E. B. Denton Stricken With Heart Attack; Funeral Held Today

While engaged in his duties as a veterinarian on a call in the city late Wednesday evening, E. B. Denton, a resident of Knox City for the past 20 years, died of a heart attack before aid could be rendered. Mr. Denton was over 68 years of age and had been in fairly good health.

Funeral services were held today at 8:00 p. m. from the First Baptist Church. Rev. J. S. Tierce and Rev. Lloyd Hamilton conducted the service. Pallbearers were Johnnie, Jobie and Morris Denton, A. C. Sharp, John Jones and Borden Davis, all nephews of the deceased except Mr. Jones. Arrangements were under the direction of E. Q. Warren.

Elihu Burton Denton was born at Clarksville, Habersham County, Georgia, November 1, 1875. As a young man he came with his parents from Georgia to Brown County, Texas. After he was grown he moved from there to Eastland County, settling at Desdemona, where on October 13, 1897 he was united in marriage to Martha Davis. In 1909 Mr. and Mrs. Denton moved to Knox County, settling at Knox City where Mr. Denton made his home until his death.

To Mr. and Mrs. Denton were born four children, one boy and three girls. The son is Audria P. Denton of Knox City and the daughters are Mrs. Birdie Allen of Aspermont, Miss Virdin Denton of Pampa and Mrs. Frank Poore of Aspermont. Mr. Denton is survived by all the members of his immediate family, including seven brothers and one sister.

The brothers are J. J. of Knox City, H. J. and J. V. of Hollis, Oklahoma, W. B. of Artesia, New Mexico, T. J. and T. P. of Oklahoma City and G. D. Denton of Denver City, Texas. The sister is Mrs. T. S. Spillers of Oklahoma City. He is also survived by ten grandchildren.

LIONS HEAR WAR VETERAN TELL OF EXPERIENCES

Knox City Lions were privileged to hear a veteran from the fighting front of World War II at their luncheon today at the Methodist Church. PMie Thelton Brown of Benjamin, member of the U. S. Marine Corps for over three years and an overseas veteran of 27 months, told them of his experiences with the sons of Hirohito on the trenches with the sons of Tojo on the islands in the South Pacific.

Marine Brown was a member of a tank battalion that occupied Guadalcanal shortly after landing operations were completed there and was on the first assault directed at Tarawa, the toughest job yet encountered by our forces.

He spent some time in New Zealand, Samoa, and the Hawaiian Islands. He displayed several souvenirs taken from the Japanese, among them a Japanese rifle in perfect condition with a few rounds of ammunition.

Marine Brown wears a h. m. service ribbon of two major campaigns, two Presidential Citations and three overseas combat operations, together with several other proficiency medals such as expert rifleman, etc.

Guy Steen reported that District 2-E led the Lions International for new members in the recent drive. Although modest about mentioning the fact, Guy was second high in the district with a total of 72 new members credited to him.

Sim Hoover of Texarkana was introduced by S. N. Reed. Mr. Hoover is a half-brother of Mr. Reed's and is out here to recuperate from a recent illness.

REV. LLOYD HAMILTON TO FILL METHODIST PULPIT

Rev. Lloyd Hamilton, for four years pastor of the O'Brien Methodist Church, has moved his family to Knox City and will occupy the Methodist pastorate here. He will preach the regular morning service Sunday.

Rev. Hamilton is well-known in this community and will need little introduction to his congregation. He and Mrs. Hamilton have been teaching in the O'Brien schools. They are living at the Methodist Parsonage.

CITY COUNCIL ADOPTS NEW SUMMER WATER RATES

Following the usual practice for the benefit of Victory gardeners and a desire to keep lawns and shrubbery in good shape, the City Council has adopted summer water rates for the next few months.

The new rate will be 10c per thousand over the minimum bill and will be a great benefit in keeping the civic appearance of our town one to be proud of. It will help get those green groceries on the table, too.

Mrs. Mack Sellers is here from Fort Worth to spend several days in the home of the E. E. Teaffs.

Red Cross Receives Surgical Dressings

Every woman really interested in helping in the war effort is asked to serve through the Red Cross.

A new quota of surgical dressings have been received. Work will begin Monday, May 1, 1:30 p. m., at the old school building and will continue each week day, Monday through Friday, until completed.

The past quota was finished on Wednesday, April 19. This could have been done in half the time if more workers had taken part in this.

The Army is asking for these dressings as quickly as possible.

Nutrition Class Taught At County Courthouse

A nutrition class is being taught at Benjamin in the assembly room of the courthouse by Lucille King, County H. D. Agent.

The class meets on each Monday, Wednesday and Friday at 8:30 p. m. It is being sponsored by the Benjamin Womens Home Demonstration Club.

This course will consist of lectures, preparation of meats and vegetables, setting up of exhibits and of meal planning to fit the needs of the family.

Much interest and enthusiasm is being shown among the group.

BOOK CLUB

The Book Review Club met with Mrs. H. P. Arledge Friday afternoon. The book reviewed was "But Gently Day" by Robert Nathan and was given by Mrs. Arledge.

Seeks State Office

EARL ROGERS

San Marcos, Texas—Earl Rogers, principal and director of education of San Marcos Baptist Academy and for many years a prominent figure in the Texas educational field, has announced his candidacy for the office of state superintendent of public instruction, subject to the action of the Democratic party primary in July.

Mr. Rogers, for over 20 years a teacher, principal and superintendent in Texas public schools, and with over two years administrative experience under two State Superintendents, the late S. M. N. Marrs and the present incumbent, announced he proposed to give the people of Texas "An educational, not a political administration" of the office he seeks.

4-H Club Meetings Are Well Attended

Two hundred and twenty-eight 4-H Club boys of 11 communities attended the meetings which were held during the past week by R. O. Dunkle, county agent.

The boys studied the different grain sorghum varieties and time of planting charts. The charts illustrated the rainfall records that have been kept by H. P. Hill of Munday for the past 20 years. In selecting planting dates so that grain sorghums would reach a critical stage of development when moisture conditions were more likely to be favorable. The dates that seem most suitable for planting in Knox County are April 15-25, and June 15-25.

The critical stage in development of grain sorghums will occur on July 6-16 if planted in April. If planted in June, the critical stage of development will occur on August 15-25. The heavy rainfall periods of the year are in May and September.

Sixty-four 4-H Club boys purchased 8 pounds each of another new variety of grain sorghum, Early H-gari. This variety of Hegari was originally developed by the New Mexico Experiment Station and increased by the Chillicothe Station. The great advantage of this early Hegari is that it is two weeks earlier than our common Hegari, is more drought resistant and grain yields are from three to eight bushels more per acre. Knox County boys will increase this seed for distribution in 1945.

The club boys who received the new variety of Bonita last year have done exceptionally well in disposing of the seed. Joe Edd Sweatt of the Sunset community has sold Bonita seed in 19 different states and Canada, which made a total of 87 orders and a sum of \$282.00.

A new experience occurred to Joe Edd while in school on Friday last week. He received a long distance telephone call from a farmer in Waurika, Oklahoma, wanting 1,000 pounds of Bonita seed. Joe Edd is making a special effort to fill all seed orders by contracting all other club members who have not sold a their seed.

The reason for the many orders and the national interest was because of an article that appeared in the April issue of the Country Gentleman.

Indications are that over 10,000 acres of Bonita will be planted in Knox County this year which had the small beginning of 58 club boys planting six pounds each of the seed in 1943.

Two hundred and sixty-eight 4-H club girls attended the 4-H club meetings held April 17, 18, 20 and 21.

The girls had charge of the meetings at Trussott, Gilliland, Goree, Nelson Grove, Knox City and Sunset. The boys were in charge at Hefner, Munday, Rhineland, Vera and Benjamin.

After the business session the meeting was turned over to Miss Lucille King, County Home Demonstration

Mexican Colony To Observe Cinco de Mayo

Members of the Mexican colony of Knox City will put on a big celebration on May 5th, honoring the liberation of their native country, Mexico, from foreign oppression. "Cinco de Mayo" will be observed with an all-day program of speeches and music, featuring a colorful pageant of Mexican history, put on by the young people of the colony.

Plans are being made to take care of visitors from nearby towns as the celebration is to be a sectional affair and will include speakers from other towns.

Study Club Installs Officers For New Year

The Knox City Study Club held its last regular meeting for the year last Saturday afternoon with 11 members present.

Mrs. T. S. Edwards, a retiring president, expressed her sincere appreciation to each club member for her excellent cooperation and work during the past two years.

Mrs. E. F. Branton reported that the club members will be permitted to sponsor another canning center in Knox City this summer, just as they did last year. Mrs. C. C. Hoge was unanimously elected supervisor for the canning center again this summer. Mrs. Hoge's work last summer was reported as being very commendable.

The club voted to sponsor a club picnic on May 19, beginning at 8:00 o'clock, at the Knox City Park. Each club woman was asked to bring a lunch, and dishes enough for her own group.

Tom Rogers Edwards, assisted by Mrs. E. Q. Warren, gave a very interesting discussion of a floor plan for a standard symphony orchestra. Tom Rogers named all the instruments by groups and gave their chief characteristics. He took for a pattern for his plan the Philadelphia Symphony Orchestra, with Eugene Ormandy, director.

Mrs. B. B. Campbell, as the club's delegate to the district convention in Fort Worth, gave a very interesting report of the meeting. One special phase of her discussion was a summary of Dr. Kemp's speech about the work of the very worthwhile hospital in Fort Worth for the mentally sick boys of the armed forces.

Mrs. Campbell reported to the club her visit to the McCloskey Hospital in Temple where there are 2160 boys who have lost a limb or limbs in the armed service in World War II. Mrs. Campbell says anyone will be a better citizen for having gone through the hospital at Temple.

Mrs. E. F. Branton, incoming president, named committees for the year 1944-45. A list of these committees will be published next week.

KNOX COUNTY MEN TO OBSERVE MESQUITE KILLING

Twenty Knox County farmers and ranchmen are to visit the Spur Experiment Station Friday, April 28, according to R. O. Dunkle, county agent.

The purpose of the visit is to learn of the most satisfactory method of killing mesquite trees by the use of the power saw and sodium arsenite poison.

CONSTRUCTION WORK STARTS ON KNOX CITY GIN PLANT

Work will start this week on the rebuilding of the Knox City Gin. Men have been working for some time clearing the site for the new building.

The new plant will be all-steel construction and will be equipped with new machinery in every detail. The equipment was purchased from the Murray Gin Company.

INSPECTIONS CONTINUE FOR TRUCK TIRES

Operators of all types of commercial motor vehicles are reminded by the Office of Defense Transportation that they still are required to have their tires inspected periodically under ODT orders, although the requirement for passenger car inspections has been lifted as of April 20.

Operators of trucks, buses and taxicabs must have their tires checked after each 5,000 miles of operation or every six months of operation if less than 5,000 miles. Inspections are made by any agency designated by the OPA.

LUNCHEON

Mrs. H. M. Jones and Mrs. Russell Boyd were hostesses for a luncheon held at 12:30 in the home of Mrs. Boyd. Guests were Mrs. O. L. Jamison, Paul Rogers, Lee Smith, W. H. Counts, Barney Arnold, A. J. Malouf, H. P. Arledge, J. H. Atterbury, T. P. Frizzell, A. M. Armstrong, E. E. Teaff, J. O. Hamm and C. H. Clarke.

The J. V. Jones and Miss Willie Jones spent the week-end in Fort Worth.

Junior-Senior Banquet At Methodist Church Last Friday Night

Last Friday night, April 21, the annual Junior-Senior banquet was held in the Methodist Church, with all members of both classes present. The decorations were carried out in Spanish colors and numerous other special attractions were of Spanish design, including the food.

The food consisted of tortillas, Spanish rice, and English peas; the salad was made of avocados, grapefruit and lettuce with spices of different sorts sprinkled on top. And last, but not least, came a large piece of chocolate pie.

The teachers were given gifts by the students of the two classes, and the volleyball girls. Miss Rice was given a manicuring set; Mr. Holcomb a shaving set and Mr. Graves was given a billfold.

Oliver Green's orchestra played several selections to entertain the crowd, accompanied by Misses LaRue Malouf and Mildred McGee.

I believe when I say I had a most enjoyable evening, I speak for everyone that was present.

Lion Floyd Jones For 2-E District Governor

Lion Floyd Jones of Breckenridge has announced his candidacy for the office of governor of District 2-E, Lions International, of which the local club is a member organization.

Lion Jones has been a citizen of Breckenridge for 22 years, a member of the Lions Club for 10 years and has served in various offices of the club and at present is on the board of directors.

He received his education at Valparaiso University and the Law Department of Cumberland University— from the latter he received his LL.B. degree. He is an active member of the First Christian Church.

Lion Jones has served the city of Breckenridge as City Judge, City Attorney and Mayor for the past 12 years. At present he is District Judge of the 90th Judicial District.

Any further qualifications of Lion Jones may be obtained from Lion Guy Steen.

POPULAR SPEAKER

Perhaps the most "in demand" speaker in Texas is Boyce House, who writes a column for some 200 weeklies, is heard at 12:45 noon each Sunday on the Justin Boot program and is author of the best seller, "I Give You Texas." Folks seem interested in seeing him in person and hearing him relate some of his favorite Texas stories and he is averaging an address a day. House is amazed about the invitations as he never made a speech until four years ago. "In fact, I don't make a speech—I just ram my hands in my pockets and talk," he says.

Women's Army Corps Doing Many War Jobs

The job of building and equipping a modern army, and of keeping it in running order and fighting trim, is not only a task of staggering proportions, but it is one that calls for the accurate performance of hundreds of specialized duties. They're things you might never think of, and that might seem small in comparison to the enormity of the entire war machine, but they're vital cogs in that machine, nonetheless. They're jobs that have got to be done.

Women of the Women's Army Corps are now performing 239 of these jobs, jobs for which their civilian training and experience fitted them, or for which the Army itself gave them the necessary training. The jobs are there, each one waiting for a woman who's willing to put country first, and to make this war her war.

A new WAC enlistment policy now makes it possible for a woman to enlist for a specific job, to choose the Army post within the limits of the Service Command where she enlists. Such assignments are, of course, subject to the needs of the Service.

Women who care about victory, and when we achieve it, now have a good chance not only to show it, but to do something about it. "Women's place is war—The Women's Army Corps!"

The modern newspaper office gets a lot of propaganda, but it is well equipped with wastebaskets.

"Gas service is one item on our household budget which hasn't advanced in price"

LONE STAR GAS RATES WERE REDUCED IN A PERIOD OF ADVANCING PRICES

Cutting down here and eliminating there to make the household budget come out even, in these days of high prices, is no fun for the busy housewife. Her great home servant, Lone Star Natural Gas Service, causes her no worry, for it costs less today than at beginning of war. This spring, operating through an automatic water heater, it will provide her with all the hot water she needs to speed along house cleaning at a cost figured in pennies. Save with gas.

Cpl. Leland Huntsman Writes To Brother of Hardships In Pacific

The following letter is from Cpl. Leland Huntsman, addressed to his brother, Lloyd Huntsman, Knox City. Cpl. Huntsman is stationed in Southwest Pacific area.

March 27, 1944

Dear Lloyd:

I had quite a shock this morning. I got three letters. So far, one a week has been the average.

Beautiful spring and sunshine here today, yesterday and all the week. There's enough sunshine here on this island for the whole state of Texas. We get Iceland's, Greenland's and Alaska's share of sunshine, and it doesn't beat around the bush; it comes straight down.

We just moved here yesterday, to our new hospital-to-be. Part of it is finished but we are already moving in and you can imagine the work there is for us to do. Everybody is working on outside work and scrubbing buildings and floors because a hospital has to be clean if it is on a desert, in a city or in the jungle. I got a lucky break this afternoon. I helped pitch tents this morning and yesterday so I got K P this afternoon to rest up a bit then go back to work tomorrow.

There are eight days a week over here. No vacation, rest or recreation until everything is set up and running smoothly, which will be for the duration and six months. Today is Sunday. We don't go to church because we don't need to. We'll go to

heaven anyway; we're doing our stretch in hell now.

I see that the war is progressing some. Just read the paper, dated Feb. 18th, the latest I've seen yet. And read a lot of things happening here that I didn't know about. We get news bulletins every day or two but it is very brief and mostly about Chas. Chaplin and Joan Barry, very little news. As far as the local big happenings, I've got a ringside seat for that.

We're supposed to start getting patients tomorrow. So far I don't know what I'll be working at here. I have made a few pictures and printed them myself but they are not for mailing purposes or I'd send you a few. I don't know if they'll let me bring them home in '45, when I hope to come, or not.

Don't pay any attention to the little bit of dust on the paper. It's pretty dusty here and our bath isn't too good. Salt water doesn't cleanse very well. You should see our bathroom; it's a nice big one. We've got the whole Pacific ocean to bathe in. Grab a bar of salt water soap, shed the clothes, walk right out in our birthday suits and wash. The biggest job is getting out and dressing on the beach without getting our clothes and shoes full of sand—it can't be done.

Our tent is about 12x14 and 24 men sleep here. Last night my blanket fell off and half asleep I reached for it and pulled the blanket off a man three beds down. All our clothes and belongings are in barrack bags. Anytime I want something, it's always on the bottom and has to be dumped out. Imagine getting up before daylight without any lights and looking for a pair of socks that are mates. At that time in the morning, that is no place for a lady.

And believe me, if you have your choice of the service, take the navy. That bunch is as far ahead of the army as a general is from the front lines. Believe me, I know. Anytime they give a man a rating for doing guard duty or going to school, it must be good. I've walked further on guard duty than Charley Durham has driven a team of horses.

Remember, when bigger and better suckers are born, they'll be drafted into the medics.

Write again soon and send me the Knox City paper.

Love,

Leland.

Another reason for the rapid growth of the church in A. D. 33 was that the people had been prepared for the event. Many people today have no preparation for membership in the church and therefore make poor members. The people who made up that church had been hearing and seeing the mighty works. They had heard and seen enough to convince them that Jesus was the Christ. Those same things are written in the Book that you and I might believe. (Jno. 30:20-31). Every person needs a preparation for his living in the church because of the seriousness of the event. It is so serious that a mistake may cost the soul of a person; his own or some other.

Gardening for Victory

along the Santa Fe

Soon travelers will be seeing plots of beets, beans, tomatoes, corn and other needed vegetables "coming along" on both sides of our tracks.

For once again Santa Fe has made its right-of-way available to its employees for Victory Garden space.

This railroad is heart and soul behind America's Victory Garden project. Not only has land been made available, but we are offering \$2000 in War Bonds to our best Victory Gardeners as an added incentive toward helping "Food Fight for Freedom."

Located as we are "Along the Route to Tokyo," Santa Fe people throughout our 13,148 miles of track can "feel" this war. They are working full hours to move along the never-ending loads of guns, tanks, men and munitions.

Perhaps that's another reason why they're not only working harder on their railroad jobs, but are pretty fine War Bond buyers and Victory Gardeners as well.

It's Santa Fe all the way for the U. S. A!
