## City, School, And Hospital Joint Elections April 3

The two-year term of Angle, Shelton, and White are expiring and Clayton's one-year term filling Jerry Cobb's unexpired time will be up for election.

Joining the city again this year in the election will be the Knox City Independent Schools and the Knox County Hospital. Voters will go to the polls at the City Hall from 8 a.m. until 7 p.m. on April 3, and Otis Harbert will be election judge.

In other business Monday night, the council discussed the

existing prohibiting livestock within the city limits and the possibility of issuing another ordinance concerning this matter.

Also, Harlan Jones and Glenn Garner, representatives of General Telephone Company of the Southwest, were advised that the council would take no action regarding Extended Area Service as the majority of Knox City residents had opposed the proposal.

The city renewed a five-year contract with West Texas Utilities Company for power furnished to the city (not residential customers).

Arche Lieb, district conservationist for the Soil Conservation Service, presented a slide program on Resource Conservation and Development to the council Monday night and explained that the program is designed to improve the civic, social, health and recreation opportunities for all persons in the community. He said that the U.S.D.A. is authorized under current law to provide local groups technical and financial help in conserving and developing natural resources. Groups sponsoring RC&D projects can receive assistance in seeking funds and services from other federal, state, and local sources, Mr. Lieb said.

The slides pictured some of the local needs that could be benefited from the RC&D program.

## Knox City Gains New Residents

Knox City has gained new residents during the past two months and as always in our small community, we are indeed happy to have them!

Mr. and Mrs. Carl B. Bradley moved here from Guthrie several weeks ago and are living in the house of the late Mrs. W. M. Rowan on South Central. Carl B., more familiarly known to area folk as Big Un, is no newcomer to Knox City as he was reared west of town and is a graduate of the Knox City Schools. He is the son of Mr. and Mrs. Carl Bradley and has lived the past few years in Guthrie where he was associated with the 6666 Ranch. Carl is now employed by the Bateman Ranch. His wife, Glenda, is a native of Westbrook and is homemaker teacher in the Guthrie Schools.

Another new resident is Glenn Otis Hataway of Sunray who has moved here to live with his aunt and uncle, Highway Patrolman and Mrs. Joe Hataway. Glenn, 16, has enrolled in the Knox City Schools as a sophomore and has been welcomed by his classmates and fellow associates.

Moving to Knox City Wednesday of this week were Mr. and Mrs. Mike Hewitt and young daughter, Michelle, who are residing on South Fourth St. in the house formerly occupied by the Ronnie Glovers. Mike son of Mr. and Mrs. James Hewitt,

has been employed by Lynn Electric Co. His wife's parents were the late Mr. and Mrs. Marlin Smith, so both Mike and Marlene are well-known here.

The C. O. Thomases are also new residents as will be noted in another story in this week's Herald.

A hearty welcome to all of you, and in the event that we are not aware of all newcomers, would some of you call it to the attention of the Herald if anyone has been unintentionally omitted? We would appreciate it.

## Meeting To Explain Wheat Referendum

A meeting will be held at Seymour on February 24 to explain a wheat referendum for producers in Baylor, Childress, Foard, Hardeman, Haskell, Knox, Wichita, Wilbarger and Young counties. The meeting is slated to begin at 2 p.m. in the Community Room of the Farmers National Bank.

Purpose of the referendum is to raise funds with which to conduct programs of education, research, disease and insect control and marketing relating to wheat, according to County Agricultural Agent Herman H. Collier. Meetings concerning the referendum are required prior to a certification by the state commissioner of agriculture for the Texas Wheat Producers Association to conduct such a referendum.

The program for the upcoming meeting is designed to explain the provisions of the referendum and to give a brief report on the overall wheat industry.

Norman Brints of Vernon, area farm management specialist with the Texas Agricultural Extension Service, will be the principal speaker. Representatives of the Texas Wheat Producers Association will also be on hand to answer questions concerning the referendum.

Collier urges all wheat producers in Knox County to attend the meeting so that they will be able to make a knowledgeable choice when election time for the referendum rolls around. A two-thirds majority vote will be required.

Approximately 700 persons were on hand last Thursday night when Elanco Chemical Co. and the National Cotton Council co-sponsored a fish fry in the former Ford building on the Munday highway. A. A. Cox, manager of Custom Farm Services, Inc., reported that 582 pounds of fish, 40 pounds of beans, and 100 pounds of potato salad were consumed. The crowd was so large that several hams were brought in at the last minute "just in case", but everyone had plenty of fish and Mr. Cox said that a few pieces were left.

Registering guests were Mrs. A. A. Cox, Mrs. Jim Lauster, and Mrs. James Creal of Anson. Area towns represented included Anson, Stamford, Weinert, Munday, Gorue, Sey-

mour, Vera, Gilliland, Paducah, Crowell, Rhineland, Guthrie, Benjamin, Aspermont, Hamlin, Sagerton, and Truscott. Special guests included Lonnie Parker and Lyndell Black, both with Custom Farm Services in Plainview, and Jim Forrest of Dallas, area district manager for Elanco.

Among those helping with kitchen details, which began early, were Ikie Ray, Bud Carver, John Crowover, Kenneth Crowover, Mr. and Mrs. Vic Lowry and Mike, Mr. and Mrs. Buster Lowrey, Mr. and Mrs. Guy Robinson, "Boots" Walker, O. B. McElroy, Wayne Sanders, W. C. McCown, R. J. Duncan, Mr. and Mrs. A. A. Cox, Mrs. James Creal, Mr. and Mrs. Bob Harrison, and Truman White.

Mayor C. C. (Buddy) Angle welcomed out-of-town guests and Roy Herak of Weinert gave the invocation.

In addition to the meal, guests were entertained with a style show featuring cotton fashions and furnished by Lowrey's of Knox City, Clarice's of Munday, and Cofields' and Fincher's, both of Haskell. Mrs. L. O. Newton, homemaking teacher in the Knox City Schools, chose several members of the Knox City Future Homemakers of America to model the garments and Gwen Angle emceed the style show.

Billy Hallman of Sweetwater, who is employed by the National Cotton Council, and Henry Holdman, Elanco official of Brownfield, both gave interesting, slide presentations on cotton research and promotion.

The meet concluded with a number of door prizes were awarded including first aid kits, guar planting seed, maize seed, fertilizer, stereo record albums, and tractor umbrellas.

## Streams In Desert Places

BY OZELLE STEPHENS

"He opened the rock, and the waters gushed out; they ran in the dry places like a river." Ps. 105:41.

In the Exodus story we looked into last week of the Living Waters, which represented the Spirit of the Living God who quenches every thirst and hunger. We heard God promise Moses he would meet him at the Rock Horeb. The rock means drought or desert. But when God met Moses there, the desert place became springs of water, flooding the dry hillsides, bring forth life in abundance. This is the case when we believe in the word of God's authority over our desert places of trouble, sorrows, and distresses. They then become experiences of joy and happiness. Yes, God promised to meet you at any place if you will believe and trust Him for your every need.

## Coaches' Comments

By COACH LOWREY

The Greyhounds extended their record to 3-0 in the second half of district play this past week. This sets the stage for a dramatic finish this week as the second half ends with Albany coming to Knox City Friday night. The Hounds seemingly have found themselves in these past three games playing their best basketball of the year. Our recent success has been again, due to a unified effort and lots of hustle on both the offense and the defense. We have been getting good shooting from the floor, somewhere around 50% and have been successful in getting the opponent to turn the ball over to us. We are a pressing, run and shoot type team. We can't physically overpower any good team, we must keep them off balance and allow us to do what we do best.

In checking our individual awards given for each game, we find Mike Newton has received 19 stars since district play started. He is closely followed by Greg Clonts with 16, Rogers Lankford 14, Roland Marion 9, Brent Nallsback 5, Bobby Reeves 3, Victor Gonzales 1, Philip Newton 2, Dean Bouldin 1, and Kenny Woodall 1.

The Hounds are proud of the way our fans have stayed behind us. We certainly solicit your support Friday night. We would like to have Greyhound fans hanging from the rafters here Friday night.
