## STILL ACTIVE ON 34th BIRTHDAY

Grandmother Waldrip enjoyed her 34th birthday the first of March. In addition to enjoying the passing of another mile stone, Grandmother Waldrip enjoys the best of health and is still active, doing a good part of her own house work and raising chickens.

On her natal day, Mrs. Waldrip was surprised with a letter shower and also received a number of gifts. She is the oldest citizen in the county. She is the mother of eight children and has a big number of grandchildren. She has lived in Knox County since 1918. She is well known and a host of friends who wished her on her recent birthday.

Grandmother is making her home with her son, W. E. About three miles north of the city. The Herald wishes her many more happy returns of the day.

## SHERIFF TAKES MEN TO HUNTSVILLE

The Knox County Sheriff, Mr. Elliott, left Monday for Huntsville with four men whose trials convicted them and gave penitentiary sentences. The four men are Harry Huggins, who was given 15 years and Eary Samsky, also 15 years for the murder of Mr. Moreland in the local depot in 1923. The two plead guilty. Red Sanchez received five years for an assault on the jailer during jail delivery last spring. At that date several prisoners escaped.

The fourth was Travis Manuel, negro, who was given one year for transporting intoxicating liquors.

## FRANK ELDRIDGE TO BE TRIED HERE

Mr. Jackson, deputy Sheriff of Munday left Monday for Boulder Colorado to get Frank Eldridge who is in jail there under grand jury indictment of wife desertion. He has lived in Knox county for several years. He will be held in the Benjamin jail for trial next week.

## ELECTION NOTICE

An Ordinance was passed by the City Commissioners ordaining an Election to be held in the City Hall on the (1) Tuesday in April A. D. 1930. For the purpose of electing one Commissioner the manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections.

Mr. W. E. Clouse, L. H. Stevens, L. W. Graham, and E. B. Shaver spent Tuesday in Sweetwater attending the meeting of the International Harvester Convention.

Mr. W. T. Loper of the Union Grove community spent Tuesday in Knox City.

## A Pictorial Editorial

By Albert T. Reid

In the creations of the Author, Artist, and Composer, the public finds its entertainment, information and education.

These Creations represent property to those who produce them.

A vast industry, representing a turn over of more than a billion dollars annually is the direct outgrowth of this creative work—the printing and publishing business, music, the radio, and the movies.

This great business gives employment to hundreds of thousands of people, and yet the rights of those upon whose work this industry depends are inadequately protected under our antiquated copyright law.

A bill designed to set out these property rights and protect the rights of those who compose and create, is now before Congress.

If passed it will do much to stimulate these areas in our country and the public will benefit.

If YOU believe the Composer, Artist and Author is entitled to have his rights properly safeguarded, write to your Senators and Congressman urging them to support this measure. You will help greatly to promote creative work.

## CHAMBER OF COMMERCE MEETING

### THE FIRST AND PRESENT SENIOR CLASS

Kennel Gives Interesting Story

One of the most interesting and valuable stories given in the Kennel, the school paper, this year was that which appeared on the first page of the school sheet last week on "The First and Present Senior Class."

According to the Kennel, the first Senior class of the Knox City high school was nineteen years ago with the full enrollment being four, three boys and one girl. The present class has a total enrollment of twenty four nine boys and fifteen girls.

The Kennel further states that all of the four members of the first class are living, and have developed into mature, influential citizens in this and other states. Those four first graduates were Beatrice Pope Eeell, now of Phoenix Arizona, James E. Hidsben, who is now a professor in a northern University, Rufus McLain, manager of the Harrison Drug Store in Wichita Falls and Charles Pringle who owns and manages a drug store in Waco Texas.

The editor of the Kennel states that she hopes the members of the class of 1920 will turn out as well as did the class of 1911, making as good citizens and business men and women.

The motto of the class of 1911 was "To night we launch—where shall we anchor?" The motto of the senior class of 1920 is "We have crossed the bay the ocean lies before us."

This story was given in the Kennel is a very good argument for the modern boy and girl. It is intensely interesting to know that our boys and girls are looking back over the trails uncovered in the lives of their predecessors. It is well that they look ahead and hope for the future of themselves and their class mates.

### KNOX COUNTY WOMAN SEEKS DIVORCE

Mrs. W. L. Rodgers, a Knox County resident and mother of a large family, sued her husband this week for a divorce on the grounds of cruelty. Mr. and Mrs. Rodgers have been married and lived together for forty years. They have a family of children. The divorce was granted in the court proceedings at Benjamin Monday.

### MAY GET NEW DEPOT

#### BUSINESS MEN COMPLIMENTED

Tuesday evening the Knox City Chamber of Commerce met in a regular meeting at the Sanitary Cafe. Following the most bountiful meal, the organization went into its business session with the best of enthusiasm; however, at this time the business were complimented with Mapacuba cigars, passed to the crowd by Mr. J. D. Ables, representative of that company. Mr. Ables was asked for a talk and taking advantage of his opportunity, he expressed his appreciation of the trade given him in the Knox City territory.

The complimentary cigars were appreciated by the members of the chamber of commerce.

There were a number of guests present Tuesday evening, among them being Mr. Kemp of the Santa Fe railroad. Mr. Kemp was asked to make a talk and although it was short, the speaker received the greatest applause of the evening. Mr. Kemp announced that he had recommended a new depot with more room for Knox City.

Of course it is yet unknown as to whether or not we get the new depot, however, the prospects are good. We appreciate Mr. Kemp's interest shown in Knox City.

New committees for the various works of the Chamber of Commerce were appointed. They are as follows:

#### Executive Committee

E. O. Jamison  
H. E. Wall  
T. P. Frizzell  
Roy Smith  
Ray Willis

#### Membership Committee

A. J. Malouf  
Ray Willis  
C. C. Hoge

#### Road Committee

J. W. Smith  
E. Q. Warren  
S. P. Kenny  
E. O. Jamison  
W. M. Griffith

Mr. Frizzell was appointed as a chairman of one to be retained on the highway 51.

#### Civic Improvement

E. Q. Warren  
T. P. Frizzell  
Ray Willis

This committee will work in conjunction with the Study Club and the Chamber of Commerce is looking forward to some real work being accomplished.

At this time the question of setting out some trees on the south side of the Hospital was discussed. A certain man within the county has a supply of Paradise trees which he will give the hospital if they can be used.

The study club and this committee named will work out definite plans for work on the Hospital grounds as well as the town at large.

#### Hotel Committee

W. E. Benedict  
A. B. Reese  
E. Q. Warren

This is the same committee re-appointed. Mr. Warren, chairman of the committee made a most favorable report on the present prospects of getting a real hotel for Knox City.

#### Orchestra Committee

Lee Smith  
Henry White  
Mrs. V. H. Pysatt

The Chamber of Commerce, like all the citizens of Knox City, is anxious to have a home orchestra. The organization has selected three capable, enthusiastic musicians to manage the home orchestra and it pledges its full cooperation in the support of the same. This committee is expected to get into active work now for the chamber of commerce expects to use this home talent in the very near future.

#### Farmers To Be Guests At Meeting Soon

The question of inviting the farmers of the community to attend the next meeting of the Chamber of Commerce was discussed and found to be very favorable. A committee of H. E. Wall, Roy Smith and T. P. Robbins was appointed to make complete arrangements for this meeting.

The hour of meeting has been changed from twelve thirty to seven in the evening. The next luncheon committee was appointed, C. M. Davis and Henry Arledge.

The attendance Tuesday evening was unusually fine. Including the guests there were 40 or more present.

Mr. and Mrs. J. H. McLain left Wednesday for Wichita Falls for a few days visit. They will go from there to Corsicana, their old home place, where they will visit for some ten days.

## JUDGE LEE ANNOUNCES FOR RE-ELECTION

To the Voters of Knox County: Although I am calling your attention to my candidacy for a third term as your county judge, I feel certain no open minded voter expects any apology upon my part, for the reason that Knox County long since established the custom of bestowing official favors on a basis of efficiency and not on the basis of terms.

I have spared no effort to familiarize myself with the county and community interests since my election to the office of county judge of your county, and have made an honest effort to assist your county commissioners' without fear or favor in promoting them.

The annually increasing business of the county necessarily brings a corresponding increase in expenses and I faithfully promise that if re-elected I will cooperate with your commissioners' court in keeping the necessary expenses down to a minimum and that any necessary raise in tax rates or values will be an evenly distributed upon the basis of cash value as contemplated by law, as possible.

I have always opposed, and shall continue to oppose, commissioners' courts contracting heavy debts upon tax payers without their consent, and desire to call your attention to the fact that the present commissioners' court has created no such debts.

I have made every consistent effort to cooperate with the various commissioners of the county in the promotion of their respective precinct interests and will continue to do so, if re-elected, regardless of who may constitute your next court.

The interest of Knox County demands the attention and presence of your county judge both inside and outside of the courthouse, and I promise to continue to look after both, as I see them, whether it be to the satisfaction of the political monkey wrench slingers, the grafters or the gold-brick sales or not.

I have made an effort to make a few honest dollars as a surveyor when the duties of the judges office didn't acquire my presence at the court house, and I refuse to believe that the public has suffered, thereby, or expects any apologies at my hands. The expenses of the average family has increased so much in recent years that some rein should be allowed along professional lines or an increase in ex-officio allowance expected sufficient in amount to bring the official income, at least, up to the statutory limitations.

There are a number of other things of mutual and vital interest that I hope to be permitted to discuss with the voting public before the primary sufficient to say for the present that these elections of your county judge and commissioners mean increasingly more and more to the average tax payer and your interests call, with increasing seriousness, for careful conservation at your hands as a voter this year.

If after careful consideration you can vote and work for my re-election I shall be very thankful.

Respectfully,

Oliver W. Lee

## WORTH WEIGHT IN GOLD SAYS BRECKENRIDGE WOMAN

DIDN'T THINK THERE WAS A MEDICINE ON EARTH THAT WOULD DO HUSBAND GOOD ORGATONE DID

"This medicine is worth its weight in gold and if the price was much more per bottle than it is, my husband would buy it just the same," said Mrs. Claude Johnson, who lives at 207 W. Sixth St., Breckenridge, Texas.

"My husband had been suffering for five years with constipation, diarrhea and pains across his back," she continued. "He was forced to take a purgative all the time and would get so dizzy he would nearly fall. I don't know what was the matter with him, but it must have been something like indigestion. He had been going down hill for several years and it seemed like nothing he would try would do him any good. He had such a severe pain across his back too, and never could get a good night's rest, and just felt so bad when he got up every morning he couldn't do a day's work like he wanted to."

"We saw in the papers, where Orgatone has helped lots of other people who described his trouble and the first chance he had to get a bottle he started taking it. He had confidence in the medicine and thought it would help him, but had no idea it would help him so quick. He began to feel better right from the start. It takes hold quicker than any medicine I ever saw, and seems to give you an appetite and make you feel good. I simply wouldn't take anything for what it has done for him, and it would be hard for me to figure out in dollars and cents what it has been worth in my husband's case."

Genuine Orgatone may be obtained in Knox City at the Orient Drug Store.

### HIGH SCHOOL SPONGES

The members of the Knox City High School have very cleverly given a new application to the meaning of the word "sponge". High school sponges, like all other kinds of sponges, have as their motto to get the most for the least, and it is shown here some times in "I want to borrow your ink, your fountain pen, your algebra problems, your English exercise etc."

The peppy little school paper says that a "sponge" never achieves anything in life, whether it is a real sponge or a boy or girl. "Once a sponge always a sponge".

If the public at large will apply the school boy and girl's idea of a "sponge" to their lives, it doubtless will become a stepping stone to them instead of a sponge.

## It May Be Urgent

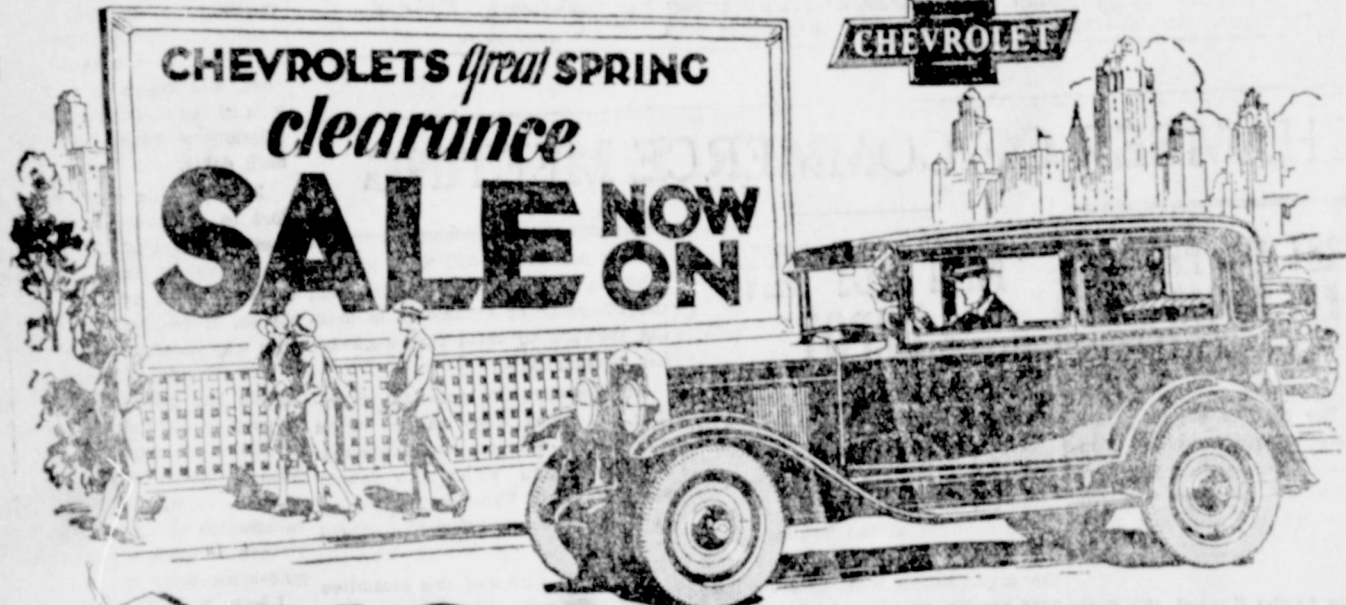

When your Children Cry for It

Castoria is a comfort and relief. No sooner taken than one is at ease. It relieves a baby's discomfort. No other medicine for babies. Perfectly safe for the youngest infant; you have the word for that! It is a cathartic and you could use it every day in an emergency that Castoria must be relieved—or else suffer. Never let your baby suffer. Opened, to make sure there is no Castoria in the house. Buy it for older children, too; that comes with it.

**Is Darnell's Store One Of a Chain?**

During the last few weeks the question "Is Darnell's Store a chain store?" has come to us so many times that we reproduced the question to Mr. Darnell and waited for his answer.

Immediately came the answer, "ours is a home owned institution, a home owned store." Mr. Darnell's store belongs to the Franklin League but this is in the purchase of merchandise only. Chain stores, including variety stores have become numerous, so much so that two men owning one or two variety stores could not possibly compete with the chain stores in price. These individual merchants formed what is called the Franklin League, throwing their buying together so that they could get the goods as cheap as the chain stores were getting it and like wise sell it as cheap as the chain stores were selling it.

In other words, the variety store men have pooled their buying capacity, in like manner that the individual grocery men are trying to do to compete with the big chain grocery stores.

The Ben Franklin League believes that the salvation of the independent merchant lies in putting his store on a real competitive basis. This can be done by selling as low as the foreign owned stores. And home owned stores, or the individual merchant can sell as cheap as the chain store if he can buy the goods as cheap as the chain. And the individual merchant can buy the goods as cheap if all the merchants of any one line will put their buying together, pool the wholesale buying. This is what the individual variety store men have done.

Our readers will wonder at our interest in this home owned store question. We can explain the interest briefly. The success and continued prosperity of a community of this size depends almost entirely on the success of its stores. The money earned by the community must stay in the community, or its line gets in. There is no reason why our independent stores should not continue prosperous for years to come.

Knox City has not yet been interrupted in her progressive young life with the foreign owned stores. We wonder what the reaction would be if such would be the case some day?

Although the lady editor was unable to accept one of Mr. Able's nice Mepacuba cigars, at the chamber of commerce meeting she could not refrain from accepting the delicious chocolates which he had sent to the office on his leave of the city. She was not in the office at the time the box arrived so the sweets went into the hands of the "man of the house" Mark. However, he knew better than to eat the sweets. They were certainly fine and tasty ones Mr. Able's.

**DARNELL'S 9c SALE  
HUGE SUCCESS**

The 9c sale beginning last Saturday and lasting through this week up to closing time Saturday night, at Darnell's 5 to \$1.00 store is a huge success. Mr. Darnell put on this sale with the idea of giving to his customers real values, needed articles that sell all the time at three, four and five times the sale price 9c. One outstanding article is the nice, beautifully decorated salad bowls, each only 5c. Too, the large, nice, bath towels, only 9c. Every thing in the sale goes for only 9c. There are other values equally as great as the two just cited.

The sale is such a complete success that Mr. Darnell is having to make new orders for the sale goes on. Some twelve or fifteen of the specials were sold out in the first day or so of the sale; however, new shipments have been wired for and these specials will be in the store, ready for your purchase, Friday and Saturday.

Mr. Darnell is able to offer these specials, at exceedingly low prices because of the fact that he has pooled other individual merchants in buying and because of the extremely large order, each merchant gets his goods at a reduction. Read the advertisement this week of Darnell's 5c to \$1.00 Store.

PLANT A TREE

Your Legs and Your Brain

This is one of the greatest tragedies of modern life. Men are forgetting how to walk.

They travel by taxicabs and street cars; they travel by automobile, they project their personalities over a telephone wire.

But they do not walk. There is a double loss in this. A loss in health, first. Most of the diseases of modern men originate in the intestines. Formerly men and women walked enough to keep the stomach muscles firm, the intestines healthfully agitated.

Now men and women even more so—sit all day slumped in. Germs settle down inside them gladly; and Death, his work made easy for him, laughs.

There is another loss, equally great. A loss in mental keenness and mental wealth.

Did you ever take a walk in the country with someone who knows really how to walk?

Someone of the type of the naturalist Linnaeus, for instance? Linnaeus walked into Oland, and found the lands of the farmers ruined by sand blown from the beach.

He discovered that the roots of a certain beach grass were long and firm; he taught the farmers to row that grass along the beach, and so preserved their lands from ruin.

He walked into Thorne, and found that a certain period in every year the cattle fell sick and died.

It was a curse, the people said—the act of angry spirits.

But Linnaeus, examining the pastures, uncovered a noxious weed, and showed the farmers how the work of one laborer for a few days every season would root it out.

In his walks he examined and catalogued 8,999 plants, vegetables and flowers.

How many plants, vegetables, and flowers do you think you could identify if you were to see them in their native state?

"Few men," said Dr. Johnson, "know how to take a walk."

But those favored few enjoy a glorious and mysterious privilege. To discover where the violet bloom in the spring—

To be able to tell directions in the woods, by knowing that large pine trees bear more numerous branches on their southern side—

There are few pleasures more richly satisfying; none that pay larger dividends in health.

The man who goes into the country once a week is a better citizen than the man who never goes, even though his eyes see nothing more inspiring on his walk than a golf ball.

Flabby legs usually mean flabby brains.

If you would think clearly, speak forcefully, work effectively, get out into the country when you can—and walk.

Miss Ruby Evans spent the week end here with her parents.

## The Mark of Genuine Aspirin..

Bayer Aspirin is like an old friend, tried and true. There is no satisfactory substitute for either one. Genuine Bayer Aspirin is the accepted antidote for pain. Its relief may always be relied on for an occasional headache, to head-off a cold, or for more serious pain from neuralgia, neuritis and rheumatism. Bayer Aspirin bears the word "genuine" in red, and the name Bayer, on the box.

## MISSIONARY BUSINESS MEETING

Monday afternoon the Missionary Society of the Methodist church met in a business meeting at the church. The devotional was given by Mrs. J. C. Mann, and a very good one it was. Mrs. Mann concluded her message with the comparison of the heart and mind to the radio. In order to get the programs that are broadcast over the air, one must have a good receiving set. Mrs. Mann says that in order to get the blessings, joys and benedictions given our heavenly father, we must have our hearts and minds well tuned, we must use them as our receiving sets.

The business meeting followed one important feature of which was the visit made by representatives of the Senior Epworth League. The League convention will be held over Saturday and Sunday March the 27th and 28th. Some two hundred visitors are expected to be present, a good number of which will spend the night. The local Epworth League is making arrangements to care for these guests and in doing have asked the assistance of the Womens Missionary Society. The matter was immediately taken up by the society and given proper attention. Every Methodist expects to cooperate in this event.

The question of doing a little work on the parsonage was discussed and heartily approved. The Parsonage Committee is attending to this work.

The attendance was good Monday. The meeting adjourned to meet again the following Monday.

## KONJOLA MAKES GOOD AFTER ALL ELSE FAILED

St. Louis Lady Glad To Relate Her Fine Experience With New And Different Medicine

MRS. DORA BAUER

Konjola is a different medicine simply because it scores victory after victory in cases that have defied and resisted all medicines and treatments tried. This is not a boast. It is a fact established and proved in thousands of cases like that of Mrs. Dora Bauer, 3403 St. Vincent Avenue, St. Louis. Read her grateful words:

"How I wish that every sufferer from neuritis could know what Konjola did for me. For then years I endured agonies from this awful ailment. I had to keep my arms wrapped tightly to ease the pain. My digestion was bad, too, and this weakened me, making me still earlier prey for neuritis. I can not remember how many medicines and treatments I tried, but found nothing to give relief, restored digestion. In just five weeks this remarkable medicine restored digestion, rid my system of poisons and impurities, and then the neuritis left as if by

magic. What a boon to be to me. The medicine with million friends. It should be sold in the Original Drug Store, the best druggists throughout this country.
