WARNING TO CHILDREN AND PARENTS

Is an ordinance in the City of Knox against any sidewalk such as skates, bicycles, tricycles and scooters. We wish to call attention of the children and parents to this ordinance. It is the duty of the parents to see that their children do not ride these devices on the sidewalks in the business of the city. Unless cooperation given immediately in this respect we will have to enforce the ordinance for the safety of the general public. However, we hope that parents will see that their children do not use the sidewalks in the business district for such riding.

It seems that past attempts at organizing a Scout Troop have proved fruitless, but all the members of this new troop have a personal resolution to do their utmost to make this troop a success. We have the interest of Knox City at heart and we hope to prove this fact by our actions.

All boys are urged to join our troop. Boys, and Scout Master and the Assistant Scout Master are to be initiated, so don't miss the fun because if they get as many licks as some of the boys did, they will be careful where they sit for a few days.

BOY SCOUTS ON CLEAN UP PROGRAM

Announcement was made this week by Scout Master Casey Jones that the new troop has selected as one of its projects for this year "The clean up program".

It has been the intention of the Scouts, Mr. Jones stated, to clean up the town, business and residential, and since the Christian Women's Association is sponsoring the plan, we as scouts wish to join the ladies in actually getting the plan into action. It is with much pleasure that the CWA ladies accept the cooperation and assistance of the Boy Scouts in this clean up program.

The interesting thing about the Boy Scouts is that they do the work they select as a project. There is no sitting around and waiting for someone else to get the job done. The scouts will designate "clean up week" at their next meeting and during that week they expect to let the town cleaned. However, this does not mean that business men and residents are to sit out on the curb and wait for the scouts to clean up their yard.

"Every fellow works. No one shirks" and Knox City will soon be a clean town.

CITY FIRE LOSS DECREASES

Statements showing that the loss ratio of Knox City, for years 1931, 1932 and 1933 is 248 have been filed with, checked and approved by the Fire Insurance Department.

Under the provision for credit for good fire record in cities and towns of Texas this record entitles Knox City to the credit shown above which local agents are to deduct from final premium on all policies written on or after March 1, 1934, to February 28, 1935, only, and covering property located within corporate limits of Knox City.

We are to notice that policies effective prior to March 1, 1934 are not affected by the above credit unless a change in hazard of the individual risk occurs on or after March 1, 1934 and the rate on such risks is revised by printed supplement.

Knox City was favored with a good crowd Monday, Trades day, however, little trading was done. Farmers seemed to have made the purchases necessary in the way of stock for the work of this year; and the day Monday was given largely to visiting with one another.

Mr. and Mrs. J. M. Ashcroft spent the past weekend in Weatherford with relatives.

Miss Mildred Dutton was home over the weekend from Simmons in Abilene.

T. V. Frizzell and Dr. Frizzell left the city Monday for New Orleans to be gone two weeks.

SUNDAY SCHOOL LESSON

Rev. Chas. E. Dunn
 Jesus Power to Help
 Lesson for February 18th. Matt. 8-9
 Golden Text: Matt. 9:13.

In these two chapters we read of a number of remarkable miracles. Only one of them, the rebuking of the stormy sea, treats of the Master's control of inanimate nature. All the rest are miracles of healing and therefore highly personal. In rapid review Mathews sketches for us the healing of a leper, of a centurion's servant, of Peter's mother-in-law, of two who were insane, of a victim of paralysis, of a woman afflicted with a hemorrhage, of two blind men, and a dumb man who was also insane. In addition, we have the touching narrative of the raising of the daughter of Jairus.

Now we must never forget that the real miracle is not the healing act so much as the warmth of compassion behind it. The sympathy, the loving-kindness, the pity of Jesus furnish the key to a true understanding of the miracles. Much time has been wasted in a wordy debate as to whether the miracles actually took place as recorded, and many attempts have been made to rationalize them. All of this is beside the point, for the real wonder is the sheer kind-heartedness of the Master! And there need be no dispute about this. All of us can understand it. For there is nothing so lasting and intelligible as the grace of tenderness.

A superb contemporary example of this compassion is to be found in the amazing career of Albert Schweitzer, that versatile genius who has won distinguished fame in three fields, as musician, theologian, and medical missionary. Not satisfied with his impressive record as one of the greatest of living organists, and one of the most fearless of the students of the New Testament, he became a doctor and went to the heart of equatorial Africa, where he has labored to bring health and comfort to the black natives afflicted with tropical diseases.

YOUR HEALTH

By John W. Brown State Health Officer

Looking out on the world with clear vision is the birthright of each and everyone, according to Dr. John W. Brown, State Health Officer. Texas figures would be more tragic if given for the period before the law was passed making it mandatory the use of prophylactic drops in the eyes of new born babies. Since then blindness caused by birth infection has been greatly reduced.

In the examination of school children other diseases of the eye are encountered quite frequently. Chief among these is trachoma. This disease is contagious and causes a destructive inflammation characterized by the formation of trachoma granulations. These gradually form scar tissues. Trachoma, if left untreated, will impair the vision and eventually cause blindness. This happens when the proper treatment is not given or the diagnosis and treatment is not given in its early stages.

Trachoma is most prevalent where sanitary conditions are worst. The prevention of this disease consists not only in avoiding the infection but maintaining sanitary conditions. Parents should watch closely for any indication of anything wrong with the vision of their children. Many diseases of the eye rapidly respond to treatment in their early stages but, if allowed to develop may seriously affect the vision of not causing blindness.

George Backus of Vernon was in the city Tuesday visiting friends. He revealed his intention of being a candidate for Congressman this year.

PROVERBS, POEMS AND PROPHETS

Ten fairly representative people were asked, "What do you know about Solomon?" Four of the ten answered, "Nothing." Others answered: "He had two thousand wives; he was the husband of the Queen of Sheba; he built Solomon's Temple; he was the wisest man that ever lived."

The statistics regarding Solomon's marriages given in the Book of Kings are seven hundred wives, princesses, and three hundred concubines. The Queen of Sheba was not officially among this distinguished company. A monarch in her own right, she was so impressed by the stories of Solomon's splendor and wisdom that she made a long journey to visit him and after a series of receptions and banquets returned to her home. The present kings of Abyssinia claim their descent from Solomon and this this queen. If they are justified in their proud boast her visit was not wholly Platonic. It may have been true of her, as she said of Solomon that "the half has not been told." All that we know certainly is that she never appears in the Bible again.

Solomon did build them temples and it remained the pride and glory of Jerusalem until the destruction of the city by the Babylonians in 586 B. C. But the most enduring monuments left by this great ruler were not in stone or bronze, but in words. The Proverbs, a rich mine of wisdom where in every nugget is solid gold. One can only marvel after reading them how a man so wise in other ways could have been so unwise about women.

He made a fine start as king. The Lord appeared one night in a dream, asking him to name his heart's desire, and Solomon answered:

"Thou hast made thy servant king of David my father, and I am but a little child; I know not how to go out or come in.

Give therefore thy servant an understanding heart to judge thy people, that I may discern between good and bad; for who is able to judge this thy so great a people?" To which the Lord replied:

"Because this was in thine heart and thou hast not asked riches, wealth, or honor, nor the life of thine enemies, neither yet hast asked long life; but hast asked wisdom and knowledge for thyself, that thou mayest judge my people, over whom I have made the king:

"Wisdom and knowledge is granted unto thee; and I will give thee riches, and wealth, and honour, such as none of the kings have been before thee, neither shall any after thee have the like.

Without this wise choice on the part of Solomon we probably never should have had the Proverbs; but something more than inspired knowledge went into them. They bear evidence of comprehensive experience in every phase of human nature and conduct. Some of them, as might be imagined from Solomon's own record contain warnings against the unrighteous woman.

Why Doctors Favor a Liquid Laxative

A doctor will tell you that the careful use of strong laxatives may do more harm than good.

Harsh laxatives often drain the system, weaken the bowel muscles and even affect the liver and kidney.

Fortunately, the public is fast returning to laxatives in liquid form. The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. Forms no habit; you needn't take "double dose" a day or two later.

Dr. Caldwell's Syrup Pepsin gently helps the average person's bowels back to regularity. Why not try it? Some pill or tablet may be more convenient to carry. But there is little "convenience" in any cathartic which is taken so frequently, you must carry it with you, wherever you go!

Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. All druggists, ready for use, in big bottles. Member N. R. A.

FOUNDATION PATTERNS

"I have never made a dress without my foundation pattern, either for myself or anyone else, since I finished it," said Mrs. J. E. Cure, Class I wardrobe demonstrator of the Hefner Home Demonstration Club in discussing plans for fathering this work in the club and community in 1934.

"I kinda begrudged the material I put into the pattern, 5 yards of domestic, at first but money couldn't buy it from me now," she also stated. "I find it is a great pleasure to use an individually fitted pattern as well as a great saving. I can buy more material for dresses rather than have to spend so much on commercial patterns and I can even feed dressed up in print dresses they fit so well."

"I hope I get to attend the school next week, to be conducted by Mrs. Dora R. Barnes, Clothing Specialist, and learn more about using these patterns."

4-H BEDROOM IMPROVEMENT

"The best thing about my room is the natural lighting and ventilation," said Margaret Westbrook, 4-H bedroom demonstrator in the Truscott club, who has 5 windows and 2 doors in her room. "I plan to put my room in the best possible condition by cleaning the woodwork and floors, papering the walls and the woodwork. I have a closet in my room that will have to have some shelves and a shoe rack before it will be complete. My furniture will be cleaned and rearranged so my room will be more attractive and restful."

"I have learned that to have a room that is easily cleaned, I must remove all the unnecessary articles from the room such as paintings, paper flowers, dolls and uninteresting pictures. This room is to be all my own so I want it to meet all my particular needs," said Margaret.

Pictures were taken of Margaret's room before she made improvements and others will be made when she has completed her work. These pictures will be used in her story of her work helping her to show more clearly what improvements she has made.

NAZI—aim, equality
I spent several hours the other evening with an old friend, and American citizen who has lived for many years in Germany.

"What is at the bottom of this revolutionary movement in Germany?" I asked him. His answer was prompt and decisive.

"The treaty of Versailles," he replied. "The German people feel that they have been placed in a position of inferiority ever since the war. They are proud people. They believe themselves superior to all other peoples. The present generation refuses to pay the price which its parents accepted to end the war. It took only shrewd leadership and an appeal to patriotic pride to arouse them to a new sense of nationalism. Every body in Germany is in uniform. The military spirit is being cultivated. When the right time comes there will be another war unless the nations whom Germany regards as its enemies yield their rights under the Versailles treaty."

Other observers have told me the same thing. I think they are probably right. But I also think that the United States will not itself be drawn into another European war.

GOATS—were needed

"What is the motive behind the anti-Jewish activity of the Nazis?" I asked my friend.

"What was the motive behind the anti-Hoover activity in America?" he countered. "The people were in trouble and they needed a scapegoat. It was easy for people to lay the blame for everything on him."

"Just so the Nazi movement needed a goat. Why not the Jews? They were not numerous enough to set up serious resistance, only two percent of the population; but they were the bankers, merchants, industrialist, against whom it is always easy to stir up the populace of any nation. Nothing is easier than to arouse the poor and the lazy against the well-do-do and the industrious."

"So Hitler and his aides made the Jews the scapegoats for Germany's troubles. It makes no difference that the German Jews have for centuries been more patriotically and devoutly German than the Germans themselves. The answer was to the ignorant masses, and the Jew had to suffer."

"I may be wrong, but I imagine it will not be easy for Germany to finance its next war."

RELIGION—Revised

One of the amazing things my friend told me was that the German people are openly abandoning Christianity; not all of them, but the element which is strongest in support of the Nazi program.

"The children are being taught to believe in the old gods of Valhalla in the ancient Teutonic myths instead of the Bible," he said. The very next day I read a dispatch from Berlin giving the text of a new version of the 87th Psalm, which has been amended by a Nazi leader so that it begins: "The Lord loveth the height of Germany more than all the dwellings abroad."

In the preface to this "revised version" it is asserted that the Biblical story of Christ must be wrong because it represents Christ as a Jew.

I got an entirely new idea of what is happening in Germany. It is not a pleasant picture.

THRIFT two ideas

The outstanding example of thrift in modern times, it seems to me, is the case of Emily Smith. Miss Smith spent her lifetime in charge of Hampton Court Maze in London, a famous labyrinth of hedges in which a visitor can wander for hours and find neither the center nor the way out.

Miss Smith's fee for each visitor to the Maze was one penny—two cents. She died the other day and left an estate valued at \$250,000.

Anybody can accumulate money by spending less than his intake. Few realize that it is harder to keep

STAMPS as investment

Like thousands of other boys I began stamp collecting when I was ten or eleven years old. I traded my collection for a rifle, and nearly fifty years later one set of uncancelled U. S. Department stamps which I had owned sold for \$30,000!

I went the other day to an international exhibition of postage stamps. Nobody in the world, I believe, possesses an absolutely complete set of all the adhesive stamps ever printed. King George of England has "the largest collection," but President Roosevelt's is also a very fine and complete one. Many stamp collections are valued at hundreds of thousands of dollars.

If I were twenty again, and had as much sense as I have acquired since that age, I would put my spare change into postage stamps, collecting judiciously, specializing in some particular class or kind of stamps with the certainty that for every dollar invested now I could get a hundred dollars or more forty years

How One Man Lost 22 Pounds

Mr. Herman Runkin of Detroit writes: "A few lines of thanks from a rheumatism sufferer—My first bottle of Kruschen Salts took all of the aches and swelling out of my joints—with my first bottle I went on a diet and lost 22 pounds and now feel like a new man."

To lose fat safely and quickly take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast every morning—an 85 cent bottle lasts 4 weeks—Get it at any drug store in America.

If not joyfully satisfied after the first bottle—money back.

The Knox City Masonic Lodge will give a Washington Memorial program in the lodge hall on the night of February 20 beginning at 7:30. This program is for all masons and their families.

CREED—ONE OF MOMENT

To live as gentle as I can,
 To be no matter where a man;
 To take what comes of good or ill
 To cling to faith and honor still,
 To do my best and let that stand
 The record of my brain and hand;
 And then should failure come to me,
 Still work and hope for victory;
 To have no secret place wherein
 To stoop to unseen shame or sin,
 To be the same when I'm alone
 As when my every deed is known,
 To live undaunted, unafraid
 Of any step that I have made;
 To be without pretense or sham,
 Exactly what men think I am.

OH, WHAT'S THE USE

A young man ran for the legislature of Illinois and was badly swamped. He next entered business, failed and spent several years paying up the debts of a worthless partner. He was in love with a beautiful young woman to whom he was engaged and died.

Entering politics again, he ran for Congress and was badly defeated. He tried to get an appointment to the United States Land Office, but failed. He became a candidate for the United States Senate. Then he became a candidate for the Vice Presidency and was once more defeated.

One failure after another had failed was great setbacks. Then he became one of the greatest men of America—Abraham Lincoln.

Who says, "Oh what's the use?"

NOT FOR SALE

Now and then you run across words that make you want to scale the face of a granite mountain to inscribe them there in letters of gold, so fought are they with simple greatness. Consider these words, uttered by a celebrity to one who came to him with one of the greatest air craft companies in the United States.

I don't want any more money than I am worth. I don't take any job just to capitalize my name. If I should decide to work for you, I want to be paid what I actually earn. I'm not worth much, except my name and I won't sell that."

The young man who said that said it to a man who had just asked him to name his own salary. He said it in private, not expecting it to ever be heard of further. Just so Robert E. Lee said substantially the same thing after the Civil War in refusing a \$50,000 a year salary to take a few hundred dollars as head of a struggling college.

And the young man with the name that is not for sale has today a name more valuable by far than it was the day he refused to sell it. Nor is he done with the making of it yet, he has honorably been used it and so far has it traveled in America and France, Belgium, England and Mexico; you can find none so ignorant as not to know it. Not even necessary is it to identify it here. A name that is not for sale is its own indorsement; its own countersign, its own heraldic device.

SEVENTH GRADE BANQUET HUGE SUCCESS

On Saturday evening the Seventh Grade had a banquet commemorating February twenty-second honoring fifteen guests. The banquet hall carried decorations of completeness of George Washington ideas, centered around the hatchet and cherry tree theme. Motifs of flags, huge panels of red, white, and blue together with eagles carried out hall decorations.

The banquet table have every symbol of the theme; small cherry tree logs and hatchets were the center decorations, same for place cards and napkins, together with miniature portraits of George Washington from Stuart's painting for menus. This same portrait was carried through all other decorations. The table carried out the atmosphere in every detail.

Guests Superintendent Billingsly and son, Mr. and Mrs. Ottis Cash, Mrs. Baker, Mr. and Mrs. E. Q. Warren, Miss Margaret Reeder, Glen Huntman president of sixth grade, Dr. T. S. Edwards, Mr. Jack Wetzel and Mr. Berry and daughter Bessie Lee.

It was through the tireless efforts of the Seventh Grade teacher Mrs. J. R. Berry, that the banquet was made possible. The guest speaker from out of town was Superintendent Billingsly. The home guest speaker was Dr. T. S. Edwards. The menu of five courses was beautifully served by the sixth grade girls.

Menu

Mount Vernon Cocktail, Betsy Ross Salad on Revolutionary Lettuce, Chicken a la Colonial, Valley Froze Dressing, Gray with-Trenton Princeton Giblets, Saratoga Potatoes and Mason Dixon Beans.

JUNIOR PROGRAM

The Junior class presented their second program for this year last Friday, before the entire student body of high school and the Sixth and Seventh grades.

The first number was a song by Faye Hyde, Marcellous Herring and Mayme Shaver with Mary Belle Stevenson at the piano.

The outstanding feature was a twenty minute play entitled "The Touch-down", starring Mayme Shaver as "Hannah Knott" and Elmer Wall her husband, "Bezum Knott" who were attending their first foot ball game. Other characters were Travis Caldwell who played a part of an old college graduate who never missed a ball game.

John Elbert Smith an expert radio announcer who broadcast the game over a beentire country.
 Corrine Shaw an old lady who was seeing her first football game.

R. E. Bryant and Vernon Davis coaches of the teams.

A delightful poppy, pop squad composed of six members aided in making plenty of "noise."

HIGH SCHOOL RECITAL PRESENTED

BEATRICE REED

Beatrice Reed was born on August 2, 1916. She is 5 foot 7 inches tall has brown eyes and hair and weighs 125 pounds. Her home is O'Brien and she is attending Knox City High School this year in an effort to affiliate her credits, having graduated from O'Brien last year.

Beatrice is fond of all girl's athletics and takes an active part in various school activities. At O'Brien she played four years on the local baseball team and one year on the senior team; two years on the volleyball team and she is now on the local basketball team and she is now on the local basketball team having played three years at O'Brien. Beatrice's record in athletics has been a good one but her basket ball record has been especially good. She has won two silver basketballs, winning one at the Childress tournament at which our girls played second. At the Dickens City tournament she won the honor and distinction of being placed as guard on the all-tournament team. She played through only three games at the Sunset Tournament which brought our team first place and champions of the tournament.

Beatrice is also fond of music and especially the guitar. She sings well and is now taking voice from Mrs. Warren.

Her weakness seems to be going places and seeing things; and "boys" from Rule, four in general and one in particular, Grady E. Beatrice has a wonderful personality and is well liked by every one especially the basket ball girls.

LOCAL TEACHERS VISIT FORT WORTH

Miss Rice, Miss Graham, Miss Swift, Miss Benton, Miss Hoge are in Fort Worth on an observation tour this week visiting all the schools in Fort Worth.

And we, Knox City, have discovered a new and well educated set of teachers for their substitutes this week. In Miss Rice's place Mrs. H. B. Sweeney taught Monday, Tuesday, Mrs. Vance Favors, Wednesday Mrs. L. L. Williams. For Miss Graham, Mrs. Henry Jones, and for Miss Benton, Mrs. T. E. Robbins also Mrs. Frizzell. They will retain their positions until the regular teachers return. Mrs. Hoge is substituting for Claydene.

We are hoping that they will receive great benefit for this trip. We believe the new teachers were born thirty years too soon, but we know they will fill their places well.

JUNIOR BASKETBALL

The Junior basketball boys will enter the county tournament this weekend. The team is made up of veterans, Murry Hester, Joe Hyde Park Swift, Arnold Davis, Lacy (Lak) Whrow, and Travis (Pop) Thompson.
