State Quartermiler

"I think he may be the best quartermiler that we have ever recruited here at West Texas," a happy Bob Kitchens, WT track coach, said. "Johnson is a big strong runner and that is what excites us about him."

"He has a lot of raw talent. We hope to refine that talent into a Missouri Valley Conference champion."

"The quartermiler was a sore spot for us all of last season. If Johnson can develop, as I'm sure he will, then a big void in our meet lineup will be filled," Kitchens said.

Johnson is 6-2, 180. He has run 48.7 in the open 440, and has a 47.5 clocking on a leg in the mile relay.

Johnson was regional champion during both his junior and senior years at Knox City. He finished third in the state Class AA meet both years.

He was also a standout basketball player, earning all-district honors three times.

Ladies Set Golf Tourney

The Ladies Golf Association has set Tuesday, June 24, for its annual Invitational Golf Tournament, according to Imma Jean Alexander.

Coffee and donuts will be served at 8:30 a.m. with tee off time beginning at 9:00 a.m.

This will be an 18 hole tournament and carts will be available.

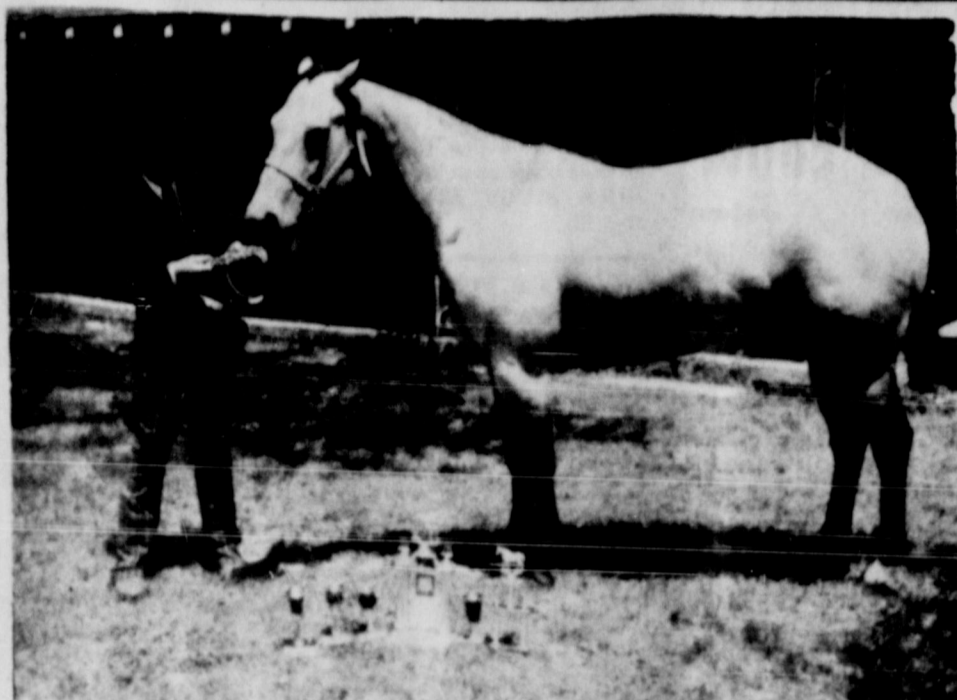

Women from the 14 area golf associations have been invited to play and they are expecting a big crowd.

Trophies will be given in four flights.

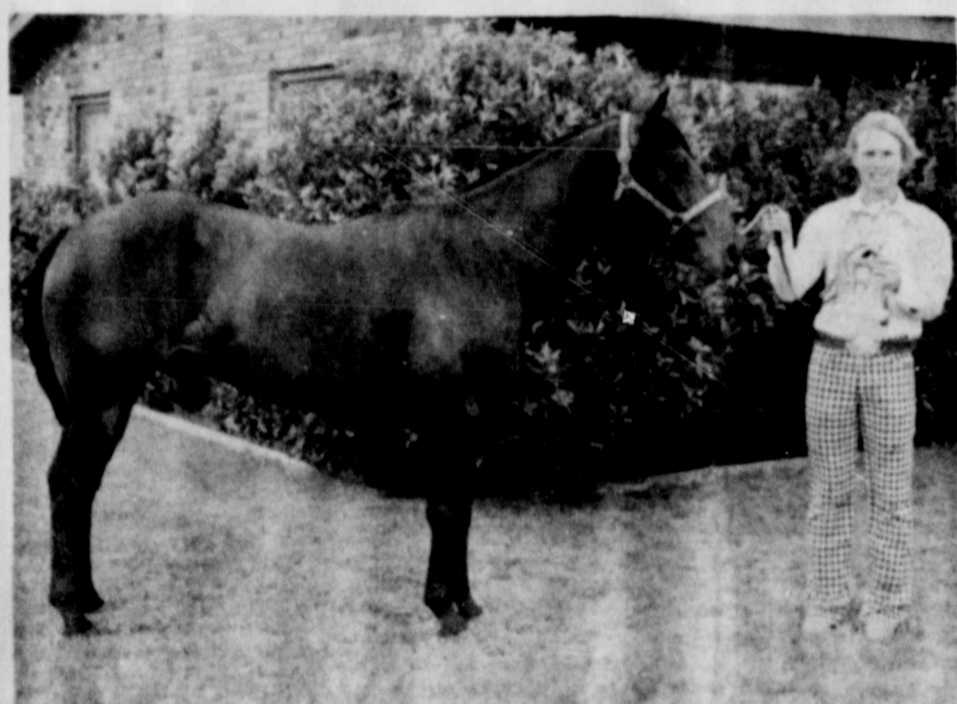

Anyone wishing to enter may call Faye Graham or Imma Jean Alexander.

Did You Know

that Gale Nixon, 3805 31st St., Lubbock, Texas, subscribes to The Knox County News?

HIGH POINT WINNER in the Knox County 4-H Horse Show last weekend was Kelley Boone, twelve year old son of Mr. and Mrs. Joe Boone. Kelley took top honors with his Grand Champion mare, Ery Dee Dun.

RUNNER-UP HIGH POINT TROPHY was awarded to Joey Swain, son of Mr. and Mrs. Cliff Swain at the Knox County 4-H Horse Show. Joey earned 16 points with his Grand Champion gelding, Don Joe Hancock.

Boone, Swain Top 4-H Winners

Taking High Point honors at the Knox County 4-H Horse Show held in Benjamin last Friday and Saturday was Kelley Boone, who copped 17 points with his Grand Champion Mare, Ery Dee Dun. The Runner-Up High Point trophy

went to Joey Swain who earned 16 points with his Grand Champion Gelding, Don Joe Hancock, according to Herman Collier, Knox County Extension Agent.

In addition to first place in the aged mare class and Grand Champion Mare honors, Kelley and Fry Dee Dun, a six-year-old buck-skin Quarter horse, placed first in Reining, second in both Showmanship and Western Pleasure, and fourth in Western Horsemanship.

Joey and his seven-year-old brown Quarter Horse gelding, Don Joe Hancock, earned their 16 points by taking first place honors in the aged gelding class and Grand Champion Gelding, and by

winning first place in Western Pleasure, and second place in both Western Horsemanship and Reining.

Kelley is the twelve-year-old son of Mr. and Mrs. Joe Boone of Knox City, and Joey, who is seventeen years old, is the son of Mr. and Mrs. Cliff Swain of Knox City.

KC Group Hears Housing Details

A group of interested persons gathered at the Community Center here Monday night to hear future housing possibilities outlined by Joe Bill Pierce, an architect with Pierce, Pace and Associates. Mr. Pierce has worked with various housing programs for a number of years and therefore was able to offer expertise suggestions for ways to process Knox City's application.

He explained that the city should prove to itself first that the actual need is there and then be conservative in the number of units built. He said that other units could be added later if they were in demand.

Most of the group showed enthusiasm and expressed a desire to begin processing an application.

See HOUSING Pg. 5

Don Pack Receives Degree From Tech

Don E. Pack, son of Mr. and Mrs. W.E. Pack, was among the candidates for degrees at Texas Tech University in Lubbock on May 17.

Don received the Bachelor of Business Administration degree. He is continuing his studies at Tech this summer.

A 1967 graduate of Knox City High School, Don spent three years in service in the U.S. Army, serving two of those years in Thailand.

Oil Appreciation Week Set In KC June 23-27

Several months ago Chamber of Commerce directors discussed the importance of the various oil companies, as well as oil-related firms, who were working in and out of Knox City. The added boost in the economy that was being realized from the companies and their families was noted and some of those at the regular breakfast meeting felt that they would like to do something to let these persons know just how much they are appreciated in Knox City.

Plans were begun some time ago to set aside a special week to express the town's appreciation to the oil industry for its tremendous impact on our town. The week was originally scheduled in May, but due to many conflicts, was rescheduled for Monday, June 23, through Friday, June 27. Climax of the week will be a picnic supper at the City Park on Friday night. Alton Hester and Tommy Richardson are in charge of the supper and have been working extremely hard on preparations for the meal.

Classes Plan Get-Together

The Knox City High School classes of 1954, 55 and 56 are planning a get together for Friday, July 4, at 7:00 p.m. at the Community Center.

Anyone and everyone who is interested is invited and also encouraged to bring their families.

The classes of '57 and '58 are invited to gather at the Mini Mall on Friday afternoon, July 4, for a get together.

All class members are urged to contact other ex's.

If there are other classes who are planning some activity during the Homecoming weekend and would like it publicized, they are asked to bring it to the attention of the News office.

City Sales Tax Check Is Received

Comptroller Bob Bullock sent checks worth \$28.8 million last Friday to more than 800 towns and cities in the third round of monthly city sales tax rebates.

Bullock said the June payments were considerably higher than the previous two months because of big end-of-the-quarter tax payments made by merchants following the April 30 deadline for reporting taxes they collected from the public in January, February and March.

Knox City received a net payment of 2,436.03 as compared to 6,590.92 for Haskell. See SALES TAX Pg. 5

Residents Report

BB Gun Damage

Mrs. Faye Railsback, city manager, has received numerous complaints of damage to property and small animals by BB and pellet guns in various parts of town.

Residents are reminded that they are liable for the damage done and they need to be aware of what their children are doing.

SS REPRESENTATIVE TO BE IN KC TODAY

Carl Beisner, claims representative from the Vernon Social Security office, will be in Knox City Thursday (today).

He will be at the City Hall between the hours of 10:00 a.m. and noon.

In a list compiled by the Chamber of Commerce, the following persons are employees of oil companies or oil-related industries. These include Bill Anderson, Amoco; Charles Azburg, Amoco; James Barnes, Exxon; K.S. Bates, Exxon (Retired); Thurston Black, Exxon; Tom Christ, Sohio; Loyd Conger, Retired; Alfred Elston, Exxon; E.L. Faulk, Exxon; Joe Gardner, Cities Service; C.H. Gideon, Pumper; Gerald

Huff, Cities Service; E.G. Ivie, Jack Bearden, Marvin Jones, Amoco; Jess Leonard, Retired; John McCown, Pumper; C.E. Morris, Sweetwater Pump; George Mitchell, Pumper; Bruce Mowery, KMA; W.C. Orr, Pumper; Charles Peterson, KMA; Bobby Rogers, James Wallace, Leonard Phipps, Cities Service; James Jackson, Cities Service; Ray Plummer,

PROCLAMATION

WHEREAS, with the discovery of oil in Knox County in 1946 brought an economic boom to the area, and

WHEREAS, every business within the city of Knox City benefits directly from the oil industry, and

WHEREAS, 25% of the city's population is employed by the oil industry and have involved themselves in helping to build a better community, and

WHEREAS, our citizenry feel an indebtedness which we recognize as immeasurable,

NOW THEREFORE, I, R. Kenneth Crownover, do hereby proclaim the week of June 23, 1975 through June 27, as OIL APPRECIATION WEEK in Knox City, Texas.

In official recognition whereof, I hereby affix my signature this 16th day of June, 1975.

/s/ R. Kenneth Crownover
Mayor, City of Knox City, Texas

REV. JAMES PATTERSON AND WIFE, HELEN
... Methodist pastor for KC-Benjamin

Patterson New Pastor For KC And Benjamin

The Rev. James P. Patterson and his wife, Helen, moved here Wednesday of last week from Roscoe and are now occupants of the parsonage of The First United Methodist Church. He will pastor the Knox City-Benjamin churches.

Mr. Patterson entered the Methodist ministry and enrolled at McMurry College in 1947. He served as a Supply Pastor during his college years and was admitted into the Northwest Texas Conference in 1950. In 1952, he was ordained as a deacon and an elder in 1954.

During his ministry, he has served at Guthrie, Dumont and Delwin Circuit; Trinity, Abilene; McAdoo; Meadow; Silverton; Cotton Center; Pioneer Memorial; Lubbock; Amherst; Kress; and Roscoe. Born in the Center Point Community in Haskell County, Mr. Patterson was brought up along the Fort Worth and Denver railroad from Fort

Worth to Texline. His wife is the former Helen Newson who was born at Sneedville near Paducah, Texas. They were married in Childress where he carried mail to Cee Vee, Texas. He farmed in the Paint Creek community before moving to Cee Vee where they operated a country store and Mr. Patterson was Postmaster. The Pattersons are the parents of one son, Wendall, who is married and lives in Tahoka with his wife, Joyce, and son, Kent. Wendall is an accountant and employed by Lyntegar Electric Coop.

MODELS who will be participating in the Bicentennial Style Day School Auditorium Friday night at 8:00 will be these Knox City girls: Patti Counts, Jamie Clonts, Virginia Griffith, Jan Lowrey. Under the direction of Mrs. Mary Lyn Ratcliff of Fort Worth, models will promenade in fashions from the Lady Bug Shoppe.

In Munday Fashion Show

scheduled for Friday night, June 20, at 8:00 o'clock in the Munday High School auditorium to help kick off Munday's Bicentennial festival activities.

Mrs. Melvin Lowrey of Knox City is assisting Mrs. Ratcliff and the students with the musical portion of the show. "This is a Great Country" from the musical, "Mr. President."

According to Mrs. Ratcliff, all former students are cor-

dially invited to be present, as she plans to recognize these students and have them assist with distribution of door prizes. Also, the current class members are submitting written suggestions for a theme for this year's production. The lucky winner will be recognized and presented a special award during the Friday night show, Mrs. Ratcliff said.

The Flag Waving Fashion Show is free and everyone is invited to attend.

In other Bicentennial activities, Knox City's Bicentennial logo was received this week and will go on sale Friday and Saturday at various businesses. Miss Spirit of 76 candidates will be selling the logo, which was the winning design of Jane Arledge.

After this weekend, the red, white and blue emblems may be purchased at the Chamber office. The emblems ideal for windshield stickers, luggage stickers, notebooks, etc., are very reasonably priced at \$1.00.

OIL APPRECIATION WEEK

In Knox City
JUNE 23-27

We're rolling out the "Red Carpet" to the oil companies and their families who are living in our town and doing business here! We need you, appreciate you, and want you to like Knox City.

O'Brien Happenings

CHARLENE BROTHERS

You know folks are never satisfied, it seems. At one time we did not think we were going to get any rain to plant cotton and now it seems that we are not going to get enough dry weather for the cotton to come up. So if we are not fussing about one thing it is something else. One thing all the rain has helped is the fact that we are not having to water the maize quite so soon. This helps some on the expense and the backbreaking of moving the pipe.

HERE AND THERE

Visiting in the home of Mr. and Mrs. Buster Hodges during Father's Day were their children, Mr. and Mrs. Jerry Hodges and family of Jean, Mr. and Mrs. Taylor Hodges and family of Midland, Mr. Ronnie Hodges of San Angelo and Teresa Hodges of Stephenville.

Visiting in the home of Mr. and Mrs. Leslie Draper last week was their grandson, Mark Lewis of Irving. Mark's parents Mr. and Mrs. Harold Lewis came during the week and picked him up.

Wayne and Keith Rowan spent the weekend in Rotan visiting with friends that Wayne attended school with.

Boddy Brothers and Robert of Rhome came Saturday to get Ruby Lee Brothers to go and spend some time visiting with them.

Hazel Humphries of Wichita Falls visited a few days last week with Mr. and Mrs. Ranzy Herring and Mr. and Mrs. Coy Hewitt and family. She is a sister to Adelle and Coy.

Mr. and Mrs. Ronnie Lusk and Corey of Abilene visited in the home of her parents Mr. and Mrs. John Covey during the weekend.

Mr. and Mrs. Ranzy Herring and Hazel Humphries visited a few days in Odessa

with Mr. and Mrs. Floyd Hewitt. Floyd is Adelle and Hazel's brother.

Charlene Brothers and Craig were in Abilene last Friday to see the eye doctor. (We both got new glasses so the world around us may look better.)

Mr. and Mrs. Bobby O'Neal, Traci and Scott of Wichita Falls visited with his father, Ernest O'Neal, during the weekend. They also visited with her parents, Mr. and Mrs. Virgil Mitchell in Rochester.

Jeremy and Tommy Brothers who had been visiting with the Humberto Gutierrez family and the J.O. Brothers family were returned home Friday. They are the sons of Mr. and Mrs. Jerry Brothers of Springtown.

Ladies do not forget the adult sewing workshop being held at the O'Brien Home-making building June 23-26 from 9 a.m. to 11 a.m. Veeta Reid will be teaching the classes.

The equalization board of the Carney Independent School District will meet Friday, June 26, at 9:00 a.m. for the purpose of hearing the local people who think their taxes are not right.

Vacation Bible School at the Baptist Church ended Friday June 13. We had an enrollment of 55 boys and girls, and nearly averaged this number each day. We had a great time and I feel like they learned something, at least the teachers are hoping they did. The boys and girls really enjoyed the school this year.

I have always heard that the third time for anything is supposed to bring you charm. I know a lot of farmers around this area are hoping this is the case in cotton planting, as some of them are planting for the third time this week. Maybe this will be the time it will come up and really grow.

ENERGY TIP

Wrinkles often disappear from suits and dresses if they're hung in a steamy bathroom. By hanging clothes in a room while you shower, you'll save time—and the energy needed for ironing and pressing.

Ben Williams Buried Monday

Funeral services were held for Samuel Bennett (Ben) Williams of Rochester Monday at 2 p.m. in the Rochester Church of Christ. Fay Wilson, minister, officiated.

Burial was in the Rochester Cemetery under the direction of Smith Funeral Home.

Mr. Williams, 80, died Friday afternoon in the Brazos Valley Care Home in Knox City following a brief illness.

Born January 25, 1895 in Wilson County, Texas, he married Sibyl Nordyke on December 31, 1914 in Cottonwood, Texas. They moved to Haskell County that year. He had lived in Rochester and Knox City the past 61 years. A retired farmer and landholder, Mr. Williams was a member of the Church of Christ.

Survivors include his wife, Sibyl; five daughters, Mrs. Mavis Lowrey of Knox City, Mrs. Lila Melton and Mrs. Oleta Roberts, both of Woodland, California, Mrs. Helen Neely and Mrs. Patsy Ruth Pool, both of Rochester; two sons, Herbert Williams of Sagerton and Herman Williams of Rochester; two brothers, Ross Williams and Joe Williams of Imperial, California; two sisters, Mrs. Minnie West of Antioch, California and Mrs. Vena Fannin of Oxnard, California; ten grandchildren and eighteen great-grandchildren.

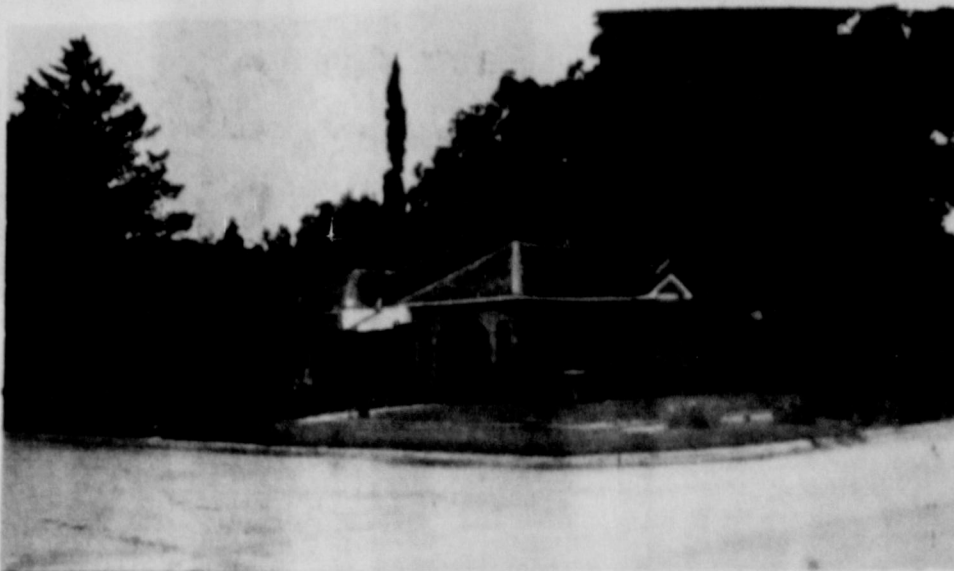

Pallbearers were Earl Alvis, John Ben Glover, Tommy Michaels, Virgil Mitchell, Hollis Wolf, and Bufford Webb.

ENERGY TIP

Except for formal occasions, try eating in the kitchen if it's large enough for a counter or table. The heat from cooking will keep you comfortable, and you can save energy by shutting off dining room registers.

ENERGY TIP

Cook meals in the oven rather than on the range top, whenever practical. Ovens are generally more economical than top burners because they hold in the heat. Oven burners operate intermittently, whereas top burners operate continuously during cooking.

CHOSEN YARD OF THE MONTH FOR JUNE is that of Mr. and Mrs. L.W. Graham's at 411 East Main Street. The members of the Knox City Garden Club committee made their selection for the yard's overall neatness as well as the beauty of the blooming glads and hollyhocks.

MILLIONS OF JOBS TIED TO NON-ENERGY USES OF OIL

The energy shortage already has generated unfamiliar frustrations among most Americans via higher fuel prices, vacations close to home, cooler houses, and some product shortages. But oil means more than frustration to those people whose jobs directly or indirectly depend on our having enough of it.

"What if we suddenly ran out of oil. Though it can't happen, if it did, it would be more than a catastrophe," says Mobil Oil Corporation Consumer Affairs Advisor, Judi Hampton. "Everything would come to a halt because tens of thousands of vital products come from oil," she says. "Take lubricants, for example."

"Over 19 million Americans working in manufacturing industries would be thrown out of work immediately because all moving parts in machines require lubricants made from oil. Cars, buses, trucks, trains and planes would come to a screeching halt without lubricants. There wouldn't even be tires to roll on, since over 70 percent of the ingredients in tires come from oil, not to mention the oil-based asphalt on 90 percent of America's highways."

"Not only industry and transportation need oil," says Ms. Hampton. "Many other necessities or items that make life worth living come from petroleum. The ink on this page, for instance, the detergent used in getting clothes clean, the antibiotics that attack infection, the packaging materials that preserve food and seal in flavor. The cleaning solvent that gets the salad oil spots out of your tie, wax for the gleaming kitchen

floor — the list is endless. There are oil ingredients in aspirins, bandages, batteries, ballpoint pens, garbage bags, girdles and lipstick. There

No Oil Means A Tin Cup.

floor and the 'chew' in chewing gum.

"All these products start with petroleum. That's why Mobil is looking for oil all around the world. And why we should be developing our own oil resources here at home."

"Take away the oil. Then start the countdown. Shut down industry after industry... agriculture, automotive, pharmaceutical, construction, electrical, printing, mining, paint, textiles... and the nation stops."

ENERGY TIP

You'll save electricity by covering all liquids stored in the refrigerator—especially if yours is a frost-free model. Moisture is drawn into the air from uncovered liquids making the refrigerator work harder.

To my customers...

I have recently sold my aerial application operation at the Knox City Airport to J.M. "Chris" Christensen has a spraying operation in Mundwiler former Leflar Flying Service. He plans to have both locations, with an office and pilot at the Airport.

As most of you probably know I have recently changed position as sales representative for Riversiders for this area and I am devoting all my time to my new position.

My father, Arthur Crownover, will continue to operate the B&C Chemical store and will handle feed, seed and garden supplies.

I sincerely thank you for the business you have given me. I opened this business in 1956 and am glad to continue to live in this area and be of service to you.

CITIZENS STATE BANK

MEMBER F.D.I.C. -- INSURED TO \$40,000
Knox City, Texas

North Texas Oil and Gas Association
City National Bank Building
Wichita Falls, Texas 76307
June 16

Mrs. Billye B. Angle, Editor
The Knox County News
P.O. Box 7
Knox City, Texas 79529

Dear Mrs. Angle:

May we join with you and your town in your efforts to honor the oil companies along with their employees during Oil Appreciation Week in Knox City, June 23-27.

Our nation's petroleum energy resources are not there just for the taking. Oil must first be found, at considerable cost. Then comes the task of providing the final product of usable energy.

It would take considerable space to describe the number of oil-related companies who serve our industry, but one thing is certain; each is searching for a newer, more efficient manner of providing its service in this "partnership in the production of American Energy."

Yours very truly,
Joseph K. McMahon
Joseph K. McMahon, President
North Texas Oil & Gas Association
Wichita Falls, Texas

Texas motorists are served by 17,118 service stations.

Petroleum accounts for nearly two-thirds of the tonnage handled in Texas ports.

Texas has 105,181 miles of natural gas pipelines.

Oil Facts Are Now Available

Texas crude oil and natural gas reserves are at the lowest point since the end of World War II. Texas Mid-Continent Oil & Gas Association reports in its new reference leaflet, 75 Facts About Texas Oil and Gas.

Distributed free to the public each year, 75 Facts is the latest in the series that highlights principal facts and figures on Texas' major industry.

But, if fact-seekers aren't happy with the current status of reserves, there are some pleasant facts too. For instance, 75 Facts points out, oil or gas is produced in 211 of the state's 254 counties and Texas royalty owners received \$1.4 billion last year as their share of the production. Value of the 1974 production of crude oil, natural gas, and natural gas liquids was \$13.1 billion.

In addition, 75 Facts says, "Production, refining, and processing of Texas oil and gas generate jobs, economic vitality, and nearly \$1 billion a year in taxes to support state and local government and education in Texas."

And another fact: some 247,000 Texans are directly employed in the petroleum industry (one out of every 18 Texas workers) and draw wages of \$2.7 billion annually.

The new 75 Facts covers eight major categories of industry operations and lists key facts and figures for each—general, offshore, drilling, production, refining-processing, employment, economics, and taxation.

Distributed as a public service, the leaflet is a reference for students, researchers, government officials, industry employees, or just the mildly curious.

Copies of 75 Facts About Texas Oil and Gas may be obtained free from Association offices, 1341 W. Mockingbird Lane, Suite 1111-E, Dallas 75247.

SALES TAX From Page One

267.63 for Rochester, 178.57 for O'Brien, 2,741.43 for Munday, 19,978.49 for Breckenridge, 10,245.91 for Childress, 2,632.84 for Holliday, 5,785.66 for Quanah, 6,969.62 for Seymour, 9,645.07 for Stamford, 3,379.95 for Anson, 2,502.74 for Aspermont, 1,572.03 for Rule, and 349.60 for Benjamin.

Bullock converted the city sales tax payments to a monthly system in April to get away from the old quarterly rebate system which had been in use since the start of the city sales tax and which forced cities to wait 60 to 90 days for their money.

"Their interest alone—at six per cent—on the \$16 million we paid in April and \$19.9 million we paid in May was worth a good quarter of a million dollars to the cities just by not having to wait until now for a quarterly payment," Bullock said.

Every city which has adopted the one per cent local tax received payments this month regardless of the size of the rebate. Payments in the first and second month of each three-month cycle are not made on rebates of less than \$500.

IN PENNSYLVANIA

Mr. and Mrs. Alfred Elston and Greg returned Sunday from a two week vacation trip to Erie, Pennsylvania, where they visited with their daughter and her family, Mr. and Mrs. Dwight Faulk, Celeste and Christen, and other relatives. While there they also enjoyed sight-seeing at Niagara Falls and in Canada.

On the return trip they visited in Farmers Branch with another daughter and family, Mr. and Mrs. John Helms and Galen.

Their younger daughter, Lisa, remained in Pennsylvania where she will stay until mid-August when the Faulks will be here for a visit and return her home.

ELLIOTT GUESTS

Visiting with Blanche and Clifford Elliott is their sister, Mrs. B.P. Horton of Dallas. She is here during her vacation.

Sen. Farabee Terms Session 'Productive'

AUSTIN - State Senator Ray Farabee has termed the 64th Session of the Texas Legislature as "generally good and productive."

In reference to his legislative program Farabee explained that he had not gone to Austin with a suitcase full of bills. "However, as situations in need of legislative action were brought to my attention," the Senator said, "I was glad to be of help."

Farabee noted that while the introduction and passage of legislation is an important part of his responsibility, an equally important duty is to determine the impact of legislation on the 30th Senatorial District.

The Senator also noted that, "Many times legislation is introduced to take care of a specific problem in a particular area of the state but adversely affects another area of the state. For example, the Legislature considered a bill which would have regulated

FROM IDAHO

Former resident, Mrs. Louise Graham of Coeur d'Alene, Idaho has been visiting in Texas with her children and other relatives and friends including Dr. and Mrs. Hugh Parchman and children in Fort Worth, Mr. and Mrs. Paul Graham in Dayton, Mr. and Mrs. Ronald Voss and boys in San Antonio. Her sister and family, Mr. and Mrs. John Gipson in Fort Worth, Mr. and Mrs. Joe Watson and Debbie in Conroe and Mr. and Mrs. Clyde Graham in Temple.

Louise visited in Knox City several days last week with friends. While here she was honored with a coffee in the home of Mrs. J.C. McGee. She returned to Idaho June 17.

She has just completed her studies at North Idaho College where she graduated in May 16 with a degree in Medical Secretarial Science.

More than one out of every four gallons of U.S. major oil products is made in Texas refineries.

USE THE CLASSIFIED ADS

Bedding Plants Are Now In Bloom

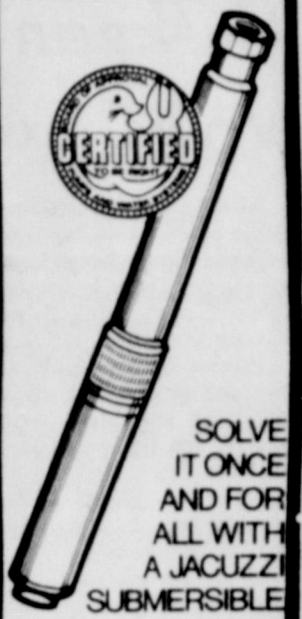

A test plot of annual bedding plants is now in full bloom on the school grounds, according to Jim Dillon, horticulture instructor.

Anyone who is interested in looking over the 25 x 10 foot flower bed located east of the greenhouse is invited to come by, Mr. Dillon said.

FATHERS DAY VISITORS

Visitors over the weekend in the home of Mr. and Mrs. H.R. Beauchamp included Mr. and Mrs. Glen Beauchamp, Steve, David, and Debbie and Mr. and Mrs. D.F. Crockett all of Killeen, Mrs. Fanny Ballew of Abilene, Mr. and Mrs. Philip Essary of Wichita Falls, Mr. and Mrs. W.B. Johnson of Munday and Mr. and Mrs. Walter Speck of Rochester.

KC Girl Leader At Lions Camp

A Knox City girl, Carol King, is again helping with the Lions Club Crippled Children's Camp at Kerrville. This is the second year that Carol, daughter of Mr. and Mrs. Erwin King Jr., has helped. Last year she served as a counselor and this year is unit leader.

Carol, who is a senior art education major at Midwestern University in Wichita Falls, is responsible for 25 campers in Unit 4, which includes four deaf, two blind, one dwarf, one amputee, and several cerebral palsy children, "really a bunch of good kids", she reports.

In competition last week, Carol's unit won Stage Night, Contest Night, and most of the awards, she said, except cleanest cabin award.

She wrote her parents that there were scorpions in the camp area, but as yet only one camper and Carol had been bitten.

Each session of the camp last two weeks. As one group of campers leave on Saturday, another arrives on Sunday. During each session, the campers are taken on an overnight campout and Carol reported that this session's campout was a beautiful success and even the weather cooperated. It was during the overnight campout that the competition was held.

HOUSING From Page One

application as soon as possible.

City officials feel that if Knox City had adequate rental property, more persons would be able to locate here and also that the units might attract senior citizens who would prefer living in an apartment in comparison to the upkeep of their present homes.

Texas petroleum industry employs some 247,000 persons (about one out of every 18 Texas workers) with wages of \$2.7 billion annually.

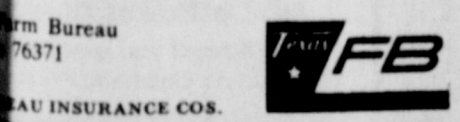

AS & RANCHERS- PROVIDING FOR RETIREMENT?

Retirement Accounts program under 1974 permits you to set up your own money on taxes.

3. Your contributions may be invested in several ways including an Annuity or Retirement Income Contract.

MRS. DAVID RAY SPECK
...nee Miss Teresa Faye Huffman

Huffman-Speck Vows Exchanged

Miss Teresa Faye Huffman of Goree and David Ray Speck of Knox City exchanged marriage vows Saturday evening, June 7, at the First Baptist Church in Goree.

Parents of the couple are Mr. and Mrs. A.G. Huffman of Goree and Mrs. Bertha Rogers and Ray Speck, both of Knox City.

The Rev. Floyd Bailey, grandfather of the bridegroom, officiated.

Altar decorations were white candelabra and blue carnations.

Given in marriage by her father, the bride wore an Empire gown of white taffeta with an overlay of Chantilly lace. Her headpiece was a

mantilla edged with lace.

The bride carried a white prayer book and white carnations.

Miss Cathy Coffman of Goree was maid of honor, she wore a blue Empire gown edged with white lace. She carried a bouquet of spring flowers.

Christy Underwood of Goree was candlelighter.

Ricky Russell of Rochester served as best man.

Ushers were Joe Shahan of Munday and Jerry Eaton of Knox City.

Mrs. Judy Underwood, organist and soloist, sang "A Time For Us", and "Whither Thou Goest". Dale Huffman, brother of the bride, played

"Never My Love" on the guitar.

Following the ceremony, the bride's parents hosted a reception in the fellowship hall of the church.

Mrs. Jeanette Blake registered the guests.

Mrs. Mary Huffman and Mrs. Nancy Shahan assisted at the reception.

The bride is a 1975 graduate of Goree High School. The bridegroom is a graduate of Knox City High School.

The couple will live in Knox City where the bridegroom is employed by Seymour Oil Company.

A rehearsal dinner was hosted by the bridegroom's parents at the Cottage Inn.

U.M.W. Holds General Meeting

The general meeting of the U.M.W. of the First United Methodist church was held in the church parlor Monday, June 2.

The program "Toward Honest Commitment" was presented by Mrs. Cordelia Woodward and Mrs. Guy Robinson.

Mrs. J.C. McGee reported on a meeting on missions in Stamford recently.

The group gave Mrs. Dick Richards a love gift, as she was moving to Galles.

Mrs. Verlin Cypert conducted a short business session.

Those attending were Mmes. Mary Bigham, Cypert, L.W. Graham, C.C. Hoge, Ross Griffith, Allen McGaughey, McGee, Richards, Emma Watkins, Woodward, and G.E. Wilson.

Walter Coodys Honored Sunday

Mr. and Mrs. Walter Coody of Munday were honored Sunday in observance of their fiftieth wedding anniversary.

The event, held in the Seymour City Park, was hosted by their children, Mr. and Mrs. Don Coody of Seymour, Mr. and Mrs. Ronald Coody, Julia, Ricky, and Debbie of Farmers Branch, Mr. and Mrs. Weldon Herring and Robbie of Wichita Falls, Mr. and Mrs. G.H. Coody, Karen, Angelia, and Sammy of Seymour. One son, Walter Paul, was unable to attend.

Cake and punch were served from a gold table laid with a cloth and complemented by a three tier wedding cake.

Mr. and Mrs. Coody were married June 21, 1925, in Benjamin by the Justice of Peace, Mr. Harbert, in his home.

The Coodys have resided in this area all their married life and have been residents of Munday for the past thirtyfive years.

Mr. Coody is a house mover and Mrs. Coody is a housewife.

Guests attending from out of town included Mr. and Mrs. Merle Wyatt of Arlington, Mrs. Mattie Gray and Mrs. Gladys Odell, both of Olney, Mr. and Mrs. Malcolm Shipman of Flagler, Colorado, Mr. and Mrs. Bob Meinzer of Albuquerque, New Mexico, Mr. and Mrs. Billy Benson, Billy Carl and Sheila of Benjamin, C.W. Harbert and Barbie of Arlington, Mr. and Mrs. Kenneth Benson, Sharon, and Gary of Wichita Falls, Mrs. Nela Beth Swamer of Mansfield, Mr. and Mrs. Walter Buck Meinzer, Celeste and Joe David of Hale Center, Brad and Amy Meinzer of Corona, California, Rhonda and Michael Gibbs of Bryan, Mr. and Mrs. Jerry Benson, David, Leann and Marilyn of Knox City, Mr. and Mrs. Gene Howse of Alvarado, Mr. and Mrs. Bill Gooch and Robin and Delette Blyton, all of Grand Prairie, Mr. and Mrs. Louis Meinzer of Childress, Mr. and Mrs. Pate Meinzer of Benjamin, Mr. and Mrs. Don Jennings of Wichita Falls, Mr. and Mrs. Jeff Mitchell of Seymour, Mrs. Lorene Thompson of Mansfield, Mr. and Mrs. N.A. Nichols of Crowell, Mr. and Mrs. Roy Moore and Mr. and Mrs. Vernon Routin, all of Goree, Mr. and Mrs. Buster Tolson, Mrs. Bessie Russell, Wyman and Ricky Meinzer, Mrs. R.D. Benson, and Dutch Benson, all of Benjamin, Mr. and Mrs. Joe Webb and Mike Howse, all of Houston.

INSTALLED DURING CEREMONIES SATURDAY evening were Winifred White, Worthy Matron, and Ken Bradford, Worthy Patron, of the Order of the Eastern Star Chapter No. 119.

OES Installs New Officers Saturday

The Knox City Order of the Eastern Star, Chapter 119, installed officers Saturday evening, June 14, at the Masonic Hall with approximately seventy persons attending.

Mrs. Eula Parrack of Anson was installing officer; Joe Roberts of Munday, installing officer assistant; Mrs. Reatha Mullins of Haskell, installing marshal; Mrs. Jessie Roberts of Munday, installing chaplain; Mrs. Billie Martin of Seymour, installing organist; Mrs. Helen Robbins of Paducah, installing secretary.

Officers installed were Mrs. Sammy B. White, Worthy Matron; Kenneth Bradford, Worthy Patron; Mrs.

Lewis Kay, Associate Matron; Lewis Kay, Associate Patron; Mrs. J.C. McGee, secretary; Mrs. Z.I. Smith, treasurer; Mrs. Marie Reeves, Conduress; Mrs. Kenneth Bradford, Associate Conduress; Mrs. Erwin King Jr., Chaplain; J.C. McGee, Marshal; Mrs. Ernie Wilson, Organist; Mrs. Wayne Hutchinson, Adah; Mrs. Opal Hutchinson, Ruth; Mrs. Jeff Graham, Eather; Mrs. Elaine Lewis, Martha; Mrs. Morris Jenkins, Electra; Mrs. John Egenbacher, Warder, and Z.I. Smith, Sentinel.

Mrs. Karen Lea White presented the Holy Bible and Mrs. Teresa Baker and Sammy White presented the Square and Compass. They are the children of the Worthy Matron.

The Worthy Matron greeted and welcomed guests. Her theme was prayer; her emblem, praying hands; her motto, God answers prayer; color, candied pink; flower, pink rose; and scripture, Psalms 16:11.

Mrs. White presented the Chapter with a Worthy Patron traveling pen and she was presented a lucite gavel by her husband, Sammy B. Mrs. J.C. McGee, secre-

tary, presented the Worthy Matron's traveling pen to Mrs. White.

The dedication of the new jewels was presented by J.C. McGee, marshal and Mrs. Reatha Mullins, installing officer. The retiring jewels, obtained in 1917, were laid on the altar and blessed by Mrs. Frances King, chaplain. The jewels will be mounted and hung in the Hall.

The Worthy Matron presented the installing officers and guests on the program with gifts of appreciation.

Gwen Hewitt and Stacy Angle accompanied by their mother, Mrs. Buddy Angle, sang "He Touched Me" and "His Hands".

A reception was held in the White home for the installing officers and guests preceding the ceremony. Mrs. White's daughters presented her with a praying hands necklace.

WEEKEND VISITORS

Mr. and Mrs. Gale Nixon and Jodie of Lubbock, Mr. and Mrs. Jim Hollis Robbie and Holly of Wichita Falls and Mrs. Marlene Hewitt and Michele of Lubbock visited in the home of Mr. and Mrs. Lynn Tankersley over the weekend.

Jim Cumley

Visiting with the J.H. Cumley family this weekend were Mr. and Mrs. Tony Eggleston and children from Cincinnati, Ohio, and Mr. and Mrs. Charles Davis and Mrs. Joy Jones of Rule. Mrs. C.E. Ellis of Abilene came up for the week.

Jackie Daniel is home for the summer from Texas Tech.

Visiting the W.H. Haynie home this week were J.H. Lanier of Bakersfield, California, Bertha Trimmer of Knox City, Ruth Dozer of O'Brien, Berta Dancer and Mr. and Mrs. James Stevens of El Paso, Mr. and Mrs. Bob Haynie and girls of Wichita Falls, Mr. and Mrs. Clifford Orr of Abilene, and Madge Derry Berry of Snyder.

Guests in the E.J. Jones home were Mrs. Q.D. Williams and Monty and Jonie and JoAnn Three Rivers, all of Floydada.

NOTICE:
On June 23, the Extension Service Rural Development Resource director from Lockett will be in the community center to talk and answer questions. On July 7, he will conduct a meeting in the community center concerning community improvement. Everyone is invited to attend.

Last week Mr. and Mrs. W.R. Owens went to Cisco to visit Leon Kincaid and Mr. and Mrs. S.E. McRoberts. Friday, Mrs. Owens visited Mrs. W.O. Solomon in the rest home in Knox City.

Mr. and Mrs. E.D. Welch's daughter, Linda Oustad and her husband George and their two children of Earth visited this weekend.

Mrs. Greg Keeler and Tonya of Seymour visited in the Ronnie Simmons home.

Mr. and Mrs. Harold Green of Abilene visited with Mr. and Mrs. Clyde Bullion this weekend.

Visiting in the Paul Horne home this weekend was Mrs. Gaylor Scott of Seymour.

Mmes. H.P. Gillespie, Marion Chowning, and J.R. Brown attended the Columbian Club meeting in Crowell Wednesday.

Visiting Mrs. E.D. Welch this weekend were Mr. and Mrs. Otis Cash of Knox City, Jody Miller and Mrs. J.C. Black of this area.

Texas Wheat Producers Join In Expanded Research Program

Insects, disease and drought-hazards which are knocking five bushels per acre off the average yield of the Texas wheat crop this harvest are marked for expanded research and demonstration projects with an eye toward reducing future losses and strengthening farmer income through joint efforts of the Texas Agricultural Research and Extension Services and the Texas Wheat Producers Board.

Bill Nelson, Executive Vice President, Texas Wheat Producers Board said that the average yield in the State this year is projected to be 24 bushels as compared to an average statewide yield of 29 bushels per acre. He said that recognition that much of the loss might be prevented by varieties that were insect, disease or drought resistant prompted the Board (TWPB) to, at its recent quarterly meeting, earmark over \$6,500 for matching-fund research-demonstration grants with these Texas A&M Services for this purpose. Funds for such activities administered by the Board are provided by individual producers through a 1/2 cent per bushel self-assessment on all wheat produced.

Dr. Kenneth Porter, Bushland, Texas Agricultural Research Service chief wheat breeder, will direct the expanded "new wheats" test and demonstration plots throughout the states' commercial wheat area. He will implement this program through the area Extension Agronomists: Dr. Frank Petr, Amarillo, for the North Plains; Dr. James R. Supak, Lubbock, for the South Plains; and Dr. Dale A. Lovelace, Vernon, for the Rolling Plains. It is expected that new varieties being developed by any university, research station, or private company throughout the wheat production area nationwide may be included in the Texas project for observation as to yield, disease and insect resistance or other factors which might then be selected for use in the regular Texas breeding program.

Donna Welch of Canyon spent the weekend with Mr. and Mrs. L.D. Welch. Mr. and Mrs. Tom Westbrook went to Wichita Falls Sunday to visit Mr. and Mrs. G.R. Chapman. They then went to Grand Saline and visited Mr. and Mrs. Edwin Tolleson. Mr. and Mrs. Charles Tolleson of Dimmitt spent Friday with the Westbrooks.

Renee Westbrook started school Monday at Draughan's Business College in Wichita Falls.

The insect demonstration project initiated in the Rolling Plains in cooperation with Extension Entomologist at Vernon, Emory Boring in 1972, and being continued, calls for training of local insect scouts for keeping up with insect infestation throughout the production period, the establishment of controlled demonstration plots, and the issuance of regular pest reports. These reports the past three years have alerted producers as to the need for pest control measures when insect numbers were not high enough to require them, according to W.R. Moore Jr., a TEXAS WHEAT Producers Board member from the Rolling Plains area of Munday.

The Wheat Streak Mosaic virus project will be designed and directed by Dr. Robert W. Berry, Lubbock, Area Extension Pathologist, has

involved principally the irrigated wheat areas of the Central and North Plains where severe to total damage from the disease occurred in some fields last year. This project will be expanded with the 1975 project to include "on station" research at Bushland according to the officials.

Nelson said that the initiation and expansion of these research and demonstration activities, along with the continuation of established foreign market development and domestic activities in market information, fuel and fertilizer liaison, transportation and livestock and human nutrition provides Texas wheat producers with a balanced program of work toward solving production and marketing problems and taking advantage of existing income producing opportunities.

Farm And Ranch News

BY HERMAN COLLIER

STOCKS OF FEED GRAINS DOWN* FOOD GRAIN UP

Feed grains and soybeans stocks April 1, 1975 were down in comparison to 1974 but stocks of food grains, wheat and rice, were larger than a year ago.

Supplies of feed grains - corn, sorghum, barley, and oats totaled 76.2 million short tons, or 26 percent less than a year earlier. The small crop of feed grain in 1974 is the reason for the supplies being less as disappearance since last fall has also dropped 17% from the year before.

Wheat stocks of 638 million bushels on April 1 were 17 percent more than the year before. Disappearance of wheat has been strong which could pull this carry over stocks down to a fairly low figure by the end of the marketing year on June 30.

cial insects and allowing the greenbugs or Banks grass mite to increase in numbers, or by excess spraying aid them in building resistance.

SCREWORM ALERT SOUNDED

Warm weather and rains over a big part of Texas have combined to provide ideal conditions for the most serious livestock pest in the state--the ever-menacing screwworms.

Stockmen should be particularly alert for this flesh-eating pest at this time because infestations can build up rapidly in late spring and early summer unless all cases are reported as soon as possible.

Regular herd checks and the treatment of all wounds is essential to keep screwworm cases at a minimum.

Any worms found in livestock wounds should be sent to the Lab, Box 969, Mission, Texas 78572. Kits for mailing the worm samples are available from the county Extension office and local livestock inspectors and veterinarians.

If the worms are confirmed as being screwworms, sterile male flies will be dropped over the area where the confirmed case originated.

For the eradication pro-

gram to be effective, prompt reporting of all worm cases by stockmen is paramount. Screwworms are found most often in the navels of newborn calves. Also, "working" wounds such as those resulting from shearing, docking, ear-marking, branding and castrating are prime locations for screwworm flies to lay their eggs.

Brook Terrell Roberts made his entry into this world at 6:20 a.m. Thursday, June 5, 1975, at St. Mary's Hospital in Lubbock, weighing seven pounds, five ounces and measuring 20 inches in length.

Brook's parents are Ronnie and Becky Roberts of 2608 76th in Lubbock. His maternal grandparents are Mr. and Mrs. Allen Lowrey of Knox City, and paternal grandparents are Mr. and Mrs. H.A. Roberts of Hereford.

Notes From Nancy

BY NANCY FUHRKEN
Assistant County Extension Agent

PATTERN ALTERATIONS

Know your figure problem before making any alterations. Many fitting problems cannot be solved after the garment is cut; instead, changes must be made in the paper pattern. The pattern can be altered within, but once the fabric is cut, all altering must be handled through darts and seams.

Measure the pattern and your figure to determine the amount of change needed. Don't guess. Make notes on changes needed. Be accurate.

Trim the margins from the pattern at the shoulders, armholes, and neckline, so that altering is easier.

Make alterations at the source of the problem. when the bust measurement is larger than on the pattern envelope, increase the paper pattern at the breast, not at the side seams. Add or decrease the paper pattern across the curve or hollow, whichever is causing the problem.

Make alterations so that the paper lies flat. If you keep the pattern flat, you will be more accurate when cutting the garment.

Keep grainline marks straight. These arrows are placed in the most critical area of the pattern. The garment will usually hang better if that area is cut straight with the lengthwise threads of the fabric. If cutting a pattern section changes one end of the grainline, extend the main part of the line.

Do not change the shape of the shoulders, armholes, or neckline any more than necessary. These areas are difficult to reshape and alter. It is usually best to buy a pattern which fits these areas, and then alter the bust, waist and hips.

Make only one alteration at a time; this may mean cutting several new patterns. If the alteration is difficult or several alterations are needed, cut the pattern out of tissue paper or newsprint, then alter the tissue and compare it to the original pattern.

Test the altered pattern by pinning it together at the shoulders and trying it on the figure. After the paper pattern is on the figure, pin the side seams together and pin the center front and back to the slip. Paper does not stretch like fabric. The pattern will fit snugly. If the pattern is as much as 3/4 of an inch smaller than the body, a larger pattern may be needed.

PRESSURE CANNER

A cleanup and checkup for the pressure canner is a real necessity before beginning the year's home canning.

This helps insure a safe and high quality product.

--Clean removable petcocks and safety valves, using vinegar to remove any corrosion.

--Clean opening in lid of canner using a toothpick, pipe cleaner or string.

--Clean gasket for tight fit and be sure it's free from grease and dirt.

--Use salt-free fat to grease the closing surface of lid that seals metal to metal, if it's difficult to remove or if steam escapes.

--Tighten screws on handles.

--Use Plumber's paste to close nicks that allow steam to escape.

--Remove odors and stains using one of the following mixtures and processing at five pounds pressure for five minutes: juice of one lemon in two quarts water or two tablespoons vinegar in two quarts water.

--Check dial gauge using a maximum thermometer or master gauge tester. A weight gauge needs only to be cleaned according to manufacturer's directions.

GREENBUG CHEMICAL RESISTANCE

Greenbug insecticide resistance is threatening sorghum producers and applications should be made only when necessary.

Many Texas Panhandle Counties, all of South Dakota and areas of Oklahoma, Kansas, and New Mexico experienced the greenbug insecticide resistance problem in 1974. The resistance areas are expected to expand in 1975.

In many areas parathion has been the only effective chemical against the greenbug and good judgement needs to be used by producers when applications are needed as some resistance to this chemical has been suspected.

The corn leaf aphid numbers often get very high in Knox County, but remember an 18 inch or larger sorghum plant can tolerate great numbers of these aphids. Spray applications to control the corn leaf aphid may cause economical loss, rather than gain, by killing off the benefi-
