General Telephone Co. To Dedicate New Bldg. In San Angelo Sept. 24-25

The expanded general offices of General Telephone Company of the Southwest and Southwestern States Telephone Company in San Angelo will be dedicated September 19, according to E. H. Danner, president of both companies.

Leslie H. Warner of New York, president of General Telephone and Electronics Corporation, parent company of General Telephone of the Southwest and Southwestern States, will make the dedication remarks.

L. Gray Beck, executive vice president of both companies will preside at a luncheon following the dedication and Mr. Warner will be speaker.

Employees will have a preview of the building the evening of September 21.

An open house will be held on Saturday and Sunday afternoon, September 24, and 25.

The 90,000 square foot addition, plus the original 59,000 square foot building, houses offices for 596 General Telephone of the Southwest employees and 137 Southwestern States employees. It also serves as the "nerve center" for overall operations of both companies.

General Telephone of the Southwest serves 260 exchanges and over 430,000 telephones in New Mexico, Oklahoma, Arkansas and Louisiana. Southwestern states serves 176 exchanges and over 220,000 telephones in Texas, Oklahoma, Arkansas and Louisiana.

Special points of interest of the open house tour will be a telephone museum containing

one of the largest collections of antique telephones in the Southwest, a communications center housing working models of various types of sophisticated communications equipment, one of the largest computer systems in the Southwest, as well as the executive offices, conference and board rooms.

Paintings by employees, their families will be exhibited in the coffee shop after being judged by Loyce Easley of Hobbs, New Mexico, wife of New Mexico Lieutenant Governor Mack Easley.

Mike Glenn Elected Band President

The Knox City High School Band met Friday, September 9, to elect officers for the coming year.

Officers elected were President, Mike Glenn; Vice-President, Carolyn Crowover; Secretary-Treasurer, Karen White; and Reporter, Connie Gilbert.

It was decided that a nominal fee of fifty cents a semester would be paid by each band student. Money will be put into the bands bank account.

PAULA MYERS AT TULIA

Paula Myers, recent graduate of Commercial Business College in Abilene and a 1965 graduate of Knox City High School, has accepted a position in the County Clerk's office at Tulia.

Paula is the daughter of Mr. and Mrs. Kenneth Myers.

Guild Has First Meet Of Year Mon. Night

The Wesleyan Service Guild of the First Methodist Church met for its first meeting of the year Monday night, Sept. 12. The meeting was called to order by the Guild President, Mrs. Lena McGee and Mrs. Loyce Teague gave the Devotional.

There was a short discussion on the District Guild meeting which will be Sunday, Sept. 25, at Quannah. All members were urged to attend. The meeting was then turned over to the program chairman, Mrs. Evelyn Warren.

Theme of the program was "Grand Assembly of Methodist Women" which was held in Portland, Oregon. Speakers at this assembly were reviewed, including two Texas men, Lance Webb and Kenneth Copeland. Also another speaker reviewed was the Governor of Oregon, Governor Hatfield. Taking part in the program were Mmes. Louise Graham, Lillian Logan, Alene Waldrip, Myrtle White and Warren.

The meeting was dismissed with a prayer led by Mrs. McGee.

Hostesses for the evening were Mrs. Oleta Fitzgerald and Mrs. Mary Baker.

Fourteen members and three guests were present.

Mrs. Parkhill Dies Rites Held Sunday

Funeral services were held Sunday, September 11, at the Gillespie Baptist Church in the Sunset Community at 3 p. m. for Mrs. Vera Parkhill, 71, who died at Hendrick Memorial Hospital in Abilene Friday at 11:30 p. m. She had been hospitalized there one month. The Rev. Jerry Clark of Vidor, a former pastor and the Rev. Roger Butler, also a former pastor officiated. Burial was in the Knox City Cemetery with Smith Funeral Home in charge of the arrangements. Born March 28, 1896, in Knox County, Mrs. Parkhill married Earnest Parkhill December 21, 1913, at the home of her parents, the late Mr. and Mrs. M. A. Lowrey. She had lived here all of her life and was a member of the Gillespie Baptist Church.

Survivors include her husband; one son, E. G. Jr. of Dallas; three brothers, B. L. Lowrey and M. S. Lowrey, both of Knox City; Simon Lowrey of Palestine; Two sisters, Mrs. Mary M. Lowrey of Dallas and Mrs. J. O. Hamm of Knox City, one daughter, Mrs. Narres (Virginia) Duncan of Houston and six grandchildren.

Knox City School Receives Aid

Knox City Independent School District recently had its application for funds under the Title I Program of the Texas Education Agency approved in the amount of \$9,612.00 according to Supt. E. A. Youngblood.

On Monday, Sept. 12, four ladies began employment with the school as teachers' assistants. They will also give individual help to those students in need of it. Working in the elementary grades are Mmes. Ray Escobar, Charlie Spencer, and Norman Arnett. Mrs. Leon Burkham will be assisting in the high school.

Supt. Youngblood said that a pre-school program is being planned for next year, much the same as the one held this year.

Balance of the funds will be used for teaching materials and instrumental aids.

SUNDAY VISITORS

Out-of-town visitors in the W. O. Donaldson home Sunday night were Mr. and Mrs. R. Lee Webb and children of Phantom Lake, Mrs. Joyce Haulihan and children of Abilene, and Mr. and Mrs. Bobby Donaldson and Greg of Lubbock.

Vehicle Inspection Period Has Begun Sept. 1 - April 15

AUSTIN — Col. Homer Garrison, Jr., director of the Texas Department of Public Safety announced today that the 1967 vehicle inspection period has begun.

Garrison said that the new inspection period began on September 1 and will end on April 15, 1967 as prescribed by the Public Safety Commission. The inspection period is the same as in previous years.

"This means that between now and April 15, 1967, each of the five and one-half million Texas registered vehicles will have to secure the new green and white 1967 inspection sticker from one of the 5500 official inspection stations," he said.

Same Bushelage of Wheat Will Earn 1967 Certificates

Wheat growers who participate in the 1967 Wheat Program will be eligible for domestic marketing certificates for about the same amount of wheat as the increased allotment according to Arnold J. Navratil, Chair

in 1966 but the percentage of allotted acres is less because of man of the Knox Agricultural Stabilization and Conservation County Committee, said today. The percentage is 35 compared with 45 in 1966.

The expected domestic food use for 1967 is 520 million bushels. Mr. Navratil explained that the law requires domestic certificates to be issued for no more than the expected domestic food use. The 520 million bushels is 35 percent of the projected production of the 68.2 million acre national allotment.

In the 1966 program, the 45 percent of the farm projected yield for which program cooperators earned certificates was estimated to equal 500 million bushels. Thus, cooperators in the 1967 program will be eligible for certificates on 20 million bushels, he said.

Domestic certificates which are issued to help maintain farm income, will be valued in the 1967 program at the difference between the national average loan rate of \$1.25 and party next July 1. The certificates are valued at \$3.22 in the 1966 program.

Details of the 1967 Wheat Program may be obtained at the Knox County ASCS Office.

Haskell-Knox Baptist Group To Meet Today

The Haskell-Knox Baptist association will hold their monthly workers conference at First Baptist Church, Haskell, on September 13, with the Executive Board Meeting beginning at 5 p. m. followed by supper. The program will begin at 7:15 with Moderator, John Street, presiding. Song Services will be led by R. D. Williams. The scripture will be read by Troy Culpepper, new pastor of Haskell First Baptist Church. Jesse Root will lead the prayer.

High point of the program will be a talk on "Improving the Teaching Ministry in New Testament Churches," given by W. R. (Bill) Bumpas, of Dallas, who is known as Mr. Sunday School to all Texas Baptists. The sermon will be by the Rev. Bob Ekuland of First Baptist Church, Anson.

Ford Offers New 5-Year Or 50,000 Mile Warranty on 1967 Fords - Trucks

Charles Lankford of Lankford Motors, Knox City today announced that all purchasers of 1967 model Ford cars and light trucks will receive a 24-month or 24,000-mile basic vehicle warranty along with a 5-year or 50,000-mile warranty on the power train components, which include the engine, transmission, drive line and rear axle.

The new warranty, Mr. Lankford said, is the best the industry has to offer and will be an important factor in backing up the superior performance which customers have come to expect from Ford cars and trucks.

The 24,000-mile warranty was pioneered by Ford Motor Company on the Lincoln Continental and was later extended to the entire vehicle line.

"Extension of this warranty on the power train components for 1967," Mr. Lankford said, "is possible because of continued progress toward quality and reliability goals that year after year have enabled Ford dealers to be the leader in providing products requiring less and less maintenance."

Terms of the new warranty provide that for 24 months or for 24,000 miles on the entire vehicle, whichever comes first, and for 5 years or 50,000 miles on the power train, whichever comes first, free replacement, including related labor, will be made by authorized dealers of any part with a defect in workmanship or materials.

Tires and tubes are not covered by the warranty; appropriate adjustments will continue

to be made by the tire people. Owners will remain responsible for normal power train and other maintenance operations, such as wheel, brake and clutch adjustments and engine tune-ups, and for routine replacement of such items as filters, spark plugs, ignition points, wiper blades, and brake and clutch linings. To maintain the power train warranty protection the owner need only present evidence to a Ford Dealer and obtain his certification, once every twelve months, that the minimum services required every six months or 6,000 miles have been performed. This means that the engine oil and oil filter have been replaced and the carburetor air cleaner and filter, crankcase oil filler breather cap, automatic transmission front intermediate band, emission control system, lubricants and engine coolant have been service according to the recommended maintenance schedule of the vehicle in question.

The new warranty covers both the original owner and subsequent owners during the specified mileage and time periods.

Mr. Lankford said that his dealership would introduce their new 1967 models to the public on Friday, Sept. 30.

Streams In Desert Places

Ozelle Stephens
Hallowed be Thy Name Continued— In learning to pray, "Hallowed Be Thy Name"—there is a question we must ask and know there is an answer in the affirmative—"Is there anybody there?" Before we can pray we must be sure there is somebody to hear, and is conscious of His presence. There are many ways to be conscious of the presence of God. One is His marvelous Creation, "The heavens declare the glory of God: And the firmament showeth His handiwork." (Ps. 19:1). We can remember too, He holds the seas in "the hollow of His hand." (Isa. 40:12. Jesus saw the glory of God in the lily of the valley" (Matt. 6:28-9). Mrs. Browning sang, "Earth's Crammed with heaven, and every common bush afire with God." We see the infiniteness of God in the heaven and his perfection in the snowflake. The sunset teaches us his beauty and we know life is here to hear.

Song and Fun Day Well - Attended

In a Song and Fun Play Day held for all Knox County Girl Scouts Saturday, Sept. 10, leaders were well pleased with the large turnout.

Eighty-four girls representing the Brownies, Juniors and Cadettes were in attendance with their leaders from three towns in the county, Goree, Munday and Knox City.

The activities had been originally scheduled for the City Park, but due to the damp weather, the girls assembled in the Jr. High Gym.

Purpose of the meet, according to the Executive Director, Mrs. Betty Bennett, of Wichita Falls, was for the girls to learn more Girl Scout songs and games. The girls also had the opportunity of meeting other scouts and enjoying fellowship.

The girls carried sack lunches and canteens to the meet which lasted from 9 a. m. to 2:30 p. m.

Among the local leaders attending were Romain Stubbs, Mary Margaret Campbell, Nancy Boulton, Mary Keathley, Charlotte Jackson, Genie Cobb, Glenda Day, Peggy Grindstaff, Peggy Gulnn and Peggy McGahey.

CARD OF THANKS

We would like to express our sincere appreciation to all who comforted us in the recent loss of our loved one. To those who prepared and served the food, sent the beautiful floral offerings, helped with the services in any way, and for all the other expressions of sympathy, we are truly grateful.

Wooley Home Is Scene Of Family Reunion

The Luther Wooley home was the setting on the weekend of Sept. 3 for a family reunion where a special Sunday dinner was the highlight of that day.

Attending were: Mrs. Myrtle Kuykendall, Mrs. Juanita Purdon, Mrs. Cora bell Gardner, Mrs. Myrtle Swaner, Miss Irene Rader, and Robert Rader all of Knox City; L. D. Sanderson, Jr., Lee Sanderson, Dee Sanderson of Seymour; Mrs. Peggy Sanderson of Dublin; and Mr. and Mr. Elmer Scott of Weatherford and the host family.

THANK YOU

Words cannot adequately express our feelings of appreciation to all our local friends and customers and including those friends of Benjamin, Munday, O'Brien and Rochester, while doing business as Carver's News Stand the past 14 years in Knox City.

Nevertheless, I want to say thanks. I will miss you all. I especially wish to say thanks to Paul Hoge, who was always willing to lend a helping hand. He never seemed to resent my running over for change and other things. Thanks, Paul, for the many "a cup" of coffee brought over.

Good luck to George and Maxine! They will appreciate your business.

Remember me in your prayers and may God's richest blessings be yours.

Christian Youth Elect Officers

The young people of the Christian Youth Fellowship of the First Christian Church met for their first meeting of the fall, last Sunday evening. After making plans for the coming year, the officers for the year were elected.

The new officers include: Miss Carolyn Crowmover, President; Mr. Joe Reeder, III, Vice-President and Program Chairman; and Miss Connie Gilbert, Secretary-Treasurer. The youth meet each Sunday evening at 5:30 p. m. in the Church Fellowship Hall.

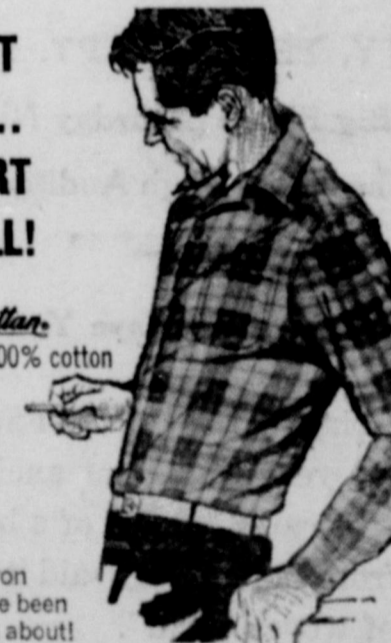

IN ABILENE

Mrs. W. L. Donaldson and Dorsi accompanied Mr. and Mrs. Donaldson and Greg of Lubbock to Abilene during the Labor Day weekend for a visit in the Lewis Bisbee and R. Lee Webb home. While there Mrs. Bisbee and Mrs. W. L. Donaldson were called to Ranger where their brother had been admitted to the Ranger hospital after being seriously injured in a car accident.

Restyled 1967 Chevrolet Truck Line

Clean, trim practical styling that gives a low, fleet look to this Fleetside pickup is only one of many advances in the 1967 Chevrolet truck line. Vision, cab comfort, and corrosion-resistance are improved. Other new features in the line include longer bodies and more power for Chevy-Vans, a redesigned, lower four-wheel-drive series, and diesels in forward-control delivery vans. In some larger models, a new shorter cab and front sheet metal design give a shorter wheelbase for improved maneuverability with no loss in load space.

Million - Bale Drop In Cotton Seen For Texas In 1966

The Agriculture Department estimates Thursday that Texas cotton production will drop this year to 3,675,000.

Nationally, the department forecast a 1966 production of 10,992,000 bales compared with 14,956,000 bales last year and an average production of 14,795,000 bales during the 1960-64 period.

The forecast reflect the effect of a new government program offering special payments to growers who plant less than their acreage allotments.

The program is aimed at reducing the record surplus of 18.8 million bales.

Acres planted to cotton dropped from 14,153,000 in 1965 to 10,567,000 this year.

The department said yield of lint cotton this year should be 539 pounds per harvested acre, compared with 526 pounds last year and 475 pounds for the five-year average. The yield per acre for Texas was forecast at 430 pounds.

Cottonseed production was forecast about 4,529,000 tons, in 1965.

The production of American-Egyptian cotton is expected to increase to 90,000 bales from 88,200 last year.

The Census Bureau said 395,862 running bales of cotton from this year's crop were ginned before Sept. 1.

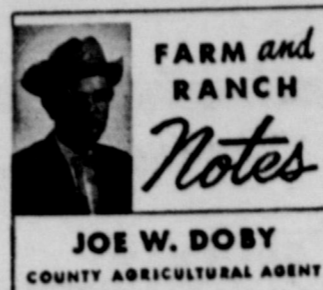

Newest Bldg. On Fair Grounds Will Be Service Bldg.

Newest building on the Fair Grounds, to be known as the Service Building, will house the first-aid station and the fire station and also the police department during Fair Week, Sept. 12-17. The building is located between the Display Building and the Poultry and Rabbit Building is completely air-conditioned and of course of concrete block construction.

Dr. Floyd Taylor, president of Taylor-Jones County Medical Society, has announced that the society will be responsible for manning the first-aid station. He has asked Dr. John E. Scory to serve as chairman of the committee handling all arrangements.

Miss Marlene Goodgame will be nurse in charge and will be assisted during the week by two other nurses, to be announced. Various doctors will assist in duties during the week, with a doctor available at all times. Minor hurts will be taken care of at the first-aid station but those requiring a greater amount of attention will be carried by ambulance to the hospital.

Dr. Story said that three Abilene funeral homes had agreed to provide ambulance service free of charge, each taking shifts. Elliot's Funeral Home, Kiker-Warren Funeral Home and North Funeral Home.

The boar accounts for one-half of the genetic material in swine herds and therefore it is important that a good boar is selected.

A good boar should be growthy and weigh about 220 lb. at about five months of age and should probe less than 1.2 inches of backfat. Select well-muscled boars with adequate length and sound feet and legs that are free of any physical defect. Boars should be bought at about 5 to 6 months of age and moved to the farm in order to become accustomed to the environment. They should be on the farm at least 30 days before they are used for breeding. Usually boars do not reach sexual maturity before they are 8-9 months of age, therefore, they should not be used until they are 9-10 months old.

Replacement boars should not be overfat. Four pounds per head per day in dry lot or 3 pounds per day on good pasture is enough feed to keep the boar in good breeding condition. On the average, overfat boars are not as active as lean trim boars.

It is advisable to allow replacement boars to have contact with the sow herd 2 to 4 weeks before the breeding season. Contact across a wire or a paneled fence is sufficient.

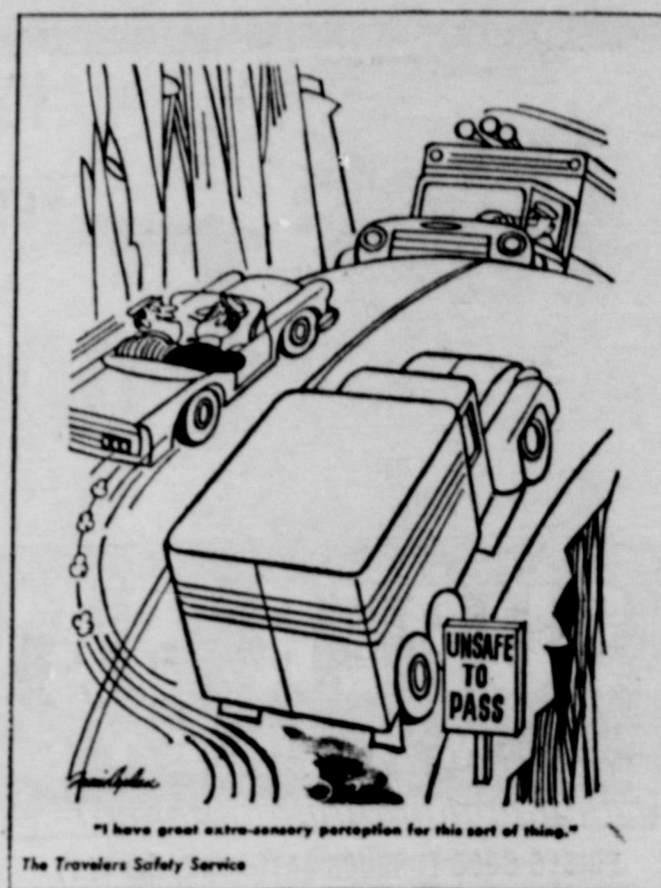

A boar accounts for one-half of the breeding herd, therefore, consideration should be given to this importance and price alone should not limit selection. Selection and management of good boars can result in greater profits in a hog operation.

Losses from handling are stealing profits from the Texas Livestock industry.

These losses include killed, crippled, and bruised animal, transit shrinkage and loss of bloom.

A conservative estimate places the per head loss for beef animals at 60 cents, or \$50 million annually in the United States.

You Bet Your Life

The Travelers Safety Service

Passing on curves and hills killed or injured 15,000 persons in 1965.

The national loss for hogs is about \$7 million annually.

Reduction of shipping handling losses can be achieved by outlawing clubs, whips, and other bruise-causing persuaders. Use canvass slappers, and use them sparingly. Eliminate protruding nails, bolts and broken boards in trucks, pens, and in chutes. Remove stumps, posts, and machinery that will cause bruises in feedlots and in corral areas.

Livestockmen should bed the truck properly. Also, have trucking equipment in good order. Loading should be done slowly and carefully as rough handling is an expensive way to speed up loading and unloading.

Protecting animals from bad weather, providing proper ventilation and frequent checking of the load are all good practices that may help reduce losses.

By keeping these suggestions in mind, shippers can reduce their handling losses and this

TAX MAN SEZ:

Do you take advantage of all your allowable deductions and tax benefits? The Internal Revenue Service has a booklet, "Your Federal Income Tax," that can help you solve most of your tax problems. This 50c booklet is written in plain every day language. It is available at your local Internal Revenue office and can be worth a lot of tax savings for you, or, on the other hand, save you a lot of tax headaches.

SCS and FHA PLANS TOUR FOR SEPT 15

The Soil Conservation Service and Farmers Home Administration is conducting a farm tour on Thursday, September 15 to which the public is invited.

The tour will begin at 9 a.m. from the City Cafe in Knox City. The tour will feature the various programs of assistance available to Knox County farmers and rural residents through the Department of Agriculture.

It is issued this reminder, Edwin Draughon, social security district manager in Vernon, said this part of the social security law was included in the 1965 amendments, but because of the impact of medicare, was overlooked by many people.

If benefits stopped when the child became 18, he may have benefits started again by filing a new application and showing he is a full time student and not married. If the student was over 18 when the parent died, he can still apply as long as he is under 22.

A leaflet, "Social Security Benefits for Students Up to Age 22," is available without charge at your social security office located at 1728 Fannin St. in Vernon. It also may be requested by mail or telephone.

The Big Day Is Saturday

The following "Cotton Fact" is brought to you by Jones Drug Store. Cotton is a fiber with a "twist". Under a microscope, the fiber has a twisted and flattened appearance, something like a pinched soda straw.

This twisted shape is ideal for spinning purposes, because the cotton fibers interlock easily when spun into yarn.

ALWAYS GLAD TO SEE YOU

THE BIG DAY IS SATURDAY

At one time, it was a crime to wear a cotton dress. In England, in the early eighteenth century, Parliament passed laws forbidding ladies to wear imported cottons from India.

The fabrics were so popular that they were affecting the English wool trade.
