What's The Job

BY FACTS

Stockbridge

County Herald

C., April 10

to see president

just completed his

office. I wanted to

what he believed

ed in that year.

expects to accom-

ing years at the

ment.

was frankness itself.

conversation which

two hours he an-

question with such

precision of detail

unasked questions

was: "Does Presi-

dentize what he is up

to?"

He does."

United States became a

we had just two bust-

the President's chair-

George Washington

Robert Hoover.

tion had won finan-

in business before

President. Herbert Hoov-

ing on his own with nothing

professional income

wealthy at forty.

independence out of the

George Washington did;

as a farmer and dealer

Hoover as a miner.

like George Washington a

Herbert Hoover is an engi-

our time it is a new exper-

at the head of the Nation a

in the operation of great

prizes, accustomed to the man-

of men and money on a lar-

ge.

does not have to agree with

Hoover's point of view. In

the policies of his party, to

his ability or even to con-

his greatness in the sphere of

work. And that sphere is

of the administrative engineer-

one apparent that such a man

has a different approach to that

of administration than that

of politicians who have previous-

ly held the Presidential office. Man-

agement of 120,000,000 of

the most prosperous peo-

ple in the world perhaps might not

be much different, to him from

the affairs of a big cor-

poration.

wanted to find out. We have

talked so much in America

of a "business Government,"

and yet we are so dubious

as to discover whether

we have a practical, business

view could get away with it

at all.

There has been a lot of loose talk

about the President, be-

lieving he never been a politician,

and being puzzled, horns-woggled,

and otherwise fooled by

official demagogues who inhabit Cap-

itol Hill. Don't you believe it. Her-

bert Hoover not only knows what is

on, but why, and who is be-

hind it. And he knows, better than

any of them do themselves, just

what the Senators are going to com-

mit legislation and which are going

to be stopped gently into political

action.

Hoover quotes the President un-

derstandably has personally prepared the

manuscript for publication. No news-

paper man who hopes to have another

chance to talk to him writes

what the President says to him in

confidence. But you can stick a pin

in this:

President Hoover is a political

amateur.

He does not play politics with a

brass band or a big stick. There is

nothing of the play-actor about him.

The arts of the politician which ap-

peal to the emotions are totally for-

bidden to him. It is impossible to

imagine his posing for dramatic ef-

fect or engaging in verbal denun-

ciation of his political opponents.

But the man who organized and ad-

ministered the Belgian relief and

made Germany like it, who ran our

own Food Administration and per-

suaded us that sawdust was good to

eat, who as Chairman of the Sup-

reme Economic Council which abso-

lutely ruled all Europe during the

eight months between the Armis-

tice and the signing of the Treaty

of Versailles, figuratively as well as

literally had the nations of the world

eating out of his hand, who as Sec-

retary of Commerce for seven years

told the business and industrial lead-

ers of America where they got off

and made them like it—and then—

must of necessity be master of the

supreme art of the politician, the art

of understanding people and mak-

ing them want to do what he wants

them to do. And this is a subtle and

higher type of politics and in the

long run more effective and more

enduring in its results than more

than one or two men have ever brought

to the White House.

Herbert Hoover approaches the

problems involved in running the

Government of the United States

exactly as the president of a great

business corporation approaches his

own business problem. And that is

the method of the engineer.

Engineers deal in facts. They

don't build bridges by guesswork or

dig tunnels with their emotions or

erect skyscrapers by sentiment. It

is an old saying among engineers

to which the President himself called

my attention, that if one can get

all the facts, and be sure that he has

all the facts about any engineering

problem and arrange them in their

proper perspective, then the one cor-

rect solution becomes apparent to

everybody.

That is true, as far as it goes.

But it takes another kind of ability

to convince other people—a board of

directors, say, or the Congress of the

United States—that the facts are

facts and therefore that the solution

offered must be the right one. This

is particularly true when the board

of directors—or Congress—has been

in the habit of running things by

guesswork, sentiment and emotion.

That is President Hoover's hard-

est job. He deals in facts. The truth

which the assembled facts reveal is

the only truth he recognizes. His

job, as he sees it, is to get all the

facts about every phrase of the Gov-

ernment, then to convince, persuade

or otherwise impress upon Congress

the politicians and the people that

these are the facts and that they

point to only one sane and sound

solution of the problem in hand.

To do that takes skillful team

work. Don't run away with the idea

that Mr. Hoover has any quarrels

with Congress. He is cooperating

with Congress. That is team-work

but Herbert Hoover is driving the

team.

And so far as his hands are not

bound by legislative restrictions, he

goes ahead on his own initiative—

after first finding out all the facts—

just as the president of the Western

Union of the Steel Corporation does.

The impression one gets upon en-

tering the Presidential offices, in the

useful old structure known as the

State, War and Navy building, ac-

ross the street from the White

House, is precisely that of the ex-

ecutive offices of a big corporation.

In the old White House offices, in

the wing which recently burned,

there was a different atmosphere

under previous Presidents. Anterooms

were usually crowded with politi-

cians seeking favors or with tour-

ists hoping for a chance to shake

hands with the President. The gen-

eral effect was social and political

and not that of business. Presi-

dent Hoover's office might be that of

any big business man, except that

most big business men's offices are

more elaborately furnished and decorated.

BROTHER CAUBLE TO GIVE ILLUSTRATED LECTURE

A R. Cauble of Benjamin will deliver an illustrated lecture on "The Life of Martin Luther, the Father of the Reformation," on Thursday evening April 17th, beginning at 8 p. m. A review of his entire life will be given on more than 50 fine color photographs, in their own words, as they are actual photographs of famous masterpieces hanging in the galleries of the Vatican of Milan, Florence, Paris London the new York Metropolitan museum of art, the Field Museum of Chicago, the private collections of Mrs. Sage, the Vanderbilts, Mrs. Scribner and others. A proper context and complete history of Martin Luther's life and labors for the truth will be given by Brother Cauble as these great scenes unfold before you. No charge will be made for admission. Come and fill the First Christian Church building all will be welcomed.

W. M. U. MEETS WITH MRS. CLARKE

The ladies of the W. M. U. of the Baptist church met Monday afternoon with Mrs. Press Clarke. The regular business meeting was held following which plans were discussed for a number of the ladies to attend the District Business Meeting of the W. M. U. to be held in Tulsa Thursday. Mrs. Clarke served sandwiches, potato chips and tea.

Hospital Notes

Patients of the hospital this week are Mrs. H. B. Turner of Rochester, Mrs. Sallie Fortenberry, Mrs. John Lane and Mrs. W. G. Warren all of Monday, Mr. T. J. Couch of Vera Mr. Watson of Knox City, and Mrs. T. J. Teague of O'Brien. Mrs. Ernest Partidge returned the last of the week to her home in Manday and Mrs. J. V. Jones has sufficiently recovered to return to her home in Knox City.

A little six year Bolin girl was treated at the Hospital last Thursday following an accident which occurred on the highway between Benjamin and Knox City.

The trees recently put out at the Hospital seem to be attracting the attention of not only Knox City people but also those who visit the hospital from other towns. Mrs. Baker states that each day, even before they show signs of living, that tree are more enjoyed.

Mr. Ray Willis was one of the most instrumental men in getting this work done, giving unselfishly of both his time and truck, which fact is not unnoticed by those at the Hospital and all who are interested in it.

B. Y. P. U. TRAINING SCHOOL WELL ATTENDED

The attendance at the Baptist church last Sunday was unusually good. There were 185 reported at Sunday School with several coming in to report for the classes to report. We are very thankful for this but we are anxious for all our people to attend Sunday School. So let's all meet next Sunday and do our part to make our A. S. A. I.

The B. Y. P. U. training school is doing fine. Tuesday evening there was a total of 76 enrolled which number is above the average for a church this size. There are others who will start later in the week. If you miss this training, you have missed an opportunity not only to better prepare you for religious services, but other services, for if we fail to get this kind of education and training we fail to complete our education.

Brother W. H. Albertson of Manday brought a great message on the value of B. Y. P. U. training Monday evening. Tuesday evening Brother J. Pery King brought an inspirational address. Everyone should have heard these messages.

Let's all meet at Sunday School Sunday morning. Everyone is needed.

TWO CARS COLLIDE ON RAILROAD TRACK

Last Thursday afternoon, as the Herald was going to press, report was received that two cars had a head on collision on the railroad track just south of Benjamin.

One car, driven by Reverend Foster of Haskell, was going north; the other car, driven by a woman who claimed Mexico as her home, met in the middle of the railroad track, completely demolishing the woman's car and doing some damage to Brother Foster's car. The woman was accompanied by her two small daughters one girl six and the other ten. The smaller girl received a cut across the right side of her forehead, otherwise, the injuries were small. The woman was Mrs. Bolin.

UNION GROVE NEWS ITEMS

We are glad to learn that one more bachelor home was destroyed when Mrs. White came to make her home with her son.

Our Commissioner has done a lot of good work in our community the past week which we greatly appreciate.

Our school enjoyed a fine picnic the first of April.

Quite a bunch of our sports tried a seining trip last week and reported the catch of two suckers. They said that they enjoyed a fine steak.

The Singing Sunday night was fine and a large crowd was present. Do extend a hearty welcome to everybody that loves singing to attend these each Sunday night.

Mrs. C. E. Bird and little son C. V. are visiting in the home of her parents, Mr. and Mrs. A. A. Nicholson, this week.

— A. A. Nicholson, Reporter

To Whom It May Concern

We believe Knox City to be a town of unusually high moral standards, and that her citizenship stands for the highest ideals. We also believe it to be our best interest, and that of every citizen of Knox City and surrounding community, as well as our duty, to maintain these high ideals.

We believe in, and will support athletics of every kind when carried on in the right way and at the right time.

We are convinced however that the Sabbath is not the right time for public baseball games or public games of any kind.

Therefore we think the public baseball game as we have seen them the last two or three Sundays should be discouraged as not conducive to the best moral and religious interests of the community.

We do not seek to dictate we would not offer any undue criticism of any individual, but we the undersigned do wish to offer our protest against public Sunday games.

We are for anything that would maintain or promote right and happy relations between the races. We believe that the promiscuous playing together of white and blacks is fraught with danger to right and happy relations and should be indulged in with extreme caution.

SCHOOL BOARD ENTERTAINED WITH DINNER

Monday night the school board was entertained at the school house with a dinner. The occasion is an annual affair, and is given honoring the new members of the board. The new members this year are S. L. White, H. E. Wall, Mr. Benton and Mr. Hammons. Other members of the Board are Roy Smith, Acker, Armstrong, Bohanna, Reeder Recas and Lowrey. In addition to those named, Mr. J. W. Cloud, Superintendent, and Mr. Cotman, Principal were present at the dinner Monday night.

The dinner was served by the second year food class of the Knox City school, supervised by Miss Moorehouse, instructor.

Following the dinner the board held a business meeting.

M. E. PRIMARY DEPARTMENT TO HAVE EGG HUNT

The pupils of Mrs. Lee's class or class number three of the primary department of the Methodist Sunday School will meet at the home of Mrs. Lee on Friday, April 18th at 4 p. m. There their surprise hostess will meet them and they will be driven to her country home where the eggs will already be hid and the cream and cake will be waiting for these good little boys and girls.

The pupils of classes one and two with Misses Ruth Hammock and Myrtle Evans will meet at the home of Miss Evans on Saturday morning the 19th at 8 p. m. where they will find a surprise awaiting them.

Ray Willis made a business trip to Monday Tuesday.

SOPHOMORES ENJOY PICNIC

Saturday, about nine in the morning, the Sophomore class of the Knox City high school, chaperoned by Mrs. J. E. Clarke, Mrs. Emoy, Mrs. Cash and Mrs. Edwards, drove to Burdards Peake where they spent the day exploring the mountains and taking pictures. About noon a big picnic spread was greatly enjoyed. The crowd returned home about two-thirty in the afternoon.

The Methodist Missionary Society met Monday afternoon at the church. Mrs. Miller was present and gave a report of the meeting of the North Texas Conference which she recently attended. Mrs. Bridges gave the first chapter of the study, "Womans lace in the services of the church."

At the business meeting, the Society voted to have a Tacky party, the particulars of which will be given later. Mrs. Mann volunteered to work with the Hi-League, which society will be organized next Sunday evening at seven o'clock. This league will include the boys and girls who are of the ages not to be eligible for membership into the Senior League or the Junior League. It is hoped a good number of boys and girls will be present Sunday evening.

The local chapter of the Eastern Star will meet Thursday night, April the 17th, at seven thirty. All the officers and members are urged to be present as there is important business to be attended.

Mrs. Doctor Pope, who spent the winter with her daughter in Phoenix Arizona, returned home the first of April.

Mrs. Screws of Knox City is in a Wichita Falls Hospital. She is improving and hopes to return home this week.

Mrs. G. R. Holloway and Mr. and Mrs. J. F. Holloway all of Market Texas were guests of Mrs. C. S. Wilcox Tuesday.

Mrs. John Reynolds of the Need more Community has a new Radiola 22 which she bought at the Hughes Radio Shop.

J. J. Driver of Benjamin trades 520 acres of land in Knox County this week to B. B. Bligham for 140 acres in Lynn county.

J. M. Ashcroft and Tom Bolin attended a meeting of the Chevrolet Dealers of this district held Tuesday in Haskell.

Mrs. H. Keck and Mr. and Mrs. O. Robinson of O'Brien spent Friday of last week in Springfield with relatives.

The Haskell County Singing Convention will be held at O'Brien on Sunday, April the 13th. The meeting day has been changed from the 11th to the second Sunday.

For growth all Mash Startons with butter milk and cod liver oil is sold at Porter and White's.

Owens Brothers will give a concert at the O'Brien School auditorium Wednesday night April the 16th. These are the best entertainers on the road. A good crowd is expected to hear them.

Never wait to see if a headache will "wear off." Why suffer when there's Bayer Aspirin? The many millions of men and women who use it in increasing quantities every year prove that it does relieve such pain. And as surely relieves that of neuralgia; neuritis; even rheumatism. Doctors declare genuine Aspirin (with the Bayer Cross on every box and tablet) does not affect the heart. Any drugstore.

DOWN TOWN REVIEW

H. M. Warren matching luckily with the Present Day Nickle. See the present day nick at H. E. Wall's store.

An overheard conversation—
Mrs. T. P. Frizzell Jr. speaking to Mrs. Russell Boyd: "Where did my husband go while I was in Dallas?"

H. E. Wall reminded of his courting days by use of the "use-to-be nick name" Shorty.

Speck somewhat rushed with men customers, each trying to buy a shirt like Holt Moseley's new one.

Members of the school board reported to the Herald that the dinner served by the Foods class was unusually fine and that Knox City should be very proud of school work of that kind. From all appearances the class is very excellently instructed by Miss Moorehouse, each member showing much interest and great accomplishments.

W. C. Golden, who is now running the Post Office Filling Station, is a new subscriber to the Herald this week. Mr. Golden with his family moved here recently from Vera. We are glad to have him numbered as one of our readers.

Do your job well today and you will be trusted with a better one tomorrow.

HERALD FAMILY ENJOYED VISIT WITH FRIENDS AND RELATIVES

The Herald family, Maek, Margaret and Mickle (better known probably as Mr. and Mrs. Sweeney and Mickle) enjoyed the past week (and with friends and relatives in Dallas county. We left Thursday afternoon as soon as the Herald was in the postoffice and drove to Breckenridge Friday we finished the journey, arriving in Irving (our old home town) about one o'clock. We spent the afternoon visiting friends there and about six o'clock we drove to Dallas where we met Maek's mother, who came up from Thornton to see us. Friday night we attended the Passion Play at Fair Park, and although it was good, we were all somewhat disappointed.

Saturday we attended to a little business in Dallas in the interest of the Herald, visited with other friends and at six that evening we met Maek's sister, Mrs. McLelland, who came up from Wortham to see us. We saw a good show Saturday night and Sunday morning the pleasure was all over; we left for home.

Another feature which made the visit unusually pleasant was the fact that we spent the entire time in the home of our old friends, Mr. and Mrs. John Murphy. Both are elder people; it was with them that we lived three of the four years that we lived in Irving. It was just like going to "Grandma's" in fact. It was that to Mickle boy.

Sunday morning when we all left for home, we had the pleasure of having Mr. and Mrs. Murphy accompany us as far as Millsap where they are now visiting a daughter.

In every respect we had a most enjoyable trip and visit.

Mrs. Holt Moseley spent Monday in Wichita Falls.

Miss Alta Cassle spent Monday night in Rule with relatives.

Mr. S. M. Clonts and Dr. Frizzell are in the Valley this week.

The new concrete dip on the Benjamin and Munday road was opened Wednesday night.

Abe Watson of San Angelo is here this week to see his father who is in the Hospital.

Mr. Parks Wright of Benjamin has a new Chevrolet Sport Roadster which he bought at Ashcroft's.

Mrs. M. A. Reeder and daughter Mary, Miss Alta Cassle and Mrs. D. W. Pope spent Sunday in Rule.

Mr. and Mrs. Carrol Farmer of Dalhart were here last week to see his mother.

WICHITA MAN WAS UNABLE TO WORK

"I Have Gained 8 Pounds And I Work Hard Every Day Since Taking Orgatone (Argotane)." He Said

Mr. Roy Gambel of 1715 Trueheart, Wichita Falls, Texas, makes this interesting statement. Mr. Gambel is employed by Kaufman and Doyle of Wichita Falls.

"For a long time I haven't been able to eat anything, he continued, and what little I did eat caused gas to form and would blast me up until I was so uncomfortable I could hardly stand it. I would belch up food from my stomach undigested. I had severe headaches, was very weak and nervous and could not sleep at nights and finally got in such a run-down condition and so sick and weak that I was unable to work.

"Orgatone (Argotane) was advertised so highly I gave it a trial and it has certainly worked wonders for me. I feel better than I have in a long time my food digests properly and I sleep fine every night. But most of all I have gained 8 pounds in weight. My color is much better and I am stronger and have more energy. I am feeling so good that I work hard every day and it does not bother me. Orgatone (Argotane) is indeed a remarkable medicine and I am glad to tell everybody about it. Genuine Argotone may be bought in Knox City at the Orient Drug Store.

DR. CALDWELL NERVENED IN 47 YEARS PRACTICE

Dr. Caldwell watched the results of his practice for 47 years, and believed that the most careful people are of the best health, diet and exercise, constipation, and nervousness, then, is how to treat it. Dr. Caldwell always has a bottle of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the system and is not habit forming. Syrup Pepsin is pleasant-tasting, and youngsters love it.
Dr. Caldwell did not approve of laxative pills and purges. He did not believe they were good for anybody's system. In a practice of 47 years he never saw any reason for their use when Syrup Pepsin will empty the bowels just as promptly.
Do not let a day go by without a bowel movement. Do not sit and hope, and go to the nearest druggist and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin, or write "Syrup Pepsin," Dept. B.P., Monticello, Illinois, for free trial bottle.

For Economical Transportation

It's wise to choose a SIX!

It is wise to choose a six-cylinder motor—the only way to get six-cylinder smoothness. Six-cylinder smoothness takes out vibration and roughness. This saves motor, chassis, body, passengers, and driver.

The Chevrolet is a six. Yet it sells at a price that anyone can afford to pay. And it lasts longer, because of fine materials, oversize parts and a big, smooth, 50-horsepower six-cylinder engine that always "takes it easy."

With all its six-cylinder smoothness and power the New Chevrolet Six saves gasoline and oil, through modern efficiency—overhead valves—high compression power—latest carburetor—long-wearing pistons—crankcase ventilation—air cleaner. Thus Chevrolet brings truly modern transportation within reach of all who can afford any car. Chevrolet economy also means sincerity in manufacture. To illustrate:

Chevrolet valves are adjustable—to save replacing. Chevrolet moided brakelining greatly reduces brake upkeep. The rear axle inspection plate on the Chevrolet means accessibility.

The whole car is full of such evidence that true economy comes from advancement and refinement. There are four extra-long, chrome-vanadium springs controlled

by hydraulic shock absorbers. They are mounted lengthwise, in the direction of car travel, with self-adjusting spring shackles to maintain quiet.

Modern low suspension and extra wheelbase give the Chevrolet Six good proportions. The front view is distinguished by the honeycomb radiator. The gasoline tank is at the rear for safety and finer appearance.

Chevrolet beauty instantly says "Body by Fisher"—style, quiet, safety—Fisher composite steel-and-wood construction—non-glare windshield—adjustable driver's seat—deeper cushions—greater leg room—clearer vision—finer fabrics and fittings.

There is just as much extra value throughout. BY ANY STANDARD the Chevrolet Six is the wisest choice in the low-price field... with its six-cylinder valve-in-head motor... with full scientific equipment... with Body by Fisher... with four long semi-elliptic springs, long wheelbase, low suspension, rear-mounted gasoline tank, honeycomb radiator and all the other features of this day and age.

Knox City, Texas

NOTICE

I will stand my four year old Jack on my back on what is known as the Blackcock place 2 1/2 miles north of Knox City. Terms, \$10.00 insured. A. A. Nicholson.

Get your new Eveready Radio with Battery at the Ashcroft Chevrolet Company. They have just received a new shipment.

A Sour Stomach

In the same time it takes a dose of soda to bring a little temporary relief of gas and sour stomach, Phillips Milk of Magnesia has acidity completely checked, and the digestive organs all tranquilized. When you have tried this form of relief you will cease to worry about your diet and experience a new freedom in eating.

This pleasant preparation is just as good for children, too. Use it whenever coated tongue or fetid breath signals need of a sweetener. Physicians will tell you that every spoonful of Phillips Milk of Magnesia neutralizes many times its volume in acid. Get the good old-fashioned Phillips in constant. Satisfaction guaranteed.

PHILLIPS Milk of Magnesia

CHRISTIAN CHURCH TO BEGIN REVIVAL MEETING NEXT WEEK

E. D. Hagerman, District Evangelist for Christian Churches, will begin a revival meeting at the First Christian church in Knox City on Friday evening April 18th at 8 P. M. to continue over the Easter Festival and close on April 27th. Brother Hagerman is an able man, a fine singer and a good preacher and the church and the people of Knox City are invited to come and hear him. We are especially concerned at this time as the world will soon commemorate the Nineteen Hundredth Anniversary of the coming of the Holy Spirit on the day of Pentecost. We shall be pleased to meet and worship with all who love the Lord during this meeting. All are welcome. "Come let us reason together."

A. R. Caudle, Pastor.

Guy Robinson, Hoyt Shaw and Misses Ruby and Cassie Thompson visited friends in Seymour Sunday.

The President on the Job

Continued from Page 1

Behind a big desk on the window side of the big room the President sits in a big swivel chair. As he rises to greet his visitor one sees that he is a big man. Six feet exactly, broad of shoulder, deep of chest, he weighs around 185 pounds, and milk his little of that is fat. In his picture he gives the impression of being a bit soft. But that round face isn't fat. The bony structure behind it is broad from cheek-bone to cheek bone, from the angle of the jaw to that of the other. He is in good training—not as an athlete going into a contest but the sort of good training in which intelligent business men try to keep themselves.

Over the radio one gets the impression that the President's voice is rather high-pitched almost a tenor. In conversation that impression vanishes. It is not a vibrant voice, it lacks the resonance which makes for oratorical effect. But it is a baritone rather than a tenor, with the deeper tones predominating in conversation.

The President's clear blue eyes are fixed upon his visitor as he talks. They are deep-set eyes the bony pent house of the forehead projecting considerably above the long upper eyelids. And the forehead goes straight up from the eyebrows, a long way up before it curves backward abruptly where the sandy hair begins. There is no sign of thinning over the dome of Mr. Hoover's head, but a little patch of gray is discernible on each temple.

His manner is dignified and easy without being genial. One tries to imagine him slapping anybody on the back or anyone outside of his most particular intimate personal friends and family calling him by his first name. It is too much of a strain on the imagination. It can't be done. Yet there is no impression of coldness. The impression is rather that he has his emotions under perfect control and that in dealing with and discussing public affairs he is discussing them in the light of reason applied to facts and not as matters to grow excited about. It is not hard to imagine him becoming angry, but it is impossible to imagine him bawling out anyone or going any outward sign of loss of temper.

KONJOLA ONLY MEDICINE THAT DID ANY GOOD

New Medicine Banished Kidney And Stomach Ailments After Others Failed

MR. M. D. ABBOTT

"I suffered for two years with kidney trouble," said Mr. M. D. Abbott, 609 East Hattie street, Fort Worth. "I have scarcely been able to do any work. Lifting, or turning my body was the signal for severe back pains. Night risings were frequent. My stomach, too, added to my misery. Anything I ate caused gas and a severe pain in the pit of my stomach."

"Konjola is the only medicine that did me any good. I now feel better than I have for many a day. I can eat what I wish without suffering and the pains in my back are gone. My kidneys now are functioning normally. Konjola has gone right to the spot in my case and I praise this wonderful medicine for all that it has done for me. A medicine that did all Konjola did for me can help others and I am recommending it to a lot of my friends who are suffering as I did."

Konjola is not a "cure-all". There is no such thing. But when taken for from six to eight weeks, Konjola will produce amazing results. The countless thousands of endorsements of Konjola have proven that it makes good, even in the most stubborn cases.

Konjola is sold in Knox City at the Orient Drug Store, and by all the best druggists in all towns throughout this entire section.

It May Be Urgent

When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.
