

Storm Claims 16th Victim

Funeral services for Mrs. Glover D. McCarty were held at the First Methodist Church Monday, April 6 at 2:30 p. m., with Rev. Oscar Bruce, pastor, officiating, assisted by Rev. Emil V. Becker, pastor of the First Baptist Church.

Mrs. McCarty, the 16th casualty of the March 13 tornado, died Sunday morning about 4 o'clock in the Baylor County Hospital, Seymour. In critical condition since the storm, she underwent surgery last week and was apparently doing well until Saturday, when she suddenly became worse. She was suffering from a fractured leg, both arms fractured, broken ribs, and internal injuries.

Mrs. McCarty's home was demolished when the tornado struck. Her husband was out of town at the time. An elderly couple, Mr. and Mrs. J. T. Darr, their granddaughter, Mrs. Ernest Day, and Mrs. Day's children were in the house with Mrs. McCarty. Mr. Darr died as a result of injuries received in the tornado and Mrs. Darr is still a patient in an Abilene hospital.

Following the storm, Mrs. McCarty was first taken to the Knox County Hospital after she was rescued from the wreckage. She was given blood transfusions and carried to the Baylor County Hospital, since the local hospital was heavily damaged by the tornado.

Mrs. McCarty was born Miss Etta Hart, Feb. 14, 1878, in Shelton, Iowa. She received her nurse's training at the Barnes Hospital in Kansas City, Mo. After serving in the Philippines as an Army nurse, she came to Knox City to nurse during a typhoid fever epidemic. According to Dr. T. S. Edwards, Mrs. McCarty started Knox City's first hospital at the home of her brother-in-law, J. B. Jones, about September 11, 1911. She nursed many people there, often receiving nothing but grateful thanks.

She married G. D. McCarty September 12, 1909, in Knox City. She was an active member of the local First Methodist Church, and an officer of the Woman's Society of Christian Service.

Survivors are her husband; one son, Glover, Jr., of Andrews; one daughter, Mrs. J. B. Townley of Carlsbad, N. M.; three brothers, Charles O. Hart of Fort Scott, Kansas, Will Hart of Marysville, Calif., and Frank Hart of Vallejo, Calif.; and four grandchildren.

Active pallbearers were Chad Wilson, Jeff Graham, Allen Hester, Horace Finley, Henry Jones and E. B. Shaver, Sr.

Interment was in the Knox City Cemetery under the direction of Warren Funeral Home.

Golf Tournament And Feed Planned By Country Club

A golf tournament highlighted by a picnic for club members and their families was planned by officers of the Knox City Country Club at a meeting Saturday morning, according to Sonny Hughes, president of the club.

Qualifying must be completed and qualifying scores turned in to tournament chairman Jeff Graham tomorrow (Friday) at the latest, Hughes said. First round matches may be played Saturday, Sunday or Monday, April 11, 12 or 13, and second round matches Tuesday, Wednesday or Thursday.

Finals will be played Saturday and Sunday, April 18 and 19.

Players will be divided into eight-man flights, and prizes will be a putter for the winner of each flight, a half-dozen golf balls for each runner-up, and a half-dozen balls for the winner of consolation in each flight. Entry fee in the tournament is \$2.00 per player.

Permanent picnic tables are being built on the course for use of club members and their families, and will be completed in time for the feed on Monday, April 13. The feed, for all active or inactive members of the club and their families, will be preceded by pitching and driving contests, beginning at 6:00 p. m. Prize in each contest will be three golf balls.

Hughes urged all golfers to enter the tournament, and all club members to bring their families out for the picnic Monday afternoon.

Disaster Fund Reaches \$31,800

Approximately \$31,800 was in the hands of the Knox City Disaster Committee this morning. It was reported. This does not include about \$3,500 collected in Abilene, that has not yet been turned over to the local committee.

C. E. Williams, committee chairman, reports that a few individual contributions have been received this week.

Now that the Red Cross has completed its rehabilitation planning, the committee hopes to begin its own plans for disbursement of the relief fund, to supplement the work done by the Red Cross.

First on the agenda for the eight-man committee will be a personal survey of the disaster area and interviews with the families affected.

"This survey is necessary," committee members said, "so that we will know just where the need is greatest and how 'thin' the disaster fund must be spread.

"Now that the Red Cross has completed its work we hope to get our own task completed as quickly as possible, and do the greatest good possible with the funds on hand."

Committee members also expressed their thanks to the volunteers who have written personal letters of thanks to those outside the immediate area, who have donated to the disaster fund. The high school typing class, directed by Supt. Harold Barnett and Mrs. Charley Cape, has written several hundred letters, and others who have helped are Dr. and Mrs. Ben Bowden, Mrs. Mary Parsons, Mrs. Paul Hoge, Mrs. C. E. Williams and Mrs. Henry L. White.

Shaver, Waldrip And Finley Elected To School Board

John Smith was elected president of the Knox City school board Tuesday night, at the first meeting following Saturday's election.

Smith replaces Barney Arnold, who had been a member of the board since 1947, serving as president since 1950. Mr. Arnold, whose term expired this year, did not seek re-election. A total of 281 votes—extremely high for a local trustee election—were cast Saturday, when Lloyd Waldrip and E. B. Shaver, Finley was elected to the vacant post.

Shaver led the ticket with 191 votes, followed by Finley with 158 and Waldrip with 147. Other candidates, Neil Perdue, Jack Fisher and L. V. Dodd, received 100, 106 and 141 votes, respectively.

Credited with getting out the large vote was the county trustee election. Ben Farmer was unopposed for re-election in precinct one. It was unofficially reported that some write-in votes were cast in the Sunset precinct, but no write-ins were reported in the Knox City box.

Other school board officers elected at Tuesday night's meeting were Guy Robinson, vice president, and Horace Finley, secretary. Other members of the board are J. O. Warren and R. B. Howell.

ALUMNI ASSN. BEGINS HOMECOMING PLANS

Present for the meeting were Mary Howell Parsons, 1953 president of the association; Mrs. Vaughan, secretary-treasurer; Doyle Graham, vice president; and George Wall, last year's president.

The thirteenth gathering of graduates, ex-students, and teachers of Knox City High School will be held Saturday and Sunday, June 6 and 7.

The executive committee urged all classes to have individual class reunions, if at all possible.

A meeting of the officers and committee chairmen will be held soon. The president asked chairmen to select their committee members and have the names ready for publication by the next meeting.

Utilities Company To Sponsor Electric Cooking School

How would you like to cook your family's meals by simply turning a switch? Today the homemaker can accomplish just that, according to Mrs. Jennie V. Wynne, widely known Home Economist. Mrs. Wynne will demonstrate the most recent developments in modern cooking at The Woman's Club in Knox City Wednesday, April 15 at 2:30 p. m.

Guy Glenn, local manager for West Texas Utilities Co., has issued an invitation to all the housewives in Knox City and the surrounding area to be his guests at the demonstration, which is planned as one of the best ever conducted here.

The demonstration, sponsored by West Texas Utilities Company, will be conducted by Mrs. Wynne, a senior Home Economist for Frigidaire Sales Corp. Mrs. Wynne will be assisted by Mrs. Doris Moore, Home Economist for WTU's Quanah district.

Mrs. Wynne, who will present the very latest in food preparation and time saving methods, is a graduate Home Economist with years of practical experience. She has had special training in food preparation, preservation, and quick-freezing techniques at the nationally famous Frigidaire Home Economics Department at Dayton, Ohio.

Recipes and favors will be given to homemakers who attend the demonstration. All the food used in demonstrating the modern electric way of food preparation will be presented to women attending the school.

O'Brien Youth Dies of Burns

Funeral services for Joe McReynolds, 17, sophomore in the O'Brien High School, were held at the Knox City Church of Christ Sunday, April 5, at 2:30 p. m., with Wesley Reagan officiating.

McReynolds died at the Knox County Hospital Saturday about 3:45, from burns received Tuesday afternoon.

According to reports, several O'Brien school students were on their way home from baseball practice when the car they were driving developed carburetor trouble at the farm home of Earl Holmes, west of O'Brien.

Leonard Phipps was priming the carburetor with gasoline when the engine backfired, igniting the jar of gasoline, and McReynolds' body was spattered with the burning fluid.

Three of the boys, Ernie Lancaster, Jackie Holmes and Don Poe, caught the youth, who ran, and rolled him in the sand to extinguish the flames. He was brought to the Knox County Hospital suffering third-degree burns on his hands, arms, abdomen and thighs.

Phipps received first-aid treatment for burns on his hands. McReynolds is survived by his parents, Mr. and Mrs. R. J. (Jake) McReynolds of O'Brien; two sisters, Mrs. Clyde Medaris of Dallas and Mrs. J. J. Hooker of Houston, and a grandmother, Mrs. Homer Felton of Rule.

P-TA TO MEET TONIGHT

Mrs. Neil Perdue, president of the Parent-Teacher Association, asked all parents to attend the meeting tonight (Thursday).

The meeting will begin at 7:30 and will be held in the High School study hall.

At the last regular meeting, Mrs. Clyde Williams was elected president for the 1953-1954 school term.

The Knox County School Board with all members present, voted Tuesday to annex approximately 6,567 acres of the Munday School District to the Knox City district.

The board acted on a petition signed by a majority of the qualified voters in the area involved, which is a part of the old Sunset school district, and is adjacent to the Knox City district.

The petition was submitted to the board recently, after the State Supreme Court had voided the board's action, in 1951, when it annexed approximately 16,000 acres of the old Sunset district to the Knox City district. The annexation had been upheld in both district court and the court of civil appeals before the supreme court's ruling.

The supreme court's decision was based on a statute prohibiting one school district from annexing more than 10 per cent of another district at one time. The court ruled that the county board's action on three petitions at the same time was one transaction. The court also indicated that there is no limit on the number of annexations of less than 10 per cent which may occur, or on the period of time between the annexations, as long as each annexation is a separate transaction.

Members of the Knox City school board say the petition acted on Tuesday follows the letter of the law, and they see no grounds for any appeal from the county board's action.

The annexed area, which was about 10 per cent of the Munday district, includes all the land west of the railroad that was in the old Sunset district, and east of the railroad it goes to the John Michels corner. Taking in all the North Knox City oil field, it includes the Clonts Estate, three Howell places, the Herring farm, Bowden, M. H. Mansfield, Claude Richardson, part of the League Estate, J. C. Saunders, Bill Thomas, Mrs. H. C. Travis, Herman Egenbacher, part of Claude Reed, S. N. Reed, part of the Bobby and Bruce Burnett Land, W. M. Rowan, Mary A. Bush, part of Brooks Campsey, part of Johnny Michels' land, John White, Eugene Michels.

Members of the Knox City school board say the petition acted on Tuesday follows the letter of the law, and they see no grounds for any appeal from the county board's action.

The double ring ceremony was read at the Methodist Church in Santa Maria Friday evening, April 3.

Attending the couple were Mr. and Mrs. Tommy Mays, aunt and uncle of the bride.

Mr. and Mrs. Spauhurst will live in Santa Maria, where he is associated with the Nash Co.

PMA Explains Acreage Allotment Set-Up if Marketing Quotas Are Used in 1954

Increased cotton plantings in 1953 will not result in larger 1954 allotments for the vast majority of farms under present provisions of the law, in the event marketing quotas are proclaimed for the 1954 crop, officials of the PMA said this week.

If Congress does not amend the present Agricultural Adjustment Act, the following rules will apply:

1. "The national acreage allotment for cotton for 1953 and subsequent years shall be apportioned to the States on the basis of the acreage planted to cotton (including acreage regarded as planted to cotton under the provisions of Public Law 12, 79th Congress) during the five calendar years immediately preceding the calendar year in which the national marketing quota is proclaimed, with

adjustments for any abnormal weather conditions during such period." Public Law 28, 81st Congress, prohibits the use of 1949 cotton acreage in determining State, county and farm allotments. The base period, therefore, for establishing 1954 State acreage allotments is the five years 1947, 1948, 1950, 1951 and 1952. The 1955 base period will be the five years 1948, 1950, 1951, 1952 and 1953, and each year thereafter the first year will be dropped and the year following the last will be added.

2. The State acreage allotment, less the State acreage reserve withheld by the State committee, shall be apportioned to counties on the basis of the same five year period that is provided in apportioning the national acreage allotments to States.

3. The 1954 county acreage allotment, less the acreage reserve withheld by the county committee, shall be apportioned to farms on which cotton was planted during any one of the three years 1951, 1952 and 1953, primarily on the basis of a

county uniform percentage of cropland on the farm excluding the acreage devoted to specified crops. If cotton was planted on the farm in either 1951 or 1952 the farm will be eligible for a 1954 allotment as a regular cotton producing farm regardless of whether cotton is planted on it in 1953. Also, if more than 5 acres were planted in either 1951 or 1952, no additional benefits can be secured under the minimum acreage allotment provisions of the law by planting a larger acreage in 1953. The law provides that the minimum 1954 allotment for a farm shall not be less than the smaller of (a) 5 acres or (b) the highest acreage planted to cotton on the farm during the three years 1951, 1952 and 1953. The maximum acreage which

can be allotted to a farm in apportioning the county allotment on the basis of a uniform percentage of cropland will be the highest acreage planted to cotton on the farm in the three years 1951, 1952 and 1953. In 1950 only a small portion of the farm allotments of more than five acres were limited by the highest cotton acreage history in the three year period 1946, 1947 and 1948.

PMA officials repeated that the above statements are based on present provisions of the law, and if Congress amends any of these provisions relating to the base period and method for establishing allotments, these statements may be altered.

Plans Completed for Santa Rosa Roundup

The program for the 1953 Santa Rosa Roundup at Vernon has been completed, according to manager John Biggs. The Beutler Brothers of Elk City, Okla., will again produce the rodeo for the six-day event, April 27-May 2. A number of new specialty acts have been added, and Cy Tallon, famed Madison Square Garden rodeo announcer, will return to Vernon his second year as announcer.

This year's show will be an all-evening performance again, and Beutler Brothers report that they are bringing a completely new array of wild stock for the show.

Specialty acts will include the Glenn Randall Liberty Act with eight golden palomino horses; the Hoofbeat Harmony, two dancing horses presented by Lynn and Corky Randall; the Red Pony, a specialty act by Corky Randall especially planned to please children and horse lovers; "Equestrian Romance," by Lynn Randall and Top Hat; Wanda Lou McCush in a Roman Hurdle performance; Zeke Bowers in a skit with his monkey, Marie; and last but not least, music by Ruby Nance's famous cowboy band.

From where I sit... by Joe Marsh

Chip Pulls a "Pip"

Chip Hanson is a clever commercial artist. Beside doing cartoons on our paper, he picks up "free lance" drawing jobs.

Right now he's whipping up posters for the Safety Campaign. They all have headlines like "PLAY IT SAFE!"... or, "A LIVE WIRE CAN START A FIRE!"

Chip looked a bit sheepish yesterday. Didn't want to tell me why. Finally he blurted out, "I feel like a dope. Here I am on this safety program and the fire inspectors tell me my own studio's a fire trap. I've been storing paint there for years..."

From where I sit, what happened to Chip could happen to anyone. He was just too busy informing everyone else about safety — not realizing his safety was threatened. Like those who fret about their neighbors — whether they can afford a new house, whether they should have coffee or a glass of beer with lunch — Chip simply forgot to "draw" some obvious conclusions about himself!
