## Tom Barfield Of Haskell Speaks To KC Lions On American Way Of Life

Tom Barfield of the Barfield, and Turner General Insurance and Real Estate Co. of Haskell, was the principal speaker at the Lions Club Wednesday.

Barfield is a well-known speaker and is a Methodist Lay Leader of the Stamford District.

J. C. McGee introduced Mr. Barfield to the club and guests. Barfield told the group he was a former Lion in Lamesa, but is now a Rotarian in Haskell.

"I'm sold on Lionism and you have a wonderful organization, and I am happy to be here today," he said.

Barfield began his speech by telling a few stories and by making fun of himself as a speaker.

"I envy a good speaker," he said, "but I can't be one because I have trouble with my throat—someone is always trying to cut it!"

He said that he had certain beliefs about religion and that he didn't consider himself a preacher, but that he was proud of his religion and told the jokes only to keep the atmosphere cheerful and happy.

"Religion is an American way of life," he said, "and I read my Bible all the time, and believe every word in it."

Barfield said he also believed in a Supreme Being, believed in our country and believed in our way of life. "I am proud of my heritage and of our forefathers who left their relatives and their friends to come to a free country," he said.

Barfield said it made him sad to see that our churches had so few children in them on Sundays. He said we were too busy in producing more TV's, conveniences, bombs, etc., — of a material nature—and that our greatest need was for material men.

In his speech he discussed the difference in this country and the communist countries concerning freedoms in church, wor-

ship, and our many freedoms. "In Russian we wouldn't be able to meet at a place like we are doing here at the Lions club today," he said, "because over conspiring to overthrow the government or were lagging in production," he said in his comparison.

In this country, he said, we are able to work at any job we want to do, and can do the best we can. No one is telling us what or how much to do. We enjoy an honest wage for an honest day's work. This is a contrast to Russia. Over there even the women are given picks and shovels and are forced to work, he continued.

In conclusion, Barfield said life was similar to a football team in that when we are given the ball we keep it for life.

In the back field we have faith, hope and charity; and on the line we have honesty, loyalty, devotion, self respect, cleanliness, and duty, and that God is the goal post.

## "AMONG OTHER THINGS . . ."

By BOB BURNETT, JR.

Tuesday, December 5, I was privileged to attend a banquet in Wichita Falls, honoring Congressman Frank Icard, who is retiring from Congress to become Executive Vice President of the American Petroleum Institute.

Vice President and Mrs. Lyndon B. Johnson flew up from Johnson City to attend the ceremonies. The Vice President was the principal speaker at the occasion.

In his speech Johnson said that being invited to the Icard Appreciation Dinner was "one of the greatest honors I have ever been accorded." He also described Icard as a "public servant in the sense of the word."

Johnson described his speech as a summary of the first ten months of the Kennedy Administration.

He said, "the free world is winning the cold war—and make no mistake about that."

He then declared, "America is a nation on the march and 1961 has been a profitable year for Americans."

"Our country has forged ahead on every front, stepping out boldly and confidently into a world where we know that peril lurks in every corner but where great danger is accompanied by great opportunity," the Vice President said.

He then went on to say that an act of aggression against the United States, would be an act of suicide on the part of the aggressor.

During the ceremonies telegrams were read from such dignitaries as President Kennedy, Governor Price Daniel, and Secretary of the Navy John B. Connally.

Later Icard was presented with several awards including a sterling tea service, on which was inscribed "To Frank and Jean Icard—From the People of the 13th District."

Icard, upon being introduced, expressed his appreciation to Johnson, several of his colleagues and also to the some 900 North Texans in attendance. To his constituents he said, "I only hope I have been worthy of your confidence."

After the banquet, yours truly was able to make it to the door before the Vice President and shake his hand. As we clasped hands, I noticed that Johnson's hands were not at all those one would expect to find on a man that holds as high an office as he. Rather, they were hands you might find on a carpenter or a farmer.

His hands were calloused and rather rough, and I noticed a blood blister under his right forefinger, as if the owner were accustomed to hard manual labor. Johnson's hands are a tribute to the man himself. They show that through hard work and perseverance a poor Texas Ranch boy can pull himself up by his own bootstraps, to become Vice President of the United States. Many of us today would do well to follow his example.

A votre sante.

## Seven Car Wrecks During Past Week

Knox County has had more than its share of automobile accidents in the past week, with a total of seven wrecks in the county.

There was an accident in Vera last Wednesday, with two cars involved, no serious injuries, and no serious damages. A one car accident at the cut off west of Knox City early last Wednesday morning in which Sam Reed, driver of the car, suffered a broken arm and a broken leg and cuts and bruises, and J. S. Mogford, the other occupant of the car, suffered bruises and cuts. The car, a 1960 Oldsmobile, was almost completely demolished.

A car-truck collision west of Munday on the Knox City Highway last Thursday afternoon did considerable damage to the vehicles, but no injuries were reported.

A Morton Food truck collided with a train at the railroad crossing in Benjamin resulted in damages to the truck and trailer, but no injuries to the driver.

Three cars slid off the ice-covered bridge north of Knox City Sunday, all within a thirty minute interval, with damage of over \$25 to two of the cars.

The third car slid and bounced back and forth from one railing to the other, but after inspecting the damage the driver got in his car and proceeded on his way. None of the drivers or occupants of the cars were injured.

With the exception of the Reed accident, minor cuts and bruises to some were the only damages resulting to drivers and occupants.

### BRUCELLOSIS ERADICATION

There is a total of 79 counties and a portion of one other that now come under the law of the Animal Health Commission Palmer and Val Verde counties qualified for modified certification in November and Bailey, Freestone and Limestone counties will come under the law soon. The animal health commission rules "It shall be unlawful for any person, firm or corporation to ship, drive, drift, haul, truck or otherwise transport cattle into or within any county except in accordance with the rules and regulations of the Texas Animal Health Commission. The Texas Animal Health Commission rules and regulations require that all cattle except steers, spayed heifers, calves under 8 months of age and officially vaccinated calves under 30 months of age consigned to a premise in any county in which Type II brucellosis work is being conducted or has been completed will have to comply with the following:

1. Cattle originating in a modified certified brucellosis county or certified brucellosis herds and accompanied by a health certificate showing negative to brucellosis test within 30 days, kept separate and apart from other cattle in clean pens used for that purpose ONLY, can be moved directly to owners premises, under quarantine, retested in not less than 30 nor more than 60 days, and, if negative, released.
2. Cattle from other than modified certified counties accompanied by official health certificate showing negative to brucellosis test within 30 days, kept separate and apart from other cattle in clean pens used for that purpose ONLY, can be moved directly to owners premises, under quarantine, retested in not less than 30 nor more than 60 days, and, if negative, released.
3. Cattle that do not comply with paragraphs 1 and 2 must be negative to a brucellosis test before leaving the livestock market. They can then be moved to owners premises, under quarantine, retested at his expense in not less than 30 nor more than 60 days, and, if negative, released.

### ATTENDS TEACHERS MEET

Mrs. B. R. Winchester, chairman of the local Teachers Ethics and Professional Standards Committee, attended the third annual statewide TEPS conference sponsored by the Texas State Teachers Association at the Adolphus Hotel in Dallas Dec. 8-9.

## HIGHTOWER STATEMENT: Hightower Lists For And Against Topics

"Senior citizens who are not covered by Social Security are entitled to similar benefits as those who are," stated Jack Hightower Friday at a meeting of the Wichita Falls Life Underwriters.

"This is a responsibility which should be shared by the Federal Government and the States. If elected to Congress I shall favor appropriate legislation to meet this need."

"I am for the Social Security program and persons who have been employed in occupations covered by it have protection."

Candidates at the meeting were given a list of three topics to be discussed: Medical care of aged, federal aid to education, and socialized medicine.

Hightower is opposed to federal aid to education. "I am in favor of continuing the system which has kept education free from propaganda, place it within reach of the masses of the people, and has produced the highest percentage of college graduates of any major nation of the world."

"I am opposed to socialized medical services. I am in favor of continuing the system of private medical and hospital care which has provided the highest type of health services to be found in any major nation."

Saturday Hightower with his supporters plans to leave Graham at 9 a.m. in a fire truck auto caravan which will wind up at Denton.

Hightower had planned to visit Knox City and Knox County Monday, but due to the inclement weather, notified the Herald he would be unable to do so.

## MEISSNER'S STATEMENT: Republican Makes Bid For Congress

As the campaign for the Thirtieth Congressional District seat to succeed the resigned Frank Icard headed into the home stretch before Saturday's balloting, Joe Meissner, Wichita Falls businessman conservative, and lone Republican in a field of five candidates, pressed the conservative theme of constitutional government and individual freedom.

Senator John G. Tower, conservative Republican junior Senator from Texas, continued his active support for fellow townsman Meissner in public appearances, and in key speaking and handshaking tours.

Senator Tower contributed his favorite chili recipe, and pitched in with Meissner to make and serve the main dish at a community chili supper and rally attended by hundreds in Wichita Falls, Monday night.

"My basic campaign is that of a conservative businessman, aspiring to maintain traditional constitutional value, states rights and individual freedoms, as opposed to the liberal, New Frontier philosophy of tax collector hands in all our pockets for liberal, free spending, welfare-type programs that take us nearer and nearer to socialism," Meissner told voters throughout the 19 county district.

"I do not need to stand or depend on a party label for support, though I have consistently made clear my conservative Republicanism, but I believe sincerely that in this campaign conservative and liberal differences are more important than political affiliations.

"The Democrat candidates cannot claim to be independent of the New Frontier, for they are tied to liberal leaders in Washington, and voting signals from higher ups," Meissner said.

## HORANY'S STATEMENT: Horany Claims He Will Work Hard

Jimmy Horany, Democratic candidate for Congress, visited Knox City last Thursday afternoon after a noon day luncheon-meeting with the Haskell Rotary Club.

Horany said he attended the banquet for Frank Icard in Wichita Falls last week with Knox Citizens Bruce Campbell, Sr., and Bruce Campbell Jr., and that they had been invited to the suite of Vice President Lyndon Johnson for a talk before the banquet.

Horany said he had strong support in Haskell county and strong support also in Wichita County, as well as the other districts.

Horany's statement to the Herald Thursday to the voters of this area was:

"If elected to the high office the voters can depend on me to support the Democratic administration on the main issues.

"I also pledge hard work and service to the people if elected."

## McGaughey Seeks Re-Election As Supt. Of Schools

M. D. (Merick) McGaughey, county superintendent of schools has authorized the Herald to announce his candidacy for another term. His statement follows:

"I take this means of thanking the people of Knox County for their past support and many courtesies and to ask your support of my candidacy for another term as county superintendent.

"The office and duties of county superintendent have been a challenge to my ability," he continued, "and I am glad for the many friends that I have made and for the service that I have been able to give the schools and school children of Knox County in this capacity.

"If elected to this office again, I will give my untiring efforts to the position. It has been a means of support for me and my family; and, needless to say, it is a great source of pleasure to have served you, the people, in this capacity. I humbly solicit your continued support in the primary election in May, 1962."

### OES TO MEET

Knox City's Order of the Eastern Star will hold a regular meeting Monday, Dec. 18 at 7:30 p.m. and officers and directors are asked to bring gifts for the ladies at the Eastern Star Home.

### COBB STATIONED IN LA.

Jerry Cobb, who was called back to active duty Nov. 13, has been assigned to the First Armored Rifle Battalion of the 144 Infantry as a senior rifleman at Fort Polk, La. Jerry had spent nine months in the Army in 1957 in Kansas and 14 months in Germany. He was released in May, 1959.

## Highway Patrol And Local Law To Try To Keep Traffic Accidents At Minimum

Capt. E. L. Posey, in command of Highway Patrol, Dist 5A, announced today a stepped up traffic law enforcement program will be launched in an all-out effort to stem the tide of traffic deaths during the remainder of the year.

We find ourselves confronted with the fact that, unless we succeed in our stepped up enforcement program, we will experience an increase of about one per cent over last year.

But, we feel confident that with our accelerated enforcement program and, most important, the active support and cooperation of the driving public—statistics can be made to lie. This is what we plan to do.

We feel that the traffic death tragedy cannot be over-emphasized. When we know that during last year alone there were 2254 violent deaths on our streets and highways in our state caused by colliding motor vehicles, it should readily be seen that concerted action on the part of everyone concerned is in order.

The Highway Patrol Captain said, "The new emphasis program is being geared to the idea that in almost every case, fatal motor vehicle accidents are caused by at least one violation of the law. Therefore," he continued, "these actions will comprise the Program:

## Jail Fairly Full The Past Month: Two More Added

Knox County Sheriff H. C. Stone reported 31 prisoners in the County jail at Benjamin in the last month. Nine are still there. Latest additions were three colored men, and two are being held on conviction of theft over \$50.

The two and another colored man were arrested when they robbed a grocery store in Munday. The Munday grocer captured one of the men when he stole money from his cash register, and the Wichita Falls police department arrested the other two after they had fled from the store in Munday.

Two of the men were tried in County Court and received 30 days in jail and \$250.00 fines for theft. The other man was tried and convicted and fined \$25.00, and court costs and was released to Brownwood authorities, where he is charged with felonies.

Sheriff Stone said all three of the men have previous convictions for felonies and narcotics charges.

## Next Week's Herald Is Christmas Edition

**HORANY'S EXPERIENCE:**

President Kennedy's Elector.  
1947-51 State Legislator.  
Since 1954 Licensed Real Estate Dealer.  
Since 1948 Practicing Attorney.  
Since 1949 Partner and Manager of Retail Department Store.

Horany's record as a Legislator was guided by one test: "Was the proposed legislation for the best interest of the people."

Horany is an independent, true and loyal Democrat, he is not controlled, associated or obligated to any group, special interests, corporation, or organization, he is dedicated to serve only the great masses of the people.

Horany is not claiming to be the only Democrat in the race big enough to win this election without a run-off, but he knows he has strong support in Wichita County, Archer, Young, Clay, Montague, Haskell, Knox, Jack, Wise, Denton, Cooke, Foard, Baylor, Throckmorton, Wilbarger, Hardeman, Stonewall, King, & Kent Counties. Horany has the support of real and true Democrats, merchants, ranchers, farmers, veterans, school people, oil and gas men, and others.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — Objections are being raised over the specially called session of the Texas Legislature, scheduled by Gov. Price Daniel for January 3.

Atty. Gen. Will Wilson says he hopes the Governor will reconsider his call for the third special session.

Actually, the attorney general doesn't object to the session nearly as much as he does the selection of bank escheat legislation as the prime object. Wilson feels that loan shark legislation should be the first order of business.

Sen. Dorsey Hardeman of San Angelo contends that the special session is unnecessary and will cause "undue expense" to the State.

Hardeman doesn't think that

the session's purpose — which is escheat enforcement, maintenance of farm-to-market roads, and small loan legislation — will get acted upon in a 30-day session.

Rep. W. T. Oliver of Port Neches claims the Governor called the special session strictly for "political reasons and publicity."

However, Governor Daniel has indicated that if his program isn't passed he will be running again in 1962.

**TAXES NOT FOR TEACHERS** — Teachers are not to blame for the two per cent sales tax, as many claim, says the Texas State Teachers Association.

According to the teacher's organization a sales tax would have been necessary to meet other needs.

Only \$140,000,000 out of the \$360,000,000 to be raised in new revenue will go for teacher pay raises, says the Association. Of the remaining \$220,000,000 a total of \$70,000,000 will be used to retire the state deficit while \$150,000,000 will finance services other than schools.

**EDUCATION COMMITTEE NAMED** — Speaker James A. Turman has appointed five legislators to a Special Interim Committee on Education to serve as a consulting group to the Legislative Council. They will make a study of state teacher certification.

Rep. Herman Yezak of Bremond heads the committee, which consists of H. O. Niemeyer of Knippa, Miss Maud Isaacks of El Paso, Pete Snelson of Midland and Vidal M. Trevino of Laredo.

**TEXTBOOK PICKING LENGTHY PROCESS** — Texas Education Agency says school boards must select local textbook committees by December 15.

Samples of selected texts are mailed to the committees about Jan. 1, and they must ready their reports for local boards by March 1.

This step in state textbook selection is one of the quickest in a process that begins every May

## Uncle Ben from Benjamin says:

DEAR MISTER EDITOR:

Maybe your memory's better'n mine but I can't recollect a important domestic problem our Government has actual solved in the last 20 year. Whenever we git one, which is about ever day, them Congressmen just subsidize it and passes on to somepun else.

Fer that reason, I perked up and ends sixteen months later.

By the time a local committee is selected, publishers have submitted bids and books to the Commissioner of Education; the texts have been studied by the 15-member State Textbook Committee, assisted by about 1,500 advisors; and the State Board of Education has passed on the committee's recommended list.

Approximately 11,000 school teachers will assist the local committees in picking school books to be published in time for pupil consumption next fall.

**FARM ROADS IN SIGHT?** — Texas' \$15,000,000 Farm-to-market road fund, vetoed by Gov. Daniel earlier in the year, may be freed for construction spending during the special session.

Restrictions which would prevent proper maintenance caused the veto.

Now it appears that the Gov. and the State Highway Commission have worked out a road program compromise with organized interests.

**UNDERWATER LAND SALE QUESTIONED** — Attorney Gen. Will Wilson has asked the Navigation District at Rockport to postpone sale of 127 acres of submerged land "until the Attorney General and the Land Office can check out certain facts which raise questions as to the legality of the sale."

It's possible that the Navigation District acquired some of the land from the state for \$1 per acre. It now proposes to sell this land to Carl Krueger & Associates of San Antonio for \$67,000.

Asst. Atty. Gen. Houghton Brownlee says there's a question as to whether land purchased at a nominal sum for public purposes can be resold for private development.

when I read where Congressman Carroll Kearns was trying to meet one problem head-on. According to the papers, he is trying to git a committee appointed by the Congress to count the gold reserves at Fort Knox about twice a year to see if it's all there.

Now there, Mister Editor, is a Solomon if I ever saw one. Grand larceny gits easier and easier as the dollar gits cheaper and cheaper and it's got so a feller has to set on a revolving piano stool to keep a eye on what's happening to the taxpayers money. Things has come to such a pass in Washington that we now got investigators investigating the investigators.

Even the Government office help is gitting mighty careless about money. I was reading, fer instant, where a feller in South Carolina got a \$10 bill with the signatures printed upside down on it. How he ever kept it long enough to notice it, I don't know, but it goes to show how careless they're gitting in Washington with money. I'm strong in favor of counting the gold bricks at Fort Knox twice a year — In fact, if I had my druthers I'd druther they'd count 'em about twice a month.

Another thing I'm in favor of, Mister Editor, is this plan of the income tax folks to have the citizens knowed by the number instead of by name. When they pick mine I hope they'll take my Army serial number in World War I, my Social Security number, my telephone number and my old lady's age, put 'em all in a poke, shake well and git me a good one. I aim to use it from now on fer my official signature on everything, letters, checks, bank notes and letters to my Congressman.

Come to think of it, I might even order my old lady to have it put on my tombstone. It'd save a few dollars on the burial expenses. Instead of putting a long rigmarole, just let the stone cutter chisel, "Here Lays X2M-47652."

I see by the papers where them Russians has used up so much barbed wire to keep folks from defecting to West Berlin that the East German farmers and ranchers is complaining they can't git enough fer their pasture fences. They say milk is hard to git in East Germany and when their cow starts defecting, ole Khrushchev is in real trouble. In a manner of speaking, Mister Editor, I hope them East German cows will milk this situation fer all it's worth.

Yours truly,  
Uncle Ben

**Study Club Sponsors Tom Thumb Wedding**

Last Thursday night members of the Knox City Study Club sponsored a Tom Thumb Wedding and a musical program called The Roaring Twenties.

The program was under the direction of Mrs. C. J. Reese, finance chairman of the club. Assisting Mrs. Reese was a number of the school teachers who are members of the club. Music was furnished by Mrs. Bobby Bradberry and Mrs. Pauline Myers on two pianos.

Mrs. Mabel Pyeatt played the traditional music for the wedding and accompanied Miss Lynn Clarke as she sang "I Love You Truly" and "Oh Promise Me." Her escort was Rogers Lankford. The wedding procession formed in the rear of the auditorium and proceeded to the stage on an elevated aisle.

The groom was Noel Wayne Hamilton, Harvey Reynolds was best man and the minister was Sammy Tankersley.

The bridal attendants were Sarah Bellinghausen and Gary Carver; Diane Clonts and Jimmy Screws; Cynthia Johns and Gregg Ferrier; Gayle Tankersley and Richard Tankersley; James Rea and Tad Richardson; Jerry Carl Eaton, the rejected suitor; Margie Presswood and Donnie Skiles; Marcella Durham and Rullsell Hamilton; Paula Bellinghausen and Ray Thompson; Sandra Stubbs and Mike Burkham; Melinda Bankston and Jerry Sharp.

Jimmy Ross was ringbearer. All the bride's attendants wore floor length pastel dresses.

The bride, Carri Kent, was attired in a white wedding gown, fashioned with a fitted bodice and full skirt. Her shoulder-

length veil fell from a crown of pearls and she carried a bouquet of white pompons.

For the second part of the program a sextet composed of Paula Myers, Glenda Cox, Belle Burnett, Kay Reeves, and Claudia and Linda Reed sang three numbers. They were accompanied by Mrs. Myers.

Pam Waldrip and Tommy Guy Waldrip sang two numbers.

Glenda Headen gave a pantomime. To climax the program "The Brazos Valley Squares" a square dance team composed of Mr. and Mrs. Palmer Campsey, Mr. and Mrs. Herbert Bellinghausen, Mr. and Mrs. Billy Ray Morrow, and Mr. and Mrs. J. C. Eaton danced The Texas Star, The Texas Whirl and Two Stars in the Night. Alfred Hendrix was the caller.

Mrs. Bradberry and Mrs. Myers furnished the music.

### Streams In Desert Places

Ozelle Stephens

The words of Jesus give you a sense of victory—victory over circumstances—victory over oneself. It gives you strength and courage to say to temptation: "I can master you." When you do that it makes a man of you.

That makes you happy. You can say to God, "This is a tough one, this is a difficult situation; but with your help I can handle it. Out of this kind of thinking and believing comes a sense of victory. If you really know Him, you experience a joy which is the source of strength that makes life so exciting that it just trembles with its glory."

You are like the child who is naturally excited. It has been said: "The secret of genius is to carry the thrill of childhood into old age." Real Christianity helps us to do just that. In Jesus was life. He was the most alive person who ever lived. He still lives. When He lives in you, you are inwardly changed, you enjoy life to its fullest. Don't hold back from Him. Let Him remake you, the life that stretches out ahead of you will be truly magnificent. Life will have its troubles, its problems, but you will always have a sense of victory and excitement and release.
