Streams In Desert Places

"Ye are the light of the world, a city that is set on a hill cannot be hid", Matt 5-14. With this gift of God in your heart you become a light in this world of darkness. It is the genius of almsgiving. Great thinkers and achievers have always recognized the importance of almsgiving as a factor of successful living. It is a special gift that God bestows upon his children, that they may live fully and joyously. In Jesus' sermon on the mountain he directs us to the right use of our God given powers. Constant Bible study, and praying always keep you aglow with the Spirit streaming into your being.

More Families Eligible For Rural Housing Loans

Many additional families in Texas are now eligible for rural housing loans from the Farmers Home Administration, FHA State Director J. Lynn Futch announced today.

"In families where both husband and wife are employed," Futch explained, "the new policy permits half of the wife's gross income to be excluded in determining whether the total family income is within the maximum limit for loan eligibility."

VISITS PARENTS

Rolanda Stubbs, a student at West Texas State University at Canyon, visited her parents, Mr. and Mrs. Jack Stubbs, Sandy and Shea over the fourth of July holiday.

For example, the husband is the principal source of income with \$6,000. His wife earns \$4,000. His entire income plus half of his wife's, or \$2,000, total \$8,000. This is within Texas' moderate income level of \$8,000 so the family may be eligible for a Farmers Home Administration loan.

James V. Smith, National Administrator of Farmers Home Administration emphasized that newly eligible families must demonstrate that they otherwise merit FHA financing, and that credit is not available from regular commercial sources.

"The new policy will assist families in which the wife's income is needed to improve the standard of living. Note that if the wife is the principal breadwinner, the rule does not apply. This change will in no way affect our expanding service to low-income families," Mr. Smith said.

Loans may be made to families that will buy or build homes in open country or towns of up to 10,000 population, and who are not able to secure credit from regular commercial sources. Complete information is available from the agency's 143 county offices located in county seat towns throughout Texas.

FHA Officers Lubbock Workshop

Belva Penman, Carolyn Orr, and Becky Swain, who were riding in Mrs. Newton's car, slept all the way to Lubbock. Diane Clonts, Doris Howell, and Martha Jones, who were riding with Mrs. Clonts, were too busy keeping Janna Hise awake to sleep.

The half awake-half sleepy group arrived in the fair city of Lubbock at 9:00 only to find it pouring down rain.

After registration everyone was soon settled in Coleman Dorm. All of Knox City's rooms were on the 10th floor.

The first meeting was scheduled at 10:00 a.m. The conference consisted of general sessions and small workgroups. During the small group sessions the girls exchanged ideas of FHA programs and projects. There were also information and ideas presented concerning the use of "Encounter" the program designed to replace the FHA degree program.

The third general session was a political rally at 9:30. Have you ever tried to sing and show excitement at 9:30 in the morning? It isn't easy.

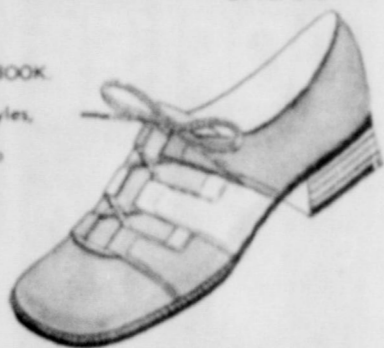

The workshops ended at lunch time. Knox City's bunch ate at the Brittany and headed home around 2:00 o'clock. Overall, the trip was a very successful one with all of the girls bringing back information and ideas that will add spark to next year's FHA programs.
