VOLUME 54

KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, OCTOBER 29, 1959

NUMBER 48

Peering into the crystal ball—Greyhounds, 44; Rule, 6.

Fred A. Cary, lawyer, Pampa, Texas, spoke at the Methodist Church's Laymen's Day recently and while Mr. Cary spelled out the shame of being too busy to live he defined hell individually. The Judge catches intimate glimpses of life in litigation and probate courts. He tells of a friend dropping dead unloading cake from the back of a truck. The rancher could never afford help to unload cake to the mother cows.

In reviewing the busy rancher's life, he was too busy to play with his three children, no time for community life in the church and school, too busy to take his wife to see her mother, the calves are ready to go to Kansas for grass or they are ready to come home in the fall.

Mr. Cary said the rancher's widow remarried in 1953 and lives in his neighborhood. The new husband and father takes time out to be as much a part of life of the three children as they will allow. He has carried the wife to see her mother six times since 1953.

Mr. Cary says it must be Hell for an ex-rancher who was "too busy" when his successor sits on the front porch puffing on fifty-cent cigars and waving to the neighbors as they pass by.

Brother Cary, won't you say something commendable for the man who was "too busy"? There is some merit in him leaving it all to the family since he couldn't take any of it with him.

The Ex-Students Homecoming date—November 6 and 7 is just around the corner. The homecoming committee is making preparations for a parade to be held Saturday afternoon, November 7, at 3:00 p. m. Local merchants are asked to have their places of business represented in the parade. A special feature will be a "pet" parade. Children are urged to enter their pets. The Greyhound band and pep club will lead the homecoming parade.

Scientists are doing wonders these days. Who knows may be someday they will cross a chicken with a Centipede. Then everybody can have a drum stick.

Food for thought: What the mind desires, the hands must provide. Just itching for something isn't enough, you've got to get out and scratch.

I often wonder why my mail boxes in rural areas fail to carry the name of the residents. One reason, however, might be to keep their town cousins from knowing just where the "country cousins" live. Just think of the fried chicken and cornbread a year's time when the "town cousins" don't exactly know where the "country cousins" live.

Often when I get into the "jamboree" along with the family, and head for the country during the week, and in the meantime, the quiet and peace of the "great outdoors". Like to take the side roads, or some untraveled path, and enjoy Mother Nature at her best. Sometimes I come an old church or school building, vacated. Just stand there and gradually deteriorate from lack of use, and I begin to think how wonderful it would be, if some of our other school buildings, which cost thousands of dollars to construct, could be put to some use.

And then again, maybe I will live into a community that at the time bustling with activity, just to see little country

Howling Hounds Hit Hard; Humble Hornets

The entire Greyhound squad got a good workout last Friday night as they blanked Aspermont 44-6. The Hornets held the Hounds for the first series, but starting with Knox City's sixth play from scrimmage, Joe Elledge rolled out and hit Donald Johnson for a 55 yard pass and run play good for the first Greyhound score. Jimmy Phillips ran the conversion over for two more points.

From this point the 'Hounds' began to look very sharp as they scored each time they got the ball. Following the kickoff, Aspermont was forced to punt, and the ball rolled out of bounds on the Knox City 34 yard line. From there it was only three plays to pay dirt with Larry White covering the last 52 in a fast sweep. Joe Ed Glover blasted left guard for the extra points.

Again Aspermont was forced to punt without making a first down, and the ball was whistled dead on the Greyhound 45. On the following play, wingback Jimmy Phillips broke loose for a 55-yard scamper and pay dirt. Joe Ed Glover kicked the extra point. The "B" team played all but three plays the rest of the first half, but in those three plays Jimmy Phillips went 70 yards for a touchdown, and it was called back and delayed the 'Hounds' three more plays before scoring again. It went like this: Phillips for 48, White for five, and Elledge for 31 and the 'Hounds' fourth touchdown. The half ended 29-0.

To begin the second half, Joe Ed Glover returned the kickoff to the Aspermont 48. Fullback Larry White carried twice for 10 before Elledge worked the keeper to perfection for 38 yards and a 'Hound' touchdown. Elledge then passed to Jim Anderson for two more making the score 37-0. Again the "B" team took over and played Aspermont on even terms until the final minutes of the game when the Hornets shook loose on a 26-yard pass and run play. The conversion attempt was no good and

Rev. Floyd Bailey introduced the speaker.

The score remained 37-6. With less than fifty seconds showing on the clock, the 'Hounds' team went into the game. Starting at the 30, they scored in four plays with Elledge passing, one incomplete to Johnson and one complete to Anderson, and Phillips reversing to set up the touchdown. Elledge kept the ball for the remaining yards and the last 'Hound' touchdown. Joe Ed Glover kicked the conversion.

The Pee Wees have lost only one game this season and that was to Burk Burnett in a game played September 26, so the return match Saturday should be a thriller.

The Pee Wees downed Aspermont 22-20 in a hard-fought game played at Aspermont last Saturday.

Gregg Knight, Phil Williams and Joe Reyes "racked-up" the touchdowns for the locals.

The Pee Wees will be awarded football jackets in about two weeks, Gary White said.

'Graham Crackers'

BY J. TOM

One of the hardest assignments in life is distributing credit where credit is due. A good example of this is a football team. Many people have tried to write the inside story of football; the things that go unmentioned in the headlines.

To cover the subject thoroughly, it would take no less than a large book. However, there are a few things that I have noticed from my own experience which usually go unmentioned, but play a great part.

The first thing is inspiration, or a reason for doing what one is doing. If you ask the average man to hang suspended by his arms from a chinning bar as long as possible, he will probably drop after about a minute. But if you should bet him five dollars on how long he can hang, he will usually stay up for more than two minutes. Therefore,

inspiration plays a vital part in producing one hundred per cent effort from the team. It is the little things the coaches do and say that make a well inspired ball club.

Secondly, it is seldom you see a good high school team that doesn't have a good "B" squad. It takes hard competition in the daily workouts to round out a well-timed ball club, and the converse is true in that any "B" team who works out daily against such competition is most likely to become fierce competitors themselves.

A third and often overlooked factor is that any town that is a consistent football power must have a well worked-out football system. Boys play sandlot at an early age. Later, they learn the fundamentals in junior high, gain some experience during their first years in high school,

Mattson Dumps O'Brien 40-31

W. L. Holt passed for two touchdowns and ran for two in leading Mattson to a 40-31 victory over O'Brien last Thursday night in District 3-B six-man warfare, played at Mattson.

Holt ran eight and two yards for TDs and tossed payoff counters to Tommy Walker and Burlie Peiser.

Peiser caught another TD pass

and are then ready to represent their town.

In most instances, much credit is due in inconspicuous places; the word of encouragement spoken by a fan, the seemingly trivial duties of a manager, and boys like Mickey Davis and Walter Hooker who are forced to miss a season because of injury.

In Knox City, most credit is due the coaches for perfecting every phase of football, from well-oiled plays to track in the off season, and this can be proved by the fine way our junior high and "B" team perform. However, no one worries too much about who receives the credit because in the Knox City schools, we play on the theory that there is no limit to what one individual can accomplish, as long as he doesn't care who gets the credit.

Ernest New, brother of Owen

from Gene Leonard, Winford Seelig recovered an O'Brien fumble in the end zone for a touchdown and Leonard passed 30 yards to Seelig for the final Mattson counter.

Mattson also got two points when Larry Campbell trapped O'Brien's Jerry Rowan for a safety.

Rowan scored four of O'Brien's markers on runs of 40, 35, eight and two. Larry Gibson tallied one TD for the losers, driving over from the three.

The lead changed hands six times in the high-scoring contest.

AN OUNCE OF PREVENTION

With autumn, comes a flurry of activity—summer clothes are packed away, cars are winterized, furnaces and chimneys cleaned, and so on. For most of us know the importance of taking care of our belongings.

Yet how many of us recognize that our most valuable possession, our health, is often taken for granted and given no special care until we are ill.

As your pharmacist, we have a personal interest in your health and well-being. That is why we like to remind you to take an ounce of prevention now, to avoid the colds and other ailments that the new season brings. One of the simplest and easiest ways is to keep up your resistance—eat sensibly, get enough rest, and take vitamins and other nutritional supplements according to your needs.

Why not check with your physician on the formula best suited to your requirements? Then come in and choose from our well-stocked shelves of fine quality products. Should a cold or a sniffle sneak up on you, stop in and shop for prompt relief. We've fresh supplies of all famous brand cough and cold preparations.

But best of all, give colds the cold shoulder with an ounce of prevention.

store, or filling station . . . all that is left of what at one time was a thriving village . . . but now life around many rural schools, and villages is just about a thing of the past.

Recently at one of the little country stores I stopped to get a cold "soda pop", and to rest for a few minutes, and while imbibing the "pop" I sauntered over into the shade of the building and surveyed what at one time was a busy little community, with several stores, a good school, and all the earmarks of an "up and coming" little community . . . but today, one must look into the past to verify that statement, as there are now very few indications pointing to that fact.

As I sat in the cool shade of the little store, I realized that with the passing of time . . . and with distances meaning almost nothing in this "moon-bound" age . . . more and more of the small communities will disappear.

JUST TALK

By JAMES HILL

Last Friday night the 'Hounds steamrolled the Aspermont Hornets, 44-6 in a very fast ball game.

The 'A' string played the first quarter of the game, and the 'B' string went in to play all but the last ten plays of the track meet.

For the entire game, the 'A' boys played only 25 offensive plays. In the last ten plays of the last half, the 'A' string made three touchdowns with one of them called back.

Aspermont was beaten four times by Knox City last week as they played High School, Junior High, the 'B' team, and the Pee Wees.

We suppose Aspermont has "enough" of Knox City for a while now. Everyone who witnessed the Pee Wee game Saturday night at Aspermont, agree that it was the best game they had ever seen.

We understand that one of the Aspermont 'Pee Wees' weighed 175! Some of the others weighed "way over a hundred."

Evidently they grow little ones BIG over at Aspermont.

We have only two boys on our team that weigh 100—Phil Williams and Jackie Howell. Our starting quarterback, Jerry Myers—breaks the scales at 60 pounds. Starting team average is 87 pounds!

That's all the beef Knox City can offer. What the Pee Wees lack in weight, they more than make up in ability.

The Greyhounds play Rule, at Rule, Friday night. This should be a good contest. Prediction: KC 38, Rule 6.

We have thoroughly enjoyed every minute of all the games we have seen so far, and dread the day when football is over. We also enjoy talking to the football boys who come in to visit us, as well as all the fans who drop by to compare notes with us on previous games, as well as games coming up.

Since organizing the Jaycees here, we have heard many folks say that they would like to join but that they were over 35 years of age.

The only stipulation as to age is that a person over 35 cannot hold an office. This is an advantage for us "old folks"—for some of us don't have the time to devote to a vigorous organi-

JAYCEE CHARTER NIGHT BANQUET — Above are officers of the Knox City Jaycees conversing with Jaycees from Stamford. They are, left to right: First vice president Bob Hinchey, Lewis Timberlake, Stamford, state vice president, unit five, Arnold Brown, second vice president, Hershel Kelley, Stamford, national director, and David Counts, secretary-treasurer of the Knox City Club.

RETURN TO KNOX CITY

Mr. and Mrs. Jerry Wilson have returned to Knox City following Mr. Wilson's two-year service in the army.

Wilson, who has received his discharge from the army, has been stationed in Williamsburg, Va. for the past 1 1/2 years. He is the son of Mr. and Mrs. Chad Wilson. Mrs. Wilson is the former Corinne Urbanczyk.

Like anything else that is a success, it takes experience—the Jaycees realize this, and most of them have gentlemen paying membership dues that are 25 or more years over the 35 limit.

We hope this will straighten out the falacy that 35 is the LIMIT—for it is certainly not true. The above mentioned rule is the only stipulation to this fact.

Jaycees are a younger man's organization. It was founded to work with the Chamber of Commerce. In fact it is called the Junior Chamber of Commerce, and it functions primarily on the same keel.

The Jaycees are NOT, in any way, competing against any other organization—it, like the others, is a community service club, and will help in any way to further any thing that will improve our city.
