

**TAMIE GRINDSTAFF**  
...sweetheart runner-up

## Girl Is Third Sweetheart-Runner-Up At Fair

FFA Sweetheart runner-up, seventeen-year-old daughter of Mr. and Mrs. L. Grindstaff Jr., Tamie Grindstaff, was crowned third runner-up at the West Texas Fair in Abilene. She was crowned by the show arena judges in Abilene. The co-sweetheart was Hamlin's Tammy Coffey who represented the school's FFA Sweetheart at Hamlin. Miss Mehauffey of the Double District Future Farmers of America and plans to attend Murry College in Abilene.

Rabon of Novice was named to the second runner-up position. The winner, first, second, and third runner-ups were announced by fair association president Bill Patton. Judges Linda Miller, Mrs. Ray Denkhoff, Mrs. Jerry Roberts, Randy Wilson and Jack North selected the winners based on their personality, achievement, appearance, and scholarship. On Saturday morning, Tamie participated in the fair parade in downtown Abilene and was also judged in school fashions at the Modern Living Mall Monday night prior to the sweetheart's crowning.

Miss Grindstaff, a KCHS senior student, is head majorette for the Greyhound Band. She is also on the yearbook staff and secretary of the senior class. Tamie is president of the Beta Club, president of FTA, vice-president of the Greyhound band, FFA typist, and a member of the Knox County 4-H club. In previous years, she participated in Rodeo Club and high school choir. Her junior year, she placed second in district UIL typing. Fair officials noted that in previous years, the fair sweetheart has "reigned" in civic activities for a full year. But the tenure is just a week this year due to the fact that sweethearts resign to go to college, get married, or start careers before their year's reign is completed. Tamie's parents and her grandparents, Mr. and Mrs. John L. Grindstaff Sr. attended the fair Monday night.

## To Host Archer City Fri. Hounds Edge Rule

The Knox City Greyhounds clipped the Rule Bobcats in both teams' second game of the season by a close margin of 7-6 on Rule's home field. After a scoreless first quarter, Rule put the first points on the board with a 44 yard pass from Jerry Tumlinson to Terry Lee in the second quarter with about seven minutes left in the half. The Bobcats' efforts for a two-point conversion failed. The Hounds bounced back with 3:14 left in the third quarter to score on an eighty-yard pass from David Anderson to end Mark Clonts. Extra point kick by Anderson was good for what turned out to be the difference in the game.

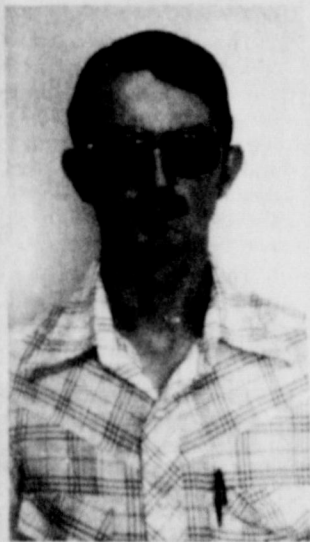

John Alsides was Knox City's top defensive man while Ronnie Oliver and Eddie Brass were standouts for Rule. The Greyhounds evened their record at 1-1, while Rule now stands 0-2 for the season. This Friday night, the Greyhounds will meet the Archer City Wildcats here in Greyhound Stadium beginning at 8:00 p.m. This will be the first home game of the season.

## Jamboree To Be Saturday

Saturday night is Jamboree night again in Knox City and local and area musicians are making plans to be a part of this month's musical. Last month's Jamboree was held in the City Park and because many expressed their approval of this location, it was decided to continue there as long as weather permits. A concession stand will be open and rest rooms will be available in the Kennel. Everyone is asked to bring his lawnchair or quilt and come be a part of this month's Jamboree.

## Antilley Named Knox County Agent

Tommy K. Antilley will assume duties as Knox County Extension Agent, effective September 21, according to a joint announcement from Ed Garnett, district agent at Lockett, and the Knox County Commissioners Court.

**TOMMY K. ANTILLEY**  
...new county agent

Antilley is presently serving as assistant county agriculture agent in Wilbarger County.

The new agent was reared on a farm in Taylor County and did work in 4-H, winning many honors. He was also in Future Farmers of America.

A graduate of Texas A&M University with a bachelor of science degree in animal science, Antilley was employed as a quality control supervisor for Missouri Beef Packers in Plainview, before his appointment as assistant county agent in Vernon in 1974.

He and his wife, Kei, have one three-year-old son, Scott.

The Antilleys will make their home in Benjamin. Antilley replaces Herman Collier who is transferring to Groesbeck in Limestone County as county agent.

## Heavy Rains Fall In O'Brien Area

The deluge of rain Monday afternoon about 5:00 o'clock brought hail and high winds to most of the Knox City area.

O'Brien received the heaviest downpour with reports of up to three inches falling in about an hour's time. Areas east and west of O'Brien reported one and one-half inches, however, to the south only a trace of rain was received.

Knox City's rainfall was very spotted with one-half inch being reported in town.

## County Extension Agent Transferring

Nancy Fuhrken, Knox County Extension Agent, will transfer from her present position to County Extension Agent in Lavaca County October 1. The announcement is made jointly by Judge Sam Clonts and Thelma Wirges, District Extension Agent.

Miss Fuhrken has worked in Knox County for the past two and one-half years. Prior to that, she served as Extension Assistant in Fisher County. She has worked with youth and adults in the home economics phase of the Knox County Extension Program. She has worked closely with the Texas Community Improvement Program.

Miss Fuhrken is a native of Orange Grove, Texas, where she was an active 4-H Club member.

A successor will be named in the near future.

## Did You Know...

that Mark Howell, 210 Penland Hall, Baylor University, Waco, Texas 76703 subscribes to The Knox County News?

## Do We Care Enough...

By BILLYE B. ANGLE

Two weeks ago, the News carried a story that Knox City was without ambulance service, and later we were informed that the service was being continued for an additional 15 days.

Following Monday night's city council action, the vote was to cease the service immediately. However, Tuesday in talking with some of the city council members and also to Mayor Kenneth Crowover, we were told that they felt that the city should not be without ambulance service, but that actually no concern or opinions had been voiced as to what the city's part should be. Mayor Crowover asked the News to suggest to citizens that they contact the City Hall immediately either by phone or by mail and voice their opinion on the matter.

If we had a soap box, we would stand on it and say, "Look, everybody, thank the good Lord that we now have a doctor here, the hospital has re-opened, and with the good nursing home and larger school system, if a town ever needed an ambulance, we need it now!"

Maybe the handful of volunteers who had to take the responsibility of being on call for a week at a time could use a lot of help, and maybe, just maybe, there are others who were not aware that the emergency training course was underway before who now would be willing to take training and help in anyway possible to keep an ambulance here.

Our neighboring town to the east is taking care of its responsibility in providing an ambulance for Munday and its area folk. Surely to goodness sake, Knox City can assume this same service for our town and area residents. We really have no choice!

We're hanging by a thread, people, and if we ever felt a civic obligation in our lives, it should be now. SO -- stand up and be counted by at least letting our city officials know how YOU feel about this important matter. Also, please understand, just because you call or write and express your opinion, you are not obligated to be an ambulance volunteer. It's just that city officials are wanting to know how the community feels. Get on that phone now, o.k.?

By the way, for the time being, the ambulance number is still 658-3376.

## Who Should Be Ashamed?

Editor's note: The following article is reprinted from the Chevron Public Affairs Digest, August 1976.)

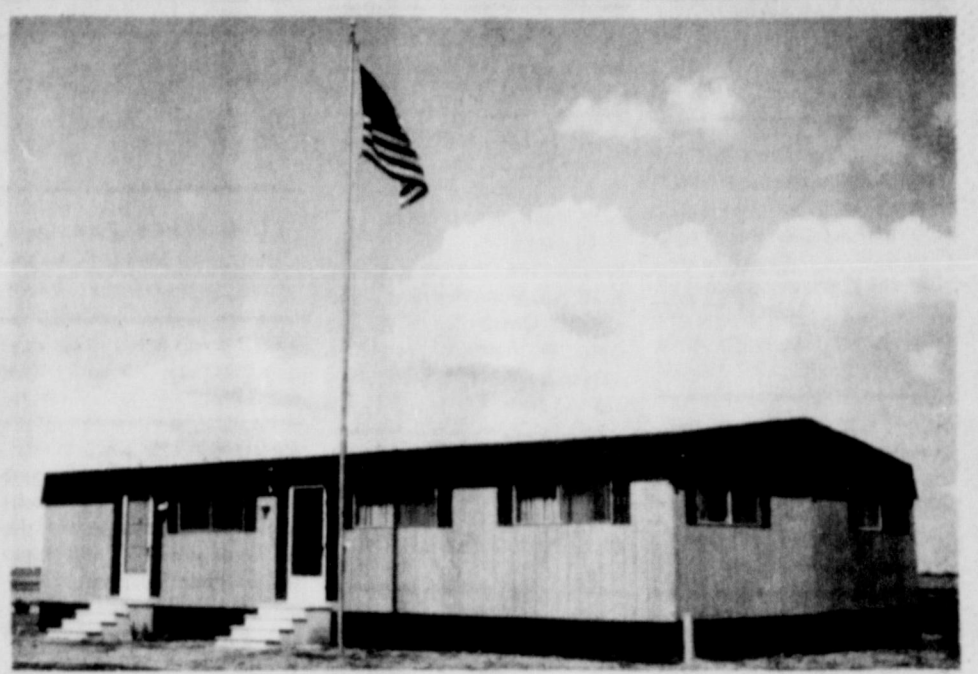

"There have been so many charges of excessive profits by oil companies that I decided to find out the truth. This is what I learned.

"In 1975, Exxon earned two cents per gallon; Texaco, one cent; Mobil 1.4 cent; Social 1.5 cent; and Phillips one cent.

"In contrast, the federal government took four cents

per gallon, directly off the top, twice as much as the biggest 'ripoff' by the oil companies and four times as much as some. State and local governments took an average of eight cents per gallon off the top.

"Is one to two cents per gallon really a ripoff? If these profits are really obscene, governments should really be ashamed of their share." From a letter to Sen. Birch Bayh (D. Ind.) from Leo Gill, Chevron employee.

ONE OF THE NEW FACILITIES obtained by the Knox City Plant Materials Center during the past two years is this new 1400 square foot modular office building. Specially designed to meet the needs of the Center, the 28 x 50 foot building contains office space for the Center staff, a conference room, laboratory, herbarium, and library space. (Photo courtesy of SCS PMC)

At Plant Center Sept. 23

## Field Day Set Here

Plans have been completed at the SCS Plant Materials Center northwest of Knox City for its bi-annual field day scheduled Thursday, September 23.

David Lorenz, local PMC manager, is extending a special invitation to everyone to attend the field day and emphasized the fact that this event is held every two years in order that the public can be made aware of what is actually going on at the center.

Registration will get underway at 8:30 a.m. with several students from the Knox City Future Homemakers of America assisting Mrs. Doris Crowover, Chamber secretary-manager, with these duties. Also, arrangements should be made at the registration desk for those who would like to order box lunches.

Knox City Future Farmers of America chapter members will be on hand to sell coffee and soft drinks and assist in parking cars.

Guided tours will be conducted through the 92-acre tract from 8:30 a.m. until 11:00 a.m. and again from 1:00 until 3:00 p.m. Tour wagons will be leaving in front of the registration booth approximately every 10 minutes and tours will take one hour and 15 minutes.

The program will be held from 11:00 a.m. until 12:00 noon in the west equipment building here, and guests will be sheltered from the weather, regardless of what it might be that day.

Among the Soil Conservation Service officials who will be present for the field day are George Marks, State Conservationist, Texas; former Knox City resident Roland Willis, State Conservationist, Oklahoma; former resident Arnold Davis, Plant Materials Specialist, South Region; Clifford Williams, State Resource Conservationist, Texas; Fred Fortney, State Resource Conservationist, Oklahoma; D.N. Palmer, Plant Materials Specialist, Texas; Bob Lippert, Plant Materials Specialist, Kansas; and local officials, Lorenz; Ted Bolzle, assistant PMC manager; and Lynn Pace, Texas Parks and Wildlife Department.

Guest speaker will be Leonard Solomon, executive director of the Oklahoma Conservation Commission, who will be introduced by Edward Thomas, assistant administrator of the SCS, Washington, D.C.

The Knox City Plant Materials Center was established in January 1965. The original long-term lease from T.R. Campbell was for 60 acres of irrigated land. Ten additional acres were added in 1970 for the propagation of plants for

shore-line erosion control. Due to increasing production needs, another 22-acre irrigated tract was obtained from Carl Chafin and is located approximately one-half mile east of the PMC headquarters.

The center was officially named the James E. "Bud" Smith Plant Materials Center on September 7, 1967, by Donald A. Williams, who was then administrator of the Soil Conservation Service. In ceremonies at the center, Williams cited Smith's dedicated service in plant materials work and pointed out that he was a true pioneer in this field.

The center, which serves both Texas and Oklahoma, is one of 22 in the nation and the only one in Texas. During the summer months, a maximum of 15 persons are employed by the Knox City PMC and Lorenz said that next summer, this number would probably increase. As the work at the center is seasonal, minimum number of employees is nine, Lorenz explained.

After its organization in 1934-35 until 1953, the SCS, through its nursery division, ran a number of SCS nurseries at various locations and one of its big tasks was to provide in great quantities grass seed critically needed to restore range and cropland damaged by the drought and wind erosion of the 1930s.

Today's Plant Materials Centers are similar to the old SCS nurseries in general plan of operation, but they are different in goals and end product. Assemblies of native and introduced grasses for observational study here are essentially the same as at former nurseries; however, assemblies are now planted, and selections made, to fill specific field needs.

After superior performance has been proven in the field, the final step is to distribute seed to soil and water conservation district seed growers for commercial production. These seedmen then produce and sell the planting materials to the public.

Approximately 1,200 different grasses, forbs, legumes, and woody plants are being grown at the Knox City PMC, Lorenz said. The seeds from some of these plants are shipped all over the world - Asia, Africa, Brazil - and plants from different parts of the world are also growing at the local center.

One illustration of the PMC's working relationship with other state and federal agencies was initiated March 31, 1973, with a cooperative agreement between the Soil Conservation Service and the Texas Parks and Wildlife Department. Through this agreement, a biologist with

**SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS - GENERAL ELECTION NOV. 2, 1976**

**NUMBER ONE ON THE BALLOT (S.J.R. 49)**

Repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution, S.J.R. 49 amends Section 49-c of Article III of the Texas Constitution to provide for and authorize an additional \$400 million in Texas water development bonds that may be issued on approval of two-thirds of the members of each house of the Legislature for such water development purposes as the Legislature may prescribe.

The amendment contains a specific prohibition against the use of state funds for the development of water resources from the Mississippi River and also requires that before any single water development project may be undertaken requiring the expenditure of more than \$35 million in bond proceeds, it must be approved by resolution of the Legislature.

The amendment removes the constitutional requirement that certain revenues must be used to retire water development and water quality enhancement bonds and removes the constitutional interest rate limit on such bonds.

The wording of the proposed amendment as it will appear on the ballot is as follows:

**LEGAL NOTICE**

THAT IN ACCORDANCE WITH SECTION 30.05 OF THE PENAL CODE OF TEXAS CRIMINAL TRESPASS (SENATE BILL 111 PASSED BY THE 62ND LEGISLATURE), NOTICE IS HEREBY GIVEN THAT ALL LANDS OF THE W. T. WAGONER ESTATE ARE POSTED - SAVE AND EXCEPT WHERE WRITTEN PERMISSION IS GIVEN TO COME UPON THE SAME.

"The constitutional amendment authorizing an increase of \$400 million in the amount of Texas Water Development Bonds that may be issued on approval of two-thirds of the legislature; amending and consolidating provisions of Sections 49-c, 49-d and 49-d-1 of Article III of the Texas Constitution; and repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution."

**NUMBER TWO ON THE BALLOT (H.J.R. 99)**

H.J.R. 99 proposes an amendment to the Texas Constitution to increase from \$100 million to \$200 million the aggregate principle amount of Texas water development bonds which may be issued and outstanding by the Texas Water Development Board to provide grants and loans for water quality enhancement purposes as established by the Legislature.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"A constitutional amendment to increase from \$100 million to \$200 million the amount of Texas Water Development Bonds that may be issued for water quality enhancement purposes."

**AVISO PUBLICO**

RESUMEN DE LAS ENMIENDAS PROPUESTAS A LA CONSTITUCION

**ELECCION GENERAL DEL 2 DE NOVIEMBRE DE 1976**

**NUMERO UNO EN LA BOLETA (S.J.R. 49)**

Revocando Secciones 49-d and 49-d-1 del Artículo III de la Constitución de Tejas, S.J.R. 49 enmienda Sección 49-c del Artículo III de la Constitución de Tejas para disponer y autorizar \$400 millones adicionales de bonos para el desarrollo de agua en Tejas que se puede emitir a la aprobación de dos terceras partes de los miembros de cada cámara de la Legislatura para tales fines de desarrollo del agua que la Legislatura pueda prescribir.

La enmienda contiene prohibición específica contra el uso de fondos del estado para el desarrollo de recursos acuáticos del Rio Mississippi y tambien requiere que antes de que pueda encargarse de cualquier proyecto particular para el desarrollo de agua que requiere un gasto de mas de \$35 millones de producto de los bonos, debe de ser aprobado por resolución de la Legislatura.

La enmienda renueva el requerimiento constitucional que ciertas rentas deben de ser usadas para retirar bonos para el desarrollo de agua y el encaucamiento de la calidad de agua y renueva el limite constitucional de la tasa de interes en tales bonos.

La fraseologia de la enmienda propuesta tal como aparecerá en la

boleta es lo siguiente: "La enmienda constitucional autorizando un incremento de \$400 millones de la cantidad de Bonos del Desarrollo de Agua en Tejas que podrán emitirse al ser aprobada por dos terceras partes de la legislatura; enmendando y consolidando disposiciones de Secciones 49-c, 49-d, y 49-d-1 del Artículo III de la Constitución de Tejas; y revocando Secciones 49-d y 49-d-1 del Artículo III de la Constitución de Tejas."

**NUMERO DOS EN LA BOLETA (H.J.R. 99)**

H.J.R. 99 propone una enmienda a la Constitución de Tejas para aumentar de \$100 millones hasta \$200 millones la cantidad principal agregada de bonos para el desarrollo de agua en Tejas que se puede emitir y que están en circulación por el Texas Water Development Board para proveer donaciones y préstamos para la mejoría de la calidad de agua como establecido por la Legislatura. La fraseologia de la enmienda propuesta como aparecerá en la boleta es lo siguiente: "Una enmienda constitucional para incrementar desde \$100 millones hasta \$200 millones la cantidad de Bonos de Desarrollo de Agua en Tejas que podrán ser emitidos con el propósito de mejorar la calidad del agua."

**SENIOR CLASS NEWS**

by Patti Lain and Pam Stockton  
Seniors are active in many various activities in school this year. Each week we will try to name each senior that is in each organization. Senior members of the football team are Kelly Robinson, Tim Whitten, Troy Lewis, Billy Bob Reynolds, Max Rocha, John Alsidis, Jerry McCown, and Craig Brothers.

There are many seniors involved in Band, Pep Club, and Drill Team. Senior cheerleaders this year are head cheerleader Adrian Jones, Sheryll Guinn, and Laura Hunt. The head majorette for the KCHS Band is senior Tamie Grindstaff.

Senior girls that are involved in the Scarlet Belles Drill Team are Pam Stockton and Laura Hunt. This week the Seniors had their pictures taken in caps and gowns. Also, class officer and favorites pictures were taken at The Bush-Burnett Ranch. Once again the seniors would like to thank everyone who helped with our magazine sales.

**JUNIOR CLASS NEWS**

by Peggy Gutierrez  
Last week the Hounds played the Rule Bobcats which they beat 7-6. All our boys played a very good game. We are very proud of you. Keep up the good work.

This week we will play the Archer City Wildcats. So come on, Hounds, we're behind you all the way!

Also, last week everyone had to learn the school song. Mrs. Watson found out that not everyone knew it. We also had a test over it; I hope everyone passed it.

Tuesday we took a lot of our school activity pictures. I hope everyone was prepared. **WHAT'S THE GOOD WORD? BEAT ARCHER CITY!!!**

**SOPHOMORE NEWS**

by Doug Ray  
Last week we had a class meeting and elected class officers and class favorites. We elected Troy Walker president, Rhonda Skiles vice-president, Sonia Carter treasurer, Jan Lowrey secretary, and Doug Ray reporter.

The Houndettes are practicing basketball. The Hounds won their first game Friday night at Rule. We play Archer City tomorrow night, here. Come and back us.

**PEP CLUB NEWS**

by Sonia Carter  
The Pep Club wants the football team to know how proud we were of them Friday night as they defeated the Rule Bobcats. It was a very exciting and close game. Deep down we knew our Greyhounds would pull out ahead. We were very right.

Also, congratulations to the band, pep club and drill team for their performance. If you haven't been coming to the games, we ask that you come and see us all show our spirit for our Greyhounds.

Good luck Greyhounds on your next game.

**BETA CLUB NEWS**

by Kelly Robinson  
On Tuesday we had pictures made of the different organizations in school along

with the class officers and favorites. Included in these pictures was the Beta Club of Knox City High School.

The Beta Club is an organization made up of students who maintain an average of 85 or above. This is an organization which does not make money for itself, but to donate to a charity of some type. Last year we donated all our profits to the Abilene Orphanage. The club consists of Juniors and Seniors and has a meeting once each month.

This year serving as officers will be president Tamie Grindstaff, vice-president Mark Clonts, secretary-treasurer Brett Boone, and reporter Kelly Robinson. Sponsor for this year is Coach Tommy Sloan.

In future sales and projects we will look forward to working and raising money for different charities and ask that the townspeople help as they always do.

**FFA GREENHAND NEWS**

by Junior Figueroa  
All last week we studied and practiced parliamentary procedure. Mr. Dillon and Mr. Burkham are in the process of selecting a leadership team which will go to meets later in the year.

The Greenhands have started working at the FFA farm this week. I'll have the results of that in next week's paper, along with the results of an FFA meeting which was held Monday night.

**SCHOOL LUNCHROOM MENUS**

**BREAKFAST MENUS:**

September 20-24, 1976

**Monday:** Chilled Prunes, Cinnamon Toast, Milk  
**Tuesday:** Grape Juice, Peanut Butter Whip, Buttered Toast, Milk

**Wednesday:** Bananas, Frosted Flakes, Milk

**Thursday:** Orange Juice, Scrambled Eggs, Buttered Toast, Milk

**Friday:** Applesauce, Doughnuts, Milk

**LUNCH MENUS:**

September 20-24, 1976

**Monday:** Oven Fried Fish, Blackeyed Peas, Crie Slaw, Buttered Thick Sliced Toast, Peach Cobbler, Milk

**Tuesday:** Hamburger or Cheeseburger, Baked Beans, Vegetable Slices, Butter, Ice Box Cookies, Milk

**VISIT HERE**

Mr. and Mrs. Floyd Baker of Lubbock visited here over the weekend with Mr. and Mrs. Doug Meizer and Tyke and Mrs. Lewis Floyd.

The group also went to Abilene to visit Mrs. Judy Skiles and children.

**KNOX CITY HIGH SCHOOL JUNIOR VARSITY** members include first row from left, Terry Curd, Neal Tackitt, Oscar Gutierrez, James Jackson, Mark McGaughey, and Craig Covey. Second row from left Charlie Carrasco, Roy Faulk, Joe Gutierrez, Dwayne Johnson, David Counts, and Jonathan Godsey. Back row, left to right, David Benson, Bobby Arnold, David Walling, Domingo Garcia, Terry Watson, and Greg Whitten. Coaches are Jerry Lowrey and Tommy Sloan.

**KCHS FRESHMAN TEAM** members are coached by Charles Reed and include first row from left, Brett Tackitt, Rodrico Carrasco, Sammy White, Steve Rumley, and Russell Hacker; second row from left, Jimmy Redwine, Scott Lynn, Joseph Godsey, William Wilwant, and Kenny Cornwell; third row from left, Roger Jackson, Danny Rios, Greg Oliver, Danny Johnson, and Jimmy Flye; fourth row, left to right, Junior Figueroa, Sid Richardson, Shelton Rhodes, Robert Espinosa, Cyle Clayton, and Kyle White.

**IN HODGES HOME**

Weekend guests in the home of Mr. and Mrs. George Hodges were her mother, Mrs. E.M. Apple, her brother and his wife, Mr. and Mrs. Waylen Apple, all of Stephenville, and a cousin and his wife, Mr. and Mrs. Henry Apple of Dalton, Georgia.

Mrs. Hodges reported that she met her cousin, Henry, for the first time when he was stationed with the U.S. Army in Abilene during World War II and that she had not seen nor heard from him since until about two weeks before he made the return trip to Texas.

**IN SEAGRAVES**

Mrs. Sammie Carpenter, Mrs. Alma Culwell and Mrs. Vivian Ferguson spent the weekend in Seagraves visiting their cousins, Miss Allyse Jones and M.W. Jones.

**IN ODESSA**

Mr. and Mrs. Jack Stubbs and Shea visited in Odessa over the weekend with their daughter, Sandy, who is attending Odessa Junior College.

Call in Your News 658-3142

**Local's Kin Chosen Symphony Coordinator**

Ann Koonsman, granddaughter of Mrs. Lela Milford of Knox City, has recently been chosen as the Fort Worth Symphony's new Cultural Resource Coordinator.

Mrs. Koonsman has two responsibilities, running a new docent program for the Symphony Association, and coordinating local appearances by the orchestra, ensembles from the orchestra, and visiting soloists, within the community, a major new

development program of the orchestra.

Financed by a two-year grant from the Junior League, Mrs. Koonsman refers to herself as "a remnant from Project Muse."

As assistant musical director of that project under former symphony conductor Ezra Rachlin and Ron Martin, she tried to accomplish the same promotional work then that she is doing now.

Mrs. Koonsman is a violinist in the second violin section of the Symphony, and has played with the orchestra a number of years. "I've had split service," she mentioned, mainly because her husband, Ronald, an instructor for Bell Telephone is transferred regularly. In the last few years they have lived in Fort Worth, Corpus Christi, San Antonio, and Lubbock.

**FROM AMARILLO**

Bryant Cornett of Amarillo spent last week in the home of his grandparents, Mr. and Mrs. Clifford Cornett.

Bryant's parents, Mr. and Mrs. Bill Cornett, came to Knox City Friday to return him home.

**Day or Night Family Special**

**Sunday - Country Basket \$1.30**  
**Monday - Bar-B-Q and Fries .90**  
**Tuesday - 3 Tacos .80**  
**Wednesday - D.Q. Dude .80**  
**Thursday - Hamburger .70**  
**Friday - Fish Basket .90**  
**Saturday - Chicken Basket 1.30**

So Bring Your Family Out For A Special Meal

Mr. and Mrs. Jimmy Earhart, Managers

Phone 658-3554

**This ad is for people who didn't read the last ad about holding down their gas bills and wish they had.**  
(Please, read it this time.)

We all have to face facts: the days of cheap energy are over. Gas bills have been going up. That's why we've been telling our customers how to hold their bills to a minimum.

A lot of people are already using gas more wisely. If you are one of them, read on just in case you've missed a tip or two.

If you are not one of them, this is the time to start. Here's how:

**Get out of hot water.** Hot water is one of the biggest and most expensive energy users in the home. A shorter, not-quite-so-hot shower helps save money. A dripping hot-water faucet is a bandit.

The same is true in the kitchen and laundry room. Wash only full loads in the dishwasher. Wash and dry only full loads of clothes. Don't overdry. It makes clothes harsh and stiff and wastes fuel.

**Speaking of the kitchen,** you can save gas by planning oven meals around dishes that can be cooked at the same temperature. When using top burners, tailor the flame to fit the pan.

**Get your house in order.** Make sure you have six inches of insulation in the attic. And check regularly to make sure it hasn't settled. Make sure your exterior walls are insulated. Check the weather stripping around doors and windows, and make sure they stay closed when the heating or air conditioning is on.

No single one of these tips will save you an immense amount of money, but each one helps a little. Add all those little savings up, and it could make a big difference.

**Lone Star Gas Company**

**Rx**

**WHAT IS CHOLESTEROL AND WHAT DOES IT DO?**

You cannot see it, taste it or feel it but it can effect your heart. This fat like substance builds up in the body and then the excess enters the blood stream. Deposits can build up on the heart's blood vessels and eventually the walls may thicken. Less blood and oxygen can be delivered to the heart muscle and the heart has to work harder. Even worse, a heart attack can occur if the blockage is severe enough.

If you physician determines that your blood cholesterol level is too high, he will probably put you on a cholesterol-reduction program. you should follow his advise exactly.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

**NOBODY BACKS YOU BETTER**

# Lone Star Announces Proposed Settlement

DALLAS, -- Louis B. Hulcy, president of Lone Star Gas Company, announced today the Lone Star Gas Company, along with a group of major customers of Lo-Vaca Gathering Company, an affiliate of Coastal States Gas Corporation, reached a final settlement proposal and offered it to Coastal States in a final attempt to resolve customer litigation and claims against Coastal States, and its affiliates, aggregating more than \$2 billion.

Under the terms of the settlement proposal, Coastal States Gas Corporation would make a substantial contribution toward the resolution of the short-fall in gas availability which has plagued Lone Star and customers in Central Texas for several years. Coastal States would (1) organize and spin off to its shareholders a new company which would own and operate all gas pipeline facilities now owned by Lo-Vaca; (2) commit up to \$230 million over a maximum 18-year period to a gas search program in Lo-Vaca's current supply area,

with all gas developed to be sold to the new company at prices not in excess of 85% of intrastate gas market prices, with an obligation to dedicate a minimum of 300 million mcf of gas to the new company at such prices or incur certain refund obligations; (3) transfer all of its Texas lignite properties to a subsidiary of the new company, with an option to purchase such by certain electric utilities currently depending on Lo-Vaca for gas supply; (4) guarantee preferred stock of the new company issued to a settlement trustee for the benefit of its customers at a value of \$115 million; and (5) issue to the settlement trustee shares of common stock of Coastal States Gas Corporation with an aggregate pre-settlement book value of \$69 million, or a combination of cash and stock involving a minimum of 1 million shares, with the cash paid through a short-term installment note not to exceed a five-year period. If the settlement is acceptable to Coastal States, it must then be approved by a large per-

centage of Coastal/Lo-Vaca customers, court approval and approval by the Texas Railroad Commission. Hulcy stated that these general provisions of settlement represent the final effort on the part of Lone Star and other major Coastal/Lo-Vaca customers to settle with Coastal States. He stated that the proposal would benefit Lone Star's customers since it is designed to improve and perpetuate gas availability currently supplied by Lo-Vaca and will represent a reasonable reimbursement to the shareholders of ENSERCH CORPORATION who have suffered as a result of past poor earnings directly attributable to Coastal and Lo-Vaca's failure to live up to its gas supply contract with Lone Star. The President of Lone Star further said that this settlement represents a proposal which is believed to be reasonable and performable by Coastal and Lo-Vaca. He said "that it is generally recognized that refusal by Coastal and Lo-Vaca of this proposal

could result in actions that would cause bankruptcy of Lo-Vaca." He further stated that Lone Star currently has excess gas deliverability largely as a result of an active replacement program conducted because of past Lo-Vaca deficiencies. However, it is possible that bankruptcy of Lo-Vaca could reduce deliverability to Lone Star customers in the short-term, but in the long-term Lone Star's customers are not expected to be materially affected. He said, "Lone Star has worked with other major customers of Lo-Vaca in developing this settlement package because of its belief that the best interests of all concerned could be served by averting the bankruptcy of Lo-Vaca. We believe this to be a reasonable proposal. The next move is up to Coastal."

**FROM OHIO**  
Mrs. Robert McMurray of London, Ohio, is visiting here with her parents, Mr. and Mrs. C.C. Hoge.

## Coaches' Comments

**COACHES' COMMENTS**  
The game was a hard fought battle. Although we were able to control the game, the control when we were still not good technique. Some of our better players were underclassmen. We started to improve when we started to play 11-man defense. We were better than we were in the past. We are still not good technique. Some of our better players were underclassmen. We started to improve when we started to play 11-man defense. We were better than we were in the past.

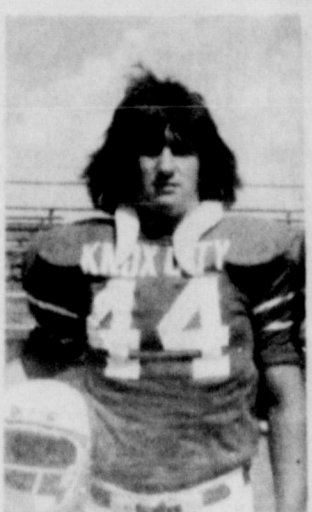

This week we have a busy schedule for football games. The seventh grade plays Monday here at 5:00 p.m. followed by the eighth grade at 6:00 p.m. and the junior varsity at 7:30 p.m. The freshman team travels to Rotan to play there at 6:00 p.m. All of these games take place Thursday.

**IN ROTAN**  
Mr. and Mrs. H.E. Wall sent several days last week in Rotan with their grandchildren while their son, Robert L., was with his wife, Judy, who underwent surgery at Bethania Hospital in Wichita Falls.

# Truscott - Gilliland News

BY TRACY SHAW

Mrs. Ray Glasscock and family Monday. They also visited relatives at Gilliland.

Mrs. Ray Glasscock attended the funeral services for Mrs. Isabel Cawthron at Sullivan Funeral Home in Vernon Monday afternoon.

Mr. and Mrs. Calvin Robinson and family have moved into their new home this week. They recently purchased the Donald Hinkle house.

**HOME COMING NEWS**  
There were approximately four hundred at both the Truscott and Gilliland Homecomings.

Starting off the Truscott Homecoming was Tommy Shaw and his Band, the original Strangers (Merle Haggards' old band). Tommy began his Great performance with a song which he wrote and composed himself, "Between the Wichitas." A song about the Truscott area which is the heart of the Wichita divide. Tommy's band was appearing at the Shawnees.

Supper was held at 7:00 o'clock Saturday night followed by our Jamboree.

Bands playing for a great jamboree and for a great crowd were George, Jackie Brown, Adrian Martinez, and Dub Langford, all of Crowell; Paul Bullion of Truscott, and Jim Cash of Gilliland. Others were Son Propps, his band, Roy C. Danniel, Maureen McDonald, Lawrence New, and Spurgin Nealey and his daughter Ellen. These bands made for a very enjoyable Saturday night.

MUSIC and a catered meal at Gilliland made the Labor Day weekend complete.

Something to think about: "Not forsaking the assembly of ourselves together, as the manner of some is, but exhorting one another; and so much the more as ye see the day approaching." Hebrews 10:25.

## CENTER

From Page One

the Resource Management Section of the Texas Parks and Wildlife Department is headquartered at the center. His duties include assistance in operations at the center, also with on-site assistance to state parks in resource management problems, and in the application of plant materials allocated to the parks by the center.

Grass seed dealers, seed growers, conservation district directors, research workers, wildlife enthusiasts, livestock producers, and others interested in the search for better plants are invited to attend the field day.

Texas and Oklahoma field specialist in agronomy—range, biology, and woodland will participate in the Fall

# Streams In Desert Places

By OZELLE STEPHENS

"And you shall seek me and find me, when you search for me with all your heart". Jeremiah 29:13.

This scripture means whole-heartedness. There are conditions for effective prayer life. God answers our prayers when we are careful to meet His conditions. First there must be living and abiding union with Christ. Jesus said, "If you abide in me, and my Words abide in you, you shall ask what you will and it shall be done unto you. John 15:7.

Second, there must be systematic obedience to the teaching of God's Word and the Spirit. "Beloved, if our hearts condemn us not, then we have confidence toward God. And whatsoever we ask we shall receive of Him, because we keep His commandments and do those things which are pleasing in His sight." 1 John 3: 21-22.

Third, there must be unwavering faith and faithfulness to God. "But let him ask in faith, not wavering; for he that wavers is like the wave of the sea, driven with the wind and tossed. For let not that man think that he shall receive anything of the Lord". James 1: 7-7.

Jesus said, "Men ought always to pray and not to faint". Luke 18:11.

Field Review of the plants at the center and Tuesday, September 21, beginning at 8:30 a.m. and then on Wednesday morning, will finish the review and summarize their findings. Wednesday afternoon they will have a preview of the tour and then have time to get acquainted with their field day assignments, Lorenz said.

Also, an advisory meeting will follow the field day in the conference room at the center.

For those who are not

# News Notes from the Brazos Valley Care Home

by MRS. EDNA EUBANK

Mr. Buchanan's daughter, Opal Smith of Dallas, accompanied by her daughter, Linda Patton and two of her daughters, Elaine and Rebecca, all of Mesquite, visited with him. Dennis Hughes of Jacksonville, Florida remained for a few more days visit. He is a grandson.

Annie Dowding and sister, Trudy, came to see their sister, Mrs. McAuley and old friends at the home.

Mrs. Griffith's daughter, Elizabeth Clark of Roswell, New Mexico, left for the home the latter part of the week. She was accompanied by Sipe and Doyle Griffith.

Louise Finley was Mrs. Williamson's caller.

The congregation of the Baptist Church of Benjamin held services at the home last Sunday. They were led by the preacher, Rev. Woolley.

Mrs. Buckner was pleasantly surprised by her daughter, Mrs. Buie of Stamford and her daughter, Brenda Menton of Eunice, who called on her.

Mrs. Holloman of Amarillo was welcomed by Mr. Box. She's his daughter.

Ruth Hardin has entered the home while she recuperates from a severely

bruised ankle. We welcome you, Ruth.

J.J. Denton and wife of Arlington called on Mrs. Griffith. They were accompanied by their daughter, Vera Ellen of Abilene.

Lucille Collins of Fort Worth and her daughter, Kay of New York, were welcome visitors of Zeola Corley. Lucille is a sister. Another niece of Childress, also called on her.

Mrs. Morrow of Munday paid a call on her mother, Ruth Henderson.

Clyde and Theona Ray, Ralph and Rose Ray and their son, Wayne, came to see Mrs. Ray over the weekend.

Margaret Ann Hill and Cheryl of Munday called on Mr. Waldrip.

Mrs. Griffith and Mrs. Williamson were happy to see Loree Clark and Arnell Denton.

Mrs. Griffith welcomed her son, Frank, and his wife, Hazel, of Olney.

Mrs. Canaday spent the day Friday with her daughter, Audrey, where two other of her daughters were. They were Margie French of Dallas and Odean Walker of Waynesboro. Mrs. Walker's daughter, Meredith Ann and her baby son were also in the group. The baby's name is Darlen.

Mrs. Griffith greeted Lee Roy Denton of Rule.

Mrs. Barker is in the hospital. Get well soon, Opal.

Mrs. Pray of Fort Worth is a new resident at the home. Welcome, Mrs. Pray.

Mrs. Eiland of Munday called on her mother, Jessie Harbin.

Mr. Taylor is hospitalized. Hurry back, Mr. Taylor.
