

THE KNOX COUNTY HERALD

VOLUME 56

KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, SEPTEMBER 7, 1961

NUMBER 41

Lions Complete Carnival Plans

Knox City's Lions Club held the regular Wednesday noon luncheon meeting at the Methodist Fellowship Hall and Lion President Gerald Averitt told club members that the board of directors had held a meeting Wednesday morning.

Topic of discussion at the board meeting had been the last minute preparations for the annual Lions Club Carnival, to open here Monday, Tuesday, and Wednesday, Oct. 2, 3, and 4.

Lions Club Board of Directors will act as the steering committee for this year's carnival and as a number of other service clubs here have asked that they be permitted to have booths at the Lions Carnival the board of directors will have to be contacted to see that the booths the other clubs want to install will not be in conflict with the Lions booths.

It was decided Wednesday to charge non-members a per cent of their receipts if they participated in the Lions Carnival.

Proceeds of the carnival will be used to retire the Lions Swimming Pool bonds and other worthwhile Lion projects.

Knox City Study Club will have a rummage sale and cake walk and other clubs desiring to participate must contact a member of the steering committee.

The board of directors asked the club to vote on their recommendation that the Lions buy an ad from the Band Boosters on their calendar.

The club voted unanimously on the board's recommendation.

Averitt said a Zone Meeting would be held here Tuesday, Sept. 12 at 7:30 p.m. at Roddy's Cafe. All members are asked to be in attendance.

City Council Has Meeting Monday

Knox City's City Council held their regular meeting Monday, Sept. 4, at the city hall with all members present. They are:

Mayor Guy Glenn and Aldermen Ottis Cash, Vaughn Gruben, A. T. Holcomb, Monty Penman and Dr. Charles Markward.

Discussion was held concerning paving on Fifth and Temple streets concerning the water damage to several residences during the last rain here.

Water was backing up in some of the homeowners yards as paving was too high on one end of the street. An engineer will be here in the near future to resurvey the area and determine what can be done to take care of the situation.

Home owners meeting with the council on the above discussion were Bill Fahrning, Leon Watson, Hass Huntsman, and Joe Marlon.

Gerald Averitt also met with the city to discuss liability insurance for all city equipment, sidewalks, etc., that belongs to the city or where the city is liable.

He will work out the cost of such a policy and let the city know the full particulars at a later meeting.

No other business was conducted according to the minutes.

Junior High Chooses Twirlers And Cheerleaders

Drum major and twirlers chosen for Junior High are:

Drum major, Glenda Wasson. Twirlers: Cindy Johnston, Phyllis Tankersley, Vicky Holcomb, Penny Meizer.

Cheerleaders are: Sharman Watkins, head cheerleader, Twyla Standlee, Carolyn Crownover, Carolina Rocha, and Sue Collier. Co-leaders are Jeanette Vinita and Becky Lowrey.

G. G. Givens, Beverly James, and Judy Smith acted as judges for the try-outs Wednesday.

PEP RALLY TONIGHT

The Pep Rally will be held at 7:30 p.m. at the side of Model Cleaners tonight (Thursday).

TIED UP — Above is shown Knox City's Quarterback Eddie Williams as he runs across the two extra points to tie Chillicothe, 8-8 in last Friday night's game. Walter Hooker made the touchdown for Knox City. Lockett is next on the schedule here.

Knox Prairie Civil Air Patrol To Meet Sunday At Knox City's Airport

The Knox Prairie Civil Air Patrol will meet Sunday at 2 p.m. at the Knox City Municipal Airport.

Lt. Col. Hubby, Group Commander from Wichita Falls and the Wichita Falls CAP Cadet Corps will be present and available to answer inquiries relative to the activities of our local CAP. The Cadet Corps will display their training and achievement exercises.

The Knox Prairie CAP consist of members from Knox City, Munday, Rochester, O'Brien, and Haskell.

The Cadet Corps is made up of members between the ages of

Baptists To Begin Religious Census

The First Baptist Church of Knox City will begin a Religious Census beginning Sunday, Sept. 10, and continue until the census is complete.

The city has been divided into 20 zones and captains are being asked to serve over each zone and workers are needed in each zone to make complete the census.

Chairman of the Census is George Wall, the Sunday School superintendent, Co-Chairman is Sammy B. White, the associate Sunday School superintendent.

Zone captains are as follows: Mrs. O. M. Johns and Mrs. B. R. Durham, Mrs. H. W. Finley, Mr. and Mrs. Jack Fisher, Mr. and Mrs. John T. May, Mr. and Mrs. Claude Reed, Mr. and Mrs. John Standlee, Mrs. Zena Wall, George Wall and Sammie White, Curtis Coates, H. E. Wall, Mr. and Mrs. Vaughn Gruben, Charles Reese and Clifford Cornett, Mr. and Mrs. Bud Thompson, Mr. and Mrs. Joe Averitt, Mr. and Mrs. Kenneth Lankford, Mr. and Mrs. George Hodges, Mrs. J. W. King and Mrs. Frank McAuley Sr., and Mrs. O. B. McElroy and Mrs. W. L. Lewis.

The census is essential to the Sunday School Enlargement Campaign which is coming the week of Sept. 25-29, Rev. Murrell Johns, pastor, said.

Pamela Wilcox Injured By Car

Pamela Rue Wilcox, four year old daughter of Mr. and Mrs. Billy Wilcox of Phillips was seriously injured recently when she was struck by a car while riding her bicycle.

She suffered two broken legs, a broken arm, crushed hip, skull fracture and numerous scratches and abrasions. She was in a coma for five days, and was transferred to the St. Anthony Hospital in Amarillo.

She is reported to be improving satisfactorily.

QUARTERBACK CLUB MEETS

Knox City's Quarterback Club will meet tonight (Thursday) at the field house immediately following the Pep Rally at 7:30. Last week's film on the Chillicothe game will be shown during the meeting.

Greg Knight's Services To Be Held Friday

Funeral services for Gregory Ben Knight, 13, son of Mr. and Mrs. Ben Knight, who died in the Baylor Hospital at Dallas Wednesday morning at 5 a.m. following a shooting accident which occurred August 27, will be held at the First Baptist Church in Knox City Friday, Sept. 10, at 10 a.m.

Rev. Murrell Johns, pastor, will officiate, assisted by Rev. Billie Frazier of Idalou.

Burial will be in Knox City Cemetery under direction of Pinkard-Smith Funeral Home.

Greg was born January 28, 1948, at Mangum, Okla. He moved to Knox City with his parents in 1955.

He attended the Knox City Schools from the first grade, where he was rated as an excellent student. He received the American Legion Award last year for outstanding scholarship, leadership, and ability to get along with others.

He was a member of the school band for four years, and he participated in Little League baseball and played on the Junior High Football team last year.

He was a member of the First Baptist Church where he was a regular attendant and was a leader in Sunday School and Training Union.

Survivors include his parents; Mr. and Mrs. Ben Knight; one brother, Eddie; his grandparents, Mrs. Ester Knight of Mangum, Okla., and Mr. and Mrs. Edd Glidewell of O'Donnell.

Knox City, Eagles Fight To 8-8 Tie

Knox City's Greyhounds and the Chillicothe Eagles battled to an 8-8 draw to open the football season here Friday night.

Chillicothe took the opening kickoff and four minutes later Ken Smith broke loose for a 39-yard touchdown run. L. Perkins carried over for the extra two points.

Neither team could muster a scoring drive until in the final period when Knox City's Walter Hooker climaxed a 51-yard drive with a 9-yard plunge for the counter. Eddie Williams carried over for the 2-pointer.

Knox City was inside the 10-yard line two times in the final half, but lost the ball both times on fumbles. Chillicothe had a touchdown called back in the second period on a holding penalty.

Blasted Maize In Fields Due To Midge Insects County Agent Moore Says

A number of farmers in Knox County have been complaining the last two weeks about the blasted maize in their fields.

Some of the farmers in the past have been blaming the wet or hot weather killing the bloom or pollen.

This year, the farmers noticed that the blasting was occurring or showing up about the time the grain sorghum was in the bloom. Upon careful examination of the fields it has been definitely established that the Grain Sorghum Midge is responsible for the damage, Jack Moore Knox County Agent says.

The midge is a small gnat-like insect that is about 1/2 of an inch long which has an orange body and clear wings. There is a small stinger on the tail that usually is sticking in an upward position. This insect is hard to control with insecticides and has been compared to the boll weevil because of its life cycle, destructive capability and the great difficulty in its control. The adult fly lays an egg that takes about two days to hatch. The small pinkish maggot feeds on the inside of the grain for 9 to 11 days and then it pupates and emerges as an adult and the cycle is completed.

It takes about 14 to 16 days for the cycle to complete its self.

WINTER BARLEY FEED GRAIN PROGRAM DETAILS DISCUSSED

More details on the 1962 winter barley feed grain program was announced this week by Gaylor C. Scott, chairman, Knox County Agricultural Stabilization and Conservation committee.

The chairman explained that barley producers diverting a share of their acreage will receive payments for the diversion and they also will qualify for price support. At the same time, they will be making an important contribution to the nation in adjusting grain supplies and reducing government costs.

A barley producer can forego the diversion payments and still qualify for price support if he elects to devote the diverted acreage to one or more of these crops: Castor beans, guar, safflower, sunflower, or sesame.

Adjustment in the diversion payment can be made if only a part of the diverted acreage is so used. Special program provisions enable growers of acceptable varieties of malting barley to qualify for price support

without participating in the barley feed grain program.

Payments will be made to those barley growers who devote the diverted barley acreage to an improved conservation use. Such growers also maintain an acreage in soil-conserving crops or practices, including summer fallow and idle cropland, equal to their 1959-60 average acreage in such uses.

According to the chairman, only those barley producers who participate in the program with at least 20 per cent diversion will be eligible for 1962 price support. Further, they will not be eligible for barley support if they exceed their corn and grain sorghum base acreage (1959-60 average).

Support will be limited to the normal yield of their 1962 barley acreages. (Corn and grain sorghum producers who intend to plant barley this fall must not plant more than their base acreage of barley if they want to participate in the 1962 feed grain program and be eligible for the price support on these two crops).

A producer cooperating in the program who has an interest in the barley, corn, or grain sorghum on another farm must not produce more acres of these crops in 1962 than the 1959-60 average on such farms.

Carl Wheatley Is Listed In Who's Who In The South

James Carl Wheatley, State Representative of the 83rd District is listed in Who's Who in the South and Southwest.

Wheatley, whose home is in Haskell, was elected to the State House of Representatives in the 1960 election.

Wheatley was in Knox City Wednesday morning visiting and "feeling the pulse" of local persons and the new state sales tax.

He told the Herald he didn't know very much about it, for he hadn't supported the bill.

Wheatley said he believed the tax wouldn't come up to expectations and that he believed in a few years more and more items would be added to the taxable ones.

A good percentage of Knox City merchants have felt that the smartest and simplest way to levy the tax would be to add a one cent tax to everything.

Rep. Wheatley said if the bill had been put through in that manner the state would have received "more money than they would know what to do with."

He said so far all has been confusion concerning what to tax and how to tax it. For example — one merchant of his acquaintance taxes each item individually . . . if it is over 24 cents he adds one cent; next item 80 cents he then charges two cents, and so on, until all the articles are paid for.

In Knox City, as far as the Herald can ascertain, all taxable items are listed separately and added together for a grand total and tax added to the balance.

Wheatley said he believed it would take two or three years for all the bugs to get worked out of the bill.

State Comptroller Robert S. Calvert is so far behind with his answers to questions that Rep. Wheatley said it would probably take him six months to get around to all the mail he is receiving from businessmen desiring opinions on the law.

"AMONG OTHER THINGS . . ."

By BOB BURNETT, JR.

Dove season was opened last Friday with a "bang!" There were a lot more bangs than doves.

One man said the reason he did not bring home any more birds was because there were more hunters than doves where he was hunting. A good excuse, but the one that takes the cake is one heard last Saturday. This man said the reason for his shortage of game in the deep-freeze was because his gun was continually jamming. I asked if it was a pump or automatic, and he replied, "neither. It is a double barrel."

Probably every citizen in Knox City knows the outcome of last Friday's football game with Chillicothe. In the event that there are those who do not, here is a brief recap of the game. The Greyhounds were picked to lose to the Eagles 26-12. Although we did not exactly look like the Baltimore Colts the first half, I believe all will agree that we looked like a different ball club the second half.

Tomorrow night we shall engage the Lockett Panthers at Greyhound Stadium and are hoping there will be as many fans out supporting the team as there were last week.

I published the names of the Band Majorettes in the first column I wrote—now Andy Hudson demands equal space for the Cheerleaders.

It is time we all recognize the time and effort put in by the Pep Club. It is the fault of no one in particular that this organization has more or less been taken for granted.

At the pep-rally in the high school gym last Friday Coach Darland reminded us that "a game is won in the stands, just as it is won on the gridiron."

The school owes a debt of thanks to the Pep Club, and to Mrs. Cash who has sponsored this club for several years and to the cheerleaders for 1961-62, who are: Donna Verhalen, Sue Shelton, Charlotte Perdue, Andy Hudson, and Kay Reeves.

A votre Sante.

WEATHER FACTS — Weatherman Horace Finley pointed out that so far this year we have had only four days when the temperature was 100 or over—One day in May, two days in August, and the other day was September 2!

This week's weather shows the variations in Texas weather. Saturday was 103 and Monday had a HIGH of 68!

NO TEAM! LOCK OUT LOCKETT!

AUSTIN, Tex. — Gov. Price Daniel, pointing to the record of most other states that have a general sales tax, warns Texans that without concerted efforts to shave state spending the Texas tax could grow to three or four per cent in the future.

More than that, he said, unless there is "prudent economy and reorganization of state funds and services," a state income tax might become law.

To make his point, Gov. Daniel reported that two-thirds of the 34 states that have general sales taxes have increased the rate to three per cent or more, and there are now four states charging a four per cent sales tax.

Meanwhile State Comptroller Robert S. Calvert is being swamped with questions about the new tax. After checking with other states which have pioneered in this field, he has become reconciled to the likelihood that confusion will reign for some time to come. A spokesman for his office pointed out that "California and Illinois got a sales tax in 1933, and they're still issuing rulings."

The Texas Research League has noted that the tax bill exempts sales of animals ordinarily eaten by humans. Also feed for such animals. Exempt too are seeds and plants edible by humans and raised for sale, fungicides and insecticides for such plants, and fertilizer used on lands where such food is grown.

But the researchers say this exemption would not apply to tropical fish, grass seed and fertilizer for lawns and rose bushes.

MORE WORK FOR NEXT SESSION — Governor Daniel has found several more items to be submitted to the next special session of the Legislature. He plans to call the lawmakers back to Austin again before the end of the year.

Daniel's expanding package now includes maintenance funds for farm roads, loan shark control, municipal annexation, tourist attraction, lobbyist controls, adding banks to the abandoned property seizure law, improved law enforcement measures, and action on juvenile crime.

"As long as Texas continues to grow," he said, "there will be more problems to solve, but there are some which should not be delayed. It will be my aim to meet the most urgent of these later this year or in January of next year."

Governor Daniel vetoed the

second year appropriation of \$15,000,000 for construction of new farm-to-market roads, in an effort to free these funds for maintenance. The \$15,000,000 for this purpose for the first year of the new biennium was not affected.

A law passed in 1949 provides for the use of this yearly amount for new construction. But the Governor insists, "It is just as important to maintain our vast and important 33,000 mile farm system as it is to build new roads. Maintenance costs, now amounting to \$18,000,000 annually, are taken from the basic intrastate highway fund which is the poorest of all department programs."

BLUE LAW CONFUSION — Under the new Texas "Blue Law", shopping for certain items on Saturday and Sunday may prove a chore.

The law that started out as a device to hit the discount houses operating on Sunday was changed to include Saturday as an alternate because the lawmakers felt a straight Sunday closing law might appear discriminatory to some religious groups who observe the Sabbath on other days.

Included in the list of items merchants are not allowed to sell on one of the two weekend days are lawn mowers, toys, motor vehicles, furniture, kitchen utensils, air conditioners, home appliances, jewelry, cameras, radios and television sets.

The law has teeth — a fine of \$100 is provided for the first conviction, going up to \$500 and six months in jail for subsequent convictions.

SELLING TEXAS IS BIG JOB — The State Industrial Commission, given \$100,000 by the Legislature and charged with the duty of selling Texas as the place for industries to locate, faces a challenge.

Chairman E. B. Germany told the commission, "It is a challenge to make that \$100,000 do what it is supposed to do even though it is not enough to do what we want to do."

Executive Director Walter Dickerson reported 3,000 copies of a brochure entitled "Texas: A Strategic Location" have been printed. Brochure will be distributed to a "very carefully selected group of people who have responsibility for making decisions," says Dickerson.

He appealed to Texas cities to contribute information for the commission's industrial surveys

Such information would be kept on file for the use of industrialists considering Texas sites.

This would make it possible for industrialists to choose an area without it being known in advance.

AUSTIN, Tex. — Storm clouds of protest boiled quickly among consumers, clerks and merchants during the first week of application of Texas' almost general sales tax.

Reaction was not so much against the cost of the new tax, but more to the principle, inconvenience and confusion. Natural resistance to any new levy always is evident. And there's certainly nothing "hidden" about a sales tax. Noticeable were the strange new surpluses of pennies in pocket and purse. They were bothersome. Arguments also ensued over what is subject to tax, and what isn't.

Although State Comptroller Robert S. Calvert issued bulletin after bulletin explaining what is covered by the tax, it was evident that much time will have to pass before everyone concerned clearly understands the new law.

No one would venture a guess as to how many telephone calls were received by the Comptroller's office during the first week. The multitude of businessmen converging on the Capitol to seek information or lodge complaint gave Comptroller Calvert not a moment's peace.

Meanwhile at the other end of the line—the direct contact point for collection of the extra pennies—clerks, especially those in supermarkets, were equally harried. There had been so little time for them to bone up on the many exemptions and intricacies of the new way of taxing Texans.

Probably the most universal scheme to beat the tax emerged in coffee shops across the state. If the coffee tab for the group came to 25 cents or more, there was no sense in one person picking it up and having to pay an extra penny.

CHICKEN PRICES FIXED?—Texas chicken eaters who have been enjoying their favorite fare at phenomenally low market prices this summer have been given something to think about by Atty. Gen. Will Wilson.

"I want to determine if there is an effort to price the Texas poultry producer out of business," he said as he launched an investigation into the matter. "If our Texas broiler raisers are squeezed out of the market with low-cost prices, the ultimate result will be scarcity and sky-

rocketing retail chicken prices."

Wilson said that since August, 1960, there has been a decline of some six cents per pound in the price paid broiler producers in Texas, to a low of 12 cents or less. He pointed out that 14 to 16 cents per pound is the usual cost of raising broilers.

The Attorney General is invoking a court-of-inquiry to investigate the possibility of anti-trust violations.

DRIVERS SLOW DOWN — State Highway Department survey indicates a continued slowdown in average speed on Texas highways. This year the study indicated an average of 55.3 miles per hour for passenger cars clocked by hidden radar at 25 locations over the state.

Philip Colehour Returns To California

Philip Colehour left this week to return to his position as Humanities Librarian at Chico State College, Chico, Calif. He is active in little theatre work there, having appeared in one play and having been asked to take part in two other plays for the coming winter.

One theatre group is connected with developing a civic center for painting, ceramics, and drama work.

He has served on the committee to help to develop this center.

While on vacation, he and Mrs. Colehour took a 3800 mile trip to the southeastern part of the United States where they visited relatives and friends.

WICHITA FALLS VISITORS

Mr. and Mrs. Bernie Humphries and children of Wichita Falls spent Sunday night with his sister, Mrs. Paul Fitzgerald and family.

ATTENDS ALTUS WEDDING

Mr. and Mrs. C. J. Reese, Mrs. Charles Reese, Susan, Mary and Debbie, attended the wedding of Miss Patricia Johnson and Jerry Fischer in Altus, Okla., last Friday.

VISITS IN DENTON HOME

Mr. and Mrs. Delbert Lloyd visited her parents, Mr. and Mrs. M. S. Denton for several days this week. The Lloyds are moving from Abilene to Huntsville. He will enroll in Sam Houston State College as a Music Major.

LUBBOCK VISITOR

Mrs. Lela Flowers of Lubbock visited her sister, Mrs. Bob Gage and family over the week end.

VISITING PARENTS

Robert W. "Dub" Gage and wife left Friday for Santa Ana, Calif. They have been here for the past two weeks visiting his parents, Mr. and Mrs. Bob Gage.

FORT WORTH VISITORS

Mr. and Mrs. Jack Zellers of Fort Worth visited in the home of Mr. and Mrs. Bob Gage over the week end.

Uncle Ben from Benjamin

DEAR MISTER EDITOR:

Several serious items was took up by the fellers at the country store Saturday night. First off, Ed Doolittle announced he has discovered accidental an important weakness in our form of Government.

Ed said he's been reading the bank ads in them big Sunday papers and he ain't saw a single one that didn't list four or five vice presidents. Everybody knows, says Ed, that all banks is making money, paying dividends and ain't never been knowed to operate in the red. Its on account of them vice presidents, claims Ed. If a bank needs four or five vice presidents to operate real good, Ed allows as how the Government will never get the budget balanced with just one.

THE KNOX COUNTY RECORDS BOOK UP the meeting with the news that this feller James Patton, head of the National Farmers Union, is asking the Congress to make it unlawful to farm without a license. He claims that farmers can't practice law or medicine and it ain't right fer lawyers and doctors to be raising their own vegetables.

All the fellers was in favor of this license business and Zeke Grubb said he was going to write his Congressman right away. A rancher can't run a extension cord to his barn on account of him not having a electric license and I don't see how come them electric fellers has any right to be raising their own peas and corn without a farm license. In some states a farmer ain't allowed to unstop his kitchen sink without calling a plumber, and a plumber ain't got no right to be hurting the price of beef by raising hisself a steer.

They ought to be certain requirements afore you city fellers

There were 70 persons attending from Howe, Weatherford, Graham, Fort Worth, Irving, Mineral Wells, Abilene, Big Spring, Slaton, Tolar, Dallas, San Angelo, Bryan, and Knox City.

STREAMS IN DESERT PLACES
 Ozelle Stephens
 When Christ comes into your heart to abide with you He becomes your partner in all of life. He shares your sorrows as well as your joys. He brings an understanding which is the gift of God the Father who is life, strength, health, power and peace.
 To have Christ is to really live. Your life is serene, joyful, satisfying and successful. You have a faith which is all powerful and you can say, "I know whom I have believed, and am persuaded that He is able to keep that which I have committed unto Him."
 Without Christ your life is opposite of all of these good things. He has paid the price for you. Why not, "Seek ye the Lord while He may be found, call ye upon Him while He is near. If you will forsaken your wicked ways and unrighteous thoughts, turn unto the Lord. He will have mercy upon you and will abundantly pardon."

the book worm
 "We have no single pattern for the resources, services, and support of libraries, and we want none. The readers to be served are too diverse; they include even posterity, for whom we must preserve the record of our cultural life. If we are to succeed, individuals and private institutions as well as government at all levels—federal, state, and local—must move forward together and move with renewed determination toward our national goal ("Libraries for all") which is the theme of your conference."—John F. Kennedy.
 The above is part of a telegram which Florninell Morton, president of the American Library Association received from President Kennedy at the meeting of the Association this past June.
 "Libraries for all" is a short slogan that covers much territory. For some reason at this point Old Chel is reminded of a story we once heard. It is not an exciting story and there is nothing comical about it. So do not get ready to laugh.
 The main character is a woman with a family and a budget. In her list following groceries and all the rest is an item called "food for the mind." It seems that she set aside some mopey each week for this. How many of us do the same. This leads us to remember the remark of a teen ager in our family who during the depression of the 1930's said that he would rather do without something to eat than to miss the morning newspaper. He got his morning paper all right and also the food.
 Conversation overheard in a Wichita Falls bookstore: "The ice man was late this morning. He said he had to stop and explain the sales tax to so many

people. Some of them had not even heard of it."
 What does this story prove? Who would like to give the High School Library a copy of Churchill's SECOND WORLD WAR? It is published in six volumes and should be in the library. Old Chel knows where a set can be secured at reduced price. Churchill's HISTORY OF THE ENGLISH SPEAKING PEOPLES is on our shelves and also on our list of books to read.
 Mr. Churchill's style is unsurpassed; his information is of course accurate. Both of these sets are needed in school libraries. A sense of history is something to be cultivated.

O'Brien Win Dist. Achievement Program Contest

The First Baptist Church of O'Brien has been recognized as the winner of the Texas Baptist Achievement Program in District 17. The Church in O'Brien was chosen from churches of a ten-county area on the basis of progress made this year in three fields of church ministry.

In the field of "Toward a Better Church" O'Brien Baptists won and baptized 31 converts, which is three times as many as the previous year. Total gifts to the church rose from \$28,000 to \$44,000 for the same period of time. The \$15,000 indebtedness for the three year old building was paid and average weekly contributions was above \$400. A Baldwin organ, model 45-c, was purchased for the sanctuary.

Much of the success of the church's growth can be attributed to the Brotherhood. The year before the men's organization had averaged 15 per month; this year the Brotherhood averaged more than 100 each meeting.

The Sunday School average attendance reached a new high for any equal period of time in the past. Three new Sunday School classes and one new department were added to the organization. Welcome signs were placed on all incoming highways and new equipment bought to meet needs in the church class rooms.

Mission gifts were doubled in the field of "Toward a Better World." A full-time Spanish pastor was called to serve the Spanish Mission of the church. Gospel tracts were provided for the Spanish Braceros and 100 marked New Testaments were placed in local hospitals and motels, marked to explain salvation to a lost person.

In the field of "Toward a Better Community" two youth baseball teams were sponsored by the Church and a number of needy families received both clothing and monetary help.

A total of 73 planned projects were completed by the church constituting a wellrounded program of work. Pastor Larry Young, states that all success

Hudson Reunion Held In Seymour

The Hudson reunion was held at the City Park in Seymour Sunday, August 27. Thirty-seven persons attended. They were:

Mr. and Mrs. Grady Hudson, Mr. and Mrs. G. H. Hudson, Danny Hudson, Belle Hudson and Miss Jennings of Benjamin; Mr. and Mrs. Tom Brooke Hudson and Debbie of Abilene, Bobbie Hudson of Seymour, Mr. and Mrs. Thomas Hudson of Wichita Falls, Mr. and Mrs. Jerry Hudson and Angela of Olney.

Robert Hudson of Phoenix, Ariz., Amelia Sams of Midland, Mr. and Mrs. A. B. Sams, A. B. Jr., and Joe Sams, of Lubbock, Mr. and Mrs. Bill Sams and Bunny of Knox City, Gertrude Symes and Trudy Ann of Oklahoma City, Okla., Mr. and Mrs. Buster Tolson and Buddy, Mr. and Mrs. Tommie Glover and Joe Edd of Seymour, Mr. and Mrs. Tom Frank Glover, Rickie and Tom of Amarillo.

Swaner-Blyton Wedding Date Set

Mr. and Mrs. Bert L. Swaner of Arlington, have announced the engagement of their daughter, Miss Brenda Beth Swaner to Delbert John Blyton, son of Mr. and Mrs. Oscar D. Blyton of Arlee, Montana.

The couple will be married at 8 p.m., Sept. 23, in Hillcrest Park Baptist Church in Arlington.

Maid of honor will be Linda Swaner, sister of the bride and best man will be Vic Danner of Wichita Falls.

Lanear Hendrix of Wichita Falls, will be bridesmaid and groomsman will be Gene Boone of Dallas.

of the years work has been contingent upon the dedicated work and cooperation of the members.

The church's work will now be judged along with the other 16 District winners in the state for the state winner.

This decision will be revealed at the Texas Baptist Convention.
