Some of the last of the giraffe-necked women of Burma have come to America to show us their styles in neckwear... via the circus route. The women of Burma encircle infant girl's neck with four or five brass bands a ring being added each year. An adult woman wears from 21 to 25 of the brass bands, the custom stretching their necks to startling lengths.

Hyde Park Favored As The Summer Capitol

The summer capitol of the United States this year will likely be at the New York residence of President Roosevelt at Hyde Park, which is shown above. Such is the report from Washington where great uncertainty prevails as to when Congress will end its work on immediate legislation. Reports from the White House also tell of the President's plan for a week's cruise on the 45-footer, "Amber Jack II", with only his four sons as shipmates. It is thought the cruise will be up the Maine coast for a short stay at the Roosevelt home there. Below, the President and Mrs. Roosevelt off for a short week-end rest.

HERALD TO SOON HAVE NEW OWNER

This issue of The Herald will be the last under the present ownership and management. We have sold the business to Mr. and Mrs. H. B. Sweeney, who are well known in the journalistic field of Knox City, having formerly owned and operated The Herald.

In our some six months' sojourn in Knox City we have formed many dear, and we hope, lasting friendships. This town possesses some of the finest people to be found anywhere, and we are glad it has been our good fortune to learn to know and love you.

We want to thank the business men, ministers, doctors, teachers and all others for their consideration and assistance while we have been in Knox City, and we hope that the trying times may soon be over and "Happy days will be here again."

We have decided to take a needed vacation, the first in many years.

In our last message to you we would want to stress the importance of your newspaper in the building of your town and community, the carrying on of the business and the furtherance of social, religious and educational causes of your town. Many do not realize the value of the home town paper, and the influence it has upon the thinking and acting of the people it serves. You pay taxes and make donations to causes and organizations sometimes that do not do as much for your community as your home-town paper. It does not ask you for a donation, it only asks for an opportunity to help your town and your business. Co-operate with it, and you will be well repaid for it.

Sincerely,
Mr. and Mrs. Sam E. Smith

Errors Prove Costly to Locals In First Game

LOCAL HIGH SCHOOL TO FACE TEST ON FRIDAY

The local high school nine will contest the Hamlin high school nine Friday afternoon at 4:00 o'clock.

The Pied Pipers will be here both Friday and Saturday, the games beginning at 4 p. m. Friday and 3:00 p. m. Saturday.

The local coach is an ex-Pied Piper and the games will certainly be hard fought. A number of season tickets have been given to those who donated to the club. There will be an admission charge of 10c per game. Come help the local nine win.

Batteries for high school here will be Dutton and Withrow, while Hamlin will have Monning and Miers for Friday. The coaches have not decided on the Saturday starters.

ROCHESTER CHILD DIES AFTER HORSE KICKS IT

Jimmie Hugh Grant, four year old son of Mr. and Mrs. Hugh Grant of Rochester was kicked by a horse last Friday afternoon and was brought to the hospital here. He died Saturday afternoon at 5:00 p. m. MRS. J. M. LEE DIES AT HER HOME HERE MONDAY

The deceased was well known and loved by the people of this community and her death comes as a shock to Knox Citizens.

Mrs. Lee is survived by three sons and two daughters, her husband having passed away some time ago. The Herald joins in sympathy to the bereaved ones.

ATTEND WORKERS MEET

Several women of the Baptist church attended a Workers Conference Monday afternoon at Rule. Local ladies brought back the banner for attendance when about 30 attended from here.

EDITOR VISITS HERE

Editor Grady Roberts of the Chillicothe Valley News was in Knox City Saturday and made The Herald a pleasant call en route to Haskell to visit his brother, Sam Roberts, editor of the Haskell Free Press.

Rochester shut out the local baseball team here Sunday before a large crowd to the tune of 5 to 0, when Knox City's errors proved expensive in their first exhibition of the season. Some good baseball was played, however by both teams and the game was highly entertaining and interesting to the spectators.

Austria, pitching for Knox City, struck out 11 batters. Pittman for Rochester, struck out 9 batters.

Local fans are promised a real treat next Sunday afternoon when Sunset plays the locals on the Knox City diamond.

SENTIMENT ON PROJECT EXPRESSED

More than twenty members of the Knox City Chamber of Commerce were present at a luncheon and business meeting of the body held at the Teague cafe Tuesday noon.

Vice-president T. E. Robbiss served as chairman and O. L. Jamison as secretary in the president and secretary's absence.

Roy Smith was unanimously elected to represent the body at the West Texas Chamber of Commerce convention in Big Spring in May.

Discussion of the road project, the hard-surfacing of high 16, was heard and the body went on record as strongly in favor of pushing the project through and getting work started as soon as possible. The standing committee was given assurance that the organization was behind it to a man on the proposition and plans were made for further action.

The matter of sending a girl from Knox City to the W. T. C. C. convention to appear in the Revue of Nations was discussed but no definite action taken.

Earl Benedict and Henry Arledge were appointed to make arrangements for the next luncheon to be held on Tuesday, May 9.

CORRECTION

The Baptist, Methodist and C. W. A. ladies gave the colored children an Easter egg hunt April 15. The Herald erred last week when it said the Methodist ladies alone were responsible for the hunt. The Baptist and C. W. A. ladies also helped in the affair. We are sorry this error occurred and are glad to make this correction.

NOW IS THE TIME

If you were going to invest in the stock market you would, of course, watch the substantial stocks and buy at the lowest price quoted, expecting to profit by the rising market.

So it is with young people in making their plans for their future. Now while we are, as the economists say, at the bottom of this depression, there is only one logical direction to go and that is upward. Wouldn't it be the sensible thing to prepare so that when the wheels of industry do start to humming you will be ready to take advantage of the opportunity that seems to face you?

With good high school training supplemented by good business training, you will have something readily marketable that will place you far in the lead of the unprepared or the ones with only a gen-

eral education. Surely this is the day of specialization and business offers quicker rewards than almost anything at this time. President Roosevelt is inaugurating some sound legislation which will, no doubt, stimulate business and make far better times.

Why not write Tyler Commercial College and School of Business Administration, Tyler, Texas, for their catalog and find out how easily you can get a business training and what it will mean to you? (Adv.)

WE WONDER WHY?

Frances Evans does not gain some
 weight. Joella Russell visits the
 Jones Barber shop so often and does
 not get her hair cut. Jeff Graham
 can always be located by Fay Mc-
 Auley's side. Some students are al-
 ways trying to create "a literary
 mind." Beulah Deering does not
 keep her hair curled. Archer B.
 Reese does not quit studying Span-
 ish. "Accidents will occur in the best
 regulated families." Aunt Essie Mae
 Leaverton is not liked by some peo-
 ple. Probably it is due to "strait"
 hair and freckles. Vernia Mae Hous-
 ton does not dye her hair black.
 Mary Hoell combs her hair back.
 (People who have pretty ears are
 usually proud of them).

Joella Russell may never get a
 hair cut when she goes to Jones
 Barber shop but it seems that Mary
 Howell sure gets her money's worth
 when she goes there.

This is book repair week. The
 seventh grade and high school li-
 brarians are mending the books
 that need repairs. We hope to
 have the library in the best condi-

 given May 5. Big preparations are

TO GLORIFY BREAKFAST

Toast and coffee and the morning
 paper!

Coffee and toast and the morning
 paper!

Ho hum! That's the great Ameri-
 can breakfast—prepared with misgiv-
 ings, swallowed in haste, not remem-
 bered long enough even to be re-
 pented.

It is perhaps a great pity that the
 days when American breakfasts were
 mighty affairs, suited to pioneer-
 ing activities, are gone forever. Yet
 there are still ways to arouse even
 lagging modern breakfast appetites.

One is to add the delicious tang of

pineapple to the morning meal. And
 nutritional studies have recently re-
 vealed a definite health reason for the
 addition. For canned pineapple has
 been found to be a generous source
 of vitamins A, B, and C and five es-
 sential minerals. It is also revealed
 as an aid to the digestion of proteins
 such as meat and eggs and to the
 prevention and relief of acidosis.

So here is a modern breakfast suited
 to modern needs—appealing to the ap-
 petite, healthful and simple to pre-
 pare—two slices of pineapple, a cereal
 if desired, two poached eggs on toast,
 and coffee.

College Degree Worth \$100,000, Experts Find

Statisticians and research investi-
 gators have at last run down the elu-
 sive and much discussed dollar and
 cents value of a college education and
 have fixed it at \$100,000. Their sur-
 vey reveals that the average untrained
 boy goes to work at the age of 14,
 earns less than \$1,700 a year, so that
 his income from 14 to 60 totals \$64,000.
 The high school graduate, they find,
 starts work at 18, reaches his maxi-
 mum income of \$2,800 at 50 and by 60
 has earned a total of \$88,000. The
 college graduate, they learned, starts
 his career at about 22, has caught up
 with the high school graduate by 30
 and at 60 is earning from \$6,000 to
 \$8,000 a year with a total earning at
 60 of between \$100,000 and \$200,000.
 Figures from the same survey pro-
 duced by the statistical department of
 Union Central Life Insurance Com-
 pany show that out of 1,000 children
 entering grade school only 23 graduate
 from college. Lack of funds is re-
 vealed as the main reason for leaving
 school and educational insurance is
 now advocated as a means of giving
 a higher percentage the "break" which
 a college degree assures.

SUNDAY SCHOOL LESSON

By Charles E. Dunn

Jesus sets new standard of living. Lesson for April 30th. Mark 10: 1-31.

Golden Text: Luke 9:31.

The lesson begins with the final departure of Jesus from Galilee. Heading southward, He visits Perea, east of Judea and the Jordan. His face is turned toward Jerusalem, the capital, which He approaches via Jericho.

Three incidents, each very different, are depicted for us by Mark in the lesson narrative. The first brings the carping Pharisees before us in an endeavor to entrap the Master by a question concerning divorce. Jesus replied, not by attempting to expound the scribal law, which the Pharisees knew only too well, but by a straight-forward declaration of the Mosiac principles. Marriage, He insists, is a permanent union of two lives.

The second episode makes the child again the center of the circle, as was the case in the last lesson. The fondness of the Master for children once more is emphasized. We can see Him rebuke the disciples for their interference, and can fully appreciate the loving tenderness of His immortal welcome. "Let the little children come to me; do not hinder them; for to those who are childlike the Kingdom of God belongs."

The last event in the absorbing story of the high priest's ruler. Here's an attractive youth with many "qualities. With his wealth, education, social position, and high character, he makes a strong appeal to our imagination. No wonder Jesus loved him! For here is a possible recruit who can render very great service in the promotion of God's aim.

How willing he seems! He runs and kneels, humbly seeking guidance directing the eager pilgrim toward the Life of the Ages.

But one thing was lacking, as Jesus, with His searching power of analysis, points out. The young man had far more wealth than was good for him. Instead of owning possessions, possessions owned him. His property prevented service, and therefore Jesus advised its sale. But alas, the youth cannot accept so drastic a recommendation! So the young man departed.

Very Latest

This smart and simply-made suspender frock in miniature, is a copy of big sister's in many of its style notes.

It can be made of various combinations of fabrics. For general wear, sheer woollens may be used for the pleated skirt and suspenders, with a dimity or crepe blouse.

A gingham skirt and batiste

blouse are suitable for playtime wear, while a printed crepe skirt with a blouse of plain crepe in harmonizing color may be made for special occasions.

The puffed sleeves and design of the suspenders give width to the shoulders, adding a new note. Buttons through the skirt form a practical closing and add a bit of trim ming.

This model is designed in sizes 4, 6, 8, and 10. Size 8 requires one and one-sixth yards for the skirt and suspenders and one and one-eighth yards for the blouse, of 35-inch material. The bow at the neck requires one-half yard of ribbon.

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.
