

By Congressman Ed Gossett

Washington, D. C. May 19—This week I introduced a bill to deny admission to the United States as an immigrant or for purposes of residence, any person who served in the armed forces of any country while that country was at war with the United States. This bill is designed to close our doors to Nazis and Fascists. Charity begins at home, and we must not become a land of refuge for the oppressed of the earth, or a land of adventure for those who may not leave their own countries. We must be very selective as to the few immigrants who will be admitted to America.

Our present laws exclude Japanese and Communists, but under immigration quotas which will soon be open to Germany and Italy thousands of Nazis and Fascists can, unless appropriate action is taken, come to America. Many of them will come with diseased minds and hearts. We might have absorbed such poison in our youth, but can take no chances on it now. We have enough poison within our own borders to eliminate. No person should be permitted to this country about whose loyalty to America there could be any question.

Certainly we cannot undertake to assimilate any Nazis or Fascists. While not all members of the armed forces of Germany and Italy were Nazis or Fascists, most all of the Nazis and Fascists were members of the armed forces. The only safe and sane action for us is to close our doors to all who bore arms against us.

Another problem before the House Immigration Committee has to do with marriages abroad by members of our armed forces. When a boy married a foreign girl during World War I she became an American citizen by virtue of marriage. In 1922 our country had sickened of a lot of foreign marriages, particularly by society girls marrying foreign titles. The law was then changed and foreigners who married Americans did not become citizens because of marriage, but had to come in as any other alien, and seek naturalization.

Already in this war, 20,000 and 20,000 in the South Pacific, 1000 in France, 1000 in Italy, and about 100 in India. These wives, husbands, and children, if any, are not American citizens.

This week, as a relief from heavy Congressional work, I enjoyed making a talk to the brotherhood meeting of the Petworth Baptist Church. Reverend Carl Crowley, formerly of Texas, who is now a radio Bible quiz artist, entertained the crowd with a Bible quiz conducted along the lines of an old spelling match.

It was my pleasure a few days ago to visit briefly with Mr. Robert E. Hannegan, chairman of the Democratic National Committee and newly confirmed Postmaster General, and with Mr. Ed Pauley, past treasurer of the Democratic National Committee, whom the President has named a special ambassador to Moscow for the purpose of looking after America's end of Axis reparations. The reparations plan is to require a delivery by Germans and Italians of available equipment and livestock by way of paying for damages to countries they invaded and occupied.

A great deal of editorial comment is now appearing concerning an annual expense allowance of \$2500 to Congressmen included in a recent bill passed by the House. After paying income taxes and campaign expenses last year, I had to borrow money to live on. However, I voted against the \$2500 item mainly because I had voted to hold the line during the war, and had voted against the federal employees pay increase bill in the last session of Congress.

Economic Stabilizer Vinson is receiving some just criticism for inconsistency in removing the curfew on night clubs and allowing race tracks to reopen, while retaining bans on conventions, including most religious convocations.

As this letter is written I am receiving wires, letters, and long distance telephone calls relative to meat shortages in Texas. OPA is assuring Congressmen this situation will be rapidly corrected. I hope so.

Set. R. E. Milford has been shipped to Anchorage, Alaska, and writes his mother, Mrs. Guy Milford, that the towns up there are a lot like those here. They do not have rationing and prices are much higher.

Mrs. H. B. Lewis and boys left for Childress Wednesday where they will make their home.

# THE KNOX COUNTY HERALD

VOLUME 40

KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, MAY 24, 1945

NUMBER 33

## Senior Class Smallest In Recent Years

The smallest graduating class in recent years will receive the reward tonight when diplomas will be handed out to them at 8:30 in school auditorium.

Georgia Lou Cogburn will make the valedictorian's address at the graduation ceremonies. Speaker of the occasion will be Wade Mahan of Munday. A number of musical selections will be included on the program.

Members of the Senior class are Georgia Lou Cogburn, Lillian Brothers, Billie O. Fabion, Bette McBeth, Jessie Marie Lewis, Jimmie Craft, Joe Clonts, Sam Edwards, D. C. Hughes.

Grammar school exercises were held last night in the school auditorium.

The Senior class has been getting a taste of manual labor this week when they decided to help in printing a special edition of the Herald. They were highly pleased with the reception accorded them by business men of the city.

Some of the graduates plan to attend college this summer seeking a higher education. Others will work at various jobs in the community.

## Joe Edd Sweat Will Start Trip Saturday

Joe Edd Sweat, champion Knox County 4-H Club grain sorghum producer, will leave Knox County on Saturday for Laredo to join the other 23 4-H Club winners of Texas, where they will assemble to make the first Good Neighbor trip into Mexico.

Joe Edd will travel with Jack Jones, club winner of Dickens County, and will meet other boys enroute to Laredo.

Johnson, State Boys 4-H Club Agent, and Sr. Jesus Fernandez Briseno, will join the party at Monterey and continue on to El Monte where arrangements will be made to visit the citrus orchards below Monterey and a tour through El Monte sugar mill.

The director of the National School of Agriculture is requesting that six or eight American speaking students from the school to meet with the boys on the morning of May 30th and continue with the party through Sunday, June 3rd.

The boys making the trip have been reminded that they are the guests of Mexican people and they should conduct themselves as visiting with friends. The people of Mexico are naturally courteous, but customs are somewhat different than in Texas, and the boys are cautioned not to make light of things that are foreign to them. The "Golden Rule" will be the standard of conduct on the whole trip.

## Dies in Jap Prison

Pvt. Hugh Darr

Son of Mr. and Mrs. John Darr of Knox City, Pvt. Darr died in a Jap prison camp on July 5, 1942, in the Philippines. He was captured at the fall of the Philippine strongholds shortly after the war started in the Pacific.

## 4-H Club Member Making Good Profit From 50c Investment

Donald Joe Jackson, 4-H Club member of the Vera community, reports that he has sold 1800 pounds of the improved variety of Early Hegari seed to his neighboring farmers.

This 4-H Club member has \$90.00 in cash, which is the result of a 50c purchase of seed in March, 1944. This variety of Early Hegari was developed by the New Mexico Experiment Station, and was later improved and increased by the Chillicothe Experiment Station, of Texas. It has the characteristics of being a type of Hegari that is early maturing, more drought resisting and a heavy grain yielder than common Hegari.

Results of the Chillicothe Station indicate that much higher yields can be expected after June 15th.

Donald Joe is also one of Knox County's 4-H Club calf feeders, and has on feed a Hereford calf which he purchased from the League ranch. Comfortable quarters and stall space has been provided for the calf, with a self-feeder and water, which is accessible to the calf at all times.

Donald Joe is a brother of Johnnie Loree Jackson, who was the Gold Star 4-H Club girl of Knox County in 1944.

### DINNER

Mr. and Mrs. E. J. Anderson gave a dinner in their home Sunday honoring their son, Cecil Anderson, who will leave Monday to enter the Army.

Those present were his wife and three children, Jerry, Jan, and Den. Mr. and Mrs. John Borchardt and girls of Crowell, Mr. and Mrs. Sam Ferguson, Mrs. Lunsford Sanders and Paul, and Mr. and Mrs. Terrell Boggs of Goree.

## Beef Subsidy Offered On Choice Lots

The War Food Administration has announced a beef production payment which will be handed similar to the Dairy Production Payment program. The payment, as announced, is 50c per hundred weight, effective on sales beginning May 19, on good and choice cattle if:

1. Owned and fed by applicant at least 20 days.
2. Sold to licensed slaughterer.
3. Weighing 800 pounds live-weight, or more.

4. Sale price at least amount listed for minimum stabilization range for good grade cattle.

All cattlemen should keep their sales receipts. The Knox County A.C.A. committee will issue sight drafts direct to the producer providing the sales receipts are furnished. Other details and payment date will be announced as they are received.

## Knox City's Honor Roll Shows Many In Nation's Service

Names listed included all those that have been or are now in service.

Maurice McCarty, A. J. Messer, Leonard Behrens (wounded), Truman Branton, Howard Logan, Marlin Lowrey, Panny Farmer, Spurgeon Hyde, Doyle Walker, Homer Lee Rutledge, Joe Watson, Herbert Finley (wounded), Alton Fitzgerald, Walter Jones, Kenneth Lawson, Bobbie Hill, Harold Watson, Sam Ed Carpenter, Jack Stubbs, J. D. Rowell, Frank McAuley (wounded), Mondell Mills, Ray Lee Mills, Horace Finley, Alvin Roberts, Leon McBrayer, Buddy Angle, Clyde Graham, Barney Humphries, R. A. Carr, Doll Hammons, Sammie Angle, Doyle Graham, Glenn Hartman, L. N. Bridges, Melvin Dutton, Aldene Huntman, Jack Wilson, Richard Hight, Paul Fitzgerald, Joe Reeder, Willie Hester, Otis Roper, Elmer Wall, Paul Hoge, B. E. Bryant, Carl Denson, Dale Graham, George Wall, James Gibson, Gerald Averitt, David Clarke, Dickie Mullins (missing), Jack Herring, Milton Simmons, Harold Stephens, John Byron White (wounded), Pershing Busbice, Bill White, Ed Wilson, Thompson, H. C. Armstrong, Kenneth Edwards, Lawrence Dutton, John H. Atterbury, Johnnie Carver, Bobbie Armstrong, R. W. Gage, John Elliott Smith, Paul Edward Benedict, Henry Jan Jones, Sammie Woodward, Horace Benedict, Clarence Moulder, Carroll Benton, LaRoy Stubbs, Billie Dean Davis, Billy Joe Averitt, Alton Lee Ward, Joe King, Paul Lea, S. J. Bradley, Joe English, Wayne Darr, Eldon Cook, Lynwood Hughes, George Thomason, Melvin Burleson, Jeff Graham, Francis Montandon, Clifford Cornett, Chad Wilson, Jack Simmons (wounded), Hamilton Coates, R. E. Humphries, Glover McCarty, James Ray Swift, S-Sgt. Irene Hendrix, Lt. Faye Heath, Pvt. Margaret Walsworth.

## Pfc. John Hernandez Back From Pacific

Reporting to the Army Ground and services Redistribution Station in Hot Springs, Arkansas, Pfc. John A. Hernandez is now living in one of the four major Hot Springs hotels acquired by the Army to house the installation.

Son of Mr. and Mrs. Frank Hernandez of Knox City, Pfc. Hernandez has been back in the States since December. He served 18 months in the Southwest Pacific. Prior to checking in at Hot Springs, the private spent a 12-day furlough at home.

### CHAPLAIN DANIEL WEAVER ABOARD TRANSPORT SHIP

Chaplain Daniel B. Weaver Jr., son-in-law of Mrs. L. J. Tidwell, has been recently transferred from Camp Maxey, Paris, Texas, to San Francisco, where he has been assigned as transport Chaplain aboard the USAT Perida.

He left from Fort Worth April 23, where his wife and children are residing while he is away.

Chaplain Weaver attended the Southwestern Baptist Seminary until February 6, when he entered the Army as Chaplain. He was pastor of Navarro Mills Baptist Church, near Corsicana, at the time he entered service.

## 17 Men Leave For Military Service

The following is a list of Knox County men who were inducted into the armed forces at Dallas, May 17, 1945:

For Army service: Riley Bell, Cleburn T. Gray, Gene W. Harrell, Lee H. Ford, Earnest H. Barnett, Woodrow Thompson, Denon W. Hodges, Dudley M. Abbott, Phillip H. Bruggeman, Jr., Albert H. Anrae, Jr., Arnold E. Kitchens, Marvin Stovall, Blaz Soosa, Jackson A. Brewer, James R. Turner, Walter P. Coody.

For Navy service: Robert Andrew Guffey.

## Combines Start On County Oat Crop; Yield Only Fair

Fourteen out-of-county combine operators have reported to the County Agent's office this week and have been placed on farms who needed combines. The oat harvest at Benjamin, Truscott and Gilliland started in full swing on May 17th. Most of these combine operators plan to stay within Knox County for the wheat harvest. The County Agent has been notified from other agents on the High Plains and from Colorado that nine more combines and eight trucks are on the way to Knox County and will arrive here about May 30th.

H. A. Moody, of Greeley, Colorado, was in Knox County Saturday, May 19th, investigating the possibilities of moving his combining equipment in to the county. Mr. Moody has six combines, six trucks, three tractors, two portable elevators and six scow hands and is able to harvest 3600 acres of wheat and to put the wheat in box cars or farm storage bins. The portable elevators will be used at the railroad station for loading box cars in case there is congestion at the elevator.

It is reported that the wheat crop on the High Plains is seriously in need of rain and condition of much of the Rolling Plains crop has slipped sharply in the last several weeks. Some acreage in these areas is being grazed off or has already been plowed under.

Some difficulty has occurred in securing sufficient amounts of gasoline when the out-of-county operators did not make arrangements for adequate allotments of gasoline before leaving home. Operators of combines are urged to make arrangements for gasoline and to secure their allotments for the harvesting period before leaving their respective counties. Their local OPA office can set up bank quotas for gasoline to any operator and it is much easier to continue full operation of the harvest season when out-of-county operators, truckers, or tractor owners make necessary arrangements before going to other localities.

### THANKS!

The Senior Class of 1945 wishes to thank the merchants of Knox City for making it possible to get out their graduation edition.

## Sunday, June 3rd Will Be Homecoming Day for Hundreds KCHS Alumni

### Killed On Luzon

Pvt. Lunsford Sanders

Pvt. Sanders was killed April 23rd on Luzon. He had been overseas since December, 1944, and had been wounded prior to receiving fatal injuries. His wife and small son reside in Knox City.

## Gilliland Baptists To Dedicate Church

Pastor Joe W. English, of Gilliland and Truscott, announces that the Gilliland Baptist Church will hold a cornerstone exercise on Sunday, June 3rd.

There will be a sermon at 11 o'clock Sunday morning and the exercises proper will be held in the afternoon. Several ministers will be present and make brief addresses. Former members and friends of the congregation are invited and delegations are expected from several nearby towns and communities.

Having been pastor of the First Baptist Church of Knox City, Rev. English is well known in this vicinity and will be glad to welcome many of his Knox City friends on this occasion.

The new church, now nearing completion, is much like the one already finished at Truscott.

## Nolan Preacher To Speak Here Sunday

Rev. Boyd Robertson of Nolan will preach at the First Baptist Church Sunday, bringing both morning and evening messages.

Rev. Robertson comes to the church as a guest pastor well recommended. He is a former classmate of Carroll Graves at Hardin-Simmons University.

There will be no services held at the church on June 3rd since that is the date of the school Alumni meeting.

## 7th War Loan

ONLY \$30,000 of our \$115,000 quota has been purchased by Knox City subscribers.

Buy all you can or we will have to see you again—do it now!

Knox County is 5th from the bottom in this region.

Don't forget, your son or somebody else's boy is fighting for you!

War Finance Committee

In the words of Gen. Omar N. Bradley: "The victory volunteer who calls upon you at your home or place of work speaks for every soldier when he asks you to buy extra war bonds. News of your personal participation in the 7th War Loan is the best kind of news from home."

(Watch this space each week)

Knox City High School graduates, ex-teachers and patrons will convene at their Alma Mater for an all-day meeting Sunday, June 3rd.

It will be homecoming day for hundreds of ex-grads and former teachers of the school. A crowd of 300 to 400 people will be here to take part in the all-day convalescence prepared by the Alumni Association.

A general assembly will be held at 11:00 a. m. in the high school auditorium. Knox City churches will forego morning services to share in the combined services at the auditorium. A good program has been prepared for the morning assembly.

Following this a basket lunch will be enjoyed at 12:30 in the grammar school building. Plans have been made to have available facilities for the lunch, including hot and cold drinks.

After the lunch period, the afternoon session will start at 2:00 p. m. A business meeting of the Association will be held at the conclusion of the afternoon session.

Pete Whitten, president of the Association, announces that committees are working now toward one of the best meetings the unit has had in recent years. Many out-of-town guests are expected, with housing arrangements being made to care for them overnight, or for a longer visit.

Judging by last years attendance, the meeting will find many old schoolmates seeing friends for the first time in years. Happy days spent in KCHS will be recalled by people who now have grandchildren going to the school.

### ROOMS AVAILABLE

The following people have offered rooms for visitors to the Alumni Association meeting here Sunday, June 3rd. Out-of-town folks who intend to be here may correspond with Mrs. Mabel Pyeatt, secretary, for reservations.

Mesdames G. T. Hardberger, J. T. May, E. O. Jamison, Joe Averitt, L. N. Bridges, S. M. Clonts, J. A. Wilson, A. E. Hopson, T. S. Edwards, C. C. Hoge, Mabel Pyeatt, E. R. Carpenter, S. L. Favor, J. V. Jones.

Plenty of room will be available to care for guests.

### OFFICERS FOR 1945

President ..... Ewell Whitten  
 Vice President ..... Mrs. Alice Shaw,  
 Rec. Secy ..... Ruth Rice  
 Cor. Secy ..... Mrs. Mabel Pyeatt  
 Treas. .... Bernice Swift  
 Exec. Committee: Henry Jones,  
 Mrs. E. R. Carpenter, Mrs. Jim Reeves, Ancil Waldrip, Loyce Teague.

**Most Beautiful Students at TSCW**

These four students have been judged the most beautiful enrolled in Texas State College for Women, Denton, by John Robert Powers and are featured in this year's Daedalian, college yearbook. They are (left to right, top to bottom) blonde Virginia Carroll, Tennessee Colony, representing the sophomores; brown-eyed Ernestine Ashe, Fort Worth, the seniors; blonde Eloise Slaughter, Goldthwaite, the juniors; and hazel-eyed Donna Caldwell, Fort Worth, the freshmen.

**KCHS Graduates Serving Country All Over World**

Wac S-Sgt. Opal I. Hendrix, stationed in Hawaii, entered service February 27, 1943, and received basic training at Fort Oglethorpe, Ga. Prior to going overseas last March with the First Womens Army Corps company to be sent into the Pacific, she was on duty at Kelly Field, Texas. She is serving with the Pacific Division of the USAAF, Air Transport Command, and is presently assigned as dispatcher in the headquarters motor pool.

The Pacific Division of the ATC is the trans-Pacific aerial supply line between the United States and Australia and the Philippines, which operate hundreds of cargo and passenger planes monthly, carrying important soldiers mail and returning wounded American servicemen to the United States.

S-Sgt. Hendrix attended Knox City schools and prior to entering the Army was employed by Jones Drug Store in this City.

Her address is:  
S-Sgt. Opal I. Hendrix, A-806681, Wac Det. 1500 AAF Base Unit Pacific Division A.T.C. APO 953, c-o Postmaster, San Francisco, Calif.

\*\*\*  
Lt. (jg) J. Alton Wilson, Asst Surgeon, US Coast Guard, Hospital Base, Astoria, Oregon. Commissioned March, 1943. Assigned to Coast Guard area of northwest Oregon coast. When coast patrol was discontinued, reassigned resident physician in the Base Hospital in Astoria. Wife is the former Mary Lou Graham, also a graduate of Knox City High School. Family residence, 801 So. Holliday Drive, Seaside, Oregon.

\*\*\*  
John W. E. Smith, PhM1C, US Fleet Hospital III, c-o PPO, San Francisco, Calif. Enlisted, US Navy, July 7, 1943. Trained in San Diego and received special training in other California stations. Assigned to Mobile Hospital Unit III and sailed in August, 1944. Is now located in the Marianas where a large portion of the casualties of the Pacific operations are evacuated. Would appreciate letters from friends at home.

\*\*\*  
Chadwick A. Wilson, MAM3C, PPO, Clerk's Box, Navy 3256, c-o PPO, San Francisco, Calif. Donned the US Navy uniform in June, 1944. Trained at Great Lakes, Ill. Four months special training in Fleet Postoffice in New Orleans, La., and Orange, Texas, sailed from San Francisco in February and Pearl Harbor in March. Is now in the Okinawa area. Temporary P.O. quarters have been established aboard an LST where two to four thousand pouches of first class mail are handled daily by a crew of 40 clerks.

Chad. is looking forward to an early establishment of permanent

**School Equipment Drive Under Way**

THE SCHOOLS OF THE NATION are doing their part in the Seventh War Loan Drive by conducting an Equipment Campaign. As each piece of equipment is bought through the sale of War Bonds its posture counterpart is pasted on the board until the soldier is equipped. Dona Overton, country student, of Milwaukee High School, Oregon, shows Shorley Potter, city student, of Lincoln High School, Portland, Oregon, how it's done.

quarters on Okinawa and a vastly increased personnel in order to facilitate delivery and dispatch of the constantly increasing volume of mail for some 1800 ships of various sizes, as well as the land forces now engaged in mopping up the diminishing Jap forces on the island.

He will appreciate hearing from friends at home.

\*\*\*  
Herbert Finley is in France. Horace Finley is stationed in San Diego.

Joe English, 27, is now out of service and lives at Poteau, Okla. Mrs. Lenora English Dean now lives at Hobbs, New Mexico. Her husband has been released from service. Mr. Dean taught here.

Pvt. Carl Benson, 1940 graduate of KCHS is stationed at Kingman, Arizona.

Lt. (jg) H. Elmer Wall, Jr. had been in the Navy 3 1/2 years and has recently gone on his third assignment. He is a Navy Armed Guard Commander with the Merchant Marines.

Pfc. Geo. R. Wall is a propeller specialist with B-29 engineers. He is at Enstrom AAF in Nebraska. Mrs. Vincent E. Lane (nee Rowena Wall) resides in Wichita Falls.

Mrs. Anne Wall Collier works in the local Postoffice and with her small daughter makes her home with her parents.

Capt. Paul Benedict, son of Mr. and Mrs. Grady Benedict, with the Army Transport Command, and has just returned from a flight to India. He will go to school in Florida for another six weeks training to pilot a C-47. He is now living in Long Beach.

Capt. H. G. Benedict received his discharge from the Army last week. He has been on reserve list about a year. He had a total of 127 points on the discharge plan. Still travels for Colgate-Palmolive Peet, for whom he has worked six or seven years.

Thirty-six of the United States' 57 carbon black plants are located in the Texas Panhandle.

You have worked hard and long for your education.

and MARKET

## Senior Class Enjoys Many Activities On Way To Graduation

During our Freshman year the class had several parties and picnics. Most of them were too far back to remember much about. At the close of school we had a picnic and stayed all day at the Bush & Burnett ranch. We played all over the hills and along the river and had a lot of fun.

In our Sophomore year we had quite a few picnics and parties. We had a Christmas party that year and decorated the room up for the party. We all had lots of fun. At the last of school we went to the Bush & Burnett ranch to stay all day, but it rained and we had to come back to town. We got to watch them brand some calves before the rain ran us away.

Last year, our Junior year, we did not give a play as the Juniors each year usually do. We gave a "Play Night," and raised enough money to give the Seniors a banquet. The banquet was a lot of fun. We had several parties and picnics that year. On one picnic we took our supper and cooked it over a camp fire. We had another picnic as usual at the end of the term. We stayed on this one until after dark.

During the Senior year we had most of our picnics at the first of school. We had a good time and enjoyed that a lot. We had a good time working up our play, "Here Comes Charley." The Senior boys played the Junior football team. The score was tied but it was a very interesting game. We had a Christmas party at Mr. Holcomb's and each gave a silly gift.

All through our high school years we have had many good times to remember.

### FIVE NEW GAS PLANTS TO BE CONSTRUCTED

Construction of five plants to make 100-octane aviation gasoline for the Army and Navy has been authorized by the Petroleum Administration for War. The new facilities, involving expenditure of \$78,000,000, will be built with private capital.

## Superintendent

T. E. HOLCOMB

Coming to Knox City in September of 1942, Mr. Holcomb has been superintendent of the local school system since that time.

He was born in March, 1897, near Olney, and began his school career there. In 1917 he moved to Seymour, where his secondary education was completed. He attended Decatur Baptist College two years and received his B. A. degree from Baylor University in 1928.

After graduation from Baylor, he entered the teaching profession. He has taught at Bomarton, serving in the capacity of principal and athletic coach; superintendent at Vera; athletic coach at Rochester; superintendent at Goodnight and Goodlett, coming to Knox City as superintendent in September of 1942.

He received his M. A. Degree from Hardin-Simmons in June of 1941. He especially likes hunting, fishing, reading, and football.

## Future Plans of Graduates Given

These are the plans of the graduates of 1945. Plans often are changed, but school is soon over and it is time to decide something.

Joe and Sam are going to A&M College during the summer and probably will start again in the fall.

He wants to go to school for a short time or farm, and then the Army or Navy has his future plans.

Lee's plans are now being made for him by the Navy. The class wishes him lots of luck and happy sailings.

Lillian and Betty will keep house this summer.

The rest of the class will work on farms or do other work this summer.

Georgia Lou plans to go to college this fall.

## Local Teachers Have Prepared Well for Chosen Profession

### MISS RUTH RICE

Miss Rice was born in Jones County in 1910. She moved to Rule in 1913, and to Knox City in 1918. She attended school in Rule for one year, starting in the second grade here. She has lived here since and attended school until her graduation in 1928.

She attended McMurry in 1929, and in 1930 she had her first job of teaching at Lake Creek, where she taught the three primary grades. She started teaching here in 1932 and has taught here for 14 years, all of them in the 2nd grade.

She got her degree in 1937 from North Texas State Teachers College. She did some graduate work at Texas Technological College in 1943. She holds the office of corresponding secretary in the Knox City Alumni Association, and is a member of Delta Kappa Gamma. She plans to go to school at Boulder this summer.

### MISS MOZELLE PARSONS

Miss Parsons was born in Rochester, in 1923. When she was one year old she moved to Sagerton. She started to school at the age of six at Sagerton. When she was eight years old she moved to Eldorado, Texas, and remained there for seven months. She moved back to Sagerton, and when she was 11 she moved to Rochester. She graduated from high school in 1940.

She went to school the following fall at McMurry and completed her work there in the summer of 1943. She majored in English and began teaching that course in the Knox City high school the following fall.

### MRS. T. E. HOLCOMB

Miss Mary Virginia Jeffcoat was born at Vera, Texas, in 1915. She went to school there until about two years before her graduation from Abilene high school. She went to Hardin-Simmons for two years.

She married T. E. Holcomb the next year at Vera. She and Mr. Holcomb have lived at Rochester, Goodnight, and Knox City.

She likes to read nearly all kinds of books. For the past two years she has been taking extension courses from McMurry College offered at Haskell.

### MRS. CHARLES CAPE

Maxine Swint was born in Snyder, Texas, in 1916. She lived in Texas until 1926, when at the age of 10 she moved to Granite, Okla. She graduated from the Granite High School and attended Okla-

## Principal

CARROLL H. GRAVES

Mr. Graves is principal of the Knox City High School. He was born in El Paso on January 23, 1920. He started to school there at the Rusk Grade School. When he was in the third grade he attended San Marcos Academy at San Marcos, Texas.

In 1931 he moved to Texarkana. He finished high school there in 1938. In the fall of 1938, he attended John Tarleton College.

The next year he remained at home and worked in a grocery store for his father. In September of 1940, he started to school at Hardin-Simmons and graduated there in 1943. He started teaching in the Knox City schools that year.

Mr. Graves is active in school sports and student activities.

homa A & M, from which she graduated in 1938. Her first school was at Mason, Oklahoma. She married after the year was completed and lived at Bartlett, Texas.

After living in various Texas towns over a period of four years she moved to Knox City where her husband is connected with the Soil Conservation Service.

### MRS. E. R. CARPENTER

Miss Sannie Favor came to Knox City in 1917, and started to school in that year. She attended school constantly until her graduation in 1918. In the summer of 1918 she attended West Texas State at Canyon.

She started teaching school in the fall of 1919. She then attended Abilene Christian College until she received her B. A. degree in 1925.

She married E. R. Carpenter in 1924, and in 1925 her son was born. She did work on her M. A. degree in 1929 and has been teaching ever since. Eleven of the 25 years she has been teaching have been in Knox City schools.

In 1940 the Alumni Association organized, with Mrs. Carpenter as its first president. She has been finance chairman of the Parent-Teachers Association for nine years. She is a member of Delta Kappa Gamma. She is vice-president of the Campfire Girls of this district.

### SNOW CRUISER BUILT FOR ARMY AIR FORCES

A new vehicle for the Army Air Forces, known as a snow cruiser, has been developed and is being manufactured in Portland, Oregon. The cruiser, which runs on tracks, is made to tow and haul light cargo in deep snow country. It can attain a speed of 20 miles per hour.

## Many Graduates In Country's Service Honor Roll Shows

Members of the graduating class of 1944 now in service are Jack Simmons, Bill Averitt, Milton Gene Bradberry, and Otice Green. Jack is in the Army and is at home now for a short time. Bill is in the Navy. Milton Gene and Otice are in the Navy but have not yet been called.

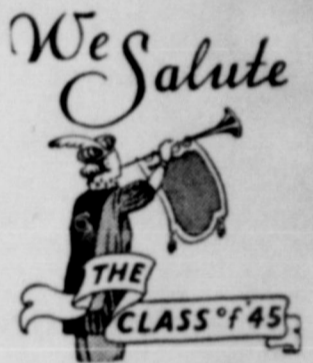

Graduates of KCHS wounded in World War II are Jack Simmons, Herbert Finley, Bobbie Hill and Frank McAuley. Jack was wounded in Germany; Herbert was injured near Australia, Bobbie was wounded in Germany and Frank in the Philippines.

The only graduate, as far as we know, that is missing, is Dickie Mullins. Dickie, a navigator on a B-17, went down over Germany.

The first Gold Star on the honor roll of graduates in this war went up for Sam Ed Carpenter's name. Sam Ed was killed on Iwo Jima in March.

The class of '45 is proud of the names on the honor roll; for the things they are giving up so that we might live as we do and have the opportunity to get an education in a free country.

Approximately 500,000 German war prisoners are in the United States today, 100,000 having been brought to this country recently to ease the labor shortage, especially in agricultural activities.

# Success

to the CLASS of

1945

Just a few words of greeting and encouragement to you graduates of 1945. The diploma which you are receiving is a tribute to your perseverance and intelligence, a badge of honor which should open the doors to opportunity for you. The best of luck to all of you!

Welcome Alumni Association Visitors!

**Northern Star Seed Farms**

S. N. Reed, Manager

Opportunity is ahead of you! Grasp it, and go on with the advantages now at your disposal. Put those good intentions to work. And here's wishing you the best of luck!

Ex-Students, Welcome Back Home!

**CITIZENS STATE BANK**

Compliments to the

We share with you your happiness on this eventful occasion!

**Thomas Shoe Shop**

I just can't get mad at that "Minnesota" Red Barn Paint. Cameron's must sell lots of it.

### Senior Class Has Rugged History of Changing Personnel

On September 8, 1941, there were 25 Freshmen, 18 girls and 9 boys, beginning their high school days at Knox City High. Out of this number some moved or dropped out and others entered after the start of school.

Out of the 25 starting in September, seven withdrew during the term. These were Joni Merle McKinney, Frances Smith, Billie Faubion, Janice Posey, Billy Wayne Ivy, Wanda Benson and Linward Wilcox.

There were four re-entries during the year—Lee Ward, June Plumlee, Dortha Wheeler and Janice Posey. At the end of the term, there were 12 girls and 9 boys left.

At the beginning of the Sophomore year there were 19 in the class. Eight withdrew, leaving 11 to finish that year. The 8 that moved or quit were: Doris Barton, Pauline Cagle, B. R. Durham, Marilyn Harrison, Darlene and Algeron Strickland, Dortha Wheeler and June Plumlee. Otico Green went to summer school and jumped a year ahead. E. H. Coates left in the summer of 1943 for the Army. This left nine of the class.

The Junior year, 1943-1944, the nine plus Elvis Hutchinson, Billie Joe Averitt, Floyd Bailey, Don L. Griffith and Weldon Ritchey, started. Earl Dunham was the only re-entry that year. Four withdrawals were Virginia and Earl Dunham, Floyd Bailey and Don L. Griffith. Elvis Hutchinson left in the summer of 1944 for the Navy.

There was a little more that happened during the Junior year than before. The class gave a Play Night and we had a lot of fun getting it ready. The Junior-Senior banquet was next and we enjoyed preparing for it, mainly because we got to miss some of our classes.

There were 19 beginning their Senior year. Billie Faubion was the only one picked up that year. Travis Barnett and Weldon Ritchey withdrew and Billie Joe Averitt left before mid-term for the Navy. Out of the 25 that started in high school here, there will be eight to graduate.

The Senior class of 1945 is: Lillian Brothers, Georgia Cogburn, Jessie Marie Lewis, Billie O. Faubien, Betty Reeves, McBeth, Joe Clonts, Jimmie Craft, Sam Edwards, D. C. Hughes, and Lee Ward.

During the Senior year, the play was something that took place to look back and think about. We had a great deal of work, but it wasn't so hard and will be something to remember, just as the banquet given to us by the Juniors.

We don't have to show the wife who's master in our house. She knows!

### Class Prophecy Has Bright Future Ahead For Graduates

I would like to read you an article that I found in the New York Herald Tribune about a month ago:

"New York, Dec. 23, 1941—The Notre Dame football team again went through an undefeated and untied season. Out of the 21 contests that they played, the hardest game was with the University of New York, and the score was 6-13. All the other games were comparatively "push-overs."

"These lads, under the leadership of the world famous coach, Mr. T. E. Holcomb, are considered one of the best teams in the world."

You know, New York is a pretty good town. The first time I went there, a couple of years ago, I met my old friend, Lee Ward. He had stayed in the Navy after the war and had become a Rear-Admiral. We talked for a long time and he told me all about his experiences in the Navy. He said that he had met Jimmie Craft just before Japan had surrendered, on a ship. He said that Jimmie had a large ranch in Texas and he and Billie O. were getting along fine. Lee said that he visited them in the summer and Junior had the browniest eyes that he had ever seen.

Well, Lee and I were walking along and a big limousine with a block long, drove down the street. It stopped down the street and a tramp got out. This guy had on the dirtiest clothes I had ever seen and under that 10 inch beard I could hardly tell it was Sam Edwards. As he got out we were walking up close, and he was thanking D. C. for the ride. D. C. was the owner of a bunch of steel mills. We got Sam some clothes and all four of us started out to paint the town red.

We met Georgia Cogburn and Jessie on Broadway and she said that she and Jessie Marie were working in the Empire State Building. Jessie Marie was the head secretary and Georgia was the head of the bookkeeping department.

The next day I took the subway and went out to Brooklyn to see Bobby and Lillian. The twins had grown up a lot since I had seen them last. Bobby told me that Harold and Betty still lived in Knox City and that Harold owned a lot of land and Betty was teaching English at dear old KCHS.

Since then I have come to the conclusion that the class I was in has been a success.

### Memorial Library Adds Many Books As Interest Grows

The Home Demonstration Memorial Free Library is growing by leaps and bounds.

At its January meeting of this year, Knox County Home Demonstration Council Education Committee recommended that council establish a library and it was voted to establish a memorial to the boys and girls of the county that are in the armed forces. When council met again in February, the library had its beginning of books. Truscott Home Demonstration Club donated the first four books. At the March meeting, the number of books was doubled by donations from Benjamin and Sunset Clubs. At the April meeting the books numbered 92 and at the May meeting it had reached the 287 mark. There are 12 different late editions of magazines. Each of the nine Home Demonstration clubs in the county is donating a book from the list of books for T.H.D.A. reading list. Council hopes to have soon the complete list of books represented in the library. Hefner Vera and Truscott clubs reported having read some of these books.

Mrs. Turner Stanley, of Hefner Club, gave a synopsis of the book "Journey Among the Warriors" to the club members on May 1.

Council has given each of the clubs \$2.50 to increase for the library fund. One club used this money and made hot tamales and sold them, other clubs have held bake sales. The women learned to make the hot tamales at a low cost.

Some clubs started drives for books from various individuals in the county.

The Commissioners' Court has set aside a room in the second floor of the courthouse for the library. Also, it has given filing cabinets, book shelves, stationery, chair, table, book pockets, registration slips, rubber stamp, hand dater, etc.

The library will be open each Friday from 10:00 A. M. till 4:00 P. M. Women from the various clubs will be librarians. The librarians are as follows:

Benjamin, Mrs. J. C. Patterson; Brock, Mrs. J. B. Ferguson; Gilliland, Mrs. J. O. Cure; Hefner, Mrs. Turner Stanley; Munday, Mrs. Frank Bowley; Sunset, Mrs.

R. C. Partridge; Truscott, Mrs. J. E. Stover; Vera, Mrs. A. E. Boyd, Jr.

The library will be open to the public as soon as the supplies come so the books can be catalogued, properly numbered, and stamped. Watch your papers for the opening date.

If you have a book you would like to donate, please see one of the librarians. We hope the boys and girls will soon be home, so let's have the library in readiness for them.

Plans have already been made to make this a circulating library throughout the county. Various stations have been designated by Council which will make any book available to any reader in the county. In fact, a few books have already started circulating to these outposts. Council representatives are responsible for circulating the books in her community.

**School Board Gets Thanks of Graduates**

Out of the seven members of the school board, it was rather hard to get some of them to say how long they had served, therefore, approximate number of years are given.

W. H. Lankford, president of the board, has been a member for four years. L. C. Tenge, secre-

tary, has been on two years. J. O. Hamm has served eight years. A. M. Armstrong, four years; Salem Hutchinson, six years; J. T. May, eight years, and the latest member added, Walter Thomas, has been on about a month.

Merick McLaughy is County Superintendent.

The Senior Class of 1945 wishes to express their appreciation to the members of the board, county superintendent, and teachers for

what they have done to contribute to the education of our class and to the school.

Approximately 2,250,000 workers were disabled in the United States in 1944 as a result of industrial accidents, according to a report made by Secretary of Labor Perkins. The figure is about eight per cent under the 1943 total.

**Biographies Reveal KCHS Seniors Have Interesting Times In Climb Up Ladder**

**LILLIAN BROTHERS**

This person was born on April 21, 1928, in the little town of Rule, Texas. She was the second child of Chessie and Chester Jackson. They decided to call her Lillian Louella Jackson. She lived in Rule until nine years of age. Her first teacher was Miss Eaton.

She was a tomboy because she would rather climb trees and play games than to play dolls. She liked to play with boys and could always get along better with them than girls.

When Lillian moved to Knox City she started to school in the 4th grade. She was not acquainted with any of the girls. She met Joyce Sherril, and they got along together because they liked to do about the same things. Joe Clonts taught her to ride a bicycle and used to play with them. They were always getting into trouble; one day when they went to O'Brien on Joyce's bicycle and then got back home.

Her grammar school teachers were Mrs. Wetzel, 4th grade; Mr. Wetzel, 5th grade; Miss Swift, 6th grade; and Mrs. Carpenter, 7th grade.

Joe Clonts and Lillian were elected from the 6th grade to attend the 7th grade banquet and they enjoyed it very much.

Her favorite subjects are English and Math.

When she entered high school, there were five girls who ran around together; Betty Reeves, Doris Barton, Virginia Dunham, Wanda Benson and Lillian. They had a lot of fun until Wanda moved in the Freshman year. Doris moved in the Sophomore year and Virginia moved in the Junior year. That leaves Betty and Lillian in the Senior year.

Her favorite teachers have been Mr. Wetzel, Miss Scarborough, Miss Rice, Mr. Holcomb, and all of them this year.

Her ambition has always been either to be an airhostess or a secretary. She doesn't care about going to college because she does not have any certain subject to major in.

She doesn't want to be a school teacher because she doesn't have patience with children.

As was mentioned in her biography in the Senior year she married what she terms, "the sweetest guy in the world." She wants two children, a boy and a girl. She will name the boy Bobby Jr.

(not too mushy), mysteries, detective and short stories. She does not enjoy reading now as much as several years ago.

As for sports, she likes skating, fishing, hunting, and some dancing. She enjoys hikes, picnics and hayrides and taking pictures. She likes to see shows, comedies, musicals, mysteries, and good romances, but not westerns.

Billie likes to listen to radio programs concerning mysteries, comedies, and good swing music, but no jazz, please. She likes Hawaiian music after she goes to bed.

Her ambition, which she constantly thinks of, is to become a nurse and do her small bit in the world. She thinks it is one of the best ways to help people and come in contact with them. She thinks to enter training in the "Cadet Nurse Corps" is one of the finest opportunities today and she intends to take advantage of it.

**BETTY McBETH**

This person was born on November 19, 1927, in Knox County, and lived there until recently.

Her early childhood was spent on a farm. When she was six years old she started to school at Hutto and finished her first year there. She started to school the next year at Union Grove.

When she was nine years old her family moved to the Bush & Burnett ranch where her father is foreman of the ranch.

Betty finished the Union Grove school with honors, having won the certificate for having made the best grades in the school. She also got a medal for good citizenship.

She entered the Knox City high school in her Freshman year and has been with us ever since.

She met Alton Lee Ward when she was a Sophomore and the "love bug" bit her. This romance didn't last very long, so the bug must not have bitten her very hard.

She thinks that her Junior year is the best of all, even better than her Senior year. Preparing for the banquet was a lot of fun. Gathering waste paper and bating it was something she will remember. During the Junior year a Play Night was put on instead of having a Junior play.

Her favorite subject is English. She has liked English all through high school. This year she likes typing. Mr. Holcomb, "the sweetest guy, ever," is our sponsor and she has had some good times but says that Seniors are supposed to be dignified.

Her ambition is to have a pretty home and a pretty yard. Betty and Harold now live in a three room house and they are fixing it up for their home. It will be lovely to them and she hopes other people will think so, too. About four years from now, when she has settled down more, she hopes to have a baby boy and name him after his father.

**GEORGIA LOU COGBURN**

Her parents, of Irish and Dutch descent, were reared on a farm and both were natives of Texas. They married when about middle age. Both had been married before, her father had two sons and her mother had one daughter. She has seen her half-sister and neither of her half-brothers. The oldest was killed over Burma.

Georgia has lived on a farm practically all her life and she likes country life. She lives on a farm now. Her mother is dead and she, being the oldest of five children, has a great deal of housekeeping to do.

She has attended four different schools in her 11 years of school. She did not take much interest in school until she reached the 6th grade. Since then she has put her school work first. She likes History and courses pertaining to Business Administration, and plans to pursue these studies in her advanced education.

She dislikes Civics or Government. She enjoys music, especially classical. She enjoys all sports, especially baseball and volleyball.

She thinks the nearest thing to a hobby she has, is observing people—their mannerisms and peculiar traits. She does not like persons who try to be on both sides of a question at once. She enjoys conversation with older people.

Her leisure time is spent in reading or hiking. She likes nearly all kinds of books, magazines, and movies. She likes to hear musical and quiz programs over the radio.

Her ambition is to teach Commercial Arts in a high school or higher institution. She enjoys Bookkeeping and Typing and finds them interesting and easy, even though Bookkeeping some times requires some hard thinking.

She belongs to the Baptist Church and takes part in various organizations.

Once she starts college education, she intends to go as far as she can. She does not intend to marry for some time. When she does marry, she doesn't want children. She thinks they are too much trouble.

She intends to "make something" out of herself, and I think she will.

He is now a First Class Scout, Junior Assistant Scoutmaster.

He likes to listen to the radio. His favorite programs are, "Take It or Leave It," "Which is Which" "The Lone Ranger," and all popular music.

His hobbies are playing cards, building airplanes, building model radio sets and getting into trouble. He has made two radio sets that would really work.

D. C. says there are three main things he would like to do before he dies. They are—learn to play a piano, take a year of training in the Army (he will probably get to do this), and learn to fly an airplane.

His favorite subject is Math. He thinks all the subjects are pretty hard but likes Math better than any other. His favorite year in high school was nearly any four of them. He liked the Junior year better than the others.

(More on next page)

May your best years be ahead!  
You have made a good start in the right direction

Welcome Home, Ex-Grads

**Lowrey Dry Goods**

Your diploma is more than a mere parchment. It is the key to your future. At the same time it is a hair-line between celebrity and common place, but miles of difference between them financially. So let your aim at all times be to excel in whatever you do. That is the sure recipe for success. And remember, our best wishes are with you always.

Welcome Home, Ex-Students!

**W. E. CLONTS**  
Hardware-Furniture  
Dial 2551

**THE CENTER**  
OF A "NEW FREEDOM GAS KITCHEN"

... A "CERTIFIED PERFORMANCE" GAS RANGE

Those coordinated "New Freedom Gas Kitchens" which you are hearing so much about are planned around a C-P Gas Range. This is the range built to the highest standards of quality and performance. It is the result of engineers and home economists of gas companies and equipment manufacturers pooling their knowledge, experience and ideas with cooking experts and homemakers. They will be available when factories are released from important war work.

**LONE STAR GAS COMPANY**

**JOE CLONTS**

Joe was born September 1, 1928, in Bradshaw, Texas. He left there at the age of three months and came to Knox City, where he has lived since.

He started to school in 1934, at Knox City and has attended all eleven years here. He entered high school in September of 1940.

During the Junior and Senior years he was president of the class. He was on the football team and played in the 1943 and 1944 seasons. He played quarterback both years and was captain of the team during the Senior year.

His hobby is building model airplanes. He built the first when he was in the 6th grade and has been building them since.

He likes to listen to the radio and see good movies.

His favorite subjects are 'Plane' Geometry and Biology.

**BILLIE O. FAUBION**

Billie O. says that an angel dropped her off at her parents home at Grace on the 14th day of December, 1928, but if you ask me, I think it must have been something else. They named her Billie Othelia Faubion. Boy, what a name.

Billie has always been small for her age. She was small when she started to school and has been since. She is the only child in the family and doesn't know what it is to have to put up with a sister or brother. She never liked dolls and things of that sort because she was around grown people most of the time. When she was eight, her half-brother came to stay with them a while but soon got into the army. Billie thinks she would like to have a brother or sister because she could have more fun and get into more mischief. But don't get the wrong impression; she says she isn't mean.

During grammar school she made good grades and enjoyed school very much. She graduated from grammar school at the age of 13. Next, high school, serving her term as a "fish." It was a little harder that year, but now that it is all over, it was fun. Through her high school days, many little things have happened that she will treasure in her memories always.

She likes to read love stories,

Our good wishes for the boy and girl graduates of 1945 are too numerous to be mentioned here, but first among them is the wish that your every cloud may have a silver lining.

A thousand thanks for past favors, and may all your happy dreams come true!

## Biographies Reveal Interesting Events In Senior's Lives

### JESSIE MARIE LEWIS

Jessie, the oldest of eight children, was born Sept. 12th, 1927, at Rochester. She lived there for a year and a half and then moved to Knoxville, where she has lived since. For 11 years she lived on a farm before moving to town and likes to live on a farm much better.

She started school at the age of seven. She was absent a month during the first year because of an injured knee. During Freshman year she broke her left arm. She likes to go to school here and has never attended any other school.

She has a hobby of collecting post cards and postage stamps. She likes post cards better and has almost discontinued stamp collecting.

She doesn't like Civics or Math, except Algebra. She likes Science, Commercial Geography and Typing. She doesn't like History, except Texas History.

Her favorite sports are volleyball, tennis, basketball and baseball. She and a classmate won tennis doubles at a County Meet when she was in the 7th grade. She likes to play volleyball and baseball and watch basketball.

She likes most radio programs, especially mystery and detective stories. She also likes some quiz programs.

She likes most movies except westerns. She belongs to the Baptist Church and is secretary of her Sunday School class.

She doesn't care to go to college but would like to take a business course.

### SAM THOMAS EDWARDS

Sam was born April 9, 1928, at Knoxville. He has lived in Knox

City and gone to school here from the 1st grade.

He has liked school from the beginning. He has not liked any one year more than the other. He thinks school gets tiresome and studying sometimes interferes with other things.

His favorite subjects are Book-keeping, Math, and he likes typing pretty good if it wasn't so hard.

His favorite sports are swimming, baseball, and hunting.

His hobby is building model airplanes. They are fun to make if everything clicks, but when something goes wrong and then everything seems to be against his patience.

He likes to read nearly everything. I can remember Sam reading since way back. He always had his head in a book or magazine and it has stayed with him to a great extent, even up to now.

Sam likes to see westerns and some musicals on the screen. He attended summer school at AOC last summer and wants to attend school as soon as he finishes here. Engineering appeals to him and he thinks he wants to be an engineer.

### IMMIE CRAFT

Born in Knoxville July 20, 1927, she has lived here since. He lives on the Bush & Burnett ranch where his dad was foreman. He spent his time around the lots or pastures until about six years old. He then took to riding his horse and spent much of his time at that until he was seven. One of his first playmates was Betty Reeves McBeth.

In 1934 his father was killed and a short while afterward Immie moved northeast of town. He started school in September of 1934 at Knoxville. He thinks he has been lucky in having good teachers all the way through school and wishes now that he'd studied harder.

He likes to see good movies, especially good war pictures and any other worthwhile. He likes to read good books, fiction and prose, largely.

His hobbies the collecting postage stamps and coins. He has kept up his stamp collection for a number of years and enjoys it. At the present time, saving outstanding newspapers and headlines occupies some of his time.

He likes hunting and fishing and thinks he would like swimming. He thinks that living on a farm does not afford much time for all these things.

As for subjects in school, there are a number of them he likes—Music, Science, Math and Typing. He was in the band two years and likes good bands. Science and Math sometimes gets complicated but he thinks that is what makes anything interesting, except English.

He doesn't know now if he will go on to college or not. Several years ago he intended to go on with his education but things have now changed and he hasn't made any definite plans as to the future.

## Valedictory Address Stresses Need for Peaceful Future

### "EDUCATION FOR VICTORY AND PEACE"

By Georgia Cogburn

Ladies and Gentlemen:

Great changes are taking place rapidly around us. Every year, every month, and nearly every day, some unexpected occurrence startles us, leaving us to wonder what will happen next. Changes are occurring in national governments, in industrial systems, in schools life and courses of study, and through it all we are in conditions to accept almost anything which happens without great surprise.

In ordinary times it has usually been taught that education was primarily to prepare people to understand and get along with each other. Certainly for the time being education had to push this objective back into second place and teach first of all, the things which are most likely to lead to victory in a life and death conflict.

The earth is girded with ribs of steel, and electric wires flash messages around the globe faster than the mind can comprehend. Man with his hand wields a mighty power which he can use to raise the general standard of living, or furnish employment or amusement to people, to give people more comforts with less effort than ever before, or if he chooses he can cause more destruction to human life and achievements than ever before. The education which once served so to uplift mankind has turned into the destruction of war.

Never has life been more complex, more exacting, more exciting. Never was human achievements more varied, more productive, more wonderful and at the same time more awful, more terrible and more destructive. The education which added so much to the fullness of life also made war more effective.

Education for war teaches hate, education for peace teaches understanding. A great deal of understanding will be needed if we are to win the peace that follows this war. Our leaders had not been trained in understanding at the close of the other war. The war was won by the might of arms just as the present will be won by the power of productive capacity. After the other war, American leaders were so confident that happened outside our borders was of no concern to us, and could not affect us. That seemed to be true for many years, but this war has made it look different.

We who graduate from high schools today have no sentimental misconceptions about the world of the future. We want a peaceful world in which to live, but we expect that a very strong military force will be necessary to maintain that peace even after the war is won. We want the barbaric world brought to an end and a new world of humanity created. We expect our country to use whatever force is necessary in order to maintain peace in that new world of humanity.

Every unit of human relations has to recognize someone as its leader in order that there may be peace and harmony. There can be no order without discipline. Every ballgame has to have an umpire capable of giving correct decisions on points of difference between the teams. A town, township or country has to have a judge to decide upon the application of the law and a sheriff or other officer to enforce the law. It is so with the state, the nation and the world. When the fighting stops there is going to have to be some authority or combination of authorities strong enough and with enough justice and understanding to decide upon the application for fair principles to maintain the peace of the world. Without it the period of peace will be only a breathing spell between two wars.

We who today graduate from the high schools of America will not protest if it appears that the United States has to decide upon the rules between the nations and enforce them, if this is necessary in order that the world may live in peace after the victory.

Our greatest desire is for an opportunity to work. The greatest happiness in life is from work well done. Happiness through work is the creed of our time. The more work and the better work that people are able to do, the more satisfaction and happiness life affords. Our present system of education has taught us that in position there is wealth and that in work there is dignity, that the better work people do the happier they are while doing it. Every city, town or community in America has good schools, facing within reach of all the advantages of high school education. This much education is no longer the exception in modern life but it is the foundation upon which

anything else we do must be built. It is our good fortune to have had the benefit of this good system of education.

There is a close alliance between freedom and education. Both of these items are necessary in any system of pleasant living. Cash in hand is not of lasting value. The freedom which comes with a generally well-educated people is one of the most cherished of the great values of life. In recent years the attention of free-thinking liberty-loving people of the world has been focused upon this principle. Within reasonable limits we can say what we like. As long as we do not interfere with anyone else's life, liberty or pursuit of happiness, we can do largely as we please. We can believe what we want to and can proclaim our beliefs from the housetops or any convenient soapbox. All these things have long been considered as commonplace yet at the present time they are enjoyed by only a small portion of the people of the world. These liberties are inseparably tied up with our system of education.

As we come to the end of this ceremony, which is also the end of our high school days, we have only to say that we are grateful that it is our privilege to graduate from this school and in this country and in this year.

## Study Club Observes 20th Anniversary

The Knoxville Study Club celebrated its Twentieth Birthday Saturday afternoon, May 12, at 1:00 o'clock, with a luncheon in the basement of the First Baptist Church. The social committee served a delicious fruit plate with hot rolls, birthday cake and iced tea.

Mrs. T. S. Edwards was leader for the Birthday Party program. The ladies sang, "Happy Birthday" to the Study Club. The past presidents from Mrs. O. L. Jamison, who was the club's first president, 20 years ago, to Mrs. E. F. Branton, present president, reviewed the work done during each one's term as president.

Past presidents and their tenure of office are:

- 1924-26, Mrs. O. L. Jamison
- 1926-27, Mrs. R. R. Banner
- 1927-28, Mrs. B. C. Anderson
- 1928-29, Mrs. E. Q. Warren
- 1929-30, Mrs. V. H. Ppeat
- 1930-31, Mrs. T. P. Frizzell, Jr.
- 1931-32, Mrs. J. M. Ashcroft
- 1932-33, Mrs. T. P. Frizzell, Sr.
- 1933-34, Mrs. Henry Arledge
- 1934-36, Mrs. S. M. Clonts
- 1936-38, Mrs. H. L. White
- 1938-40, Mrs. B. B. Campbell
- 1940-41, Mrs. Otis Cash
- 1941-42, Mrs. A. J. Malouf
- 1942-44, Mrs. T. S. Edwards

Mrs. Edwards read two very pretty poems. Mrs. Bedford Smith and Mrs. Lloyd Hamilton, accompanied by Mrs. E. Q. Warren at the piano, sang, "The Lone Star of Texas," a song written and

dedicated to the Federated Clubs of Texas.

Mrs. E. F. Branton, club president, had charge of the business meetings. The three new members, Mrs. C. A. Richardson, Mrs. Horace Finley, and Miss Ruth Rice, were welcomed into the club. Miss Yvonne Jamison was welcomed as a club visitor.

The club reports for the year were read and filed with the secretary. The third \$100.00 war bond was filed with other bonds in the building fund.

A rising vote of thanks was given to Mr. and Mrs. Moss for their splendid cooperation with the Study Club in their every undertaking throughout the year.

The club presented Mrs. E. F. Branton a lovely pink Cambridge flower vase.

As a final act of friendship and unity, the club closed the year's work by joining hands in one big circle while they sang, "Auld Lang Syne."

## SMILING IRISH EYES SEND YANKS TO ALTAR

Smiling Irish eyes have sent many American boys stationed in Ireland to the altar. Comdr. T. J. Keane, American naval officer stationed in Northern Ireland, reports that 25 per cent of the men under his jurisdiction have married Irish girls.

A good way to relieve the monotony of your work is to think of ways to improve it.

Men are like steel. When they lose their temper they are worthless.

The year is past and over,  
Say, hast thou spent it well?  
Hast thou lived each hour  
A purpose true;  
Hast thou done each task  
Thou were called to do?  
—Robert M. Coates

Reed's Grocery & Lockers

Joe B. Turner, Coxswain on the battleship Idaho, and son of Mr. and Mrs. Ozzie Turner of Truscott, wrote the following poem and sent it to his mother for Mothers Day. He and a group of sailor friends were discussing Mothers Day and decided there was nothing they could do so far at sea and nothing aboard to send their mothers, so all that was left to do was compose and write a poem. This fell Joe B's lot, and as a result a number of poems were sent to all parts of the states, to mothers from their sons in the Southwest Pacific. Joe B. has been aboard this battleship for the past two years and six months and was home for a short stay last November. Joe is a nephew of Clarence Woodward, Knox City.

TO MOTHER

There are lots of guys just like me,  
In the air, on the land, or on the sea.  
If it could be done, I'd find a way,  
To be with you on Mothers Day.  
So I'll be happy, and I'll be content,  
Just remembering home and days there spent.  
I'll remember all the things you've done,  
The love, the care, to your second son.  
I hope the thirteenth is a lovely day,  
That you have no cares and all is gay.  
My clouds will be white, my heavens blue,  
'Cause, dear mother, I'll be thinking of you.

Winter Peas Make Good Pasture For Rhineland Farmer

Bryan Cammack, district cooperator in the Rhineland Conservation Group, has made a good start in working toward complete conservation plans.

In addition to doing some terracing, he has planted some permanent pasture grass. He planted approximately 10 acres of alfalfa for hay and 20 acres of Austrian winter peas for a soil building crop.

The peas were planted last October and were grazed through the winter, along with wheat until time to stop grazing the wheat. The peas have made excellent growth since that time. Mr. Cammack is undecided as to what he intends to do with the crop at this time. He intends to turn the peas under as a green manure crop, but may decide to save them for a seed crop since there is a great demand for the seed.

Austrian winter peas are an excellent soil building crop and will make good winter pasture and hay. They mature early and for that reason rootrot is not likely to effect them.

Mr. Cammack said that his cattle would leave his wheat to graze the peas and as a result kept the peas closely grazed until they were taken off. These peas are now knee high and in full bloom.

Young women can learn electronics, radio and radar at the University of Texas for employment by the U. S. Army.

Locals

Mr. and Mrs. J. H. Atterbury recently had a letter from their son stating that he was now Lt. J. H. Atterbury, Jr. He is with the Third Army.

Virgil Stephens has accepted a position with the Lubbock Police force as radio patrolman. Mrs. Stephens, Martha and Wayne, plan to move there as soon as school is out and they can find a place to live.

Mrs. Doll Hammons and Janice have moved back to Knox City from Hico to make their home.

Walter Hyde informs us the expert fishermen, John Darr and Salem Hutchinson, spent Saturday in Lubbock looking for new fishing territory; they have fished out the eastern part of the territory.

Mr. and Mrs. E. B. Cochran have received word that their grandson, Cecil Cochran of Merkel, has been wounded in action in Germany, sometime in April.

Frank Lewis of Pampa has been here visiting his wife, daughters and other relatives.

Mrs. Viola Rowe, who has just finished a beauty course at Corpus Christi, was here last week visiting her parents, Mr. and Mrs. T. C. Howeth and family.

Pvt. Thomas Lloyd Howeth was home last weekend visiting his parents, Mr. and Mrs. T. C. Howeth and family.

Horace Benedict left Tuesday morning after several days visit here with his parents, Mr. and Mrs. W. H. Benedict.

Pfc. Grady Paul is here on an 15-day furlough from his camp at Tucson, Arizona, with his parents, Mr. and Mrs. W. H. Paul and family.

Miss Frances McGee and friend of Wichita Falls spent the weekend with her parents, Mr. and Mrs. J. C. McGee.

Mr. and Mrs. T. A. Keenan spent several days in Fort Worth with friends.

Mrs. John Roberts of Watsonville, Calif. has been here visiting the H. M. Thompson family, the L. W. Grahams.

Mr. and Mrs. R. T. Williams of Rotan and the Charlie Mosses spent Sunday in Wichita Falls with Mr. and Mrs. C. A. O'Ferrall and Pat.

Lt. and Mrs. Wayne Darr of the Dalhart Army Air Field were here for a short visit with his parents, Mr. and John Darr.

Sgt. and Mrs. I. E. Scott of the Air Field at San Angelo were here several days last week visiting her mother, Mrs. W. F. Evans and sister, Mrs. R. B. Farris.

Mrs. W. F. Evans and Mrs. R. B. Farris and Jane left Wednesday to visit their daughter and sister, Mrs. Deaton Moorhouse in Seymour.

Mrs. B. P. Denton and Patricia, left May 11th for McAllister, Oklahoma, to visit her father, D. G. McCullar and to meet her brother, David L. McCullar, SIC, and his wife. From there they all went to East Columbia, Texas, to a sister's, Mrs. G. G. Watson and where her mother was visiting. Her parents, brother and his wife returned home with her for a longer visit. David McCullar has recently returned from overseas in the Pacific where he has been since October of 1943, and has participated in seven major battles.

Lt. and Mrs. Billy Favor and daughter spent Sunday here with his grandparents, Mr. and Mrs. S. L. Favor and Mr. and Mrs. E. R. Carpenter. Lt. Favor has been stationed in San Antonio but is being transferred to an Army Air Field in California.

There are 20 base prisoner-of-war camps and 20 branch camps located in Texas.

Restrictions On Butane Gas Don't Stop With V-E Day

Increased demands of war in the Pacific have offset any anticipated increase in the supply of butane gases for home use and householders will not be permitted to make any new butane installations with the conclusion of European hostilities, Deputy Petroleum Administrator Ralph K. Davies has advised Texas butane dealers. Persons chiefly concerned are those residing in districts beyond city gas mains who are planning to install butane systems. Persons who are now using butane will not be affected.

The reason for continuing restrictions, he explained, is that butane, propane, and their mixtures are necessary for the war program. Butane is an important ingredient of high-octane aviation gasoline and also is needed for the manufacture of synthetic rubber. Propane is becoming increasingly important as a raw material in making chemicals.

Huge quantities of propane are used in war plants in the North where there is a shortage of natural gas.

Production of 100-octane aviation gasoline will continue at maximum rates after V-E Day and will require even more butane than was used for this purpose last winter, Mr. Davies said.

### The Family Altar

By Rev. Violet Byers  
Co-Pastor Foursquare Church

"Train up a child in the way he should go; and when he is old, he will not depart from it."

These words of wisdom are to be found in Proverbs 22:6. How true it is that the early training that a child receives will stick to it through its life. It may wander for awhile but there will come a day when that child is faced with a problem and it will remember its early training.

Mothers and daddies, now that school is out are you going to let the children run wild all summer or are you going to let them forget God and sleep late on Sunday morning, and in general let them have their own way? Don't forget that Satan will find work for idle hands to do, and that an idle mind is the Devil's workshop.

Would you as mothers and fathers neglect to feed your children all through the summer? I am afraid they would be very thin when school started again, and would be unable to cope with the school work and problems. And perhaps many would die as the result of the starvation, yet we see parents who love their children and feed their bodies will neglect the most vital part and that is feeding their SOULS.

Jesus himself said in Matt. 4:4, "Man shall not live by bread alone but by the word that proceedeth out of the mouth of God." During this summer vacation it would be well to remember those words of Jesus and start caring for the souls of your children, as man's soul outweighs the world in value. It is the soul that will live on into eternity and now is the time to decide where that soul will spend eternities.

Gather the children around the Family Altar for at least an hour each day, tell them the old and lovely story that Jesus loves them, teach them the ways of righteousness, and plant the seed of the word of God within their hearts, and then give them certain responsibilities during the summer with plenty of wholesome work, and a time of recreation mixed in. When fall comes and school starts, and the harvest is ripe, truly mothers and daddies, you will reap a real harvest in the love and respect of your children, knowing that you have led them in the paths of righteousness, and have builded a sure foundation for them to grow on. May God bless and guide you and remember Jesus loves you.

Rev. Violet Byers and the Family Altar.

#### CARD OF THANKS.

We appreciate the prompt manner in which the Ideal Life Insurance Co. handled and paid our recent claim under a life insurance policy in our behalf.  
Mrs. Florence McReynolds and family.

The Dupont Company has under construction at Orange, Tex., a \$20,000,000 nylon plant.

Texas' quota of "E" bonds during the 7th War Loan Drive is 168 million dollars.

#### SENATE

JOINT RESOLUTION NO. 7 proposing an amendment to Article VI of the Constitution of Texas providing that any person in the armed forces of the United States, or the Armed Forces Reserves of the United States, or any branch or component part thereof, or the United States Maritime Service, or the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter; providing that members of the regular Army, Navy, or Marine Corps of the United States shall not be permitted to vote; providing that other members of the armed forces shall be entitled to vote under certain conditions; providing the form of the ballot for voting on said proposed amendment; fixing the time for holding an election; directing the Governor to issue the necessary proclamations; and making an appropriation.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:  
Section 1. There shall be submitted to the qualified voters of the State of Texas the matter of amending Article VI of the Constitution of Texas, by adding thereto a new section which will modify the present restrictions concerning voting. This new section shall be inserted between Section 2 and Section 3 of said Article VI, and shall be known as Section 2a, and shall read as follows:

"Section 2a. Nothing in this Constitution shall be construed to require any person, who at the time of the holding of an election hereinafter referred to as, or who, within eighteen months im-

mediately prior to the time of holding any such election was, a member of the armed forces of the United States or of the Armed Force Reserve of the United States, or of any branch or component part of such armed forces or Armed Force Reserve, or the United States Maritime Service or the United States Merchant Marine, and who is otherwise a qualified voter under the laws and Constitution of this State, to pay a poll tax or to hold a receipt for any poll tax assessed against him, as a condition precedent to his right to vote in any election held under the authority of the laws of this state, during the time the United States is engaged in fighting a war, or within one year after the close of the calendar year in which said war is terminated.

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this state on August 23, 1945, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the following: "FOR the amendment to Article VI of the Constitution of Texas, providing that any person in the Armed forces of the United States, or the Armed Force Reserve of the United States, or any branch or component part thereof, or of the United States Maritime Service, or the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter."

Those opposed to such amendment shall have written or printed on their ballots as following: "AGAINST the amendment to Article VI of the Constitution of Texas, providing that any person in the armed forces of the United States, or the Armed Force Reserve of the United States, or of any branch or component part thereof, or of the United States Maritime Service, or the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter."

Sec. 3. The Governor shall issue the necessary proclamations relating to the publication of the foregoing Resolution, in the various counties of the state, and shall cause the same to be published as required by the statutes and the Constitution in connection with the submission of proposed amendments to the Constitution to the people for their action at a statewide election. If it shall appear from the returns of the election at which the foregoing amendment to the Constitution is voted upon that a majority of the qualified voters have voted for said amendment, same shall then become a part of the Constitution of Texas.

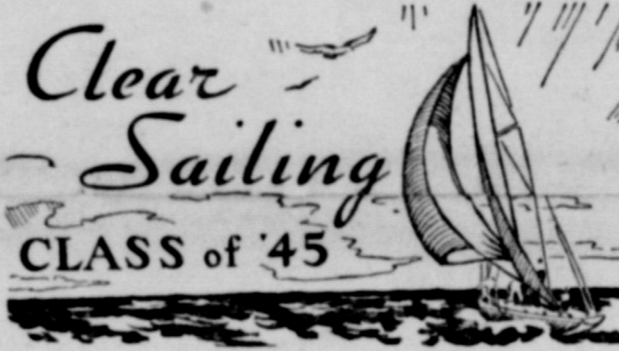

Sec. 4. There is hereby appropriated out of the General Fund of the State of Texas, not otherwise appropriated, the sum of Fifteen Thousand Dollars (\$15,000.00) or so much thereof as necessary, to pay the expenses of advertising said Resolution in each county in the state and for such other purposes as may be necessary, or required by law, or by the Constitution.
