OVER 60,000 BALES ARE GINNED

There have been 65,873 bales of cotton, counting round as half bales, ginned in Knox county from the 1932 crop, as compared to 33,872 bales from the crop of 1931, according to W. H. H. Griffin, special agent for the United States Department of Commerce. Present conditions point to as great a crop this year, and farming has already begun for this year.

B. T. S. TRAINING SCHOOL DOING GREAT WORK HERE

The B. T. S. Training school conducted by Miss Lucile Mattox, total enrollment of school up to Wednesday night was 163. This is one of the most far-reaching schools that we have ever been in. Attendance and entrance are far beyond all that was expected. We believe that it is going to prove of more value in the revival of the church and individual workers than anything that could be done at present. Examinations are to be given Friday evening and at the close of examinations a social for all who attended will be held at the church. Miss Mattox will be in the service Sunday and a complete permanent union organization will be made at the evening service. We want to express our appreciation for the work that Miss Mattox has done and appreciate the durability of it. The goal for Sunday school Sunday is 175. We expect everyone who has attended the school or who does not attend elsewhere to attend. Subject Sunday morning for the preaching hour will be "The Final or The Great Judgment." Miss Mattox will have charge of the evening service. C. B. Stovall, pastor

FIFTY IN ATTENDANCE IS GOAL SET BY S. S. CLASS

Are you a member of the Glean Hand Sunday School Class of the First Baptist church? If so, be in your place next Sunday. Our goal is fifty in attendance. For the past three months we have been studying the gospel of the Son of God as recorded by Mark. And now for another quarter we shall follow the story to the end of Mark's record.—Reporter.

TO HAVE SPECIAL SPEAKER AT W. T. C. C. MEETING

BIG SPRING, March 28.—The Big Spring chamber of commerce today issued an invitation to William Green, Secretary American Federation of Labor to be a guest of the West Texas Chamber of Commerce and be one of the prominent National Speakers appearing on the program. A similar invitation has been extended by the West Texas Chamber through its manager, D. A. Bandoen and President Wilbur C. Hawk.

EIGHTY-SIX ENROLLED IN BAPTIST TRAINING SCHOOL

The Baptist Training School opened Monday night with much interest shown in every department. Eighty-six enrolled to take the courses offered under Miss Lucile Mattox, who is a volunteer of foreign mission work, and has charge of the school.

Oscar Teague and family have moved to their farm east of town this week.

Mr. and Mrs. Loyd Davis and Rev. and Mrs. Sharp attended the Methodist revival at Benjamin Monday evening.

MAKE PLANS FOR DISTRICT PARENT-TEACHERS MEET

Plans for the annual conference of the 13th District of the Texas Congress of Parents and Teachers that is to be held in Crowell on Tuesday and Wednesday, April 11 and 12, are progressing in a satisfactory manner and all indications point to one of the most successful conferences in the history of the 13th district, according to Mrs. T. B. Klepper, publicity chairman.

During the two days of this conference and one night, Crowell will be host to over 250 delegates and visitors and this number will include many of the most prominent women from the fourteen counties in this district.

The 13th District includes 135 P. T. A. units from the following counties: Baylor, Clay, Foard, Hardeman, Haskell, Jack, Knox, Montague, Throckmorton, Wichita, Wilbarger, Wise and Young.

The theme for the conference is "Safeguarding Children Through This Crisis." Dr. L. H. Hubbard, president of Texas College for Women at Denton, will be the main speaker of the evening's program of the two-day session and his subject will be "Safeguarding the Leisure of Our Children."

Mrs. J. M. Crain of Claude, 4th vice-president of Texas Congress of Parents and Teachers, will be the State representative at the conference and will be the speaker at a publicity breakfast on the morning of the second day.

Others to appear on the program are Mrs. St. Andrew Myers of the Child Welfare Board of Austin, Mrs. C. J. Farrell of Vernon, State chairman of Founder's Day, and Mrs. R. E. L. Pattillo of Vernon. Other speakers will be announced at a later date. Musical numbers and other attractions will also be given.

ESTIMATED \$15,000 CASH IS MISSING

Knox City was stirring with excitement this morning (Thursday) when news was spread of the robbery of The Citizens State Bank of approximately \$15,000.00 in money. The loss was covered by insurance. Robbers, which number four or more, took nightwatchman J. H. Finley in charge about 1:00 o'clock his morning, blindfolded him, and held him at the point of a gun until the job was completed. They entered the bank through a rear window and with acetylene torch, burned a hole in the vault, and another through the rear of the safe, securing all the cash, but none of the boxes, securities, etc. were molested.

After completing the robbery, Mr. Finley was placed in the vault and the men made their get-away. The nightwatchman soon released himself and notified city officer G. H. Hardberger, and President of the Bank, E. O. Jamison.

Before doing their work, the thieves cut all telephone wires near the telephone office, which is on the second floor of the bank building. The telephone operator on duty was unaware of the robbery.

The men also entered a tin shop across the street from the bank and secured some tools which were used in the robbery. Their torches and other tools were left in the bank.

From all indications, the men were experienced at the job.

HOSPITAL NOTES

Patients in the hospital this week include Mrs. Benge of Red Springs, C. Timbledge and D. H. Batey of Vera, Mrs. Iza Beesley of Truscott, Judge Burns of Munday, Mrs. Christine Speck of Rochester, Tom Loper of Knox City, Baby Aburhanovsk of Rhineland.

Rev. and Mrs. Mann, formerly of this city were here Saturday for a tonsil operation to be performed on their little daughter, Sunshine.

DIGEST AND EXPLANATION OF FARM RELIEF PLAN

The general objective of the Bill is to increase the purchasing power of farmers through restoring the balance between production and consumption and through adjusting markets as rapidly as is feasible, starting with present conditions.

The Bill gives the Secretary of Agriculture broad powers:

- (1) To provide for reduction in acreage or production of specified farm products and to compensate producers for such reduction through rental or benefit payments.
- (2) To enter into marketing agreements with producers, marketing agencies, and processors of farm products.
- (3) To license processors and distributing agencies engaged in interstate or foreign commerce in handling agricultural products and to regulate them so as to eliminate unfair practices and charges.
- (4) To use the Smith Cotton option contract plan on the 1933 crop of cotton.
- (5) To impose taxes on the processing of the basic agricultural commodities at an amount not in

excess of that necessary to restore the pre-war price parity, subject to the limitation that the tax shall be reduced if the full amount is more than can be borne under existing conditions without excessive reduction in consumption.

It is intended under this broad grant of power that the Secretary will call in representatives of the producers and processors for each commodity and shall work out separately for each commodity the method of dealing with it which offers the best hope of effective control of production for the 1933 crops and of progressive action towards an elimination of surplus stocks or production and regulation of normal price parity.

Under the taxing power, provision is made for hearing to interested parties so that in each step of the application of the law the Secretary will discuss the proposed steps with those interested and will take into account their expert advice.

WELCOME

We believe The Herald is joined by every citizen of Knox City in saying that we are glad to have the County interscholastic League meeting in our town. When you come to our city Friday and Saturday, we want to make you feel welcome, and hope that your visit will be so pleasant that you will look forward to the time when you may come again.

Knox City has a reputation of entertaining its visitors royally, and let's make this no exception, but put forth every effort to make it the success that it should be.

Knox City extends a cordial invitation to all the people of Knox county to be here Friday and Saturday. You will enjoy the occasion.

SUNDAY SCHOOL LESSON

By Charles E. Dunn

Jesus Ministering to Jews and Gentiles.
 Lesson for April 2nd. Mark 7:24-37.

Golden text: John 10:16.
 This Sunday we begin the second quarter of our year's studies, that will bring us to the end of the gospel of Mark. We shall study the latter portion of the energetic ministry of Jesus, where the dramatic intensity is greatly heightened, the dark shadow of the Cross falling upon the gospel record, an omen both of bitter failure and glorious triumph.

Our lesson today is one on world friendship, emphasizing, as it does Jesus' entire absence of race prejudice. We read of His entrance into Gentile territory, the region of Tyre and Sidon. There His fame had preceded him, so that He could not travel unnoticed. A Greek woman, we are told, flung herself at His feet, beseeching Him to expel the evil spirit from her daughter.

The reply of the Master, if considered by itself, apart from its setting, seems harsh. "It is not right," He said, "to take the children's bread and throw it to the dogs." Now the word "dog" was a term of contempt used by the Jesus of Christ's day for the Gentiles. But this incident makes it perfectly clear that Jesus, in this metaphor, was speaking playfully, with gentle irony. It is worth noting that the Greek word for "dogs" used by the Master is a diminutive, literally meaning "puppies." Jesus thereby softened His allusion, employing a term for household pets. The woman was keen enough to sense His good humor, and to turn the metaphor so that it served her needs. "True, Sir," she cleverly replied, "and yet the dogs under the table eat the children's scraps." Her point clearly was that if the Gentiles are to be treated as household dogs,

About Time To Wean the Darn Thing

By Albert T. Reid

with the crumbs that fall from their masters' tables. It was exactly the sort of reply Jesus wanted. He appreciated it to the full, and rewarded her at once. Her darling was healed.

Thus a Jew healed one considered pagan. Such magnanimity is an anticipation of that united, world society toward which mankind painfully marches.

MRS. W. R. JONES BURIED

Funeral services for Mrs. W. R. Jones, age 57 years, were held at the home west of Knox City Wednesday afternoon with Rev. J. H. Sharp conducting the service. Mrs. Jones died Tuesday.

Miss Minnie White was born Sept. 6, 1876. She was first married to N. W. Chaffin. To this union were born three children, Floyd Chaffin, Carl Chaffin and Mrs. Lewis. She was married to W. R. Jones in 1909 and to this union were born four children, Fred Jones, S. D. Jones, Mrs. Inez Loper and Robert Jones.

Mrs. Jones was converted and joined the Methodist church in early life.

Others surviving are Mrs. Jones' husband, and his three children by his first wife, Clay Jones, Mrs. Florence Hood and Mrs. Ethel Wood.

The Herald extends its sympathy to the bereaved ones.

LOCAL METHODIST CHURCH MAKES APPEAL FOR EGGS

If our Sunday School Superintendents will present to the members of the various Sunday schools the thought of making an Easter Egg box for the children at the Methodist home, what a wonderful gift

storage for over one thousand cases of eggs and still have room for our necessities and the drop in temperature will not cost but very little in addition.

We will send our truck for a full load of eggs, (or canned goods, chickens, hogs, lard or in fact anything that you feel would be of help to the Home). We can handle one hundred cases at a load and will be willing to drive a circuit to gather the eggs. We will take with us empty cases and in this way save the cost of cases to those who may invest the eggs. Co-operate with us, pastors, Sunday school superintendents, Sunday school teachers, and every member of the church to the end that we shall have the full capacity of our cold storage during the week preceding and the week following Easter. Write us and tell us the number of cases you have secured from your charge and we will then make up a route including the charge in the same together with other charges sufficient to make a full truck load. We will notify each place the day and time of arrival so as to make the work on the part of the local people as easy as possible. Let us not just think about this being a good plan, let us all work together and work the plan. —From The Sunshine Monthly, published by the Methodist Orphanage, Waco.

Rev. J. H. Sharp, local Methodist pastor, makes an appeal to all members and others of Knox City

who wish to contribute any of the articles mentioned above, to have them at the church next Sunday, April 2.

AFTER 40 bowel trouble

Constipation may very easily become chronic after forty. And any continued constipation at that time of life may bring attacks of dizziness and a host of other unpleasant disorders.

Watch your bowels at any age. Guard them with particular care after forty. Whenever they need any help, remember a doctor should know what is best for them.

"Dr. Caldwell's Syrup Pepsin" is a doctor's prescription for the bowels. Tested by 47 years' practice, it has been found thoroughly effective in relieving constipation and its ills for men, women and children of all ages. It has proven perfectly safe even for babies. Made from fresh laxative herbs, pure pepsin and other harmless ingredients, it cannot gripe, will not sicken you or weaken you; can be used without harm as often as your breath is bad, or when your tongue is coated; whenever a headachy, bilious, gassy condition warns of constipation.

DIGEST AND EXPLANATION OF FARM RELIEF PLAN

(Continued from page 1.)

ferent commodities different systems will probably be used. Thus it is anticipated that in the case of hogs and corn the payment of rent for retirement of corn land from production will be contingent upon a corresponding reduction in the quantity of hogs marketed by the producer. In the case of cash crops the rental or benefit payment may be based primarily upon reduction in acreage of the particular crop in question, with supplementary provisions as to the alternative use of the land. Under the plan the Secretary is also at liberty to rent land in large tracts or in selected

glions, or to allot the sums for land rentals by States and counties so that each producer will have an equal opportunity to rent a portion of his land and to receive rental payments.

Provisions are included for taxes on the existing warehouse stocks at the time the processor's tax goes into effect and refunds on the exportation of finished products upon which processing taxes have been collected and for the imposition of such taxes as are found necessary on commodities or products competing with the basic agricultural commodities or their products. Commodities used by unemployment relief agencies are exempt from taxation. Through these, and other special provisions it is hoped that the tax can be applied with the least possible necessity for adjustment in the various industries and without injustice to the various individuals, and concerns involved, so that in every way the addition of the tax will work out in the same way as an increase in the price of the product itself.

In practically all cases the percentage of the retail price which now goes to the farmer will be spoiled that the addition of the tax will have only a very slight effect on the retail price. It is anticipated that that part of the tax which is added to the retail price will not be burdensome to consumers. At the same time by increasing the funds available in rural communities and thus increasing the assets behind the rural banking structure and increasing the purchasing power of farmers for industrial products it is expected that there will result an increase in city industrial activity. As this develops the increased activity will eventually provide city workers increased incomes far greater than the relatively small increase in their cost of living.

The basic products to which the Act applies are: wheat, cotton, corn, tobacco, rice, hogs, cattle, sheep and milk and its products. In practically all cases these products are now re-selling at retail far below the cost
