Water Issues Approved Elections Held Thursday

City voters, as well as Munday, Haskell, and approved two issues at Thursday which clear-

ment grant of \$1.5 million, the state's share of \$700,000, and the authority's share of \$3.4 million.

City officials met Thursday evening following the election to canvass the votes, and later that night local Directors Paul Hoge and Bruce Campbell Jr. joined other NCTMWA board members in the Chamber of Commerce

office in Munday to officially canvass the votes and certify the results which were as follows:

Issue No. 1 (Contract)	YES	NO
Goree	94	48
Haskell	500	364
Knox City	198	16
Munday	298	28

Two KCHS Students Chosen As Delegates To Boys State

Kenny Lawson, son of Mr. and Mrs. Kenneth Lawson and Joe Barnard, son of Mr. and Mrs. R. P. Barnard have been chosen by the local American Legion Post No. 229 to represent Knox City at the American Legion Boys State. They will join a delegation of seven hundred and fifty high school junior boys when they assemble on the Campus of the University of Texas, June 7 for the 1969 session of American Legion Boys State, Alton Fitzgerald local Post Commander, announced.

The program sponsored by The American Legion, Department of Texas, is an annual event in which the organization teaches boys the responsibilities of citizenship in actual "do it yourself" type program from which comes its motto, "Learn by Doing."

The American Legion believes that youth should be offered a better perspective of the practical operation of government; that the individual is an integral part of, commensurately responsible for, the character and success of his government. Boys State is an activity of high educational value, born out of a need for youth training in practical citizenship.

"Boys State is one of the outstanding youth training programs of the Americanism Commission of The American Legion," Fitzgerald stated. "Not only do the youths learn more about the functions of government but also they see the importance of the role played by each good citizen in discharging his basic citizenship responsibilities in voting. They soon discover how the quality of government is related directly to active interest of each citizen."

On Friday, June 13, the citizens of Boys State will visit the State Capitol and actually sit in the chairs of the office to which they were elected and run the state government for a day.

A Governor's Ball will climax the week's activities at the Student Union on Friday night.

The local Lions Club will join the American Legion in sponsoring the boys.

McGaughey Selected For Summer Session At UT

John McGaughey, Knox City Elementary School principal, has been selected by the Texas Education Agency to serve as group leader for the science section of the 1969 Texas Small Schools Workshop to be held July 6 through 11 at Kinsolving Dormitory on the campus of the University of Texas.

McGaughey holds a bachelor's degree from Texas Tech and a master's from Hardin-Simmons University and studied science and math at the University of Texas in 1959 and 1960. Charles Merrill, consultant

Rites Tuesday Rufus D. White Killed In Pickup Mishap Sunday

Funeral services for Rufus Doyle White, 46, were held Tuesday morning at 10:00 a.m. in the First United Methodist Church with the Rev. Walter Driver, Crowell Methodist minister, the Rev. B. J. Foster, pastor, and the Rev. Roger Butler, First Baptist Church pastor, officiating. Burial followed in the Knox City Cemetery with Smith Funeral Home in charge of arrangements.

Rufus died as a result of injuries received when his pickup truck ran into a ravine on a Baylor County road near Lake Kemp early Sunday.

Born March 1, 1923 in Knox City, he was a graduate of Knox City High School and had resided here all of his life. He married Anita Louise Wampler August 12, 1944 in Lawrence, Kansas. Rufus served with the U.S. Navy during World War II. He was associated with his father in the grain business and was also engaged in farming.

John Hollifield Resigns Post

According to Supt. W. R. Baker, John Hollifield tendered his resignation, Monday, May 26.

Hollifield has been band director in the Knox City School system for one year. He told the Herald that he plans to work on his thesis this summer and that his plans for the fall are indefinite.

B-K Patrons To Get Refund

In the past few years B-K Electric Cooperative, Inc. of Seymour has refunded a total of \$130,000 to their patrons and this week their members will receive patronage refunds in the amount of \$53,000.

The directors appreciate the help the members have given them over the years in "Helping Texas Grow."

Moorhouse Named VP Of Alpine Club

Alpine - Mr. Tom W. Moorhouse of Benjamin, Texas, was recognized as Vice-President of the Alp & Brand Club for the Spring Semester at Sul Ross State University in Alpine, during a recent annual recognition dance.

Moorhouse is a Senior at Sul Ross majoring in range animal science. He graduated from Benjamin High School in 1964. He is the son of Mr. J. C. Moorhouse, Box 255, Benjamin, Texas.

Wreck Victim Has Kin Here

A car wreck near Paducah on Highway 83 Saturday morning claimed the life of Mrs. Bertie Ida Hight, 77. Mrs. Hight was related to Mrs. Annie Dowling and was a sister of Mrs. Mable Dearing and an aunt of Mr. Horace Finley, all of Knox City.

According to investigating officer Ernest Neal, the accident occurred when Mrs. Hight lost control of the car and hit a bridge post. She was dead on arrival at a Paducah hospital. Her daughter, Mrs. Christine Hardin, who was traveling with her suffered injuries and according to Mrs. Horace Finley, at press time Tuesday, Mrs. Hardin was still hospitalized with serious head injuries.

Funeral services were held Monday morning at 11:00 a.m. in Guthrie. The Rev. Larry English of Abilene officiated, and burial was in Guthrie Cemetery.

Other survivors include a son, Richard of Clarendon, three grandchildren, and two great-grandchildren.

Local Pumper Kills Rattlesnake On 6666 Ranch

Lee Roy (Boots) Walker began his week by killing a rattlesnake Monday morning while making his rounds as pumper on the Hack Drilling Company Lease located on the 6666 Ranch just outside Guthrie.

Walker reported that he first ran over the snake with his

THE BIG COUNTRY SQUARES — From left, Gary Carver, Merri Clarke, Doak Graham, Gayle Tankersley, Joey Swain, Pam Odom, Cliff Ray, Stacy Angle, Wade Arledge, and Temi Baker. Team members Stacy Angle and Cliff Ray were both absent the night of the Benjamin contest, and alternates Temi Baker and Wade Arledge very capably filled in for them.

Square Dance Team Wins Talent Contest

The Big Country Squares, Knox City's youngest square dance group were winners in a recent talent show held in Benjamin. The youngsters, who will be seventh graders in Knox City Junior High next year, are planning some sort of future entertainment to utilize their "winnings".

Organized in March of this year by Mrs. Samuel Tankersley, the four couples and one alternate couple meet regularly to practice and also to continue to learn new steps. Melvin A. (Buster) Lowrey gives of his time and talent to work

Army Captain Is Killed

Mrs. Alma Culwell received word Tuesday that her granddaughter's husband, Captain Mike Phillips was killed Thursday while serving the U.S. Army in Vietnam.

Captain Phillips and his helicopter crew were shot down while on a flying mission. "He would have completed his one year obligation in Vietnam on August 9," Mrs. Culwell related.

The captain's wife, the former Karen Culwell of Irving told her grandmother that services were pending as of press time.

with the group and calls for them. The first meeting was held in the home of his and Mrs. Tankersley's parents, Mr. and Mrs. M. S. (Snort) Lowrey who live southeast of Knox City. Mr. Lowrey, an 'old pro' when it comes to calling for square dances helped with their first session, and it was noted that for one family it was the third generation with whom he had helped and the second for another, Merri Clarke, her father, Charlie Clarke, and her grandmother, Mrs. Loree Clarke as well as Stacy Angle and her father, Buddy Angle, have all learned the art of square dancing with Mr. Lowrey's assistance. Asked when he first began calling for dances, Mr. Lowrey said that he learned by listening and observing, and in the early twenties, whenever a caller would not be available, he obliged.

The girls in the group perform in red and white check, basque style dresses with puff sleeves and wide sashes that tie in huge bows at the back. Dressed in blue jeans and white western shirts, the boys wear matching red and white check kerchiefs around their necks.

Members of the square are Gayle Tankersley and Doak Graham, Merri Clarke and Gary Carver, Pam Odom and Joey Swain, and Stacy Angle and Cliff Ray. Alternates are Temi Baker and Wade Arledge.

Local Methodist Pastor Reassigned

At the final session of the Northwest Texas Conference of the United Methodist Church held in Lubbock recently, Rev. B. J. Foster minister of the local Methodist Church was reassigned to his appointment with the church here for another year.

Added to that appointment is the church at Benjamin. He will begin services in the Benjamin Church, Sunday, June 8.

Sunday Services Held For Mrs. Lela Harrison, 82

Funeral services were conducted here Sunday afternoon at 4:00 o'clock for Mrs. Lela Harrison, the Rev. Walter Driver, Crowell Methodist minister and the Rev. B. J. Foster, pastor, officiated. Interment was in the Gillespie Cemetery under the direction of Smith Funeral Home.

Mrs. Harrison died about 7:30 p.m. Saturday in the Brazos Valley Care Home where she had been critically ill for several weeks.

She was born January 11, 1887 in Madison County, Texas, but had been an area resident for over fifty years. She married Elmer W. Harrison in 1916 at Gillespie. He died in 1963 and Mrs. Harrison had resided in Knox City for the past several years.

She was a member of the Baptist church. Survivors include a daughter, Mrs. J. C. McGee of Knox

Lions Club Swimming Pool Open Daily

Sunday, June 1, was officially "Splash Day" for the Knox City Lions Club Swimming Pool. Although a rather early Sunday cooled the weather considerably from the hot weather endured here Saturday, many youngsters were on hand for the opening of the pool located in the City Park.

Misses Gail Cornett and Sue Egentacher have been named managers of the pool for the season and as will be noted in their ad in this week's Herald, hours have been listed and special nights named. The young women also plan to begin swimming lessons next Monday, June 9 from 10:00 until 11:00 a.m. and anyone interested may inquire and sign up at the pool.

Gail, daughter of Mr. and Mrs. Clifford Cornett finished her freshman year at Texas Tech last week. Daughter of Mr. and Mrs. John Egentacher, Sue is a 1969 graduate of Knox City High School.

Season passes may be purchased at a very special price, and it looks as if much fun may

of his area and Burkham holds a degree in science from Christian College. Burkham's degree in education from Houston State, received in 1959. Burkham was appointed as instructor through the cooperation of the local school district.

"Best Of Show" Trophies Awarded At KC Art Show

At the Knox City Chamber of Commerce Arts and Crafts Show held here recently Mrs. H. W. Finley and Mary Jo Campbell, daughter of Mr. and Mrs. Bruce Campbell Jr. were named winners in the open division. They each received a "Best of Show" trophy.

Mrs. Finley's picture consisted of a Madeira vine dried in Silica Gel attached to a white background of pressed board. A piece of fungus sliced in half formed the vase lending dimension and a beautiful oriental flair to the handsome creation, complete with black lattice frame.

Miss Campbell received her trophy for her interpretation of "See ART SHOW, Page 2"

Little League

The Little League scores Monday evening after play looked something like this: Tigers 11 - Cardinals 1 and Dodgers 15 - Red Sox 4.

Oleta Fitzgerald Named Chairman Of Foods For MVF

Mrs. Oleta Fitzgerald has been named chairman from Knox City again this year of the baked and canned foods division for the Munday Vegetable Festival.

Mrs. Fitzgerald told the Herald that she has all the necessary information for anyone who is interested in entering her best baked or canned foods. The judging will take place on Saturday, June 28, and all entries must be in place no later than 3:00 p.m. on Friday, June 27.

for the Texas Education Agency, stated that he feels that McGaughey is unusually qualified in meeting the needs of participants in the workshop, due to his having taught science in both larger and smaller school systems. Criticisms of past workshops has been that group leaders have had experience only in large schools and colleges and were not familiar with the problems of the smaller schools.

The theme of the 1969 workshop is "The Creative Teacher-Symbol of Education." Using the theme as a guide, group leaders will conduct sessions designed to improve the small school's instructional program in all areas of the curriculum. Persons interested in obtaining additional information concerning the workshop may do so by contacting the school superintendent of McGaughey.

Benjamin School Begins Summer Programs Monday

Two summer programs will begin next Monday morning at the Benjamin Schools, according to Supt. Kenneth Roberts.

A pre-school summer program will begin Monday at 8:30 a.m. and continue through July 11. Miss Mary Duke, who has had teaching experience in Midland, Rochester, and Carrollton will teach. Miss Duke is a graduate of TWU.

The school is open to all children who will be six years old on or before September 1. It will be necessary to bring a birth certificate, officials said.

A readiness program, the school is designed to prepare the students for the first grade. The program is funded entirely by local funds.

Beginning also on Monday, June 9 from 9:00 until 11:00 a.m. will be a child care class for mothers of young children. The class will be conducted for three days, June 9, 10, and 11

at the Benjamin School. Area to be discussed during the class will include Your Child's Health by Mrs. Alton Fitzgerald; Childrenee by Mrs. Don Whitley; Books for Children by Mrs. Charles Griffith; Educational Toys by Faye Graham; and Child Discipline and Your Child and his Art by Veeta Reid. Other topics will include preparing a child for school, emotional problems, and helping the slow learner.

Mothers, grandmothers, or anyone interested in small children are invited to attend one, two, or all three of the classes. Classes will be directed by Veeta Reid, Benjamin home-making teacher.

ATTEND EXERCISES
 Mr. and Mrs. Bobby Day of Lubbock were here to attend commencement exercises for his niece, Sue Egenbacher, Tuesday, May 27.

BOY! SOME MANAGERS! These two lovely girls, Gail Corbett, left and Sue Egenbacher have been named managers of the Lions Club Swimming Pool.

TROPHY WINNERS for "Best of Show" in the Chamber of Commerce Arts and Crafts Show were Mrs. H. W. Finley, left, and Mary Jo Campbell. Mrs. Finley's winning picture may be seen in the center background.

ART SHOW

the one-room schoolhouse described in Catherin Marshall's novel, "Christy". The walls of the 12 x 18 x 8 inch structure were made of split salt cedar branches, whitewashed on the interior. The roof was constructed of paradise tree bark and the tiny furnishings were of cardboard. The setting was complete with school bell and schoolmarm.

Ribbons for first, second, third, and fourth places were awarded other winners in the various divisions.

BASEBALL WEEK

Continued From Page 1

of the program and to encourage support and interest.

In announcing plans for Little League Week, President Peter J. McGovern said the occasion of an annual observance serves to re-affirm the dedication of thousands of men and women volunteers to the achievement of beneficial goals for the nation's youth. He emphasized that Little League is the only sports agency in the United States to hold Federal charter of incorporation and its role in cultivating a climate of decency, discipline and teamwork is vital to the preservation of American ideals.

McGovern also pointed out that the Little League Foundation, which supports the work of the program, conducts its one-time-a-year drive for funds during Little League Week. As a deficit activity, Little League is dependent on the charitable interest of thoughtful citizens who recognize its values. These are translated annually to two million youngsters without resort to the tax dollar. All contributions to the Foundations are deductible, McGovern said, and he urged all who can do so to help in the 1969 drive.

Bond Sales Reach 22% Of '69 Quota

During April the United States Savings Bonds and Freedom Shares in Knox County totaled \$4,926, according to County Chairman W. E. Braly. The January-April sales were \$35,993 and this is 22 percent of the 1969 goal of \$160,000.

Texas sales during April totaled \$15,903,089 as compared to \$16,729,456 during April 1968. Year-to-date sales totaled \$62,659,466 which is 36 percent of the state's goal of \$176.5 million.

Total April sales of E and H Bonds and Freedom Shares over the Nation totaled \$411 million, 1 percent over April 1968. Total January-April sales of \$1,657 million were 5 percent under last year's first four months.

WFMAC To Hold First Div. Convention

The Wichita Falls Museum and Art Center will be holding classes in the summer session June 17 through July 25.

Registration is scheduled for Friday, June 13 from 9:30 a.m. to 5:00 p.m. There will be classes for children ages 6 through 9, 10 through 13, and junior high through high school, as well as adult classes.

Children's classes will include child crafts, basic sculpture, rock hounding, and dog obedience. In the junior high and high school divisions, classes will cover beginning oil painting, guidelines for sportsmen, fossils and basic sailing skills. And adult classes will consist of such studies as oil painting, beginning book-binding, and advanced book-binding.

Area Students Are Awarded Degrees At Texas Tech Sat.

Four area students were among the 2,000 who received degrees at Texas Tech's commencement exercises Saturday, May 31.

Claudia Jean Reed Tidwell, daughter of Mrs. Claude Reed and the late Mr. Reed and wife of Joe Tidwell received a bachelor's degree from the school of home economics.

Larry Fred Bratcher of Vera and Milton Leon Groves of Benjamin received bachelor's degrees from the school of agricultural sciences, and Billy Jack Roberts of Benjamin was awarded a bachelor's degree in arts and sciences.

Certificate Needed To Apply For SS Retirement Benefits

Nationally, about 45 percent of the people applying for social security retirement benefits have a birth or baptismal certificate to prove their age.

Here in the Munday and Knox City area, Edwin Draughon, social security manager in Vernon said, the percentage is a little lower than the national average. In many areas of the country, he said, the keeping of the birth records was not systematic or well organized at the time today's retirees were born.

While the best proof of your age, Mr. Draughon noted, is a birth or baptismal record recorded before your 5th birthday, other records can be used if neither of those documents is available.

Self-Service Laundry Helps Save Money

College Station - If a household washes less than five loads of laundry a week, it saves money to use self-service coin-operated machines, according to Doris Myers, Extension home management specialist.

Laundering costs in the coin-a-mats are lower today than ten years ago, she adds. A decade ago coin-operated laundries charged 20 cents for eight pounds - or two and one half cents a pound. Today's larger more efficient equipment makes laundry cost about one and one half cents a pound.

For self-service dry cleaning, several dollars can be saved on every eight pound load, according to National Automatic Laundry and Cleaning Council figures.

In some coin-stores, attendants prepare, clean and hang garments, freeing the customer for other chores.

By using self-service dry cleaners and following recommended procedures, a large percent of all stains found on garments will be removed, notes the specialist. Some stains, especially those that become "set," can never be removed without damaging the fabric.

Spotting spray used in coin-dry cleaning establishments will assist in the removal of water soluble soil, but circumstances such as the age of the stain, type of fabric, dye and unusual stains may require chemical treatment by a professional, Mrs. Myers states.

Senior Citizens Urged To Sign For Medical Insurance Early

A request for payment of Medicare benefits filed with a hospital by or on behalf of a hospitalized elderly patient will now be considered a written intent to claim both hospital insurance benefits under Medicare and cash social security benefits, Robert M. Ball, Commissioner of Social Security, announced today. This change became effective upon publication of a new regulation in the Federal Register of May 2.

Ball said that under the new procedure the request for payment of benefits filed with the hospital will serve to protect the person's social security and Medicare benefits during the period between the admission to the hospital and the taking of a formal application for benefits. He said that in the event that a patient died before he had an opportunity to file the claim, the application could be obtained from a member of the patient's family, a representative of his estate, or even the hospital itself.

Thanks Knox City

The people in Munday appreciate the wonderful support you gave us in making the Miller Creek Lake possible.

I have lived in Munday since 1902 and I have always noted that Knox City and Munday's leading citizens would get together and put over any project that was for the betterment of their town. Our towns are not as large as some but it seems that they are more united when something comes up such as this.

This was the only place in any direction that we could possibly have built a lake and had we lost the state permit for this site, some of the larger towns would have jumped on it on short notice.

The water board paid for trespassing rights on the land where the lake is to be built and any one of the board members (including your two) can have a key and take any one to see the place where the lake is to be built. It is one of the most perfect places for a lake I ever saw and I hope as many of you as can will see it, even before the work is started.

There is two hundred and seventeen square miles of water drainage into this lake and we have been assured by all the private, state and federal engineers that this will be a lake with about the best quality of water of any in the state.

The dam and spillway are being so constructed to hold 25,000 acre feet of water which the engineers say is all we need for a long time, but if we ever need a larger lake all that has to be done is raise the dam and spillway and make it a forty thousand acre foot lake.

There are some towns around us that have already indicated they want to buy water and it is more profitable to sell them water for 36c per thousand gallons than have them as a partner.

I think there will be enough of our present supply of "gip water" for all of us older ones to drink while we are here, but isn't it wonderful that our children and their children will have this good water during their life time.

With the federal grant and the state's help (outside of a two year tax) we are having something handed to us on a "silver platter."

It has been twelve long years of ups and downs trying to get this lake built and most of those years have been on the down side. Had it not been for Mr. L. B. Patterson's work and determination to build this lake I think most of us would have given up several years ago. He deserves most of the praise for it now being a reality.

Thanks for your cooperation and I think we can all look forward to our towns getting better, rather than drying up.

C. P. Baker, Sr. 1tp

Something's New - And Valuable, Too!

GOLD BOND STAMPS

Every Time You Shop Bob's Super Save

Frontier Stamps may also be redeemed at Gold Bond Gift Centers.

YOU DESERVE THE BEST OF EVERYTHING when you shop. That's why you will be getting **GOLD BOND STAMPS** with every purchase from now on. Gold Bond Stamps add up fast, and multiply into a really exciting choice of fine gifts. Shop through the Gold Bond Gift Book and see for yourself. You'll find a delightful selection of name brand items - the practical for your home, or the exotic and unusual gift you've wanted but never dared spend money on. Now you can have either or both in a very short time by saving Gold Bond Stamps. The **BEST OF EVERYTHING** means you still find the same **LOW PRICES and QUALITY ITEMS**... plus the exciting extra - **GOLD BOND STAMPS**.

Attention! CHURCH and CLUB WOMEN!

GET FREE EQUIPMENT with GOLD BOND GROUP PROJECT PLAN

WHAT IS THE GOLD BOND GROUP PROJECT PLAN? It enables you to earn both free gifts for yourself and equipment for your organization with the same Gold Bond Savers Books.

WHO CAN PARTICIPATE? Any non-profit organization - churches, schools, etc.

WHAT CAN WE GET WITH GROUP PROJECT? Almost anything from silverware to a school bus.

HOW DOES GROUP PROJECT WORK? A point value is put on equipment desired.

HOW DO WE EARN POINTS? Earn 3 ways:

1. 10 Group Project points for every Savers Book you redeem.
2. 750 Group Project points for every filled Savers Book you donate.
3. Receive hundreds of Group Project points for extra activities...

Streams In Desert Places
BY OZELLE STEPHENS

"The Lord before whom I walk, will . . . prosper thy ways", Gen. 24-40.
"When we walk with the Lord, in the light of His word: what a blessing He sheds on our way. While we do His good will, He abides with us still, and with all who trust and obey."
The poet had found the secret of Abraham who said, "The Lord will prosper thy way." He had walked confidently and joyfully before the Lord for many years, with sand in his shoes and stars in his eyes, because he believed God's promises.

Abraham proved to us that God is interested in every part of our daily lives, in the task of earning a living and caring for the home. We do not walk alone, but with Him who prospers our ways. We too shall walk and not faint as Isaiah learned to do.

FROM CLAUDE

KC Garden Club Meets At Jungman Home In Seymour

The south porch, at the home of Mrs. H. F. Jungman in Seymour, was the setting for a luncheon last week, when the Knox City Garden Club gathered at 12 o'clock noon. Long tables covered with floral cloths and set with matching plates added an air of springtime to the lovely surroundings.

Mrs. Guy Robinson assisted Mrs. Jungman as hostess and installed officers for the coming year. They included Mrs. Ernie Wilson, president; Mrs. Guy Robinson, first vice-president; Mrs. B. F. Cornett, second vice-president; Mrs. Au-

thur Crownover, third vice-president; Mrs. H. E. Wall, secretary-treasurer; Mrs. J. C. McGee, parliamentarian; and Mrs. C. C. Hoge, reporter. Mrs. Phil Dudley will continue her duty as scrapbook chairman.

During the business meeting, members voted to participate in the Community Floral Arrangement division of the Knox County Vegetable Festival on June 27-28. Ideas were suggested and discussed as possibilities for next year's programs. And Mrs. Jungman invited club members to meet with her next September at her cabin on Lake Kemp.

MRS. CLAUDIA TIDWELL

Mrs. Tidwell Graduate Of Texas Tech

Approximately 2,050 graduating students of Texas Technological College made their degrees official in Municipal Coliseum Saturday night. Among the graduating seniors was Claudia Jean Reed Tidwell who received a Bachelor of Science degree in Home Economics Education.

Capping an afternoon of receptions, the commencement address was delivered by Dr. Fred Harvey Harrington, president of the University of Wisconsin.

While attending college, Claudia attained the honor of having her name listed on the Dean's Honor Roll each semester. She was selected to be a member of Phi Kappa Phi Honorary Society which accepts

only the top 10% of the graduating class.

Attending Claudia's graduation were her husband, Joe and their son, James, along with her mother, Mrs. Claud Reed and Joe's mother, Mrs. Jim Tidwell, both from Knox City.

Couple To Be Honored Sat.

Mr. and Mrs. Simon Rocha Sr. will be honored at Mass for their silver wedding anniversary at Santa Rosa Catholic Church here on Saturday evening, June 7 at 7:30 o'clock. The couple has been married for 25 years today, (Thursday) June 5.

Hostesses for the occasion will be Mrs. Sally Flores, sister of Mrs. Rocha, and Mrs. Carolina Rios, her daughter.

ATTEND GRADUATION

Mrs. Paul Fitzgerald, accompanied by her sister, Mrs. Robert Hutchinson of Weichert were in Wichita Falls Wednesday night of last week to attend graduation services at Rider High School for their nephew, Eddie Humphries, son of Mrs. Barrie Humphries and the late Mr. Humphries.

IN DAY HOME

Visiting Mrs. Jewell Day Saturday were Mr. and Mrs. James Seaton of Sweetwater, Mr. and Mrs. Gayland Seaton of Abilene, and Mr. and Mrs. Glen Tarrant, also of Abilene.

MRS. THOMAS JAMES PURDOM

Miss Shoemaker And Thomas James Purdom Exchange Vows

Following a wedding trip to Cloudercroft, New Mexico, Mr. and Mrs. Thomas James Purdom will live at 2823 64th Street in Lubbock. The Rev. W. G. (Bill) Burton officiated at the double ring ceremony Saturday afternoon in Elgin Avenue Baptist Church in Lubbock.

The bride, the former Miss Betty Marie Shoemaker, is the daughter of Mr. and Mrs. W. I. Shoemaker of Lubbock.

A graduate of Rankin High School, the bride holds a BS degree from Hardin-Simmons University in Abilene, teaches at Sanders Elementary School in Lubbock and plans to work on her Masters at Texas Tech this summer.

The bridegroom is the son of Mrs. Juanita Purdom of Knox City and T. E. Purdom of Lubbock. He graduated from Ozona High School and received his BA degree from Texas Tech. He attended law school at George-

town University in Washington, D. C. and was employed for a time by Congressman George Mahan. He is presently serving as Lubbock County Attorney.

Escorted by her father, the bride chose a floor length gown of white silk organza over peau de soie, featuring an Empire bodice, bateau neckline and slim skirt. She carried white roses.

Matron of honor was Mrs. Frank G. Stone of Lubbock and W. R. (Bill) Purdom of Lubbock was his brother's best man.

Alan A. Henry of Lubbock was usher and Karlene Eastland of Slaton was organist.

A reception was held in the Fellowship Hall of the Elgin Avenue Baptist Church. Members of the houseparty included Miss Mary Vaughn of Poyote and Mrs. Cliff Epps of Lubbock.

Texas Cowboy Reunion Dates Set For Annual Celebration

Dates for the 1969 Texas Cowboy Reunion have been set for July 3, 4 and 5 with three night performances and a matinee on the afternoon of July 5, according to Eugene Swenson, President of the Reunion. This will be the 39th annual celebration since the beginning of the show in 1930. There was no show during the dark days of World War II in 1943.

As has been the custom in past years, local citizens will serve as chairmen of the various committees which help stage this world-famed show where many events originated that are now being used in all the big rodeos across the country.

Mrs. Lee Walker was named secretary of the organization at a recent Board meeting to replace her late husband who held the position for many years. Other officers re-elected for another year were Eugene Swenson, president, Carl Swenson, vice president and John R. Rice, treasurer.

The Board of Directors re-elected for the coming year are H. G. Andrews, Bernard Bule, Russell Crownover, A. C. Humphrey, A. J. Mills, A. M. G. Swenson and W. G. Swenson. One new chairman, Lowell Longley, manager of the Chamber of Commerce, will have charge of the publicity. Dr. Tom Bunkley will be in charge of first aid which duty is rotated among the local doctors. All other chairmen have served up to twenty years in their capacities. Dean of these is Sam Batze, in charge of stall reservations. A close second to him is Roy Craig, local newspaper owner, who handles the souvenir programs. Another veteran in his line of service is Carl Swenson, who is in charge of the rodeo events.

Other chairmen are John Bennett, grandstands and parking; Pete Andrews, legal; C. E. Brownfield Jr., decorations and concessions; Russell Crownover, lighting; George Humphrey, parade; Stanley M. Keever, gates and guards; A. J. Mills, sponsors; Gerald Proctor, chuck wagons; Charles Sten-

holm, quarter horse show; James H. West, tickets and admissions.

Must Be Made With School District

Austin - Texas parents who wish to transfer their children from one public school district to another - without changing their own place of residence - have been given a new route by the State Legislature.

This new plan is outlined in detail by the Texas Education Agency in a letter mailed to school superintendents throughout the state Monday (May 26).

The act, passed by the 61st Legislature and signed by Governor Preston Smith on May 9, repeals transfer methods which have been in effect since 1925 and 1935.

Parents will no longer apply for transfer to the county superintendent. Instead, they will now go directly to the superintendent of the school district they wish their children to enter. The parent or guardian of the child must apply in writing at the receiving school superintendent's office. If the district agrees to receive the non-resident student, the parents or guardian will be notified in writing.

The old June 1 deadline for filing transfer applications will be extended, probably by several weeks, when the State Board of Education meets in Austin June 7, Agency officials explain. The board is also expected to adopt policies for implementing the new law.

Parents who have already applied for transfer to the county superintendents will be notified in writing to contact the receiving school district. If their applications have already been sent to the county office, they will be forwarded to the receiving school district. Parents who transfer their

A weekly public service feature from the Texas State Department of Health

Accent on Health

J. E. PEAVY, M.D., Commissioner of Health

Water sports are attracting more and more Texans to lakes, streams, seashore and man-made pools, and the deaths from drownings are increasing proportionately.

The state's water provide some of the most pleasurable recreation available for individuals and families, but any outdoor recreation should be undertaken only with planning and caution, advises the Texas State Department of Health.

Last year in Texas 489 persons drowned. Ninety-six of the victims were 10 years old or younger, and 52 of them drowned in their home area in such things as swimming pools, farm ponds and while wading. The 11 to 20 year-old bracket had 54 deaths, the 21 to 30 age group 70 deaths and people over 50 years old had 48 drownings.

Nationwide, 60 percent of those who drowned did so because they fell into the water accidentally. Had all been able to swim, the toll would have been much lower.

Everyone who goes on or around water should know how to swim or wear Coast Guard approved lifejackets. Even with safety devices worn, however, some persons drown in stormy or cold weather.

Almost anyone has access to swimming instruction, either through the Red Cross or from private teachers in their hometowns. Last year the State Health Department conducted 24 swimming pool management schools. More than 1,000 operators attended.

Always swim with a companion - never alone. On a long distance swim, arrange for someone in a boat to accompany you.

Swim in a safe place. The presence of lifeguards usually indicates the area is safe for swimming. Stay away from the area immediately in front of the diving board and do not swim near piers or pilings.

Before diving, make sure the water is deep enough and there are no hidden objects such as submerged rocks. In pools look for depth markings before entering.

If you have not been swimming since last summer, take it easy at first. Know your limitations, and stay within them.

Wait at least an hour after eating before swimming, and don't swim when overtired or overheated.

Make certain that reaching poles, buoys, and similar rescue equipment are readily available at your swimming area.

Don't depend on an inflated innertube or toy to hold you up. They may slip away from you.

Whenever a storm approaches, get out of the water - it is a conductor of lightning.

Austin - If the warm spring weather has drawn you out to work in the yard - when it's not raining, that is - and you haven't had a tetanus immunization, you are, in fact, giving tetanus an open invitation to pay you a visit.

Last year it visited 17 persons in Texas - and all but seven died. Of the 10 deaths, at

least eight had not been immunized against tetanus, according to State Health Department morbidity reports.

Often referred to as "lockjaw," tetanus is no respecter of persons - either by age or residence. It hits anywhere.

In 1968, the disease struck down two infants under one year of age. It also claimed victims in the 1-to-4 age group, and age groups of 5-to-9, 10-to-19, 30-to-39, 50-59 and 60 and older.

Tetanus is definitely a killer. Even when treatment is started almost immediately, about one-third of the victims die anyway.

Fortunately, there is an effective and safe immunization procedure against this disease.

However, an initial series of tetanus inoculations will not help if given after an injury. A booster will do, if you've had initial protection.

Spores of the bacteria which cause tetanus are almost everywhere. They are found in soil, street dust and animal droppings, particularly in manured soil. A scratch, cut or open sore may allow some of the unseen spores to enter the body.

Once inside the body, these tough spores turn into a form of tetanus germ which may secrete a powerful toxin - or poison. One-fourth teaspoonful of this toxin is enough to kill 100,000 people.

In humans, the toxin causes muscle spasms, convulsions and frequently death. The label "lockjaw" refers to a spasm of the jaw muscle which clamps the jaw shut.

Unless you have had a basic tetanus immunization in the armed forces or from your family doctor, you must do so before an injury to be protected.

In many Texas school systems, local rules require that all students entering school for the first time must show proof that they have been immunized for certain diseases; tetanus is sometimes one of the required immunizations.

But in the preschool group and for adults who have not been immunized for tetanus or whose immunization effectiveness has expired, the need certainly exists.

Why take a chance?

Well, here it is June! Schools out, summers beginning and the combines are running. Did you also know that June is dairy month? Delicious refreshing milk is important for the well being of everyone from infants to senior citizens. As nature's most nearly perfect food - it can provide the needed "pick-me-up" on these hot and hectic days. Different age groups need different amounts each day. A good rule of thumb is to allow 3 to 4 glasses for children, 4 or more for teenagers and 2 or more for adults. Not all the recommended amount need be drunk: it can be used in many prepared dishes. Soups, creamed meats and vegetables, salads, puddings, custards and the all-time hot weather favor-

ite - ice cream.

Here's a refreshing and nutritious dish to help you and your family its daily milk requirement.

PRUNE LEMON BAVARIAN
2 tablespoons (2 envelopes) unflavored gelatin
1/2 cup water
2 cups milk
2 egg yolks
1/2 cup sugar
1 tablespoon cornstarch
1/4 cup lemon juice
1 teaspoon grated lemon rind
1 cup chopped cooked prunes (you can substitute some drained fruit here if you prefer)
1 cup heavy cream
1/4 cup confectioners' sugar
Softened gelatin in water together with milk and egg yolks
Combine in saucepan sugar, cornstarch. Gradually stir in mixture into cornstarch mixture. Cook over very low heat (175 - 200 degree F. dial on controlled burner) slightly thickened and coats metal spoon stirred constantly. Remove from heat. Add lemon rind and lemon juice. Chill until partially set. Prunes until stiff and confectioners' sugar, fold whipped cream into mixture. Pour into mold. Chill until firm. 6 to 8 servings.

IN ANDERSON HOME
Recent visitors in the home of Mr. and Mrs. E. J. Anderson were their grandsons, Mr. and Mrs. Jerry Don Anderson and Russell of Gustine and Mrs. Dennis Anderson of Poyote. They also visited with her family, Mrs. Fred Carver.

SHERYL'S
SAMPLER
By SHERYL TRIMMIE

A reminder to all home demonstrators council members - the council will meet Friday, June 6, 2:00 p.m., at the Courthouse Assembly Room. All delegates and club presidents should bring their club's suggestions for the 1970 yearbook. Each club should also bring the name of their nominee for County THDA Chairman and delegate to the state THDA meeting to be held in September in Dallas. The council will elect a chairman and three delegates from the nominees.

And here's a reminder to all homemakers in Knox County - if you haven't already done so, start making plans to enter the Knox County Vegetable Festival. There are numerous divisions to choose from - canned and baked foods, crafts and hobbies, flower arrangements, just to mention a few. This is your Festival, so participate.

Well, here it is June! Schools out, summers beginning and the combines are running. Did you also know that June is dairy month? Delicious refreshing milk is important for the well being of everyone from infants to senior citizens. As nature's most nearly perfect food - it can provide the needed "pick-me-up" on these hot and hectic days. Different age groups need different amounts each day. A good rule of thumb is to allow 3 to 4 glasses for children, 4 or more for teenagers and 2 or more for adults. Not all the recommended amount need be drunk: it can be used in many prepared dishes. Soups, creamed meats and vegetables, salads, puddings, custards and the all-time hot weather favor-

ite - ice cream. Here's a refreshing and nutritious dish to help you and your family its daily milk requirement. PRUNE LEMON BAVARIAN 2 tablespoons (2 envelopes) unflavored gelatin 1/2 cup water 2 cups milk 2 egg yolks 1/2 cup sugar 1 tablespoon cornstarch 1/4 cup lemon juice 1 teaspoon grated lemon rind 1 cup chopped cooked prunes (you can substitute some drained fruit here if you prefer) 1 cup heavy cream 1/4 cup confectioners' sugar Softened gelatin in water together with milk and egg yolks Combine in saucepan sugar, cornstarch. Gradually stir in mixture into cornstarch mixture. Cook over very low heat (175 - 200 degree F. dial on controlled burner) slightly thickened and coats metal spoon stirred constantly. Remove from heat. Add lemon rind and lemon juice. Chill until partially set. Prunes until stiff and confectioners' sugar, fold whipped cream into mixture. Pour into mold. Chill until firm. 6 to 8 servings.

The Board of Directors
of the
B-K Electric Cooperative, Inc.

is happy to announce that their members will receive patronage refunds in the amount of \$53,000.00 for the year 1968 this week. This makes a total of \$183,000.00 returned to our members over the past few years.

"Helping Texas Grow" is one of the slogans of the electric cooperatives of Texas, and the other one is "owned by those we serve".

Every Farm home in our area is receiving electric service from us. In other words 100% electrified.

Your Directors appreciate the help you members have given them over the years as does the operating personnel. Let's all continue to "Help Texas Grow".

Ph. 658-4391

FORMER STUDENT HIGHLAND SUPT.

Paul Gothard, a 1954 graduate of Carney High School and son of Mr. and Mrs. Dwight Gothard, has been named new superintendent of Highland School, near Roscoe.

Gothard has taught math and coached high school sports at Highland for the past five years. He received his Bachelor's and Masters degrees from McMurry College in Abilene.

Mrs. Gothard is the former Kay McArley of Blackwell. Kay McArley of Blackwell. They have a two-year-old son, Courtney.

FORMER GRAD MAKES PHARMACY HONOR SOCIETY

Jerry Wilcox, former graduate of Carney High School, was recently initiated into the University of New Mexico in Albuquerque chapter of Rho Chi, the National Pharmacy Honor Society. In order to qualify for this honor, a pharmacy student must have completed 112 hours while maintaining a grade point average of at least 3.0.

Jerry will graduate in 1970. His wife is the former Nancy Lippard of O'Brien. He is the grandson of Mr. and Mrs. W. T. Wilcox of Knox City.

GROUP TOURS FACTORY

Last Wednesday afternoon Mrs. Johnny Reid, local home-making teacher and president of the local Waldrip Home Demonstration Club, conducted a tour of the clothing factory in Stamford, formally known as Lorch-Westway Corp., Carheart of Texas Division.

Men wanted in this area to train as **LIVESTOCK BUYERS**. Learn to buy cattle, hogs, sheep at auctions, farms, feedlots, ranches. We prefer to train men 21-55 with livestock background. For local interview write age, phone, experience to National Institute of Meat Packing, Box 9554, El Paso, Texas 79985. Approved for Veterans

ming with the kids, but some high school girls, who will remain nameless, were there, and dunked them, anyway.

Mr. and Mrs. Jerry Rowan of Bonham and Mr. and Mrs. Lowell Rowan of Dallas have been here visiting their parents, Mr. and Mrs. Milton Rowan and Debbie.

Sp/5 and Mrs. John McCada and Shane are visiting here with their parents, the C. B. Banners and the A. L. McCada Jr. family. They have just returned from being stationed in Gablingen Kaserne, Germany, and he leaves June 25 for this third tour in Vietnam. Gloria and Shane will live here while he's gone.

4-H'ers Attend District Camp

Two boys and one girl from Knox County attended the District 34-H Leadership Camp at Lake Brownwood, May 26, 27, and 28. They were Randy Jones, son of Mr. and Mrs. Harold Jones of Goree; Ray Herring, son of Mr. and Mrs. C. H. Herring of Rhineland; and Temi Baker, Knox City. The Agricultural Agent and Home Demonstration Agent accompanied them.

Activities at the camp included study sessions on the following subjects: Food and Manners for teenagers, wildlife, safety, recreation, and citizenship. For recreation those attending could participate in swimming, games, and square dancing. Special programs were presented by members of the West Texas Utilities staff. Mr. Dan Castles spoke on photography. Mrs. Joyce Greene presented Fashions for Fun to the girls, and Mr. Curly Hays demonstrated Isometrics to the boys.

The three days proved to be an enjoyable experience for everyone.

Kimberly and Melissa spent Monday through Wednesday in Abilene with their cousins, Darren, Dennis and Damon Albus and their parents, Mr. and Mrs. Dwight Albus.

The Charles Thorn family has packed and gone to Denton for six weeks while Charles attends graduate school at North Texas State University. They plan to be back home on weekends.

Mrs. Charlie Rex of Wellman is visiting her mother, Mrs. S. J. Reeves, Sr.

Mr. and Mrs. S. J. Reeves Jr. and Mrs. Maggie Talbott of Knox City met the John Lippard family of Del City, Okla., at the Dan Talbott home in Wortham for the weekend. Kathy Talbott returned home with her grandmother for a two week visit.

Fifteen members of the Junior Class at Vacation Bible School at the Baptist Church went on a picnic at Mansfield Park last Thursday after classes. Sponsors, Cleo Rowan, Loreta Hewitt, David Ellis, Judy Park and Tanya Bussa hadn't planned on going swim-

ing with the kids, but some high school girls, who will remain nameless, were there, and dunked them, anyway.

Tommy Brewster Jr. of Oklahoma spent last week with his grandparents, Mr. and Mrs. K. E. Woolley, Kermit and Mark and Mrs. Oretta Kilgore. Mr. and Mrs. K. E. Woolley returned Tommie to his home in Oklahoma Monday of this week.

Joe Trepanier, who is working in Oklahoma visited his family here over the weekend. Nan Gilbert and her boyfriend Stephen McNellen of Midwestern University in Wichita Falls spent the weekend with her mother, Mrs. Fannie Gilbert and grandmother, Mrs. Nan Chitty, other relatives and friends.

Cynthia, Terry and Polly Wells of Seymour spent last week with their grandparents Mr. and Mrs. Lovell Brown, other relatives and friends and attended the Baptist Vacation Bible School.

Glenda Conner and baby have been visiting her sister, Mrs. Peggy Haley and children in Fort Worth. Mrs. Haley accompanied Glenda and baby back home and her children Mike and Pam Haley remained for a visit with their grandmother, Mrs. Shorty Conner.

Linda Cox of Colorado visited Mrs. Zena H. Waldron and Mr. and Mrs. Sammy Pierce and Keith, and other friends here one day last week.

Wendy Pollock, daughter of Mr. and Mrs. Bill Pollock of Houston is here visiting her grandparents, Mr. and Mrs. Henry Duke, other relatives

and friends in Weatherford.

Mr. and Mrs. Albert Alexander and Alvin spent the weekend visiting their daughter, Fern and family in Athens.

Chris McGregor of Wichita Falls spent last week visiting in the home of his grandparents, Mr. and Mrs. Kenneth Roberts.

Mr. and Mrs. Kenneth Roberts and Pam accompanied by Mrs. Nancy McGregor and Chris of Wichita Falls and Mrs. T. J. Stoy of Dallas attended the graduation exercises at Texas Tech in Lubbock Saturday, May 31 where their son Bill received his BS degree in the school of arts and sciences. They also attended the commissioning ceremony in the morning when Bill was commissioned as a 2nd Lt. in the USMC.

We've been hearing a smidgen of talk lately about the fact that a couple of soothsayers have predicted that California and much of the rest of our Pacific Coast is doomed to the same fate which befell ancient Atlantis - that of tumbling into the briny ocean depths. The prediction is founded on a bit of fact, however, and some Californians have begun to evacuate the premises before the impending disaster. Ten thousand West Coast hippies even threatened to invade Pocatello, Idaho, in an attempt to establish a new beach when and if the phenomenon does indeed occur.

It all began with the devastating San Francisco earthquake of 1906, which weakened the west Coast along the San Andreas fault - a system of several breaks in the earth's crust beginning at the Gulf of California and extending for 1900 miles up the coast through San Francisco, out to sea several miles north of the city, and on up toward Alaska on the ocean floor. The width of the land area from the sea to the actual fault varies from 60 to 200 miles. If the predicted disaster does happen it will supposedly be centered in this area. The 1964 Alaska earthquake pretty well jolted the area and weakened the fault even more, therefore forming the basis for the prognostication.

So, what does this have to do with Hawaii?

As proven by earthquakes in Alaska in 1946 and in Chile in 1960, a powerful, fast-moving "tsunami" (Japanese term for tidal wave) could be generated which would reach the Hawaiian chain of Islands in a matter of hours, imposing death and destruction upon its rude contact with any land mass in its path.

The U. S. Coast and Geodetic Survey's Honolulu Observatory has set up a system which would warn Islanders of the possibility of a tsunami. This worthwhile system would attempt to prevent as much as possible disasters similar to those mentioned above, and details of which follow:

On April 1, 1946, an underwater earthquake near the Aleutian Islands, off the Alaskan coast, sent a tsunami toward these defenseless Hawaiian Islands. Moving at speeds up to

and friends.

Mr. and Mrs. L. A. Parker were visitors in Munday Saturday afternoon.

Mr. and Mrs. Harold Welch and children of Seagraves visited his mother, Mrs. Oleta Welch. They are going on a two-weeks vacation and Mrs. Welch accompanied them.

Mrs. Zena H. Waldron and Mr. and Mrs. Sammy Pierce and Keith left for Mineral Wells Monday to visit Mr. and Mrs. Mike Waldron and son, Mikie. Mikie is ill and in the hospital there.

Mrs. Raymond Motley and Weldon Motley visited Raymond and Carl Motley here Sunday; also other relatives and friends. The Motleys are here for wheat harvest.

Mr. and Mrs. Homer T. Melton and Jim; Mr. and Mrs. Jackie Young and Jackie Jr., and Debbie of Haskell; Mrs. Erdice Galloway and Mrs. Joan Lacy, Terri and Linda of Bartlesville, Okla.; Mr. and Mrs. W. T. Ward of Colorado Springs, Colo.; Mr. and Mrs. Jim Melton and Chum of Ralls; Mrs. Parks Norris of Andrews; Mr. and Mrs. Jimmie Norris of Tulsa; and Leroy Melton Jr. and daughter Lu Ann of Lubbock all had a family reunion in the home of Mrs. Ruby Melton in Seymour Sunday.

Mrs. Lori Hall and Mrs. Stel Kendrick recently visited in the home of Mr. and Mrs. T. L. Nesbitt, other relatives and friends in Weatherford.

Mr. and Mrs. Albert Alexander and Alvin spent the weekend visiting their daughter, Fern and family in Athens.

Chris McGregor of Wichita Falls spent last week visiting in the home of his grandparents, Mr. and Mrs. Kenneth Roberts.

Mr. and Mrs. Kenneth Roberts and Pam accompanied by Mrs. Nancy McGregor and Chris of Wichita Falls and Mrs. T. J. Stoy of Dallas attended the graduation exercises at Texas Tech in Lubbock Saturday, May 31 where their son Bill received his BS degree in the school of arts and sciences. They also attended the commissioning ceremony in the morning when Bill was commissioned as a 2nd Lt. in the USMC.

Mr. and Mrs. Albert Alexander and Alvin spent the weekend visiting their daughter, Fern and family in Athens.

Chris McGregor of Wichita Falls spent last week visiting in the home of his grandparents, Mr. and Mrs. Kenneth Roberts.

300 miles per hour, the huge sea wave reached Hilo, Hawaii, within 5 hours. The 50-foot wall of water smashed into the village, killing 173 people and leaving 10,000 homeless.

On May 23, 1960, a seismic sea wave (tsunami), generated by earthquakes off the coast of Chile, 5000 miles away, annihilated Hilo and powered its 35-foot crest nearly one mile inland. Sixty-one persons were left dead in this one, and \$22 million in damage was inflicted despite a 6-hour warning. Brushing the other islands, the wave rolled on to Japan where it rose to a height of 20 feet and killed 190 more people. These "tidal waves" (they actually have nothing to do with tides, but are often referred to as such) can travel up to 500 miles per hour, can reach a height of 100 feet, and can travel for a distance of over 8000 miles. They are almost unnoticeable at sea because the tremendous depth of the ocean absorbs much of the wave effect. As the depth decreases near land, the wave builds up to great heights and massive power.

The Honolulu phone book contains information on what to do and where to go in case of a tsunami warning: Get inland, find a nice high place, and stay there. Chances of a tsunami are slight, but the danger is ever present.

Because we have many relatives living there, we hope California stays as secure as it is now, for more reasons than one! ... That's pau for now ... Aloha ...

The Church of God held Sunday school, and because of the death of the pastor's wife's sister, the church omitted the other service for the day.

If you are sick and want to be pep up, thank about Nedra and Stevie Odum (boy what fun)

The colored people was Shock to hear about Mr Rufus White death. I want so much to say something to console the family but what can I say, but I am so sorry, May God comfortor. Mr and Mrs Roosevelt Jackson is the proud parent of a baby girl also Mrs Lois Clay a girl also

The Reece Girls, Altus and Debra of Abilene cousins of the Harris' girl will be spending the week, they will attend Bible school while being here. The Harris family, Reece Girls and Kaiser Harris spent Monday evening in Haskell visiting Mrs Leo Harris folk. St. Paul Baptist Church held regular service Sunday, closing out the day with a wonderful mission program.

Services of the Church of God in Christ

We were blessed in the revival conducted by Evangelist Peterson in Haskell last week. This meeting closed on Sunday night.

Sunshine Band was held on Saturday evening. Missionary Wilson taught the lesson.

Sunday School had a very good attendance with Supt. Smith in charge. The children's classes gave a good review. YPWV Joint meeting was held at the Munday Church on Sunday evening. Missionary Wilson brought the message from Joshua 3:1, 6.

Due to part of the members from the Knox City attending the revival in Haskell on Sunday night no late evening services were held here.

Bible Band Joint meeting was held at the Knox City Church on Monday night conducted by missionary Sanders. We were blessed in this meeting.

Elder and Mrs. Leon Ward's anniversary will begin at the Rule Church on Wednesday night. There are services in Rule also on Mon. and Tues. night. Everyone is invited.

Farm and Ranch News

By Herman Collier

PECAN NUT CASEBEARER

Emergence of pecan nut casebearer moths had not been observed in any Extension District 3 counties through May 16. It seems the larvae in District 3 are slower coming to the bands this year than they were last year.

Bands checked in Knox, Wilbarger, Wichita, Stephens, Childress and Hardeman counties the week of May 16 showed a low number of larvae and only a few pupae.

As the pupae numbers increase and moth emergence becomes more noticeable this information will be passed on.

PREVENT SCREW WORM INFESTATIONS

Untreated wounds in livestock invite worm infestation. Even worse, every untreated wound that results in a screw worm infestation adds to the rapidly increasing screw worm problem in Texas.

You can help prevent screw worms by spraying your herds with a product that is recommended for that purpose on the label. Follow the directions carefully. Treat all wounds whether they are infested or not, using an approved smear (EQ-335 or Formula 62). Apply the pesticide to the wound and surrounding area.

Ask your veterinarian or County Agent for additional information about treatment of screw worms.

To help keep your livestock free from injuries, remove such hazards as protruding nails, rusty wire, and other sharp objects. Do not crowd the stock into small areas, where the chance of injury is more acute.

While livestock management requires many surgical operations, the danger these man-made wounds present can be reduced by proper timing, and by treatment of the wounds. Every cut should be treated with a proper smear. The same advice applies to the navels of newborn animals.

Never give screw worms a free ride, when you buy or sell livestock. Check to see that the animals are free of infestation, and observe all restrictions on shipping. Spraying herds at the point of origin is good insurance against screw worms.

Screw worm control is everybody's business. Give your personal, active support to the Screw Worm Eradication Committee of your county.

RANGE WEED CONTROL

Recent moisture in Knox County has brought on more pasture weeds and they should be controlled in order to use the moisture to grow grass. A heavy weed growth will prevent good grasses from growing and weeds should not be left to make a seed crop.

Spraying now with 2,4-D will kill most weeds that have germinated and those which will germinate within the next few weeks. Care must be exercised in using this chemical since many crops now growing are susceptible to it and can be damaged.

In areas where chemical control is questionable due to growing crops, mowing can be successfully used. This will prevent the weeds from making a seed crop, in most instances, and from shading out the grass and using the moisture now available.

Research has shown that weeds can reduce the growth of grass by as much as 50 percent during the summer. Such a loss could mean short grazing for the stockman in the weeks ahead.

One of the best weed control measures, is to fertilize, on the basis of a soil test, then control the weeds which are not choked out by the vigorous grass growth and the improved grass sod.

GRAIN SORGHUM INSECTS

Rolling Plains grain sorghum in many counties is infested by both greenbugs and yellow sugarcane aphid.

Plants from emergence up to about 6 inches in height, showing visible damage with colonies of these insects under leaf surface, should be treated. Treatment for larger plants should be before any entire plant leaves are killed.

The Texas Guide for Controlling Insects and Mites on Grain and Forage Crops MP-339, is available at the county Extension agent's office.

CAPROCK WHEAT READY FOR RELEASE SOON

A new hard red winter wheat - Caprock - will be available to certified seed producers for planting this fall.

The variety, equal to or better than Sturdy wheat under test conditions, was developed cooperatively by the Texas Agricultural Experiment Station and the Crops Research Division of the U. S. Department of Agriculture.

Dr. H. O. Kunkel, acting director of the Texas Station, said Caprock was short straw, a winter growth habit and broad, moderately upright leaves. The heads have awns or beards and white chaff with black stripes. Grain is red, hard and of medium size.

The variety is resistant to many races of leaf rust but is susceptible to stem rust and mildew, Kunkel said. Milling and bread baking trials showed strong gluten and good overall quality.

Grain yield, weight per bushel and plant height are equal to or surpass Sturdy, and hardness, hail tolerance and lodging are about the same. Caprock is better in yield under irrigation and has a higher test weight.

"It is a sister selection to Sturdy by breeding but differs from it sufficiently to have merit in Texas as a companion variety, especially under irrigation in Northwest Texas," Kunkel said.

He added that Caprock is not recommended for planting in states north of Texas.

About 2,000 bushels of seed will soon be ready for release to seed producers for fall planting. Seed can be obtained from the Foundation Seed Section, Texas Agricultural Experiment Station, College Station, Texas, 77843.

The U. S. Department of Agriculture does not have seed for distribution.

CUT HAY WHILE YOUNG AND TENDER

Cut hay while it's young and tender. Young plants are palatable and highly digestible, but become tough and stemmy when they approach maturity.

For sudan, sudan-sorghum hybrids, johnsongrass, native grasses and similar plants, cut them in the boot stage or just before the seedheads emerge. Coastal bermudagrass should be cut after no more than four weeks of growth.

Most spring hay crops contain high amounts of moisture when cut at the preferred stage. Too, the weather is often rainy, cloudy and cool and the ground moist; thus, creating curing problems.

There isn't much you can do about the weather but something can be done about maintaining the quality of the hay. The use of hay conditioners reduces curing time by as much as half; thus, the crop can usually be cut and cured at the right time with little or no damage from rain.

Fertilizer should be applied after each cutting, especially nitrogen. If production from the first cutting is fairly high, phosphorus and potassium may also be needed.

Hay producers should take a soil sample before harvesting so fertilizer recommendations will be available for fertilizing immediately after harvest.

4-H ROUNDUP

There's at least one roundup in Texas which doesn't involve riding, roping and the other events well known to folks of the west. The Texas 4-H Roundup on the other hand involves some 1,800 members of the "Green and White and Head, Heart, Hands and Health" organization. These 4-H Club members will come from sections of Texas to the campus of Texas A&M University on June 3-4 for their annual state meeting. They've been doing it for well over a half century; thus, establishing it as one of the oldest such meetings in the nation.

Among the very active participants of the June 3-4 Texas 4-H Roundup will be some 200 folks who are proud to be known as "Friends of 4-H." They support the organization with funds and their time and talents.

Glenn Herring of the Rhineland community will attend and compete in the Tractor Operators' demonstration. Glenn will be accompanied by county agent, Herman Collier.

STANDLEES IN LUBBOCK

Mr. and Mrs. John Standlee were in Lubbock this weekend to visit their son Mack who attends Tech and their daughter Twyla and her husband Kent Simms. They also attended Texas Tech graduation exercises and saw Tech receive his degree in engineering along with a class of 2,000 students, Tech's largest graduating class ever.

Early Planning For Silage Facilities Suggested - As dairy and beef cattle producers consider further expansion of silage feeding, they should also give careful thought to the need for additional silos and related filling, unloading and feeding equipment, says W. S. Allen, Extension agricultural engineer.

Truscott News

BY RUTH BROWN

Mr. and Mrs. Gerald Howard and Ronald of Vernon visited Mr. and Mrs. J. G. Adcock over the weekend.

Curtis Casey visited Mr. and Mrs. W. W. Carroll and Kenny in Abilene Saturday. Mrs. Chester Roberts of Abilene visited Mrs. Idoma Chowning last Wednesday through Saturday.

Mr. and Mrs. James Brooks of Coleman visited Mrs. Marie Gillespie Saturday.

Mrs. Herman Dobbs attended a nursing home association meeting in Wichita Falls last Wednesday.

Visiting in the home of Mr. and Mrs. W. O. Corder over the weekend were Mr. and Mrs. Henry Phillips of Stinnet, Mr. and Mrs. New Bryant and Mrs. Otis Smith of Abilene.

Mrs. Van Browning of Stephenville visited Mrs. Irene Gerrold last Wednesday through Friday.

Mrs. Hugh Eubank of Munday visited Mr. and Mrs. Charlie Laquey last Friday.

Randy Alexander and Max Kelly of Abilene visited Mr. and Mrs. Sydney Alexander Sunday.

Mrs. Luther Moody of Ranger and Mrs. Irene Gerrold visited Mrs. John Black last Friday.

Mr. and Mrs. Grady Chapman of Wichita Falls visited Mr. and Mrs. Tommy Westbrook Saturday.

Mr. and Mrs. Wayne Cash of Lubbock visited Mr. and Mrs. Monroe Cash over the weekend.

The Truscott Church of Christ has set Vacation Bible School for June 16-20.

Mrs. Jim Cash visited her brother, Marvin Ryder, in the Eastland Hospital last Sunday through Tuesday.

Visiting in the home of Mrs. John Black last week were Mrs. Frank Polk of Lamesa and Mrs. Bill Langston of Olton. They were here to attend the funeral of their uncle and brother-in-law, Thomas L. Polk at Crowell.

Mr. and Mrs. Don Salyers and Terri visited Marion Chowning Jr. and Douglas last weekend.

Mrs. Dub Brooks of Odessa and Mrs. Kelly, also of Odessa, visited Mrs. John Black last Tuesday.

Mrs. Sydney Alexander brought her son, Mac, home from the Dallas hospital Saturday. He has been sick several weeks.

Mr. and Mrs. Leslie Burrough and children attended

services at the Truscott Methodist Church Sunday.

Mrs. Luther Moody of Ranger visited Mrs. Irene Gerrold Friday and Saturday.

The wheat should be ripe in about a week or ten days and everything but the price is looking good.

Mrs. Ruby Martin is the Gilliland Home Demonstration Club nominee for county delegate to the state meeting in September.

Gilliland graduates are Claude Myers and Dennis Welch, graduating from Munday High School; Roger Meek and Johnny Quintera graduating from Munday Junior High; and Trenna Cash and Randy Reed who have completed the sixth grade at Gilliland.

Twenty mothers, students and preschoolers from Gilliland went to the Shrine Circus in Childress Thursday. A picnic lunch was enjoyed in the park by the group before the circus.

Those on the Gilliland A honor roll the last six weeks were Scotty Abbot, Teddy Dittmore, George Anne Abbott and Louis Lee Baty. Those on the B honor roll were Trenna Cash, Randy Reed, Marshal Reed, Lyndie Reeves, and Ramey Dittmore.

Ben Winkleman of Phoenix, Ariz., is visiting Mr. and Mrs. Sydney Alexander.

Mrs. Jim Cash visited Mrs. Pearl Haynie and Miss Orna Fulaker in Eastland last Sunday.

Mr. and Mrs. J. R. Brown visited Mr. and Mrs. Mac Harbour in Oklahoma City last week. He returned home Tuesday and she stayed until Sunday.

Mr. and Mrs. Joe Gordon of Crowell visited Mr. and Mrs. W. H. Haynie Sunday.

Mrs. Irene Gerrold and Mrs. Van Browning of Stephenville visited Mrs. John Black last Thursday.

Mothers of the Truscott eighth graders gave a party Saturday on the grounds of the Community House for members of the Crowell eighth grade class.

Those graduating from Crowell Junior High School last Thursday were Helen Quintana, Elvera Palacio, Joe Tomaneck, Grover Reed, Ruth Brown, Johnnie Daniel, Lupe Palacio and Freddie Palacio.

Randy Tapp was graduated from Crowell High School last Friday.

Benjamin News

Mrs. Bert Marshall

(LAST WEEK'S NEWS)

Mr. and Mrs. Rollie Knott of Lubbock visited Mr. Bert Marshall one day recently. They were enroute home after attending Decoration Day services in Blue Ridge.

Mr. and Mrs. Adrian West and Tommy and Mr. and Mrs. Don Grandmason and daughter, Donna, of Fort Worth were recent visitors of Mrs. Edith West, other relatives and friends.

Mr. and Mrs. Mike Waldron and Mikie of Mineral Wells and Mrs. Pat Peery and daughter, Dee Ann, of Wichita Falls were recent visitors in the home of their mother, Mrs. Zena H. Waldron, Mrs. Dorothy Veal, other relatives and friends.

Mr. and Mrs. Donnie Whitmire and sons of Dallas were recent visitors of her parents, Mr. and Mrs. Lovell Brown, other relatives and friends.

Mr. and Mrs. Austin Tomlinson Jr. of Munday visited her mother, Mrs. Gloria Clower and Betty and Mr. and Mrs. Clarence Clower, Bud and Robert Sunday.

Miss Mary Duke of Dallas was a recent visitor of her parents, Mr. and Mrs. Henry Duke, other relatives and friends.

Mr. and Mrs. Butch Duke and daughter, Mary, of Wichita Falls were recent visitors of his parents, Mr. and Mrs. Henry Duke, other relatives and friends.

Mrs. Nancy McGregor and son, Chris, of Wichita Falls, were recent visitors of her parents, Mr. and Mrs. Kenneth Roberts, Donnie and Pam.

Mrs. Oleta Welch returned home recently after spending a few days with her son and family, Mr. and Mrs. Harold Welch and children in Seagraves.

Mr. and Mrs. Jerry Horton, Johnnie and Jimmie of Rockwell visited in the homes of Mrs. Austin Tomlinson Sr. and

Mr. and Mrs. Bert Marshall recently. Mrs. Marshall returned home with them to visit her sister, Omah Pounds, who was ill in the Community Hospital in Sherman. Miss Pounds passed away the next day after Mrs. Marshall's arrival and funeral services were held in Blue Ridge on May 16th. Mr. Bert Marshall, Mrs. Bonnie Tomlinson and Mr. Pete Barnett were in Blue Ridge for the funeral, and visited with relatives and friends.

Mr. and Mrs. Carl Howard, Mr. and Mrs. Wallace Howard, Mrs. John Dutton of Lubbock and Mrs. Jeff Bowden of Wichita Falls were recent visitors in the home of Mr. and Mrs. Pete Barnett and Mrs. Della Barnett.

Recent visitors of Mr. and Mrs. Rufus Benson and Carl were C. W. Harbert from Arlington, Mrs. Wanda Joyce Jennings and daughters, Carla and Sandy, of Wichita Falls, Mr. and Mrs. Jerry Benson and family of Seymour and Tommie Benson of Midland. Mr. and Mrs. Tommie Benson and daughter then visited her parents in Austin and spent a week at the L.B.J. Lake while they were there.

Mrs. Jewel Shipman returned to her home in Flagler, Colo., last week after spending several days visiting in the home of Mr. and Mrs. Rufus Benson and Carl, other relatives and friends. She also did some work on her home while she was here.

Mr. and Mrs. Jim Horton of Whitharrel visited in the home of Mr. and Mrs. Pete Barnett and Mrs. Della Barnett Sunday. They brought their combines down for wheat harvest.

Mrs. Gayle Morgan of Richardson is here visiting her parents, Mr. and Mrs. John Chilcoat, other relatives and

friends.

Mrs. Ila Stone and Mrs. Paul Harbin of Farmersville and Mrs. Harbin's daughter, Gayle, visited in the home of Mr. and Mrs. H. C. Stone, Susan, Cindy and Chris and attended the Eighth Grade graduation exercises here Friday night. Susan graduated into high school.

Mr. and Mrs. Larry Conner and Mrs. Zula Conner of Lubbock spend the weekend visiting Mr. and Mrs. Bobby Robertson and Kathy and Mr. and Mrs. Bud Conner and family, other relatives and friends.

Mr. and Mrs. Vernon Benson, Toni and Todd of Flagler, Colo. have moved back and have been visiting their parents, Mr. and Mrs. Rufus Benson and Carl and Mrs. Thelma Nunley. The Bensons will make their home in Truscott, where he will be employed by Knox County.

Tax Man Sam Sez

The new thing in auditing income tax returns this year is that the computer gives a "score" to each taxpayer with an income of less than \$10,000. Next year the computer will "score" everyone (and if you made more than \$10,000, don't think that Internal Revenue will forget you until next year).

A score is determined by how close the return comes to what IRS considers the norm for a taxpayer of that income bracket with that particular type of business, with similar dependents or deductions, with that particular variety of income sources, in that geographic area, etc.

"Nation's Business" magazine recently reported that approximately 2.5 million returns receiving the poorest scores in 1969 will be reported back to the regional and district offices and will be thoroughly audited. If your return gets a good score at Martinsburg it most likely will never be audited. However, returns which "bunk" the score will be "eyeballed" at length at the taxpayer's IRS district office. Here the trained tax people review the mechanical thinking of the digitized selector and rule out those cases where it is obvious the taxpayer does not need an audit.

My thanks to Dwight Gothard this week (and everyone else who shares interesting news items with all the readers) for donating the following introspective article taken from the March Texas Freemason:

"What is an American? He whips the enemy nations and then gives them the shirt off his back. He yells for speed laws that will stop fast driving, and then won't buy a car if it doesn't go 100 miles an hour. He gripes about the high prices of things he has to buy but gripes still more about the

"Melanie Meddles"

By Melanie Whitley

If a mosquito has chewed on you since the rains, you might appreciate a couple of home remedies contributed by some fellow scratchers: rub on vinegar to stop the itching and they say that Listerine is as good as any insect repellent on the market; save money, too, because what other repellent can you gargle first?

With stamps going up again, I'm wondering if and when it will ever stop rising. I'd just as soon someone proposed a maximum postage fee, be it 13¢ to 37¢ a letter, sock it to us and quit messing around with a penny increase every year.

A round of applause this week for the highway men who allow the wildflowers to bloom along the highways. Anyone who has driven to Wichita Falls or from Rule to Aspermont to Post lately has had some lovely scenery and appreciates your thoughtfulness.

Out past Muleshoe, Texas, there is a tent shaped building beside the highway with the lettering on it "Pocahontas Slept Here." Seems as though a farmer there built the shed over his irrigation pump and painted the sign for a joke. But he is one of the few people who know the sign is only a practical joke; area schools have asked to remove it because teachers think it too misleading for the students and many, many tourists have stopped there to make their pictures beside the "historic" landmark.

My thanks to Dwight Gothard this week (and everyone else who shares interesting news items with all the readers) for donating the following introspective article taken from the March Texas Freemason:

"What is an American? He whips the enemy nations and then gives them the shirt off his back. He yells for speed laws that will stop fast driving, and then won't buy a car if it doesn't go 100 miles an hour. He gripes about the high prices of things he has to buy but gripes still more about the

low prices of things he sell. He knows the the every baseball team American and National and does not know half the in "The Star-spangled ner."

An American will get his wife for not running home with the efficient hotel and he will get a hotel for not operating home. He will fall out a wife over her cooking and go on a fishing trip and low half-fried potatoes, fish, and gritty creek coffee made in a rusty and think it is good.

An American will farm so he can move in where he can make more can move back to the will spend half a day on vitamin pills to make longer - then drive 90 hour on slick pavement up for the lost time.

But we're still pret folks. Calling a person American" is the best ment we can pay him, the world is itching for have - but they won't till they start scratching the way we did."

FATHER'S DAY

GUIDE TO

MEN'S FRAGRANCES

Aphrodisia (Fabergé): A sophisticated dry scent that is exhilarating yet subtle in effect. Suggested as "ideal for the urbane man." Smart green and black striped packaging has strong masculine appeal. \$3.50 to \$12.50. S.

Black Label (Yardley): Brisk, woody outdoor blend recommended for "the young man on the move." Straightforward packaging naturally shows off a black label, touched with red and gold. Users are forewarned "Black Label is British and stubborn—it stays with you all the way." \$1.75.

Brut (Fabergé): One of the all-time greats among men's fragrances, Brut ("broot") matches its exhilarating, dry contemporary scent with eye-catching contemporary packaging. Unbreakable bottles with elongated necks and silver nameplates come in manly brown and black, string-closed cartons. Brut users are assured it's "For after shave, after shower, after anything." \$5 to \$25. S.

GTO (Max Factor): Robust scent linking light citrus top notes with woody undertones of long lasting quality. Distinctively packaged with commanding use of color and functional design, it takes its name from those famous sports cars as any young man would know. The slogan is a natural: "For the man on the go." \$2 to \$2.50.

Hai Karate (Leeming/Pacquin): A potent and inviting scent, "Haiee-kar-ah-tee" has an oriental quality, long-lasting and distinctly masculine. Amusingly packaged with a karate instruction booklet to enable the wearer to defend himself against women in case of over-application. Black, green and gold packaging carries out the oriental motif. \$2.25. There is also a **Hai Karate Oriental Lime**. It contains a splash of real lime and is pleasantly citrusy. \$2.50.
