

# THE KNOX COUNTY HERALD

Knox City, Knox County, Texas, Thursday, March 2, 1933.

NUMBER 27.

## MAKE PLANS FOR PAVING OF HIGHWAY

### Knox City Talent be Heard Over KGKO Sunday

#### ONE HOUR'S PROGRAM IS TO BE GIVEN

Knox City talent will be heard over radio station KGKO, Wichita Falls, Sunday afternoon from 3:15 to 5, according to announcement here this week. Young people of all towns will especially be featured in the program and a religious service will be carried out. Rev. J. H. Sharp, pastor of the Methodist church, will make a talk, songs, etc. will be heard. The service at the Methodist church will be cut short and all who are to Wichita Falls are requested to get to the church with their lunch and coffee will be ready in the basement, so that the party will not be later than 12:15 to 1:00 in time for the broadcast. People are anxiously awaiting the broadcast and no doubt all will be attuned to KGKO afternoons.

#### MERCHANTS WILL GIVE CASH PRIZE

Merchants were present when the City Chamber of Commerce met Monday evening at the city hall. Resolutions were made for the awarding of cash prizes each Saturday afternoon to local merchants who patronize Knox City, beginning Saturday, March 11. Twenty-five dollars will be given away by the merchants to the people who trade in Knox City. J. M. Ashcroft was appointed chairman of the committee to put this plan through. The Herald next week will carry an announcement, and in the meantime your trading in Knox City will receive a prize. The Chamber of Commerce retained its affiliation with the West Texas Chamber of Commerce for 1933. Resolutions are being worked out for the award to be given soon, when the Knox City Fire Department and their wives will be guests. J. M. Ashcroft is in charge of arrangements, and E. J. Jones, chairman of program committee.

**GRAB PAULK DIES MONDAY MORNING**  
Sarah Paulk died at her home, Mrs. Lonny Sibby, Monday morning at 10 o'clock. Mrs. Paulk was 65 years old. She was a member of the Baptist church. She is survived by Mrs. Elizabeth Rule, H. E. White, son, Del. O. E. White of Mrs. Lonny Sibby of Knox City, G. and A. L. White of T. R. R. Perryman of McQueen, White of Electra and W. E. White of King City, Col. Besides these, nine children survived by 40 grand children and 10 great grand children.

**IT GIVES POINTERS ON SUB-IRRIGATION FRIDAY**  
The success in sub-irrigation depends on the tile being laid level in the ground, says W. E. Jones, county agent. In a demonstration in laying the tile for sub-irrigation in L. P. Pruitt's garden Friday, March 24. In order to have the tile laid at the same depth which is ten to twelve inches, the ground should be fairly level. Jones also stressed the use of a dry mixture in laying the tile and the importance of keeping the tile moist while laying. Five women and men attended this demonstration.

#### Inauguration To Be Saturday

#### Vice-President John N. Garner

Vice-President John N. Garner of Texas, president of the Senate in the Roosevelt administration, is expected to play an important part as contact man between the White House and the legislative halls of the capitol while the party is getting organized for important legislation promised during the next year.

#### LITTLE MAXINE CROCKETT DIES OF PNEUMONIA SUNDAY

Maxine Crockett, small daughter of Mr. and Mrs. W. C. Crockett, died of pneumonia at her home Sunday. Funeral services were held at the home Monday afternoon, with Rev. C. B. Stovall officiating.

#### ON HONOR ROLL

**FORT WORTH.**—The name of Miss Margaret Reeder of Knox City is among the 192 which appear on the scholastic honor roll of Texas Christian University for the first semester of 1932-33, according to announcement by Acting Registrar S. W. Mutton.

Saturday, March 4, the United States will inaugurate another president, Franklin D. Roosevelt. And another vice-president, John N. Garner, of Uvalde, Texas, the first vice president to be inaugurated who is a Texan.

Many believe with the inauguration of the new officials, business conditions in the United States will almost immediately begin on the upward trend. This is the hope of the nation.

#### SUNDAY SCHOOL WORKERS TO MEET TODAY AT RULE

A Sunday school workers' conference will meet at Rule Thursday (today). A very interesting program has been planned and all the superintendents and Sunday school teachers of the district are expected to be there. Rev. J. H. Sharp will deliver the sermo at the eleven o'clock hour. Plans for the Sunday school will be discussed.

#### HOSPITAL NOTES

Patients in the hospital this week include: Mrs. O. R. Payne of Goree, Mike Perrie of McLean, Oscar Teague of Knox City, Velma Neal of Vera; Mrs. A. D. Logan of Knox City; Susie Cema of Rochester.

Dismissals: Mr. McLugne of Breckenridge; R. L. Cyfert of Lubbock; Mrs. John H. Darnell; Mr. Shelby of Haskell.

Miss Buckholt and Mrs. Stella Thompson made a trip to Rochester Wednesday afternoon.

#### WORK WILL START AS SOON AS RIGHT-OF-WAY IS SECURED BY PRECINCT

##### MISS FAULKNER IS NEW H. D. AGENT IN KNOX COUNTY

Miss Jewel Faulker of Canyon, has arrived in Munday and taken up her work as temporary county home demonstration agent, succeeding Miss Grace Nelson, who recently tendered her resignation to the commissioners' court of Knox county to become effective March 1, and in the meantime Miss Faulker is working with her in order to become acquainted with the women and girls of the county engaged in this work.

At a recent meeting of the commissioners' court a motion prevailed to dispense with the services of the home demonstration agent in the county, but Miss Faulker has been assigned to the county by the Extension Service of the Texas A. & M. College with a view of completing some of the work that has been started by Miss Nelson, and at the expiration of one month's services by Miss Faulker the matter of reinstating the work in the county will be presented to the court for action.

The commissioners' court has also voted to dispense with the services of the county agent in the county, however, we are informed that an effort will be made to also retain this work at a great reduction in cost to the county to that which has prevailed heretofore. —The Munday Times.

##### SENIOR PLAY IS SUCCESS

The senior play which was given at the high school auditorium Friday night was a great success. About \$50 was made, it is said.

#### TRACK MEET BE HELD IN KNOX CITY

At a meeting of the County Interscholastic League committee Saturday, Feb. 25, at Benjamin, it was decided that both track and literary events will be held in Knox City, beginning March 31. Debate, extemporaneous speaking and declamation will be held in the First Baptist church auditorium, March 31. The track events will be held Saturday, April 1, at the local high school field. Playground ball, volley ball, will be held at Sunset, March 25, and tennis will also be held at Benjamin on March 25.

The Chamber of Commerce and the Board of Education of Knox City have pledged their loyal support of financial matters in equipping the local field. This support is certainly appreciated by both the student body and faculty of the Knox City school and Knox City looks forward to being a splendid hostess to the different schools of the county in these different events.—Member of Kennel staff.

##### MOVES SANDWICH SHOP

The Clifton Sandwich Shop was moved this week from its corner location to the building formerly occupied by City Tailor Shop.

Mrs. Clara Oats of Haskell visited Mrs. Sam Anderson last Thursday. Mrs. Anderson returned with her to spend a few days in Haskell.

Mr. and Mrs. Ross Quantance of Carlsbad, N. M. are visiting their parents, Mr. and Mrs. A. E. Lanier and grandmother, Mrs. Lanier.

Jimmie Hillman made a trip to Dallas today (Thursday).

Paving of Highway 16 will soon be a reality, it is hoped, as a result of action being taken here.

About forty business men and land owners gathered in a mass meeting here Monday morning at the city hall to discuss the securing of a right-of-way for the highway from the present ending of the pavement, south of Knox City, to the Brazos river bridge, north of the town. A survey of the road has been made and approved by the state and as soon as the precinct furnishes the right-of-way work will begin. The State has offered to pave the highway when the right of way is furnished. The pavement will include main street of Knox City.

The body voted almost unanimously Monday in favor of the paving project. Some discussion as to the price some land owners ask for the right of way was made, and it was decided by those present to call the land owners together to see if a plan of arbitration could be worked out.

It is thought that the right-of-way will soon be secured and work will begin on the highway.

The matter of a mail route from Munday was also discussed. An offer had been made to bring the mail from Munday each morning for a nominal sum. It is not known whether this can be worked out or not. Some investigation of this will be made.

##### DATE CHANGED

The tile demonstration which was to have been at Mrs. J. C. McGee's on March 3, has been changed to March 10, because Mr. Jones, the county agent, cannot be present on that date.

##### "THE RED HEADED STEP-CHILD"

Class spirit has arisen between the junior and senior classes over their plays, "George in A Jam" and "The Red Headed Step Child." The entire high school is having an exciting discussion over which will be the most interesting and best presented play of the season. As most of you have already seen "George in A Jam" the senior play, you have formed your opinion of it. Being juniors we can assure you that our play "The Red Headed Step Child" will be as interesting, full of comedy and exciting if not more so than the senior play.

Come to see the "Red Headed Step Child" and form your own opinion of the two plays. It is to be given March 10, admission 10c, 15c and 25c.

Watch The Herald for further announcement concerning "The Red Headed Step Child," which we promise you, will be even more sensational than the senior play.—Junior Reporter.

##### AT THE BAPTIST CHURCH

Sunday A. M.  
Sunday School ..... 9:45  
Song service ..... 11:00  
Sermon ..... 11:30  
P. M.  
Song Service ..... 7:00

## BIBLE STUDY FOR METHODIST CHURCH SUNDAY, MARCH 5

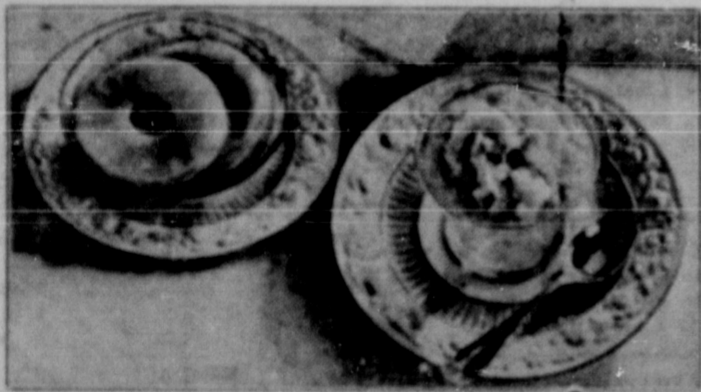

Matthew 12.  
 The twelfth chapter is a long, but interesting chapter. There is plenty of material in this one chapter for our study for a number of Sundays, therefore we will only be able to touch it in high places, for the lack of time and space.

Jesus and His disciples are probably going to or from a Sabbath Day's service. Going through the corn field they began to pluck the ears, and thrashing them with their hands began eating. The pharisees brought in question their action. They were not to eat until after the Jewish service was over. They were not to reap in anyway on Sabbath. Maimonides says, "He that reaps on the Sabbath, though ever so little, is guilty, and to pluck the ear of corn is a kind of reaping." Jesus here gives or cites them to Old Testament narratives. Jesus might have defended His disciples on purely technical grounds, but instead of this He laid down the principle that even the Divine Law itself, so far as it is purely ceremonial, is subservient to human needs, and can be broken without sin, for adequate cause. David's act involved three distinct breaches of the Divine Law, (1) the entering of the Holy place, (2) eating of the show bread, (3) the bread of the Sabbath, for such the day seemed to have been. It is not said that David's attendants ate the show bread, but it is inferred from verse 5. Nor is it said that the day was the Sabbath, but this is inferred from the changing of the loaves.

From verse 19-21 there is another Sabbath controversy. The man with the withered hand. Jesus is trying to teach the pharisees and all the people that it is right to do that which is good, that it is right to help those who are in need of physical assistance. Jesus healed many of the people and in verse 15, it is said that He "healed them all." There is a very comforting message in the 20th verse, "A bruised reed shall He not break, and smoking flax shall He not quench 'till He send forth judgement unto victory." Here is implied great tenderness with which Jesus would treat the weak and ignorant whose good designs must not be stifled but encouraged. He will not break the weak reeds and the weak faith. He would strengthen them. The idea is that Jesus is tender and loving, not harsh toward human weakness. "Judgment unto victory." By judgment understand the gospel and by victory its complete triumph over Jewish opposition and Gentile impiety.

There is much more that we could give in this chapter, but we will ask you to study and pray over it and read the entire chapter for next Sunday's lesson. Be at church and Sunday school next Sunday. There will not be any evening services at the Methodist church, but let us all go to the Baptist church for our worship.

## PINEAPPLE TAKES NEW ROLE

Canned pineapple, familiar food delicacy on the American table for so many years, is seen today in a new role. New food research has found that canned pineapple is a valuable source of five necessary minerals and vitamins A, B, and C. Authorities recommend a two slices or an equivalent amount in crushed pineapple or bits in the daily menu as an aid in maintaining health. In addition to its mineral and vitamin content pineapple has been found to be a valuable aid to digestion of proteins such as meat and

## IN LITTLE OLD NEW YORK

A New York department store is selling an electric pencil with which it is possible to write indelibly upon practically anything. You can inscribe your signature upon drinking glasses, plates, book covers, pies, keys, wallets, watch cases.

If the elevators in the Empire State Building here could be put end to end they would reach seven miles into the air.

If you look long enough in New York you will see women wearing spats.

Evidently in times of depression New Yorkers go to the zoo. More than three million persons visited the New York Zoological Park last year, the largest number since the opening of the park in 1899.

New York harbor has again been visited by its friendly whale, a familiar figure known to pilots thru the ragged white scar on his back and affectionately called "Spud."

Seven hundred black ducks from Canada have decided to make the New York Zoological Park their home where there is plenty to eat. It costs \$90 a month to feed them.

It takes 67 feet of space to list the Browns in the New York City directory.

Fourth street is about half a mile south of Thirteenth street and those two cross-town thoroughfares, of course, run parallel to each other when they cross Broadway. Yet in the Greenwich Village section you can stand at the corner of Fourth

## Monkey Business

### EDITORIAL

One of the most needed facilities which the High School is lacking at the present time is a gymnasium. This is being realized more and more at this time of the year when the athletic activities are assuming a greater portion of the students' time.

The building of a gymnasium for the Knox City school has been in the minds of the school students for several years, but it seems that only in the last few months has this need dawned upon the citizens of the community.

This project can succeed. But not without the cooperation of every citizen of this community. The student body will certainly lend its assistance and influence to anyone who will aid them in beginning work on this project.

Nearly every school around Knox City has an up to date gymnasium. Knox City cannot afford to fall behind the other towns of this vicinity and be among the few who have to cry on athletic activities on the outside. One cannot expect a player to play a good game of ball, and save the strong winds which are always present in the spring of the year. Knox City needs a gymnasium not only to be in keeping of the times, but for the good that can be derived from practice that is carried indoors. Knox City can certainly not out better athletes and keep a better inter-scholastic standing in the state of a gymnasium.

So the student body makes this their aim to aid in the building of this gymnasium. They are certainly behind the school, and will do all that is possible to make Knox City high school a better institution.

—Editor.

Members of the high school, Board of Education, Superintendent, teachers and friends:

We, the class of 1933, being anxious to pass out of this sphere of education in full possession of a sound mind, well trained mechanical and almost super human understanding, do make and publish this, our last will and testament, hereby making and making void all former wills and promises by us anywhere heretofore made, or may hereafter be made, one to the other, thoughtless wish of an idle hour, or such estate as it has pleased Fates, and our own strong hands to win for us, we do dispose of the same as follows:

To our dear superintendent, the honorable Joe W. Cloud, we do bequeath all the joy and peace of mind we have gained in getting rid of such a man as we.

To Mr. Allen G. Guy, we give the right to keep the study hall (especially the fifth period) in 100 per cent good condition, not having to do up with alarm clocks, cap guns, or balls, etc.

To Mr. Travis Bunyan Dean, we bequeath all of the vain desires of our Frenchman possessors, including extensive erfume and Lifebuoy soap.

To Miss Park, we give the enjoyment of managing the Juniors' affairs without the present Senior class to compete with. Also we give that beloved Junior class that useful senior flag, after their vain attempts to secure that flag has failed. May that said flag ever float high.

To Mrs. Finley we bequeath the name of our class treasury to be

used in buying a pair of rubber shoes to aid her in detective work. We feel sure that she will need them in her dealings with the future classes.

To the entire faculty, we bequeath to them all of the knowledge and startling information that we have given to them from time to time on our examination papers. We know that much that we have imparted to them in this way must have been entirely new to them and will throw a new light on many hitherto familiar line of thought through the world of science and learning.

To Essie Mae Leaverton and Irene Holland, we bequeath Florene Cornett's ability to keep silent.

To Kenneth Edwards we give Archer B. Reese's privilege of always being the first to enter class.

To Rowena aWll and Jonell Robbins we give all those Arkansas traits which Lenora English possesses. We hope that these will be used to a great extent.

To H. C. Armstrong, we bequeath all those desirable qualities of classic literature and form which Helen Glover writes up in her physics experiments.

To Odell Thomson we give all of that magnetic charm toward the male sex that Mary Hope Newsome seems to have.

To Wynell Edwards we bequeath all of Mary Howell's personal dignity and good behavior.

To "The Gang," the whole class, we bequeath to make acceptable excuses.

To Frances Evans, we give Marie Dunlap's privilege of being slim and graceful. We hope that she has no trouble of getting this from the owner.

To Jeff Graham, the Junior class president, we give Wilson Thompson's ability to keep the future Senior Class full of popular sentiment.

To Roger Hammock and Lelton Huntsman we bequeath "Bunt" Lowrey's gift of climbing greased flag poles.

To Beulah Deering we give Joelle Russell's innocent and quite nature, hoping that Beulah will take advantage of this to avoid future confusion in the school.

To Spurgeon Hyde we give Joe Reeder's ability to gossip and keep up with current news.

To Ione Messer, we bequeath Mary McAuley's queer ideas and gift of argument.

The following list we feel entitled to bequeath to the Senior Class of 1934: (1) Our seats in the study-hall. (2) Our Senior dignity. (3) Any stubs of pencils, pieces of paper, notes etc. Also any chewing gum under any desk.

All of these things we leave with our own free will and we do hereby constitute and appoint the said Principal the soul executor of this, our last will and testament.

Naturally, the columnist's first article will deal with the school's greatest problem, The lack of citizen participation, in the sports of the school. You, as town-people probably haven't realized how the faculty, as a whole, has met the conditions you have set for them. Not many of your businesses have turned out for whole weeks at a time but our school turned out for more than three weeks to meet the demands of the people, thus leaving the teachers completely without jobs. Those living a long distance from Knox City found the situation quite unpleasant, since there was expense in going home and returning. And as you all know the teachers have received "scrip" all the year, this naturally makes their living conditions harder—but you haven't heard an aching word from them—no sir! Instead they have adapted them-

selves to their conditions and have not said a word about it! But what I'm driving at is: These teachers have worked teaching the pupils to the best of their ability, and the coaches of the respective teams have given their teams (to use a slang expression) "All They've Got!" And those teams in return have worked hard not for money or position but as true loyalty to their school and to uphold the honor of their town. And you have taken little or no interest in their sports.

Knox City, you have the best of sports records and the best of material to build real teams from. So now, why not show your loyalty to them? Help them win the remaining games and events! Boy, it really makes the teams feel good to see their school and town backing them. It builds up a fine school spirit and they fight harder!

—The Columnist.

### TRACK PROSPECTS BRIGHT

Track prospects for Knox City high school this year are bright. Each Dean will have a well-balanced team this year. This team is a much better balanced one than that of last year and should make a better showing in both the county and district meets.

The track meet will be held in Knox City this year on April the first. Due to so short a time to get into condition the Greyhounds will have to work hard to get into condition before the county meet.

The members of this year's track team are: captains Kenneth Edwards and Bunt Lowrey, John Glover, Furd Glover, Lelton Huntsman, B. E. Bryan, Lawrence Dutton, James Dutton, Homer Lee Rutledge and Roger Hammock.

### SENIOR FINANCE REPORT

The sale of tickets to the Senior play by the sixth and seventh grades netted \$31.59 and with the sale of tickets at the door of \$20.84, brought the total to \$52.44.

R. B. Howell, treasurer Senior Class

### SENIOR TICKET CONTEST

As everyone knows, the sales for the senior play tickets was under the supervision of the sixth and seventh grades. A prize was offered to the grade selling the largest amount of tickets with free passes going to the individuals selling five or more tickets. At the set time for the closing of the contest, the seventh grade had a total of \$14.59, and the sixth grade \$16.99 so we leave you to guess the winner with due thanks to the loser for their hard work.—Senior Reporter.

### GRAMMAR SCHOOL NEWS

The seventh grade girls baseball team played Union Grove at Union Grove Tuesday. The game was very close, but Knox City won by a score of 22-23.

The P. T. A. awarded a dollar to the first grade for having the largest per cent of parents present at the last meeting. The first grade has won the last two dollars for P. T. A. attendance.

### HOW THE SENIOR PLAY CAST WAS SELECTED

Desiring to have a democratic class, the seniors voted to give to a committee of five the authority to select a play and the characters within that play. After taking into consideration the eligibility of the students to graduate, their ability on the stage and other factors which contribute to a successful play the committee selected a cast, which proved to work in harmony with the director and each member of the cast. At the time of selection of the cast only those who were eligible to be seniors were given parts.

By Mrs. Sam E. Smith Phone 58

Mrs. Minnie Laughlin of Waco, aunt of Mrs. Otto Lawson of Knox City, died Monday, word was received here this week.

Mrs. Nellie Withroe is in Dallas this week studying beauty work.

Mr. and Mrs. J. R. Nelson of Munday visited Mr. and Mrs. J. W. Smith Saturday afternoon.

Little Loyd Leslie Davis is ill this week.

Mrs. T. S. Edwards and children spent the week-end in Wichita Falls.

John Elbert Smith and Joe Reeder motored to Haskell Sunday afternoon.

Mrs. Jimmie Stillman was ill this week.

Jeff Graham has been quite ill with tonsillitis the last few days.

We are glad to state that Mrs. Lee, who has been ill for some time, is improving.

RAGS WANTED—Will pay 5c per pound for clean cotton rags. Ashcroft Chevrolet. Itc

T. B. Dean was a visitor in Hamilton Saturday.

Jimmie Ashcroft, Henry Arledge and B. C. Anderson are on the jury at Benjamin this week.

The Sophomores are planning a theater party Thursday night at the Tovar theatre and after the show, Mrs. McCarty, assisted by other class parents and sponsors, will give refreshments.

## The Child Reader

by MARJORIE BARROWS Editor, Child Life Magazine.

I met Bill's father today. "Bill's six years old," he said. "He's a hard-headed young man and he treats fairy tales with a withering contempt. He likes real stories. He likes simple books about how things happen. Are there any new books that will fit Bill?"

I gave him the names of several new ones, for there are lots of Bills in America today and many authors are writing just the sort of books they like.

### Real Adventure Best.

If your Bill doesn't take to fairy tales, to legends, to fables, don't force them on him. Offer him instead Charlotte Kuhl's delightful "A Train, A Boat, and an Island"—the story of a real family's real trip to Bermuda. Offer him Helms Washburne's fascinating "Letters to Channy"—a real mother's letters of a trip around the world written for her own little boy back home. Offer him "The Pilgrim's Foot" or "The Cruise of Mr. Christopher Columbus" by Sadybeth and Susan Lewis, two humorous and very interesting picture books that acquaint younger readers with stirring history.

Perhaps Bill wants to know more about motormen and firemen and what they really do. Mrs. Kuhl's books for small children will help him out there. Perhaps he would like "How It All Began," a book that is delightfully written and illustrated by Janet Smalley. It will tell Bill how primitive man watched the lightning and found he, too, could make fire by twirling two sticks around together. Later man found other ways of heating and lighting and at last we got our matches, gas, oil and electricity. The book goes on, in the simplest fashion, to show the beginnings of messages, of travel, clothing, houses. It is a thrilling sort of real fairy tale that particularly appeals to boys like Bill.

### Travel Stories Are Good.

What happens to a real letter after it gets posted may also interest some of our very youngest readers. William Siegel, a Russian artist, tells a simple story about that in "Around the World in a Mailbag." Bob and Betty's letter to their father doesn't reach him in San Francisco. So it is forwarded to China, Russia, France, and even to Egypt. But though the various postmen do their best the letter does not finally reach him until he is back in New York again. The pictures make this book especially attractive.

Here are just a few of the new books for fairy-tale-struckers. Many more are to be found in the libraries and bookstores. Just exactly the book your Bill is looking for is waiting for him here. And it is just the right book for him at the present time. Take him along and let him help find it!

## Very Latest

By PATRICIA DOW

Here is a charming dress for school girl age in early spring fashion showings: It is the semi-suspender gümpe and exceedingly practical. It may be worn with a variety of gümpe.

As shown in the sketch it is a light navy blue wool crepe, the separate gümpe being a red and white gingham. A plain yellow gümpe with a vivid wool crepe would also make a smart change. Plaided woollens, rayon mixtures and cotton tweeds are also suitable and lend themselves to original color combinations. Size 8 requires 1 1/2 yards of 29 inch material for the skirt with 1 3/4 yards of 33 inch material for the blouse.

Mrs. J. W. Smith, Mrs. Johna Cowan and Mrs. C. A. Hull attended a shower at Rochester Saturday afternoon.

### LITTLE LOYCE CHRISTINE

BOYDSTON FUNERAL HELD  
The funeral services of Little Loyce Christine Boydston, daughter of Mr. and Mrs. Clyde Boydston, were held at the cemetery Sunday afternoon. Mr. and Mrs. Boydston live west of Knox City near Hendricks Chapel.

### NeedMore News

The farmers of this community are through gathering their crops and have begun preparing their land for another year. Several from this community attended the west side singing convention at Pinkerton Sunday evening. They reported a fine singing and large crowds. There was an unusually large crowd attended Sunday school and preaching at the community tabernacle Sunday.

Mr. and Mrs. Hollis McReynolds visited Mr. and Mrs. Jewell Day Sunday.

Mr. and Mrs. Joe Rodgers visited relatives in Haskell last week.

Don't forget that the Needmore singing class meets every Sunday night at 7:15. Freezing at 7:30. Come to Needmore.

## MAKES WOMAN Lose Fat

Miss Rea M. Haines of Dayton, Ohio writes: "I weighed 180 so started to take Kruschen. I never was so surprised as when I weighed myself the first week—I lost 7 pounds. I just bought my third jar and am down to 145—am still taking them and never felt better in my life." (June 17, 1932).

To take off fat—take one half teaspoonful of Gruschen Sals in a glass of hot water in the morning before breakfast—one bottle that lasts 4 weeks costs but a few cents—get it at any drugstore in America. If this first bottle fails to convince you this is the SAFE and harmless way to lose fat—your money gladly returned.

Don't accept anything but Kruschen because you must reduce safely. (Adv.)

Mrs. Victor Pysatt is ill with tonsillitis this week.

Mr. and Mrs. Edd Shaver and family and Mother Shaver motored to Roosevelt, Okla. Saturday and visited Mother Shaver's daughter, Mrs. J. J. O'Brien. They returned Sunday.

Oscar Teague underwent an operation Tuesday at the local hospital.

Loyce Teague was in Hico this week.

Mmes. John Smith, Lee Smith, Loyd Davis, M. A. Reeder, J. H. Ferguson and Miss Mary Reeder spent last Saturday in Wichita Falls.

Mr. and Mrs. L. M. Jones visited in Munday Sunday afternoon.

J. B. and Herbert Barnes and L. R. Watson of Munday visited A. V. Barnes Monday.

Chevrolets sold last week by the Ashcroft agency are J. E. Tomlin of Weatherford, a coupe; to J. K. Pidd of Anson, coupe; R. J. Speed of Fort Worth a coach.

A. Y. Barnes visited in Munday Sunday afternoon.

Joe Avriett, Henry Arledge, A. W. Armstrong, Jimmie Ashcroft and B. V. Anderson are serving on the jury this week at Benjamin.

## Union Grove News

Woodie Hodges spent three days of last week in Dallas for treatment.

Mr. and Mrs. B. K. McBrayer and family spent Sunday with Mr. and Mrs. Lat Lea.

Mrs. Fosssett spent Sunday with Mr. and Mrs. Lot Lea.

## GOOD EQUIPMENT IS ESSENTIAL TO GOOD TRAINING

The most important thing in training young people for a useful career (next to that of the faculty) is the physical equipment of the school. This is especially true of the Business College, because much of the training in our business colleges consists of mastery of the latest modern office machines.

The Tyler Commercial College and School of Business Administration maintains modern and up-to-date equipment. High school graduates who are planning a business career will be interested in the type of equipment used by this big school.

The Tyler Commercial College owns its own building, which is of pressed brick construction, 140 feet wide by 135 feet long, three stories high with especially constructed annex for Cotton Classing. The entire building is especially designed for its permanent home. Unlike the average small business college, this big school does not occupy a few small office rooms up stairs over a garage or drug store without ample space.

We own over 300 standard make typewriters. Our Banking Department is equipped with fifteen Electric Driven Bank Posting machines, Adding Machines and Calculators.

So far as is known, it is the only Business College in the United States having a broadcasting station, representing an investment of over \$25,000. Fourteen large, spacious class rooms, equipped with over 1,200 modern double and single desks. Large, spacious College Auditorium, with a seating capacity of over 2,000.

Office Training Department equipped with the latest office machines, such as Multigraph, Mimeograph, Addressographs, Folding Machines, Typewriters, Shorthand Machines, Bookkeeping Machines, and a most modern Filing Department in connection.

The School of Radio operated in connection is equipped with all modern equipment for teaching all phases of radio, including Television. Government licensed Technical Training short wave Station in connection. Telegraphy and Western Union Departments fully equipped with Motor Generators, Telegraph keys and sounders, especially built Western Union Typewriters, and all modern equipment. Cotton Classing Department operated the year round, with government approved Samples as a basis for grading and stapling.

Space will not permit a full description of all the equipment of this big school. Bear in mind, young people, unless the school you attend

has sufficient equipment to efficiently train you, your success will not be what you expect it to be. Write for the current catalog of this school "Achieving Success in Business." It is free. Address the Tyler Commercial College and School of Business Administration, Tyler, Texas.

Mr. and Mrs. H. B. Sweeney made a business trip to Henrietta Friday.

Miss Gladys Buckholt, Lavern Jamison, Mrs. E. O. Jamison and Mrs. Orlan Jamison visited in Wichita Falls Monday.

Little Junior Abill has been quite ill with a serious throat trouble but is much improved at this time.

## CARD OF THANKS

We wish to express our appreciation to all who in any way assisted us during the illness and death of our beloved son and brother, Hughlan.

Had it not been for your kindness and sympathy it seems we could not have borne our sorrow.

May Our Heavenly Father bless and guide each of you.

Mr. and Mrs. Ezra Smith and children

## MAN'S HEART STOPPED, STOMACH GAS CAUSE

W. L. Adams was bloated so much that his heart often missed a beat after eating. Adierika rid him of gas, and now he eats anything and feels fine. Frizzell's Drug Store.

## Stronger Than He Was at Twenty

FIFTY-FIVE years old, and still going strong!

Do you want the secret of such vitality? It isn't what you eat, or any tonic you take. It's something anyone can do—something you can start today and see results in a week! All you do is give your vital organs the right stimulant.

A famous doctor discovered the way to stimulate a sluggish system to new energy. It brings fresh vigor to every organ. Being a physician's prescription, it's quite harmless. Tell your druggist you want a bottle of Dr. Caldwell's syrup pepsin. Get the benefit of its fresh laxative herbs, active senna, and that pure pepsin. Get that lazy liver to work, those stagnant bowels into action. Get rid of waste matter that is slow

poison so long as it is permitted to remain in the system.

The new energy men and women feel before one bottle of Dr. Caldwell's syrup pepsin has been used up is proof of how much the system needs this help.

Get a bottle of this delicious syrup and let it end that constant worry about the condition of your bowels. Spare the children the bilious days that make them miserable. Save your household from the use of cathartics which lead to chronic constipation. And guard against auto-intoxication as you grow older.

Dr. Caldwell's syrup pepsin is such a well known preparation you can get it wherever drugs are sold and it isn't expensive.

## PROGRESS and POWER

Present-day industrial progress of small communities is based in a large measure on ample and economical power facilities which deliver a practically unlimited power supply at once—when and where needed.

Small local plants, serving single communities, generally lack these facilities—lack the variety of volume and demand which is necessary if the road to industrial growth is not to be blocked.

The transmission system, which has resulted from a group of towns pooling their power requirements and resources, can deliver this power easily, economically, at any time or place.

Progress and Power go hand in hand in the small city—and the West Texas Utilities Company is aiding this desired progress in 125 alert cities and towns in West Texas, the "Land of Opportunity."

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

West Texas Utilities Company
