for their guests in the future.

Friday night the Greyhounds met the Sunset Eagles in a grand game of basketball. Carr, McElroy, White, Benedict, Shaver and Davis started off the game. The girls started off with a fierce determination to defeat their opponent. They played grand ball and at the half the scores were in Sunsets favor. The girls returned with a fresh vim, vigor and vitality to fight a hard winning battle. The scores at the close of the game were 20 and 15 in favor of Knox City. The girls played a wonderful game and everyone is proud of them.

INTERSCHOLASTIC LEAGUE

Increased interest since mid-term has been shown in the Interscholastic League Work in Knox City Schools. The debating teams are beginning work and tennis will soon be in progress. Track and spelling have been in progress for quite awhile and every day new work is being started.

KNOX CITY BOYS VS. O'BRIEN

Saturday night Knox City and O'Brien Senior boys played a very exciting basket ball game. Gaither, Dutton, Humphries, Carver, and Benedict started the game. If Knox City had have thought a little more about passing the ball K. C. could have won the game easily. At the half the score was 14 to 13 in O'Brien's favor. At the end of the game the score was 32 to 24 in favor of O'Brien.

VOLLEY BALL

Volley ball season begins in full swing this week. With basket ball season over, we look forward with enthusiasm for a successful volley ball season. Now, we will have a regular practice with main and second string. Miss Reid, coach has much faith and hope for the girls.

Last Monday night we played Monday there. We were defeated in every game but your reporter fails to recall the exact scores.

JUNIOR NEWS

The Juniors were called to the most important class meeting they have ever attended, at this class meeting the Juniors selected their play and the committee to select the characters for the play. The exact date has not yet been set.

The Junior Class plans to make this one of the most successful plays ever given by any other class or organization. The Juniors have found that the one and only way to make a thing a success is by cooperation from every member of the class. Watch for the name of our play and the date on which it is to be given in next weeks issue of the "Kennel."

Personals

Miss Evelyn Shaver of Rochester, Texas was the week-end guest of Dorothy Shaver.

Paul Edward Benedict was a visitor in Crowell, Friday night.

Hobby McCarty, Anna V. Carr, Marie Darr and Mary Helen Evans spent Sunday in Stamford, Texas.

TOURNAMENT SUCCESS

Cheers, hurrahs, whistles, and every other noise making devices were in use Saturday night when the four teams met to decide the victor. Each team was well represented and cheered by rooters, making the excitement even greater.

Our tournament could never have been a success without the moral physical and financial support of every team, coach, and person participating.

Financially speaking, our tournament was a success. The gross profit being \$98.02 and the net profit was \$78.00. Supt. A. M. Whitis has assured the basketball teams sweaters.

We are, of course, very sorry we could not retain any one of the three trophies but we stand by the saying "May the best team win. Looking at the final scores we firmly believe they did.

We are proud of the fact that there were no serious injuries occurred during our tourney. The most popular way of injuring proved to be bruising and wrenching knees but there was no serious injury of any kind.

In closing, may I, as spokesman for the basketball team, thank each and every person for their cooperation and help in making our Second Girls Annual Basketball Tournament a huge success. Thank you and Come back—Dorothy Shaver.

BEAUTIFICATION OF GROUNDS

In 1937 Knox City was so fortunate as to receive a PWA grant for a school building combination gym and auditorium. This year the members of the school board and the Parent Teachers Association are attempting to beautify the barren landscape surrounding the building.

Heds have been dug for foundation shrubbery, flowers, and trees. All grass and walks will soon cover our campus. Our aim is to make it the most attractive in the county.

ON FINDING OUT

Did you ever just sit and wonder where certain people came from, what they had done, and what they were doing? Well, its a bunch of fun. You should have been with me this morning. I was sitting in the study hall, and Mr. Dodgen walked in. He had a pleasant smile on his face and my curiosity got the best of me; so I walked up to him, and just popped the question to him. I took a deep breath and said, "Mr. Dodgen, where did it happen?" He looked at me kinda funny, then grinned (he caught on to what I was getting at "Smart Guy" Well, anyway, this is the way it turned out. Mr. Delmer Lee Dodgen was born at Walnut Springs, Texas, Basque County about ??? He started to school at Royston, and finished the eighth grade. He then moved to Groom, Texas where he finished the tenth grade. He was out of school for two years and then went to the academy of Clarendon College where he finished high school and one year of college work. He began teaching in September, 1922 (two years before he was of age to vote, figure it out for yourself.)

After attending summer schools at North Texas Teachers College at Denton, Texas he met a pretty young lady by the name of Miss Cecil Cooper. This daring young couple was united in marriage in 1924. I'm leaving out the colorful courting days, but you know how that is.

To this happy couple have been born three children: Charles Lee, Mary Beth, and Dorothy May. The Dodgen family came to Knox City in August, 1936. Mr. Dodgen has brought out the talent of many of our students, and we certainly do appreciate the superb work he and Mrs. Dodgen have done with the Band organization. Mr. Dodgen, "Our hats are off to you."

P. S. I just saw Mrs. Dodgen in the hall and she said Mr. Dodgen was the grand age of 21 when they were married.

TOURNAMENT GAMES

The girls Second Annual Tournament opened Thursday night, Feb. 3,

with the opening game being played between Sunset and Bomarton. This was a slow game. The final score being 52-9, in favor of Bomarton. Knox City was the second victim of that night. They lost to Weinert 28-16. This was one of the most interesting games of the tournament. The townspeople were very complimentary of the whole team and especially noted Dorothy Shaver for her outstanding guarding of Opal Dunham. Midway and O'Brien played the next game. It was a very fast, interesting game from the start to the finish. It was a tie score being 11-11. An extra three minute period was played to decide the game and at the end of this period O'Brien was in the lead with a score of 15-12.

Friday night Rule and Mattson played at 7:00 o'clock. At the end of the game it was found that Rule was leading Mattson by a wide margin, the score being 27-15. The second game and perhaps the most interesting to the home town, was the game played at 8 o'clock between Knox City and their old opponents, Sunset. Sunset put up a hard fight, but Knox City scored 24-15 over Sunset. Looking at the records we found that Carr was high point man of the game making a score of 13 of the 20 points.

Another of the Friday night games was that between Bomarton and Weinert, two very strong teams. Weinert carried away the game with a score of 28-23.

Midway and Mattson met Saturday afternoon at 2 o'clock in the Consolation semi-finals. Mattson beat 34 to 27. Rule and O'Brien played at three o'clock and it was a real game. O'Brien chalking up one more field goal than Rule, making the score 33-32.

Saturday night at eight o'clock the Knox City Greyhounds met the Mattson Mustangs for the purpose of deciding the winner of the Consolation prize. The game was close until the last quarter when White, McElroy and Shaver fouled off. The scores at the end of the game were 33-23 in Mattson's favor. The championship game was played at nine o'clock between the Weinert Cagers and O'Brien. O'Brien, whipped Weinert to the tune of 30-23.

The cups were awarded by Superintendent A. M. Whitis to the following teams: O'Brien, first place; Weinert, runners-up and Mattson, Consolation.

The Basket Ball teams will attend the County Meet at Munday next week-end. They have high hopes and are planning to bring honors upon Knox City High School—Mary F. Reeder.

HITHER AND THITHER

My ?? and ??
Hello, dear children, remember us? Yes, we thought that you would. All the scholars (?- in dear old K. C. H. S. showed up in their usual state of week-end dissipation and headaches Monday morning, but very Merry and gay. I betcha.

As your little friend Sally and Sadie Snoopums were doing some sycapated snoopin' down town Saturday night we wondered why a certain Senior girl was getting a certain Junior girl told, and all in the same breath, why a certain Senior girl could not hold her own?

Little Wynette Farmer gave every evidence of a simply "heavenly time last night" Monday morning—we're all with you. "Keed."

Doris, hon, it's getting to be a very cozy family affair isn't it? Don't you fret the, we all think it's sweet and J. E. probably does too.

Dorothy tells us, she got pinched and believe it or not there really is a blue spot on her arm. She also broke a small nerve in her hand and bruised her knee Saturday night. Where was she? Oh, she was playing Basketball nervously (?)

Buggie, who has suddenly gone red haired, was a visitor in Stamford Sunday afternoon—whew! That's one way to do it.

Marie was all a flutter Sunday afternoon over the same town as her pal Buggie. Down the main street who should come sputtering but her O. A. O. on his trusty motor cycle.

Geneva shows huge possibilities—After all we think that any girl who can get a boy to leave his date and follow her and ask if he might write isn't doing so bad. She is expecting that letter with the Seymour postmark on it in the very near future too.

A certain boy from O'Brien had a terrible time Sunday afternoon didn't he, Ruth? You should have

come home earlier, bet you will next time.

This is puzzling, just why didn't Dot want her name mentioned in this column any more?

Rowena, who came out to your house after you had gone to bed the other night?

Another someone seems to have that habit of hitting the hay early is Mary Frances. She had better quit it, especially on Friday nights.

Billye Bess seemed to have had the same trials and tribulations right along with the rest of us common B. B. players even though that certain someone was the referee.

Aha the love birds are cooling! A new romance is in the bud. Marion Conte and the Casanova of K. C. H. S., James Ray Swift, were seen at the local cinema, picture show to you, last Tuesday night. We wonder if they were holding hands????

Two out-of-town class rings have been seen flashing around the campus. They are the ones being worn by Mary Helen Evans and Geneva Walker.

We wonder what has happened to that couple that is the pride and joy of the entire school. Anita was seen at Munday with Rufus the other night.

While sitting and dreaming, we happened to be noticing the idiosyncracies. Wow, of the various kids in high school. Can you imagine:

L. N. with any girl other than Anita?

Dickie without that hat?

George Wall without his giggle?

Buggie Carr staying home on Sunday nights? You can't? Well, after a certain person came after her last Sunday night and she wasn't there she decided it would be best if she did stay home awhile. Hey—Buggie may be found home on Sunday nights between the hours of 7-12!

People in Knox City minding their own business for a change?

Ruth not writing letters to a certain person? Oh, haven't you heard? Well, they've called it quits. We heard Ruth received an anonymous letter from Sunset.

Nell frowning?

Mr. Shumaker smiling?

Miss Reid not being the most popular teacher in school?

Faye Heath without something to tell you?

Anything?—We can't.

And now, my pets, Let this parting thought guide you as you travel life's crooked lanes:

Once he pets you,

He forgets you,

Your're just a name on his list.

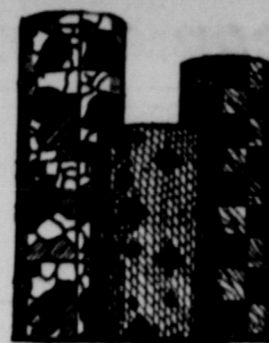

The one that marries, I betcha,

Is the lady who wouldn't be kissed.

Until next week when we shall bring you all the late flashes and scandal of K. C. H. S.—we'll be back in a flash with a flash!!!

Ernest Beck and Bill Blackburn of Vera were in Knox City Thursday on business.

Mr. and Mrs. Lawrence Rhodes and daughters of Wichita Falls, spent Sunday with Mrs. Rhodes' mother, Mrs. A. J. Gore.

DARR'S Motor Service

The P. T. A. Valentine party has been postponed for an indefinite time.

Denton, Texas—Speedy double trouble for both their competitors and dazed fans attending the 31st annual Milrose Games in Madison Square Feb. 5, this medley relay team from the North Texas State Teachers College at Denton is unique in sports history. It is the first time in all track records that two sets of twins have ever run together on one team, says their coach, Choc Sportman who is sending two sets of "identicals" to compete on the boards against Manhattan, Indiana and Ohio State. They are, left to right Delmer

Brown, who will run the 440; brother Elmer, who paces the 220, Wayne Rideout, the half and Blanc Rideout, his twin, who finishes with the mile. Gotham sports scribes who know the individual records of these four double are already admitting they are no mere freak combination and that they will give other medley entries competition. Twice in timed try-outs at Denton the Eagle quartet has cracked seconds off the record of 7:29.6 set by New York University for the medley in 1932, and the twins were running out of doors and experts are predicting

that Manhattan's Jasper quartet, used to running on the indoor boards in the tobacco-filled air of the Garden will have an advantage in experience. Just to complicate matters, Sportsman has announced at the last minute that he will take along a fifth "identical" twin, Co-captain Alvin Chrsman, who with the Browns and Wayne Rideout will compete in the mile relay. Fortunately for the dizzy fans who will watch the twins run Feb. 5, Alvin's twin brother Alton won't be there, isn't an athlete, and is safely at home in Baird, Texas.

Remember Pedestrians

Nearly half of the 36,800 people killed by automobile accidents in the United States last year were pedestrians, according to figures released by The Travelers Insurance Company. In most cases, the pedestrians asked for it. It is seldom that automobiles come up on the sidewalk and chase pedestrians. Sometimes they do, but not often. As a rule, a pedestrian wants it and walks out where he can get it. He'll pit his frail, watery flesh and fragile bones against a ton or two of thundering steel and glass and flaming fire. He'll put his life in the hands of drivers of cars coming at him at 25 to 75 miles an hour—drivers, many of whom, if he knew them personally, he wouldn't trust with ten cents worth of dog meat. He'll walk along a country road with his back to traffic (instead of facing it as he should) and leave it to the assorted morons, nit-wits, kids, drunks and a certain percentage of careful, intelligent drivers to see that they don't bump him into kingdom come. He won't be a sissy, so instead of waiting for traffic lights in city streets he'll dart out into a mess of swift traffic and jump around among speeding cars like a fox in the middle of a pack of hounds. He'll cross in the middle of the block. (4,640 killed out of his way last year.) He'll step out from behind parked cars without peeping (1,320). He'll cross busy intersections catty-cornered. Of course, some pedestrians are children whose parents haven't taught them the danger of playing in streets, but most pedestrians who get killed or maimed by motor cars ask for it and—GET IT! I'd say that it ought to be easy to eliminate 10,000 pedestrian deaths a year—if the pedestrians were interested.

People and Spots in the Late News

ANGLERS AWAY: . . . Season was officially open off "American Riviera" as 150 yachts and fishing schooners, gaily bedecked, opened third annual Metropolitan Miami (Fla.) fishing tournament with colorful flotilla and marine pageant in Biscayne Bay.

IRISH LIKE HIM . . . Popular in County Dublin social circles is John Cudahy, new U. S. minister to Eire; a keen horseman, he takes stone wall as competently as diplomatic hurdle.

AMERICA'S TOP DOG . . . He may wear a shaving brush for a tail, but Pillocc Rumpelstiltskin, French poodle, was judged best American-bred dog of 1937.

FOUR GENERATIONS . . . and Great-Grandma is only 48! Left to right: Robert Charbonneau, 3, of Medford, Mass.; his great-grandmother, Mrs. Edward Boyle; his grandmother, Mrs. Harold Thurlow, 31, and his mother, Mrs. Robert Charbonneau, 18.

FASHION FLASH . . . Miss Winnifred Mahn of New York struck new note at Palm Beach Biltmore with royal blue silk jersey swim suit, pleated skirt and white wool jersey beach robe. Beach hat of natural leghorn trimmed with royal blue ribbon topped ensemble.

SNOW NO BARRIER . . . New uses for hardwood, discovered by Col. George A. Richter, research director of Brown company, Berlin, N. H., and leading wood-pulp scientist, keep lumberjacks of north woods busy on extensive logging operations, despite rigors of winter.

EDITOR VISITS IN NORTH PART OF COUNTY GUIDE hd.

The editor in company with Buck Propps visited the north part of the county Monday. This was our first trip to that section since moving to Knox county and found a live progressive bunch of business men and farmers and cattlemen in that section. Our first stop was at Truscott where we found a nice little town of about five hundred inhabitants and several good business establishments.

We met postmaster A. S. Tarpley who informed us that the people of that section were contented with the that section during the past year and all were looking forward for another good year. Truscott receives more small grain than any other town in the county, also a great deal of cotton is handled there. We also called on Gay Hickman who runs a nice grocery store and was enjoying a good business, on down the street we met Mark Chowning who runs the blacksmith shop and he was too busy to talk much with us, but said the farmers were all getting ready for their spring plowing. We called on E. P. Storm local hardware dealer who has a store that would be a credit to a town twice the size of Truscott after leaving the hardware store we called on Mr. E. W. Brown local druggist who also has a nice store across the street we visited with Mr. Caram, who has a nice stock of groceries and he said that business was good with him. He is also interested in farming. Our last place to visit was the Truscott bank where we met Mr. Houghton who is the president who said that he was glad to know that we intended to make the Knox County Herald a real county wide newspaper. We also visited Mr. Dunn who runs a garage there. He also informed us that he was making the race for County Commissioner or from that precinct to succeed Mr. Welch who is not a candidate.

Truscott is truly a wide-awake little town and has a number of live business men. While there we made arrangements for a regular correspondent who will write the news of that section each week.

After leaving Truscott we drove over to Gilliland and we must confess that in our opinion this is the best farming section in Knox county we only met a few people in Gilliland those being Mr. and Mrs. Garland Cothern who run a nice up-to-date grocery store. We also secured a correspondent from that place. Our next stop was at Vera where we met a number of business men and farmers and also secured a correspondent for the Herald. We expect to cover the same section some time this month and add several subscribers to our rapid growing subscription list.

KNOX CITY PARENTS TEACHERS TO SPONSOR MERCHANTS CARNIVAL

The Knox City P. T. A. is sponsoring a Merchants Carnival Friday night, February 18, 1938 in the school gym. Everyone is urged to attend this carnival of fun. The prices are in range of all. The admission for an entire family will be twenty-five cents, and for high school students it will also be twenty-five cents. The admission in the grades will be ten and five cents.

DO YOU REMEMBER?

From the Knox City Journal Files Feb. 9, 1928

Work on Oil Well Very Slow
The work on the Brazos Bend Oil Co's Clarke No. 1 has been very slow for the past week or ten days due to a hard structure of rock at the depth of about 1600 feet. The work was closed down for a few days this week on account of the bad weather and some of the crew being sick.

Work was resumed again Wednesday morning and according to the Company's Scout the pay sand is to be found in the next 500 feet. The last core which was made some time last week showed more oil than any taken before, according to the Scout.

Pioneer Citizen Passes Away
Last Monday night at 11 o'clock Mr. W. D. Lee passed away. Mr. Lee was a pioneer settler of Knox County coming here in 1907 from Clyde, Texas. He was a member of the Baptist church and was never absent from any church service unless it was on account of sickness. As we heard a man say on the street, "he was one of the best men in Knox county."

Editorial

So that you may understand how the Journal stands on the the K. K. Klux Klan proposition we wish to state that we do not take sides either "anti" or "pro" and any reading matter or advertising from either side will be charged at our regular rates and must be signed by the party sending such matter in. We do not wish to make any enemies on either side and as we understand there is very strong rivalry between the two factions we thought it advisable to let you know where we were.
