

By JAMES HILL

In reporting a recent Pee Wee game, Gary White failed to mention that several of the touchdowns were called back—hence the boys making the runs weren't mentioned as the score didn't count.

At this particular game we happened to be present, but Gary turned the story into us as usual and after looking it over we thought everything was right.

No sooner had the edition hit the mail until the phone started ringing off the hook.

Some of the youngsters' parents, grandparents, and friends started flailing us good for the omission of the boys' names in the list of touchdown scorers.

We TRIED, probably without success, to explain the situation and also to tell the callers that we put only what was turned in to us, by scorekeepers, coaches and managers, in the paper, and that we didn't make the mistake. Our copy verified this fact.

A week or so later we thought everyone was satisfied and we had almost forgotten the incident.

That is, until we saw Nella Hansen stop in front of the office and hurry to the door as if she had something very important on her mind.

Before we could stop running long enough to find out what she wanted, we ran to the back door and almost went through the darn thing without unlocking it.

While we were bouncing the door—and wall—we heard the wife and Nella say something about some poster paper or a classified ad—something trivial like that!

I don't know why we thought Nella had come in to do battle unless we had gotten kinda gunshy dealing with some of the other irate citizens.

We have never considered ourselves to be too big a coward, but golly, we didn't want to have any trouble with Nella and her clan.

Daddy, as well as Granddaddy Shaver, is still very much of a man, and we are afraid the whole dang Shaver bunch takes after him.

Seriously, though, of all people to discredit, we will never be guilty of discredit to any of our youngsters. We are as proud of them—ALL of them—as any one.

As this column is being written, we don't happen to know who or where, the Greyhounds play Friday night.

Our guess—Matador, and the game to be played at Paducah. Details will be found elsewhere in this issue of the Herald.

City Secretary, Deputy Chief of Police, and a few other titles we can't put our finger on at present, Wesley Garrison, has been tearing old Knox City apart the last two weeks.

Wes said someone moved his car from the main street to an alley and stole a pair of shop-made boots from the vehicle.

The boots didn't belong to Wes. He said they belonged to his father-in-law.

Knowing Wes pretty well, we can't help but wonder if he is trying to brother-in-law his father-in-law.

PASSING THOUGHT:—If you can't get behind a movement for the good of the community the least you can do is get out from in front of it.

For years and years we have made fun of the ladies' headgear. Since living in KC, we have had to stop our war with Le Femmes and look aghast at the gentlemen's headpieces. Practically all the male population hereabouts has a hat of "distinction."

Remember the old saw—"If you can't beat 'em, join 'em!"—Well, we have finally succumbed to the temptation of buying one of those "latest creations" in men's wear.

We are now waiting—with baited breath—for the little jewel to arrive.

If our courage holds out, we MAY wear it!

No doubt Judge Williams and Hob Smith will buy one, too when they see it!

We don't know who to see for how to get the job done—but maybe some reader will know the answer to our question:

Reckon we could arrange it so that Cidy Williams and Sammy White could announce our district and regional games?

As most of the fans know, we have the BEST announcing combo in the country. They announce the games with professional clarity and are unbiased—we know Matador, or whoever we play, would appreciate good announcing as well as we.

Our hats off to those gentlemen!

Lions Hear Talk On Safe Driving Plan Insurance

Lions Club members voted to close their business establishments Thanksgiving day, at their regular Wednesday noon lunch meeting.

Bill Long, insurance representative from Wichita Falls, was guest speaker.

Long told members about the new insurance law which goes in effect Jan. 1, 1960. Texas State Board of Insurance has adopted the new plan and it will be known as the Texas Safe Driving Plan.

Long said the plan was put into effect for the purpose of rewarding persons who were "safe" drivers. The new insurance will be in effect for liability, collision, and medical insurance. It does not include comprehensive insurance.

The plan will be based on the point system, as follows: If a person does not have a collision, receive a traffic ticket or be arrested for DWI for the past 39 months, they will be eligible to receive new policies at the rate of 20 percent less than present ones.

A fine or accident of \$25 will be a point against the driver and his cost will be the same as it now stands. Two points will increase the rates 20 per cent three points, 40 per cent. Six or more points will increase insurance rates up to 100 per cent.

Long said the new policy will be mandatory in the State of Texas and all insurance companies will have the same clause.

KNOX CITY JAYCEES HAVE A THREE DAY "TURKEY SHOOT"

Knox City Jaycees will have a "Turkey Shoot" Thursday, (today), Friday, and Saturday, Nov. 19, 20, and 21, from 9:00 a.m. to 9:00 p.m.

O. W. Caussey donated the old postoffice building to the club for the shooting contest.

A shooting range will be built and targets put up for the contest.

Price will be five shots for \$1. and a turkey will be awarded on every 20 targets, for the highest score. Men and women will compete in separate divisions and in case of a tie, a match shoot will be held to determine the winner.

Turkeys will be dressed and weigh between eight and ten pounds. Tickets will be awarded winners and they will be redeemable at "M" System Super Market for turkeys.

Greyhounds Journey To Paducah; Tangle With Matador Friday

Knox City's Greyhounds journey to Paducah Friday night to play Matador for the bi-district title.

Knox City ended district play two weeks ago by defeating Rochester, and Matador won their district last week by defeating Turkey, 26-12.

In an interview with Coach Ted Darland Monday, he said: "Matador has a fine ball club.

C of C Members Sponsor Circus

Board members of the Chamber of Commerce met Wednesday morning and made plans for a pre-Christmas Circus to be in Knox City Dec. 10.

Chamber Manager George Houston said the circus would last all day and would feature Santa Claus, an elephant, Chimpanzee, and a pony act and rides.

There will be four Shetland ponies and two donkeys for the youngsters to ride, all free of charge.

Santa will have a booth to interview the youngsters.

Houston said Jaycee President Jack Arledge directed the meeting and the two organizations pledged to support each other on all civic projects.

Livestock Survey Begins Nov. 19

Postmaster Jeff Graham announced today that rural carriers will begin distributing Livestock Survey cards November 19.

Chad Wilson, Route 1, will be leaving cards with farmers and stockmen along their routes.

Patrons receiving livestock cards are requested to complete and return them to their mail box. Cards will then be returned to the Texas Crop and Livestock Reporting Service in Austin. Information from this survey is used in estimating numbers of cattle, hogs, sheep and chickens on Texas farms and ranches.

Many farmers and ranchers are glad to take a few minutes time to answer the questions asked on livestock numbers in order to have information available for making business decisions. Information obtained from this survey is returned to farmers and ranchers through Texas Crop and Livestock Reporting Service releases, newspapers, radio and television.

This annual survey has been a joint undertaking of the Post Office and the Department of Agriculture since 1924, concluded Mr. Graham.

They aren't as big as our club, but they move real good.

"Also, they have the best full-back we have faced all year."

Coach Darland was referring to Matador's Fullback Guy Campbell, who tips the scales at 170.

Coach Curtis Hines also added—"Matador has an outstanding quarterback—Dink Willson. He weighs the same as our quarterback, Joe Elledge, 118 pounds."

"This game should be a very good one," both coaches said.

Coaches Darland and Hines agreed they would have a big job in getting the boys ready for this game, as they have had a week of no practice and bad weather seems to have plagued the 'Hounds.

Fullback Larry White is still recovering from his knee injury, but if he progresses satisfactorily, will probably see action Friday night.

This is the first time Knox City has gone to a bi-district play-off since 11-man football was resumed here a number of years ago.

Admission will be:—Adults \$1.50; students, 50 cents.

Tickets are on sale at City

Six men were battered and burned in an explosion at Cities Service Butane Plant Saturday afternoon at approximately 5:00 o'clock.

The victims were Charles L. Keener, Bob Stone, Billy Joe Fritz, Gerald Huff, Bob Chaney and Jimmy Huntsman, all of Knox City.

Billy Joe Fritz and Bob Chaney were working on a construction crew enlarging plant facilities and the other men are employed by Cities Service.

Huff was treated and dismissed from the hospital Saturday night.

Keener and Fritz were the most seriously injured, receiving extensive burns to their face, neck and arms.

The blast was thought to have started from a welder's torch setting off fumes from a gas pipe nearby.

Jimmy Huntsman was released from the hospital Wednesday and Chaney may be dismissed today.

Keener and Fritz were improving satisfactorily, the hospital reported.

Floral Arrangements Discussed At Study Club Tuesday

A discussion and demonstration of floral arrangements was given by Mr. James High of Stamford for members of the 1946 Study Club Tuesday afternoon at the Womans' Club.

Mr. High discussed color and balance in arrangements and displayed several colorful fruit and artificial centerpieces he had made. He demonstrated his talk by making an arrangement showing each of the materials used.

The climax to his lecture was an arrangement for Christmas which included the centerpiece of red carnations highlighted by a decorative bird. He showed other accents that might be used during the Christmas season.

Cake and coffee was served to the guests as they arrived by the hostesses, Mmes. George Wall and Don Reeves.

Mr. R. W. Scott, band director presented six of his junior band students playing Christmas carols. They were Bill Cornett, Pat Shannon, Wanda Mincey, Rodney Wright, Ray Beason and Olie Ray Garrison.

The club voted to bring gifts to the Christmas party that would be suitable for sending to patients at the hospital in Wichita Falls. A discussion of plans for the Christmas party was held. The hostesses for it will be Mmes. Carl Shelton,

Streams In Desert Places

Ozelle Stephens

"And he (Moses) cried unto the Lord" . . . (Ex 15:2-5) Life is wonderful with all of its joys and beauties, yes, its trials and heartaches. It is bitter-sweet. It takes the bitter for us to really enjoy and appreciate the sweet, such as the waters of Marah. The children of Israel had been wandering in the hot desert without water. When they came to Mirah plenty of water was found but it was bitter and they could not drink.

"Moses cried unto the Lord." When he opened his eyes he saw a tree. When it was thrown into the waters they became sweet. Israel had water to drink. When we cry unto the Lord, he opens our spiritual eyes to the most wonderful beauties and the great sweetness of life. Take time to cry unto the Him, who gives the more abundant life.

Jaycees Have Safety Road Block At Benjamin Wednesday

Knox City Jaycees held "Operation Road Block" at Benjamin last week for the Veterans Day week end traffic.

Plans had been made to hold the safety road block from Tuesday evening until Thursday morning, but due to lack of traffic on the highway, the all night vigil ended Wednesday.

This was the first project of this kind the new club had undertaken, and all in all, members thought it a success.

Travelers through Benjamin were invited to stop and partake of free coffee and donuts.

'Graham Crackers'

BY J. TOM

With Thanksgiving approaching, there will soon be appearing in newspapers and magazines articles that remind us how much we have to be thankful for in the Twentieth Century. Generally, Thanksgiving reminds us how thankful we should be for having food and shelter over our heads.

I can think of five boys who will certainly be thankful for these things this year. They are Chad Wilson, Doyle Graham, Jimmy Phillips, Joe Ed Glover and one more blundering idiot. The reason for this gratitude is a long-horrible story, far beyond the imagination of even the most brilliant novelist.

The setting for the story is as follows: time, last Thanksgiving day; place, a cave, well concealed far out in the hills. The plot is the exploration of the cave.

Before you can explore a cave you must first get there. So the fools (as I will refer to them) set out on the four-mile hike heavy laden with over-night camping gear. They got a rather late start and soon managed to get good and lost.

Anyone who has ever camped over-night will tell you that it takes a world of equipment, especially when the weather is cold, which it was. Therefore they were handicapped by the back-breaking gear, and considering they were lost, the four-mile jaunt soon turned into approximately a six-mile, four-hour (counting the rests) hike over rocky, mountainous hills.

By twilight as they began to give up hope, they stumbled up on the Wichita River, and by dark they were coming down the steep bank concealing the cave.

Soon they had set up camp in the dry river bed, built a roaring fire, cooked a fine supper of rabbit, and were settling down to a game of poker. They were playing on Joe Ed's bed roll which also held all of Chad's cash. Suddenly, the fire exploded, sending ashes everywhere. Many fell on Joe Ed's bed roll and he grabbed it and popped it hard in the air to remove the

ashes. This action sent Chad's pennies flying everywhere. That ended the poker game!

It was beginning to get obvious that the thermometer was going to drop out of sight so the fifth member of the party came up with a brainstorm, "To keep one's feet warm, heat one a rock in the fire to put in the bottom of one's bedroll." A short while after the feat had been accomplished, someone called his attention to smoke leaking from the bottom of his bedroll. It took about ten minutes to extinguish the fire, remove the over-heated rock, and stuff the hole which it left.

Then it began to rain. After it soaked the would-be sleepers, it froze and began to snow. The mercury dropped to 27 degrees and it was a long night.

But eventually morning came and Doyle tried his hand at pancakes. It went something like this, "Pour in pan. One, two three flip, one, two, three flip. Here you are, Jimmy."

They were pretty good, if you like them burned on the outside raw and wattery in the middle and well mixed with sand which somebody kicked into the frying pan.

Despite all the setbacks, the purpose was accomplished. They explored the cold, wet cave then they started home. Little needs to be said about the return trip because it was identical to the first, including getting lost.

They arrived home the day following Thanksgiving, much more thankful than before they went on the terrible trip.

If everyone could enjoy a similar experience, they'd be much more thankful for their present shelter. However, not everyone would be foolish enough to take a camping trip this time of year including those five boys. It is a cinch WE wouldn't do it again!

There's nothing like a new car—and no new car like a Chevrolet. This is the 1960 Chevrolet Bel Air Sport Coupe!

PEOPLE SAY THESE ARE THE THINGS THEY WANT IN A CAR... and CHEVROLET for '60 comes closest to meeting every need!

Interviews with thousands of car owners across the country show clearly what they like or dislike about their present cars . . . and what they want most in their 1960 cars. Here's what the people tell us they want . . . and here's how Chevrolet meets their needs.

"Price, that's what's uppermost in my mind." All Impalas and Bel Airs with V8 engines are lower in price, as are automatic transmissions and many other popular options. Also Biscayne now include as standard equipment conveniences formerly optional at extra cost.

"And how about operating economy? And resale value?" You keep right on saving after you buy your favorite Chevrolet, too. And Chevrolet's traditionally higher resale value means you'll get more back when you trade.

"Give me plenty of good old-fashioned comfort." There's comfort and then some in this one. Chevy's long on space, for one thing. Once you're under way you'll know just how comfortable Full Coil suspension makes your ride.

"Safety—don't forget safety!" You're surrounded by safety features in a new

Chevrolet. You've got big, sturdy brakes underfoot, for example, that last longer. As it has been for years, safety is standard equipment in Chevy.

"Let's keep upkeep down, too." More than ever, Chevrolet for 1960 is built to stay on the road and out of the repair shop. You can tell that from its hushed, unruffled way of going, from the solid *thunk* of Chevy's big doors. Of course, if you should need service, you're always near efficient, economical attention to your needs.

"I want a car that will stand up to the driving I do." For proof of Chevy's staying power, just spend a minute watching the nearest road. You'll see more Chevrolets traveling on it than any other car—evidence-on-wheels of Chevrolet durability. (And that higher resale value attests to it, too.)

"Me for a sweet-handling car." Handling's always been Chevy's forte, and

1960 is no exception. But really, this kind of lightness and precision you've simply got to enjoy for yourself.

"... a car you can look at and be smug about buying it." Chevrolet for 1960 leaves the low-price field far behind when it comes to fashion. But you're the best judge of styling, so take a good close look at Chevrolet. We warn you: you're about to fall in love.

"And performance. Let's have a hot one!" Chevy's spirited V8's have set the standard for ultra-efficient power in American-built passenger car engines. You've got a long list of performance-minded transmissions to pick from, too.

So that, friends, is what you told us you want. We think it can be summed up rather well in just one word: *value*.

Get the full story of Chevy's brand value soon at your Chevrolet dealer.

Nearest to perfection a low-priced car ever came . . .
