ent over to the Church of

 was hardly room for ac-  
 a seat in this spacious

 id congregation is a  
 man of brilliant talent.  
 is a very forceful  
 er and leaves nothing  
 e when it comes to ex-  
 ing the scriptures and  
 ng out the way of truth  
 followers. His subject  
 st Sunday was "The Plan-  
 vation." He pointed out  
 here were four things  
 must do in order to be  
 first, you must hear the  
 se, and you must be-  
 lieve. You must repeat,  
 four h, you must be bap-  
 tized. He has a large black-  
 standing directly to his  
 on which he explains the  
 cures. He is a graduate of  
 ne Christian College and  
 very bright young man.  
 notes most of his scripture  
 memory. His entire mem-  
 ip is devoted to him. The  
 service was in charge of  
 honorable G. W. Montan-

Tuesday, Nov. 28: Gracious,  
 I have just had a peep out of  
 my window to be greeted, not  
 by the sun, but with the much-  
 wanted sky juice. Goodness,  
 let me take a checkup of my-  
 self. I was greeted at the  
 school house door with such  
 warm smiles I wonder what I  
 have done to deserve it. Well,  
 I suppose it is the rain, and  
 our overwhelming victory last  
 night. The north east corner  
 of the study hall, where all the  
 ideas (not saying what kind)  
 start every day, was unusually  
 quiet this week, with few ex-  
 ceptions. Reason, fifty lines of  
 memory work due tomorrow.  
 Juniors' and Seniors' lips were  
 moving with the regularity of  
 a threshing machine, much to  
 the annoyance of one study  
 hall keeper. But the machines  
 went on clicking unabashed.

**ADVERTISING SERIES**  
 With December issues of  
 state newspapers, the Texas  
 Oil Industry through its service  
 organization, the Texas Mid-  
 Continent Oil and Gas Associa-  
 tion, will begin a series of in-  
 stitutional and educational ad-  
 vertising.

"It is logical that Texas, be-  
 ing the biggest producer of oil,  
 should think along lines of in-  
 stitutional advertising," Georg  
 Gibbons, executive vice presi-  
 dent of the oil and gas group,  
 said. "Twenty-five percent of  
 all the oil in the world and 40  
 percent of the oil in America  
 comes from Texas. One hun-  
 dred and thirty-four counties  
 located throughout the state  
 are now in production with ex-  
 ploration or leasing under way  
 in all but fourteen counties of  
 the 254."

"Outside competition has  
 forced average well production  
 to such a low figure in Texas  
 today that only by most care-  
 ful management can our indus-  
 try survive its fixed overhead  
 cost. If through this institution-  
 al advertising program we can  
 stimulate the bringing of other  
 industry into the state, we can  
 help stimulate added employ-  
 ment and incidentally our own  
 industry through the use of  
 more of our products at home.  
 "Each time we interest other  
 industry in coming to Texas to  
 use our oil products, we cut  
 down exportation of our sur-  
 plus. The new paper mill at  
 Lufkin is an example in point.  
 Though the paper is made of  
 another raw product, timber,  
 it is made possible through the  
 tremendous supply of cheap  
 fuel. Much of our raw product  
 is yet to be processed within  
 the state. Wool and cotton are  
 both examples of such oppor-  
 tunities.

"The oil industry has made  
 tremendous strides in the pro-  
 cessing of its crude oil, now re-  
 fining more than eighty per-  
 cent within the state's borders  
 and thereby furnishing em-  
 ployment for many thousands  
 of Texas people.

"The advertising series will  
 endeavor to portray to the pub-  
 lic the part the oil industry  
 plays in the economic life of  
 Texas and its contribution to  
 employment, tax revenues, dis-  
 tribution of new wealth creat-  
 ed through constant productio  
 of oil and the advantage it of-  
 fers to new industry."

 reopening of the project. The  
 ladies who were transferred  
 to the Munday sewing room  
 when the room here was dis-  
 continued will be transferred

 ber of new applicants will be  
 placed on the project. The  
 county commissioners pur-  
 chased a number of new sew-

 Thanksgiving day with her  
 mother, Mrs. H. C. Williams in  
 Merkel, Texas. She was ac-  
 companied home by her  
 mother who spent this week in  
 the Warren home.

Farmers will go to ballot  
 boxes Saturday and vote on  
 whether they want compulsory  
 cotton control for 1940. This  
 will be the third consecutive  
 time that Knox county cotton  
 voters have voted on this ques-  
 tion. The cotton referendum  
 carried in both 1937 and 1938  
 by about 86 percent. To be-  
 come effective the farmers  
 over the entire south must vote  
 favorably by a two-thirds ma-  
 jority. A voluntary cotton  
 program very similar to 1939  
 program has already been an-  
 nounced for 1940, and will be  
 carried out regardless of the  
 outcome of the cotton election  
 Saturday, stated County Agent  
 Walter Rice.

Unless there is some form of  
 controlled cotton production  
 for 1940, we can expect a  
 bumper cotton crop, if we have  
 normal amount of rainfall, be-  
 cause the farm land in Knox  
 county has been rotated well  
 the past two years. The cot-  
 ton states could easily produce  
 20 million bales of cotton, and  
 there is on hand already about  
 26 million bales of cotton  
 which makes a supply of nearly  
 46 million bales of cotton  
 next year.

Ballot boxes will be set up  
 at the following places in the  
 county for the convenience of  
 the farmers.

- City—Hall—Knox City.
- School Building—Sunset.
- City Hall—Munday.
- School Building—Rhineland
- City Hall—Gorec
- Methodist Church—Vera
- School Building—Truscott
- Tabernacle—Gilliland
- Assembly Room—Benjamin

The boxes will open at 8:30  
 A. M. and close at 5 P. M. Any  
 person that produced cotton  
 the past season is eligible to  
 vote in the election. Only  
 one person may vote for the  
 family.

It is the duty of all Knox  
 County growers to turn out to  
 vote in the election. It is  
 their program. A good vote  
 will certainly indicate their  
 likes or dislikes for controlled  
 production.

**FORMER KNOX CO.  
 RESIDENT DIES IN CALIF.**

Mrs. Frances Gorec Otter,  
 50, a sister of Robert G. Gorec,  
 San Francisco, died here Thurs-  
 day. Services will be held at  
 Benbough's chapel this after-  
 noon, 2, with the Rev. John B.  
 Osborn officiating. Cremation  
 will follow.

A native of Texas, she had  
 lived in California for 25 years  
 and had spent considerable  
 time in San Diego, although  
 her home was in Glenwood.  
 She is survived by her hus-  
 band, Sidney B. Otter; three  
 children, Robert H., John D.  
 and Alice Rebecca; two sisters  
 Anna C., and Edwin Sue, and  
 three brothers, Bryant K., R.  
 C. and Robert G. Gorec.—  
 San Diego, Calif. Newspaper.

Many of the older citizens  
 of Knox county will remember  
 Mrs. Otter as Miss Frances  
 Gorec, the youngest daughter  
 of the late Capt. R. D. Gorec.  
 Mrs. Otter taught in the Gillis-  
 pie school, which is now the  
 Sunset Consolidated School.

Mrs. E. F. Branton attended  
 the State Teachers convention  
 held in San Antonio Thursday,  
 Friday and Saturday of last  
 week.

Mrs. S. L. Favor and Mrs.  
 T. P. Frizzell were in Hankell

 here today, Thursday.

(Continued from Page 1)  
coveys of birds when all at once he heard a great disturbance in the air. He thought at first that it was an airplane, but on second notice he discovered that it was a large bunch of wild geese flying high overhead. Boo said he noticed that his dog had become interested and the first thing he knew the dog had that bunch of geese set in the air and it was several minutes before the geese were able to move on. Some dog!

There is no doubt in my mind but that George Stubbs is an expert when it comes to using a gun. I heard him tell John Darr at the post office a few mornings ago that he stood in his tracks and shot sixteen times at one bad and failed to bring him down. Rather expensive shooting, but it makes no difference to George, as he buys his shells in carload lots from Ding Eanton.

Tom Loper has declined an offer to go to Germany and act as bodyguard for Hitler, for the present at least, for fear of a flu epidemic.

It is thought that Will Clark has fell from grace, as it is a difficult matter to get him to attend church.

Miss Georgia Stubbs, the beautiful young daughter of Mr. and Mrs. George Stubbs, was in town Monday afternoon. She is planning to leave Texas soon to join her sister in California. Georgia is very popular in Knox City and I am certain that her many friends will regret to see her go away.

All of you farmers who wish to raise more maize per acre, see Henry Rader, as he has devised a plan that will surprise you. It will not cost you a dime to see Henry, as he is a very pleasant gentleman and as shrewd as a firecracker.

Have you been to Frizzeil's Drug Store and viewed the Christmas goods that are on display? They have them in carload lots, and prices to suit your pocketbook. But I would advise that you do not carry any extra change, because Roy Baker, the chief clerk, is a very handsome man, has a very keen eye, and if you don't watch him he is liable to sell you everything in the store before you can get away.

Henry Jones at the Jones Drug Store also has a nice line

of Christmas goods. Just because Henry has a serious look on his face is no sign that he will not treat you nice. He is a first class gentleman and carries a nice line of goods, and will appreciate you coming in and looking over the many fine things he has in store for you.

## MR. AND MRS. DAVIS ENTERTAIN CLUB

Mr. and Mrs. D. W. Davis entertained members of the Monday Night Contract Club this week in their home. Following games of contract, delicious refreshments were served to Mr. and Mrs. W. L. Benedict, Mr. and Mrs. A. M. Armstrong, Mr. and Mrs. J. M. Ashcroft, Mr. and Mrs. H. A. Jones, Dr. and Mrs. T. P. Frizzeil and Mr. and Mrs. J. H. Atterbury.

## LEE SMITH HOME SCENE OF PARTY

Mr. and Mrs. Lee Smith, and Mr. and Mrs. Lloyd Davis and son, Lloyd Leslie, were hosts in the Smith home Thanksgiving day to the following guests: Mr. and Mrs. Hob Smith and children, Mr. and Mrs. Reeder Smith and children, Rochester, Mr. and Mrs. J. W. Smith, Burnis Houston, Mr. and Mrs. S. P. Keny, Mr. and Mrs. John Wilson and Miss Jean Ann Smith.

## WOMAN'S MISSIONARY UNION MEETS

Members of the Woman's Missionary Union of the First Baptist Church met Monday afternoon in the home of Mrs. Joe Smith for their regular monthly social-meeting. Mrs. Smith was assisted in entertaining by Mrs. Edmond Smith.

Christmas was the theme of the program. Mrs. J. W. Hamlin gave devotionals to open the meeting and Mrs. Odie Karr had charge of the program, the theme of which was "My

Responsibility for the Great Commission." Familiar hymns were sung throughout the program, led by Mrs. H. P. Judge. Mrs. Bill Paul offered the prayer.

"Christmas and the Great Commission" was Mrs. E. W. Finley's topic; "Southern Baptists and the Great Commission" was given by Mrs. A. E. Reese; "My Church and My Commission" was discussed by Mrs. G. T. Hardberger; "Myself and the Great Commission" was given by Mrs. E. O. Jamison and "Christmas and the World" was the closing topic given in playlet form by Mrs. J. M. Averitt, Mrs. E. H. Connally, Mrs. J. T. May, Mrs. E. W. Heathington, Mrs. H. E. East, Mrs. Odie Karr and Miss Alice Reese.

Refreshments were served to Misses Willie Jones, May and Alice Reese, and Meses. H. E. East, J. G. Dutton, J. W. Hamlin, A. B. Reese, H. P. Arledge, G. T. Hardberger, E. W. Heathington, Bill Paul, S. L. White, A. J. Gore, E. O. Jamison, J. T. May, J. M. Averitt, B. H. Connally, Odie Karr and H. W. Finley.

## METHODIST CHURCH

Last Sunday was a good day at the Methodist Church. A large crowd was present for both the morning and evening services. The Sacrament of the Lord's Supper was administered at the morning worship.

Rev. Smallwood and his family have received a hearty welcome in Knox City. A welcome service and old fashion pounding were given in the basement on Wednesday night. Talks and plans for the New Year together, with music furnished the program for the evening.

## A NOTED EDUCATOR Speaks...

Dr. Homer P. Rainey, President of the University of Texas, has analyzed Texas' future possibilities in repeated public address. These statements express his thought:

- "The next stage in the progress of Texas lies in the development of our great industrial and commercial possibilities."
- "A program of industrial development centers around the manufacture of raw materials into finished products."
- "American industry is moving closer to its raw material sources. We in Texas can capitalize on this movement if the opportunity is grasped."
- "Our great highway development, coupled with industrial progress, will greatly aid the Texas farmer in his marketing problem."
- "The best measure of the importance of an enterprise is the employment it creates and the income it produces."
- "Our need for increased employment requires the keenest intelligence in solving the problem. Our boys and girls must be trained in highly efficient schools to meet the growing needs of farm and business."
- "Our Universities are dedicated to a program of scientific training and research which will create employment and build industry to use our raw materials at home."
- "Repeated failures did not stop our hardy pioneers in the building of our present empire. The same spirit must prevail for a successful future."

The Texas oil industry recognizes the soundness of these broad principles. They underlie present employment and provide for expanded future employment for our Texas people. The vital part oil plays today in putting these principles into actual practice will be portrayed in a series of advertisements to follow in this publication.
