## Old Age Pension Information

AUSTIN, Nov. 24—Our definite responsibility is to get assistance to the needy aged, and no deserving applicant or pension recipient in Texas should be afraid that we will overlook him, said Acting Director Orville S. Carpenter, of the Texas Old Age Assistance Commission, today, explaining re-investigation procedure required by the new pension statute.

The new law, House Bill 8, taken away requirements concerning property, cash ownership, and income as bases for determining eligibility. Entire basis of the new assistance law is the need of the individual. Aid contributed by other individuals, whether cash or free rent, free board, free medical care, or clothes, must be taken into consideration.

**Later Investigation**  
"At present we are busy segregating cases in which recipients show no cash in bank, no property owned, and no other income except that from the Commission. These cases will not be re-investigated until later because the old people would evidently be in need if they were off the rolls," Carpenter declared.

House Bill 8 requires that all recipients now on the rolls be re-investigated.

**Investigated Immediately**  
"We have started already re-investigating each recipient on the rolls whose eligibility under the new law is doubtful because he has income, property, or is receiving assistance from some individual. However, it should be remembered that we look at each of these cases with the question in mind: 'Is this old person in necessitous circumstances,'" he added.

**Those Not On Rolls**  
"Of applicants whose cases have not been investigated, or now in the process of investigation, we will ascertain those whose applications reflect need and then get to them first. Many of our policies will be determined by the fact that winter is coming and that the needy aged must be taken care of now and not six months from now."

"The evident intent of the Legislature was that assistance must go to the needy aged and we will see that they get their grants as soon as possible," Carpenter stated.

## Methodist Church

We appreciate the good attendance, and interest shown in last Sunday's services. As our interest deepens, not in a preacher, nor a church organization, but in God and His Kingdom, so will our presence, interest and labor be more and more inevitable at the services of the church.

We are praying that the revival to begin soon at the Baptist Church, will touch, and quicken the life of Knox City as it has not been moved in a long time. To that end we expect to unite our prayers, and labors with the Christian people of the town.

Our congregation was entertained and helped by a Thanksgiving play given by the Young People's Union under the direction of Miss [Name] last Sunday night.

## 15-YEAR BOY TEXAS BABY BEEF CHAMPION; WINS TRIP

Texas' 4-H baby beef champion for the season, Byron Eckert, 15, of Art, fed out 15 calves in five years. His prizes at county and state shows total \$510.53, more than half of which he won this year at the Fort Worth, San Antonio and San Angelo shows, and the Mason County Fair. Trial sales proceeds on his calves are certified as \$3,823.19.

The boy was a member of this year's winning livestock judging team. His latest recognition is to receive the Armour all-expense trip valued at \$120.00 to the 15th National Club Congress to be held in Chicago, Nov. 27-Dec 5. It was awarded by L. L. Johnson, state boys' club agent who reported nearly 2,000 contestants in 27 counties for the trip. The boy will be one of the Texas delegation of 25 of the year's outstanding clubsters to the Club Congress.

Joe Smith returned Tuesday from Smyrna, Texas, where he visited his daughter, Mrs. Byron Lee.

## First Basketball game to be Dec. 4th

The Knox City basket ball team has been working out as much as has been possible on the outdoor court, and while no games have been played, Coach Roberts says the team is going to be in good condition for the first game, which is scheduled for December 4th, against Mattson. The Greyhounds will have a new team this year, Arnold Davis being the only varsity man from last year. The boys have been greatly handicapped by not having a gymnasium to practice in, but after the new school building is opened we can expect a high percentage of games won.

The following men are reporting regularly for practice, R. A. Carr, R. E. Humphries, Doyle Walker, Joe Hyde, Joe Warren, Jesse Webb, Hobart Dutton, Perishing Busbee, Doyle Graham, Arnold Davis, Odell Carver, Melvin Dutton and Newman Cypert.

The girls team is expected to be one of the strongest in the district with 11 veterans returning from last year. The following girls are reporting for practice: Dorothy Shever (captain), Opal Durham, Sally McElroy, Irene McAuley, Ellena Fayne White, Mildred Stevenson, Emma Sue Thompson, Mary Lee Hackfield, Billie Bess Benedict, Gladys McMahon Juanita Herring, O'Dessa St. Clair and Hazel Simmons.

Miss Pauline Cherry is coaching the girls team.

## Texas Teachers to meet in Fort Worth

The Texas State Teachers Association, which meets in Fort Worth, Texas, Thursday, Friday and Saturday of this week, is expected to be the largest meeting of teachers ever held in the state of Texas.

Teachers from Knox City who are attending this meeting are: Miss Pauline Cherry, Miss Ruth Rice, Miss Frances Hicks, Mrs. Roy Baker, Mr. and Mrs. O. B. King and Mrs. Branton from Union Grove.

## Baptist to Have Revival

Everyone is urged to attend the church services at the First Baptist Church Sunday. Reverend W. W. Chancellor of Mineral Wells, Texas, who begins a revival meeting here Sunday, will conduct the services.

Due to the revival meeting, there will be no prayer meeting service for the next two weeks. Wednesday night following the revival, services will be held at the usual time of seven P. M.

Since 1621, when our forefathers declared that all activity come to a standstill, and that they all gather to give thanks, our country has solemnly observed the last Thursday in November as a day of Thanks Giving. Business throughout the nation comes to a close in order that this tradition may be carried out.

Down through the years this day has come to mean one of festivity, as well as one of giving thanks. Thousands of people will on this day, rejoice that our country has withstood the trials and tribulations which beset this topsy-turvy world of ours, and pray that this country may be strong enough to continue on its march of progress through many more centuries.

We have indeed, many, many things for which to be thankful.

### Christmas Cheer

Christmas Spirit came early with Mrs. Grady Spivey, President of the Gilliland Home Demonstration Club, this year; making the gifts meant money saved and gave a personal touch to each gift. She made 2 1/2 by 15" white, Indianhead handtowels at a cost of 20 cents a piece, a cut-worked wildrose design scarf cost 15 cents. Having a sample of unbleached domestic and using cotton for a filling, Mrs. Spivey made 3 potholders at a cost of 10 cents.

### Family Enjoys Change

Repainting her kitchen, room and bedroom, only cost Mrs. J. R. Spivey, cooperater in the Gilliland H. D. C. Club \$2.00 for the entire job. Wanting to make the living room brighter, Mrs. Spivey painted it a light cream color. Working two days on this renovation gives the entire family a long time joy.

### Visits and Cans

Believing in wasting no time or fruit even though she is visiting Mrs. R. M. Almonrode, Home Food Supply Demonstrator for the Sunset H. D. C. Club, canned 6 quarts blackberries, valued at 20 cents a container. She also made 12 1/2 pints of grape jelly valued at 10 cents a jar. Her visit in Tennessee during the summer was worth at least \$2.40 in canned fruits and jellies.

### Spring Fed Garden

Having a spring to water her garden, Mrs. H. D. Gammill, cooperater in the Sunset H. D. C. Club raised an early garden of greens, onions, beets, and tomatoes. She canned 150 cans of fruits valued at \$20.00, 100 containers of vegetables valued at \$2.00 and 15 cans of mince meat valued at \$4.10. While some members were carrying water even to drink Mrs. Gammill was growing a garden by the use of her spring. Mrs. Gammill's family had plenty of fresh vegetables to eat, too, from this early garden.

and Mrs. S. L. Dusbice, council representative.

Miss Burchard gave an interesting talk on running water in and out of our farm homes.

Those present were: Mrs. J. C. McGee, Mrs. W. H. Lankford, Mrs. Bill Wilson, Mrs. S. L. Dusbice, Mrs. S. F. Couch, Mrs. S. E. Lane, Misses Alice and Edith Wilson, Florene O'Crutt and Flo McBrayer.

The club meets each first and third Wednesdays of each month. We meet the first Wednesday by ourselves and the third Wednesday with Miss Burchard.

We urge each and every woman that are interested in H. D. C. Work come and take part in our club work.

## Credit Where Credit is Due

By RAYMOND PITCAIRN  
National Chairman  
Sentinels of the Republic

Who is doing the real work that leads America toward Recovery?

During recent weeks we've heard many answers to that question. Headlines have bristled with claims and counter-claims... with reports of speeches that give the credit to political officeholders... with statements that would award the honor to the prophets of strange and unproved economic theories.

But amid the thunders of oratory the true claimant is ignored.

He is the man who, while politicians clamored and theorists argued, continued quietly, faithfully, effectively to do the day's work; to support himself, his family—and America.

He is the man—whether farmer or hired help, merchant or clerk, executive or mechanic—under whose hand and care the fields maintained their yield, the products of farm and factory kept moving, the wheels of industry continued to revolve.

He is the man who earned and paid the taxes—direct or indirect—that kept this country a going concern and met the payroll of the political job-holders who would take the credit unto themselves.

He isn't one man. He represents millions of self-reliant citizens who maintain and support and operate the homes and the farms and the workshops of America.

He is the type that built America in the past, that is upholding America in the present, that will make America more glorious in the future.

## CHEVROLET OFFERS THANKS FOR 1,130,000 SALES IN 1936

The Chevrolet Motor Company today offered its thanks to the American people for having given the company the greatest year in its history by buying 1,130,000 new 1936 Chevrolets.

In display advertisements printed in newspapers throughout the country, Chevrolet expressed its appreciation for the warm friendship of the American people which enabled the company to break all previous marks for domestic production and sales.

The Thanksgiving offering is considered unique in industrial advertising, but Chevrolet has done it in the past. The company has depended largely on the newspapers of the country in establishing its all-time records in selling not only an unprecedented number of new passenger cars and trucks during 1936, but also in moving two million used cars at the same time.

The advertisement, appearing today, declared, in part: "The builders of Chevrolet are thankful for many things, but most of all for the warm friendship of the American people."

"All we can say is, 'Thanks a million' for more than a million cars in 1936; and all we can do is offer you the still finer Chevrolet for 1937 in return for the finest friendship ever bestowed upon any motor car manufacturer."

## "THANKS A MILLION" FOR MORE THAN A MILLION

America has bought 1,130,000 Chevrolets during the past twelve months, thereby giving Chevrolet the greatest year in its history and the greatest measure of buyer preference it has ever enjoyed.

The builders of Chevrolet are thankful for many things, but most of all for the warm friendship of the American people. And so again at this Thanksgiving season we say, "Thank you, America," for you have given Chevrolet a measure of good-will without parallel in the annals of modern industry.

Consider, for a moment, all that you have done to inspire Chevrolet's appreciation during the past twelve months:

You have purchased 1,130,000 Chevrolets; you have made Chevrolet your favorite car for the seventh time in the past ten years; you have given Chevrolet strong preference in every section of the

country; you have conferred this same high honor upon Chevrolet trucks by purchasing more than 265,000 commercial units; you have made 1936 the most successful year in all Chevrolet history. And now, to climax these expressions of friendship, you are displaying even more marked preference for the new Chevrolet for 1937.

It is difficult to express adequate appreciation for gifts so great and so generous as those.

All we can say is, "Thanks a million" for more than a million cars in 1936; and all we can do is offer you the still finer Chevrolet of 1937 in return for the finest friendship ever bestowed upon any motor car manufacturer.

One by one the cheerful (?) students file into the study hall. Most of them have the peculiar "I wish was" look on their face. It is most out of the ordinary, but someone called me off and in a very soft whisper told me that the pupils really didn't want to come to school on Monday! Of course I was shocked beyond words not knowing the prevailing condition. Suddenly some over energetic male arises to raise a window, the girls all gasp faintly and grab for their hair, the boys giggle and scrape their feet on the floor in gleeful plans for the future. Someone slams the library door and opens the library for the day. Immediately a mad rush ensues, and the lucky individual stands nonchalantly thank fully taking time at the window Mr. King comes to the door and with no intention of checking a book, look in unarmingly; there is an immediate and false silence. Someone titters and as the door closes the usual jamboree begins a new. Pinky Clonts sits and giggles and gazes with a dreamy and far off look in her eyes, Billie Bess just smiles contentedly at nothing and if asked a question replies with a bright, "Huh?" Doil Hammons is all too obviously employed with books, Dot Shaver pops her gum and writes names on her desk in an absent sort of way. Billy Favor sits upright in his seat, a suppressed snore easing out and the air which

is probably filled with paper wads and air planes. And then there is Wynette; she lays her head on her desk and very diligently write a letter to some personage who's initial are R. V. W. Annalou whistles softly, casting a suspicious eye toward the study hall desk. Of course, these are only a few of the participants, but they represent the atmosphere very well.

This, then, is the cheerful and jolly beginning of a new school week. My, my, don't you wish you were in school again?

## GIRL'S SPORTS REPORT

The basketball girls are losing a lot of practice this week as the basket ball bursted Monday. We do not have a game for Friday, November 27, due to the Thanksgiving holidays. We are scheduled to play Matson on Friday, December 4; however, I imagine the game will be forfeited or postponed as other games have because there are scheduled to play here. Teams are unwilling to play on the ground, and it will be the last of December or the first of January before we will be able to get in the gymnasium. When we do get started, we certainly intend to give these neighboring teams some mighty "stiff" competition!

## BARKS

What is this school coming too? Well, you'd know if you saw what I saw!

Now, Wynette, can't you wait? He really doesn't expect a letter, and the way it's addressed anyway.

Extra—A certain Junior gal is so enthusiastic over the art of trumpet playing she forgets all about who plays one. (Oh, yeah!)

Yes, Pinky, I know I won't tell a thing if you'll be very good. Just for one day, anyway.

Some certain Sophs (gals) were very attentive at the tent show Saturday night. They just listened and listened to the orchestra. Didn't you girls?

How much wood could a wood chuck chuck, if a wood chuck would chuck wood?

Now, you Freshmen—won't you ever grow up? The very idea of letting air out of tires, how childish.

Dickie Mullins, you drive that little black car just too fast.

Dottie goes around singing "I'm an old cowhand". Her latest flame is another Bob Burns; draws and everything.

Opal is still engrossed in Rule. She's wearing a very nice class ring and blushes becomingly when you mention it.

Annalu Warren, aren't you ashamed of yourself? Whistling at school, and at your age, too.

Guess who I saw riding in a black Ford with red wheels Sunday night? Mary Helen E., and boy o boy was

... having fun?  
 We go have the latest fly at our school, they're so tame they just sit contentedly, aw, nuts!

Billie Bess can always pick the best-looking guys. Take Buddy Angle for instance.

AND—you'd better be good, or you'll get checked up on by ANNIE'S COUSIN FANNY

## GUESS WHO?

She is a sophomore. She has brown curly hair, startling brown eyes, a transparent fine skin and is about so high. Temporarily, she is pretty well occupied with the show business (Answer next week)

## ADVICE TO THE LOVELORN

A cheap skate doesn't cut much ice. Having your face lifted in the moonlight is generally a pleasant operation.

A girl is as strong as her weakest moment.

Two heads are better than one when they're on the same shoulder.

A man isn't crazy because he's in love—but, it helps.

A flirtation is just an empty spoon. Yes, just an empty spoon.

Stealing a kiss may be petty larceny, but it's a grand larceny, too.

Girls are like snow-balls. The harder you squeeze them, the faster they melt.

You can never tell about a woman if you can, you shouldn't.

Don't stand on your dignity. Your foot might slip.

Love makes the world go round. Looking for places to park.

## SENIOR PROGRAM

One of the most enjoyable programs of this school term was given by the Senior Class, Friday, November 29. The program was arranged by Louise Davis and Irene McCauley. One of the most interesting numbers was given by four boys, dressed as typical cowboys, from the third grade. They sang "I'm an Old Cowhand" and "Texas Rangers." A one-act play, "Who Says Can't," was presented by members of the Senior class. Marion Clonts, Elleena Fayne White, and Billie Bess Benedict gave two musical numbers followed by a most extraordinary number by Mr. Dodgen. Several clever and witty readings were given by Louise Davis, Magga Faye Yarbrough, and Mary V. Davis. Irene McCauley was master of ceremonies. We, the Seniors, hope everyone enjoyed it.

## SOPHS. WATCH YOUR GRADES

After looking over the grades rather hurriedly we find that Geneva Walker, Emma Sue Thompson, John Byron White, Jr. Montandon, Marie Darr, Glenn Huntsman, and James Gibson made the grades from 80 to 90.

Helen Lindsay and Mary F. Reeder made the grades from 90 to 9

## NEW SAFETY FOR BABIES

Mother, most hospitals now protect their babies against germs and skin-infection by rubbing Mennen Antiseptic Oil all over the baby's body—every day. This keeps the baby's skin smoother, softer, lovelier and SAFER. So, mother, do as hospitals do, as doctors recommend. Give your baby a safety-rub with Mennen Antiseptic Oil daily thruout his diaper-days. See your druggist.
