

O'Brien to Vote Saturday On \$180,000 Bond Issue

Qualified voters in the O'Brien school district will vote Saturday on a \$180,000 bond issue. If the issue is approved the funds, along with about \$40,000 insurance money, will be used to replace the O'Brien school building which was destroyed by fire Jan. 2.

Tentative plans by the school board and the architect, Joseph D. Hinton of Abilene, call for construction of ten classrooms, a cafeteria and a gymnasium.

The election Saturday will be held at the Fellowship Hall. Election officials appointed were Dwight Gothard, Ford Waldrup and R. P. Barnard, Sr.

Elvin T. Mathis, superintendent, reported that work of clearing the site of the burned building and salvaging usable material is underway, so new construction can start as soon as the bonds are sold if the issue is approved by the voters.

Members of the O'Brien school board are Alton Hester, president; Dempsey Emerson, secretary; Milton Rowan, Cyle Carver, Leonard Force, Floyd Middlebrook and R. H. Underwood.

All qualified voters in the district were urged to vote in Saturday's election.

Donnell Dickson Announces For State Representative Place

"The Home, the Church, and the School are the foundations of our society and well-being. As your representative, I shall ever strive to secure and strengthen these foundations", Donnell Dickson, veteran Baylor County lawyer, said today in announcing his candidacy for the office of State Representative of District 82. The district is composed of Baylor, Throckmorton, Knox and Haskell Counties.

Dickson is a native of Baylor County, his parents coming to this district in the 1870's. His mother is still a resident of Seymour. With his long experience as an attorney, and as a farmer and stockman, Dickson feels he knows the wants and needs of the people of the counties in the district.

He is married to the former Grace Brooks Caldwell, and they have one son, Joe, who is stationed in Germany with the United States Armed Forces.

In making his announcement for the office Dickson said, "I believe in a sincere devotion to our State and Federal Constitutions, and the protection they guarantee; a determination to have our laws, and those who administer them, conform to common sense and plain justice, especially when they affect the lives and well-being of the aged, the children, the schools and the veterans; and an honest effort to outlaw and prevent crime at all levels, returning honor and morality to government."

The theme of Donnell Dickson's platform will be: "The people of this district are entitled to first consideration in all public matters."

As Dickson seeks the office of State Representative, he stated that he would appreciate having the voters of the district discuss with him any matters about which they might be interested. "I will appreciate your help at the polls in the Democratic Primary July 26," Dickson concluded.

Cub Scouts Net \$41 From 'Play Night'

The Cub Scouts' bank balance jumped from zero to over \$41 following "play night" at the American Legion Hall last Friday night, John Hansen, cubmaster, said.

The party was well attended by the Cubs, their parents, leaders and friends. Games of forty-two, bridge, and dominoes were played downstairs by the adults. Hansen directed children's games and activities upstairs.

Cubs sold coffee and cup cakes during the evening. Hansen said a similar game night is planned for early April, and in the future he hopes a play night can be held every three months. All proceeds will go toward financing the cub scout program in Knox City.

A new den was formed with Mrs. Harvey Byrd as den mother. Four boys who recently became eligible are now members and others will be added as they reach eight years of age. Special guests were Hal Mabry of Seymour, scout executive, and Ulric Lea, scoutmaster.

Wichita-Brazos District Soil Conservation Service

Farmers and ranchers are realizing the benefits of carrying out a complete conservation program by evaluating the capabilities and needs of the land.

Jack Idol, chairman of the Wichita-Brazos Soil Conservation District, stated that since the district was first organized in August 1943, over 1,000 farmers and ranchers have become

district cooperators and secured assistance from the district in planning and applying conservation practices on their farms and ranches.

During the past year, terracing, contour farming, utilization of crop residue and stubble mulch farming became a part of a coordinated soil and water conservation program on many of the farms in the district.

In 1957 rancher cooperators have improved their pasture and rangeland by deferring 32,655 acres, and controlling 8,489 acres of brush, consisting chiefly of cedar and mesquite.

In the irrigation area there is a need to maintain or improve soil fertility for maximum production through the use of proper crop rotations, cover crops, and soil improving practices. Irrigation farmers are realizing the benefits of proper irrigation. Last year 524 acres of land was levelled. Seven miles of underground irrigation pipe was installed to prevent erosion and reduce water loss and became a part of complete irrigation water management.

District supervisors have stressed the importance of soil conservation and proper land use by sponsoring Land and Grass judging contests. Great

"Since cancer knowledge can be a cancer cure, the public is invited to attend this meeting. Not only will the cancer film be interesting, listeners will learn about this area's welfare program", Mrs. Reese said.

Hostesses will be Mrs. E. F. Branton and Mrs. Myrtle White. Mrs. J. C. McGee will give God's Minute.

Mr. and Mrs. Willie Wells of Dimmitt spent Saturday night and Sunday with their parents here.

Interest was shown among FFA and 4-H Club boys in these contests which allowed the boys to become familiar with different classes of land and the conservation treatment needed. It also enabled them to know and evaluate the grasses that grow on farms and ranches in the district.

The district governing body is composed of Jack Idol of Benjamin, chairman; H. W. Smith of Weibert, vice chairman; C. C. Browning of Truscott, as secretary; L. D. Offutt of Munday and H. D. Gammill of Rochester. The district serves Knox and part of Haskell County, covering a total of 773,446 acres. Cotton Carryover Smallest Since '54

COLLEGE STATION—The supply of cotton in the United States during the 1957-58 marketing year is estimated at about 23 million bales—4.6 million bales smaller than the record of last year and the smallest supply since 1953-54.

The carryover at the end of the present marketing year, August 1, 1958, is expected to be around nine million bales, according to John G. McHaney, extension economist. This is the smallest since 1953 and 5.7 million bales below the record high of 1956 and two million bales smaller than that on August 1, 1957.

The disappearance of cotton during the present season is estimated at about 14.1 million bales, says McHaney. This is 2.1 million bales smaller than the 16.2 million bales last year.

In 1956-57, domestic mill consumption of cotton declined to 8.6 million bales as compared to 9.2 million the previous season and it is estimated that this year's figure will be about the same, points out the economist. So, mill consumption will probably be the smallest since 1953-54.

Exports during the 1957-58 marketing year are expected to be about 5½ million bales—more than two million bales below the high exports of 1956-57, McHaney says. This compares with the 1953-59 average of about 5.3 million bales.

As of November 8, 1957, continues the economist, the U. S. government had allotted about 254 million dollars to finance cotton exports for the year ending June 30, 1958. If completely used, these funds will finance the exports of about 1.7 million bales, as compared with exports of about 2.7 million bales financed with 406 million dollars last year. However, he adds, additional funds may be made available before the end of the current fiscal year.

In 1957, farmers produced an estimated 11.7 million running bales from the smallest acreage since 1878 and allotments during 1958 is 37,006 acres smaller than the 1957 allotment. Meanwhile, manmade fiber consumption increases annually, concludes the economist.

Boy Scout Executive Accepts Promotion

Jim Johnson, Scout Executive of the Northwest Texas Council, Boy Scouts of America has accepted a promotion as Deputy Scout Executive of Circle Ten Council in Dallas, effective February 1. Under Johnson's administration the Council has made excellent progress in giving the Scout Program to an ever increasing number of boys. The Council ended the year with a total membership of 4,193 Cubs, Scouts, and Explorers and 1,906 adult leaders. The Council is now reaching 42.4 percent of the Cub age boys, 29.6 percent of the

Scout age boys, and 11.7 percent of the Explorer age boys as compared to 23 percent of the boys of Scout age, and 12 percent of the boys of explorer age. Top trained leaders have increased from 55 to 119. Boy's Life Subscriptions have increased from 756 to 1,387. Units have increased from 125 to 158. Boy membership has increased from 3,007 to 4,193 and adult membership has increased from 1,030 to 1,906. More than 50 percent of the boys advanced at least one rank. The long term camping program has increased with 386 of the Scouts and Explorers having a long term camp experience. The Council has had a rich activities program of First Aid

Meets, Conclaves, Swim Meet, Cub Day Camping, Camporees, and Round Ups.

One of the high lights of the program has been the Wichita Falls Kiwanis Club sponsored Scouting which has grown to such an extent that it has almost outgrown its facilities.

The volunteers have devoted much unselfish time and money to extend the Scouting program. A successor will be named in the near future for the position of Scout Executive of the Northwest Texas Council which is one of the top councils in Region 9 in reaching a large percentage of available boys.

Disabled Minors May Be Eligible For Social Security

Anyone who was physically or mentally disabled for work before age 18, and is still so disabled, may now be eligible to receive social security insurance payments if the parent who provides his support is entitled to retirement insurance, according to Erton Tate, District Manager of the Social Security Administration in Wichita Falls, Texas. Under the Social Security Act, many such persons are eligible for monthly old-age and survivors insurance beginning as early as January of 1957. To qualify for these payments, the person must be totally disabled and have been so since before reaching age 18, be unmarried, and be dependent on a parent who is entitled to old-age insurance benefits. Also the disabled child of a parent who died after 1939 insured by his work on social security jobs, can now receive survivors benefits, if he was dependent on that parent at the time of death. The mother or a disabled son or daughter may qualify for a mother's monthly benefit regardless of her age, if she has a child who is entitled to benefits in her care.

Where a disabled child under age 18 is receiving payments because a parent was insured under social security, the child's monthly payments will continue as long as he is unable to work. The payments to a child in such a situation may continue for the remainder of his life. Applications for these payments should be filed with the Wichita Falls, Texas Social Security Office.

Mr. and Mrs. Wyman Tidwell of Lubbock spent the week end with her parents, Mr. and Mrs. Curtis Coates.

Streams In Desert Places

By Ozelle Stephens
(Isa. 4:31; Psa. 91:11, 12)

Some of our greatest lessons are learned from God's creations. We see the little bird on the branch of a tree. He is singing gaily and without fear, although the branch underneath him is trembling and about to break. He is not disturbed because his faith is in his wings. Your faith is your wings. Every thing may seem dark and gloomy

beneath you, but remember your faith is in One who is ever near. Reach out, take hold of His hand. He will lift you up to higher heights with every need supplied. He will give His angels charge over you. They shall bear you up. You shall walk and not be weary. You shall run and not faint. You can sing with the birdie, "I have wings! I have wings!"

even the fussiest husbands LOVE OUR MEATS

... That's because we're fussy about the meats we buy. Only top grades of properly aged beef, lean cuts of fresh pork, lamb and veal ever pass our rigid buying inspection... All cuts are pre-trimmed of excess fat before weighing. That's an extra saving passed on to you.

Members of 1946 Study Club Enjoy Mexican Supper

Nineteen members of the 1946 Study Club enjoyed the annual Mexican supper prepared and served by Mrs. Chas. E. Silk and her second year homemaking girls last Thursday night at the school lunchroom.

The tables were covered in white. Red and green place mats were used alternately. Red, green, and yellow candles burning in colored wooden holders centered the tables. The west wall of the lunchroom was decorated with a gold-braided brown squaw skirt and a sombrero, circled with the words "Hi Amigos" from brightly colored paper. Girls serving the food wore gaily decorated squaw dresses and jewelry.

The menu was enchiladas, pinto beans, tamales, Spanish rice, combination salad, crackers, fruit cocktail with whipped cream, peanut butter cookies, and coffee.

Following the dinner, Mrs. Neil Perdue, club president, expressed the club's appreciation to Mrs. Silk and the homemaking girls. Mrs. Billy Gene Johnston named club members as block captains for the Mother's March of Dimes which will be held tomorrow night. Members voted to pay the Homemaking girls an extra \$15 to pay for the plates of club members not present.

SUGGESTIONS ON DIVISION OF SOIL BANK PAYMENTS OFFERED

COLLEGE STATION.— The Soil Bank Farm Program was set up by an act of Congress in 1956 with the objective of reducing production of allotment crops and converting cropland to permanent cover (or trees) as a soil conservation measure. The program is divided into two parts—acreage reserve and conserva-

tion reserve. To accomplish the objectives of the program, the government compensates the producers who participate in the Soil Bank. But it seems that the division of the payment between landlords and tenants may be a barrier in getting full participation of rented farms.

County Meets 70.4% Of Bonds Quota

Knox County achieved 70.4% of its 1957 Savings Bonds Goal. This announcement was made today by W. E. Braly, chairman of the Knox County Savings Bonds Committee. Total sales in our county were \$216,535 during 1957, which was 70.4% of our 1957 goal of \$307,580.

Sales in Texas during 1957 were \$165,686,403, which was 85.8% of the State 1957 goal of \$193,100,000.

Chairman Braly had this reminder, "Labor Unions, Fraternal, Civic, Service, Patriotic and Veteran's Organizations, Ellementary Institutions and local and State Government bodies are now eligible to purchase series E and savings bonds. Any organization interested in purchasing E or H bonds can make application at their local bank."

The Texas Agricultural Extension Service has just released a publication, "Dividing Soil Bank Payments Between Landlords and Tenant", that offers suggestions on the division of payments.

This publication gives examples for dividing soil bank payment for cotton put in acreage reserve; and dividing soil bank payment on acres put in conservation reserve—five year agreement.

Also included in the publication is an example of the form for dividing the soil bank payment.

This helpful publication may be obtained from local county agents or from the Agricultural Information Office, College Station, Texas. Ask for MP-238.

Sgt. and Mrs. Bob Robertson and children of Sheppard Air Force Base spent the week end here with her parents, Mr. and Mrs. E. B. Shaver, Sr.

National Boy Scout Week To Be Observed

Knox City boys and leaders will join 4,700,000 other Boy Scouts of America in Observing National Boy Scout Week beginning Friday, Feb. 7. Ullric Lea, scoutmaster, and John Hansen, cubmaster, said this week.

Boy Scout Sunday, Feb. 9, will be observed with the local cubs and scouts attending worship services at the First Baptist Church. They will wear their uniforms and attend in a group. Last year scouts attended services at the First Christian Church, and in 1956 they worshipped at the First Methodist Church, Lea said.

The following Saturday, scouts and explorers will direct traffic in Knox City, as a fund raising activity. Fines assessors will go into the scout fund.

Boy Scouts of America will incorporate Feb. 8, 1910, as their 48th anniversary.

Boy Scout Week will launch a year long "Safety Good Turn" theme, suggested by President Eisenhower, honorary president of Boy Scouts. The Scouts will devote the months of March, April, and May to traffic safety. Outdoor safety projects will be promoted in June, July, and August. Home safety will be featured in September, October, and November.

In Knox City there are 18 Boy Scouts and Explorers, Scoutmaster Lea said. Cubmaster Hansen listed approximately 30 cub scouts eight, nine, and ten years of age.

Mrs. O. W. Smith of San Angelo plans to spend this week end with her mother, Mrs. J. W. Howell.
