The Dorcas Class of the First Baptist Church sponsored a dinner honoring the 67th birthday of Mrs. C. J. Reese Sr.

The guests were called into the dining room, where Mrs. Reese and Mrs. Rodgers were seated at the table.

Mrs. Hardberger in behalf of the class and friends presented the hostess with a lovely embroidered velvet robe in orchid and pink and other personal gifts.

W. F. Stewart Joins Herald

The Herald is pleased to announce that W. F. Stewart of Kosse, Texas has joined the staff of this paper in the capacity of editor.

While not an old man in years, W. F. is an old man in the newspaper business, having been connected with newspapers in Alabama and Texas for several years. He comes from a family of newspaper men, his father having been publisher of the Huntsville Mercury, in Huntsville, Alabama and having two brothers publishing papers in Texas.

W. F. was born in Huntsville Alabama and after graduation from high school in that city entered the University of Tennessee. Since leaving the University he has worked, with the exception of one year spent doing social work in Tennessee, on the Huntsville Mercury as circulation manager and on the Huntsville Daily Times as a reporter and advertising man. He came to Kosse, Texas in March of this year to accept a position as advertising manager of the Kosse Cyclone in Kosse, Texas, and resigned there to come to Knox City, where he assumed his new responsibility this week. We are indeed glad to have with our paper, and know that he will continue building the Knox County Herald into the constructive, progressive paper we have tried to publish and to which Knox City is entitled.

The Knox County Herald is at a loss for words with which to describe its appreciation for the wonderful cooperation and good neighborliness of the Munday Times Post, who during a time when we were sorely in need of assistance, loaned us one of their most valued men in Glen Wallace Kennedy. Mr. Kennedy provided just the push we had to have in order to operate our plant on schedule, and to him we extend our heartfelt thanks, and if at any time in the future we can be of any assistance to either Mr. Kennedy or the Munday Times Post, they need only to let us know their wants.

CARD OF THANKS

We want to thank everyone whose presence, friendship and deeds of kindness during the illness and death of our mother and daughter made her passing easier to bear. Happenings of the past few weeks have been a severe blow to us and would be unbearable were there not friends who share our grief. To say we thank you seems so small as compared with your untiring love and assistance. But to this thank you we add our prayers that you may be spared of heart aches and sorrows such as have been ours.

The house was decorated throughout with a profusion of cut flowers which gave a festive air to the occasion. A color scheme of pink was used in all appointments. The shades were drawn in the dining room and the lights were shaded with pink. In the center of the table was the birthday cake iced in pink with the thirteen pink candles. When the cake was removed to be served a bouquet of pink roses was placed in the center of the table. Joan Ann had as her guest, Zena Bolin, Anita Wampler, Nella Shaver, Ernestine Teaff, Marjorie Propps, Dorothy Warren, Margaret Dutton, Udell Darden, Doris Elaine Clonts and Lloyd Leslie Davis. Mr. Smith had as his guest, Mr. Mac Sweeney.

Double Parking Serious Hazard

During the past several months there have been several narrow escapes from serious automobile accidents on the streets of Knox City. This has been due, largely, to the thoughtless double parking on Saturday, when the uptown business district is crowded and when we can save a few minutes by double parking long enough to run in a store and shop. We realize that this is a fault common to no few people or groups of people, but we would like to ask the cooperation of the citizens of Knox City in this matter, and by their taking a little longer to shop and exercising a little more care in parking, they may save a life, or prevent a serious accident.

Knox City has an excellent record insofar as automobile accidents are concerned, and we are anxious to keep this record good. Your cooperation is earnestly solicited.

7th Grade Gives Class Party

"A real good time" was what everyone said about the seventh grade class party, given by the room mothers Saturday night in the home of Mrs. M. M. Ward.

This was also a farewell party for Dale Denton. The class presented him with a little "farewell" book of wishes from each pupil.

Each little guest also presented Billie Dean Davis with a gift, because of his misfortune in losing his home by fire, about two weeks ago.

Sandwiches, cocoa and cakes were served to about 30 guests, and the following ladies assisted Mrs. Ward, Mrs. Joe Averitt, Mrs. Frank Nance, Mrs. E. R. Carpenter and Mrs. W. E. Marr.

Knox City bowed in humble submission to the will of the Father, and in sweet reverence to the great love of mother for daughter, in the death of Mrs. Lillian Bell Phillips, mother of Louise, on the morning of November 15, 1936. Funeral service was conducted from the First Methodist church Sunday afternoon by Reverend B. J. Osborn, those assisting being Reverend W. D. Green and Reverend Ural S. Sherrill. Burial was made in the Odd Fellow Cemetery.

Mrs. Phillips was born October 6, 1885 in Cornhill, Williamson county, Texas. November 7, 1905 she married K. W. Phillips to which union three children were born, E. K. B. F., and Louise Phillips. In 1912 Mrs. Phillips was converted and joined the Methodist church. Although she was not permitted to attend services in the church during her last few years, she lived true to her convictions, remaining steadfast for Christ for her family.

Mrs. Phillips was not only a devoted mother to her children but was also a devoted daughter and sister to her mother, sister and brothers. She was one who believed that the home is a treasure house of joy, the place of sweetest human ties, where love reigns and happiness dwells. Home to her is where you are loved, loved for what you are and believed in. She loved so unselfishly, so ultimately that she lay down her life for her daughter.

One week from the death of her daughter Louise, Mrs. Phillips became ill with Typhoid fever. Unusual attention was given her and she made progress toward recovery; however after four weeks of illness she suffered a relapse. Though human hands would soothe her fever and nurse her physical body back to health, her heart was broken and the Compassionate Father of all men and races of men, touched her brow and called her home to be forever with the loved Louise. Those who stood by in the hour of sorrow could not but find joy for her as such was her desire.

Mrs. Phillips is survived by two sons, R. K. Phillips of Knox City and B. F. Phillips of Shawnee Oklahoma; also by six grand children her mother, Mrs. R. K. Shaver, and three brothers and one sister. The brothers are Nick and Ed Shaver of this city and Dick Shaver of Rochester; the sister, Mrs. J. J. O'Brien of Roosevelt Oklahoma.

For the past three years Mrs. Phillips and Louise lived here with Mother Shaver and Nick. Mrs. Phillips had been in poor health during this time.

Pall bearers for the funeral service were Ben Farmer, G. D. McCarty, M. D. Barnett of Abilene, W. E. Benedict, H. M. Jones, Jim Steven son, S. L. Sibley and C. W. Armstrong. Flowers were carried by Mrs. Holt Moseley, Mrs. W. E. Benedict, Mrs. H. B. Sweeney, Mrs. T. S. Edwards, Mrs. Ottis Cash, Mrs. G. D. McCarty, Mrs. Ben Farmer, Mrs. J. D. Cook, Mrs. L. L. Davis and E. R. Carpenter.

Among out-of-town relatives and friends who attended the funeral service were Mr. and Mrs. Buck Roe of Anton, Texas, Mr. and Mrs. Floyd Smith and Mr. and Mrs. M. D. Barnett of Abilene, Mr. and Mrs. Hugh O'Brien, daughter and Mr. and Mrs. J. J. O'Brien and two children and Miss Lillian McCormick of Roosevelt Oklahoma; Mr. and Mrs. B. F. Phillips and son of Shawnee Oklahoma; Mr. and Mrs. Dick Shaver and daughter, Mr. and Mrs. Aubrey Shaver, Mr. and Mrs. Reese Smith and daughter and Mr. and Mrs. Mark Watzick all of Rochester.

A MOTHER'S DEVOTION

No tie on earth is greater than mothers love. This truth is so vividly demonstrated in the passing of our beloved neighbor, Mrs. Lillian Belle Phillips, early last Sunday morning, just a few short weeks after the great loss of her beautiful young daughter, Louise. While the dread disease of Typhoid had taken its awful toll we know there was a mother's bleeding, broken, lonely heart that earth nor time could ever heal. A gracious, divine Father, whose love only exceeds that of mother, looking down upon her suffering heart said, "It is enough—come home—your darling is waiting and you shall be united forever, companions throughout an endless eternity."

And so once more we mortals bow to the will of Him who doeth all things well. But may those who were nearest and dearest pray with sincere and understanding hearts, "Thy will, not mine be done." If our Lord tarries, we too ere long, shall answer the inevitable call. Then may each of us be prepared to say with this sainted mother, "We know that if our earthly house of this tabernacle were dissolved, we have a building of God, an house not made with hands—eternal in the heavens." And like her let us be ready, waiting and anxious to pass over into that beautiful home to meet our loved ones who have gone on before.

ON TALKING OUT

We are commonly encountered with the desire to "talk out", and quit, we become discouraged with the dull, monotonous reign of life. We want newer things to happen.

At one time, a young man said with much meaning, "If everyone could only see the benefits and be satisfied with his own manner of living, the world would progress much faster. There seems to be some of their pleasure in order to change people who delight in robbing others their own monotonous way of living.

In other cases we, too often become discouraged and quit, when we are asked to do a task; and maybe we have just begun. We become impatient with our progress. If we would only do as Kipling suggests in his poem, "If," we would accomplish twice as much in the next twenty-five as we have in the past fifty years.

"If you can make one heap of all your winnings

And risk it on one turn of pitch-and-toss,

And lose, and start again at your beginning!

And never breathe a word about your loss

You'll be a man, my son!

Announcing THE FORD V-8 FOR 1937

The Quality Car in the Low-price Field

V-8 85 HORSEPOWER
 Maximum Performance with Good Economy
 Bore, 3.062 in. Stroke, 3.75 in. Displacement, 221 cu. in.

Two Engine Sizes - One Wheelbase

AND A NEW LOW PRICE

V-8 60 HORSEPOWER
 Good Performance with Maximum Economy
 Bore, 2.6 in. Stroke, 3.2 in. Displacement, 136 cu. in.

The New Ford V-8 for 1937 is the most beautiful Ford car ever offered. It is built in only one size—one standard of roomy comfort and modern appearance. But you may have either the improved 85-horsepower V-8 engine for maximum performance—or the new 60-horsepower V-8 engine for maximum economy. The smaller engine makes possible a lighter car—lower operating costs—and a lower price.

When you drive the 1937 Ford with the 85-horsepower V-8 engine, you are master of a power plant that gives everything you can possibly demand in speed and acceleration. Today, improved carburetion enables it to deliver its thrilling performance with unusually low gasoline consumption.

The new 60-horsepower V-type 8-cylinder engine delivers V-8 smoothness and quietness—even at speeds up to 70 miles an hour—with gasoline mileage so high that it creates an entirely new standard of economy in modern motor car operation.

We invite you to see this new Ford car, and arrange to drive one equipped with the engine that fits your needs.

FEATURES

APPEARANCE—A newly designed car. Headlamps recessed in fender aprons. Modern hood hinge at the back. Larger luggage space. Spare tire enclosed within body. Completely new interiors. Slanting V-type windshield opens in all closed cars.

COMFORT AND QUIET—A big, roomy car. Extra space is in the body, not taken up by the engine under the hood. Comfort of the Center-Pole. Ride further increased by smoother action of the long-tapering springs, with new pressure lubrication. New methods of mounting body and engine make this a quieter car.

SAFETY

BRAKES—New Easy-Action Safety Brakes, of the cable and conduit control type. "The safety of steel from pedal to wheel." Self-energizing-car momentum is used to help apply the brakes. Tests show that about one-third less pedal pressure is required to stop the car.

BODY—Not an ounce of wood used for structural strength. Frame structure all steel, sheathed with steel panels—top, sides and floor. All are welded into a single steel unit of great strength. Safety Glass all around at no extra charge.

GRADE SCHOOL NEWS

The second grade is working on an Indian project, they are making arrows, bows and arrows, heads, and various other Indian trinkets. We are sure that in the play they are preparing in celebration of Thanksgiving we shall hear some real Indian yells and see some of the genuine Indian "pow-wows".

Miss Orrell has missed school for the last week with typhoid fever. We wish him a speedy recovery.

The fourth grade is "going Thanks" in a big way. They work their arithmetic in booklets shaped like pumpkins. They are permitted to dip a feather of the turkey when they make one hundred on spelling.

On Monday, November 23, the fifth and sixth grades are going to present a Thanksgiving Operetta. The proceeds of the Operetta, sponsored by Mrs. Shannon and Mrs. Underwood, will be used to buy art and music. There will be a small amount of a nickel or dime. The purpose of this affair will be to organize High School. It is composed of two violins, a piano, a clarinet, an accordion, guitars, a mandolin, and a drum.

SOPHOMORES

Sophomores cause the least trouble in high school, and yet when they get down to hard facts, they do some most astonishing things when you least expect them to.

There are some things that we believe and others we do not, so I'm going to let you decide for yourself.
 "Macbeth" - girl about Iowa.
 "Macbeth" - not bashful.
 "Macbeth" - short and silent.
 "Macbeth" - "sophisticated" lady.
 "Macbeth" - fast typist.
 "Macbeth" - V-talkative.

Nell-not talking back to teachers.
 Traphino-ambitious.
 Alfine-making low grades.
 E. G.-not musically minded.

JUNIORS

Dear Uncle Will U. Tellum,

My teacher is always telling me to stop making funny faces, and I will just be looking as solemn as a judge. She must think I am funny looking, but I don't think so, do you? You know I look just like you. While we are talking about this lookin' business, I want to tell you what happened the other day. One of the Weinert boys told Askelon that he looked like a negro. Boy, was old Askelon mad! He let a right connect with the jaw; and "Old Weinert" followed with a left kick to the knee and started running. Askelon caught him in Seymour. When he got through with Weinert, he didn't see any more for a long time. That boy told me afterward that he meant that a negro looked out of his eyes and so did Askelon, so he looked like a negro. They passed a law that you could not "make-eyes" around here. Fuller and Herbert have been in jail ever since the law was passed. I must go rock the baby to sleep. Yours until "Weinert" gets braver.

SENIORS

The Seniors have been living rather a quiet life the past few days. In fact, we have had so much work to do in English and bookkeeping that there has not been much time left for other things. By Thanksgiving we are to have completed a contract on "Macbeth". Certainly we shall be "thankful" to have completed it. In studying "Macbeth" we learned that "Knock-knock" is not so modern. The gate keeper played it in Macbeth's time.

The bookkeeping students are looking forward (oh yeah) to getting new work books. We have almost finished our first nine weeks of work. Can you imagine Nellie Ann being like Mrs. Cash? Or Margaret blushing as Juanita does?

SPORTS

Of the fifteen junior boys coming out for basket ball, most of them have been in action in the two recently played games. Even though the games were lost by merely a few points each time, the boys are more determined to win over Benjamin his week-end.

Friday night's game was a thriller, each team placing the other to an extremely close finish, when the game ended in favor of Bomarton. The Juniors, however, were handicapped in the absence of their center, but the Sunset team as a whole showed superiority in the knowledge of the game.

We won another game, this time from Bomarton. They have a good team, but they didn't get it to work against the Sunset boys. We play Benjamin Friday night, and from what we hear, they have a very good team. Be sure to come and see the game Friday night; for there will be an exhibition of some good ball playing. I assure you.

It is rather difficult to find terms by which the game we played last Friday night with the Bomarton girls can be expressed. We went into the game and did our best, but came out with a score of 75-50 in their favor. We lament our loss, but we are not discouraged, because we feel that after that defeat we shall really fight harder next time. Let's try to do better because we really did take a good "skinnin'" from Bomarton. Immediately after the half we began to make a slight improvement, but it only caused them to play harder which resulted in our loss. The real act is that we were just "out-classed" as well as "out-lengthed." We are certainly looking forward

to the game next Friday night. We are planning to play the Sunset independent team, most of which are ex-high school players, the remainder being graduates from Knox City. Maybe we can give them more competition that we did Bomarton, so come on girls and let's show them what we can do.

Dear Diary,

The gossip I told you last week made its rounds and some did not think much of it.

There is a certain Junior girl who thinks the Freshman "lady's men" is just a one girl man. Maybe I can find out more if I ask Frances Gray.

I wonder if Juanita Forehand and Nell Nix have their lessons on Wednesday. I'm sure they never study on Tuesday nights.

Woodrow Myers and Herbert Partridge always go to the Roxy Theater. Maybe it's the show, or perhaps there is a more specific purpose for their going.

After seeing so much of Goree, we wonder whether or not boys are really Margaret's secondary thoughts.

To quite a few it is still a mystery who Leland is writing to in Abilene. You can never tell about Dorothy Garrett. Will it be Sunset, Weinert or Goree next?

Why is Inez Vernon always so interested in happenings of A. & M.? Ask her to explain her worries.

Just who is the Sophomore boy with gray eyes and wears a black jacket that Willie is trying to vamp?

We wonder who it can be in Abilene that Fay Marie is so interested in?
