## James Eiland Wins Second And Ronnie White Sixth In Science Fair Divisions

SCIENCE PROJECT — James Eiland, 16-year-old junior in Knox City High School is shown with his Thermo-Electronics project which he entered in the senior division of the Science Fair at Wichita Falls. He was informed Wednesday he took second place honors instead of third. He missed by only 1 1/4.

Regional Science Fair was held at Wichita Falls Friday and Saturday and two Knox City youths placed second and sixth in the senior and junior high divisions.

In the senior division, James Eiland, son of Mr. and Mrs. Kenneth Lawson, placed third in the physical science division. His project was in Thermo-Electronics, a direct conversion from heat to electricity.

Eiland won a citation from the Air Force and a trip to Shepherd Air Force Base as the best contestant in the field of electronics.

Science Teacher Ben Fletcher said Eiland lost the first place position by only 1 and 1/4 points. "Competition was stiffer this year than ever before," Fletcher told a Herald reporter.

Eiland received a score of 93 points from one of the judges.

## Ann Milford Wins Scholarship Award For Best Violinist

MISS ANN MILFORD

Ann Milford, this year's winner of the annual Potisham Scholarship award for best violinist of the All City Senior High School orchestra, was featured player in a concert at the Will Rogers Memorial Auditorium last Friday evening in Fort Worth.

The program was under the direction of Dr. Ralph Guenther professor of music in TCU.

Miss Milford played Mozart's Concerto No. 3 and according to the music critics, gave a top performance.

Miss Milford, a senior of Paschal High School in Fort Worth, is the 17-year-old daughter of Mr. and Mrs. R. E. (Bud) Milford, formerly of Knox City. Her grandmother is Mrs. Lela Milford, a pioneer citizen here.

## MRS. KECK IMPROVING

Mrs. Georgia Keck, who has been in critical condition in a Dallas hospital the past two weeks is reported to be in somewhat better condition at press time.

## Lee Adams Rites Held At Methodist Church Monday

Funeral services for Lee Adams, retired rancher who died at 1:30 a.m. Sunday in the Knox County Hospital were held Monday at 3 p.m. at the Methodist Church with Rev. Charley Sargent, Rev. Nettie Wilcox, and Rev. Jarrell Sharp officiating.

Burial was in Gillespie Cemetery under direction of Pinkard-Smith Funeral Home.

Mr. Adams was born Feb. 19, 1883 in Brown County and married Josie Ann Fortenberry on April 25, 1902, in Parker County. She died several years ago.

Mr. Adams had lived in Knox City since 1931, moving here from Weinert.

Survivors are five sons, Derrell of Fresno, Calif., Bill of Lubbock, J. B. and Doc of Knox City, and R. L. of Weinert; three daughters, Mrs. Ilene Phipps of Lamesa, Mrs. Jewell Proffitt of Hamlin, and Mrs. Velma McClure of Weinert; two sisters, Mrs. Ora Hamm of Barnhart and Mrs. Toodle Jerrell of DeQueen, Ark.; 21 grandchildren and 13 great-grandchildren.

## Knox City 4-H Club Has Meeting

The Knox City 4-H Club met Friday, March 17. County Agent Jack Moore explained soil sampling and handed out soil sampling sheets to the members.

The District meeting and rifle contest was discussed.

There were 25 members present at the meeting.

## Nationally-Known Race Driver-BUILDER Hayden Proffitt Here This Week

Knox City had a nationally-known personality here this week—his name may not be known to all the mamas and papas, but it will surely ring the bell for most of the teenage set. He is Hayden Proffitt, of Anaheim, Calif.

Proffitt was here to attend the funeral of his grandfather, Lee Adams, who was buried Monday. Proffitt was practically raised by his grandparents here in Knox City, he said. He is 34 years of age.

On Feb. 18, at the Winter Nationals Championship Drag Races at Pomona, Calif., Hayden won the world's record in the quarter mile at 176.46 MPH in a two-engined dragster. The record was for the gas class racer. He has never used "nitro" or fuel, just pump gas (104 octane).

Hayden also holds the world's record for a single engine dragster that develops more horse power per cubic inch displacement than any other car. He turns 164 MPH in the quarter, winding it up to 9400 rpm with the blower turning 15,000 rpm.

He not only drives, but builds his own cars.

In one run, that was unofficial, Proffitt turned 192.28 in the twin engined dragster, but was unable to run any more because of a broken axle.

The twin-engined dragster is powered by two 352 cubic inch Chev engines, bored to 4 inches and stroked one-half inches, coupled with 471 GMC blowers with Hilburn injectors, 33 1/3 overdriven, complete some of the most significant changes in the Chev engine department.

Proffitt said the engines revved to 7500 rpm and the blowers turned 13,000 rpm at the same engine speed.

He has been racing professionally the past four years, and has broken 11 records on the quarter mile tracks. All together he

has received the checkered flag 351 times since 1954.

He has come up through the ranks by first driving stock cars—the first—a 1954 Buick, then all the other types of racing up to the dragsters.

Hayden now works for Mickey Thompson, who holds the world's land speed record of 408 MPH. Hayden said the big lakester would again run in Bonneville this year at the races there and would attempt to break the old record—this time at 460 MPH! It runs four Pontiac engines.

Hayden said the twin dragster, in which he won the world's record, develops 1600 HP. When asked if he used a tachometer in order to change gears at the right time, he said, "No." It has one gear only.

He said the car moved so fast that it was impossible for him to take his eyes off the strip for an instant, and that the last 400 feet were just a blur.

He has never turned a car over nor had a bad wreck in his driving career. He has spun out several times at speeds up to 165 and 175 MPH though, he said.

Hayden is usually sponsored by Lions Clubs in his racing competitions, and the Pomona Lions Club awarded him the world's record trophy in February.

He is the son of Mr. and Mrs. Arthur Proffitt of Hamlin, and brought the trophy to give his dad while he was here. Hayden planned to leave for California sometime today.

## Unused Cotton Allotment Deadline Will Be April 14

Jesse T. Gilpin, ASC office manager, states that April 14, 1961, is the final date for releasing unused cotton allotment and also final date for applying for additional acreage to be reapportioned from the released acreage.

Gilpin said: "Everyone that does not intend to plant their entire allotment should release the excess to the Knox County ASC Committee so that it can be reapportioned to other farms that will plant it."

"This is the only way that our cotton history for the county can be maintained at the maximum," he said.

## Olie Ray Garrison Wins County Spelling Bee Saturday; Sights Set Now ON W-F

SPELLING BEE CHAMP — Olie Ray Garrison is shown above in his "Lucky Shirt" after winning the Spelling Bee of Knox County. Olie Ray has entered and placed in every contest since he was in the second grade.

Olie Ray Garrison, son of Mr. and Mrs. Wesley Garrison, won the Knox County Spelling Bee held Saturday, March 18, at the Knox City grade school.

He defeated three other contestants, Rita Skiggs of Munday, Johnny Stoghill of Munday and Anita Barton of Gilliland.

Olie Ray won the Knox City contest on Tuesday, March 14.

Roger White, minister of the Knox City Church of Christ called out the 290 words of the 21 round contest.

Mrs. E. F. Branton, Elementary School Principal, was director of the Spelling Bee. Judges were Mrs. Curtis Casey, Mrs. George Wynn and Erwin Youngblood, School Superintendent.

Olie Ray will compete in the district Bee at Midwestern University April 22, and if he wins that contest, will go to Washington, D.C.

## James Leo Benham Crash Victim, Rites Held At Benjamin

Funeral services were held at 2:30 p.m. Wednesday at the First Baptist Church in Benjamin, for James Leo Benham, 23, of Seymour, who was killed in an automobile crash at Everett, Wash., Friday, March 17.

Rev. Carrol Desgrange officiated. Burial was in the Benjamin Cemetery under direction of Pinkard-Smith Funeral Home.

Mr. Benham was born January 21, 1937, at Seymour. He had been a resident of Everett for the past year. Prior to moving there he had been a resident of Benjamin.

He is survived by his wife, Doris Kay Benham; one son, Eddy, age 2; a brother, Vaughn Benham; a sister, Marcella Benham; his father, D. L. Benham, all of Chillicothe.

## "Daffy Dills," Senior Play, To Be Held Tuesday, March 28

"The Daffy Dills," a farce by Jay Tobias, will be presented by the Senior Class next Tuesday night, March 28, in the Junior High Gymnasium. The Knox City High School Band will play beginning at 7:30 until the curtain rises on Grandmother Dill at 8:00 o'clock.

The Dills go "daffy" as they try to scare off an unwanted step-mother. However, Elaine meets the situation head-on with a few tricks of her own. Epsom salts goes into the twins lemonade, and step-mother's pet python (muzzer's big, baby worm) escapes, scaring the neighbors and sending the maid, Arnica, back home to Alabama. Into the mess comes Papa Dill and Cousin Maude to straighten things out—do they succeed?

Admission is 25 and 50 cents.

## Benjamin Methodists To Hold Revival

Benjamin Methodist Church invites everyone to join in a revival meeting scheduled to begin March 26. Pastor Bill Wright will preach. The revival services will close with the Easter morning services.

Rev. Wright announced that Billy Frank Fitzgerald of Munday will deliver the Sunday evening message on the 26th. Billy Frank is a student at McMurry College. He has been active in youth work in this and the Stamford district.

Services begin at 7:30 p.m. each evening. There will be no services on Saturday evening.

## C. Y. F. Host Supper Scheduled March 23

The C.Y.F. of the First Christian Church will hold the annual spring supper Thursday, March 23. Plates will be delivered to homes from 5 to 7:30 p.m.

Menu: Ham, potato salad, beans, hot rolls and cake. Plates are \$1.00 each.

All members of the C.Y.F. are selling tickets for the supper.

## ABSENTEE VOTE DEADLINE IS SET FOR MARCH 28

TIPS ON INCOME TAXES  
1. Get all the extra help you need. The Internal Revenue makes available some publications that will help you with your tax problems. The "Farmer's Tax Guide" is available at your local extension agent's office.  
2. Don't jump at the "standard" deduction, or short form. Many people take the standard deduction automatically because they feel that itemizing is too much trouble or because they feel they have not kept records of these expenditures.  
3. Pick the right form. 1040A is the simplest, but has no place for itemizing personal deductions, reporting sick pay, deducting travel or other business ex-

**1946 Study Club Hear  
Mrs. H. A. Sherman  
At Meeting Tuesday**

Mrs. H. A. Sherman of Haskell spoke to members of the 1946 Study Club and their guests Tuesday afternoon on carpeting and draperies.

Well known in this area for her interior decorating, Mrs. Sherman discussed padding and carpeting from wool through various types of nylon to cotton. She illustrated her talk with samples of each. She then discussed the new trends in draperies and color schemes.

She pointed out that new draperies could be made and hung very inexpensively and showed many beautiful samples of new materials.

She also briefly discussed new trends in decorating that will result from the interests Mrs. John F. Kennedy has shown in the arts and her redecorating of the White House.

The club met at the school lunchroom and was entertained by members of the Stage Band, directed by Mr. Tommy Heffington, before Mrs. Sherman spoke. The group played several numbers.

Arrangements of spring flowers were used in decorating and guests were served sherbet floats and cookies as they arrived. Hostesses were Mmes. Charles Clarke, Don Railsback, and Clyde Williams. Mrs. Sherman was presented a gift by the club.

**Study Club Sponsors  
Art Exhibit March 16**

The Knox City Study Club sponsored an art exhibit at the club house March 16, approximately 45 ladies attended, from Munday, Benjamin and Knox City.

Mrs. C. J. Reese, second vice-president, conducted a brief business meeting and then presented Mrs. B. M. Farmer, chairman of the program, who greeted visitors and introduced Mrs. Pitzer Baker, of Munday.

Mrs. Baker gave a "This is Your Life" sketch of the life of the art teacher, Miss Shelly Lee, of Munday. After completing college work, Miss Lee studied under John Carlson, New York. She teaches a wide variety of age groups, ranging from children to great-grandmothers.

Pupils of Miss Lee honored her Thursday with expressions of praise and appreciation. Each pupil exhibited choice pieces of hand painted china on individual

Next meeting of the group will be a book review to be given April 4, by Mrs. R. A. Shaver of Rochester. She will review—"Mama's Way" by Thyra Bjorn. Hostesses will be Mmes. Gerald Averitt, Carl Shelton and Arnold Brown.

Members of the club expressed their appreciation to people in the community who contributed green stamps. Mrs. Buster Lowrey, president, announced the club had received enough stamps to finish getting the silver service.

**Frank McAuley Sr.,  
Celebrates 75th  
Birthday With Party**

Frank McAuley Sr., celebrated his 75th birthday at the home of his daughter and family, Mr. and Mrs. Jeff Graham. Dinner was served to Mr. and Mrs. Frank McAuley Jr., Mr. and Mrs. O. B. McElroy and daughters, Mary Nell, Charla and Rosie, Mr. and Mrs. Jimmie Branch and Jennifer, of Lubbock, Mr. and Mrs. Charles McAuley and family of Tahoka.

Mr. and Mrs. Pat Riley and daughters, Kathleen and Leslie of Lima, Ohio, were unable to attend.

Several displayed paintings, also.

Mrs. Paul Pruitt of Munday, showed a water color painting done by her husband in 1923, when Miss Lee was his teacher.

Mrs. A. V. Kemletz showed, as part of her collection, a Mother-Daughter display of sets of china. The Mother's was painted in 1917 and the Daughter, Mrs. Kemletz, painted her set recently. Both were pupils of Miss Lee.

Mrs. Baker presented Miss Lee and she talked of "Art, Yesterday and Today." She received a gift from her pupils and was delightfully surprised when they gave her her first orchid.

Following the closing prayer, everyone was invited to view the artists work. This reporter was amazed to see how much each artist had expressed her own personality in her art.

The St. Patrick's Day motif, with table decorations and refreshments, was carried out by the hostesses, Mmes. S. W. Stephens, Lee White, S. M. Clonts and O. A. Green.

Wedding Anniversary**

Mr. and Mrs. Eli Williamson quietly observed their golden wedding anniversary at their home March 15.

Eli Williamson and Miss Mary Lavida Hulen were married in Blossom, Texas, March 15, 1911. She is a native of Detroit, Texas, and Mr. Williamson of Brownstown, Ark.

Following their wedding, they made their home in Hugo, Okla., until coming to West Texas, to the Cliff community, in 1916, where they lived until coming to Knox City seven years ago.

They have one son, Clifford, of Weinert; two grandchildren, Joe Williamson of Weinert, and Mrs. Jackie Therwanger of Big Spring; and one great-grandchild, also of Big Spring.

Their health would not permit a celebration, but the couple was surprised with a shower of cards, letters and gifts from the family and friends from Los Angeles, Calif., Phoenix and Sedona, Ariz.; El Paso, Levelland, Silverton, Rockdale, Houston,

## MELANIE MEDDLES

By MELANIE VERHALEN

After mentally beating myself with wet noodles, twisting my arms, and attempting to analyze myself, I have yelled "calf-ropes" and given over to spring fever. The temptation of a tennis racket outweighs by far the "uselessness" of a pencil. So I shall quote you a section of GRAHAM CRACKERS which I consider one of J. Tom's best: "Glasses have become completely transformed with the invention of contact lenses. They are fancier, look more natural, and are becoming cheaper daily. But I propose anyone who buys contact lenses is losing many of the advantages of wearing glasses, and there are a few advantages.

"For instance, special effects can be achieved by taking on and off a pair of glasses. Putting them on is used basically in these five situations: when asked a difficult question it lends intelligence to your stupid answer, when asked by a cop why you didn't see that stop sign,

**VISITS IN DALLAS**

when a female enters the room by a far door, and when approached by a bully, glasses become a vital part of your self defense. Teachers often put on glasses to enact stern discipline, by glaring at you through them and addressing you by your full name.

"By taking off your glasses, you can achieve two essential expressions: one is the defiant look, and the other is the thoughtful attitude. Imagine having to pull out your contact lenses while attempting to duplicate these expressions.

"There are also many habitual uses of glasses. For example, have you ever noticed how tasty they must be? And instead of having a feeling of unbalance with all your stuff in one pocket, you can balance the bulge with your glasses. It also takes the bore off many hours in class, and offers other types of entertainment for simple minds. They also come in handy in case you would like to see."

*Bustin' out at the seams!*

The WTU service area is growing fast and the facts prove it. Personal income, retail sales, value added by manufacture, bank deposits, savings, construction and other growth factors all are on the way up.

This company's own record of growth in the past decade is further evidence. Our KWH sales have increased 154 per cent, and our generating capability has increased 212 per cent.

Notice that our capacity to serve has increased even faster than our sales. That is because we are working hard to stay ahead of area growth — to have facilities available to serve more people, businesses and industries as they come.

Such an objective is back of our current multi-million-dollar expansion program. One example of it is the new generating station under construction at Oak Creek Lake. When completed it will provide in the very beginning an additional 75,000 kilowatts to our system.

Such long-range expansion plans and the cost figures are significant for one very simple reason. They stand as living testimony to our faith in the future of this area — as evidence of our belief in GROWTH UNLIMITED.

## Uncle Ben from Benjamin says:

DEAR MISTER EDITOR:

Taxes has got me skinned down to one pair of pants and my vote but as long as I can hold on to that vote I aim to make a few observations about the situation from time to time.

Fer instant, I see where the American taxpayers has advanced \$20 million to the United Nations to keep it from going broke. Russia advanced nothing, the piece said.

The same piece went on to show that we've paid 48 per cent of the U.N. Children's fund and Russia 2 per cent. We paid \$30 million into the fund fer U.N. Technical assistance and Russia paid \$2 million. We give \$23 million to help git clothes and feed fer the Arab refugees and Russia wouldn't give a dime.

In the last 10 months, the piece showed, the American taxpayers has put, not counting the Congo, \$116 million in the United Nations program and Russia has put \$17 million.

I ain't agin the United Nations, Mister Editor, in fact I'm strong fer it, but it looks to me like, considering we're footing most of the bills, we could make ole Khrushchev keep his shoe on and quit beating up the furniture with it at the next session. The chances are we paid fer the furniture—and maybe the shoe.

Along them same lines, I'm glad President Kennedy has started giving away our farm surplus to starving people in other lands. It ain't doing nothing here but rotting away and costing us millions fer storage rent. But they is one great trouble with it. Just as soon as folks across the pond start eating our bread they start fergitting which side is buttered and who buttered it. I wish they was some angle to the deal making 'em

put the butter on the right side.

Ed Doolittle says he was reading where some farmer in Maryland allows as how he ain't going on Daylight Saving Time this Summer, claims it's too hard to git his roosters set up in the Summer and back in the Fall. With farm products running 81 per cent of parity and living costs up 27 points, farmers is now 46 points down. If you add the fact we're living in a semi-military age and using a 50-cent dollar, that farmer in Maryland is in fer a long spell of difficulties and it ain't all going to be about his roosters.

I see by the papers where politicians in some countries don't have it so good. To git back in the good graces of the Sultan, the Pasha of Marek, whatever that is, had to kiss the Sultan's foot. Over here the politician that says the wrong thing just announces he has been misquoted by the newspapers.

Yours truly,

Uncle Ben

A five per cent tax on gross receipts of highway contractors by Rep. W. T. Dungan of McKinney.

A five per cent tax on gross receipts from marine products by Rep. Jake Johnson of San Antonio.

**FIREMEN'S BILL HELD LEGAL** — Atty. Gen. Will Wilson has ruled that a proposed bill to set up machinery to arbitrate firemen's wage and hour problems would be constitutional.

Rep. Robert Hughes of Dallas is sponsor of the bill which would set up an arbitration board to work out disputes between firemen and city governments. Disputes not settled by the board could be taken to the people in an election once each year.

**AUTO RATE BILL MOVES** — A bill directing the State Board of Insurance to make drastic changes in the merit rating auto insurance plans has been approved by the Senate Insurance Committee.

Passage came after a lengthy hassle in committee. More heated debate and attempts to amend are expected when the bill is taken up by the entire Senate.

As approved by committee, the

plan would still assess insurance premium penalties for speeding but not for running red lights or stop signs, making illegal turns, illegal passing or negligent collision. It would still assess penalties for accidents with damage of more than \$25, and it would still be retroactive for three years.

**"FLEXIBLE" RATING KILLED** — House, meantime, killed by a decisive 125-to-21 vote a bill that would have provided a complete new approach for auto insurance in Texas.

Called "flexible" rating, it would allow each insurance company to set its own auto insurance rates. Rep. C. W. Pearcey of Temple sponsored the bill which has been defeated by previous legislatures. He argued for it on the basis of free competition rather than state-controlled rates.

Opponents successfully argued that the plan allows large out-of-state concerns to take over the market and eventually set much higher rates.

**MILK IS BOILING TOPIC** — Milk continues to stir up arguments in this legislature session. Senate passed a bill placing restrictions on the importation of milk from other states, but the

The KNOX COUNTY HERALD, KNOX CITY, TEXAS, THURSDAY, MARCH 23, 1961

House postponed floor debate after tempers flared to the shouting point.

Sen. Grday Hazlewood of Amarillo sponsored the Senate bill, and Rep. Steve Burgess of Nacogdoches is the House sponsor. Their measure would bar out-of-state milk from Texas unless a health inspector could certify that he had "personal knowledge" that the milk had been produced under the same standards as Texas milk.

Dairymen supporters contend that it is a health standards protection and will prevent "unfair competition" from out of state. It is opposed by milk processors who declare it will limit the supply unnecessarily and force up prices.

**GARNISHEE BILLS STUDIED** — Proposals that would allow for the garnishment (taking over) of wages for payment of debts are being considered by the House Constitutional Amendments Committee.

Rep. Henry Fletcher of Luling is sponsor of a proposed constitutional amendment that would permit the Legislature to pass a broad garnishment act.

Rep. Ben Jarvis of Tyler is sponsor of another that would allow for attachment of wages only to make child support payments.

**MINIMUM WAGE ARGUED** — Proposal for a 75-cent-an-hour minimum wage for Texas workers, including farm labor, was argued before the House State Affairs Committee.

Employers of fewer than four persons would be exempt.

A spokesman for the AFL-CIO testified in favor of the bill, declaring that migrant farm laborers are often paid only 30 cents an hour. A Texas Restaurant Association official said that restaurant workers average 81 cents an hour, but that many "marginal workers," such as the handicapped would lose out under a minimum wage.

Rep. Malcolm McGregor of El Paso is sponsor.

## Benjamin To Build New Post Office

Postmaster General J. Edward Day announced to Congressman Frank N. Ikard that a contract for the construction of a new masonry post office building in Benjamin, has been awarded to Keith D. Swim, 501 W. Texas, Iowa Park, Texas.

The Postmaster states construction of the modern, air conditioned structure is expected to begin at an early date.

The Government holds an option on the property which will be conveyed to the successful bidder. The building will be owned by the builder and will be leased to the Post Office Department for a five year period with one 5-year renewal option.

The Postmaster explained that private ownership of the building meant that the property would remain on local tax rolls.

"The leasing program also is responsible for Benjamin getting the new building, because no funds are available for the construction of federal buildings," he said.

The new Benjamin Post Office will have 1,000 square feet of floor space and all equipment will be new.

## Streams in Desert Places

Ozelle Stephens

Jesus said, "If any man will come after me let him deny himself, and take up his cross daily, and follow me." The word of the cross is to them that perish foolishness; but unto us who are saved it is the power of God.

The inward cross means that we are new creatures living a new life, in Christ Jesus. The crucifixion glorified Christ and every Christian lives in his victory, his honor and his glory. Christ brings this into our lives as we believe. He is your resurrection and your life, for he said, "I am the resurrection and the life; he that believeth in me, though he were dead, yet shall he live; and whosoever liveth and believeth in me shall never die." ## Letter To Editor:

Dear Editor:

A number of Knox County Democrats are working hard towards electing Jim Wright Senator from Texas to fill the vacancy left by Lyndon Johnson when he became Vice President.

Four times elected congressman from the 12th District (Tarrant County) Wright has an admirable history of public service. Born in Fort Worth, he was educated in Weatherford College and the University of Texas. An Air Force veteran of World War II he is a former state legislator and former mayor of Weatherford.

Veteran lawmakers of both parties are impressed with the widespread respect and effectiveness Wright has achieved on the Washington scene in the short time he has been there.

Wright's efforts to pass legislation to carry out major economy proposals of the Hoover Commission were highly lauded by newspapers all over the land but particularly by Texas newspaper editors.

Considered an independent-thinking constructive moderate Wright is one of the leading contenders for the Senate position. He is an elder in the Presbyterian Church and is teacher of the couples class in Washington's historic New York Avenue Presbyterian Church and a frequent contributor to Christian periodicals.

He and his wife, Mab, have four children.

He has the remarkable record of better than 98 per cent attendance for all roll call votes which is evidence of his attention to taxpayers' interests in the Capitol.
