If you want information and inspiration, be at this meeting Sunday afternoon. Then attend the B. T. S. school next week.

SPECIALIST VISITS IN KNOX COUNTY FROM A. & M.

In order that the 4-H club girls of Knox county might learn more about how to improve their bedrooms, Mrs. Claytor, home improvement specialist of A. and M. college, spent Tuesday and Wednesday of last week visiting many of the bedroom demonstrators.

Thirty-three girls and their mothers attended the demonstration given Tuesday afternoon at Vera by Mrs. Claytor. In this demonstration the importance of having a comfortable place to sleep was stressed as the main principle upon which our bedroom improvement is based.

"It is important to have the right place to sleep for it affects our health, posture, the way we sit, stand or walk. The things that influence the kind of sleep we get are plenty of fresh air, sunshine in the rooms, screens on windows, kind of cover, not too short, too narrow or too heavy," said Mrs. Claytor.

Manual Medley, Mrs. Erline Hillman and son of Lamesa were in Knox City Thursday and Friday of last week. Mrs. Hillman was here to have her son's tonsils removed, and after the operation was performed by Dr. Edwards, they took the little fellow to his grandparents at Seymour. The Herald editor and wife enjoyed having them visit us while here. Come again.

Mrs. Hobb Smith of Rochester visited Mr. and Mrs. J. W. Smith Sunday afternoon.

We are glad to state that Mrs. B. B. Benton who has been ill is able to be up.

EIGHTEEN NEW SUITS BOUGHT

Eighteen new uniforms for the Knox City baseball team were distributed this week and are paid for by merchants whose ads appear on the backs of the suits. Indications that the finest co-operation in years will be accorded the team this year.

At a meeting of the Brazos Valley league Monday night at Sunset, it was decided that Truscott would be asked into the league to take the place of Rhineland. It was decided not to have a split season this year. Of the three teams in the final contest, the elimination will be as follows: Team No. 3 will play team No. 2 and the winner will play No. 1 for the championship. It is said.

Next meeting of the group will be at Sunset Monday when a schedule of games will be arranged. The Herald will probably have the schedule next issue.

Get ready for some real baseball games, for they are coming soon!

ATTENDS WEDDING OF SON

A. Y. Barnes attended the wedding of his son, Herbert Barnes, last Thursday night at Munday. He was united in marriage to Miss Christine Clouds of Sunset. They will make their home in Munday. They have many friends in this section who will join the Herald in wishing for them a long and happy married life.

BACK UP THE PRESIDENT

We can think of no better advice to give to everybody at this time than to say: "Keep cool and back up the President." It makes no difference whether one is a Republican or a Democrat. The fate of our nation is in the hands of the man in the White House, and he is entitled to the sincere support of everybody. We think every good Republican will follow the example of the former President, Mr. Hoover, who has publicly expressed his approval of Mr. Roosevelt's actions thus far and has called upon the people of the whole country to place their confidence in him.

Nobody knows better than Mr. Hoover what a serious condition confronted the United States on the day when he turned over the keys of the White House to his successor, Mr. Hoover's hands were tied. As the outgoing President he could not initiate actions which he could not hope to carry out. It would have been unfair to tie his successor's hands. But he could, and did, lay the situation so clearly before Mr. Roosevelt that the new President did not have to waste time after his inauguration before going into action.

Of Mr. Roosevelt's policies, as disclosed by his actions thus far, we think most will agree that they have met the approval of the people as a whole in a remarkable degree. The country was facing a situation which called for drastic remedies, and Mr. Roosevelt did not hesitate to apply those remedies. We do not think it is fair to criticize what some regard as his dictatorial attitude. Nobody can seriously believe that Mr. Roosevelt intends to set himself up as an American Mussolini, even if it were possible for him to do so. But in an emergency only single-headed leadership can be relied upon for prompt action. When the ship is sinking the captain cannot wait to take the advice of his officers and crew; he must take the responsibility upon his own shoulders.

That is what Mr. Roosevelt has done, and until we are past the crisis the patriotic thing for every American to do is to back up the President by voice and action to the limit of every man's individual ability.

DO YOU WANT A GOOD POSITION?

Most high school graduates are interested these days in the kind of advanced training which will enable them to secure a good position as quickly as possible, and at small expense.

All the courses which we teach have practical value in the business world. The knowledge and skill which you get in the Tyler Commercial College and School of Business Administration will help you to secure a starting position in competition with others who lack this ability. Our system of "learning to do by doing" really makes you an experienced office worker when you have graduated.

Then, because we concentrate on practical business training, you can secure training in our school in less time and at less expense.

We'll be glad to discuss with you your plans for the future. Perhaps, through our wide experience with young people and with business executives, we can make suggestions that will help you to realize your ambitions.

Write today to the Tyler Commercial College and School of Business Administration for "Achieving Success in Business," our current catalog. It will be sent free to the ambitious young person who wants to succeed. (Adv.)

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

MRS. J. C. HARDBERGER

Mrs. J. C. Hardberger who before her marriage was Susan Jane Smith, was born in 1852 in Raleigh N. C., and was married to J. C. Hardberger in 1870. The couple moved to Texas in 1876 and settled in Parker county at Peaster. They moved to Knox City in 1906 when they made their home until the death of Mr. Hardberger in 1922. Since that time she has made her home with her children. Three children had preceded her in death. The survivors are three daughters, Mrs. Ben Davenport of Poolville, Mrs. C. B. Neal of Fort Worth, and Mrs. Roy Speck of Lamesa, and three sons, John Hardberger of O'Donnell, Rufus Hardberger of Lubbock, and our townsman, George Hardberger. Funeral services were

held in the Baptist church which she loved and of which she had been a faithful member. Interment was in the Knox City cemetery by the side of her husband.

The writer of Proverbs must have had such a she in mind when he described a woman of virtue and said, "She looketh well to the ways of her household and eateth not the bread of idleness. Her children arise up and call her blessed; and her husband also and he praiseth her."

In spite of the hardships and disadvantages of pioneer life, and the responsibility of a large family, the Hardbergers maintained a home, the memory of which is cherished not only by their children but the youth of their neighborhood. Their interests were centered in their home, their church, and their state.

For the past four years Mrs. Hardberger had been confined to her bed. A frequent reply to inquiries in regard to her condition was, "I am just waiting to be called." On the morning of March 12, 1933, in the home of a daughter, Mrs. Pen Davenport, a voice said, "I have a message for you; God wants you. Heaven waits for you."

Last Thursday the Knox City high school junior girls baseball team played O'Brien. The score was 44 to 17 favor Knox City.

The girls have a very good team this year due to the fact that Mr. Cloud has coached them so well. Saturday, March 25, the girls will go to Sunset where the county meet will be held. They are going to play hard and expect to win. They have only two opponents this year, Sunset and Munday.

The team is composed of the following: Odell Thompson, captain; Evelyn Matthews, asst. captain; Estelle Wharton, Mary Beth Holmesley, Yvonne Jamison, Ruth McAuley, Pauline King, Ora Sharp, Mary Bell Stevenson, Inez Coates.

SPRING

Spring, the most beautiful season of the year, has arrived in all of its dainty splendor. This the twentieth day of March, heralds the kiss of its awakening and marks the beginning of its reign of triumph. With stately dignity it ushers out the aged, snow-haired King Winter, the last obstacle that mars its path. And in its wake it brings us flowers of rare beauty; the trees bud forth; the cool winds seem like a breath of love, gently caressing the weary wanderer as he treads the tedious pathway of life. All earth seems to vibrate beneath its spell; to respond gladly to the kiss of its golden sunshine and the soft breath of its gentle breezes. Every breathing thing seems to awaken to new life and vitality beneath the magic of its silver wand. Cares are forgotten, troubles vanish and life is worth the living. It smiles benignly upon all lovers; strews roses in their pathway, showers them with silvery moonlight; makes all things lovely; enhances their love by its ardor. Dear Spring we welcome thee once again and humbly kneel at thy feet to receive the blessings of thy bounty.

SKULE SKANDAL

Spring came in with a whiz and a bang Monday, and everybody is in love again as usual. Even the teachers are taking that wonderful disease, and of course its common with the pupils anyhow. The affair between Archer B. and Mary McAuley is running along smoothly, but it seems that Joe Reeder has captured Helen away from her admirer, Furd Glover looks every day for a letter from Boyd, Texas. Rowena Wall has a beautiful photograph which she is showing everybody, too. And Mary Howell and Melvin Jones simply have it bad! And Mary Lou Graham enjoys school a lot more when Hunchi comes. Mr. Dean is getting more absent-minded every day. Everybody knows why though, so they can look over it. Oh, yes, I almost forgot to mention the fact that Furd Glover is looking for several interesting love letters which he lost the other day. Well, detention hall is almost over, so I'll end this apostle right here, because I don't want to stay up here any longer than I have to. —Sex You?

HOME DEMONSTRATION CLUB NEWS

Miss Lola Blair, Food Specialist, Visits County

The Farm and Ranch food supply was the topic discussed by Miss Lola Blair, extension specialist in Foods, from A. & M. college, at the Union Grove Home Demonstration club meeting, Friday, March 17. Miss Blair, in her demonstration, suggested the following budget for a family of five in order that they may have an adequate diet for the five months, approximately, that we do not have spring or garden to furnish us with a cash supply:

Leafy vegetables, 150¢; starchy vegetables, 100 pints; other vegetables 80 pints; Fruits and fruit juices 100 pints; tomatoes and tomato juices 175 pints; meat, 52 cans; cheese, 52 lbs.; nuts and butter, 4 lbs. per person; hominy or grain, 5 cans per person; preserves, 52 quarts; salt pork and bacon, 52 lbs.; lard, 52 lbs.; pickles and relishes, 52 quarts; honey, 3 lbs. per person.

For a family of 2-6 all things should be canned in pints. For a family of 6-9 all things (except corn) should be canned in quarts

and a family of 9 or above should can in quarts but double the number of cans called for in the budget, Miss Blair explained.

"I will be willing to spend all my spare time improving my room if I can have one that is comfortable and suitable for my personal needs," said Sybil Spivey, bedroom demonstrator in the Gilliland 4-H club, in discussing plans for improving her bedroom with the county home demonstration agent.

Sybil plans to build in a closet, refinish the woodwork, at the furniture in the best possible condition, put up new curtains, clean the room thoroughly and rearrange the furniture by grouping it for rest, for dressing, for study and for storage.

Bedroom improvement in the girls 4-H clubs is a state contest. Each of the ten 4-H clubs in Knox county has a bedroom demonstrator and all are planning to enter in the contest. The county winner will be decided on the middle of May and all the bedrooms are to be completed by then.

"I am sure my bedroom will be a real joy to me when I finish improving it and think of all the fun I will have fixing it," said Genevieve Albus.

Genevieve is a member of the Rhineland 4-H club and was chosen by that group of 24 girls as the bedroom demonstrator. She expects to do her best in achieving the goals set for the demonstrators as well as assist the cooperators, the other club members, to achieve theirs which are: To rearrange the room and clean it thoughtfully, make a pair of pillow cases and have a well organized closet.

MRS. FRIZZELL AND DAUGHTERS ENTERTAIN

Mrs. T. P. Frizzell and her daughters entertained a number of their friends last Friday afternoon at 3 o'clock at the home of the former with a party of twenty-two. The room was decorated with the Easter motif. Refreshments consisting of composed salad, sandwiches and breads were served to Mrs. Sam Anderson, Jack Coats, John Smith, M. B. Sweeney, Hult Mosler, Vance Jones, T. P. Frizzell Sr., Sam Clark, Ray Willis, Vernon Briggs, Youngblood, Sam Smith, Henry Arledge, Henry Jones, Gay, Arnold, Cloud, Walt Bonodit, Shirley Park, Fress Clarke, and Miss Willie Jones.

METHODIST W. M. S. MEETS WITH MRS. HUGG

The Woman's Missionary society of the Methodist church met Monday afternoon at the home of Mrs. C. C. Hugg with fourteen present. An interesting program Bible study was given with Mrs. J. H. Sharp presiding on the six wars of the Bible. After a short business meeting the missionary society adjourned. The society will meet next Monday at the home of Mrs. T. S. Edwards in a social.

Union Grove News

The 4-8 club met at the school house last night. Mrs. B. C. Anderson's voice didn't arrive.

Mrs. Blair from A. & M. college made a talk and told the women of the 4-8 club what a person should eat each day instead of having a whole meal out of staples of flour and leafy vegetables. She told how to balance it and have some of each at each meal during the day.

The 4-8 members are very proud that the county is going to keep the home demonstration agent for another year. We as the club sure do thank Mr. W. M. Griffith.

The Union Grove school had their try out in declamation Friday night. There was a large crowd to attend it. The sub-junior girl was Annie Mae Deval, sub-junior boy Clifford Carmel, junior boy Cyle Carver, senior girl Floss McRayner, senior boy Alton Fitzgerald.

A large crowd attended the party at Mr. and Mrs. Top White's Saturday night.

Miss Alice Wilson spent the week-end with her sister, Mrs. Bill Lankford.

Mrs. Lankford was able to spend last week-end home for the first time since she got sick.

Some of the people of Union Grove community attended the singing at O'Brien Sunday afternoon.

Floss McRayner spent Saturday night with Joarino White.

Mr. and Mrs. N. D. Loper spent Wednesday night and Sunday with Mr. and Mrs. Top White and family.

RESOLUTION

Whereas, It has pleased Almighty God to remove from our midst, by death, our esteemed friend and comrade, Mike W. Perry, who for many years occupied a prominent rank in our midst, maintaining under all circumstances a sterling character, and a reputation above reproach.

Therefore, resolved, That in the death of Comrade Perry we have sustained the loss of a friend whose fellowship it was an honor and a pleasure to enjoy; that we bear willing testimony to his many virtues, to his unquestioned probity and exemplary life; that we offer to his bereaved family and mourning friends, over whose sorrow we join our sympathetic hearts, our heartfelt condolences, and pray that Infinite Goodness may bring speedy relief to their hardened hearts and lighten them with the consolations that come in faith and faith in God's love even in the shadow of the tomb.

Resolved, That these resolutions, properly expressed, be entered upon the permanent records of our Post, and that a copy be presented to the family of our deceased comrade.

Witness our hand and seal at West City, Texas, this twenty-second day of March, A. D. 1935.

Two spring frocks that are much alike and yet so different. They are alike in the bell-shaped short sleeve, in waist and in neck lines. On the left, however, is a frock of two-toned tulle, on the right a silk print jacket-suit dress that will be gay for the bright sunshine of late April and early May.

There is a slight puff to the bodice of the tulle frock. From the bodice neck-line to top of the inverted V of

skirt top there is a fullness reminiscent of Gibson girl days. The sleeve tells its own story, a fullness at elbow which makes for comfort. An "Eton" blue with white large bodice, worn with a jaunty blue bow and hat makes a most interesting spring appeal.

The silk print suit may be worn with or without the jacket. They are short, slightly puffed, three-quarter sleeves in the dress. The jacket fastens at the neck with a bow tie of self material. It may be in as bright patterns as the warmer weather is ushering in the new season.

QUESTIONS AND ANSWERS ON WORK RELIEF REGULATIONS

The vexing problems of administering the Reconstruction Finance Corporation loan money for distress relief are, in a large measure, solved for county committees, in answers listed in the forthcoming state manual now in process of adoption. With it county groups will work exactly alike—and in the following questions and answers many salient points are set forth.

The information is based on R. F. C. heard rulings and it shows how the gigantic relief program works:

Q.—From RFC funds can you purchase material and supplies?

A.—No. The funds are to be used for feeding empty stomachs and not buying materials.

Q.—Can medical treatment and hospitalization be charged to RFC funds?

A.—No. These services must be a charge upon your local resources and not a charge against the government's relief funds.

Q.—Are county overhead and administrative costs permissible?

A.—In Texas we are trying to make a record on low administration costs. However it is important that county committees keep proper records, investigate the recipients and account properly for the funds. If you cannot from your own resources provide for adequate administration it is permissible to use some RFC funds. Your requests on administration costs must be submitted to your regional office for approval.

Q.—Can trucks and autos be hired?

A.—Effective with the March and April allotments no trucks and autos are to be hired unless approved by your regional office.

Q.—From RFC funds how can you help the person who is destitute and cannot work?

A.—If from other funds you can-

not help it is permissible to use RFC funds for this direct relief.

Q.—Would cleaning up and beautifying all church yards and grounds be an eligible work project?

A.—Yes, providing no discrimination is shown to any church.

Q.—What is the duty of the county committee to transients?

A.—You are charged with the responsibility of relieving this destitution. The transient cannot be helped on the same scale as your local family; and in helping him, you should give him work instead of alms.

Q.—What wage scale should we adopt?

A.—Fixing of the wage scale is left to the county committee. It should be lower than the prevailing wage scale in your community, and should never be high enough to compete with private employment.

Q.—Would a municipal gas system be an eligible project?

A.—Federal relief money are not to be spent on projects competing with existing capital investments.

Q.—What should be the standard for helping a local destitute family?

A.—Money are allotted on the basis of approximately \$10 per month per family. Large families should get more, smaller ones less, but work should be provided so that a family could get approximately that amount. The standard for non-resident families is less than for transients still less.

Q.—What would the state commission suggest as eligible projects?

A.—(1) All activities coming under the head of repair, clean-up and beautification of public buildings and grounds and particularly school buildings and grounds. (2) Planning and building of a municipal or county park. (3) Cleaning up, planting, repair, etc., on cemeteries. (4) Dike and levee work. (5) The building of shallow water lanes, under which engineering supervision will be provided by the State Department of Agriculture. (6) A rural sanitation program to be done under supervision of the State Health Department. (7) Public vegetable gardens.

Q.—How long should records be kept?

A.—From the beginning, we have asked that all committees keep sufficient records to show where every dollar went and what the money went for. To do this, you must have basic records such as pay rolls, individually signed receipts and checks. These basic records should
