New Oil Strike Made in County

A new oil field for Knox County was assured this week with the completion of the Sid Katz No. 1 Alexander, wildcat five miles southwest of Truscott.

Completion is in the Bend Conglomerate. The well flowed 20 barrels of oil per hour on a 20-64 choke with packer on the casing and 380 pounds of tubing pressure. The 5 1/2 inch casing is set at 6,276 feet and the hole bottomed at 6,283 feet.

On a 1 1/2 hour drillstem test in the section last week, gas surfaced in three minutes and oil flowed in 58 minutes. Recovery was 2,200 feet of oil, and 150 feet of oil and gas-cut mud. Flowing pressure was 150-750 pounds, and shut-in pressure in 30 minutes was 2,480 pounds.

Another new discovery for the county is the Yeatman Drilling Co. No. 5 W. S. Davis, wildcat on the League Ranch four miles southeast of Benjamin.

Unofficial reports are that the well is pumping about 40 barrels a day, from a section the operators are calling the Woodbine sand, new for this area.

Production is from 4,899 to 4,910 feet, where a drillstem test recovered 300 feet of free oil, 90 feet of heavily oil cut mud and 30 feet of salt water. Operators drilled to the contract depth, 5,200 feet, and plugged back.

The Joe Parris No. 1 S. P. Woodward, wildcat about 7 miles southeast of Knox City, is drilling below 4,470, with no showings reported. Contract depth is 6,000 feet.

Rig has been moved on location for the No. 1 L. E. Hughes in Stonewall county west of Knox City. Location is 1,600 feet southeast of the Skelly No. 1-A Hughes, which has been completed as a flowing well.

New location announced for the area is the Texas Pacific No. 2 Avis Lynch, wildcat six miles west of O'Brien. The test is scheduled for 5,200 feet.

NO TEA DRINKER, SHE— Although she hails from Wales, a part of Great Britain, Miss Nancy Whitcombe doesn't drink tea, either hot or iced. Instead, she's a confirmed coffee drinker, and she drinks it "straight."

Miss Whitcombe, who is attending TCU, was a guest of Mrs. B. B. Campbell over the week end and was speaker at the Delta Kappa Gamma meeting in Benjamin Saturday.

Funeral Services Are Held Tuesday For Mrs. Gatlin

Funeral services for Mrs. Ollie May Gatlin, 48, were held at the Knox City Foursquare Church Tuesday, April 21 at 2 p. m., with Rev. Floyd Bailey, pastor of the church, officiating.

Mrs. Gatlin died at the Knox County Hospital Sunday at 1:30 p. m., following a stroke about a week previously. She moved to a farm west of Knox City about 5 months ago, moving here from San Antonio.

Survivors are the husband, Virgil, and three daughters.

Burial was in the Rule cemetery under the direction of Warren Funeral Home.

STOCKHOLDERS OF O'BRIEN GIN TO MEET SATURDAY

The stockholders of the O'Brien Cooperative Gin Company will hold their annual meeting Saturday, April 25, E. H. Tankersley, Jr., secretary, announced this week.

The meeting will be held in the O'Brien school gymnasium, beginning at 1:30 p. m.

A good program has been planned for the meeting, Tankersley said, and all stockholders and their families were urged to attend.

Wales Teacher Guest Speaker at Delta Kappa Gamma

Miss Nancy Whitcombe, a native of Newport, Monmouthshire, Wales, was guest speaker at the regular meeting of Beta Chi Chapter, Delta Kappa Gamma, in Benjamin Saturday, April 18. She was accompanied to Knox City by Miss Pernie Moore of Cleburne.

Miss Whitcombe has been in the states since August, 1952, and is attending Texas Christian University on a year's scholarship provided by the Texas chapters of Delta Kappa Gamma, a national honorary society for women teachers. She will receive her B. A. Degree in June, with a major in elementary education.

For seven years during World War II, Miss Whitcombe was a teacher in London. She has taught ten years in Wales. In 1948-49, she was an exchange teacher, serving in the Cleburne school system. During that time, she made a great number of speeches before civic organizations not only in Cleburne, but all over the state. She so endeared herself to Texans that people began to ask if there was a way for her to return.

Dr. Madge Davis of Wichita Falls, chairman of the Delta Kappa Gamma committee on foreign women, had heard Miss Whitcombe speak. She contacted every chapter of Delta Kappa Gamma in Texas and asked each to have a part in a scholarship for Miss Whitcombe.

The scholarship was granted in 1951 and Miss Whitcombe was notified, but her mother's illness prevented her return at that time. Following her mother's death, she returned to the States in August, 1952.

She makes her home with Miss Moore in Cleburne, and commutes to her studies in Ft. Worth.

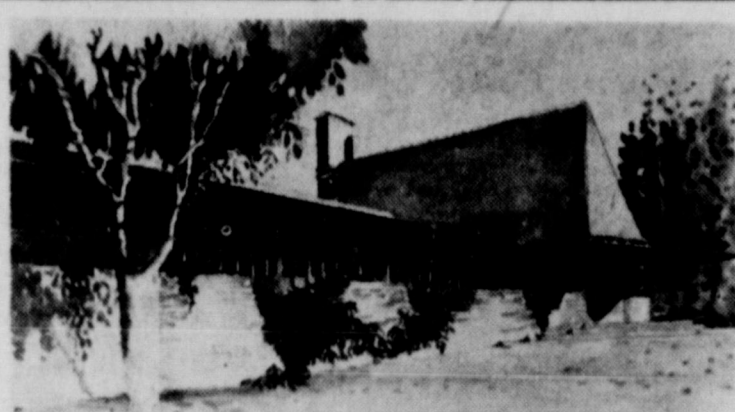

She is grateful for the scholarship, and requested that it be explained since "some Delta Kappa Gamma members may not know they have had a part."

She has a year's leave of absence from her school near Newport and will sail from New York on the Queen Elizabeth August 19.

Miss Whitcombe was introduced to chapter members by Mrs. B. B. Campbell, an honorary member of Delta Kappa Gamma who sponsored the trip to Knox City. Her speech was a comparison of the Texas public school system with the schools in her native Wales. She said the chief difference in the systems was the classification of students, since in Wales students are classified by age rather than grade. A question and answer period followed.

Her speech followed a short business meeting with Mrs. Otis Cash, president, presiding. Members voted to send Mrs. Cash to the State Convention, to be held in Dallas this week end. She will be accompanied by Mrs. Campbell and Mrs. John Ward of Aspermont.

Hostesses for the meeting were Mrs. Sumpter Reed and Mrs. Leroy Melton.

Above is an artist's drawing of the proposed building to be occupied by the Knox City Clinic, replacing the clinic building destroyed by the tornado.

The front entrance is on the south (extreme right) and facing the Knox County Hospital across the street. The exterior will be of brick and stone with an 8-foot roof overhang. Windows on the south will be screened by a massive brick wall, set 8 feet out.

The building will have approximately 2,750 feet of floor space, housing four full doctors' offices, four examining rooms, a laboratory, BMR and EKG room, emergency room, x-ray room, file and library, dentist's office, lobby, and business office.

An emergency entrance and staff parking area will be constructed on the north side of the building.

Construction will begin as soon as contractors can be obtained, according to Dr. T. P. Frizzell.

Members of the staff are Dr. Frizzell, Dr. T. S. Edwards, Dr. Ben Bowden, Dr. D. C. Eiland, and Dr. R. C. Edwards, dentist.

The drawing, and plans for the structure, were made by Ken Frizzell.

Knox City-Munday School Controversy Gets in Legislature

A bill introduced in the State legislature by J. B. Walling, a native of Munday who is now a representative from the Wichita Falls district, was seen as a direct result of the recent Knox City-Munday school dispute.

Believed to be sponsored, and perhaps authored, by Gaynor Kendall of Austin, attorney for the Munday school district, the bill would establish three years as a minimum lapse of time between annexations of 10 percent to one district from another district, and each annexation would require a majority petition of the board of the district losing the land.

It was reported that John Kimbrough, representative from this district, was asked to introduce the bill, but refused.

The bill was seen as an attempt to forestall any future effort to annex any additional portion of the old Sunset district to the Knox City district.

Red Cross Closes Offices Here

Miss Helen Corken, in charge of Red Cross rehabilitation work for Knox and Haskell Counties, and Miss Dorothy Smart, her assistant, closed the Red Cross office in Knox City Monday and reported to Midwestern Area headquarters in St. Louis for further assignment.

Balance of the Red Cross work to be done—disbursement of funds already committed—will be handled by J. M. Averitt.

Mayor Guy Glenn expressed appreciation, on behalf of all Knox City, for the work the Red Cross has done since the disaster here.

"Both Miss Corken and Miss Smart, and the other workers who were here earlier have been very pleasant to work with," Mayor Glenn said. "We believe they have done everything they possibly could under the national policies of the Red Cross. The funds they have spent goes a long way toward replacing the possessions of the families who needed help."

"I am sure I speak for every person in Knox City when I say thanks to Miss Corken and Miss Smart and to the Red Cross."

Total expenditures and commitments by the Red Cross in both counties, for disaster aid and rehabilitation work, was about \$48,000.00.

CUB SCOUTS, FAMILIES TO HAVE PICNIC AT PARK

A pack meeting for all Cub Scouts, their parents and families will be held at the city park Saturday afternoon beginning at 4:30, Howard Marshall, Cubmaster, announced Monday.

The group will enjoy a wiener roast, and each mother was asked to bring enough wieners, buns, potato chips and cookies to feed her family. Soft drinks will be furnished.

Disaster Committee Spends \$7,979.16

Members of the Disaster Relief Fund committee have approved applications for aid in the amount of \$7,979.16.

This includes expenditures of \$716.84 for lots and taxes. Payments for emergency aid total \$1,342.82. The committee has approved the expenditure of \$5,919.50 for other aid.

This figure includes building material bills, payments for bathrooms to be added to 2nd Cross houses and payment of loans incurred by victims of the tornado in restoring their properties.

A meeting of the committee will be held Monday at 1 p. m. at the Board of Commerce office to accept other applications for aid.

Total of the fund stands at \$36,340.69.

STREAMS in Desert Places

By Ozelle Stephens

David went forth to fight the battle in the name of the Lord. He had no fear in his heart for he trusted in God and was led by the spirit. Saul and his men had sinned, and failed God. Their hearts were filled with fear because of this disobedience. When the enemy defied them they were afraid. They were tempted forty days, morning and evening. Because of the sin in their life, they could not go forth to battle. They failed when the enemy came upon them.

It takes a brave warrior to go against the enemy when others fail. But if your life is surrendered to God, He can use you in a mighty way, as He did David. David was armed with the power of God to fight to victory. The kind of power that is above all the power of the evil one.

You have battles to fight almost every day. Someone has failed in the battle. The enemy is coming upon you. Listen to the words of God himself. "Be not afraid for I am with thee, be not dismayed for I am thy God; I will strengthen thee; yea I will help thee; yea, I will uphold thee with the right hand of my righteousness." (Isa. 41:10).

Go forth in the name of the Lord every day and you will be armed with His power that will bring victory in every battle.

FORMER RESIDENT IS MARRIED IN LUBBOCK

Miss Wilma Lee Woodward became the bride of Bill Haney in a double ring ceremony read in the chapel of the First Baptist Church, Lubbock, Monday, April 6 at 7 p. m.

The Rev. J. Ralph Grant, pastor of the church, officiated. The couple was attended by Miss Jama Lewis of Roaring Springs as maid of honor, and Frank Capshaw of Lubbock as best man.

For her wedding, the bride chose a deep rose three-piece ensemble with white accessories

and a white shoulder corsage. Following the ceremony, a reception was held at the couple's apartment. Guests at the wedding and reception were the immediate families of the couple and Miss Eula Faye Lowe of West Texas State College, former roommate of the bride.

Mrs. Haney is a 1950 graduate of Knox City High School. She attended Texas Tech, Lubbock, and WSTC, Canyon, and received nurse's training at Memorial Hospital, Lubbock. She plans to continue her studies.

Mr. and Mrs. Haney are at home at 908 B Ave. R, Lubbock.

Junior - Senior Banquet Held Thursday Night

Prof. John Stevens, dean of men at Abilene Christian College, addressed an audience of 61 Juniors, Seniors and guests of the Knox City High School, at the annual banquet honoring the graduating seniors.

The banquet was held at the Woman's Club building which was decorated in an Oriental motif. Plate favors and place cards were miniature Japanese umbrellas standing in gum drops of various colors. Rubber plants and other potted plants were placed at vantage points in the room.

The meal was prepared by mothers of the Juniors, the host class. The menu was tomato juice, fried chicken, creamed potatoes, stuffed celery, English peas, pineapple salad, hot rolls, iced tea, and strawberry ice cream pie.

The musical portion of the program was supplied by a quartet from ACC, composed of Max Wheeler, Melton Dan, Jim Wright and Paul Smith.

Supt. Harold Barnett gave the invocation. Leonard Burt, president of the Junior class, welcomed the guests and Jolly Bill Whitten, president of the Senior class, gave the response.

Mrs. Joe Burks is sponsor of the Junior class and was in charge of banquet arrangements.

Mr. and Mrs. J. C. McGee spent the week end in Ft. Worth visiting their daughter, Mrs. Howard Mayfield, and family. They attended the Ice Capades Saturday night.

8th Grade Banquet Held Tuesday Night

In a "fairylend" setting, members of the eighth grade were honored Tuesday night when their mothers entertained with a banquet at The Woman's Club.

Guests entered through a key-hole door, into a candlelighted room of fairies, aluminum foil stars, and Mother Goose characters.

The long-tables were laid with white cloths. Runners of ivy extended down the center, interspersed by character dolls, each representing a Mother Goose rhyme.

Mrs. E. F. Branton is sponsor of the class.

The menu consisted of tomato juice, fried chicken, beans, potatoes, relishes, salad, hot rolls, and ice cream frozen in animal molds.

Bennie Stephens gave the invocation, and Donald Denton was "King Cole" or master of ceremonies. Others on the program were Patsy Denton, Rip Collins, Glenda Carter, David Perdue, Ross Ed Lankford, June Cox, Beverly Smith, Peggy Nolan, Joan Wilson, Patsy Pryor, Sharon Wilson, Carol Jones, Billy Lewis and Nelda Dodd.

Supt. Harold Barnett gave the address.

Other members of the class are Larry Abbott, Helen Acosta, Corrine Blankenship, Deanna Carter, Donald Corley Roy Cypert, Leta Hester, Paul Shipman, Evelyn Wilson, Jesse Perez, Billy Bolin, Vernon Davis, Betty Hawkins, Edith James, Peggy Jones, and Johnny Wilson.

Mr. and Mrs. C. M. Walsworth left Tuesday to spend four days fishing at Lake Whitney.

Mr. and Mrs. R. B. Jacobs of Lubbock, daughter and son-in-law of Mr. and Mrs. Geo. Vance, spent the week end in Knox City. Dinner guests in the Vance home Sunday were Mr. and Mrs. Jacobs and his parents and sister, Mr. and Mrs. M. L. Jacobs and Patricia Ann, Ewell Vance and Inez Carver.

AMERICA'S NEW RAILROAD

"I want a ticket on the Atomic Super Chief!"

Well, sonny, just hang on to that dream. By the time you're a full fare, it might come true!

Of course there is no "Atomic Super Chief" yet.

But, don't sell American ingenuity and progress short. At the rate things grow new for you on the Santa Fe, you only need to squint your mind's eye just a little to see tomorrow streaming toward you down the track!

You can almost feel the future of Santa Fe in the quickened tempo of its progress in the recent past.

Just count the growing number of Santa Fe diesels that speed your freight and smooth your ride today.

Nineteen years ago there weren't any. Today there are 1422 units. By year's end there'll be 97 more. Steam is disappearing fast. And more than 250 coaling and watering stations have bit the dust.

Santa Fe folks just don't dally when it comes to building new.

For today the Santa Fe is America's new railroad. And it's going to stay that way by growing newer every day—in every way that can mean new safety, better service, new comfort and dependability for you.

It costs millions of dollars to serve you so. But it doesn't add a penny to the taxes you pay. Santa Fe folks are proud of that, too—proud that the newness of the Santa Fe is a part of American progress that pays its own way.
