

Road Bond Election Saturday

I GIVE YOU TEXAS By Boyce House

Those who have smiled skeptically (I was one) when the delights and wonders of Old Mexico were depicted with glowing eloquence by travelers need only to make the journey themselves into the neighboring country to find that the travelers were wrong—they didn't make the descriptions beautiful enough!

It is a story book land, a place of such sudden and surprising contrasts, of such varying sights and sounds that it leaves the brain bewildered. Imagine compressing all these events into a single day:

Arriving in the City of Mexico a few Sunday mornings ago we (the members of the Texas Lions' good will pilgrimage) were met at the station by Mexico City Lions. A string band played soft Mexican melodies, fragrant flowers were presented to the ladies and then we were whisked by car to La Reforma, newest and most modern hotel in the Republic.

Then began a tour of the city. Uniformed soldiers wearing trench helmets were on guard with bayoneted rifles as we entered the National Palace where we saw long reception halls, lined with paintings of statesmen and generals; the dining room with its crystal chandeliers and ponderous silver, where Emperor Maximilian and Empress Carlotta once entertained, and then the Cabinet Room, heavy tapestries at the windows, gilt furniture, thick carpets, and, at each cabinet member's chair beside the long table, a gold-lettered portfolio. Officers pointed out a bullet hole in the back of one chair and then of another; the occupants had been shot to death.

From the beautiful ballroom the visitors stepped on to the balcony and looked out on the Zocalo (or plaza), the center of the life of Mexico, the view dominated by the twin towers of a cathedral, standing on the site of the chief Aztec temple.

On the walls of the National Palace are the Diego Rivera murals. Here is Mexico's history, told not in words but in painting and so it is a story that anyone with eyes can read. The colors are bright because it is a colorful tale, beginning with plumed dancers and feathered serpents, then the Spanish conquest, Maximilian, Juarez, Diaz, Villa—it is all there, even a depiction of the late industrial exploitation of the people and a presentation of the present politics of Mexico, including the expropriation of foreign owned oil properties. The lower part of one section was stained with acid. Someone, displeased, had tried to destroy the picture.

A drive through the market, thousands of blossoms of unbelievable brightness and size piled in perfumed pyramids; the reddest of tomatoes, the greenest of peppers and the whitest of onions; then a swing down the Paseo de la Reforma, one of the most beautiful boulevards in the world, with its bronze King Charles and its Victory Monument, 150 feet high; then fine homes and finer flower gardens; and Chapultepec Park, with charros wearing costumes in real life as glittering as the raiment in Fort Worth's make-believe Casa Manana—grandees on horseback, with big hats rimmed with tiny, jingling bells; jackets and tight fitting trousers of blue, of pink and of green, embroidered in silver or gold; at the hip, pearl handed, silver embossed six-shooters, and their saddles gleaming with semi-precious stones and

LOCAL GIRL TO BE IN PARENT'S DAY PROGRAM

Ellena Fayne White of Knox City, who is a member of the girls' band at John Tarleton College, Stephenville, will be in a concert given by that organization on Parent's Day, April 30. This is one of the two College all girls' bands in the South, and its first year of existence has attracted much attention.

Harold J. Bluhm, professor of music, conceived the idea of the band when a group of girls complained that the military band excluded girl musicians. As a result the college has a neatly uniformed and a well trained girls' band. A military review and an operetta will also be given for the entertainment of the visiting parents.

TO BROADCAST FROM RED CROSS CONVENTION

From Constitution Hall, on Monday, April 24, 9:30 to 10 a.m., CST, both the National Broadcasting Company Blue and the Mutual Broadcasting Company networks will broadcast Chairman Norman H. Davis' opening address before approximately 3,000 delegates attending the 18th annual convention of the American Red Cross in Washington, D. C.

Secretary of State Cordell Hull's talk at the convention dinner at the Mayflower Hotel on Tuesday, April 25, will be carried from coast to coast by the Mutual Broadcasting System and to Europe and South America by short wave. Hull, whose subject as yet has not been announced, will speak from 8:30 to 9 p.m., CST.

Mrs. Marie Yarbrough of Graham is spending the week with relatives and friends in Knox City.

precious metals.

And, after that, came the floating Gardens. Our boats drifted along the canals among vistas of gardens and tall poplars to the music of a marimba band, while native women in the narrowest of canoes glided alongside to sell flowers for a trifle. What a setting for luncheon!

Then there was the bullfight in the afternoon (there isn't space to describe that dramatic spectacle), then at night to the Palace of Fine Arts (as grand as the Metropolitan Opera in New York) to see the leading dancer of Mexico in Aztec and Mayan dances. And this, mind you, was all in one day, and not the most thrilling day of the visit in Mexico, either!

Texas jottings: If Gerald Mann runs for the United States Senate next year (as rumored), Ralph Yarbrough would run for Attorney General again. Having made a strong campaign last year and polling 221,000 votes, he is now known to the voters and should win next time.

E. S. Shoaf, Wood County Democrat publisher, reminds us that the North and East Texas Press Association meet in Greenville, May 12 and 13, with cups for the best weeklies and dailies, as well as an award to the paper that rendered the most outstanding community service last year. Another good friend, Lon Boynton of the Lamar County Echo, is association president.

"Oldest joke" contest entry: A farmer driving an old mare into town saw a sign, "Speed limit, 20 miles an hour." Whipping the horse, he said, "Don't know whether we can make it or not."

LOCK THE STABLE BEFORE THE HORSE IS STOLEN

SUNSET SENIORS OF 1939

Present "MY MOTHER-IN-LAW"

By Wilbur Braun

IN THE SUNSET AUDITORIUM

FRIDAY EVENING, APRIL 21

AT 8:00 O'CLOCK

THE CAST

Peggy Armstrong, a baby-voiced wife Wardell Sweatt

Director Mrs. Ottis Casn

ADMISSION 10c-15c-25c

HOSPITAL NOTES

Patients in the Knox County Hospital this week are:

Jo Rios (Mex.) Truscott; A. L. Lea, Knox City; Ford Scott, Munday; Mrs. Leslie Trimmier and baby, Rochester; Mrs. J. W. Pendleton, Munday; Walter Snody, Benjamin; J. T. Ferguson, Crowell; Baby Gerald Reynolds, Munday; Mrs. C. A. Taylor, Knox City; Bill Mitchell, Weinert.

Patients dismissed from the hospital during the past week: Mrs. F. C. Cook, Clovis, N. M.; Mrs. J. B. Jackson, Benjamin; Ernest Lewis, Rule; Mrs. Ernest Ingram and baby, Weinert; L. B. Baty, Gilliland; J. G. Pults, Jr., Benjamin; Mrs. T. J. Partridge and baby, Knox City; Mrs. L. A. Brown, Knox City; Mrs. Bruce Miller and baby, Rule; Mrs. J. J. Moch, Rule; Ed Bateman, III, Knox

City; Bro. J. Lowell Ponder, Quitaque.

Births:
Born to Mr. and Mrs.—
T. J. Partridge, Knox City, a daughter, April 16.
Bruce Miller, Rule, a daughter, April 16.
L. A. Brown, Knox City, a daughter, April 16.
Ernest Ingram, Weinert, a daughter, April 13.

Deaths:
Mary Lou Beason, Rochester, April 13.
Darrell Hardin, Vera, April 13.
Baby Ellen Pearl Brown, Knox City, April 16.

BAKE SALE

The Union Grove Home Demonstration Club will sell cakes and pies in town Saturday. When in town look for their display.

Benjamin

Mrs. W. F. Snody, B. W. Snody and Homer T. Melton went to Las Cruces, N. M., last Saturday. They were accompanied by Mrs. Lyndol Snody and son, who had been visiting here for the past three weeks. Mrs. W. F. Snody had intended staying for a two weeks visit, but was called home Sunday night because of the serious illness of Mr. Snody, who underwent a serious operation Sunday night at the Knox County Hospital. At this writing he is still suffering intensely, but we are anxiously awaiting better news from him.

Mr. and Mrs. Louis Cartwright have made several trips this past week to Wichita Falls, where their son, Lonzo, has been receiving treatment for an ear trouble. We are glad to report he is doing nicely.

Mrs. J. L. Galloway and Mrs. Lewis Williams carried several of the school children to the district meet at Breckenridge last Friday, where Erdice Elaine Galloway and Edna Earl Russell entered the Declamation contest. Erdice Elaine was awarded second place in the district for Ward School girls.

Mr. and Mrs. Earl Sams, Mrs. A. B. Sams and Mrs. H. T. Melton visited Sunday in Lubbock in the E. C. Young home, where "Grandmother" Sams and Mrs. Patton are making their home.

Supt. and Mrs. W. C. Cunningham spent the week end in Lamesa with relatives and friends.

County Attorney J. C. Patterson went to Fort Worth Saturday to join his wife, who has been visiting relatives. They returned home Sunday.

Mrs. Buck Coody of Odessa has been visiting her many friends here this week.

Miss Nina Astin spent the week end with friends in Seymour.

Dr. J. C. Coffey of Hedley came down Monday to be with Walter Snody, who is having such a serious time following his operation Sunday night.

The Senior Sorosis Club met Tuesday afternoon at the club room, with the social committee as hostesses. This was the last meeting for this year. Miss Martha Crenshaw gave a book review, "North of the Orient," by Anne Morrow Lindberg, which was enjoyed by all present.

Miss Lucille Hunter spent Sunday with her parents in Munday.

Leroy Bisbee left Monday for Paducah, where he has employment with the highway department.

Miss Bobbie Waldron was absent from the office several days last week because of illness. She is back on the job now.

Mrs. Lem Coltharp of Gutarie spent several days with Miss Jerry Coltharp last week. A miscellaneous shower was given last Thursday at the home of Mrs. Lee Snailum, honoring a recent bride, Mrs. Burnice Ray. Many were the beautiful and useful gifts received by the honoree, attesting to her sweet, lovable disposition. After the gifts had been passed and admired by all, refreshments were served to a number of friends and well wishers.

Mrs. Wallace Moorhouse spent last Friday in Goree, where she was the honoree at a shower given in the home of Mrs. Don L. Ratliff, with Mrs. Henry Cowsar, Mrs. Batey and Marjorie as hostesses. Several of Mrs. Moorhouse's friends and relatives from Throckmorton attended. The gifts received were many and highly appreciated.

Saturday the voters will go to the polls and cast their ballot on an issue whether the tax payers desire to issue bonds to the amount of fourteen thousand dollars in order to purchase the right of way from the east side of this precinct to the Brock bridge west of town.

An election was held about forty days ago on the same issue but only extended to the boundary line of Knox City, and the issue was defeated by four votes. Since the remainder of the precinct has been added it is thought the voters will approve the issue by a good majority.

If this issue carries the State Highway Department will begin construction of the road from Knox City to Munday immediately, and more than one hundred men will be given employment for about eight months. The State Highway Department has been maintaining this road for several years, but if the issue is defeated they expect to turn it back to the county. All the state is asking is that this precinct secure the right of way, and they will build and maintain the road.

In this issue of the Herald is a page ad explaining the cost to each tax payer, based on the present rendition of their property, and if you will take time to read it you will see that no property tax payer will be hurt by the issue, and besides this section of the county will receive a paved road. There are hundreds of trucks each year that haul livestock to Fort Worth, and this road paved to Munday will shorten the distance several miles.

The voters are urged to study this proposition and go to the polls Saturday and vote their sentiments. There will be two voting places in the precinct, Knox City and Sunset, and all voters are urged to go early and vote, as this is an important election and means much to Knox City and this section of the county.

ATTEND METHODIST DISTRICT CONFERENCE

Delegates to the district conference at Aspermont this week are John Smith, J. H. McGee, Chad Wilson, Mrs. S. M. Clonts and Mrs. C. C. Hoge. Several others, including the pastor, Rev. A. A. Peacock and wife, will also attend.

Lyndol Snody of Las Cruces, N. M., arrived Tuesday to be at his father's bedside.

Mrs. Leroy Melton, Bozo, and Mrs. A. J. Gore of Knox City spent Sunday in Wichita Falls with Mrs. Gore's daughter and family.

Mr. and Mrs. Bob Meizer and Francis Moorhouse of Stephenville visited in the old home town Monday, on a little vacation from their work with the J. C. Ruby Construction Company.

Mrs. Leon Bivins is visiting Mrs. Myers at Gilliland this week.

Supt. W. C. Cunningham was in Wichita Falls Monday afternoon on business.

Mrs. Clyde Gibson received a message Monday from Wichita Falls stating that her uncle, Dr. A. D. Pattillo, had passed away after a short illness. Mr. and Mrs. Gibson went to Wichita Tuesday to be present at the funeral.

Mrs. E. A. Fitzgerald, sister of Mrs. J. W. Melton, drove up from Dallas Tuesday to bring their mother, Mrs. T. C. Griffith, home after a months' visit in Dallas.

Parmley Gard of Rule was here Tuesday on business.

SEVERAL REASONS WHY YOU SHOULD VOTE FOR THE ROAD BONDS

SATURDAY

Purpose of Road Bonds

The \$14,000 received from the road bonds, if voted Saturday, will be used for the purchase of right-of-way from the east line of the Knox City Precinct to Knox City and from Knox City west to the Brock bridge. If all of the money is not used for this purpose the unspent balance will be used to retire the bonds to that amount and thereby reduce the debt.

No part of this proposed bond issue will be used for the building of the highway. The road between Knox City and Munday is a State Highway and all construction cost and all repair and maintenance cost will be paid by the State. The State will not build this road unless the right-of-way is secured, but after the right-of-way is secured and deeded to the State the precinct will never have another cent of cost on this road.

The Road Leading To Brock Bridge

The road from Knox City to the Brock bridge is not a State Highway, but the people of the Southwestern part of Knox county are working on a program to get this road designated as part of a State Highway between Knox City and Guthrie. This road, if and when it is designated as a State Highway, will be built and maintained

by the State Highway Department. The cost of the right-of-way will be the only cost of such a program to be paid by the local precinct. Also the \$4,000 for purchase of right-of-way west of town cannot be spent for any other purpose.

WILL THE ROAD BE BUILT?

The question has been asked on the streets of Knox City, "Will the road be built if we vote the right-of-way bonds?" As an answer we went to the County Judge and he showed us a letter he had received from Hon. G. A. Bracher, District Engineer of Childress, dated April 13, and we quote from the letter as follows:

"Plans for this project have been submitted to Austin,

and we will be ready to start work in the late Spring. Of course it will be necessary that all the right-of-way on the entire length of the highway be secured before we can do any work, so it is urgent that the right-of-way be secured at once so there will be no delay in starting the project."

Is It Cheaper To Vote The Bonds

The State Highway Department is ready to begin the construction of this road, but if the right-of-way is not secured the road will not be built. And too, it is almost certain that the road will be turned back to the precinct to maintain if the road is not built. The State is spending \$2,300 per year in maintaining the road now. If the road

is turned back to the precinct and the precinct spent the same amount on the road as is now being spent by the State it would cost the precinct \$23,000 to maintain the road during the next 10 years. AND STILL DURING ALL THAT TIME AND AT THE END OF THAT TIME WE WOULD HAVE A SANDY COUNTRY ROAD.

The Increase in Taxes

The proposed bonds will be fully paid in 10 years. The rate of interest will not exceed 3 per cent per annum. Each property tax payer can easily figure the exact amount that this will cost him, as it is estimated that a 15c tax will be required. From the records of the County Tax Collector reference has been made to individual property owners taxable values and it has been found that the average annual tax on—

80 acre farm will be	\$1.56
160 acre farm will be	3.12
A nice Knox City Business	3.40

A 3 room residence in Knox City	30c
A 4 room residence in Knox City	75c
A nice 6 room residence in Knox City	1.90
A Beautiful Knox City home	3.75

These figures are based on an average tax of 15c per year and the values are on property as shown from the tax rolls. You, as property tax payers, can get your tax receipts and figure the cost for yourself.

Congratulations

D. W. DAVIS
of
KNOX CITY

During March, which was dedicated by Southland Life to our president, A. Morgan Duke, you led the entire Southland Life agency force in number of applications written. We felicitate you and thank those of Knox City who made your accomplishment possible.

OPEN HOUSE AT K. C. H. S.

Everyone who is interested in seeing what the students in Knox City Public Schools are doing is invited to attend an open house to be held on Monday, May 15. At this time the work of the various classes and individual students will be on display. There will be a band concert, and a general good time for all.

This occasion is one which should prove interesting to all the patrons of the school, since the type and quality of work being done will be displayed. One and all are urged to come.

SPORTS BY SPLUTTERS

On Tuesday afternoon of last week the Junior high school girls baseball team played the O'Brien team. Due to the absence of four of the Greyhound players, Knox City lost by a score of 12 to 18.

The girls have a game scheduled for Tuesday of this week with O'Brien again and intend to make the Bulldogs bow down to them.

WATCH FOR THE HIT OF THE YEAR

The Seniors are presenting the hit of the year, "Pleased to Meetcha," Thursday evening, April 27, at eight o'clock. The play is a comedy with mystery, in three acts, written by J. Bernard Chichester.

The cast is as follows: Henry Bixby, the father, is played by Joe Warren; Martha Bixby, the mother, is played by Bobby McCarty; Betty, their daughter, is played by Wynette Farmer; Binks, the butler, R. E. Humphries; Marie, the maid, Emma Sue Thompson; Elmer Hicks, fresh from the country, Glenn Huntsman; Beevy, a detective, Doyle

boy of twenty-two. His manner is extremely staid and he appears bored with everything.

Lydia LaSalle, played by Anita Wampler, is a tall, willowy girl in her late twenties. She is inclined to gush over everything and everybody. Sae tries to conceal the fact that she is anxious to annex a husband.

Ernestine Teaff plays the part of Sue (Sis) Perkins, who is a rather wistful appearing girl in her late teens. Bright and alert, she is full of pep. While her ways do not fit into smart surroundings, she is human and sincere, and loyal to her folks back home.

Jack Schuyler is played by Dickie Mullins. He is a free-looking, manly appearing chap in his middle twenties. He is refined in manner, obviously a gentleman, but natural, a direct contrast to the Chandler family.

L. N. Bridges plays the part of Count Gaston De Long, a short, dapper man in his late twenties. He is well groomed and speaks with a marked French accent. His manner is suave and polished as becomes a person of his high station.

Elvira Sniffkins is played by Geneva Mills. She is a raticr tall, angular girl in her late twenties who is even more countrified in her manner than Sis.

Violet Astor, Dealva Hammers, is a decidedly pretty girl in her early twenties. She is refined in manner and obviously of high breeding.

"Sis Perkins" is a three act comedy-drama full of laughable situations, lively dialogue, and simply sparkles with humor. Watch next week's Kennel for the story of "Sis Perkins."

GUESS WHO

By Glenn Huntsman

She is five feet, three and three-fourths inches tall and weighs 119 pounds. She has green eyes and black hair. A very pleasing and charming smile parts the middle of her freckles. Her favorites are: Girl friend, tie, Mary Frances Reeder and Sue Thompson, song, "I Promise You"; color, blue; hobby, Popeye comedies; actor, Richard Greene, and actress, Nancy Kelly. Her favorite food is refrigerator cake, pineapple preferred. Her favorite dislike is bragging and gloating over others. Her pet like is frankness. She is a member of the Senior class.

Last week's "Guess Who" was Reed Bradley.

C. GIRLS TO GO TO GALVESTON

The Knox City high school Home Economics club will be represented by four of its members at the meeting in Galveston May 3.

The girls who will attend are: third year class, Ernestine Teaff; second year, Pearl Hendrix; first year, Emma Jean Shaver, and club representative, Wynette Farmer.

All of the girls' transportation and Wynette's entire expenses will be paid by the club.

These four girls worked hard to achieve this trip. They are looking forward to three days of complete enjoyment and education.

MY MOTHER-IN-LAW

The Seniors report that their play, "My Mother-in-Law," is practically ready for the big night. The characters have already become identified by such characteristic lines as the following:

Art Armstrong (E. G. Parkhill): Yeah, love is blind, all right, but a mother-in-law is an eye opener.

Peggy Armstrong (Wardell Sweatt): Little Peggy is going to cook something nice for Snookums for lunch.

Alan Armstrong (J. E. Hunter): Getting rid of Lolly is as easy as selling heaters in Africa.

Mrs. Stover (Dorothy Garrett): Remember that Peggy is a human being even if she is your wife. Things are going to be different around here from now on, make no mistake about that.

(The two): We have talked it over, and you're through, Alan Armstrong. I want action. I'm a business man, not a philanthropist.

Shelia Stover (Traphene Wren): Now Mama, you better not put such ideas into Peggy's husband.

Bernard Bedbetter (Orville Strickland): Do you mean that Mrs. Stover is responsible for all the court plasters on your face?

Laura Bradley (Hallie Phineas Clarke): If we only lived in olden times we would be standing in front of my window serenading me. Did they serenade in the morning or only in the evening?

Beulah Hamtree (Winters Groves): Oh we, Oh my, how I wish dat mah sweet Oleander was heah.

The Seniors have been very fortunate in securing the Knox City High School Orchestra, directed by Mrs. E. Q. Warren, to play for them at the performance. Some very special numbers have also been arranged for between acts.

Again the Seniors invite you out to the Sunset auditorium, Friday evening, April 21, at 8 o'clock, to enjoy with them the

presentation of their play, "My Mother-in-Law." The admission will be 10c for all grade school children, 15c for high school pupils, and 25c for adults.

SUNSET WINS A FIRST PLACE IN THE DISTRICT TRACK MEET

Howard Payne Shannon, a member of the Junior class of Sunset, retained the school ideals when he won first place in high jump at the district track meet at Breckenridge on Saturday of last week. Howard won the county meet in this event, and as he has won the district he will go to Abilene Saturday, April 22, to compete in the regional track meet to be held there. We all have high hopes for his success in the regional meet.

SUNSET SENIORS RECEIVE SWEATERS

Last Monday afternoon five Seniors became supremely happy—they received their sweaters.

For the past two years each Senior who has lettered in some event has been given a sweater by the school. Those receiving sweaters this year were Orville Strickland, J. E. Hunter, H. D. Matthews, Nettie Griffith and Louise Gray.

SUNSET BROADCASTS OVER STATION KRBC

A group of Sunset students and teachers motored to Abilene Saturday to broadcast over station KRBC at 4 p.m.

Those included in the broadcast were Victor Thomas, Wanda Sue Partridge, Francis Walling, June Stockton, Edna Hardin, Gena Beth Griffith, Virginia Parkhill, Vaudine Stockton, Clela Jones, Katie Bell Sweatt, Madolyn Henderson, Virginia Tankersley and E. G. Parkhill, Jr.

VOLLEYBALL GIRLS GO TO DISTRICT MEET

The Sunset volleyball team went to Breckenridge Saturday

to enter the district volleyball meet. Their first game was with Albany, whom they defeated after three hard fought games. After that they went to the semi-finals with Graford, whom they beat in two games. This put them in line for the finals with Rising Star. By this team Sunset was defeated in two games. The girls are very proud of their red ribbons.

More than "changing the number" when you change to OIL-PLATING

Any station might have your right Sumner grade of oil... No. 20, let's say, or No. 30 or No. 40. And anyone might know you need 5 or 6 quarts or so. But it takes Your Mileage Merchant's Conoco Station for the oil-change that brings you the plus of OIL-PLATING... at an everyday price.

Choose patented Conoco GERM Processed oil to know that the engine parts—as if "magnetized"—will attract and hold a shield of OIL-PLATING. Like the chromium-plating that shields and smooths the bumpers, OIL-PLATING holds ever-fast... it's drain-proof... never leaves a precious part naked to friction, during all your thousands of starts and thousands of miles this Summer. You'll see your heat indicator staying down safely; you'll see your Conoco GERM Processed oil staying up economically. Then see Your Mileage Merchant today for the plus of OIL-PLATING. Continental Oil Company

CONOCO GERM PROCESSED OIL

from Your Mileage Merchant

"FALSE ECONOMY" is the practice of cutting down on necessities, which will, eventually, cost you more than if you had bought what you needed in the first place.

DO NOT practice "false economy" by not having your family protected. Spend a small amount of money now, and pay it regularly and have the assurance of knowing a "big debt" will be paid when the time comes.

"Have secure protection at an ideal cost" with

Obituaries, cards of thanks, notice of lodge meetings, etc., are charged for at regular advertising rates, which will be furnished upon application.

FIELD WEEK SPUR EXPERIMENT STATION APRIL 24-29

Group visits to the Spur Station have increased materially in recent years, and many are of the opinion that they have a much better opportunity to study the experimental work in small groups than they have at the larger field days. This year they are experimenting with a field week instead of the regular field day. There will be no set hours for arrival and no set speeches. Every effort will be made to discuss the problems of most interest to the visitors. In addition to the men working at the station, representatives of the School of Agriculture at Texas Tech and specialists from the Soil Conservation Service and various branches of A. and M. College will be on hand to participate in group discussions.

Four groups of cattle are now furnishing a 200-day feeding experiment has been used. Other cattle fed heavy grain rations have just been marketed, and several groups of smaller animals are being headed for the September market.

Considerable progress has been made in pasture studies during the past year, so that even those who visit the station regularly each year will find new things of interest pertaining to grass and grass production.

Coffee will be kept brewing for the entire week, and visitors who take their own doughnuts and ginger snaps will find the dunking fine from Monday morning, April 24, until Saturday night, April 29.

SHOT IN THE ARM

It is reported that government economists view the immediate business future with optimism—largely because the Treasury's monthly deficits are increasing.

One wonders just how much longer these "shot in the arm" tactics will meet with any success. It may temporarily invigorate industry, to pour out money without worrying where more money is coming from to meet the deficit. But it certainly doesn't build a sound foundation, for a nation to keep on piling up debt for future generations to pay.

Some day we'll learn that the only honest and permanent prosperity must come from productive, expanding industry, under a stable government which makes both ends meet. Let's hope we don't learn that too late.

USE YOUR BRAINS!

The winner of a school prize wrote this: "A match has a head but no brains. When you use its head use your brains!"

That's good advice for every person in this broad land of ours—adult as well as child. For matches and smoking, according to the National Board of Fire Underwriters, cause three times as many fires as any other known cause. They are responsible for four times as many fires as overheated chimneys and flues; and almost six times as many as lightning.

Putting it another way, matches and smoking cause 27 per cent of all fires of known cause, and fires of known cause comprise 88 per cent of the total. That means that misuse of matches is responsible for the burning to death of thousands of

REG'LAR FELLERS

The Theory Doesn't Work Out

By Gene Byrnes

people every year, to say nothing of property destruction running into the tens of millions.

The tragic phase of this is that every fire caused by a match or by smoking material is a preventable fire. There is no excuse for going to bed with a cigarette in your hand, but people do it continually, and a great many of them never again see the light of this world. Nothing is easier than to stamp out a cigar butt when you are finished with it, or to properly dispose of the ashes from a pipe, but each year there are untold instances where this isn't done, and in some thousands of those instances fires, great or small, result. It does not call for any great effort to dispose of your matches or cigarettes in the ash tray in your car instead of throwing them out of the window, but millions of acres of land that once bore magnificent timber offer mute testimony to how many times this simple smoking precaution is forgotten.

Smoke if you will, but don't forget the obligation every smoker owes to everyone else, and that is to be ever watchful of what happens to smoking materials when he is done with them. The most common cause of fire is the most inexcusable.

A HISTORIC DECISION

The historic Supreme Court decision of March 27, which held, in the words of Justice Stone, that there is no constitutional immunity "from income taxation of officers or employes of the national of state government or their instrumentalities," apparently removes all legal obstacles in the way of a reform that has long been advocated.

It has been generally believed that it would be unconstitutional for any branch of government to tax the workers of another, and it has been argued that an amendment to the constitution would be necessary to make that possible. This decision, in deciding that the federal government and the states would not hamper or burden each other by extending their taxing power to government workers, now makes that argument completely invalid.

The President of the United States, other high government officials, business leaders, newspapers, and a large number of economists have all pointed to the unfairness of tax freedom for government workers. In a great many cases these workers receive higher salaries than they would be paid for comparable work in private business. During recent years especially, thousands upon thousands of additional persons have been placed on the public payrolls, and a good proportion of them receive salaries ranging from \$5,000 to \$12,000 a year. Certainly there is no justice or reason in permitting these people to go tax free, while persons in private industry with incomes as low as \$1,000 are taxed to maintain them.

There are about 3,800,000 persons now employed by government. A large number of them, of course, have salaries which fall below the exemptions allowed in the income tax laws. But many enjoy salaries above those limits and they should be taxed precisely as anyone else in the same income bracket is taxed. This will bring in substantial additional revenue to government, and at the same time it should have an excellent moral effect on the government officials who control the spending.

The stock market has been going down in the face of little change in business. One reason is the fear of war—the day Italy invaded Albania shares took a tremendous drop, and the ticker couldn't keep up with sales. Another reason is the belief that European holders of American securities have been dumping them in quantities too large for the market to absorb in orderly fashion.

METHODIST CHURCH

Christian at the House Beautiful asked the porter, "Whose house is this?" The porter answered, "This house was built by the Lord of the Hill for the safety and security of Pilgrims."

We are Pilgrims with no permanent abiding place and are constantly in need of the safety and security of the House Beautiful, which exists for the purpose of assuring us that there is an eternal God whose everlasting arms are strong enough to assure safety and security. How many have said, "I do not know how I could have lived, if it had not been for the church." It is a

refuge. It is a fortress. It is a high tower. It is the House Beautiful.

Go to church Sunday, for there you may meet the Lord of the Hill, who only makes you to dwell in safety.

Young People, you are invited to a banquet at the Methodist church at six o'clock Sunday evening.

—Allen A. Peacock, Pastor
County Superintendent M. T. McGaughey of Benjamin was here last Friday and called at the Herald office.

MADE-TO-ORDER

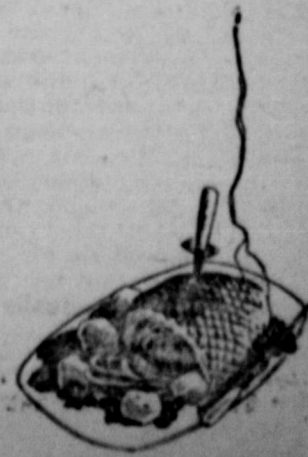

For Southwestern Housewives

new gas range has unique time-freeing quality

NOTHING PROVOKES the Southwestern Housewife like waste, be it of time, effort or of money! Since the new gas ranges now available meet her standard of efficient economy so magnificently it is little wonder interest soars in kitchen modernization. For a housewife wanting to save work, save time, save money these new ranges are made-to-order. Glistening, easy-to-clean porcelain surfaces save work. Simmer burners, automatic time and temperature controls save time. Oven insulation and unparalleled control of heat save gas. When you see these ranges, you, too, will want to modernize for easier, better cooking.

A FIRST GRADE PUPIL'S EDITORIAL ON "KEEP OFF THE GRASS"

Keep off the grass. The grass is very pretty in the summer time. We are not here in the summer time. The grass must be pretty anyway. We worked to set out the grass. We must protect the grass.

We also have rose bushes. Rose bushes also have thorns. Let us protect our rose bushes. Roses smell sweet, too. Let us protect our roses.

We also have trees. Trees give us shade. Shade keeps us from getting sunburn. Let us protect our trees.

We also have sidewalks. Let us walk on our sidewalks. Then we will protect our grass. Then we will protect our rose bushes. Then we will protect our trees.

BULLETIN BOARD CONTEST

At the beginning of this semester, the Home Economic girls started bringing articles on personality, charm, grooming, etc., which were placed on the bulletin board. As they were taken down a beautiful scrapbook is being made, and the girl bringing the most articles will receive the book May 12.

Several girls are running a close race. Chances for the scrapbook, as figures stand today, are as follows: Dealva Hammons, 50 articles; Geneva Jackson, 34 articles; Geraldine Vance, 24 articles, and Nella Shaver, 21 articles.

SPORTS BY SPUTTERS

By Billy Dean Davis and Marjorie Propps

Last Wednesday afternoon, the Knox City high school Junior boys softball team received a hard workout by playing the O'Brien team at the neighboring school. The game was an exciting one, and it ended with the score 3-2 in favor of O'Brien. The O'Brien team has a "hot" pitcher, but it was only by a narrow margin that they managed to win over the Greyhounds.

The Junior girls ball team met the team from O'Brien last Tuesday afternoon. For a time the game was tied, but the tie was soon played off. The final score was in favor of the O'Brien team. There is another game scheduled for Tuesday of this week and the girls plan to trample the bulldogs in the sand of West Texas with which we are all so familiar.

GUESS WHO

By Geneva Walker

He is five feet nine inches tall, has green eyes, dark

brown hair with a slight wrinkle in it, wears glasses, and has a pleasant smile always. He is an accomplished typist and essayist. His favorite color is green; his favorite song is "Heaven Can Wait"; his hobby is drawing; his favorite saying is "tch! tch!"; his favorite actor is Popeye; his favorite actress is Olive Oyl, and his favorite sport is swimming. He likes to eat and sleep. His favorite food is fruit salad and pineapple cake. He prefers blondes. He is president of the Senior class, and a regular guy as well as the idol of all the girls.

Last week's "Guess Who" was Geneva Walker.

CRACKS FROM A DUMBELL

By Faye

My dear, here is the perpetual password from me to you that is carried on from week to week at dear old Knox City High.

It was very surprising to see just how red Margaret Duttons face could get when a certain announcement was made at Benjamin last Friday. Blame it on your first affair!

Cupid seems to have gone on a strike around the Armstrong vicinity, or else Bobby just plain likes the "hermit" life.

Hot chocolate and cookies still agree with David Clarke, or is he just trying to be nice to Munday.

Too bad the Munday boys were late, Dorothy Virginia. Remember, there is always a next time.

Surprise! Jean Anne Smith and Zena Bolin are on good terms with Sunset—especially the girls!

Faye Heath seems to have trusted in a number of things in her eventful life but the most important thing now is her rabbit's foot.

Johnny Carver and Reed Bradley have started a competition bureau, and it isn't a game, either.

For some reason or another Doyle Graham just can't get "Red Sails in the Sunset" off his mind. Mercy me!

PLANS OF HIGH SCHOOL TEACHERS FOR THE SUMMER

Mr. Whitis plans to attend Texas Technological College at Lubbock, where he will work on his thesis and continue his work on his master's degree.

Mr. Shumaker plans to attend North Texas State Teachers College at Denton, where he will also work on his master's degree.

Mr. Walling will go home to Farwell, Texas. He has no definite plans as yet.

ONE-ACT PLAY GOES TO BENJAMIN

Friday, April 21, the one-act play, "Luncheon For Six," was presented before the Benjamin student body. The cast, Bobby Armstrong, Odell Carver, Geneva Walker, L. N. Eridges, Margaret Dutton and Wynette Farmer, all gave excellent performances and the play was enjoyed by all.

BAND COMPETES FOR NATIONAL RANKING

Abilene, April 26.—Abilene has donned full fancy dress of flags and bunting this week for the Region Six, National School Music Competition in which the Knox City high school band, under the direction of D. L. Dodgen, will compete with 56 other musical organizations of Texas, Oklahoma and New Mexico for national ranking.

The band won first division ranking in the state regional competition at Abilene earlier in the month for both marching and playing. In addition, a number of the band members won first division ranking for solo work.

The Abilene contest is to begin Thursday morning and continue through Saturday. All solo and concert events will be held at the West Texas Fair grounds, and the band marching contests will be held at the Hardin - Simmons university stadium.

- Due to the unusually large

number of entries this year, there will be two marching contests, one Friday night and the other Saturday night. Both are expected to draw a large crowd of spectators to watch the bands go through their maneuvers, specialty acts, and various colorful performances. Admission for spectators will be 25 cents for adults and 15 cents for children and students.

Friday night's marching units will be the Class B and Class C bands, while Saturday, night the Class A and Junior High School bands will perform.

In all, there will be some 3,600 band students in Abilene during the three day period. There are 54 bands, three orchestras and 200 soloists entered for the events.

KING COTTON WINS WAR OVER RAYON FOR THE TIRE CORD MARKET

Announcement that license has been issued to an English cotton textile manufacturer to produce the patented Bibb Heat Resistant Cotton Cord for consumption in the British Isles marks a milestone in the victory of cotton over rayon for use throughout the world in automobile and truck tires. The information given out by W. D. Anderson, President of the Bibb Manufacturing Company, at the annual banquet for the salesmen in Macon, Georgia, is of vital interest to cotton farmers and others concerned with the welfare of the fleecy staple.

Cotton interests have been greatly disturbed recently by reports that the use of rayon would cut heavily into the 300,000,000 pound market previously supplied by cotton for use in the manufacture of tires.

This figure represents roughly 10 per cent of domestic consumption.

The new method of processing cotton has been given extensive actual service tests for a period of more than three years. Reports of these tests by prominent tire manufacturers, are that the cord has outlasted any rubber tread the tire makers have been able to produce.

It is claimed that the lower cost and better performance will protect cotton from the possibility which previously existed that rayon might take away the important tire cord market.

Mr. and Mrs. T. J. Dearing moved this week from the Harrison house near the hospital to Mrs. Allen's house directly south of the grammar school.

"FALSE ECONOMY" is the practice of cutting down on necessities, which will, eventually, cost you more than if you had bought what you needed in the first place.

DO NOT practice "false economy" by not having your family protected. Spend a small amount of money now, and pay it regularly and have the assurance of knowing a "big debt" will be paid when the time comes.

COUNTY BASEBALL STARTS

In the Knox City-Sunset precinct, the county baseball got under way at noon Tuesday, between high school Junior boys and girls and grade school Junior boys and girls. Since Knox City is the only other school in the precinct with Sunset, the coaches agreed on a three-game series.

The high school boys were defeated by a score of 3-0. We are looking forward to their winning the next. With Rufus Frost pitching there should be some tough going for the opponents.

The high school girls won by a score of 6-12 and by the looks of those scores there shouldn't be much trouble.

The grade school boys look great and the team that wins over them will be plenty good. They side-swiped the Knox City boys 21-2. They have a team that can hit and field to a fare-you-well.

The grade school girls won by a score of 16-6. I think that they can win easily over anything in the county.

—Orville Strickland
—shs—

SEVENTH GRADE

The seventh grade is going on a picnic Thursday, May 4, in Victor Thomas' pasture. Since no sponsor can be off a few of the pupils' mothers will be present.

Their graduation exercises will be on May 4 at 8 o'clock. The valedictorian is Glyndora Frost and the salutatorian is Burl Johnson.

—shs—

HONOR STUDENTS

For the past six years each student who has an average of 90 or above has received an honor certificate. Following is a list of those who will receive certificates this year:

Seniors: Glendon Matthews, Virginia Parkhill and Margaret Jean Hardin.

There are 38 pupils in the grammar school to receive honor certificates. The school also gives perfect attendance certificates to all those who attend every day of school throughout the year. There are 23 grade school students and 18 high school students to receive this award.

—shs—

LOOKING BACKWARD

"My Mother-in-law" is something to be put in a scrapbook or diary now. Years from now we Seniors will turn back the pages of time and we will remember what a success the annual Senior play of 1939 was.

While jotting down the title of this article I thought of the Junior-Senior banquet that was held only a short time ago. Like this, it carried the theme of "backward glances."

On April 29, we Seniors are to attend Senior Day at Hardin-Simmons University at Abilene. I am sure that the program will prove to be well worth our time.

On the night of April 30, the Baccalaureate service will be held in the Sunset School Auditorium.

Last but not least is the commencement exercise to be given on Friday night, May 5. This program will stand out clearer and be remembered longer by we Seniors than anything else. For the first time in the history of Sunset, we Seniors, with the help of our sponsor, Mrs. Ottis Cash, and Supt. T. W. Harber, are giving a program with only Seniors participating, with the exception of the invocation given by Mr. N. T. Underwood, principal of the high school, and the benediction given by Mr. Austin Varner.

Looking back over our memories, we will remember Mrs. Ottis Cash. We Seniors have enjoyed having her as a

teacher and a sponsor. We appreciate the trouble she has gone to for us, and we are sure that the oncoming Seniors will have the same appreciation for her that we have. Teachers have come and gone during our four years at Sunset, but to those that are still here, we have enjoyed being in your classes.

—Dorothy Garrett

Mrs. Tug Nesbitt, who has been chief operator of the local telephone company for the past two years, left Friday for Dallas where she will make her home.

Benjamin News Items

Mrs. Fred Crenshaw honored her daughter, Bettye, with an informal dinner Sunday, it being her fifteenth birthday. Guests for the occasion were the Misses Frances Diersing, Mary Sue Brookerson, Janice Patterson, the honoree and her sister, Martha. We are extending our best wishes for many more happy birthdays.

Mrs. T. F. Glover of Seymour spent Thursday with Mrs. D. J. Brookerson.

C. R. E. Weaver of Levelland spent the week end with his wife and daughter.

Mrs. P. W. Laird received a message Thursday that her aunt, Mrs. J. B. Simpson, had passed away at Graham. Mr. and Mrs. Laird went to Bryson Friday where funeral services were held at 3 p.m. Miss Ruth Pettit accompanied them to Bryson where she visited her sister, a teacher in the Bryson school.

Mrs. D. J. Brookerson visited friends in Abilene one day last week.

Mr. and Mrs. Billy Crenshaw moved to the McFaddin ranch last Thursday.

Mr. R. C. Ferguson of Midland spent the week end with Mrs. Ferguson and his many friends here.

Misses Janice Patterson, Grace Bisbee, Bobbie Waldron and Julia Propps entertained with a bridal shower at the club rooms Wednesday night, honoring Mrs. Wallace Moorhouse, one of our sweet young brides. A program consisting of readings, songs and instrumental music was rendered, after which the many beautiful gifts were passed around for the guests to admire.

A banquet was served Friday night at the club rooms by the ladies of the Christian church for the Freshman and Sophomore classes of the Benjamin high school. About 35 students were present.

Misses Francis Diersing, Oleta Thompson and Toby Baird were shopping in Wichita Falls Saturday.

J. Lyndal Hughes, who is a salesman for the Junior Britannica Encyclopedia, with a territory covering all of West Texas, went to Dallas Saturday morning on business for his company. Mr. Hughes was the County Superintendent for four years and is well qualified for his work.

Mr. and Mrs. Wallace Glenn are visiting in the Will Glenn home this week.

Miss Faye Hyde of Knox City is doing stenographic work for H. B. Sams. We are glad to welcome Miss Hyde to our city.

Flovd Dunlap and O. C. Surratt of Lubbock visited friends in Benjamin Saturday.

Mrs. Chappell of Littlefield spent the week end with her aunt, Mrs. J. B. Jackson.

Lyndol Snody left Saturday for Las Cruces, N. M., after spending the week here at the bedside of his father, W. F. Snody.

Mr. and Mrs. W. C. Cunningham spent the week end with friends in Sweetwater.

Mrs. Hinton of Lubbock is visiting the Earl Sams family
