GRAHAM AND McCARTY ELECTED ON SCHOOL BOARD

The school board election held last Saturday in the city hall resulted in the re-election of G. D. McCarty and the election of L. W. Graham.

Great responsibility rests upon members of the Knox City School Board this coming year, however, it is believed that these men, in harmony with other members of the board, will go into the work with a sincerity of aim and purpose that will enable them to execute their duties for the best advantage of the entire school.

CONTRACT FOR SCHOOL HOUSE LET TOMORROW

State Board Bought The Bonds

Work Should Begin By First Of May

Knox City School board let the contract for the erection of the new school building last week to M. Mothlis of Seymour. Superintendent O. B. King made a trip to Austin the first of last week to sell the bonds to the State Board, which sale he made successfully, funds being now in the local bank. Bonds sold totaled \$19,000.

Although there is yet a bit of red tape to go through with the Superintendent feels sure that work will actually begin by the first of next month, May.

In addition to the success of O. B. King's trip to Austin he experienced a bit of misfortune. After completing his business in Austin, Mr. King left the city about six o'clock in the evening. He drove to Waco where he parked in front of a hotel and went to supper. He was undecided as to whether or not he would continue his return home that night or stay in Waco, and was of the opinion that a good meal might enable him to make the decision. He finished his meal and went to the parked car to find that some one had broken into it and stolen his suit "the other suit".

HOSPITAL NOTES

Patients in the Knox County Hospital this week are Guy Coley and Mrs. Shade Stevenson of Munday, Mrs. Fred Brown and Mrs. T. B. Ward of Benjamin, Mrs. Ingraham and infant daughter and Master Hugh Harrington of Throckmorton, Mrs. A. J. Dockins of Crowell and Mrs. Roy Gibson of Guthrie.

Mrs. A. H. Griffith of Munday was in for examination the first of the week. Miss Helen Houser of Munday was dismissed Wednesday. Mrs. Ralph Fitzgerald of Stamford and Mrs. Binge of Vera were dismissed Tuesday; Mrs. Eugene Michel and infant daughter of Rhineland were also dismissed Tuesday. Peggy Barton of Knox City was in last Saturday for treatment of a lacerated knee. Paula Mae Foster of Throckmorton was a patient from Friday to Sunday.

IT'S JUST THE EVERLIDAY LINGO OF THE PRINT SHOP

LEOLA, S. D.—"Many people are not aware that printers have a language of their own unintelligible to the uninitiated," explained H. J. Artz, publisher of the McPherson County Herald, to his readers last week.

He offered this sample: "Billy, put President Roosevelt on the galley and finish up that murder you started yesterday. Set up the ruins of Herenlaneum and distribute the smallpox. Lock up Herbert Hoover, and slide the American Liberty League into the hell box, and leave the pi alone until after dinner. Put the ladies' form to press and go to the devil and put him to work on Sunday's article on 'Showered Bathing'."

HONORED ON 71 BIRTHDAY

Mr. and Mrs. W. E. Marr and children entertained Sunday with a dinner honoring the 71 birthday of Mr. Marr's father, Mr. Lewis Marr of Haskell.

At eleven o'clock, grand children of the honoree gave a short program which was followed by a bountiful dinner, served buffet style.

Those enjoying this occasion were Mr. and Mrs. Lewis Marr, Lewis Jr., and Richard Marr all of Haskell. Mr. and Mrs. Tom Marr, Mr. and Mrs. Crouch Marr, Mrs. Luther Marr all of Aspermont; Mr. and Mrs. Y. E. Benton and Dorothy, Arnette, Yates Jr. Benton and Miss Auguste King of Sagerton; Mr. and Mrs. R. M. Jackson, Billie and Bobbie Jackson of Grandfield Oklahoma. Due to sickness M. L. Marr and family of Hamlin and Mr. and Mrs. Will Marr of Ralls were unable to attend.

UNION FASTER SERVICE SUN. BEGINS AT 6 A. M.

The annual sunrise Easter Service will be given in the First Christian church Sunday, beginning at six o'clock. Citizens of the entire town and community are invited. Program to be used is as follows:

Saxophone solo
Prayer, Joe Smith
Scripture reading, Reverend Osborn
Quartet

Events leading up to the Crucifixion, Reverend Green.
Quartet

Easter Meditation, Mr. J. A. Wilson
Benediction, Miss Daisy Baird
Saxophone solo.

This sunrise service is one of the most beautiful services conducted within Knox City each year. Although the public at large is invited, only a few are actually in attendance. These receive a blessing and inspiration that is both felt and needed in the lives of those who strive to be Christians. Those who have attended this good service in the years gone by, cordially invite others to join them this Easter Morning at the First Christian church at six o'clock.

AT THE METHODIST CHURCH

Church School, 9:45 A. M.
Preaching, 11 A. M. and 7:30 P. M.
Woman's Missionary Society, Monday 2:30 P. M.

Next Sunday is Easter. We are endeavoring to have special services, and are expecting every member of the church to be present. There will be service Saturday night, 7:30, preparatory for the service Sunday morning. Remember: the service at the First Christian Church Sunday morning, 6 o'clock, in which all the churches of the town are invited to participate.

Any person who wish to have their baby baptized, be present at the church Sunday morning, and we shall attend to it just before the preaching service.

Let everybody make a special effort to be in the services Sunday, and make it a great Easter occasion.
B. J. Osborn, pastor.

Mr. and Mrs. L. B. Hammock and son Lynn of Quemado are here visiting Mrs. C. B. Teague and other relative. Mr. and Mrs. Hammock expect to go to Colorado within the next week or so to be with his mother a few months.

Mrs. Elmer Thornton and small daughter of Langtry came to Knox City with Mr. and Mrs. Hammock but left Tuesday to return to Langtry.

Mr. and Mrs. S. N. Reede spent last week in Fort Worth attending the Ginners convention.

IN APPRECIATION

The Parent-Teacher Association takes this means of expressing appreciation for the splendid cooperation shown last Saturday in the auction sale that was conducted by members of the Finance committee of the association. Proceeds of this sale totaled \$36.24.

Appreciation is in order both to those who donated articles for the sale and to those who bought. The Finance committee is grateful to everyone who contributed in any manner toward making the sale a success.

ROBINSON BOY BURIED WEDNESDAY

Judd Henry Robinson, age about 15 years, was buried Wednesday in the Rochester cemetery following services conducted from the O'Brien Baptist church. Reverend Shads Stevenson, pastor of the O'Brien church, was assisted by Reverend Ponder of Rochester.

Judd Henry was the son of Mr. and Mrs. Terry Robinson, living east of O'Brien. Judd was ill about two weeks with pneumonia. He is survived by his parents, two brothers and one sister.

BANKER ATTENDS KNITTING CLUB

When T. E. Robbins, president of the Citizens State Bank of this city, walked into the meeting of the Chamber of Commerce Tuesday, no special comment was made for Tom was expected to attend; however, when the name quiet dignified man was ushered into the center of the knitting club Wednesday, he attracted sufficient attention and comment. The usher, T. P. Frizzell, was not over looked either.

Neither of the men were able to submit a passport (a bit of knitting) but both rated exceedingly high on the second test, the luncheon. They led the line through the buffet luncheon and hid behind the cupboard in the kitchen and completely "licked the platter clean". They topped off the big meal with pie, cake and ice cream. Both asked to become members of the club in any manner just so they were present at noon.

Miss Mary Kathryn Liles and her sister Mrs. John Estes and Mrs. Henry Gilchrist all of Stamford, Mrs. D. J. Brookerson, Mrs. A. H. Sams, Mrs. Clyde Burnett and Mrs. Gibson all of Benjamin were numbered among the guests Wednesday. All of these ladies are either knitting or plan to start a garment this week. Miss Lyles of Stamford is instructing the class.

Attendance among the Knox City ladies is increasing. Others who are interested in learning to knit are invited to attend the next meeting which will be Wednesday of next week in the home of Mrs. Billie Clarke.

The meeting this week was in the home of Mrs. T. P. Frizzell, a charming hostess.

J. C. Campbell, who went to San Angelo recently for a physical examination, is reported to be well and free from any illness that was first thought he might be a victim of. C. has had the flu and suffered a considerable "hang over" but otherwise is a well man. He will probably return to Knox City soon and assume his place in the City Barber Shop.

Mrs. J. H. Finley left Wednesday for Goodnight to visit a few days with Reverend and Mrs. Stovall. Herbert Finley from College Station is expected to meet Mrs. Finley in Goodnight next week for a few days visit.

A contest conducted in the Sunday school of the First Christian Church ended Sunday with the "Red" side in the lead. The "Blue" side will entertain the winning group with a social at the home of their teacher Mrs. W. E. Marr. Captains of the Red side were Tom Paul Frizzell and Katherine Holmes; captains of the blue side were Sam Edd Carpenter and Jean Ann Smith.

The Revival meeting conducted in the First Baptist church all last week closed Sunday night. The meeting was a good spiritual one with fair crowds considering the weather of the week.

Mass Chorus to Sing At Narrows April 21st

Citizens of Knox and Baylor Counties will hear a Mass Chorus, 2,000 voices, in concert on the afternoon of April 21 at the Narrows in Knox county. Every school in both counties including every grade, Primary, Junior and Senior classes will be assembled for the occasion.
In addition to the Mass Chorus, a concert by members of the Rythm bands and county bands will be given. It promises to be an outstanding school event for both counties and will doubtless be attended by the largest crowd for any one occasion throughout the entire year.
The public is invited. Program begins at 4:00 p. m.

O'Brien School Building Destroyed by Fire Friday

TIPPS LEADS IN JUNIOR BUSINESS BUILDERS CONTEST

Derrell Tipps is leading this week in the Junior Business Builders Contest being conducted at the Orient Drug Store. Emma Jean Shaver is a close second and Jimmie Craft follows close as third in the contest.

Customers of the Drug Store are given coupons with all purchases and these coupons are what the Juniors are after in the contest. The lucky boy or girl who has secured the largest number of these coupons at the close of the three months period, will receive first choice of the list of prizes offered. The second high standing, receives second choice and so on.

Position of contestants are changed once a week, Monday. The boy or girl who works hardest this week will doubtless be in the lead next week.

KNOX COUNTY PARTICIPATES IN NATIONAL YOUTH ADMINISTRATION WORK PROGRAM

Representing Lyndon B. Johnson, State Director, National Youths Administration, H. A. Ziegler, NYA Representative, spent Thursday in Knox County checking on youth projects already under way and planning with local NYA Advisory Board community projects which will furnish employment to youth in relief families and be or permanent benefit to youth generally when completed.

The Knox County Advisory Board is composed of the following citizens: E. O. Jamison, Chairman, T. W. Harber, Emmett Partridge, Mrs. M. E. Ryder, Mrs. Oran Driver, H. P. Arnold, Lyndal Hughes, C. R. Elliott and Mrs. Charlie Leath.

This board will hold periodic meetings, and in a general way will guide the NYA program in Knox County.

Mr. H. A. Ziegler also visited a number of county and school officials and government agencies explaining the functions of the National Youth to these people.

The NYA, an agency within the PWA, has within a short time and with a limited budget, already assisted 15,000 Texas youth to attend high school and college in established number of Freshmen College Centers for youth financially unable to attend college, conducted to successful conclusion three summer camps for unemployed women, and placed hundreds of youths on part-time jobs on WPA projects.

Mr. Ziegler explained that the community recreation program is now ready for development and that Texas has been allotted approximately a half million dollars for the development of recreational, rural, public service, and research projects for the training and employment of needy youth. These projects, when completed, will be of permanent benefit to all youths of the community.

Knox County is participating in the National Youth Administration Work Program at the present time in a school yard beautification and community and recreational improvement programs by employing seventeen youths who are at the present time assigned to work on rural school grounds. This work is under the supervision of Mr. J. Lyndal Hughes, county Superintendent of Knox County.

Under the educational program of the National Youth Administration seventeen youths in Knox County are receiving high school aid to the extent of \$6.00 per month. This high school aid, up to \$6.00 per month is for students who could not otherwise remain in school, and is not available to more than 8,500 students in the high schools of Texas and payments are being mailed daily.

Mr. H. A. Ziegler stated that Lyndon B. Johnson, the State Director, has already approved projects in the approximate sum of \$440,000,000.

Mrs. Epp Wilson and two children from Big Springs are spending this week with her mother Mrs. George Stubbs.

An Easter program will be given by the young people of the First Christian church Sunday morning at ten o'clock in the church auditorium.

On Friday, April 3, the O'Brien School Building was destroyed by fire. The fire was discovered in the roof of the building during the noon hour. The origin was undetermined. Due to the high wind, the firemen were unable to check the blaze. We wish to offer our sincere appreciation for the untiring efforts of the Fire Departments of Rochester and Knox City.

Practically all school equipment was a total loss except the school records which were in a fireproof cabinet.

School is continuing in the churches and in the gymnasium.

Plans Are Underway for New Building

Plans are already underway for the erection of a very modern school building which will be ready for use by September.

The new building will be a one story brick structure with superintendent's and principal's offices, library, class rooms, auditorium and gymnasium combined.

The gymnasium will be modern in every way.

The Industrial Building which has been under construction for the past two weeks is progressing nicely.

State Inspector Visits School

The State Inspector visited the school last week and commended the school highly on its progress made during the last two years. O'Brien already has thirteen accredited units and has applied for more this year.

The seventy-six students enrolled in high school this year worked diligently to aid in securing this accreditation. Trustee election was held Saturday in the gymnasium. The following trustees will serve during the ensuing year: President: R. L. Waltham, Secretary: W. J. Hewitt, E. G. Gothard, D. A. Van Noy, S. J. Reeves, R. P. Barnard, S. N. Reed.

WHAT HAVE YOU DONE?

Sometimes you hear some thoughtless person make a disparaging remark about this town and it hurts.

This may not be the best town in the United States, but it is certain that there are hundreds of thousands not as good in proportion to population and natural advantages.

When you hear a person kicking his home town, ask him a few pertinent questions.

Ask him why it is not to his liking?

Ask him what he has done to correct the defect of which he complains?

Ask him if he has ever done anything to make this a better town?

Ask him why he continues to live and earn money here?

Ask him to think it over and see if he is not mistaken in his judgment.

You may convert as pessimist into an optimist.

TEXANS TO POCKET \$446,255,700 TOURIST CASH THIS SUMMER

Centennial Luring Many of 11,565,400 Visitors in Lone Star State's Banner Vacation Year

\$7,500 for Each Man, Woman and Child in The State

Surpassing even the optimistic estimates of native Texans, a practical national statistician of tourist trends today predicted that 11,565,400 persons will visit Texas this year, spending \$446,255,700 to share in the Lone Star State's celebration of its first hundred years of history, growth and development. The figures are those of Joe H. Thompson, who as national director of the Conoco Travel Bureau, Denver, has achieved recognition for conservative accuracy in many years of plotting the itineraries and spending plans of the American Motorist.

The amount to be spent represents approximately \$7,500 for each man, woman and child in Texas. Thompson points out it will find its way into the channels of established business in the state as follows: \$89,245,000 will go for lodging and a like amount for gasoline, oil, garaging and automotive repairs; \$93,707,000 will be spent for assorted retail purchases, \$111,556,000 will be spent for food, \$26,897,000 for amusements, and \$25,773,000 for miscellaneous refreshments, smokes and confections.

The Centennial Exposition is the principal lure, according to Thompson, but letters which have reached the travel bureau in such volume as to point to an all-time record year tell also of plans to "discover the whole Texas empire" before leaving the state.

"There can be no doubt", Thompson declared, "that the determination of residents of all other states to see Texas this year is the most significant development on this year's travel calendar. It is just one of those things, the proportions of which even we, who are closest to the hope and aspirations of the nation's motorists find hard to grasp."

Before you tell where to go, be sure that he will not send you there.

Senior Class to Stage Play Friday Night

YOUR CLASSMATES IN DISGUISE

You will see your friends and classmates in the Senior Play—living, not their own life, but that of another! We know you will enjoy Lloyd Huntsman and Sammie Angle as two scheming capable young business men who conduct a match-making scheme but fall in love with their subjects themselves.

Lora Jean Propps and Yvonne Jamison are two young girls who have come to the mountains with the fever of Romance surging through their veins and fall so desperately in love that they—well, you can't imagine, so come and see.

Florence Wilson and Clyde Ingraham make an adorable pair, and really and truly their relation sticks to the Leap Year adage. Florence Wilson, as Zole, finds her "big lover man" and certainly holds him (that is until he runs over the mountain and seen no more).

Mary Leone Hoge and Le Roy Sibley play the roles of a married couple. Their moments of peace and war will make you better understand this married life.
 Don't miss it!!
 Come, Friday night, 8:15.

MR. KING RETURNS FROM SELLING SCHOOL BONDS

Mr. King, enroute to Austin, stopped in Dallas to have a look at the Texas Centennial Exposition ground. He tells us that they are doing some rapid construction on the grounds; some fifty-eight buildings are practically finished, eighteen of which are to be permanent. The grounds will be the best lighted of any fair ground in the world. Airplanes will be able to see the lights more than fifty miles away. The exposition will cost \$25,000,000 when completed. The United States Government has a stamp collection that alone is valued at ten million dollars and contains one or more of each stamp that has been issued by the government since its birth.

While Mr. King was in Austin, he visited the University campus and was especially struck by the immense Administration and Library Building now under construction that is costing over a million dollars. The building will house all Administration offices and the Library of one million two hundred thousand volumes. It is almost thirty stories high and has a large clock in the top of the surmounting tower.

Mr. King met with the State Board of Education and saw much politics in the air.

In the sight-seeing rounds of Mr. King, he visited the Federated Women's Club Building the only one of its kind in America and pronounced as it being worthy of the great state of Texas.

ry, violins and clocks, early diplomas and personal letters. One entry cited the oxen yoke used at the time of immigration into Texas. Reminiscent of former Texas patriots are those entries which list the desks used by Sam Houston and Anson Jones and the personal papers and official seals of those who administered the affairs of state during the days of the Republic and subsequent alliance with the United States. These articles have been located by entrants from each of the four divisions of the contest: individuals, clubs, grade school students and high school students. Prizes totaling \$2850 are to be distributed among the winner in these divisions.

The contest, which closes at midnight of April 21, was started early in March in an effort to locate documents, relics, and pictures significant in Texas before 1900. Many of these articles, according to historians, have been inadvertently destroyed or remain hidden away in old trunks and attics articles which should be preserved for their value to Texas and future Texans.

Entries should be made on the official entry blank which can be obtained from principals and history teachers in your school. The contest does not require the actual item to be sent in to the judges, merely describe your entry in your own words, tell something of its age and history, make a clear pencil sketch of the item or copy the wording if it is a letter or document. Send three copies of each entry to Miss Emma Kyle Burleson in Austin, Texas, and your effort may be rewarded with a share of the prize money.

JUNIOR CLASS PRESENTS ASSEMBLY PROGRAM

Last Friday morning at 9:45 the Junior class presented a very interesting and entertaining program before the high school assembly. Despite the fact that Juniors sponsored the program, members of other classes participated also.

The program opened with two popular songs by four girls, Marion Clonts, Billie Bess Benedict, Lora Jean Propps, and Marilyn Edwards. Then, come a song by the Huntsman boys, Glynn and Aldine. They received a huge applause after which they sang another. Aldine accompanied on his guitar.

Claudia Sue Mosely then favored the assembly with two tap numbers, both of which were greatly appreciated.

Three seventh grade girls, Edna Warren, Ernestina Teaff, and Bevelva Hammonds, sang a song. The selection was one of the choral club songs used at county meet. These girls were costumed in their choral club regalia.

Lloyd Huntsman favored the audience with a set of popular songs. Then came an instrumental trio, composed of Billie Bess Benedict, Marion Clonts and Lora Jean Propps who played two popular songs. The program closed with a contest election. "The Best of the Best" and "Beautiful Ladies" were the winners. Warren in the first selection, and Mary Leone Hoge in the second.

Everyone readily agrees that this was one of the most entertaining programs that has been presented this

year.

Many of the students thought the film would be dull, but they were very pleased with it, and all say that it is truly a splendid production.

VOLLEY BALL

The Knox County Volley ball tournament was played off Saturday, April 4, at Sunset. The schools were divided this year into class A and class B divisions. The first game was played between Benjamin and Sunset. Sunset was the victor. Rhineland and Goree then played; Rhineland was the winner. The Truscott and Gilliland game was played third. Truscott won over Gilliland. The three winners of the above games then had to play to see who went to the finals in the B division. Sunset beat both Truscott and Rhineland. This made Sunset the winner of the class B schools of the county.

Knox City and Munday, being the only class A schools, were then scheduled to play. Munday was not there when we were supposed to play. We waited for them for some time, but they did not arrive, he game was forfeited to Knox City. We won 15 points for our school by being the winner of the class A division.

Knox City and Sunset then played to see who would represent this county at district. Sunset beat Knox City. They have won district for the last two years, and we are expecting them to win again this year. At least we wish them luck!

MORE ABOUT THE FISH

Last Tuesday evening the Freshmen left for Stamford, where they attended the Palace Theater which was showing "A Midsummer Night's Dream", by William Shakespeare. The show was very interesting, and we hope that those who did not see the show will have the opportunity to see it some other time.

The Freshmen wish to express their sincere thanks to the following people who took their cars and took Freshmen to Stamford: Mr. and Mrs. Thomas Ferguson, Miss Iris Conns, Mrs. Mable Preatt, Mrs. Benton Anderson, and Mrs. Ottis Cash.

KEEP THE CELLAR COOL
 "We've found a way to keep the
 cellar really cool in the summer and
 warm enough in the winter," said
 Mrs. Roy Jones of the Hefner H. D.
 club, who has just completed her
 new cement cellar just outside her
 kitchen door. Mrs. Jones told the H.
 D. C. women this at the regular meet-
 ing of the club, Tuesday, April 7th
 at Mrs. S. G. Hampton home of Go-
 roe. "The sand that came from dig-
 ging the cellar was put on the top,
 about 10 inches deep, after the ce-
 ment was completely dry. This is a
 great protection from the intense heat
 of the summer sun."

DESIRE PLUS WORK
 "If I'm not the outstanding club
 girl in Knox county during 1936, it
 won't be that I didn't try," said Fran-
 ces Pettes, Clothing demonstrator of
 the Truseott 4-H club. "I have built
 a good closet to the ceiling and wide
 and deep enough that 2 of us use the
 space without crowding. In fact, it
 is large enough that I can step in-
 side to find my clothes. I used orange
 boxes, stacked, for my shelves in one
 end of the closet. Strong boards were
 used for the foundation and paper
 boxes completed the closet at a cost
 of 25 cents. Mother helped me paper
 the room, and I have added new drapes
 to the two windows. Too, I've made
 all the required garments of the cloth-
 ing demonstrator."

Miss Dorothy Lee Benton of Sager-
 ton spent the weekend with Helen
 Marr.

"Well, it didn't seem like 400 miles!"

{ It's true! That V-8 Feeling makes the miles go Easier! }

YOU know as soon as you take the wheel of a Ford that you've hit on something different. You're driving a car with a V-8 engine, and a chassis like no other in the world. You get an edge on city traffic. You cover the open road more easily. You hold the road on turns and bad going without having to poke along. You actually cut your running time without boosting your top speed! Yet driving a Ford V-8 is delightfully easy. And you save money, every mile. Owners report gas mileage on a par with less powerful cars; and no oil needed between changes. Terms as low as \$25 a month after usual low down-payment, under new UCC 1/2% a month payment plans. Prices \$510 and up, FOB Detroit.
