KNOX COUNTY HERALD FRIDAY SEPTEMBER 12, 1930

NUMBER 11

Texas C. of C. Planning Million Dollar Suit Against Publishers of Geographies Misrepresenting West Texas

MONDAY RAINS SAVE LATE FEED

Amount Varies Over County

Late Monday afternoon and Monday night Knox City received another good rain. The first heavy shower came about four in the afternoon. It let up then until night and at intervals throughout the night heavy showers fell. The amount received here is reported by citizens from one half to one inch. Benjamin reported receiving less than one half inch. Crowell one inch, little shower at Rule and Rochester with good rains at Haskell and Munday. Haskell experienced a little storm.

Conditions now are about the same as this date last year, said the banker, E. O. Jamison, with the exception of the fact that the cotton will bring a little less. The farmer will not realize as much money on his cotton this year as he did in 1925; however the feed crops will do good. All the late feed will come out and make after the rain Monday night.

The worms are working considerably on the cotton and many of the farmers are poisoning. They have the machines for this work and it is done in an economical way. Reports made Tuesday were to the effect that the poisoning was helping, however, Monday's work was washed off by the rain.

It seems that the rain might make the worms worse only that they can't be worse. G. T. Hardberger stated Tuesday that the present round of worms were about to run their course and would have to hatch out a new batch. Some one else says that the (worms) have started webbing again but all together the farmer is better off for the rain than he would have been without it.

L. B. Hammock, the ex-editor, was so glad to see the rain Monday that he stopped eating his watermelon (he raised it himself) to go look at the rain. "Ah," he says, it is a good help to the country.

WEDNESDAY

Tuesday night we had another good rain reported by local men as being from one to one and a half inch. The two rains, Monday and Tuesday makes a total of about two inches.

It would be a splendid thing if Knox City could get a semi official office and gage here. This business of guessing the amount of rainfall is only half way stuff. Everybody thinks it rains a different amount and the editor is certainly no rain authority, either as to when it will occur or as to the amount after it has fallen.

It is doubtful whether call for the expenditure of a small sum of money but it seems that it would be well worth the while of the Chamber of Commerce to investigate the matter and if possible secure a gage with a semi official office.

Mr. and Mrs. S. A. Morris and daughter of Rochester spent Saturday night and Sunday with Mr. and Mrs. Holt Monsey.

Star Trapshooter

Alfred Rutherford, 14 years old, of Wichita Falls, Texas, won the first prize in the Grand American Handicap trapshooting contest in competition with over 1,000 men.

Nazarene Revival Is On

Reverend N. E. Tyler

Reverend C. E. Toney could not reach us as announced in the Herald last week, but we are glad to announce the arrival of Reverend N. E. Tyler of Abernathy Texas who will be our evangelist. We have known Reverend Tyler for twenty

five years and we assure that he will do good preaching. The pastor preached to a good crowd last night and everyone seemed to have the revival spirit. Everybody invited.

Herbert Land, pastor

Hospital Notes

Those in the Hospital this week are Mrs. J. E. Boyd of Rule, Miss Irene Gant of Rochester, Mr. J. C. McCasley of California, Mrs. Elbert Andrae of Winters, Miss Ruth Saltner of Benjamin, Mr. Fred Glover of Benjamin, Mrs. J. E. Phillips of Goree, Mrs. Wade Bryan of Guthrie, and Mr. J. J. Morgan of Rule.

Mr. Trimmer of Knox City returned to his home Monday. Mr. J. C. Nance of Knox City returned to his home Friday and Mrs. J. C. Pool of Benjamin returned to her home Tuesday. Mrs. W. H. Hills returned to her home in Rule Saturday. Maudie Decker of Paducah was in the hospital Monday for a minor operation.

Dr. Taylor of Goree made a professional visit to the Hospital Sunday.

SOCIAL CLUB ELECTS OFFICERS

The Social Club of Knox City met last Friday in the home of Mrs. Earl Benedict at which date new officers for the club were elected. Mrs. Roy Smith was made president and Mrs. John Smith secretary, treasurer and reporter.

Following an interesting social Mrs. Truman Lubell spent Saturday hour a delicious salad course was served.

Off To School

A good number of the Knox City boys and girls have and are leaving for various colleges now where they will be in school all winter. Those whom have been reported to the Herald are the following:

Bill White, who left last Thursday for Abilene to attend A. C. C. Miss Ruth Hammock, who will leave this week and for Fort Worth to attend T. W. C. Miss Pauline Benton left about Tuesday for Abilene to attend McMurray. Miss Claylene Hoge will leave Saturday or Sunday for Stephenville to attend John Tarleton. Joe Watson will also attend John Tarleton. Miss Margaret Roeder will attend T. C. U. again this year. Miss Ruth Short will leave about Friday week for Sul Ross in Alpine. Jack Wilson will go to Tech in Lubbock. It is reported that the Berryhill boys will attend college some place in Arkansas.

Miss Bernice Swift will leave Friday for Denton where she will attend C. I. A. this year. Edna McBrayer will enter Tech.

Mr. and Mrs. Luther Holmes and Mrs. Truman Lubell spent Saturday hour a delicious salad course was served.

Wichitan Fatally Hurt When Crushed Between Truck And Car; Knox City Man Makes Bond

WICHITA FALLS, TEXAS, September 9—Henry Larkin, 52, a driver for the Perfection Wrecker company here, died about 1:15 o'clock Monday afternoon as a result of injuries sustained earlier in the afternoon when he was crushed between his truck and the radiator of an automobile driven by G. D. Reid of Knox City.

A complaint charging negligent homicide in the first degree was filed Monday evening against Mr. Reid by Wayne Somerville, county attorney. The accused man was released on bond of \$100 after his brother-in-law, Gandy Benedict had come to Wichita Falls from Paris City to aid in perfecting the bond. Mr. Somerville explained the charge against Reid was "negligent homicide in the performance of a lawful act" instead of second degree negligent homicide, which is based on performance of an unlawful act.

The accident occurred about 1 o'clock Monday afternoon on Indiana Avenue near the Taugh street intersection. Onlookers reported something apparently dropped inside of Reid's car and that he leaned over to see what had fallen. When he looked up after a moment, Larkin was between the front of his car and the rear of the truck. Reid attempted to throw on his brakes but the effort was too late to prevent crushing Larkin, officials said. Larkin was crushed between the two machines.

He was found later, members of Larkin's family in Arkansas. The deceased was an active member of Post Patriotic post of the American Legion, having served on various committees and taken part in the work of the organization for the past two years. Legion officials said a full military funeral would be held in the event the burial is in Wichita Falls.

Baptist Church Begins New Year

Last Sunday was a fine day with

primary and beginners classes and teachers for the Sunday School were on hand and on time with the spirit of service. We hope that this spirit will prevail throughout the year. We are trying a new plan in our Sunday School work this year; each department is meeting in separate rooms for their opening exercises. Many encouraging words were spoken about this plan and everyone seemed encouraged about the work. All seniors, intermediates, juniors, primary and beginners classes as meeting in the basement for opening exercises and all adult classes in the auditorium of the church. This plan enlarges the opportunity for service and gives more training to a greater number of people, which we believe every boy and girl would have.

We now have sixteen classes meeting in separate rooms. There are several organized classes enrolled with the Sunday School department at Nashville Tennessee. Besides the sixteen teachers for the classes with their class officers, we have twelve general and departmental officers.

With this group of men and women working together, under the leadership of the Holy Spirit, we feel sure of a successful year for the Sunday School.

If you are not enlisted in another Sunday school in the city, we want you to feel welcome to worship with us. We need you and will do our best to make you feel at home.

Come to the Baptist church next Sunday. Subject for the morning service will be "Paul's Plan of Kingdom Finance" or the Bible Plan of Kingdom Finance.

C. B. Stovall, Pastor
H. E. Wall, Asst.

MAN STRUCK BY CAR

WEDNESDAY MORNING

Wednesday morning about eight o'clock a young man, about twenty one years of age, was hit by a Ford touring and knocked out for a few minutes.

The accident occurred as the man was getting out of his truck. The Ford struck him and knocked him to the rear of his truck but never stopped. He got up but fell again. Men around picked him up and put him on a cot on the walk for a while.

The boy seemed to be only slightly hurt. He was not known to Knox City citizens; was here from Wichita Falls with a truck of produce.

The accident occurred in front of the City Barber Shop.

FAVE RONTON

Little Miss Faye Ronton, the ten year old daughter of Mr. and Mrs. P. H. Ronton of Goree, died at the hospital Tuesday, she had been in the hospital about twenty-four hours before she died. When she reached the hospital she was too ill to undergo the necessary treatment and failed to ever react. She was carried to her home Tuesday morning for burial Tuesday afternoon.

Citizens Give History of Phone Co.

EXCHANGE INCREASES FROM 1 TO 204 TELEPHONES

Value of Services Unestimatable

Information gained Tuesday from a number of the older citizens of Knox City gives a most interesting history of the telephone company in Knox City. The citizens, which included E. O. Jamison, J. A. Wilson and C. C. Hoge found the reminiscence of the old days and of the telephone company pleasing to repeat.

The first telephone ever put in Knox City was in 1905. This was when Dr. Pope was postmaster. The telephone was in the postoffice and Dr. Pope tended to the calls. It was for long distance call, there being no other local telephone there could be no local calls.

In the same year, 1905 an exchange was opened here with a subscription of about twenty five telephones. It was located in a small building about where Russell Boyd's Service Station is now located. Mr. Charles Tackett was manager of the exchange then. Charles was the son of Chas Tackett, whom all the old time citizens remember. At this early date the company was interested in the people who lived in the country and then put in one rural line. It was then the Haskell Telephone Company, which company has owned this exchange until less than one year ago when the State Telephone company bought it.

When the First National Bank building was put up in 1906 the telephone company was moved from its original location to this new building. During 1906 the company experienced a big development. Knox City was on the "boom" in 1906 and the Telephone Company developed with the town. The telephone subscription increased from 25 to about 100, which was an unusually good increase in the period of one year.

Things went well with the company during the years which followed, with the managers changing Rupert Stevens to Claude McClouden, to Bill McCorbie and in 1919 to C. C. Hoge.

When Mr. Hoge became manager there were about 150 telephones in town with an increase in the number of rural lines. During those years small telephone exchanges did not have directories. They used cards. This exchange has their card index, used about every other year. As the company has increased in business here it has also given out better directories. They now have an eight page directory.

In 1911 the bank building, in which the exchange was located, burned. The telephone switch board seemed doomed but along came C. C. Hoge and W. A. Rosier, who does in Levelland now, who cut the cable with an ax and carried the board down stairs. It was put in a small room near where the Herald office now is and left until the bank building was replaced. It was completed in 1920 and the exchange placed in stairs exactly where it is now.

FARMER GETS 38 TONS OF MAIZE FROM 27 ACRES

D. R. (Doran) Brown, Rochester farmer, planted 27 acres to milo from pedigree seed, secured from the Lubbock Experiment Station.

Twelve acres of the field were planted with the third row out and the fifteen acres were planted solid with plenty distance in the drill. From the twelve acres with the third row out, Mr. Brown harvested 300 pounds more per acre than the part planted every row. He says that from now on he will plant all the feed with the third row out. Mr. Brown believes in putting back into the land what is removed with the crops. He planted the third row too, in Blue Goose peas in order to build up the land. He says we should rebuild the land where possible by planting some kind of legume crop.

—Haskell Free Press

We need more farmers like Mr. Brown around Knox City.

Miss Mary Alice Milford is visiting relatives in Fort Worth.

THE "ELECTRIC MAN" WILL EXPLAIN NEW LOW RATE

ABILENE, TEXAS, September 10
The first of a series of fourteen educational advertisements, explaining the new West Texas Utilities Company rate schedule, have been released from the company general offices at Abilene.

The advertisements feature a trade character, the "Electric Man", who makes all explanations throughout the series. The purpose of the campaign is to call attention to the exceptional economy of the new Low Rate, and to show the general public the many ways in which it can economically profit from a greater use of electric service without a material increase in total electric bill.

Nick Shaver left Monday for Dallas in illness of his sister Mrs. D. W. O'Brien. He was accompanied by Jim Stevenson and G. D. McCarty. McCarty went to market.

Tuesday morning Ed Shaver left for Dallas to be with his sister, Mrs. O'Brien.

NOTICE

Farmers members of the Federal Marketing Association, we have made arrangements to place your Bale Cotton on railroad platform for shipment free of any charge to you, and place in care of the receiving agent who will sample and get your money and attend to shipping.

We want to cooperate with you. We can give you as good ginning service as can be had. Our gin is equipped with the best of Burr Extractors, does not machine your cotton, gives you as good sample and staple as is possible to make. Try our market. If you want to sell, here we are always on top.

We appreciate your business.
Huntsman Gin Company

UNCLE JOE'S CLASS TO ELECT OFFICERS

Announcement was made Wednesday by Mrs. W. E. Clonts, reporter for Uncle Joe's Sunday School class, that new officers for the class will be elected on Saturday, September the 28th. She urges that all members of the class be present on that day and help in the selection of the new officers.

Joe Reeder spent Wednesday and Thursday this week in Atoka, Oklahoma attending the Cameron Lumber managers meeting.

Mrs. Morton of Ranger, Miss Faye Boyles and Mrs. Joe Cockrell of Seymour visited their sister here, Mrs. C. H. Keck, one day last week.

Mr. and Mrs. George Rayburn of Lubbock are visiting their parents, Mr. and Mrs. Hopson and grandparents, Mr. and Mrs. Lanier.

AGAIN KONJOLA SHOWS WHAT IT CAN ACCOMPLISH

Prominent San Antonio man eager in his praise of New Medicine

MR. CHARLES OLIPHANT

"I am glad to endorse Konjola to any who suffer as I did", said Mr. Charles Oliphant well known San Antonio railroad man, 423 Lamar street, San Antonio. "About a year ago I suffered a breaking out on my skin. Little patches of pimples appeared and were called white-blisterers. They itched and burned severely, and though I tried many remedies I gained only temporary relief. From Konjola, I gained what I consider miraculous results, the breaking out disappeared within three weeks after I began taking Konjola. I had kidney trouble but now the pains in my back and the swelling under my eyes have disappeared also. I feel better in every way and have gained weight. I think Konjola is a very fine medicine."

Konjola is recommended over a six to eight weeks period and is designed to relieve ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis, and nervousness.

Konjola is sold in Knox City, at the Orient Drug Store, and by all the best druggists in all towns throughout this entire section.

Mrs. J. E. Ziegelmeyer and daughter of Dallas were here over the week end to see her sister, Mrs. J. E. Clark.

The Electric Man Explains the New Home Comfort Rate

"As I told you last week, the new *Home Comfort* rate follows the wholesale discount system.

"Simply explained, this is a method of rate structure which divides the investment expense proportionately among customers according to the amount of demand upon the production and distribution capacity of the system, and upon the duration of such demand.

"In an average five room home, the first 4 kilowatt-hours per room, or the first 20 kilowatt-hours, would be at the initial rate of 12¢ per kilowatt-hour; the following 5 kilowatt-hours per room, or the next 25 kilowatt-hours, would be at the second rate of 7¢ per kilowatt-hour; all subsequent kilowatt-hours, or all in excess of 45 kilowatt-hours, would take the low additional service rate of 4¢ per kilowatt-hour, or 3¢ per kilowatt-hour in homes where service is also used for heating or cooking, one fourth the initial rate.

"Just think of the additional service possible with this new schedule. The normal necessities of your home should use more service than that covered by the first two rates, and then you can operate any of the multitude of time and labor-saving appliances on the Low Rate, or use a large amount of additional lighting service without a material increase in your total bill.

"Next week I plan to tell you more about the advantages of the new *Home Comfort* rate, so watch for me on the pages of this newspaper."

CONTROL OF THE COTTON LEAF

WORM

W. E. Jones, Agent Knox Co.

The best way to control the pre-

sent outbreak of the Cotton Leaf

worm is by spraying with Calcium

Arsenate at the rate of 3 pounds Cal-

cium Arsenate (powdered) per acre.

Calcium Arsenate will mix directly

with water and needs no pre-

paratory cooking to make it go into

solution. Most farmers mix it as

they use it in the field. Care should

be taken to completely empty the bar-

relief poison before mixing another

one full, as adding 3 pounds poiso-

n to a barrel which had 5 or 10

pounds of mixed poison all ready

would soon increase the strength

of the spray to where it would

burn the foliage.

The objection to Calcium Ar-

senate is that it is higher priced

than the other arsenic poisons. How-

ever considering the safety in ap-

plying it and the effective results

obtained, for it kills more quickly

than the other poisons, it is the most

ideal and in the long run the

most economical poison to use.

The objection to white arsenic is

the danger of burning the foli-

age too great. Another trouble

that where the poison does

burn it is often times too weak

to control the worms and in addition

some time is required in

removal of the poison. In using

arsenic poisons it is not practical

for the farmer to mix a compound

of arsenic in it but the best we

can do is to mix it with lime.

is to buy a commercial poison.

Lead Arsenate requires more poison per acre than does Calcium Arsenate and it is a slower action poison, causing more foliage to be eaten before the worm is killed. The cost between these two poisons would be very little.

The disadvantages in using Paris Green: First Paris Green is a heavy substance and settles quickly to the bottom causing an uneven distribution of poison over the plants, second it does not adhere well to the foliage, being washed off by a slight shower. Burning is also caused by Paris Green if not mixed with lime.

ONCE FORCED TO END WORK, NOW IN FINE HEALTH

"A medicine that will get a man on his feet and put him in condition where he can go to work again in a few weeks time in certainly well worth talking about and I'm willing for the whole world to know that this is what Argotane has done for me." Is the characteristic remark made by M. L. Denman, living at 802 Graham Street Abilene, Texas.

"Up to about three years ago," continued Mr. Denman, "my health was always good. But my stomach got in such a bad shape that my food would sour and I commenced to have bilious spells and indigestion. I finally got in such condition I had to quit work about four months ago owing to the fact that I was so weak that I could hardly get about. And for the past two months, that is, up until the time I started taking Argotane I had been living on bread and milk, and my stomach was just in that terrible condition.

"When I took my first dose of Argotane I was in a pretty serious condition and had lost in weight and strength until my friends hardly recognized me and when I finished my first bottle I had commenced to pick up and gain till it seemed almost unbelievable. I can eat what I want now and am feeling so well generally that I am going to start to work again next Monday and in my opinion there's nothing equal to Argotane.

Genuine Argotane may be bought in Knox City at the Orient Drug Store.

The annual W. M. U. of Haskell association met Tuesday at Rule Four ladies of the Knox City W. M. U. were in attendance. They were Mrs. G. T. Hardberger, Mrs. J. H. We are glad to state that V. H. Varnell is a new subscriber to the Herald this week. Mr. Varnell also is sending the paper to Mr. R. H. Means in Alabama.

**WHAT DR. CALDWELL LEARNED IN 47 YEARS PRACTICE**

A physician watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Peppermint, is a mild vegetable compound. It can not harm the system and is not habit forming. Syrup Peppermint is pleasant tasting, and youngsters love it.

Dr. Caldwell did not approve of drastic purges and purges. He did not believe they were good for anybody's system. In a practice of 47 years he never saw any reason for their use when Syrup Peppermint will empty the bowels just as promptly.

Do not let a day go by without a bowel movement. Do not sit and hope, but go to the nearest druggist and get one of the generous bottles of Dr. Caldwell's Syrup Peppermint, or write "Syrup Peppermint," Dept. RR, Monticello, Illinois, for free trial bottle.

G. A. CLUB ORGANIZED

Last Friday, September the 5th, Mrs. H. E. Wall had the girls of the Baptist church from the ages 13 to 17 meet at her home for the organization of a G. A. Club. Mrs. Reville met with Mrs. Wall and the girls and explained the purpose and duties of the G. A. Club. Following this explanation the girls organized elected the following officers: president, Jacquin Reese; vice president, Rowena Wall; secretary, Mildred Dutton; and sponcer, Mrs. Bonnie Lee. The club colors will be green and white.

Refreshments of lemonade and cake, carrying out the club colors, were served. Favors were stars tied with bits of ribbon on which was written "Arise! shine for thy light is come." Everyone had a very nice time, and hope that the club will prosper.

Telephone History

Mr. Hoge stayed with the company until in 1915 when Walter Moore became manager. In about one year Mr. Moore moved to Crowell and Joe Allen became manager. Later Mr. Moore returned and directed the work of the company until within the last year. Mrs. M. D. Metts is now chief operator and manager. She reports a total of 291 telephones which includes ten rural lines or an average of five telephones each. She has twelve toll lines, in which the work of the long distance calls is due. Mrs. Metts is assisted by Miss Mrs. Metts is assisted by Miss Metts.

Both Mrs. Metts and Dixie have given very satisfactory service. Saturday they put through 67 long distance calls. Monday they had 58. It is easy to see that our operators are kept busy. This number of long distance calls is large for an exchange the size of ours. With these numerous calls to be worked the operators do not neglect their local calls. A visit to the office will oftentimes help the telephone subscriber to be nice to the operation for it is easy to see the operators try to be nice to their customers.

Charley Massey is manager for the company here. Mr. Roy Killingsworth of Haskell is manager, overseeing the work of the entire exchange. When those who assisted us in compiling the history of the telephone company in Knox City were asked of what value the telephone system here has been and is to the town, they were unable to estimate the value. It is of such a value that it is un estimable. It is a thing that we in all towns and cities cannot afford to even try to do without.

75 FARMERS ATTEND MEETING OF COTTON COOPERATIVE ASSOCIATION

Last Friday afternoon about seventy-five farmers of the Knox City territory attended the meeting held at the Baptist church in the interest of cotton cooperative association for the marketing of cotton.

Mr. Whitson of Stamford who is the Field Superintendent for the Stamford Unit of the Texas Cotton Cooperative Association made a talk, explaining in detail the marketing agreement for the association. Of the number of men present thirty three signed the agreement becoming members of the association.

The agreement is a contract under which they market cotton through the association. Since Friday others have become members of the association, making the total number approximately fifty. Q. C. Davis was appointed temporary cotton receiving agent for Knox City. Those who are interested in signing the agreement may see Mr. Davis. He has the blank contracts. This association looks like a good thing. The advantage is that the farmer is aiding the Federal Farm Board in its attempt to hold cotton on a paying basis, in so doing, making the price the highest for the farmer. A sufficient number of the Knox City farmers have become members of the association to be benefited. It seems to be good; looks like a fair agreement and is an individual arrangement.

Makes Life Sweeter

Children's stomachs sour, and need an anti-acid. Keep them sweet with Phillips Milk of Magnesia!

When tongue or breath tells of acid condition, correct it with a spoonful of Phillips. Most men and women have been comforted by this universal sweetener—mothers should invoke its aid for their children. It is a pleasant thing to take, yet neutralizes more acid than the harsher things too often employed for the purpose. No household should be without it.

Phillips is the genuine, prescription product physicians endorse for general use; the name is important. "Milk of Magnesia" has been the U. S. registered trade mark of the Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1885.

TEACHERS

NEW BABIES

It is interesting to know of the Knox City high school graduates of recent years who are teaching this year. Those reported to the Herald are Miss Alice McBeath, who will teach in Cliff, Miss Grace Orsburn in Glissippe, Miss Alma White in the Martin school, Miss Ruth Rice at Lake Creek, Miss Winnie Ferguson at Goree, Miss Lorene Reese at Brock and Miss Lula Pearl Puckett at Rhine Land. Miss Puckett has been teaching six weeks now. Her school started early so the children could begin a few weeks beginning in September, to pick cotton.

Mr. and Mrs. C. H. Peck spent Sunday with her two brothers in Wichita Falls.

Roadside sign: "Where will you spend eternity?" What a subject for hot weather!

Several members of the Baptist church here are attending the Baptist Association at Rule this week.

Mrs. Darnell of Knox City and Mrs. Brookerson of Benjamin visited in Wichita Falls Wednesday.

J. B. Scott, who lives north east of Knox City has a new Ford truck which came from Warren Brothers.

Mrs. H. C. Ferguson of Amarillo visited her parents, Mr. and Mrs. S. L. Favor here recently.

Mr. and Mrs. C. A. Hull returned home last Thursday. Mr. Hull visited his mother in North Carolina and Mrs. Hull visited her sister and other relatives in Fort Worth. They were gone one month. Both reported having nice trips and visits.
