Newspapermen know their politics better than any other business profession. We have always thought this to be true, and in talking to editors all over the country for 20 years, we haven't met one in all this time who doesn't feel the same as we.

Although we must admit few papers keep this in mind when writing about their candidate or party, we do have a big responsibility to our citizens to tell them what we can and let them make up their own minds.

Although, admittedly, we are Democrats, life-long, all the way, etc., we have never advocated to our readers this is the party. On the other hand WHO is that smart. We find each year, however that we are against more and more of our give-aways, and high taxation that only kills free enterprise and the will to "do better and go places" in the business world.

We forget that before the government can "give" us anything, it must first take it away from someone. Most of us know this but keep thinking they will take it away from our neighbor instead of ourselves!

We had to go to the doctors in Fort Worth Tuesday, one of our busiest days, so if we leave out anything this week we will have it in next week's paper.

Please forgive us one more time if we forget something we should have told.

In Africa the native tribes beat the ground with clubs and utter blood curdling yells. Anthropologists call this Primitive self expression.

In Knox City we call it Golf.

One of the best "editorials" we've come across was over a Dallas radio station Friday. Unfortunately we were driving and couldn't write the announcer's speech but it was asking the Dallas voters to get out the vote Saturday in the school election.

He asked the people to cast their ballots for the candidate whom they considered would best serve the people, and not vote for the most popular, etc., candidate.

Occasionally, for some unknown or unexplained reason, we've witnessed the voters doing exactly that.

We haven't missed prophesying an election or court case in Knox County in five years... that was until Saturday, when we missed our number two man on the ballot.

One of the talented members of the Munday band—Big Daddy and The Rat Finks—came to see us last week for the article we ran on them in last week's paper.

Sorry, I missed seeing you, fellow.

Although statistics prove us folks are going to ruin, we can't help but be amazed at how good our youngsters are for this day and age.

Really, now, Mom and Pop, if you had had a new car, unlimited expense accounts and nothing to do but have a good time, how long would you have had one?

In our own particular case, and trying to be absolutely honest, we think we may have reached the exalted age of 16 before we made it to Huntsville.

For every kid who gets into some sort of trouble here, we can usually name five parents a lot worse and more of a problem than our kids.

Come on, Statisticians let's look at the older generation for a welcomed change.

We couldn't help but notice the kids thanking the city for fixing up the tennis courts last week. It is obvious that we need to have more things of interest for the young folks to do besides just riding up and down the roads day and night.

What can we do to help you youngsters? What would you like to have here?

All of us think you are the most important product we raise, so help us to cultivate you in a better and more enjoyable manner than we are today.

VISIT PARENTS

Paul Green of Slaton spent the week end here with his parents, Mr. and Mrs. O. A. Green. Also visiting with them on Sunday were Mr. and Mrs. Otice Green of Lubbock.

Cotton Growers To Meet In Munday On April 11 To Discuss Planting Date

According to Mr. Joe T. Boone, local Farmers Home Administration County Supervisor, a Cotton Growers' Meet will be held in Munday, on Monday, April 11, at 8 p.m. in the school gymnasium and all cotton growers from this area are invited to attend.

This meet is being sponsored by the First National Bank of Munday, the Rolling Plains Production Credit Assn. of Munday and the Citizens State Bank of Knox City.

The meeting is for the purpose of discussing a uniform cotton planting date. Speaker will be Mr. Charles Stenholm, executive vice president of the Rolling Plains Cotton Growers Assn.

Other counties in this area who have adopted a uniform planting date of May 23 are Haskell, Jones, Wilbarger, Foard, Hardeman, Collingsworth, Donley, Hall, Tom Green, Runnels and Taylor.

In Knox County the communities of Knox City, Rhineland, Gilliland, Truscott, Vera, and Garee

have adopted this uniform cotton planting date.

"Some of the advantages of a uniform planting date are easier, more uniform insect control, less expense to the grower from planting date to maturity, and according to 30 years of weather data, more moisture should be available at the time when the cotton plant's moisture needs are the greatest," Mr. Boone said.

This May 23rd uniform planting date promises to be one of the greatest aids to boll weevil control found thus far.

Sen. J. Hightower Makes Formal Announcement

State Senator Jack Hightower of Vernon today formally announced his candidacy in the Democratic Primary for re-election to a second term in the Texas Senate. He seeks election in the new 30th Senatorial District which includes Knox County.

Senator Hightower, 39, was the choice of a wide margin of voters in 1964 to succeed the well-known Sen. George "Cotton" Moffett of Chillicothe, longtime agricultural leader.

During his first term in the Senate, Sen. Hightower became well-known as an effective and dedicated legislator. He has achieved the enviable record of appointment as chairman of an important committee and a member of 12 of the Senate's committees, some of the most important of which are: Water and Conservation; Finance; State Affairs; Counties and Towns; and Agriculture and Livestock. He has been named by the Lieutenant Governor to two interim committees to make studies of the Texas Election Laws and the needs of the Nursing Profession in Texas. The findings and recommendations of these committees will be made to the next legislature.

Senator Hightower's distinguished service earned his appointment by Gov. Connally as a delegate to the Southern Regional Education Board Conference on Higher Education. His effectiveness has been fully demonstrated in his support of important legislative measures concerning water and soil conservation, education, law enforcement, water and air pollution, health, etc.

Senator Hightower has an impressive record of public service. He served two years in the Texas House of Representatives and seven years of District Attorney. STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN — Federal authorities think Texans should get two more chances to register for voting in this year's elections.

Department of Justice motion before a three-judge U. S. court requests supplemental registration periods of April 8-19 for primaries; and August 22-October 8 for the November general election.

Justice Department attorneys consider the March 3-17 registration period "inadequate."

Although federal attorneys commended Texas officials for "diligence and good faith" in meeting their responsibilities under the initial free registration, they made these complaints:

Forty-four per cent of Texas counties opened no substations for registration outside courthouses; 67 per cent of county registration offices did not remain open at night and 47 per cent of counties added no deputy registrars.

Most of the 635,600 voters who registered last month, the Justice Department calculated, signed up during the second week of the March 3-17 period. Many more would have signed up in another week, the motion contended.

Although there are now 2,975,000 Texans registered (or 56 per cent of total potentially eligible adults), about 2,000,000 more remain unregistered, the Justice Department said.

"Frivolous harassment" or an attempt by the federal agency to destroy all state authority over voting procedures, said Gov. John Connally.

"A deliberate shocking attempt to abuse Texas," charged Atty.

Gen. Waggoner Carr. He plans to challenge the right of the Justice Department to delve into such details of election operation as registration dates.

ROAD BEAUTY BILL HIT — Outdoor advertisers, motel owners, tourist attraction operators and salvage dealers at a public hearing here vigorously attacked standards for implementing new federal legislation aimed at beautifying highways by policing billboards and junkyards.

In two days of testifying before Paul E. Warren, U. S. Bureau of Public Roads Examiner, 61 witnesses hammered at the detailed standards, although many said they supported the original intent of the bill.

Most said the regulations proposed by the U. S. Department of Commerce would destroy or seriously damage their businesses.

In addition to witnesses' testimony, the examiner received 84 written statements.

Final regulations will not be adopted until hearings have been concluded in all 50 states and Puerto Rico.

COURTS SPEAK — State Supreme court will review on May 4 a suit to force reapportionment of Midland county commissioner's precincts to require substantially equal population in each. A district court ordered the reapportionment, but El Paso Court of Civil Appeals reversed the decision.

Supreme Court refused for second time to hear an appeal from a judgement against the S. W. Richardson estate for failure to pay state, county and school property taxes on 32,750-acre St. Joseph Island in 1960 and 1961.

Austin District Court temporarily enjoined operations of Marketmakers, Inc. of Beverly Hills, Calif., three Texas-organized corporations and eight individuals. Attorney General Carr has described the operations as a "pyramid club scheme" (similar to old chain-letter clubs) which has defrauded hundreds.

TEXAS GROWS — Texas is 13,131 miles bigger than anyone thought. New acreage was discovered after the first detailed study of Texas' area in 20 years was completed by Land Commissioner Jerry Sadler. Report shows the state contains 177,052,700 acres, or 276,600 square miles.

FROM ROCHESTER — Rev. and Mrs. Gene Louder of Rochester were recent visitors in the home of Mrs. Earle Benedict.

ATTEND CONFERENCE — Mrs. Kenneth Lankford, Mrs. Frances King, Mrs. O'Neal Weaver, Mrs. Arnold Davis, and Miss Martha Neumann, all teachers in the Knox City schools, were in Wichita Falls last Saturday to attend a Reading Conference.

Completed by Land Commissioner Jerry Sadler. Report shows the state contains 177,052,700 acres, or 276,600 square miles.

However, Alaska's 571,065-square mile area still makes Texas live in the second largest state in the Union.

BRUCCELLOSIS — Texas Animal Health Commission reports 11 more counties are testing for initial certification as control counties in the drive to eradicate brucellosis among Texas cattle.

Atasosa, Brooks, Coryell, Falls, Hamilton, Hood, Jack, Limestone, McLennan, Milam and Roberts are the latest to test. No counties qualified in February, but four — Comanche, Moore, Sherman and Deaf Smith — did qualify for recertification.

U. S. Department of Agriculture and the Texas Commission list 55,676 cattle backtagged in markets during the month. There were 12,997 tagged cattle originating in Texas at slaughter and 16,326 cattle tested at markets for return to county with 258 brucellosis reactors discovered.

BUSINESS ACTIVITY UP — Texas business activity index resumed an upward trend in February after three months of "approximate stability," UT's Bureau of Business Research reports.

Hand-in-hand with business gains, non-farm employment soared to new heights with South and West Texas out in front. Overall, the state showed the smallest jobless percentage for February in 14 years — 3.6 per cent.

Construction industry scored a big 16 per cent increase in February over January. Total construction for the first two months of 1966 was 24 per cent above the same period in 1965, a record year.

Major cities showing sharper growth rates were Dallas, Beaumont, San Angelo and Amarillo.

OIL INDUSTRY PERIOD EXTENDED — Onshore oil discovery allowable period has been extended from 18 to 24 months by order of State Railroad Commission. Commission will hear proposals to increase the number of onshore wells which are given discovery allowable status.

IN FORT WORTH

Mrs. A. P. Denton was in Fort Worth a few days last week to visit with her sister, Mrs. Gertrude Dowdle and Mr. and Mrs. Roy E. Dowdle. While there, they went with a church adult group from Travis Avenue Baptist Church on chartered buses to Dallas. The group was guided through the grounds on The Buckners Orphan Home, The Care Home, and the Dallas Baptist College.

AT LAKE KEMP

Mrs. Rufus White is spending this week at Lake Kemp with Mrs. Jean Reeder and several other ladies from Crowell.

A commission spokesman said the agency is trying to encourage exploratory drilling to increase oil and gas reserves.

In Washington, Attorney General Carr told Federal Power Commission that a proposal to import Canadian natural gas to U. S. would create unfair competition with Texas gas, particularly in the state's Permian Basin area.

STUDENT AID RECEIVED — Federal grants totaling 2,476,728 to assist 9,244 Texas college students at 70 institutions have been approved by U. S. Office of Education. Grants are part of the work-study program under which Federal funds provide 90 per cent of payrolls for student jobs, with local colleges and agencies providing 10 per cent.

SHORT SNORTS — Governor Connally has appointed these five members-at-large to a state Election Day Study Committee to serve with five representatives previously appointed: Secretary of State John Hill, State Democratic Executive Committee Chairman Will D. Davis, Republican State Chairman Peter O'Dinnell, Walter Sterling of Houston and Webb County Democratic Chairman Mike Volpe of Laredo.

Securities Commissioner William M. King, in issuing an order prohibiting sale of \$2,500,000 in securities of Golden Circle Gospel Foundation Inc., Austin, said proceeds would have gone not to religious purposes but to oil speculation.

New "Texas Calendar of Events" is available from State Highway Department.

THE FAMILY LAWYER

TARDY TAX RETURNS — Early one April, leaving home on an extended business trip, a man handed his wife their income tax returns.

"Remember to mail these before the 15th," he said.

She did remember—two months later. When the government added a penalty for tardiness, the man protested that it had been "just an innocent mistake." But in a court test, the penalty was upheld. The court said tax returns are too important a duty to be so lightly overlooked.

There is good reason for the annual scramble by taxpayers to get their returns in before the deadline. The penalty can be stiff—5 per cent per month, up to 25 percent of the total tax.

To be sure, some excuses are good enough to ward off a penalty. You will be forgiven if your tardiness was due to what the law calls "reasonable cause."

In one case, the tax collector had no record of having received a man's return at all. Yet, evidence proved that it had been deposited in the post office on time, in a properly stamped, properly addressed envelope. A court held that no penalty for tardiness could be imposed.

"This would not be the first time," observed the judge, "that a collector had lost a return."

In another case, both the taxpayer and his attorney—the only other party familiar with the situation—were totally incapacitated by illness at a tax time. Again: no penalty.

But lesser excuses won't do. For example, prior illness, not incapacitating as of tax time, does not justify a late return.

Nor does the mere fact that you don't happen to like the way the government is spending your money. Thus, penalties for tardiness were imposed on a businessman who resented Uncle Sam's "wasteful" habits, and on a minister who didn't want his money spent for war.

Why is the government so strict? That question was raised

by a man who blamed his tardiness on the fact that other expenses had left him short of money. The court gave him this reply:

"True, such situations may require sacrifice, but the government exists only by the sacrifice of its citizens. Taxes may seem oppressive, but taxes must be paid if governments are to endure."

The KENNEL

Senior Class

By BECKY HOWELL

The Senior Class recently participated in FHA Week activities. We celebrated Teachers Appreciation Day on Monday by placing red roses in all of the classrooms. The red rose is the official FHA flower. On Tuesday we had the Color Day. Everyone wore red and white, the FHA colors. On Wednesday we had Dress-Up Day. My, how nice everyone looked! On Thursday we had Roarin' 20's Day. Some of us got to wear our parents' old rags, even! The entire week was quite a success.

We are certainly proud of Sharman Watkins, Vickie Lowry and Gary Campbell who were in "Good-bye to the Clown" at Crowell last week. They will get the privilege of traveling to Denton later this month in regional one act play competition. Sharman also won second-best actress. Congratulations, you all!

The Seniors were really shook up last week when we didn't have to attend school all day when the Interscholastic League events took place in Knox City. Gail Fletcher and Sharman Watkins participated in the shorthand competition. Gail placed third. Patrick Shannon and Becky Howell participated in the ready writing competition. Patrick won second place; he also placed second in the state competition last year. Congratulations, Gail and Patrick!

We are very proud of the Senior

boys who have been chalking up an excellent track record this year. Last Saturday Phil Williams, Larry White and Dean Large placed first in the district track meet at Holliday. Last Saturday Phil had a first in the shot put, Larry in the discus and Dean in the mile. We wish them the very best of luck and hope that they win STATE!

The Seniors are looking forward to several events in the near future. We are glad that the next two school weeks will be four day weeks due to the Easter holidays. Also, our Senior trip is now less than a month away. We will be New Orleans bound on May 4.

That winds 'er up fer now! Got ta bug-

Junior Class

By MIKE GLENN

Several Juniors placed high in the district U. I. L. contest last Friday. These are: Carolyn Crow-

over, second in poetry interpretation; Becky Lowrey, second in typing and Mike Glenn second in poetry interpretation.

Junior boys who qualified for the regional track meet in Denton are: Anthony Logsdon and Carl Brock. These boys won honors in various events at the district track meet last Saturday.

Knox City's one-act play "Good-bye to the Clown" won first place at the district meet in Crowell last Tuesday. Two members of the cast, Sharman Watkins and Mike Glenn, were given spots on the all-star cast. Other actors were: Cyndy Johnston, Gary Campbell, Vickie Lowry, and David Hoge. Mrs. H. D. Bankston is the director of the play, and the judge was Mrs. Clifford Ashby of Texas Tech.

By winning first place, the play qualified for the regional contest in Denton on April 22.

We are sorry to announce that one of our long-time classmates is leaving us at the end of this six-weeks. Mike Tankersley informed us last week that his family would move to Fort Worth just as soon as Mike finished taking his six week's tests. So long, Mike, and we shall all miss you very much.

That's about it for this time—

IN MINERAL WELLS

Mrs. Ruth Dozier and Mrs. Bertha Trimmer visited in Mineral Wells last Wednesday. They were taking their aunt, Mrs. Virgie Hudspeth home after a ten-day visit here.

Sophomore Class

By PAM WALDRIP

I'd like to commend some students on a few outstanding events that have occurred recently: Judy Rushing tied for first place in number sense and placed third in spelling at the interscholastic meet last Friday. Richard Barnard placed first and set a new record in pole vaulting at the district track meet at Holliday last Saturday.

Gail Cornett, and four Junior girls, Susan Reese, Karen White, Judy Land, and Twyla Standee, placed first in the talent show at Munday last Friday night. Congratulations to these students and each one of us are proud of them.

A class party was held Monday night. Films and skits were held at Paul Graham's house, then a hayride and weiner roast were held at the river close to Frances Hendrix's house. Fun and food was provided and everyone had a great time.

This is six week's test week, so everyone will be hitting the books again. But one good thing about this week is that it is only a four-day school week which satisfied everybody just fine.

We want to wish everyone a happy Easter and may your trip be a safe one if you plan to travel.

Freshman Class

By MARGARET HOWELL

Monday night, the Knox City FHA Chapter elected officers for next year. The Freshman girls who will serve as next year's officers are: Sharon Elledge, secretary; Mary Reese, pianist; and Margaret Howell, reporter.

Last Thursday was Roaring 20's Day. We don't realize how nice our classmates look until we see them in the garb they were in Thursday.

Last Friday school was dismissed for Interscholastic League. Knox City placed third in the contest.

The Agriculture boys are doing shop work. They seem to enjoy their work very much.

Friday and Monday school will be dismissed for Easter. Let us wish you a very nice, safe Easter. The Freshman Class would like to tip our hat to the City for repairing the tennis courts. The courts are so much nicer and we appreciate the city's concern for the much needed recreation for youth. Again may we say thanks.

That's about all the news for this week. You all be good, now!

CARD OF THANKS

We take this method in expressing our heartfelt thanks and deep appreciation to our many friends and relatives for their help and kindness, during our recent troubles.

Especially do we thank our friends for their contributions and all others who helped in any way. Also for the nurses and doctors and everyone for their visits, cards and prayers during my wife's and daughter's stay in the hospital.

May God bless and keep you, and us, that we may be able to return this loving kindness is our prayer.

Mr. and Mrs. Homer Beard and Deanna.

Eighth Grade

Ten boys from the eighth grade traveled to Holliday last Saturday. Clint Fletcher, Tommy Waldrip, Jerry Watson, Danny Carpenter, Joe Ballard, Wayne James, Kenny Lawson, Jimmy Faulk, Derral Carpenter, and Johnny Helms made the trip along with some seventh grade boys. Knox City placed fourth in Junior High. The next track meet will be held April 14 and 15 at Hamlin.

Saturday, April 2, eighth graders attended a youth rally at the Church of Christ sponsored by the A.C.C. College students.

I know one thing Eighth graders are waiting for the Easter holiday. In fact they can't wait! Well that's all for this splendid week.

Streams In Desert Places

Ozelle Stephens

Remember the Sabbath Day to keep it Holy. Every rule and command of God are vital and should be remembered, meditated upon and obeyed to have the Streams of God's presence on our daily lives. This one is of special importance for God said more about it than any other.

Not to keep it to suffer physically, spiritually and financially. It is easy to forget when our minds are preoccupied with other things. But God said, "Remember, to keep it Holy," that your life might be long and happy.

He has given the Sabbath as a reward of your labors not for a livelihood, but to accumulate wealth, then he is a slave. The Sabbath should be our goal not labor. The Jews were delivered from Egyptian slavery because they kept the Sabbath Holy unto the Lord. They were rescued, fed and clothed for God cares and hears when we obey His commands.

ONE CAR ACCIDENT KILLS MUNDAY GIRL, SUZANNE PHILLIPS, FRIDAY

Suzanne (Suzie) Phillips, 18, was dead on arrival at the Knox County Hospital here Friday night after a one-car accident on an unpaved road two miles northwest of Munday.

Highway Patrolman Max Stout said she was thrown from the car when it blew a tire and went into a ditch. The car came to rest on top of her.

The two other teenagers in the 1965 model car also were thrown out, he said.

Stout identified Patrick Lynn Hobert, son of Mr. and Mrs. Chancy Hobert of Munday, as driver of the car. Bill Mitchell, son of Mr. and Mrs. Billy Mitchell of Munday, was the other passenger. The boys were treated for minor injuries, then released from the hospital.

Funeral for Miss Phillips was held at 2:30 p.m. Sunday in Munday Church of Christ with Richard Pectol, minister, officiating, assisted by the Rev. Walter Hadley, pastor of the First Methodist Church in Munday. Burial was in Johnson Memorial Cemetery.

Born December 2, 1947, in Haskell County, the daughter of Mr.

and Mrs. John Phillips, she was a senior at Munday High School and had lived in Munday all of her life.

She was in the school band for eight years and a member of the stage band for four years, sang in the school choir and had been a member of the high school sextet two years.

Surviving are her parents; one sister, Mrs. Jerry Scott of Electra; one brother, Johnny of Munday; and a grandmother, Mrs. Press Phillips of Munday.

Pallbearers were Danny Olfutt, Bill Moorhouse, Bill Stewart, Gaston Welborn, Johnny Hunter and Bill Moore.

for a violation of the law will be given the respect and dignity that he deserves in a court of law.

We all are aware that this precinct as well as other precincts is in dire need of a juvenile and youth counselor for juvenile offenders. If I am elected I will volunteer my time and service to help form an organization of this sort, because I firmly believe that our youth are much too important to help them in all ways possible. I can set an example for them to be a good citizen.

I have a good relationship with all of our law enforcement officers, including the Department of Public Safety, Knox County Sheriff's Department, and our local Police Chief and Constable. I believe that this relationship will make for better law enforcement.

I am in the process of studying the new aspects of the Texas Code of Criminal Procedure so that an accused person may be informed of his rights.

I am a taxpayer in this city, precinct, school and county. I pay my taxes and have never had a tax lien filed against me for non-payment of taxes.

I have stated before that I do have a job, therefore I will not have to fine a person in order to make a living.

I will be available for the fulfillment of this office day or night because I am never out of town more than two hours on deliveries, that I make.

I ask you to consider character, qualifications, honesty, and integrity, when voting in the May 8, 1966 primary.

Thank you,
Ken Crownover.

The Knox City High School team has played five matches with AA schools, Stamford, Haskell, Quanah, and Seymour. The boys are averaging 43.7 strokes per round, according to Coach Bill Herrington.

The district golf meet will be April 14 at Weeks Park in Wichita Falls. Holliday and Henrietta, the winner last year, are figured to give Knox City the most trouble, as stated by the coach.

He said his boys feel ready for competition after playing five matches, but they realize Weeks Park is a tough course to play district on. He continued by saying, "If our boys can win the district golf meet, Knox City High
