Paul Hoge's Car Stolen Friday

Just before dawn Friday, two runaways from Pine Hill School in Miles City, Montana, stole a 1966 Buick belonging to Paul Hoge. Only a few moments before, the two had taken a 1968 Pontiac GTO belonging to Antonio L. Rocha, but due to the small amount of gasoline in the Pontiac, they abandoned it and took the Buick. According to Frank McAuley Jr., Knox City Chief of Police, the two first took a 1969 Ford Galaxie belonging to the Montana Decota Utilities Co. and drove to Perryton where they were apprehended in a road block on a no driver's license charge. They were later released and took another 1969 Ford Galaxie in Perryton and drove to Knox City.

FTA Group Leaves For Convention In Houston

Future Teachers of America of Knox City High School have been excitedly making plans for several weeks for the 22nd annual convention of the Texas FTA, being held Friday and Saturday in Houston. The local chapter is running Brent Hallsback, son of Mr. and Mrs. Don Hallsback, for state vice-president and also, Dean Bouldin, son of Mr. and Mrs. Clyde Bouldin, for Mr. FTA. This is a real honor and an unusual privilege for a small chapter to have two candidates running for state offices. Mrs. Ottis Cash, chapter co-adviser, reports that there is lots of enthusiasm among the 32 chapter members going and immediately upon arrival in Houston, they will begin campaigning with posters and the 5000 hand bills they have prepared for this event. There will be six candidates, including Brent, running for state vice-president, and Dean will represent District IX for Mr. FTA. This is the

The competition, in the form of a three-minute speech on "Within Our Grasp," will be held Friday afternoon, February 26, at the Texas Future Teachers of America (FTA) state convention in Houston. The two-day convention opens with registration at 9 a.m. Friday and runs through Saturday night at the Houston Convention Center.

Streams In Desert Places

BY OZELLE STEPHENS

"It is a good thing to give thanks unto the Lord, and to sing praises unto thy name, O Most High, to show forth thy loving kindness in the morning, and thy faithfulness every night." Ps. 92:1-2.

This is one of David's Psalms or songs for the Sabbath Day. David found fulfill-

ment of man's basic need to worship God. The heart of man seeks continually for a proper relationship to his creator and worship is the means which establishes this relationship.

God is spirit and man must worship in spirit and truth, which involves absolute union with God and man. To fulfill this requirement a right understanding of God and a development of one's self in His spirit are necessary. We must know Him as the omnipotent Spirit of life, light, love, substance, and power. Worship requires only you and God and your quest of His Holy Presence within. Then you experience the ultimate joy.

and most of all campaigning for Brent Hallback. We hope to have an FTA State Vice-President in our midst when we get home.

Dean Huddin will be representing District IX in the Mr. FTA contest. The competition will be tough, but we feel Dean will be the best speaker there.

I would like to take this opportunity to thank everyone for contributing to our money-making projects. Without your help and cooperation this trip would not be possible.

Coaches' Comments

By COACH JIMMY ROGERS

The Knox City Track Team opens the 1971 track season this Saturday at Rotan. At the present we have 19 boys participating in the track program. We feel that with lots of hard work we will be able to compete for the District crown in 1-A. Of course the attitude of the boys, injuries, and luck will determine our district outcome. At the present we are trying to build our team around two strong relays and field events. If these two phases

come through we will have a successful season in track.

Track is possibly one of the hardest "workout" sports in athletics. No one likes to just run around a 440 yd. oval. Therefore you can say the boys that participate do sacrifice some of their free time for hard work, especially after coming off a successful football and basketball program which also requires hard work.

As the season progresses we will be listing what each of the boys have accomplished at each track meet.

FACES IN THE CLOUDS
Faces, in the clouds, that come and go.
Like a thought, cut short from meaning.

A cool refreshing wind, that gives a feeling of being alone.
Clouds that work, but are destined to no place.
Yet comes to the end of a long journey, when He says rain.

The sun sits now under the clouds of gold.
A crisp prism of colors, that casts its magic spell over mother nature.
Clouds are no more than a dream; they come and go, but for a short moment are so very real.

Then the feeling that comes and floods the soul with happiness.

Clouds are people who work together in union.
Now the clouds as people tower high above all, and smile on all below.

Like a King on his throne to rule his great yet tiny kingdom.

The clouds are merely thoughts, that flow through your mind.
And the sunset is the old man of tomorrow which will be no more.
