### KNOX CITY SCHOOL BOARD ORGANIZES AND ELECTS FACULTY FOR '39-40

The Knox City School Board held its regular meeting Monday night, May 1, at the high school. W. E. Clonts was elected President and C. E. Bail secretary for the 1939-40 term. L. W. Graham qualified for the unexpired term of O. W. Causey, who resigned to accept a place on the city council. Other members on the board are: Olvis Hamm, Lloyd Davis, A. J. Malouf and C. J. Bohannon.

The following teachers will compose the 1939-40 faculty: Pauline Cherry, Ruth Rice, Pauline Benton, Jack Wetzel, Bernice Swift, Mrs. E. R. Carpenter, Charles Shumaker, Mrs. Roy Baker, Patricia Reagan, Martha Crenshaw, Mrs. E. Q. Warren, A. M. Whitis.

D. L. Dodgen, principal of the high school, has accepted a similar position at Bangs, Texas, and Miss Frances Hicks has accepted a position in Dallas. Mr. Craig Walling will be elected later in the summer when the number of transfers are determined. In State Aid schools the number of teachers is determined by the number of pupils. Last year, due to increased transfers, one teacher was added. This information will be available by August 1.

Knox City schools will close Monday, May 22, according to information received from A. M. Whitis, Superintendent.

### POLICE WISH TO FINGERPRINT CHILDREN

Austin, May 3.—Colonel Homer Garrison, Jr., State Police Director, today urged the extension of universal fingerprinting to every child a year old and up.

Most of the juvenile prints among the 25,000 non-criminal cards on file at State Police headquarters are those of school age children.

"Now we want to carry universal fingerprinting to an entirely new group, youngsters of pre-school age and down to a year, and we're asking their parents to help us in this big job," the police head said.

There is negligible value to fingerprinting babies under a year because it is hard to get a clear impression and the ridges on their fingers, although formed, are not distinct, experts pointed out.

Colonel Garrison cited a number of reasons for including young children in universal fingerprinting, which has been endorsed by President Roosevelt.

"God forbid we'll have a kidnapping case in Texas, but if we should, fingerprints would be the means of positively identifying the child. And remember that no child is really safe from the mad snatcher, the crank, the pervert."

Prints on file at the State Identification Bureau are likewise valuable for identifying children involved in traffic accidents, drowning and public disasters such as school fires and explosions, theater panics, and tornadoes.

"Many victims of the New London school disaster two years ago were identified from State Police records," he said.

"Even the lost child, strayed from his mother in a big crowd and taken to the police station for safekeeping, may be more quickly restored to his distraught parents if there is some quick means of identification."

### Rebecca Louisa Hitchcock

On Sunday morning, April 30, 1939, Mrs. W. P. Hitchcock departed this life. Although her health was not good for some time, her death came as a surprise to her family and friends. She took to her bed on Thursday, last, with neuritis in addition to diabetes which had bothered her for some time. Sunday morning her heart pained her considerably, and she passed away at eleven o'clock.

Mother Hitchcock was born February 14, 1872, in Hardin county, Tenn. She was married to W. P. Hitchcock on Feb. 5, 1893, at Walnut Grove, Tenn. To this union were born six children. Two of these, Presley O'Brien, survive. Mary Elizabeth died in infancy in Tennessee; Jefferson Farrow, 8, died in Erath county; Dessie Ethel, 18, and Rhomer, 21, are buried at O'Brien.

Mother Hitchcock became a Christian in early life and affiliated herself with the Baptist church. Her main interest in life were ministering to the needs of her family, of her friends, and of lost souls. She supported her church.

The funeral services were held in the O'Brien Baptist church with the pastor, Rev. S. E. Stephenson, in charge. He was assisted by Rev. Winton Blaine of Benjamin and O'Brien, Rev. H. E. East of Knox City and Rev. Segro of Rochester. The song service was directed by E. C. Westerman of O'Brien, and singers from the Knox City and O'Brien churches filled the choir. Mrs. Press Clarke, Mrs. Henry Arledge, W. M. Rowan and S. N. Reed brought special messages in song. Interment was in the O'Brien cemetery.

Pallbearers were J. T. May, Sam White, C. A. Reed, B. C. Cooner, J. M. Wyatt, and T. B. Robertson.

Mmes. C. A. Reed, B. C. Cooner, J. T. May, J. M. Averitt, Ab Johnston, Oran Covey, Clyde Covey and Sam White assisted with the flowers.

Relatives and friends from out of town who attended the funeral were: J. E. Loyd (brother) Tribbey, Oklahoma; Mr. and Mrs. Newt Hull and son, Putnam; Mrs. Lewis Browning and daughter of Stephenville; Mr. Sidney Tackett and daughter, Stephenville; Mr. and Mrs. V. C. Dulaney and family and Mrs. C. A. Dulaney, all of Haskell; Mrs. J. J. Jousan, Granger; Mrs. Norman and daughter of Rule and Mr. and Mrs. Curtis Coates of Munday.

### MEXICAN CONSUL VISITS HERE

Louis J. Abitia, Consul of Mexico, was here a few hours Saturday night to confer with George Urista, local Mexican, on official business.

Urista, who speaks both the English and Mexican language fluently and serves as translator and advisor over a large territory, made a trip to Mexico City in March in connection with the same business.

While here Saturday Mr. Abitia appointed Urista as an official agent for repatriation of Mexican citizens.

Mr. and Mrs. Lester Johnson of Oakland, Calif., are here this week visiting Mrs. Johnson's sister, Mrs. W. E. Marr.

### County Warrants Issued By County Commissioners To Purchase Right-of-Way

There is a notice in this issue of the Herald announcing that the County Commissioners of Knox county will issue interest-bearing coupon bonds on June 12 for the purpose of purchasing right of way for the Knox City-Munday highway. The amount of warrants will be ten thousand dollars, and they run over a period of ten years.

It will be remembered that there were two elections held in this precinct this year and the issue was defeated each time by a small majority. The vote each time was in favor of the issue but as it required a two-thirds majority those favoring the issue were never able to muster the required vote. The commissioners realize that a great majority wanted the road, and as the state offered to build the road without any cost to the county except for the securing of the right of way, the commissioners decided to issue warrants and let the work begin as soon as possible. The road has already been surveyed and designated by the State Highway Department, and it is said that the actual work should begin within sixty days. The warrants will be purchased by a bonding firm in Fort Worth and the money should arrive within a month, according to our information from the court house in Benjamin.

### MOFFETT ASKS AWARD FOR DISCOVERERS OF NEW USES FOR COTTON

Senator George Moffett, of Chillicothe, on last Monday introduced a bill which will provide as much as \$10,000 award for any resident Texas chemist or any other person who discovers a new use for cotton by which consumption is increased as much as 300,000 bales annually. The Governor of Texas and the Presidents of A. & M. College and the Texas Technological College are designated as the judges of whether the actual increase in consumption has taken place. The payment of the money is authorized to the person designated by them. Senator Moffett said:

"The Federal Government is subsidizing the exportation of cotton to the tune of approximately \$10.00 per bale, which means that foreign consumers can buy this cotton cheaper than U. S. consumers. This bill provides an award of approximately 5c per bale to anyone who can discover a new use for cotton whereby consumption is increased as much as 300,000 bales annually. We have been spending too much effort on production control and not enough on expanding consumption of cotton. Furthermore, patents and copyrights are constantly granted by the U. S. to those who discover a new machine or write a new book. These patents and copyrights are often very valuable. At present we offer nothing to an individual who finds a new use for cotton. It is certainly a justifiable step for Texas to offer a \$10,000 award to any citizen of the state who may bring about an appreciable increase in consumption of the state's principal farm commodity. Such an increase may prove more valuable to the state than any U. S. patent issued to a Texas citizen within the past ten years."

### UNDULANT FEVER BEING CHECKED

The Undulant Fever that is in this county is being stamped out as fast as possible. Since the article appeared in last week's Herald more than 40 people in Knox City have decided to have their cows tested, and Dr. Melton of Benjamin is here this week making the tests. Mr. Causey, who is a member of the City Commission, stated to us this morning that he did not believe it necessary for the city to pass an ordinance requiring those who sell milk to have their cows tested, as the majority of them are responding to the request. He advertises in the paper today that he will not sell milk or butter from his store except from cows that have been tested.

The people who have cows that have not been tested are urged to see Dr. Melton at once. This disease spreads rapidly and should be checked as soon as possible.

Rudolph Hackfield and son spent Monday at Lake Kemp and report plenty of fish.

Mrs. Lloyd Davis and little son, Lloyd Leslie, and Carl Davis left last week for Reodosa, N. M., where they will remain several weeks.

Dave Eiland, Jr., of Munday is spending the week with Eula Ann Marr.

### FAMOUS STOOGE MOWS EM DOWN WITHOUT MERCY

#### SAVINGS BONDS BOUGHT BY 1,564,608 INVESTORS

Washington, May 3.—Secretary of the Treasury Morgenthau announced today that the total sales of Savings Bonds through March 31, 1939, aggregated in maturity value more than \$2,437,108,850, and that purchases have been made by approximately 1,564,608 investors. The total represents average purchases of \$1,957.525 for each business day since March 1, 1935, when these bonds were first placed on sale. Deducting bonds redeemed, the maturity value on Savings Bonds outstanding on March 31, 1939 was approximately \$2,206,008,900.

Total maturity value of purchases for the calendar year 1938 was \$707,291,650, an average purchase for each business day of last year of \$2,334,300.

The attached tabulation show for the year 1938 the cash purchases in the forty cities, towns and villages which led the nation in purchases for last year in their respective post office classifications.

There is also shown for the year the first, second, third and fourth class offices in each state which led in the total cash amount of bonds purchased.

Direct-by-mail and post office purchases from Chicago, Illinois, give that city the lead for the nation and for the first class post offices. Chicago's cash purchases for the period were \$33,813,900.

Calumet, Michigan, leads the second class post offices with a cash purchase of \$219,918.75. Horse Cave, Kentucky, leads all third class post offices with a cash purchase of \$65,868.75.

The fourth class post offices are led once again by Plemons, Texas. This town led its class in 1937 with a cash purchase of \$58,500, and this year it tops its class with the extraordinary amount of \$99,637.50.

Approximately 22,000 post offices throughout the country sell United States Savings Bonds. Regional reports as to annual purchases at each of these offices and mail order purchases originating in their respective territories are being forwarded to the postmasters concerned.

### TEA FOR BRIDE

A tea was given in the home of Mrs. J. A. Wilson Wednesday afternoon, May 3, announcing the marriage of Mary Lou Graham and Jacque Wilson on September 17, 1938. Guests called from four to six o'clock. The house was beautifully decorated with cut flowers. Tea was served from an attractive table centered with a reflector on which stood a miniature bride surrounded by pink and white rosebuds.

Crystal candle-holders with pink candles furnished light for the dining room. Meses. Chad Wilson, Jeff Graham, Fred Mabe, and Miss Rowena Wall alternately presided at the table, serving a plate consisting of brick ice cream, cake, iced tea and mints. Printed announcements were attached to pink and white rosebuds. Music was furnished during the afternoon by Billy Deaa Davis, Ken Frizzell, Marjorie Fropps, Faye Heath, and Margaret Dutton.

S. E. Youngblood has returned from a business trip to the Plains.

Mrs. J. H. Gee spent Tuesday in Nashville.

Nearly 18 years ago a small block of ordinary Michigan white pine began to assume the features of an impish boy.

Under the artistic hands of Theodore Mack, Chicago wood carver, grew a face so human that today it is the world's most valuable piece of wood. Its actual value is \$5,000, placed on it by insurance companies. Its intrinsic value is many times that amount.

Introducing the one and only Charlie McCarthy, now appearing with W. C. Fields and Edgar Bergen in Universal's "You Can't Cheat An Honest Man," which shows at the Roxy Theatre, Munday, on Sunday and Monday, May 7-8. Charlie's first public appearance was with Edgar Bergen, whom he describes as the man responsible for all his mistakes. They went to a neighborhood theatre not far from Bergen's home in Chicago.

Their early struggles drew them very close together, as hardships so frequently do. You see, success was a long time in coming to them. But when it came in the summer of 1936, it came with such a rush they scarcely knew what was happening.

Supporting Fields, Bergen and McCarthy in "You Can't Cheat An Honest Man" are Mortimer Snerd, Constance Moore, Mary Forbes, Thurston Hall, Princess Baba, John Arledge, Charles Coleman, Edward Brophy, Arthur Hohl, Blacaman and Eddie Anderson. The picture was directed by George Marshall and produced by Lester Cowan.

The club had their lesson in Art Appreciation, which was very interesting.—Reporter.

## I GIVE YOU TEXAS . . . . . By Boyce House

One of the most colorful figures in the history of Texas, oil passed away recently. Col Robert D. Gordon was born in Germany, spent 19 years in the American army, serving in China, Cuba, the Philippines, Mexico, and in France during the World War. When the big Eastland County oil boom died and a drought hit, Gordon—a merchant in Eastland—drilled a gusher on an island in newly completed Lake Eastland. The well caused the drilling of 200 others over a period of several years and saved Eastland from the fate of Desdemona, Leeroy, and other "ghost towns."

He discovered and extended other pools. He liked to share his good fortune with others. At Christmas time, the inmates of the county jail feasted on turkey, due to the Colonel's generosity and, frequently, he sent baskets of fruits and cartons of cigarets to them, though all were strangers to him.

Any World War veteran could count on the Colonel for help—if it was illness, a doctor; if it was a criminal charge, a lawyer; and he saved the body of more than one ex-serviceman from the potter's field. He was never too busy to listen to a hard luck story and he could never turn down anyone in need. He liked to plunge, he was a fighter and he was loyal to his friends. A novel could be written about the Colonel. Perhaps one will be.

Here and there over Texas: Homer Olsen, Austin newspaperman, sold two stories recently to national magazines.

Congressman Clyde L. Garrett, after reading in this column about a prospective opponent, writes: "Give 'em all you've got of Texas but please don't be a part of helping give Texas another and different representative from the seventh district." Thank you, Judge, for the visitor's card to the gallery of Congress. It is an appreciated memento.

Further vindication for his stand in last summer's campaign has come to Ralph Yarborough. When he humorously came to the defense of Judge Roy Bean and pointed out that the building where "the Law West of the Pecos" had held forth was about to fall in, Yarborough was rapped by opponents in the Attorney General's race who sarcastically took up the cudgels for Captain Kidd and Jean LaFitte. However, the Legislature has asked the State Highway Department not to tear down the old building at Langtry but, on the contrary, to strengthen and preserve it, recognizing that Bean has become a legend that helps bring tourists to Texas.

In demand as a speaker is Jerry Sadler. The State Railroad Commissioner isn't a speaker; but there is a sincerity and naturalness about his way of talking, and his homespun philosophy and humor delight audiences. He's the nearest thing to Bob Burns, the sage of Van Buren, Ark., that can be found in Texas' official circles; and a touch, now and then, brings just a reminder of old Will Rogers.

Lynn Landrum, the Dallas Morning News columnist with the perpetual intellectual stonch ache, sneers that President Roosevelt is a personal failure in business. So was Abraham Lincoln, and Thomas Jefferson died broke. And since Mr. Landrum has brought up the subject, he isn't listed among "Business Giants of America" himself.

Texas is going to have an entertainment this summer as magnificent as can be found at either of the World's Fairs. Casa Manana in Fort Worth will present Kenny Baker, Russ Morgan and his orchestra, as well as other stars, the first

two weeks. And Bob Burns will appear for one night.

Here's one so wheezy with age that it's amazing it hasn't been entered sooner in the "oldest joke" contest:

A new ravening salesman turned in an expense account and one item was "Overcoat, \$20." The manager protested, "We can't pay any such item as that." Two weeks later, when another expense account was turned in, the manager congratulated the drummer that he hadn't listed an overcoat this time. The traveling man replied, "It's there all right; you just don't see it."

## CHEVROLET REPORTS BUSINESS UPTURN

Detroit, April 17.—Analysis of the March sales figures announced this week by Chevrolet substantiate forecasts of a general business upturn this Spring. They reflect the most wholesome condition that has existed in almost two years.

Chevrolet dealers' retail sales of new cars and trucks rocketed to a new 18-month high in March, with a record total of 88,863 units. The announcement was made here today by W. E. Holler, general sales manager. The gain over March 1938 was 41.2 per cent, and the gain over February 1939 was 75 per cent.

The final period of March resulted in the phenomenal gain of 70.1 per cent over the preceding 10 days. Mr. Holler pointed out. Sales in the final period, totaling 41,177 units, were the highest for any final period in the past two years, and the highest for any 10-day period, regardless of the time of month, since the first ten days of April, 1937.

Ruby Darden left Saturday evening for Stephenville where he visited his daughter, Miss Dorothy Ruby, and attended the Parent's Day program at John Tarleton College.

Buck Smith of Burkburnett stopped in Knox City Wednesday for a brief visit with his sister, Mrs. Helen Crugar. He was enroute to Long Beach Calif.

Misses Louise and Mary Davis expect to spend the week end with friends in Ballinger.

Sheriff Louis Cartwright of Benjamin was here Saturday on official business.

As these last few weeks pass I wonder how many of us will stop to think just exactly what this year has meant to each and every one. Perhaps it is hard to realize that we may never again have the same opportunities, the same prospects, and the same atmosphere for work and accomplishment.

The Greyhound team will therefore enter the county tournament at Sunset May 5. They plan to carry off the county championship. Power to you, Greyhounds!

The boys baseball team went through hot water to beat the Sunset Eagles in baseball. The games, three in number, were played to decide who would go to the county meet from this precinct. The first game was played in Knox City and the Greyhounds won by a score of 3-0. The next game was played

**SENIOR LUNCHEON**

The Seniors of the Sunset high school wish to express their sincere appreciation to Mr. and Mrs. E. G. Parkhill Sr. for the lovely luncheon served to them last Sunday, April 30.

When the Seniors arrived at the Parkhill home, they found the house beautifully decorated with bouquets of cut flowers. The table was set, and when the pupils were called into the dining room, they found that not one thing was left out of the menu—from fried chicken to Angel Food cake and home made ice cream.

Every member of the Senior class was present at the luncheon. After the meal was finished they took a number of pictures in the Parkhill yard, which is in itself a beautiful flower garden.

Other guests besides the Seniors were Mr. and Mrs. Otis Cash, Mr. and Mrs. Olivia Hamm and daughter, and Miss Pauline Cherry, all of Knox City.

**CLASS WILL**

I, Nettie Griffith, a representative of the Senior class, being in sound mind and good disposition and, considering it is fairly well settled that we are all to graduate this year, do hereby devise, give and bequeath our several belongings to the following persons, in this our last will and testament.

To Laverne Bumpas, Dorothy Garrett's compact and lipstick.

To Margaret Jean Hardin, Traphene's reducing belt.

To Bill Herring, Orville's place on the basketball team.

To Glendon Matthews, Nettie Griffith's job as "office girl" and Editor in Chief of the Eagle's Echo. (Take a tip from me, Glendon, and make them turn their reports in on Mondays.)

Orville and Hallie Phine leave the 13th and 14th seats, counting from the back, to the two people who can best fill their places. If things stay as they are now, Virginia and Joe Tom will probably fall heir to those places.

To Robert Travis, J. E. Hunter wills his cunning ways

with the girls.

To A. J. Gilbert, Mary Herring's bookkeeping notebook.

Winters Groves wills to Annie Burns her meek voice and gentle ways.

To Payne Shannon, E. G.'s ability as a bluffer.

Louise Gray leaves her sassy back-talk to Nellie Prather.

To Cecil Joe Burton, Mamie Tankersley's business-like attitude.

**JUNIOR PICNIC**

The Junior class, their sponsor, Miss Gray, and Mr. and Mrs. Sykes went to Thomas' pasture on a picnic last Friday afternoon. They played ball until everyone was tired out, then they scouted around for awhile. Several accidents occurred, but nothing more serious than falling into the river. At dusk the boys gathered wood and built a bonfire and they enjoyed the "goodies" that are always served at a picnic, and had a large amount of ice cream. After everyone had finished eating, the boys and three of the girls had a flag fight. Other games were played and about 10:30 everyone was ready to return home. Everyone reported a nice time, and the class regrets that because of illness Glendon Matthews didn't get to accompany them on the picnic. Glendon and Ann Burns were the only Juniors who were unable to be present.

**STYLE SHOW**

The four Homemaking classes had their style show Monday, after everyone had completed their sewing for this half. Mrs. Sykes, Mrs. Jones, Miss Hutton and Mrs. Walling judged the event and chose the three best dresses from each class. From the Freshman class Jeanelle Partridge won first, Evelyn Offutt second and Wynelle Lowery third. In the Sophomore class Ruby Ingram won first, Loma Rae Clarke second and Ruby Hutchinson third. **DRIVE CAREFULLY**

Austin, May 3.—Colonel Homer Garrison, Jr., State Police Director, suggested today that summer vacationists will have a lot more fun if they see the sights instead of the business end of a wrecker car as they travel hither and yon this season.

"It's human nature to brag to the home folks when you get back. But be able to brag about what you saw instead of the miles-per-day you averaged," he advised the many thousands of Texans who will soon be headed to the New York and San Francisco fairs.

Other rules which will lessen summer traffic casualties: Budget your mileage for daylight travel rather than night travel over unfamiliar roads.

Keep brakes, lights and tires in top condition.

Don't clutter your windshield with a lot of stickers. They obscure vision and cause accidents.

Get plenty of sleep and rest and if you feel drowsy at the wheel, pull to the side of the highway, get out and exercise until the drowsiness passes. If it doesn't, change drivers or take a nap.

Women motorists should always keep car doors locked to prevent anyone from forcibly entering and they should under no conditions pick up hitchhikers. No one should display large sums of money or valuable jewelry. It's best to carry traveler's checks.

Be sure you have your driver's license. Become familiar with the highway laws of other states you pass through.

If you must imbibe, drink in the beauties of nature—not the contents of a flask.

Conduct yourself so that Texans will show the nation they are careful, courteous drivers.

Mrs. Henry White and Miss Pauline Benton spent the week end with Miss Ellena Faye White at John Tarleton College in Stephenville.

**CHRISTIAN CHURCHES**

Worship services at Knox City at 9:45 a. m., followed by Bible School. Worship services again in the evening at eight o'clock. Bible School at Benjamin at 9:45 followed by worship services at 11:15. There will be no preaching services in the evening. Christian Endeavor will be held at the usual hours.

The Knox City church will begin a revival meeting on May 24. Rev. G. C. Schurman, minister of the Big Spring congregation, will assist during most of this meeting. He is a capable minister and evangelist and the people of the community are urged to hear him during this series of sermons.

Every member of the congregation is asked to consider this a part of the period of revival. Let us so live, work and pray that the membership will already have enjoyed a revival before the meeting begins. Then let us work for the salvation of souls during the meeting.—C. E. Cogswell, Pastor.

**GUARD AGAINST TUBERCULOSIS**

Austin, May 3.—Tuberculosis no longer ranks first among the major killing diseases, a position it formerly occupied not only in Texas but in the entire country. However, in spite of its now being seventh on the list in 1938, it continues to kill more persons between fifteen and forty five years of age than does any other single disease. And this is in the face of definite evidence that the majority of patients can be cured if the condition is detected early and proper treatment and living rules maintained," states Dr. Geo. W. Cox, State Health Officer.

"While the treatment of the individual early case is of great importance, it is of equal moment, from a public health point of view, that the spread of infection to others be prevented. Such prevention is possible. A more concerted attack on this front would mean the saving of thousands of lives.

"In every case, when a diagnosis of active tuberculosis has been made, an investigation of the physical condition of the other members of the family should follow. It cannot be too emphatically stated that tuberculosis runs in families solely because it is communicable, the disease being usually transmitted through intimate and prolonged exposure to the 'open' case.

"It has been estimated that forty per cent of the tuberculosis that will develop within the next decade will be the result of close contact with other already infected.

"Routine examination of all high school children, isolation or hospitalization of the active case, discovery of the sources of infection, application of hygienic living principles, periodic examination for all adults, and a careful check-up by physicians and trained workers of all known active cases and contacts represent an invaluable defense against the spread of tuberculosis."

**CARD OF THANKS**

In the hours of greatest trials we value most the sincerity of friends. The clasp of each hand, each service of physical want, each word of cheer, each prayer, the beautiful floral offerings, the message of each song, and each comment pertaining to the life of the Christian have contributed to the sweetest memories of our dearest loved one.
